MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Unless otherwise specified herein, references to "Ocean Rig" or the "Company" or "we" shall include Ocean Rig UDW Inc. and its applicable subsidiaries. The following management's discussion and analysis should be read in conjunction with our unaudited interim condensed consolidated financial statements and related notes included herein. This discussion contains forward-looking statements that reflect our current views with respect to future events and financial performance. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors, such as those set forth in the section entitled "Risk Factors" included in Company's Annual Report on Form 20-F (File No. 001-35298) for the fiscal year ended December 31, 2013 filed with the Securities and Exchange Commission (the "Commission") on February 21, 2014 and our Registration Statement on Form F-3ASR, filed with the Commission on October 16, 2012. See also the discussion in the section entitled "Forward Looking Statements" below.

Revenues

Revenues from drilling contracts increased by \$295.9 million, or 58.4%, to \$802.2 million for the six-month period ended June 30, 2014, as compared to \$506.3 million for the six-month period ended June 30, 2013. The increase is primarily attributable to the operations of the Ocean Rig Athena, the Ocean Rig Mylos and the Ocean Rig Skyros that were recently added to the fleet, which contributed, in aggregate, \$204.4 million. Moreover, the operations of the Ocean Rig Mykonos, the Ocean Rig Poseidon, the Ocean Rig Olympia and the Ocean Rig Corcovado and contributed, in aggregate, \$384.7 million revenues during the six-month period ended June 30, 2014, as compared to \$344.0 million during the same period in 2013 and the operations of the Eirik Raude and Leiv Eiriksson, contributed \$212.7 million six-month period ended June 30, 2014 as compared to \$162.3 million during the same period in 2013. The maximum day rates for the contracts on which our drilling units were employed during the six-month period ended June 30, 2014, ranged between approximately \$443,016 and \$690,100 per day. The maximum day rates for the contracts on which our drilling units were employed during the six-month period ended June 30, 2013, ranged between approximately \$432,000 and \$670,000 per day.

Operating expenses

Drilling rigs and drillships operating expenses increased by \$96.9 million, or 40.8%, to \$334.6 million for the six-month period ended June 30, 2014, compared to \$237.7 million for the six-month period ended June 30, 2013. The increase in operating expenses was mainly due to operation of the Ocean Rig Mylos, Ocean Rig Skyros and Ocean Rig Athena, which were recently added to the fleet, resulting in operating expenses of \$85.8 million, which were added to the fleet and the increase in operating expenses of the Leiv Eiriksson, the Ocean Rig Olympia, the Ocean Rig Poseidon and the Ocean Rig Mykonos amounting to \$31.1 million. These increases were partly offset by a decrease of \$20.0 million in operating expenses of the Eirik Raude and Ocean Rig Corcovado.

Depreciation and amortization expense

Depreciation and amortization expense increased by \$49.1 million, or 45.0%, to \$158.1 million for the six-month period ended June 30, 2014, as compared to \$109.0 million for the six-month period ended June 30, 2013. The increase in depreciation and amortization expense was mainly attributable to the operation of the Ocean Rig Mylos, Ocean Rig Skyros and Ocean Rig Athena, amounting to \$38.8 million, which were recently added to the fleet, the increase in depreciation expense of Leiv Eiriksson and Eirik Raude amounting to \$4.7 million in aggregate and the increase in depreciation expense of the Ocean Rig Mykonos and Ocean Rig Corcovado amounting \$5.6 million. The depreciation expense charged for the Ocean Rig Olympia and Ocean Rig Poseidon remained approximately the same for the six-month period ended June 30, 2014 as compared to the relevant period in 2013.

General and administrative expenses

General and administrative expenses increased by \$17.3 million, or 37.5%, to \$63.4 million for the six-month period ended June 30, 2014, as compared to \$46.1 million for the six-month period ended June 30, 2013, due to the increased cost for the operation of the offices in Angola and Athens.

