**DIGIMARC CORPORATION
PROXY STATEMENT FOR 2002 ANNUAL MEETING OF STOCKHOLDERS**

General Information

This Proxy Statement is being furnished to the stockholders of Digimarc Corporation (sometimes referred to herein as the Company), a Delaware corporation, on or about April 8, 2002, in connection with the solicitation by our Board of Directors (the Board of Directors) of proxies for use in voting at our Annual Meeting of Stockholders (the Annual Meeting) to be held on Thursday, May 9, 2002, at 2:00 p.m., local time, at the River Place Hotel, 1510 SW Harbor Way, Portland, Oregon 97201, and any adjournment or postponement thereof. The shares represented by the proxies received, properly marked, dated, executed and not revoked will be voted at the Annual Meeting by the proxies elected thereby.

The close of business on March 15, 2002 has been fixed as the record date (the Record Date) for determining the holders of shares of our common stock (Common Stock) entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, there were 17,178,509 shares of Common Stock outstanding and entitled to vote at the Annual Meeting.

Each outstanding share of Common Stock on the Record Date is entitled to one vote on all matters. The required quorum for the Annual Meeting is a majority of the shares outstanding, present either in person or by proxy, on the Record Date. There must be a quorum for the Annual Meeting to be held. Our Inspector of Elections will tabulate votes cast in person at the Annual Meeting.

Revocability of Proxy

You may revoke your proxy and change your vote at any time prior to voting at the Annual Meeting by:

delivering to us (to the attention of Robert P. Chamness, our Secretary) a written notice of revocation or a duly executed proxy bearing a later date, or

attending the Annual Meeting and voting in person.

Solicitation

This solicitation of proxies is being made by and paid for by us. Besides this solicitation by mail, our directors, officers and other employees may solicit proxies. Such persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse such persons and our transfer agent for their reasonable out-of-pocket expenses in forwarding such material. We may also retain the services of a proxy solicitation, information agent and/or mailing service to perform the broker nominee search and to distribute proxy materials to banks, brokers, nominees and intermediaries, for which we would not pay more than \$8,000.

Voting Procedures

Directors are elected by a plurality of the votes cast.

The approval of the ratification of our independent auditors for the fiscal year ending December 31, 2002 and the approval of the amendment and restatement of our 1999 Stock Incentive Plan will require the affirmative vote of a majority of the shares of Common Stock present or represented and entitled to vote at the Annual Meeting.

Abstentions are shares that abstain from voting on a particular matter. Abstentions effectively count as being present for purposes of determining whether a quorum of shares is present at a meeting.

Abstentions have no effect on Proposal No. 1. Because abstentions will be included in tabulations of the shares entitled to vote for purposes of determining whether a proposal has

Edgar Filing: DIGIMARC CORP - Form DEF 14A

been approved, abstentions have the same effect as negative votes on Proposal No. 2 and Proposal No. 3.

Broker non-votes are shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter. Broker non-votes have no effect on Proposal No. 1, Proposal No. 2 or Proposal No. 3.

ELECTION OF DIRECTORS (Proposal No. 1)

At the Annual Meeting, two directors are to be elected to serve for a term of three years and until their successors are elected and qualified, or until the death, resignation or removal of such director. Proxies will be voted for the election each of the nominees named below as director unless the authority to vote for the nominee is withheld. Mr. Davis and Mr. Grossi have indicated that each one is able and willing to serve if elected. In the event, however, that any nominee is unable or declines to serve as director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current Board of Directors to fill the vacancy. If Mr. Davis or Mr. Grossi should become unavailable prior to the election, the Board of Directors may recommend another person, and Mr. Davis and Mr. Ranjit, as your representatives, will vote for such person.

Our Bylaws authorize the number of directors to be not less than five and not more than eleven. The number of directors is currently fixed at eight. Our Board of Directors is divided into three classes, Class I, Class II and Class III. One class of directors will be elected each year for a three-year term and until their successors are selected and qualified or until their earlier resignation or removal. Mr. Taysom, Mr. van Luijt and Mr. Krepick, Class I directors, will serve until our 2003 annual meeting of stockholders; Mr. Monego, Mr. Rhoads and Mr. Smith, Class II directors, will serve until our 2004 annual meeting of stockholders; and Mr. Davis and Mr. Grossi, Class III directors, are up for election at this Annual Meeting.

