**PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
To Be Held June 1, 2001**

This Proxy Statement and the enclosed form of proxy are being mailed to stockholders on or about April 19, 2001 in connection with the solicitation by the Board of Directors of The J. Jill Group, Inc. (the "Company") of proxies to be used at the Annual Meeting of Stockholders of the Company, to be held on Friday, June 1, 2001, and at any and all adjournments thereof (the "Annual Meeting"). When proxies are returned properly executed, the shares represented will be voted in accordance with the stockholders' directions. Stockholders are encouraged to vote on the matters to be considered. However, if no choice has been specified by a stockholder, the shares will be voted as recommended by management. Any stockholder may revoke his proxy at any time before it has been exercised by providing the Company with a later dated proxy, by notifying the Company's Secretary in writing or by orally notifying the Company in person.

The Board of Directors of the Company (the "Board") has fixed the close of business on April 3, 2001, as the record date for the determination of the stockholders of the Company entitled to notice of, and to vote at, the Annual Meeting and any adjournment thereof. Only stockholders of record on such date are entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. At the close of business on the record date, there were issued and outstanding 11,866,662 shares of the Company's Common Stock, \$.01 par value (the "Common Stock"), entitled to cast 11,866,662 votes.

The By-Laws of the Company provide that the holders of a majority of the shares of Common Stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at the Annual Meeting. Shares of Common Stock represented by a properly signed and returned proxy will be treated as present at the Annual Meeting for purposes of determining a quorum. Abstentions and broker non-votes with respect to particular proposals will not affect the determination of a quorum. Thus, shares voted to abstain as to a particular matter, or as to which a nominee (such as a broker holding shares in street name for a beneficial owner) has no voting authority in respect of a particular matter, shall be deemed present for purposes of determining a quorum. Any stockholder who attends the Annual Meeting may not withhold his shares from the quorum count by declaring such shares absent from the Annual Meeting.

The Class B Directors will be elected by a plurality of the votes properly cast. Abstentions and broker non-votes as to these elections shall not count as votes for or against such elections. The approval of the proposals to amend the Company's Restated Certificate of Incorporation and to approve the Company's 2001 Incentive and Non-Statutory Stock Option Plan (the "2001 Plan") will each require the affirmative vote of a majority of the shares of Common Stock properly cast at the Annual Meeting. Abstentions as to these proposals will count as being present and represented at the Annual Meeting and entitled to vote, and will be included in calculating the number of votes cast on these proposals (and thus will have the effect of "no" votes). Broker non-votes will not be included in calculating the number of votes cast on these proposals.

Votes will be tabulated by the Company's transfer agent, Equiserve Limited Partnership.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

The Board is divided into three classes, labeled Class A, Class B and Class C, each containing, insofar as possible, an equal number of directors. Directors are elected to serve for three-year terms, and until their respective successors are duly elected and qualified, with the term of one of the three classes expiring each year at the Company's annual meeting or special meeting in lieu thereof.

The Board currently consists of six directors: two Class A Directors, two Class B Directors and two Class C Directors.

The Company's current Class B Directors are Brett D. Heffes and Ruth M. Owades. Their terms as directors will expire at the Annual Meeting. The Company's current Class C Directors are Gordon R. Cooke and Thomas J. Litle. Their terms as directors will expire at the Company's 2002 annual meeting of stockholders or special meeting in lieu thereof. The Company's current Class A directors are William E. Engbers and Samuel L. Shanaman. Their terms as directors will expire at the Company's 2003 annual meeting of stockholders or special meeting in lieu thereof.

The Board has set the number of directors constituting the entire Board for the year following the Annual Meeting at seven and has nominated Mr. Heffes, Ms. Owades and Jonathan P. Ward for election as Class B Directors, to serve until the Company's 2004 annual meeting of stockholders or special meeting in lieu thereof, and until their successors are duly elected and qualified.

The nominees have agreed to serve as Directors if elected, and the Company has no reason to believe that they will be unable to serve. In the event that any of them is unable or declines to serve as director at the time of the Annual Meeting, proxies may be voted for such other nominee as is then designated by the Board.

The Board recommends that you vote FOR the election of Mr. Heffes, Ms. Owades and Mr. Ward as Class B Directors.

INFORMATION CONCERNING THE AUDIT COMMITTEE AND AUDITORS

Report of the Audit Committee

All three directors who are members of the Audit Committee are "independent" of the Company and management, as that term is defined in Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards.

The responsibilities of the Audit Committee are to: (a) assist in the selection, evaluation and, where appropriate, replacement of the Company's independent accountants; (b) review the appropriateness of the fees to be paid to the Company's independent accountants; (c) review the scope and results of audits; (d) review the adequacy and effectiveness of the accounting and financial controls of the Company; (e) inquire of management and the independent accountants about significant risks or exposures and assess the steps management has taken to minimize such risks to the Company; (f) review at the completion of the annual audit: (1) the Company's annual financial statements and related footnotes contained in the annual report to shareholders and the Company's compliance with applicable SEC requirements; (2) the independent accountants' audit of the financial statements and their report thereon; (3) any changes in accounting principles; and (4) other matters related to the conduct of the audit as are to be communicated to the Committee under generally accepted auditing standards; (g) receive from the Company's independent accountants a formal written statement delineating all relationships between such accountants and the Company, consistent with Independence Standards Board Standard 1, actively engage in a dialogue with such accountants with respect to any disclosed relationships or services that may impact the objectivity and independence of such accountants and take, or recommend that the Board take, appropriate action to oversee the independence of such accountants; (h) review quarterly financial reports before they are filed with the SEC or other regulators; (i) review legal and regulatory matters of a financial nature that may have a material impact on the financial statements, related Company compliance policies and programs and reports received from regulators; and (j) prepare a letter or statement for inclusion in the annual report or annual proxy statement to the shareholders that describes the Committee's composition and responsibilities, and how such responsibilities were discharged.

In fulfilling its responsibilities, the Audit Committee discussed with PricewaterhouseCoopers LLP ("PwC"), the Company's independent auditors for fiscal 2000, the overall scope and plans for PwC's audit of the Company's financial statements for fiscal 2000. The Audit Committee met with PwC, with and without management present, to discuss the results of PwC's examinations, PwC's evaluations of the Company, its internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee reviewed the Company's audited financial statements with management and PwC. The Audit Committee discussed with PwC the matters required to be discussed by Statement of Auditing Standards No. 61, including a discussion of PwC's judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee received from PwC the written disclosures and the letter required by Independence Standards Board Standard No. 1 and discussed these documents with PwC, as well as other matters related to PwC's independence from management and the Company.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 30, 2000 for filing with the Securities and Exchange Commission.