Legal Settlement and other, net

Legal settlements and other, net decreased by \$4.4 million, or 73.3%, to a loss of \$1.6 million for the six-month period ended June 30, 2014, as compared to a loss of \$6.0 million for the six-month period ended June 30, 2013. The amount of \$1.6 million concerns cancellation fees from a blow-out preventer order for the Leiv Eiriksson.

Interest and finance costs

Interest and finance costs increased by \$85.7 million, or 132.3%, to \$150.5 million for the six-month period ended June 30, 2014, as compared to \$64.8 million for the six-month period ended June 30, 2013. The increase is mainly associated with the non-cash write-offs and redemption costs associated with the full refinancing of the Company's \$500.0 million 9.5% senior unsecured notes due 2016, totaling \$32.6 million and the higher level of debt during the six-month period ended June 30, 2014.

Interest income

Interest income increased by \$3.6 million, or 116.1%, to \$6.7 million for the six-month period ended June 30, 2014, compared to \$3.1 million for the six-month period ended June 30, 2013. The increase was mainly due to an increased average cash balance and higher interest rates on our deposits during the six month period ended June 30, 2014, as compared to the relevant period in 2013.

Gain/ (loss) on interest rate swaps

For the six-month period ended June 30, 2014 we incurred losses on interest rate swaps of \$10.2 million, as compared to gains of \$19.9 million for the six-month period ended June 30, 2013, a decrease of 151.3%. The loss for the six-month period ended June 30, 2014, was mainly due to mark to market losses of outstanding swap positions.

Other, net

Other, net decreased by \$2.7 million, or a decrease of 65.9%, to \$1.4 million for the six-month period ended June 30, 2014, compared to a gain of \$4.1 million for the six-month period ended June 30, 2013. The decrease is mainly due to foreign currency exchange rate differences.

Income taxes

Income taxes decreased by \$0.7 million, or a decrease of 2.8%, to \$23.9 million for the six-month period ended June 30, 2014, compared to \$24.6 million for the six-month period ended June 30, 2013. As our drilling units operate around the world, they may become subject to taxation in many different jurisdictions. The basis for such taxation depends on the relevant regulation in the countries in which we operate. Consequently, there is no expected relationship between the income tax expense or benefit for the period and the income or loss before taxes.

Liquidity

As of June 30, 2014, we had \$457.9 million of cash and cash equivalents and \$78.2 million restricted cash mainly related to: (i) bank deposits which are blocked or pledged as cash collateral; and (ii) required minimum cash and cash equivalents (or "minimum liquidity").

Our cash and cash equivalents decreased by \$147.6 million, or 24.4%, to \$457.9 million as of June 30, 2014, compared to \$605.5 million as of December 31, 2013, and our restricted cash increased by \$24.6 million, or 45.9%, to \$78.2 million as of June 30, 2014, compared to \$53.6 million as of December 31, 2013. The decrease in our cash and cash equivalents was mainly due to loan repayments and payment of financing costs amounting to \$565.1 million, the payment of dividends amounting to \$25.1 million, the payment for the delivery of the Ocean Rig Athena amounting to \$398.8 million and the payment of \$232.4 million for our drillships under construction, which were offset with loan

proceeds amounting to \$950.0 million. Working capital is defined as current assets minus current liabilities (including the current portion of long-term debt). Our working capital surplus amounted to \$427.6 million as of June 30, 2014, compared to a working capital surplus of \$466.1 million as of December 31, 2013. We believe that we will be able to satisfy our liquidity needs for the next 12 months with the cash we generate from our operations and, if required, proceeds, from future debt or equity issuances.

3

As of June 30, 2014, we had total indebtedness of \$4.4 billion under our senior secured credit facilities and secured notes, excluding unamortized deferred financing costs. As of June 30, 2014, we were in compliance with all covenants related to our credit facilities.

As of June 30, 2014, we had \$1.9 billion of remaining installment payments under our drillship newbuilding contracts relating to our four newbuilding drillships. The drillships under construction, Ocean Rig Apollo, the Ocean Rig Santorini and the two 7th generation, new integrated design drillships under construction, H2119 and H2120 will be financed with cash on hand, operating cash flow, equity financing and additional bank debt.