**PROPOSAL THREE AMENDMENT AND RESTATEMENT OF DIGIMARC CORPORATION'S
1999 STOCK INCENTIVE PLAN
(Proposal No. 3)**

You are asked to vote on the proposed amendment and restatement of our 1999 Stock Incentive Plan (the 1999 Plan) to increase the number of shares of Common Stock reserved for issuance under the 1999 Plan from 6,147,714 shares to 6,897,714 shares, an increase of 750,000 shares. The purpose of amending the 1999 Plan is to enable us to continue to attract and retain talented employees by offering them participation in the 1999 Plan. As a result of our acquisition of the assets of the United States government identification systems business and foreign government digital identification systems business of Polaroid Corporation, Polaroid ID Systems, Inc. and certain other affiliated entities of Polaroid Corporation, we added approximately an additional 200 employees to our existing work force. In part because of this large increase to our workforce, the shares remaining in the 1999 Plan may not be sufficient to allow us to recruit and retain capable employees, consultants and directors for the successful conduct of our business.

The Board of Directors has approved an amendment of the 1999 Plan to increase the number of shares of Common Stock reserved for issuance under the 1999 Plan from 6,147,714 shares to 6,897,714 shares, an increase of 750,000 shares. This proposal to amend the 1999 Plan requires stockholder approval pursuant to the terms of the 1999 Plan. The Board of Directors recommends approval of the amendment because it believes the amendment increases our ability to attract, retain and motivate key employees, officers and directors by providing them with an enhanced proprietary interest in us, which results in an incentive to enhance our growth and profitability.

A general description of the principal terms of the 1999 Plan is set forth below. However, the summary does not purport to be a complete description of all of the provisions of the 1999 Plan. A

4

copy of the 1999 Plan is attached hereto as *Exhibit A* and is also available to any stockholder upon request.

General Description.

The 1999 Plan was initially approved by our Board of Directors in October 1999 and by our stockholders in November 1999, and amended by our Board of Directors in May 2000 and approved by our stockholders in July 2000. On March 29, 2002, the Board of Directors approved an amendment to the 1999 Plan, conditioned upon and not to take effect until approved by our stockholders, to increase the number of shares of common stock reserved for issuance under the 1999 Plan by 750,000 shares.

As of March 15, 2002, 81,942 options to purchase shares of our common stock under the 1999 Plan have been exercised, 4,707,791 options to purchase shares of common stock are outstanding, and options to purchase 1,357,981 shares of common stock remained available for grant. The outstanding options were exercisable at a weighted average exercise price of \$19.23 per share. As of March 15, 2002, the number of employees, directors and consultants eligible to receive grants under the 1999 Plan was approximately 400 persons.

Amendment to Increase Shares Reserved. As of March 15 2002, the number of shares reserved for issuance under the 1999 Plan is 6,147,714. This number equals the original 1,500,000 shares authorized for issuance at the time the 1999 Plan was implemented, plus another 75,322 shares that were either reserved but not granted under our 1995 Stock Incentive Plan as of the date of our initial public offering or were awards under our 1995 Stock Incentive Plan that have been forfeited, expired or were cancelled after our initial public offering, plus 1,500,000 shares authorized for issuance and approved by our stockholders in July 2000, plus 3,072,392 total aggregate shares of common stock reserved for issuance under the 1999 Plan pursuant to the automatic annual increase on January 1, 2001 and January 1, 2002.

The proposed amendment to the 1999 Plan provides that the number of shares reserved for issuance will be increased by 750,000 shares, bringing the total current reserve for issuance to 6,897,714.

Other Terms of the 1999 Plan. The purpose of the 1999 Plan is to attract and retain the best available personnel, to provide additional incentive to our employees, directors and consultants and our related entities and to promote the success of our business. The 1999 Plan provides

Edgar Filing: DIGIMARC CORP - Form DEF 14A

for the granting to employees of incentive stock options, and the granting to our employees, directors and consultants and our related entities of non-statutory stock options, stock appreciation rights, dividend equivalent rights, restricted stock, performance units, performance shares and other equity-based rights.

Under the provisions of the 1999 Plan, the number of shares reserved under the 1999 Plan will be automatically increased by awards under our 1995 Stock Incentive Plan that are forfeited, expire or are cancelled. In addition, the 1999 Plan provides that the number of shares of stock reserved for issuance under the 1999 Plan will be increased annually by a number equal to 7% of the fully-diluted number of shares outstanding as of that date or a lesser number of shares determined by the Board of Directors. However, the maximum number of shares available for issuance as incentive stock options shall be increased by the lesser of 1,200,000 shares, 7% of the number of fully-diluted shares outstanding as of that date or a lesser number of shares determined by the Board of Directors.

Under the 1999 Plan, our Board of Directors, or the compensation committee, administers the granting of stock and options to directors and officers in a way that allows these grants of stock to be exempt from Section 16(b) of the Securities Exchange Act of 1934, as amended (the Securities Exchange Act) and determines the provisions, terms and conditions of each award. With respect to Awards under the 1999 Plan subject to Internal Revenue Code (Code) Section 162(m), the Compensation Committee consists solely of two or more "outside directors" as defined under Code Section 162(m) and applicable tax regulations. When stock or options are granted to other participants

5

in the 1999 Plan, our Board of Directors, or the compensation committee administers these awards and determines the provisions, terms and conditions of each award. For grants of awards to individuals not subject to Rule 16b-3 and Code Section 162(m), the Board of Directors may authorize one or more officers to grant such awards.