The Chairman of the Audit Committee reviewed the Company's quarterly financial reports for fiscal 2000 and discussed them with management and PwC before they were filed with the SEC.

The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is included as Appendix A to this Proxy Statement.

Relationship with Auditors

The accounting firm of PricewaterhouseCoopers LLP, which has served as the Company's principal independent accountants continuously since the Company's formation, was selected by the Board to continue in that capacity for 2001. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. This representative will have the opportunity to make a statement if such representative desires to do so and will be available to respond to appropriate questions presented at the Annual Meeting.

Fiscal 2000 Audit Firm Fee Summary

During fiscal 2000, PricewaterhouseCoopers LLP provided services in the following categories and amounts:

Description	Amount
Audit Fees	\$ 126,800
Financial Information Systems Design and Implementation Fees

REMUNERATION OF EXECUTIVE OFFICERS AND DIRECTORS

Directors' Compensation

Each member of the Board of Directors who is not an employee of the Company or any parent or subsidiary of the Company (an "Eligible Director") receives a \$15,000 annual retainer and a fee of \$1,000 for each meeting of the Board of Directors attended. Directors who are employees of the Company are not paid any separate fees for serving as directors. Beginning in the third quarter of fiscal 2000, the Chairman of the Audit Committee receives a quarterly fee of \$1,000.00 and the Chairman of the Compensation Committee receives a quarterly fee of \$250.00.

Under the Company's Amended and Restated 1993 Incentive and Nonqualified Stock Option Plan (the "1993 Plan"), each Eligible Director is automatically granted an option to purchase 20,000 shares of Common Stock upon first joining the Board of Directors. Such option is immediately vested in full unless otherwise determined by the Compensation Committee of the Board of Directors prior to grant. In addition, in connection with each annual meeting of stockholders each Eligible Director who has served for at least six months before the meeting and continues to serve at the meeting is automatically granted an option to purchase 7,500 shares of Common Stock. Such option is immediately vested in full. All of the options automatically granted to Eligible Directors under the 1993 Plan have exercise prices equal to the closing price of the Common Stock on the date of grant as reported by The Nasdaq Stock Market and expire on the seventh anniversary of the date of grant. Should the 2001 Plan be approved, future automatic

option grants to Eligible Directors will be made under the 2001 Plan rather than the 1993 Plan but will be on the same terms as set forth in the 1993 Plan.

All of these options were granted under the 1993 Plan. These options are exercisable during the holder's lifetime only by the holder, and by the holder only while the holder is an employee of the Company, and for certain limited periods of time thereafter in the event of retirement, death or termination of employment other than for cause. In addition, in the event of death of the option holder while an employee of the Company and before expiration of the option, these options vest in full. These options also are subject to accelerated vesting in the event that a "Qualified Sale" occurs and immediately prior to the closing of such Qualified Sale the holder is an employee of the Company. Immediately prior to such closing each such option shall become exercisable as to the number of shares subject to the option, up to 100%, equal to two times the number of shares as to which the option otherwise would have been exercisable immediately prior to such closing. "Qualified Sale" means the sale of all or substantially all of the assets or issued and outstanding capital stock of the Company or a merger or consolidation involving the Company in which stockholders of the Company immediately before such merger or consolidation do not own immediately after such merger or consolidation capital stock or other equity interests of the surviving corporation or entity representing more than 50% in voting power of the capital stock or other equity interests of such surviving corporation or entity outstanding immediately after such merger or consolidation.

(2)

Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based upon assumed rates of share price appreciation set by the Securities and Exchange Commission of five percent and ten percent compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. Actual gains, if any, are dependent on the performance of the Common Stock and the date on which the option is exercised. There can be no assurance that the amounts reflected will be achieved.

(3)

This option vests as to 1/12th of the shares which may be purchased thereunder on November 23, 2000, and as to an additional 1/12th of such shares on the 23rd day of each month thereafter, contingent upon the option holder's continued employment with the Company or one of its wholly-owned subsidiaries on such vesting date.

(4)

Each of these options vests as to 1/18th of the shares which may be purchased thereunder on November 23, 2000, and vests as to an additional 1/18th of such shares on the 23rd day of each month

thereafter, contingent upon the option holder's continued employment with the Company or one of its wholly-owned subsidiaries on such vesting date.

Certain Employment and Severance Arrangements

Gordon R. Cooke and Dennis J. Adomaitis each have employment agreements with the Company which, among other things, provide that if their employment is terminated by the Company other than for just cause (as defined in the agreements), the Company will make severance payments to them in an aggregate amount equal to their annual base salary at the time of termination, payable at the same time and in the same amounts as such base salary otherwise would have been paid.

In addition, each of the persons named in the Summary Compensation Table is a party to a severance agreement with the Company which provides for the following payments to the executive if the executive's employment is terminated within two years following a change in control (as defined in the agreements) by the Company without cause (as defined in the agreements) or by the executive with good reason (as defined in the agreements): (i) a lump sum equal to 2 times the sum of (A) the executive's annual base salary at the time of termination plus (B) the average annual incentive compensation plan bonus payment to the executive over the last two years, such lump sum to supersede any other post-termination compensation and benefits payable to the executive under any other agreements with the executive; (ii) a pro-rated incentive compensation bonus for the year of termination; and (iii) continuation of standard group life, disability, accident and health insurance for a period of two years post-termination. In addition, the executive's employment shall be deemed to have been terminated following a change in control by the Company without cause or by the executive with good reason if the executive's employment is terminated prior to a change in control without cause at the direction of a person who has entered into an agreement with the Company the consummation of which will constitute a change in control or if the executive terminates his employment with good reason prior to a change in control (determined by treating a potential change in control (as defined in the agreements) as a change in control in applying the definition

of good reason), if the circumstance or event which constitutes good reason occurs at the direction of such person.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors is composed of independent, non-employee directors. The Committee currently consists of Mr. Engbers (Chairman) and Ms. Owades. Mr. Shanaman served on the Compensation Committee from March 2000 until March 2001. During the portion of fiscal 2000 prior to the appointment of Mr. Shanaman to Compensation Committee, the Compensation Committee consisted of Mr. Engbers and Ms. Owades.