Cash flow

Net cash provided by operating activities was \$189.6 million for the six-month period ended June 30, 2014. For the six-month period ended June 30, 2014, net income was adjusted for the effects of certain non-cash items including \$174.6 million of depreciation and amortization of deferred financing costs. Moreover for the six-month period ended June 30, 2014, net income was also adjusted for the effects of non-cash items, such as the loss in the change in fair value of derivatives of \$4.6 million. Net cash provided by operating activities was \$94.8 million for the six-month period ended June 30, 2013.

Net cash used in investing activities was \$696.8 million for the six-month period ended June 30, 2014, compared to \$109.1 million used in for the six-month period ended June 30, 2013. We made shipyard payments and expenditures related to drilling rigs, drillships machinery, equipment and other improvements of approximately \$273.4 million and the payment for the delivery of the Ocean Rig Athena amounting to \$398.8 for the six-month period ended June 30, 2014, compared to \$161.6 million in the corresponding period of 2013. The increase in restricted cash was \$24.6 million during the six-month period ended June 30, 2014 compared to a decrease of \$52.5 million in the corresponding period of 2013.

Net cash provided by financing activities was \$359.6 million for the six-month period ended June 30, 2014, consisting of loan and senior notes proceeds amounting to \$950.0 million which were offset with loan and senior notes repayments and payment of financing costs amounting to \$565.1 million and dividend payments of \$25.1 million. This compares to net cash used in financing activities of \$104.9 million for the six-month period ended June 30, 2013, consisting mainly of repayments of credit facilities and the payment of financing costs.

Financing activities

Long-term debt

As of June 30, 2014, the Company was in compliance with the covenants in its credit facilities.

The annual principal payments required to be made after June 30, 2014, taking into consideration the repayment of the Company's \$1.35 billion Senior Secured Credit Facility and the New Term Loan B discussed below, totaling \$4.5 billion due through July 2020, are as follows:

	Total (in thousands)
Twelve months ending:	
June 30, 2015	\$28,750

Off-balance sheet arrangements

We do not have any off-balance sheet arrangements.

Recent developments

On July 21, 2014, we announced that our Board of Directors declared a quarterly cash dividend with respect to the -quarter ended June 30, 2014 of \$0.19 per common share, to shareholders on record as of August 01, 2014 and payable on or about August 11, 2014.

On July 25, 2014, we entered into a \$1.3 billion Senior Secured Term Loan B facility to refinance the \$1.35 billion Senior Secured Credit Facility, which had a balance of approximately \$1.3 billion on that date. Consequently, an -amount of \$75 million which was previously restricted under the \$1.35 billion facility was released to us. The new Term Loan B facility is secured primarily by first priority mortgages on the drillships, Ocean Rig Mylos, Ocean Rig Skyros and Ocean Rig Athena, bears interest at a fixed rate, and matures on July 25, 2021.

FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical or present facts or conditions.

We desire to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and are including this cautionary statement in connection therewith. This document and any other written or oral statements made by us or on our behalf may include forward-looking statements, which reflect our current views with respect to future events and financial performance. The words "believe," "anticipate," "intend," "estimate," "forecast," "project," "plan," "potential," "may," "should," and "expect" and similar expressions identify forward-looking statements.

The forward-looking statements in this document are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in the Company's records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that it will achieve or accomplish these expectations, beliefs or projections.

