KATY INDUSTRIES, INC.  
ANNOUNCES RESULTS FOR FOURTH QUARTER AND YEAR 2000  
AND DEFINITIVE AGREEMENT FOR RECAPITALIZATION

ENGLEWOOD, CO - March 30, 2001 -- Katy Industries, Inc. (NYSE: KT) today

## Edgar Filing: KATY INDUSTRIES INC - Form SC14D9C

reported a net loss for the fourth quarter of 2000 of (\$2,275,000) or (\$.28) per diluted share, compared to net income of \$4,459,000, or \$.49 per diluted share, in the fourth quarter of 1999. Fourth quarter results of 2000 include unusual charges totaling (\$706,000) after-tax, or (\$.08) per share, while the same period results of 1999 include unusual income of \$2,238,000 after-tax, or \$.22 per diluted share. Unusual items are detailed on a schedule accompanying this release.

For the full year 2000, the Company reported a net loss of (\$5,458,000) or (\$.65) per diluted share, compared to net income of \$10,455,000, or \$1.21 per diluted share, in 1999. The year 2000 results include unusual charges totaling (\$3,237,000) after-tax, or (\$.39) per share, while 1999's results include unusual income of \$1,848,000 after-tax, or \$.18 per diluted share.

Katy indicated that it expects a loss for the first quarter of 2001 from its continuing segments which is estimated to be in the range of (\$.20) to (\$.30) per share, excluding unusual charges.

Katy also announced that the Board had determined to suspend payments of quarterly dividends and that the Company has obtained waivers from its existing bank lenders for compliance with certain financial covenants through June 30, 2001.

Katy further announced that it has entered into a definitive agreement with an affiliate of Kohlberg Investors IV, L.P. an affiliate of Kohlberg & Co. L.L.C. ("Kohlberg") for a recapitalization of Katy. Under the agreement, the Kohlberg affiliate would commence a tender offer for up to 2,500,000 shares of Katy common stock at a price of \$8.00 per share and would purchase at least 400,000 shares of newly issued convertible preferred stock at \$100 per share for not less than \$40,000,000. Proceeds from the newly issued convertible preferred stock would principally be used to reduce Katy's existing debt and would also be used to partially redeem a third party's preferred interest in a Katy subsidiary.

Each preferred share would be convertible into 12.5 shares of common stock. The common stock underlying the preferred, together with the common stock to be purchased in the tender offer, would represent a majority of the outstanding common stock after giving effect to the conversion of the preferred.

The Kohlberg affiliate has obtained a commitment letter from Deutsche Banc Alex. Brown to provide Katy up to \$150 million of senior secured term and revolving loans to refinance the balance of the Company's existing debt.

Completion of the transaction is subject to a number of conditions, including affirmative vote of Katy's shareholders to authorize the convertible preferred stock and to elect six Kohlberg designees as directors of the Company, who will then represent a majority of the Board, and completion of the sale of an operating subsidiary pursuant to an existing letter of intent.