During their lifetime, those who hold the incentive stock options granted under this plan cannot transfer these options. The options may be distributed by a will or the laws of descent upon the death of the option holder. No one is allowed to exercise the incentive stock options except the person to whom the options were first issued while that person is alive. Stock or options other than incentive stock options which are issued under the 1999 Plan can be transferred to the extent agreed upon at the time of the award.

The term of awards under the 1999 Plan will be determined by the Board of Directors or the compensation committee; however, the term of an incentive stock option may not be for more than ten years (or five years in the case of incentive stock options granted to any grantee who owns stock representing more than 10% of our combined voting power or any of our parent or subsidiary corporations). Where the award agreement permits the exercise or purchase of an award for a period of time following the recipient's termination of service with us, disability or death, that award will terminate to the extent not exercised or purchased on the last day of the specified period or the last day of the original term of the award, whichever occurs first.

The exercise price or purchase price, if any, of awards under the 1999 Plan that are not incentive stock options will be determined by the Board of Directors or the compensation committee. In the case of incentive stock options, that price cannot be less than 100% (or 110%, in the case of incentive stock options granted to any grantee who owns stock representing more than 10% of our combined voting power or any of our parent or subsidiary corporations) of the fair market value of the common stock on the date the option is granted. The exercise price of non-qualified stock options shall not be less than 50% of the fair market value of the stock. The aggregate fair market value of the common stock with respect to any incentive stock options that are exercisable for the first time by an eligible employee in any calendar year may not exceed \$100,000.

The number of stock options and stock appreciation rights which may be awarded to an employee in any fiscal year is limited to 750,000 shares. However, in connection with his or her initial commencement of services with us, a participant in the 1999 Plan may be granted stock options and stock appreciation rights for up to an additional 750,000 shares, which shall not count against the limit set forth in the previous sentence. The purpose of the limit is to ensure that any stock options and stock appreciation rights granted under the 1999 Plan will qualify as "performance-based compensation" under Section 162(m) of the Code.

The form of payment for the shares of common stock when options are exercised or stock is purchased under an award will be determined by the Board of Directors or the compensation committee and may include cash, check, shares of common stock or the assignment of part of the proceeds from the sale of shares acquired upon exercise or purchase of the award.

If a third party acquires us through the purchase of all or substantially all of our assets, a merger or other business combination, except as otherwise provided in an individual award agreement, all unexercised options will terminate unless assumed by the successor corporation. Unless terminated sooner, the 1999 Plan will terminate automatically in 2009. The Board of Directors has the authority to amend, suspend or terminate the 1999 Plan, subject to stockholder approval of certain amendments. However, no action may be taken which will adversely affect

Edgar Filing: DIGIMARC CORP - Form DEF 14A

awards previously granted under the 1999 Plan unless agreed to by the affected grantees.

Certain Federal Tax Consequences. The grant of a non-qualified stock option under the 1999 Plan does not result in any federal income tax consequences to the optionee or to us. Upon exercise of a

6

non-qualified stock option, the optionee is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares on the date of exercise. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by the optionee, subject to possible limitations imposed by Section 162(m) of the Code. Any gain or loss on the optionee's subsequent disposition of the shares of common stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. We do not receive a tax deduction for any such gain.

The grant of an incentive stock option under the 1999 Plan does not result in any federal income tax consequences to the optionee or to us. An optionee recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and we receive no deduction at the time of exercise. The Internal Revenue Service recently issued proposed regulations that would subject participants to withholding at the time participants exercise an incentive stock option for Social Security, Medicare and other payroll taxes (not including income tax) based upon the excess of the fair market value of the shares on the date of exercise over the exercise price. These proposed regulations, if adopted, would be effective only for the exercise of incentive stock options on or after January 1, 2003. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the optionee has held the shares of common stock. If the optionee does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the option was exercised, the optionee will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. We are not entitled to any deduction under these circumstances.

If the optionee fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a "disqualifying disposition"). The amount of such ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price, or (ii) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. We, in the year of the disqualifying disposition, are entitled to a deduction equal to the amount of ordinary income recognized by the optionee, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

The "spread" under an incentive stock option i.e., the difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax.

The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income and the individual's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on whether the shares are held for more than one year and depending on how long the stock has been held since the restrictions lapsed. We do not receive a tax deduction for any such gain.

Recipients of restricted stock may make an election under Internal Revenue Code Section 83(b) ("Section 83(b) Election") to recognize as ordinary compensation income in the year that such

7

restricted stock is granted the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) Election must be made within thirty days from the time the restricted stock is issued.