In addition to these important factors and matters discussed elsewhere in this document, important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include factors related to:

future operating or financial results;

the offshore drilling market, including supply and demand, utilization rates, dayrates, customer drilling programs, commodity prices, effects of new rigs on the market and effects of declines in commodity prices and downturn in global economy on market outlook for our various geographical operating sectors and classes of rigs;

hazards inherent in the drilling industry and marine operations causing personal injury or loss of life, severe damage to or destruction of property and equipment, pollution or environmental damage, claims by third parties or customers and suspension of operations;

customer contracts, including contract backlog, contract commencements, contract terminations, contract option exercises, contract revenues, contract awards and rig mobilizations, newbuildings, upgrades, shipyard and other capital projects, including completion, delivery and commencement of operations dates, expected downtime and lost revenue;

political and other uncertainties, including political unrest, risks of terrorist acts, war and civil disturbances, piracy, significant governmental influence over many aspects of local economies, seizure, nationalization or expropriation of property or equipment;

repudiation, nullification, modification or renegotiation of contracts;

limitations on insurance coverage, such as war risk coverage, in certain areas;

foreign and U.S. monetary policy and foreign currency fluctuations and devaluations;

the inability to repatriate income or capital;

complications associated with repairing and replacing equipment in remote locations;

import-export quotas, wage and price controls imposition of trade barriers; regulatory or financial requirements to comply with foreign bureaucratic actions;

changing taxation policies and other forms of government regulation and economic conditions that are beyond our control;

8

the level of expected capital expenditures and the timing and cost of completion of capital projects;

our ability to successfully employ our drilling units, procure or have access to financing, ability to comply with loan covenants, liquidity and adequacy of cash flow for our obligations;

factors affecting our results of operations and cash flow from operations, including revenues and expenses, uses of excess cash, including debt retirement, timing and proceeds of asset sales, tax matters, changes in tax laws, treaties and regulations, tax assessments and liabilities for tax issues, legal and regulatory matters, including results and effects of legal proceedings, customs and environmental matters, insurance matters, debt levels, including impacts of the financial and credit crisis;

the effects of accounting changes and adoption of accounting policies;

recruitment and retention of personnel; and

other factors listed from time to time in reports, registration statements and other materials that we file with the U.S. Securities and Exchange Commission, including the Company's most recently filed Annual Report on Form 20-F.

We caution readers of this document not to place undue reliance on these forward-looking statements, which speak only as of their dates.

1. Basis of Presentation and General Information:

The accompanying unaudited interim condensed consolidated financial statements include the accounts of Ocean Rig UDW Inc., its subsidiaries and its consolidated Variable Interest Entities ("VIEs") (collectively, the "Company," "Ocean Rig UDW" or "Group"). Ocean Rig UDW was formed on December 10, 2007, under the laws of the Republic of the Marshall Islands under the name Primelead Shareholders Inc. The Company was established by DryShips Inc. ("DryShips" or "the Parent") for the purpose of being the holding company of its drilling segment. DryShips is currently impacted by the prolonged downturn in the drybulk charter market. The Company, in the preparation of its consolidated financial statements, has considered its relationship to its Parent and any impact its Parent's financial condition might have on its own consolidated financial statements. Based on its assessment, the Company has concluded that there is no impact on the basis of preparation of its consolidated financial statements.

The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") and applicable rules and regulations of the Securities and Exchange Commission ("SEC") for interim financial information. Accordingly, they do not include all the information and notes required by U.S. GAAP for complete financial statements. These statements and the accompanying notes should be read in conjunction with the Company's Annual Report on Form 20-F (File No. 001-35298) for the fiscal year ended December 31, 2013, filed with the SEC on February 21, 2014.

These unaudited interim condensed consolidated financial statements have been prepared on the same basis as the Company's annual consolidated financial statements and, in the opinion of management, reflect all adjustments, which include only normal recurring adjustments considered necessary for a fair presentation of the Company's financial position, results of operations and cash flows for the periods presented. Operating results for the six-month period ended June 30, 2014, are not necessarily indicative of the results that might be expected for the fiscal year ending December 31, 2014.

2. Significant Accounting Policies:

A discussion of the Company's significant accounting policies can be found in the Company's consolidated financial statements included in the Annual Report on Form 20-F for the fiscal year ended December 31, 2013, filed with the SEC on February 21, 2014 (the "Consolidated Financial Statements for the year ended December 31, 2013"). There have been no material changes to these policies in the six-month period ended June 30, 2014.