Compensation Committee Report on Executive Compensation

Compensation Policy

During fiscal 2000 the Company's compensation package for its executive officers had three principal components: (1) base salary, (2) bonus, and (3) stock options. The Company's executive officers were also eligible to participate in other employee benefit plans on substantially the same terms as other senior management employees and other employees who met applicable eligibility criteria, subject to any legal limitations on the amounts that may be contributed or the benefits that may be payable under these Company plans. Additionally, in April 2000, the Company made payments totaling \$57,747 to certain senior management employees, including executive officers, in exchange for their agreement to terminate stock options for a total of 879,000 shares of Common Stock.

Base salary levels for the Company's executive officers are intended to be fair and competitive in the Company's industry. Base salaries for executive officers are reviewed annually, and any adjustments are based on such factors as individual performance, change in responsibilities and market-based comparisons with similarly situated companies.

Under the Company's incentive compensation plan for fiscal 2000, the Company's executive officers were eligible to receive bonuses based on a percentage of base salary conditioned on the Company's ability to achieve its operating plan. Assigned bonus percentages varied depending on the Compensation Committee's view of the importance of the executive officer's contribution to the Company's ability to achieve its operating plan. The Company exceeded its operating plan for both the spring and fall seasons of fiscal 2000, and accordingly bonuses were paid to the Company's executive officers for fiscal 2000.

Stock option awards are intended to provide the Company's executive officers with longer term incentives that align their interests with those of the Company's stockholders more generally. The Compensation Committee granted stock options to all of the Company's current executive officers during fiscal 2000.

Section 162(m) of the Internal Revenue Code generally limits the amount of annual compensation paid by a company to certain of its officers that is deductible for federal income tax purposes to \$1 million for each such officer. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. Although the Compensation Committee generally seeks to assure, where appropriate, that officer compensation will meet the Section 162(m) requirements for deductibility, such deductibility is but one of many factors considered by the Compensation Committee in establishing compensation levels. The Compensation Committee has authorized and may continue to authorize compensation payments that do not qualify as performance-based compensation and that are in excess of the limit in circumstances when the Committee believes such payment is appropriate.

Chief Executive Officer Compensation

Mr. Cooke's base salary during fiscal 2000 was at the rate of \$560,000 per annum. The Company achieved its operating income goals for both the spring and fall seasons of fiscal 2000, and accordingly

12

Mr. Cooke received bonuses for fiscal 2000 under the fiscal 2000 incentive compensation plan totaling \$560,000. During fiscal 2000 Mr. Cooke was granted options to purchase 190,000 shares of Common Stock at \$11.4375 per share. The Company also paid \$244,236 in premiums with respect to "split-dollar" life insurance and \$15,620 in premiums with respect to term life insurance for the benefit of Mr. Cooke. In connection with the split-dollar insurance, Mr. Cooke has collaterally assigned the policy to the Company and, with certain exceptions, the Company will be entitled to receive from the insurer upon Mr. Cooke's death or the termination of his employment an amount equal to the lesser of the cash surrender value of the policy or the aggregate amount of premiums paid by the Company. The Company also paid \$17,890 to Mr. Cooke in exchange for his agreement to terminate stock options for a total of 200,000 shares of Common Stock, provided Mr. Cooke with certain perquisites including but not limited to a residence and paid Mr. Cooke \$55,000 to offset the tax burden assumed by Mr. Cooke in connection with his receipt of certain perquisites and other non-cash benefits.

In setting Mr. Cooke's compensation for fiscal 2000, the Compensation Committee considered the compensation payable to the chief executive officers at other public companies in the Company's industry and the Company's historical performance under Mr. Cooke's leadership.

PROPOSAL TWO
AMENDMENT OF THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION

On March 9, 2001, the Board approved, and voted to recommend to the stockholders that they approve, an amendment to the Company's Restated Certificate of Incorporation, as amended to date, to increase the authorized Common Stock from 15,000,000 shares to 30,000,000 shares. On April 3, 2001, there were 11,866,662 shares of Common Stock outstanding, and an additional 351,919 shares were reserved for issuance pursuant to the 1993 Plan and the Company's employee stock purchase plan (the "Stock Plans").

The Board believes that the authorization of additional shares of Common Stock is desirable to provide shares for issuance in connection with possible financings, stock dividends, management and employee incentive plans, acquisitions or other general corporate purposes. However, as of the date of mailing of this Proxy Statement to stockholders, there is no plan, understanding or agreement for the issuance of any shares of Common Stock with the exception of the shares of Common Stock available for issuance under the Stock Plans or the 2001 Plan. If the amendment is approved by the stockholders, the Board of Directors will have authority to issue additional shares of Common Stock without the necessity of further stockholder action. The issuance of additional shares of Common Stock, while providing desired flexibility in connection with possible financings and other corporate purposes, would have the effect of diluting the ownership interests of the Company's current stockholders. Holders of Common Stock have no preemptive rights with respect to any shares which may be issued in the future.

The Board recommends that that you vote FOR the increase in authorized Common Stock.

PROPOSAL THREE
APPROVAL OF THE 2001 INCENTIVE AND NON-STATUTORY
STOCK OPTION PLAN OF THE J. JILL GROUP, INC.

As of March 9, 2001, only 74,950 shares of Common Stock remained available for issuance under the 1993 Plan. Consequently, on March 9, 2001, the Board adopted, subject to stockholder approval, the 2001 Plan. Up to 1,000,000 shares of Common Stock (subject to adjustment in the event of stock splits, stock dividends and other similar events) may be issued pursuant to stock options granted under the 2001 Plan.

The Board of Directors believes that the future success of the Company depends, in large part, upon the ability of the Company to maintain a competitive position in attracting, retaining and motivating key personnel and that the granting of stock options to key personnel serves as an important factor in retaining them. Accordingly, the Board believes adoption of the 2001 Plan is in the best interests of the Company and recommends a vote for this proposal.

Summary of the 2001 Plan

The following summary of the 2001 Plan is qualified in its entirety by reference to the 2001 Plan, a copy of which is attached as Appendix B to this Proxy Statement.

The 2001 Plan authorizes (i) the grant of options to purchase Common Stock intended to qualify as incentive stock options ("Incentive Options"), as defined in Section 422 of the Code, and (ii) the grant of non-statutory stock options ("Non-Statutory Options"). The exercise price of options granted under the 2001 Plan must be at least equal to the fair market value of the Common Stock on the date of grant. The exercise price of Incentive Options granted to an optionee who owns stock possessing more than 10% of the voting power of the Company's outstanding capital stock must equal at least 110% of the fair market value of the Common Stock on the date of grant.

