ELBIT SYSTEMS REPORTS THIRD QUARTER 2009 RESULTS

Revenues increased by 9.1% YoY to \$732.5 million;

Net income increased by 63.7% YoY to \$58.3 million;

Diluted net earnings per share increased by 62.7% to \$1.35

Haifa, Israel, November 18, 2009 – Elbit Systems Ltd. (the “Company”) (NASDAQ: ESLT, TASE: ESLT), the international defense electronics company, today reported its consolidated financial results for the third quarter ended September 30, 2009.

Revenues increased by 9.1% to \$732.5 million in the third quarter of 2009, as compared to \$671.2 million in the third quarter of 2008. The Company’s revenues in the Electro-optics area of operations increased in the third quarter of 2009 compared with that of the third quarter of 2008, mainly as a result of increased sales of night vision equipment.

Gross profit increased by 8.9% to \$217.3 million (29.7% of revenues) in the third quarter of 2009, as compared with gross profit of \$199.5 million (29.7% of revenues) in the third quarter of 2008.

Net research and development (“R&D”) expenses were \$56 million (7.6% of revenues) in the third quarter of 2009, as compared to \$45 million (6.7% of revenues) in the third quarter of 2008. The higher level of R&D expenses in the third quarter of 2009 reflected increased efforts on development and adaptations of products and systems to market requirements.

Marketing and selling expenses were \$67.1 million (9.2% of revenues) in the third quarter of 2009, as compared to \$50.3 million (7.5% of revenues) in the third quarter of 2008. The increased level of marketing and selling expenses in the quarter reflected enhanced efforts by the Company in pursuit of a wide range of business opportunities in various markets.

General and administrative (“G&A”) expenses were \$28.5 million (3.9% of revenues) in the third quarter of 2009, as compared to \$25.8 million (3.9% of revenues) in the third quarter of 2008.

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

Net financial expenses were \$0.6 million in the third quarter of 2009, as compared to \$16.1 million in the third quarter of 2008. The decrease in 2009 was affected by the Company's hedging activity, which reduced the Company's exposure to changes in the value of U.S. Dollar versus the Israeli Shekel, as well as by decreased interest rates in the market. Since our reporting currency is the U.S. Dollar, the weakening of the U.S. Dollar against the Israeli Shekel negatively impacted the Company's gross and operating income; however, it also increased the value of the Company's currency hedge derivatives in Israeli Shekels. Net financial expenses in the third quarter of 2008 included the impact of a write-off related to Auction Rate Securities ("ARS") in the amount of approximately \$6 million.

Taxes on income were \$11.4 million (effective tax rate of 17.6%) in the third quarter of 2009, as compared to taxes on income of \$16.4 million (effective tax rate of 26.3%) in the third quarter of 2008. The change in the effective tax rate was attributable mainly to the mix of the tax rates in the various tax jurisdictions in which the Company's entities generate taxable income.

Earning Release

Equity in net earnings of affiliated companies and partnership increased in the third quarter of 2009 to \$6.2 million (0.8% of revenues), as compared to \$2.1 million (0.3% of revenues) in the third quarter of 2008. This was a result of both growth in revenues and operational improvements in those entities.

Net income attributable to non-controlling interests was \$1.4 million in the third quarter of 2009, as compared to \$12.4 million in the third quarter of 2008. The decrease in net income attributable to non-controlling interests was mainly a result of the Company's purchase during the second quarter of 2009 of the remaining 49% of Kinetics Ltd.'s shares, making Kinetics a wholly-owned subsidiary.

Net income attributable to the Company's ordinary shareholders increased in the third quarter of 2009 by 63.7% to \$58.3 million (8.0% of revenues), as compared with \$35.6 million (5.3% of revenues) in the third quarter of 2008.

It should also be noted that according to ASC 810-10 "Consolidation", which is applicable to the Company's results starting from January 1, 2009, consolidated net income attributable to the Company's ordinary shareholders is calculated after eliminating net income or loss attributable to non-controlling interests.

Diluted net earnings per share attributable to the Company's ordinary shareholders were \$1.35 for the third quarter of 2009, as compared with \$0.83 for the third quarter of 2008, an increase of 62.7%.

The Company's backlog of orders totaled \$5,008 million as of September 30, 2009, as compared with \$5,030 million as of December 31, 2008. Approximately 66% of the current backlog is due to orders from outside Israel. Approximately 57% of the current backlog is scheduled to be performed during the remainder of 2009 and during 2010.

Operating cash flow was \$127 million in the nine months ended September 30, 2009, as compared to \$112.9 million in the nine months ended September 30, 2008.