Edgar Filing: DIGIMARC CORP - Form DEF 14A

Recipients of stock appreciation rights ("SARs"), performance units or performance shares generally should not recognize income until such rights are exercised (assuming there is no ceiling on the value of the right). Upon exercise, the participating individual will normally recognize ordinary compensation income for federal income tax purposes equal to the amount of cash and the fair market value of stock, if any, received upon such exercise. Participating individuals who are employees will be subject to withholding with respect to income recognized upon exercise of a SAR, performance unit or performance share.

We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participating individual, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income and the individual's total compensation is deemed reasonable in amount. Participating individuals will recognize gain upon the disposition of any stock received on exercise of a SAR, performance unit or performance share equal to the excess of (1) the amount realized on such disposition over (2) the ordinary income recognized with respect to such stock under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the stock was held for more than one year.

Recipients of dividend equivalent rights will recognize ordinary compensation income on any dividend payments received, which income is subject to withholding for federal income and employment tax purposes. Meetings and Committees of the Board of Directors

During 2001, the Board of Directors met ten times. Each director attended at least 75% of the aggregate of (a) the total number of Board of Directors meetings held during the period in which he was a director and (b) the total number of committee meetings of the Board of Directors on which he served during the period in which he was a director.

The Board of Directors has a compensation committee and an audit committee. The Board of Directors does not have a nominating committee.

The compensation committee, consisting of Messrs. Monego and Grossi, exercises the authority of the Board of Directors on all compensation matters, including both cash and equity incentive compensation, and administers our employee benefit plans. The compensation committee met eight times during 2001.

The audit committee, consisting of Messrs. Monego, Grossi, and Smith, recommends the selection of independent public accountants to the Board of Directors, reviews the scope and results of the audit and other services provided by our independent accountants and reviews our accounting practices and systems of internal accounting controls. The audit committee met four times during 2001.

The Board of Directors adopted and approved the current charter for the audit committee in May 2000, a copy of which was attached to our Proxy Statement for the 2001 Annual Meeting of Stockholders. A copy of that Proxy Statement (as well as other information regarding Digimarc) can be inspected and copied at the public reference facilities maintained by the Securities and Exchange Commission at: Judiciary

Director Compensation

Directors who are also our employees receive no additional compensation for their services as directors. Directors who are not our employees do not receive a fee for attendance in person at meetings of the Board of Directors or committees of the Board of Directors, but they are reimbursed for travel expenses and other out-of-pocket costs incurred in connection with their attendance of meetings.

We have a 1999 Non-Employee Director Option Program, which was approved by our Board of Directors in October 1999, became effective in December 1999 and was amended on April 22, 2001 and on March 29, 2002. The 1999 Non-Employee Director Option Program, as amended, establishes an automatic option grant program for the grant of awards to our non-employee directors. Under this program, existing non-employee directors first elected to our Board of Directors are automatically granted an option to acquire 20,000 shares of Common Stock at an exercise price per share equal to fair market value of the Common Stock at the date of grant. These options vest and become exercisable in 36 equal installments on each monthly anniversary of the grant date, such that the stock option will be fully exercisable three years after the grant date. Upon the date of each annual stockholders meeting, each non-employee director who has been a member of our Board of Directors for at least six months prior to the date of the stockholders meeting will receive an automatic grant of options to acquire 12,000 shares of our Common Stock at an exercise price per share equal to fair market value of the Common Stock at the date of grant. These options vest and become exercisable in twelve equal installments on each monthly anniversary of the grant date, such that the stock option will be fully exercisable one year after the grant date.

The 1999 Non-Employee Director Option Program was amended on March 29, 2002 to provide for the automatic grant of an option to acquire 3,000 shares of Common Stock at an exercise price per share equal to the fair market value of the Common Stock at the date of grant to each non-employee director who serves as a member of a committee of the Board of Directors immediately following each annual meeting of our stockholders, commencing with this Annual Meeting to be held on May 9, 2002. This policy was amended in January 2000 to include all our officers. All shares subject to their options that have not vested will immediately vest if the following two conditions are met:

we merge with another company and there is a change of control of our Company or we sell substantially all of our assets to another company; and

any officer's employment is terminated, or constructively terminated, within twelve months thereafter.

Stock Options

Edgar Filing: DIGIMARC CORP - Form DEF 14A

The following table sets forth certain information with respect to stock options granted during the year ended December 31, 2001 to each of the Named Executive Officers. In accordance with the rules of the Securities and Exchange Commission, also shown below is the potential realizable value over the term of the options (the period from the grant date to the expiration date) based on assumed rates of stock appreciation of 5% and 10%, compounded annually. These amounts are based on certain assumed rates of appreciation and do not represent our estimate of future stock price. Actual gains, if any, on stock option exercises will be dependent on the future performance of our Common Stock and overall stock market conditions. There can be no assurance that the amounts reflected in this table will be achieved.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act, or the Securities Exchange Act, that might incorporate future filings, including this Proxy Statement, in whole or in part, the following report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such report be incorporated by reference into any such filings, nor be deemed to be incorporated by reference into any future filings under the Securities Act or the Exchange Act.