The 2001 Plan is administered by the Compensation Committee of the Board. Except for certain non-discretionary option grants to the Company's Eligible Directors described below, the Compensation

18

Committee selects the individuals to whom options are granted and determines the option exercise price and other terms of each award, subject to the provisions of the 2001 Plan. Incentive Options may be granted under the 2001 Plan to employees, including officers and directors who are also employees, of the Company or any of its subsidiaries. As of March 9, 2001, approximately 1278 employees were eligible to participate in the 2001 Plan. Non-Statutory Options may be granted under the 2001 Plan to employees, officers, individuals providing services to the Company and directors, whether or not they are employees of the Company. Neither Incentive Options nor Non-Statutory Options granted under the 2001 Plan may be repriced, whether by the reduction of their respective exercise prices or by their cancellation and replacement.

No options may extend for more than ten years from the date of grant (five years in the case of an optionee who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary ("greater-than-ten-percent-stockholder")). The aggregate fair market value (determined at the time of grant) of shares issuable pursuant to Incentive Options which first become exercisable by an employee or officer in any calendar year may not exceed \$100,000. In no event may any person be granted options under the 2001 Plan in any calendar year to purchase more than 250,000 shares of Common Stock.

Options are non-transferable except by will or by the laws of descent or distribution and are exercisable, during the optionee's lifetime, only by the optionee. Options generally may not be exercised after (i) termination of the optionee's employment by the Company for cause, (ii) thirty days after termination of the optionee's employment by the Company without cause or by the optionee voluntarily, (iii) ninety days following the optionee's retirement from the Company in good standing by reason of age or disability under the then established rules of the Company, and (iv) one year following an optionee's death if the optionee's death occurs prior to termination of the optionee's employment with the Company.

Payment of the exercise price of the shares subject to the option may be made with (i) cash or check for an amount equal to the option price for such shares, (ii) with the consent of the Compensation Committee, delivery of such documentation as the Compensation Committee and the broker, if applicable, will require to effect an exercise of the option and delivery to the Company of the sale or loan proceeds required to pay the option price, (iii) with the consent of the Compensation Committee, such other consideration which is acceptable to the Compensation Committee and has a fair market value equal to the option price of such shares, or (iv) with the consent of the Compensation Committee, a combination of the foregoing.

The 2001 Plan provides that each Eligible Director shall automatically receive a grant of a Non-Statutory Option for the purchase of 20,000 shares of Common Stock upon joining the Board, which option shall be immediately vested in full unless otherwise determined by the Compensation Committee at the time of grant. The 2001 Plan additionally provides that each Eligible Director, on the date of each annual meeting or special meeting in lieu thereof following the 2001 Annual Meeting of Stockholders, shall automatically receive a grant of an immediately fully-vested Non-Statutory Option for the purchase of 7,500 shares of Common Stock, provided that such Eligible Director is a member of the Board at the time of such annual meeting or special meeting in lieu thereof and has served on the Board for at least six months at the time of such meeting. If the 2001 Plan is approved by the stockholders of the Company, the Company intends to file, as soon as practicable after such approval, a Registration Statement under the Securities Act of 1933 covering the shares of Common Stock that shall be issuable under the 2001 Plan.

New Plan Benefits

The Company is unable to determine the dollar value and number of options that may be received by or allocated to (i) any of the Company's executive officers, (ii) the Company's current executive officers, as a group, (iii) the current Eligible Directors, as a group, and (iv) the Company's employees who are not executive officers, as a group, as a result of the approval of the 2001 Plan because the Company at this time

is unable to determine whether any of the current Eligible Directors will meet the requirements to receive automatic grants of options and all other options are granted by the Compensation Committee of the Board on a discretionary basis. Had the 2001 Plan been in effect during fiscal 2000, no options would have been granted to any of the persons or groups specified in the table below because during such period a sufficient number of shares remained available for issuance under the 1993 Plan to satisfy both the Company's obligations to the Eligible Directors and the Compensation Committee's objectives respecting long term incentive compensation.

The following table sets forth information concerning the benefit that will be received by or allocated to the persons specified, assuming that the 2001 Plan is approved:

NEW PLAN BENEFITS

2001 Incentive and Non-Statutory Stock Option Plan of The J. Jill Group, Inc.

Name and Position	Dollar Value (\$) (1)	Number of Securities Underlying Options Granted

John J. Hayes President of J. Jill Direct, Inc.		(2)
Olga L. Conley President of Corporate Services, Chief Financial Officer and Treasurer		(2)
Executive Group		(2)

Non-Executive Officer Employee Group		(2)

(1) The dollar value of any options that might be granted under the 2001 Plan is not determinable at this time. The exercise price of options granted under the 2001 Plan must be at least equal to the fair market value of the Common Stock on the date of grant. The exercise price of Incentive Options granted to an optionee who owns stock possessing more than 10% of the voting power of the Company's outstanding capital stock must equal at least 110% of the fair market value of the Common Stock on the date of grant.

(2) Does not include shares of Common Stock issuable pursuant to options that might be granted to the specified person or group during the current fiscal year or thereafter because the grant of options to such specified person or group under the 2001 Plan is discretionary.

(3) Does not include shares of Common Stock issuable pursuant to Non-Statutory Options that might be automatically granted to the specified group under the 2001 Plan in connection with future annual meetings or special meetings in lieu thereof because the Company at this time is unable to determine whether any of the current Eligible Directors will meet the requirements to receive any such automatic grants of options.

Edgar Filing: J JILL GROUP INC - Form DEF 14A

The Company's Board of Directors may modify, revise or terminate the 2001 Plan at any time and from time to time, except that the class of persons eligible to receive options and the aggregate number of shares issuable pursuant to the 2001 Plan may not be changed or increased (other than pursuant to certain changes in the Company's capital structure) without the consent of the stockholders of the Company.

FEDERAL INCOME TAX INFORMATION WITH RESPECT TO THE 2001 PLAN

The grantee of a Non-Statutory Option recognizes no income for federal income tax purposes on the grant thereof. On the exercise of a Non-Statutory Option, the difference between the fair market value of the underlying shares of Common Stock on the exercise date and the option exercise price is treated as compensation to the holder of the option taxable as ordinary income in the year of exercise, and such fair market value becomes the basis for the underlying shares which will be used in computing any capital gain or loss upon disposition of such shares. Subject to certain limitations, the Company may deduct for the year of exercise an amount equal to the amount recognized by the option holder as ordinary income upon exercise of a Non-Statutory Option.

