SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

The statements contained in this report which are not historical fact are "forward-looking statements" that involve various important assumptions, risks, uncertainties and other factors which could cause the Company's actual results for 2001 and beyond to differ materially from those expressed in such forward-looking statements. These important factors include, without limitation, competitive factors and pricing pressures, changes in legal and regulatory requirements, technological change or difficulties, product development risks, commercialization and trade difficulties and general economic conditions, as well as other risks previously disclosed in the Company's securities filings and press releases.

GENERAL

We are a wood products company which has been in business since 1980. Our business has increased over the years. We are almost wholly dependent on sales to Home Depot. Arbor also has traded securities for its own account.

RESULTS OF OPERATIONS

QUARTER ENDED JULY 31, 2001 COMPARED TO THE QUARTER ENDED JULY 31, 2000.

Net sales for the quarter ended July 31, 2001 were approximately \$132,000, an increase of 42% as compared to net sales of approximately \$93,000 for the quarter ended July 31, 2000. Net sales increased due to more sales to Home Depot.

Cost of sales were approximately \$67,000 for the quarter ended July 31, 2001, an increase of approximately \$20,000 or 43% over the comparable 2000 period cost of sales of approximately \$47,000. This increase is primarily attributable to Arbor's increase in sales.

Selling, general and administrative expenses were approximately \$157,000 for the quarter ended July 31, 2001, an increase of approximately \$62,000 or 65% over selling, general and administrative expenses of approximately \$95,000 for the quarter ended July 31, 2000. This increase was due primarily to an increase in shipping and packing expenses of approximately \$30,000, and an overall increase in other general expenses of \$32,000.

Interest income for the quarter ended July 31, 2001 was approximately \$3,000 compared to \$3,000 for the quarter ended July 31, 2000.

Arbor's net loss increased from approximately \$46,000 for the quarter ended July 31, 2000 to approximately \$89,000 for the quarter ended July 31, 2001. This was an increase of approximately \$43,000, or 93%.

LIQUIDITY AND CAPITAL RESOURCES

Edgar Filing: ARBOR ENTECH CORP - Form 10QSB

In the periods discussed above, Arbor's working capital requirements have been met primarily from sales of its wood products and partial payment of its notes receivable from related parties. At July 31, 2001 we had working capital of approximately \$630,000.

As at July 31, 2001, we had cash and cash equivalents of approximately \$286,000, which represented 39% of total assets. Arbor believes it has adequate working capital and will generate net revenues adequate to fund its operations for at least the next 12 months.

Net cash used in operating activities increased by approximately \$250,000 for the three months ended July 31, 2001 as compared to the three months ended July 31, 2000. This increase was primarily attributable to the following factors: (i) an increase in net loss of \$43,000, (ii) an increase in inventories of \$151,000 and (iii) a decrease in payables of \$75,000, offset by an increase in receivables of \$11,000.

The Company had no capital expenditures during the quarter ended July 31, 2001, compared with approximately \$18,000 for the quarter ended July 31, 2000.