We have a compensation committee of the Board of Directors (the Compensation Committee) which has the authority and responsibility to approve the overall compensation strategy, administer our annual and long-term compensation plans, and review and make recommendations to the Board of Directors with respect to executive compensation. The Compensation Committee consists of independent, non-employee Board of Director members.

General Compensation Policy

The Compensation Committee's overall policy is to offer our executive officers competitive compensation opportunities. The Compensation Committee utilizes competitive data and summaries provided by iQuantic Buck, Radford Associates and the American Electronics Association to develop compensation recommendations competitive with other companies in the communications industry. The Compensation Committee's objectives are to:

create a performance oriented environment with variable compensation based upon the achievement of annual and longer-term business results;

focus management on maximizing stockholder value through stock-based compensation aligned to stockholders' return; and

provide compensation opportunities dependent upon the Company's performance relative to its competitors and changes in its own performance over time.

The Compensation Committee is authorized to establish and maintain compensation guidelines for salaries and merit pay increases throughout the Company. The compensation committee also makes specific recommendations to the Board of Directors concerning the compensation of our executive officers, including the Chief Executive Officer. The Compensation Committee also administers our 1995 Stock Incentive Plan, our 1999 Stock Incentive Plan and our 1999 Employee Stock Purchase Plan.

Factors

The primary factors considered in establishing the components of each executive officer's compensation package for the year ended December 31, 2001 are summarized below. The Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Base Salary. The base salary for each officer is set on the basis of personal performance, the salary levels in effect for comparable positions with other companies in the industry, and internal comparability considerations. Generally, the Company's performance and profitability are not taken into account in establishing base salary. Salaries paid to the our executive officers for the year ended December 31, 2001 ranged from the 50th percentile at the low end to the 75th percentile at the high end of the compensation data surveyed for the industry. A number of adjustments were made to the surveyed compensation data for the industry to reflect differences in management style, organizational

Edgar Filing: DIGIMARC CORP - Form DEF 14A

structure and corporate culture, geographic location, product development stage and market capitalization between us and the surveyed entities. As a result of these adjustments, there is not a meaningful correlation between the companies in the industry which were taken into account for comparative compensation purposes and the companies included in the industry group index which appears later in this Proxy Statement for purposes of evaluating the price performance of the Company's Common Stock. See "Stock Performance Graph."

Annual Incentive Compensation. For the year ended December 31, 2001, specific financial and organizational objectives, including revenue and orders targets, were established as the basis for the incentive bonuses to be paid to the executive officers of the Company.

Under the supervision of the Compensation Committee, the Company has established an incentive program for executive and corporate officers pursuant to which cash bonuses are payable to such executives. These executives are responsible for establishing strategic direction or are responsible for major functional or operating units and have an impact on bottom-line results. The Company has tied executive compensation to the achievement of Company goals, putting a substantial portion of executive compensation at risk. For 2001, the performance measures were based on the achievement of the Company's earnings per share goal, revenue growth and other specific financial objectives for business unit participants, as well as measures directly tied to stockholder value creation. Each element of the performance expectations and the target incentive amounts are established at the start of the year for each executive, stated as a dollar amount. Final payout is calculated based upon the results attained relative to the preset performance targets. If performance is below the threshold amount established, the payout is reduced accordingly. If the targeted results and Company goals are attained, the target incentive amounts are payable.

The amounts shown on the Executive Compensation table reflect the amounts paid under the guidelines stated above.

Long-Term Stock-Based Incentive Compensation. Generally, the Compensation Committee awards stock options to each of our executive officers following their initial hiring and from time to time thereafter. The option grants are designed to align the interests of the executive officer with those of the stockholders and to provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business.

Generally, the size of the option grant made to each executive officer is set at a level which the Compensation Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, but the Compensation Committee also takes into account comparable awards to individuals in similar positions in the industry, as reflected in external surveys, the individual's potential for future responsibility and promotion, the individual's performance in recent periods and the number of unvested options held by the individual at the time of the grant. The relative weight given to each of these factors will vary from individual to individual in the Compensation Committee's discretion. Each of Mr. Davis, Mr. Rhoads, Mr. Ranjit, Mr. Carr, Mr. Paul, Mr. Gifford, Mr. Stager and Mr. Munday received stock option grants in 2001.