The grantee of an Incentive Option recognizes no income for federal income tax purposes on the grant thereof. Except as provided below with respect to the alternative minimum tax, there is no tax upon exercise of an Incentive Option. If no disposition of shares acquired upon exercise of the Incentive Option is made by the option holder within two years from the date of the grant of the Incentive Option or within one year after exercise of the Incentive Option, any gain realized by the option holder on the subsequent sale of such shares is treated as a long-term capital gain for federal income tax purposes. If the shares are sold prior to the expiration of such periods, the difference between the lesser of the value of the shares at the date of exercise or at the date of sale and the exercise price of the Incentive Option is treated as compensation to the employee taxable as ordinary income and the excess gain, if any, is treated as capital gain (which will be long-term capital gain if the shares are held for more than one year).

The excess of the fair market value of the underlying shares over the option price at the time of exercise of an Incentive Option will constitute an item of tax preference for purposes of the alternative minimum tax. Taxpayers who incur the alternative minimum tax are allowed a credit that may be carried forward indefinitely to be used as a credit against the regular tax liability in a later year; however, the minimum tax credit can not reduce the regular tax below the alternative minimum tax for that carryover year.

In connection with the sale of the shares covered by Incentive Options, the Company is allowed a deduction for tax purposes only to the extent, and at the time, the option holder receives ordinary income (for example, by reason of the sale of shares by the holder of an Incentive Option within two years of the date of the granting of the Incentive Option or one year after the exercise of the Incentive Option), subject to certain limitations on the deductibility of compensation paid to executives.

The Board recommends a vote FOR the approval of the 2001 Plan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission (the "SEC"). Officers, directors and greater-than-10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon review of Forms 3 and 4 and amendments thereto furnished to the Company during fiscal 2000 and Form 5 and amendments thereto furnished to the Company with respect to fiscal 2000, or written representations that Form 5 was not required, the Company believes that all Section 16(a) filing requirements applicable to its officers, directors and greater-than-10% stockholders were fulfilled in a timely manner.

If next year's annual meeting is held on the date specified in the By-laws, the deadline for submission of notice will be March 11, 2002, and any proposal or nomination submitted after March 11, 2002 will be untimely. The By-Laws contain a number of other substantive and procedural requirements which should be reviewed by any interested stockholder. Any proposals should be mailed to: Secretary, The J. Section 1. Purpose

This 2001 Incentive and Non-Statutory Stock Option Plan (the "Plan") of The J. Jill Group, Inc. (the "Company"), is designed to provide additional incentive to executives and other key employees of the Company, and any parent or subsidiary of the Company, and for certain other individuals providing services to or acting as directors of the Company or any such parent or subsidiary. The Company intends that this purpose will be effected by the granting of incentive stock options ("Incentive Stock Options") as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and Non-Statutory stock options ("Non-Statutory Options") under the Plan which afford such executives, key employees or other individuals an opportunity to acquire or increase their proprietary interest in the Company through the acquisition of shares of its Common Stock. The Company intends that Incentive Stock Options issued under the Plan will qualify as "incentive stock options" as defined in Section 422 of the Code and the terms of the Plan shall be interpreted in accordance with this intention. The terms "parent" and "subsidiary" shall have the respective meanings set forth in Section 424 of the Code.

Section 2. Administration

2.1 The Committee. The Plan shall be administered by the Compensation Committee of the Board of Directors (the "Board") or another committee consisting of at least two members of the Company's Board (in either case, the "Committee"). None of the members of the Committee shall be an officer or other employee of the Company. It is the intention of the Company that the members of the Committee shall each be a "Non-Employee Director" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 and an "Outside Director" (as such term is defined below), but the authority and validity of any act taken or not taken by the Committee shall not be affected if any person administering the Plan is not a "Non-Employee Director" or "outside director." Except as specifically reserved to the Board under the terms of the Plan, the Committee shall have full and final authority to operate, manage and administer the Plan on behalf of the Company. Action by the Committee shall require the affirmative vote of a majority of all members thereof. The term "Outside Director" as used in the Plan (1) shall mean a director who (i) is not an employee of the Company or of any "affiliated group," as such term is defined in Section 1504(a) of the Code, which includes the Company (an "Affiliate"), (ii) is not a former employee of the Company or any Affiliate who is receiving compensation for prior services (other than benefits under a tax-qualified retirement plan) during the Company's or any Affiliate's taxable year, (iii) has not been an officer of the Company or any Affiliate and (iv) does not receive remuneration from the Company or any Affiliate, either directly or indirectly, in any capacity other than as a director, and (2) shall be determined, and amended where necessary, in accordance with Section 162(m) of the Code and the Treasury regulations issued thereunder.

2.2 Powers of the Committee. Subject to the terms and conditions of the Plan, the Committee shall have the power:

(a) To determine from time to time the persons eligible to receive options and the options to be granted to such persons under the Plan and to prescribe the terms, conditions, restrictions, if any, and provisions (which need not be identical) of each option granted under the Plan to such persons;

(b) To construe and interpret the Plan and options granted thereunder and to establish, amend, and revoke rules and regulations for administration of the Plan. In this connection, the Committee may correct any defect or supply any omission, or reconcile any inconsistency in the Plan, or in any option agreement, in the manner and to the extent it shall deem necessary or expedient to make the Plan fully effective. All decisions and determinations by the Committee in the exercise of this power shall be final and binding upon the Company and optionees;

(c) To make, in its sole discretion, changes to any outstanding option granted under the Plan, including:

- (i) to accelerate the vesting schedule; or
- (ii) to extend the expiration date;

provided, however, that the Committee shall not have the power to reprice any options issued under the Plan, whether by reducing their exercise price or canceling them and issuing replacement options in their stead.

(d) Generally, to exercise such powers and to perform such acts as are deemed necessary or expedient to promote the best interests of the Company with respect to the Plan.

Section 3. Stock

3.1 Stock to be Issued. The stock subject to the options granted under the Plan shall be shares of the Company's authorized but unissued common stock, \$.01 par value (the "Common Stock"), or shares of the Company's Common Stock held in treasury. The total number of shares that may be issued pursuant to options granted under the Plan shall not exceed an aggregate of 1,000,000 shares of Common Stock; *provided*, however, that the class and aggregate number of shares which may be subject to options granted under the Plan shall be subject to adjustment as provided in Section 8 hereof.