Each grant allows the executive officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to 10 years). The option will generally become exercisable in installments over a four-year period, contingent upon the executive officer's continued employment with the Company. Accordingly, the option will provide a return to the executive officer only if he remains in the Company's employ, and then only if the market price of the Company's Common Stock appreciates over the option term.

CEO Compensation

The Compensation Committee utilized the services of an outside consulting firm in 2001 to assist them in determining Mr. Davis' compensation. Mr. Davis's 2001 base salary and bonus target were set near the median range for the industry when compared with those of executives holding similar positions with other companies in the technology industries that are similar to Digimarc. Mr. Davis received a bonus of \$65,625 and stock options to purchase 150,000 shares of Common Stock in 2001.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly held companies for compensation exceeding \$1 million paid to certain executive officers. The limitation applies only to compensation which is not considered to be performance-based. The non-performance-based compensation paid to our executive officers in 2001 did not exceed the \$1 million limit per officer.

The Compensation Committee is aware of the limitations imposed by Section 162(m), and its exemptions, and will address the issue of deductibility when and if circumstances warrant.

During 2000, we issued in private placement transactions shares of our Common Stock as follows:

on October 20, 2000, we completed the sale of 1,089,983 shares of our Common Stock to Macrovision Corporation for proceeds of approximately \$21.8 million; and

on October 20, 2000, we completed the sale of 1,933,879 shares of our Common Stock to Koninklijke Philips Electronics N.V. for proceeds of approximately \$38.7 million

In each instance, the issuance of shares was made on reliance on Section 4(2) of the Securities Act, and Regulation D promulgated thereunder.

William Krepick, the President and Chief Executive Officer of Macrovision, was appointed to our Board of Directors on October 20, 2000.

Alty van Luijt, the Senior Vice President for Strategy and Business Development with Philips Corporate Research, was appointed to our Board of Directors on December 1, 2000.

Investors' Rights Agreement

On October 20, 2000, we entered into a Strategic Investment Agreement with Macrovision Corporation.

Under the terms of this agreement, if we propose to register any of our securities under the Securities Act, we must give Macrovision 30 days' prior notice of registration and include a portion of its shares of Common Stock in the registration. Additionally, upon written demand

of Macrovision, we will be required to file a registration statement on form S-3 or any similar short-form registration statement if requested to do so by Macrovision, provided that the aggregate offering price for the securities to be sold is more than \$1,000,000. Furthermore, we are only required to effect two demand

registrations on form S-3 within any 12-month period. Macrovision cannot demand that we file a registration statement prior to the date 180 days following the effective date of any registration statement filed by us.

On October 20, 2000, we entered into a Strategic Investment Agreement with Koninklijke Philips Electronics N.V.

Under the terms of this agreement, if we propose to register any of our securities under the Securities Act, we must give Philips 30 days' prior notice of registration and include a portion of its shares of Common Stock in the registration. Additionally, upon written demand of Philips, we will be required to file a registration statement on form S-3 or any similar short-form registration statement if requested to do so by Philips, provided that the aggregate offering price for the securities to be sold is more than \$1,000,000. Furthermore, we are only required to effect two demand registrations on form S-3 within any 12-month period. Philips cannot demand that we file a registration statement prior to the date 180 days following the effective date of any registration statement filed by us.

All expenses in effecting these registrations will be borne by us, excluding underwriting discounts, selling commissions and stock transfer taxes, which shall be borne proportionately by the holders of the securities that have been registered. These registration rights are subject to conditions and limitations, among them the right of the underwriters of an offering to limit the number of shares included in the registration. We have agreed to indemnify each of Macrovision and Philips of these registration rights, and each of Macrovision and Philips has agreed to indemnify us, against liabilities under the Securities Act, the Securities Exchange Act or other applicable federal or state law.

Transactions with Directors and Executive Officers

We have entered into indemnification agreements with each of our directors and executive officers. Such agreements require us to indemnify such individuals to the fullest extent permitted by Delaware law.

All future transaction between us and our officers, directors, principal stockholders and affiliates will be approved by a majority of the Board of Directors, including a majority of the disinterested non-employee directors on the Board of Directors, and will be on terms no less favorable to us than could be obtained from unaffiliated third parties.

We are considering a transaction, or possibly a series of transactions, with GRP, Inc., a California corporation, which may involve joint marketing agreements to certain government entities and other customers relating to photogrammetric projects and the synthesis of satellite and terrain imagery into maps and geographically-keyed databases. The geospatial marketing opportunities may also require technology licensing agreements and joint development work by us and GRP. The following directors and executive officers of our company are investors in GRP: Geoff Rhoads, Bruce Davis, and E.K. Ranjit. Their aggregate ownership interest in GRP is approximately 40.12%. Discussions between GRP and us, and discussions with potential customers, are preliminary and so the amount involved in the potential transactions cannot be determined at this time. Mr. Rhoads is also a director and executive officer of GRP.

(ii) *Administration With Respect to Consultants and Other Employees.* With respect to grants of Awards to Employees or Consultants who are neither Directors nor Officers of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. Subject to Applicable Laws, the Board may authorize one or more Officers to grant such Awards and may limit such authority as the Board determines from time to time.

(iii) *Administration With Respect to Covered Employees.* Notwithstanding the foregoing, grants of Awards to any Covered Employee intended to qualify as Performance-Based Compensation shall be made only by a Committee (or subcommittee of a Committee) which is

A-4

comprised solely of two or more Directors eligible to serve on a committee making Awards qualifying as Performance-Based Compensation. In the case of such Awards granted to Covered Employees, references to the "Administrator" or to a "Committee" shall be deemed to be references to such Committee or subcommittee.

(iv) *Administration Errors.* In the event an Award is granted in a manner inconsistent with the provisions of this subsection (a), such Award shall be presumptively valid as of its grant date to the extent permitted by the Applicable Laws.

(b) *Powers of the Plan Administrator.* Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Plan Administrator hereunder), and except as otherwise provided by the Board, the Plan Administrator shall have the authority, in its discretion:

(i) to select the Employees, Directors and Consultants to whom Awards may be granted from time to time hereunder;

(ii) to determine whether and to what extent Awards are granted hereunder;

(iii) to determine the number of Shares or the amount of other consideration to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions of any Award granted hereunder;

(vi) to amend the terms of any outstanding Award granted under the Plan, provided that any amendment that would adversely affect the Grantee's rights under an outstanding Award shall not be made without the Grantee's written consent;

(vii) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan, including without limitation, any notice of Award or Award Agreement, granted pursuant to the Plan;

(viii) to establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable foreign jurisdictions and to afford Grantees favorable treatment under such laws; provided, however, that no Award shall be

Edgar Filing: DIGIMARC CORP - Form DEF 14A

granted under any such additional terms, conditions, rules or procedures with terms or conditions which are inconsistent with the provisions of the Plan; and

(ix) to take such other action, not inconsistent with the terms of the Plan, as the Plan Administrator deems appropriate.

5. *Eligibility.* Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company, a Parent or a Subsidiary. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in foreign jurisdictions as the Plan Administrator may determine from time to time.

6. *Terms and Conditions of Awards.*

(a) *Type of Awards.* The Plan Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) an Option, a SAR or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions, or (iii) any other security with the value derived from the value of the Shares. Such awards

A-5

include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Dividend Equivalent Rights, Performance Units or Performance Shares, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) *Designation of Award.* Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options, to the extent of the Shares covered thereby in excess of the foregoing limitation, shall be treated as Non-Qualified Stock Options. For this purpose, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the date the Option with respect to such Shares is granted.

(c) *Conditions of Award.* Subject to the terms of the Plan, the Plan Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Plan Administrator may be based on any one of, or combination of, increase in share price, earnings per share, total stockholder return, return on equity, return on assets, return on investment, net operating income, cash flow, revenue, economic value added, personal management objectives, or other measure of performance selected by the Plan Administrator. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement.

(d) *Acquisitions and Other Transactions.* The Plan Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) *Deferral of Award Payment.* The Plan Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Plan Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Plan Administrator deems advisable for the administration of any such deferral program.

(f) *Award Exchange Programs.* The Plan Administrator may establish one or more programs under the Plan to permit selected Grantees to exchange an Award under the Plan for one or more other types of Awards under the Plan on such terms and conditions as determined by the Plan Administrator from time to time.

(g) *Separate Programs.* The Plan Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Plan Administrator from time to time.

A-6

(h) *Individual Option and SAR Limit.* The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company shall be seven hundred and fifty thousand (750,000) Shares. In connection with a Grantee's commencement of Continuous Service, a Grantee may be granted Options and SARs for up to an additional seven hundred and fifty thousand (750,000) Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(i) *Early Exercise.* The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Plan Administrator determines to be appropriate.

(j) *Term of Award.* The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term of an Incentive Stock Option shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement.

(k) *Transferability of Awards.* Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee; provided, however, that the Grantee may designate a beneficiary of the Grantee's Incentive Stock Option in the event of the Grantee's death on a beneficiary designation form provided by the Plan Administrator. Other Awards may be transferred by gift or through a domestic relations order to members of the Grantee's Immediate Family to the extent provided in the Award Agreement or in the manner and to the extent determined by the Plan Administrator.

(l) *Time of Granting Awards.* The date of grant of an Award shall for all purposes be the date on which the Plan Administrator makes the determination to grant such Award, or such other date as is determined by the Plan Administrator. Notice of the grant determination shall be given to each Employee, Director or Consultant to whom an Award is so granted within a reasonable time after the date of such grant.