3.2 Expiration, Cancellation or Termination of Option. Whenever any outstanding option under the Plan expires, is cancelled or is otherwise terminated (other than by exercise), the shares of Common Stock allocable to the unexercised portion of such option may again be the subject of options under the Plan.

3.3 Limitation on Grants. In no event may any person be granted options under the Plan in any calendar year to purchase more than 250,000 shares of Common Stock. The number of shares of Common Stock issuable pursuant to an option granted under the Plan that is subsequently forfeited, cancelled or otherwise terminated shall continue to count toward the foregoing limitation in the calendar year of grant.

Section 4. Eligibility

4.1 Persons Eligible. Incentive Stock Options under the Plan may be granted only to officers and other employees of the Company or any parent or subsidiary of the Company. Non-Statutory Options may be granted to officers or other employees of the Company or any parent or subsidiary of the Company, and to members of the Board and consultants or other persons who render services to the Company or any such parent or subsidiary (regardless of whether they are also employees), *provided*, however, that options may be granted to members of the Board who are not employees of the Company or any such parent or subsidiary ("Eligible Directors") only as provided in Section 4.4.

4.2 Greater-Than-Ten-Percent Stockholders. Except as may otherwise be permitted by the Code or other applicable law or regulation, no Incentive Stock Option shall be granted to an individual who, at the time the option is granted, owns (including ownership attributed pursuant to Section 425 of the Code) more than ten percent of the total combined voting power of all classes of stock of the Company or any parent or subsidiary (a "greater-than-ten-percent stockholder"), unless such Incentive Stock Option provides that (i) the purchase price per share shall not be less than one hundred ten percent of the fair market value of the Common Stock at the time such option is granted, and (ii) that such option shall not be exercisable to any extent after the expiration of five years from the date it is granted.

4.3 Maximum Aggregate Fair Market Value. The aggregate fair market value (determined at the time the option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any optionee during any calendar year (under the Plan and any other plans of the Company or any parent or subsidiary for the issuance of incentive stock options) shall not exceed

B-2

\$100,000 (or such greater amount as may from time to time be permitted with respect to incentive stock options by the Code or any other applicable law or regulation).

4.4 Option Grants to Eligible Directors.

Edgar Filing: J JILL GROUP INC - Form DEF 14A

(a) *Relation to Prior Plans.* After the date of the meeting of stockholders at which this Plan is approved, the provisions of this Section 4.4 shall supersede those of Section 4.4 of the Company's Amended and Restated 1993 Incentive and Non-Qualified Stock Option Plan.

(b) *Grant of Options.*

(i) On the date each new Eligible Director first joins the Board, such Eligible Director shall automatically be granted a Non-Statutory Option to purchase 20,000 shares of Common Stock. Such Non-Statutory Option shall be immediately vested in full unless otherwise determined by the Committee prior to the grant of such Non-Statutory Option.

(ii) On the date of each annual meeting of the Company's stockholders or special meeting in lieu thereof, each Eligible Director who has served for at least six months and continues to serve at that meeting shall automatically be granted a Non-Statutory Option to purchase 7,500 shares of Common Stock. Such Non-Statutory Option shall be immediately vested in full.

(c) *Purchase Price.* The purchase price per share of Common Stock under each Non-Statutory Option granted pursuant to this Section 4.4 shall be equal to the fair market value of the Common Stock on the date the Non-Statutory Option is granted, such fair market value to be determined in accordance with the provisions of Section 6.3.

(d) *Expiration.* Each Non-Statutory Option granted to an Eligible Director under this Section 4.4 shall expire on the seventh anniversary of the date of grant.

Section 5. Termination of Employment or Death of Optionee

5.1 Termination of Employment. Except as may be otherwise expressly provided herein, options shall terminate on the earlier of:

(a) the date of expiration thereof;

(b) immediately upon the termination of the optionee's employment with or performance of services for the Company (or any parent or subsidiary of the Company) by the Company (or any such parent or subsidiary) for cause (as determined by the Company or such parent or subsidiary); or

(c) thirty days after the date of termination of the optionee's employment with or performance of services for the Company (or any parent or subsidiary of the Company) by the Company (or any such parent or subsidiary) without cause or voluntarily by the optionee;

provided, that Non-Statutory Options granted to persons who are not employees of the Company (or any parent or subsidiary of the Company) need not, unless the Committee determines otherwise, be subject to the provisions set forth in clauses (b) and (c) above.

An employment relationship between the Company (or any parent or subsidiary of the Company) and the optionee shall be deemed to exist during any period in which the optionee is employed by the Company (or any such parent or subsidiary). Whether authorized leave of absence, or absence on military or government service, shall constitute termination of the employment relationship between the Company (or any parent or subsidiary of the Company) and the optionee shall be determined by the Committee at the time thereof. As used herein, "cause" shall mean (x) any material breach by the optionee of any agreement to which the optionee and the Company (or any parent or subsidiary of the Company) are both parties, (y) any act or omission to act by the optionee which may have a material and adverse effect on the business of the Company (or any such parent or subsidiary) or on the optionee's ability to perform services

B-3

for the Company (or any such parent or subsidiary), including, without limitation, the commission of any crime (other than ordinary traffic violations), or (z) any material misconduct or material neglect of duties by the optionee in connection with the business or affairs of the Company (or any such parent or subsidiary) or any affiliate of the Company (or any such parent or subsidiary).

5.2 Death or Retirement of Optionee. In the event of the death of the holder of an option that is subject to clause (b) or (c) of Section 5.1 above prior to termination of the optionee's employment with or performance of services for the Company (or any parent or subsidiary of the Company) and before the date of expiration of such option, such option shall terminate on the earlier of such date of expiration or one year following the date of such death. After the death of the optionee, his executors, administrators or any person or persons to whom his option may be transferred by will or by the laws of descent and distribution, shall have the right, at any time prior to such termination, to exercise the option to the extent the optionee was entitled to exercise such option at the time of his death.

If, before the date of the expiration of an option that is subject to clause (b) or (c) of Section 5.1 above, the optionee shall be retired in good standing from the Company for reasons of age or disability under the then established rules of the Company, the option shall terminate on the earlier of such date of expiration or ninety (90) days after the date of such retirement. In the event of such retirement, the optionee shall have the right prior to the termination of such option to exercise the option to the extent to which he was entitled to exercise such option immediately prior to such retirement.