7. *Award Exercise or Purchase Price, Consideration, and Taxes.*

(a) *Exercise or Purchase Price.* The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be not

A-7

Edgar Filing: DIGIMARC CORP - Form DEF 14A

less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than fifty percent (50%) of the Fair Market Value per Share on the date of grant unless otherwise determined by the Plan Administrator.

(iii) In the case of Awards intended to qualify as Performance-Based Compensation, the exercise or purchase price, if any, shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iv) In the case of other Awards, such price as is determined by the Plan Administrator.

(v) Notwithstanding the foregoing provisions of this Section 7(a), in the case of an Award issued pursuant to Section 6(d), above, the exercise or purchase price for the Award shall be determined in accordance with the principles of Section 424(a) of the Code.

(b) *Consideration.* Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Plan Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant). In addition to any other types of consideration the Plan Administrator may determine, the Plan Administrator is authorized to accept as consideration for Shares issued under the Plan the following, provided that the portion of the consideration equal to the par value of the Shares must be paid in cash or other legal consideration permitted by the Delaware General Corporation Law:

(i) cash;

(ii) check;

(iii) delivery of Grantee's promissory note with such recourse, interest, security, and redemption provisions as the Plan Administrator determines as appropriate;

(iv) if the exercise or purchase occurs on or after the Registration Date, surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Plan Administrator may require (including withholding of Shares otherwise deliverable upon exercise of the Award) which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised (but only to the extent that such exercise of the Award would not result in an accounting compensation charge with respect to the Shares used to pay the exercise price unless otherwise determined by the Plan Administrator);

(v) with respect to Options, if the exercise occurs on or after the Registration Date, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(vi) any combination of the foregoing methods of payment.

A-8

(c) *Taxes.* No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Plan Administrator for the satisfaction of any foreign, federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares or the disqualifying disposition of Shares received on exercise of an Incentive Stock Option. Upon exercise of an Award, the Company shall withhold or collect from Grantee an amount sufficient to satisfy such tax obligations.

8. *Exercise of Award.*

(a) *Procedure for Exercise; Rights as a Stockholder.*

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Plan Administrator under the terms of the Plan and specified in the Award Agreement.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(v). Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to Shares subject to an Award, notwithstanding the exercise of an Option or other Award. The Company shall issue (or cause to be issued) such stock certificate promptly upon exercise of the Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in the Award Agreement or Section 10, below.

(b) *Exercise of Award Following Termination of Continuous Service.*

(i) An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.

(ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.

(iii) Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

9. *Conditions Upon Issuance of Shares.*

(a) Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares pursuant thereto shall comply with all Applicable Laws, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares

A-9

are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

10. *Adjustments Upon Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, the maximum number of Shares with respect to which Options and SARs may be granted to any Employee in any fiscal year of the Company, as well as any other terms that the Plan Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or similar event affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) as the Plan Administrator may determine in its discretion, any other transaction with respect to Common

Edgar Filing: DIGIMARC CORP - Form DEF 14A

Stock to which Section 424(a) of the Code applies or any similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Plan Administrator and its determination shall be final, binding and conclusive. Except as the Plan Administrator determines, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

11. *Effective Date and Term of Plan.* The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated. Subject to Section 16, below, and Applicable Laws, Awards may be granted under the Plan upon its becoming effective.

12. *Amendment, Suspension or Termination of the Plan.*

(a) The Board may at any time amend, suspend or terminate the Plan. To the extent necessary to comply with Applicable Laws, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required.

(b) No Award may be granted during any suspension of the Plan or after termination of the Plan.

(c) No amendment, suspension or termination of the Plan (including termination of the Plan under Section 11, above) shall adversely affect any rights under Awards already granted to a Grantee, unless consented to by the Grantee.

13. *Reservation of Shares.*

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

14. *No Effect on Terms of Employment/Consulting Relationship.* The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Service, nor shall it interfere in any way with his or her right or the Company's right to terminate the Grantee's Continuous Service at any time, with or without cause.

A-10

15. *No Effect on Retirement and Other Benefit Plans.* Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Retirement Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

16. *Stockholder Approval.* The Plan became effective when adopted by the Board in October 1999. On May 26, 2000, the Board adopted and approved an amendment and restatement of the Plan (a) to increase the number of Shares available for issuance under the Plan, (b) to increase the maximum number of shares by which the aggregate number of Shares available for issuance under the Plan and the aggregate number of Shares available for grant of Incentive Stock Options may be increased each year and (c) to adopt a limit on the maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company and certain other administrative provisions to comply with the performance-based compensation exception to the deduction limit of Section 162(m) of the Code, which amendments are subject to approval by the stockholders of the Company. On March 29, 2002, the Board adopted and approved an amendment and restatement of the Plan to increase the number of Shares available for issuance under the Plan, which amendment is subject to approval by the stockholders of the Company.