Section 6. Terms of the Option Agreements

Each option agreement shall be in writing and shall contain such terms, conditions, restrictions, if any, and provisions as the Committee shall from time to time deem appropriate. Such provisions or conditions may include without limitation restrictions on transfer, repurchase rights, or such other provisions as shall be determined by the Committee; *provided* that such additional provisions shall not be inconsistent with any other term or condition of the Plan and such additional provisions shall not cause any Incentive Stock Option granted under the Plan to fail to qualify as an incentive option within the meaning of Section 422 of the Code. The shares of stock issuable upon exercise of an option by any executive officer, director or beneficial owner of more than ten percent of the Common Stock of the Company may not be sold or transferred (except that such shares may be issued upon exercise of such option) by such officer, director or beneficial owner for a period of six months following the grant of such option.

Option agreements need not be identical, but each option agreement by appropriate language shall include the substance of all of the following provisions:

6.1 Expiration of Option. Notwithstanding any other provision of the Plan or of any option agreement, each option shall expire on the date specified in the option agreement, which date shall not, in the case of an Incentive Stock Option, be later than the tenth anniversary (fifth anniversary in the case of a greater-than-ten-percent stockholder) of the date on which the option was granted, or as specified in Section 5 of this Plan.

6.2 Exercise. Each option may be exercised, so long as it is valid and outstanding, from time to time in part or as a whole, subject to any limitations with respect to the number of shares for which the option may be exercised at a particular time and to such other conditions as the Committee in its discretion may specify upon granting the option.

6.3 Purchase Price. The purchase price per share under each option shall be determined by the Committee at the time the option is granted; *provided*, however, that the option price of any option shall not, unless otherwise permitted by the Code or other applicable law or regulation, be less than the fair market value of the Common Stock on the date the option is granted (110% of the fair market value in the case of the grant of an Incentive Stock Option to a greater-than-ten-percent stockholder). For the purpose of the Plan the fair market value of the Common Stock shall be the closing price per share on the date of

B-4

grant of the option as reported by a nationally recognized stock exchange, or, if the Common Stock is not listed on such an exchange, as reported by the National Association of Securities Dealers Automated Quotation System ("Nasdaq") National Market System or, if the Common Stock is not listed on the Nasdaq National Market System, the mean of the bid and asked prices per share on the date of grant of the option or, if the Common Stock is not traded over the counter, the fair market value as determined by the Committee.

6.4 Transferability of Options. Options shall not be transferable by the optionee otherwise than by will or under the laws of descent and distribution, and shall be exercisable, during his lifetime, only by him/her.

6.5 Rights of Optionees. No optionee shall be deemed for any purpose to be the owner of any shares of Common Stock subject to any option unless and until the option shall have been exercised pursuant to the terms thereof, and the Company shall have issued and delivered the shares to the optionee.

6.6 Repurchase Right. The Committee may in its discretion provide upon the grant of any option hereunder that the Company shall have an option to repurchase upon such terms and conditions as determined by the Committee all or any number of shares purchased upon exercise of such option. The repurchase price per share payable by the Company shall be such amount or be determined by such formula as is fixed by the Committee at the time the option for the shares subject to repurchase is granted. In the event the Committee shall grant options subject to the Company's repurchase option, the certificates representing the shares purchased pursuant to such option shall carry a legend satisfactory to counsel for the Company referring to the Company's repurchase option.

6.7 "Lockup" Agreement. The Committee may in its discretion specify upon granting an option that the optionee shall agree for a period of time (not to exceed 180 days) from the effective date of any registration of securities of the Company (upon request of the Company or the

underwriters managing any underwritten offering of the Company's securities), not to sell, make any short sale of, loan, grant any option for the purchase of, or otherwise dispose of any shares issued pursuant to the exercise of such option, without the prior written consent of the Company or such underwriters, as the case may be.

Section 7. Method of Exercise, Payment of Purchase Price

7.1 Method of Exercise. Any option granted under the Plan may be exercised by the optionee by delivering to the Company on any business day a written notice specifying the number of shares of Common Stock the optionee then desires to purchase and specifying the address to which the certificates for such shares are to be mailed (the "Notice"), accompanied by payment for such shares.

7.2 Payment of Purchase Price. Payment for the shares of Common Stock purchased pursuant to the exercise of an option shall be made by one or more of the following methods: (i) in cash, by certified or bank check or other instrument acceptable to the Committee; (ii) by the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company to pay the purchase price; *provided* that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Committee shall prescribe as a condition of such payment procedure; and *provided further* that the Company need not act upon such exercise notice until the Company receives full payment of the exercise price; or (iii) by any other means (including, without limitation, by delivery of a promissory note of the optionee payable on such terms as are specified by the Committee; *provided*, however, that the interest rate borne by such note shall not be less than the lowest applicable federal rate, as defined in Section 1247(d) of the Code) which the Committee determines are consistent with the purpose of the Plan and with applicable laws and regulations. For the purpose of the preceding sentence, the fair market value per share of Common Stock so delivered to the Company shall be determined in the manner specified in Section 6.3. As promptly as practicable after receipt of the

B-5

Notice and accompanying payment, the Company shall deliver to the optionee certificates for the number of shares with respect to which such option has been so exercised, issued in the optionee's name; *provided*, however, that such delivery shall be deemed effected for all purposes when the Company or a stock transfer agent of the Company shall have deposited such certificates in the United States mail, addressed to the optionee, at the address specified in the Notice.

Section 8. Changes in Company's Capital Structure

8.1 Rights of Company. The existence of outstanding options shall not affect in any way the right or power of the Company or its stockholders to make or authorize, without limitation, any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, or any merger or consolidation of the Company, or any issue of Common Stock, or any issue of bonds, debentures, preferred or prior preference stock or other capital stock ahead of or affecting the Common Stock or the rights thereof, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

8.2 Recapitalization, Stock Splits and Dividends. If the Company shall effect a subdivision or consolidation of shares or other capital readjustment, the payment of a stock dividend, or other increase or reduction of the number of shares of the Common Stock outstanding, in any such case without receiving compensation therefor in money, services or property, then (i) the number, class, and price per share of shares of stock subject to outstanding options hereunder shall automatically be appropriately adjusted in such a manner as to entitle an optionee to receive upon exercise of an option, for the same aggregate cash consideration, the same total number and class of shares as he would have received as a result of the event requiring the adjustment had he exercised his option in full immediately prior to such event; and (ii) the number and class of shares set forth in Sections 3, 3.3 and 4.4 shall be adjusted by substituting therefor that number and class of shares of stock that the owner of an equal number of outstanding shares of Common Stock would own as the result of the event requiring the adjustment.

8.3 Merger without Change of Control. After a merger of one or more corporations into the Company, or after a consolidation of the Company and one or more corporations in which (i) the Company shall be the surviving corporation, and (ii) the stockholders of the Company immediately prior to such merger or consolidation own after such merger or consolidation shares representing at least fifty percent of the voting power of the Company, each holder of an outstanding option shall, at no additional cost, be entitled upon exercise of such option to receive in lieu of the number of shares as to which such option shall then be so exercisable, the number and class of shares of stock or other securities to which such holder would have been entitled pursuant to the terms of the agreement of merger or consolidation if, immediately prior to such merger or consolidation, such holder had been the holder of record of a number of shares of Common Stock equal to the number of shares for which such option was exercisable.

8.4 Sale or Merger with Change of Control. If the Company is merged into or consolidated with another corporation under circumstances where the Company is not the surviving corporation, or if there is a merger or consolidation where the Company is the surviving corporation but the stockholders of the Company immediately prior to such merger or consolidation do not own after such merger or consolidation shares representing at least fifty percent of the voting power of the Company, or if the Company is liquidated, or sells or otherwise disposes of substantially all of its assets to another corporation while unexercised options remain outstanding under the Plan, (i) subject to the provisions of clause (iii) below, after the effective date of such merger, consolidation, liquidation, sale or disposition, as the case may be, each holder of an outstanding option shall be entitled, upon exercise of such option, to receive, in lieu of shares of Common Stock, shares of such stock or other securities, cash or property as the holders of shares of Common Stock received pursuant to the terms of the merger, consolidation, liquidation, sale or disposition; (ii) the Committee may accelerate the time for exercise of all unexercised and unexpired options to and after a date prior to the effective date of such merger, consolidation, liquidation, sale or

B-6

disposition, as the case may be, specified by the Committee; or (iii) all outstanding options may be cancelled by the Committee as of the effective date of any such merger, consolidation, liquidation, sale or disposition, *provided* that (x) notice of such cancellation shall be given to each holder of an option and (y) each holder of an option shall have the right to exercise such option to the extent that the same is then exercisable or, if the Committee shall have accelerated the time for exercise of all unexercised and unexpired options, in full during the 30-day period preceding the effective date of such merger, consolidation, liquidation, sale or disposition.

8.5 Adjustments to Common Stock Subject to Options. Except as hereinbefore expressly provided, the issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, for cash or property, or for labor or services, either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock then subject to outstanding options.

8.6 Miscellaneous. Adjustments under this Section 8 shall be determined by the Committee, and such determinations shall be conclusive. No fractional shares of Common Stock shall be issued under the Plan on account of any adjustment specified above.

Section 9. General Restriction

9.1 Investment Representations. The Company may require any person to whom an option is granted, as a condition of exercising such option, to give written assurances in substance and form satisfactory to the Company to the effect that such person is acquiring the Common Stock subject to the option for his own account for investment and not with any present intention of selling or otherwise distributing the same, and to such other effects as the Company deems necessary or appropriate in order to comply with federal and applicable state securities laws.

9.2 Compliance with Securities Laws. The Company shall not be required to sell or issue any shares under any option if the issuance of such shares shall constitute a violation by the optionee or by the Company of any provisions of any law or regulation of any governmental authority. In addition, in connection with the Securities Act of 1933, as now in effect or hereafter amended (the "Act"), upon exercise of any option, the Company shall not be required to issue such shares unless the Committee has received evidence satisfactory to it to the effect that the holder of such option will not transfer such shares except pursuant to a registration statement in effect under such Act or unless an opinion of counsel satisfactory to the Company has been received by the Company to the effect that such registration is not required. Any determination in this connection by the Committee shall be final, binding and conclusive. In the event the shares issuable on exercise of an option are not registered under the Act, the Company may imprint upon any certificate representing shares so issued the following legend or any other legend which counsel for the Company considers necessary or advisable to comply with the Act and with applicable state securities laws:

The shares of stock represented by this certificate have not been registered under the Securities Act of 1933 or under the securities laws of any State and may not be sold or transferred except upon such registration or upon receipt by the Corporation of an opinion of counsel satisfactory to the Corporation, in form and substance satisfactory to the Corporation, that registration is not required for such sale or transfer.

The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Act; and in the event any shares are so registered the Company may remove any legend on certificates representing such shares. The Company shall not be obligated to take any other affirmative action in order to cause the exercise of an option or the issuance of shares pursuant thereto to comply with any law or regulation of any governmental authority.

B-7

9.3 Employment Obligation. The granting of any option shall not impose upon the Company (or any parent or subsidiary of the Company) any obligation to employ or continue to employ any optionee; and the right of the Company (or any such parent or subsidiary) to terminate the employment of any officer or other employee shall not be diminished or affected by reason of the fact that an option has been granted to him/her.

9.4 Withholding Tax. Whenever under the Plan shares of Common Stock are to be delivered upon exercise of an option, the Company shall be entitled to require as a condition of delivery that the optionee remit an amount sufficient to satisfy all federal, state and other governmental withholding tax requirements related thereto.

Section 10. Amendment or Termination of the Plan

The Board of Directors may modify, revise or terminate this Plan at any time and from time to time, except that (i) the class of persons eligible to receive options and the aggregate number of shares issuable pursuant to this Plan shall not be changed or increased, other than by operation of Section 8 hereof, without the consent of the stockholders of the Company, other than to comport with changes in the Code, the Employee Retirement Income Security Act, or the rules thereunder.

Section 11. Nonexclusivity of the Plan

Neither the adoption of the Plan by the Board of Directors nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board of Directors to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

Section 12. Effective Date and Duration of the Plan

The Plan shall become effective upon its adoption by the Board of Directors, *provided* that the stockholders of the Company shall have approved the Plan within twelve months prior to or following the adoption of the Plan by the Board. No option may be granted under the Plan after the tenth anniversary of the effective date. The Plan shall terminate (i) when the total amount of Common Stock with respect to which options may be granted shall have been issued upon the exercise of options or (ii) by action of the Board of Directors pursuant to Section 10 hereof, whichever shall first occur.