New accounting pronouncements

Revenue from Contracts with Customers: The Financial Accounting Standards Board ("FASB") and the International Accounting Standards Board ("IASB") (collectively, the "Boards") jointly issued a standard in May 2014 that will supersede virtually all of the existing revenue recognition guidance in US GAAP and International Financial Reporting Standards ("IFRS") and is effective for annual periods beginning on or after January 1, 2017. The standard establishes a five-step model that will apply to revenue earned from a contract with a customer (with limited exceptions), regardless of the type of revenue transaction or the industry. The standard's requirements will also apply to the recognition and measurement of gains and losses on the sale of some non-financial assets that are not an output of the entity's ordinary activities (e.g., sales of property, plant and equipment or intangibles). Extensive disclosures

will be required, including disaggregation of total revenue; information about performance obligations; changes in contract asset and liability account balances between periods and key judgments and estimates. The guidance in Accounting Standard Update ("ASU") 2014-09 Revenue from Contracts with Customers (Topic 606) supersedes the revenue recognition requirements in Topic 605, Revenue Recognition, and most industry-specific guidance throughout the Industry Topics of the Codification. Additionally, this ASU supersedes some cost guidance included in Subtopic 605-35, Revenue Recognition—Construction-Type and Production-Type Contracts. In addition, the existing requirements for the recognition of a gain or loss on the transfer of nonfinancial assets that are not in a contract with a customer are amended to be consistent with the guidance on recognition and measurement (including the constraint on revenue) in this ASU. Management is in the process of accessing the impact of the new standard on Company's financial position and performance.

Global Services Agreement: Effective January 1, 2013, Ocean Rig Management Inc. ("Ocean Rig Management"), a wholly-owned subsidiary of Ocean Rig UDW entered into a Global Services Agreement with Cardiff Drilling Inc. ("Cardiff Drilling"), a company controlled by the Company's Chairman, President and Chief Executive Officer, of the Company and Dryships Mr. George Economou, pursuant to which Ocean Rig Management engaged Cardiff Drilling to act as consultant on matters of chartering and sale and purchase transactions for the offshore drilling units operated by the Company. Under the Global Services Agreement, Cardiff Drilling, or its subcontractor, (i) provides consulting services related to the identification, sourcing, negotiation and arrangement of new employment for offshore assets of the Company and its subsidiaries; and (ii) identifies, sources, negotiates and arranges the sale or purchase of the offshore assets of the Company and its subsidiaries. In consideration of such services, the Company will pay Cardiff Drilling a fee of 1.0% in connection with employment arrangements and 0.75% in connection with sale and purchase activities. Costs from the Global Services Agreement are expensed in the consolidated statement of operations or capitalized as a component of "Advances for drillships under construction and related costs" being a directly attributable cost to the construction, as applicable.

Vivid Finance Limited: Under the consultancy agreement effective from January 1, 2013, between Ocean Rig Management and Vivid Finance Limited ("Vivid"), a company controlled by the Chairman, President and Chief Executive Officer of the Company and DryShips, Mr. George Economou, pursuant to which Vivid acts as a consultant on financing matters for Ocean Rig and its subsidiaries, Vivid provides the Company with financing-related services such as (i) negotiating and arranging new loan and credit facilities, interest rate swap agreements, foreign currency contracts and forward exchange contracts, (ii) renegotiating existing loan facilities and other debt instruments and, (iii) the raising of equity or debt in the capital markets. In exchange for its services in respect of the Company, Vivid is entitled to a fee equal to 0.20% on the total transaction amount. The consultancy agreement has a term of five years and may be terminated (i) at the end of its term unless extended by mutual agreement of the parties; and (ii) at any time by the mutual agreement of the parties.

Basset Holdings Inc.: Under the consultancy agreement effective from June 1, 2012, between a wholly owned subsidiary of the Company, and Basset Holdings Inc. ("Basset"), a related party entity incorporated in the Republic of Marshall Islands, Basset provides consultancy services relating to the services of Mr. Anthony Kandylidis in his capacity as Executive Vice-President of Ocean Rig. The annual remuneration to be awarded to Basset under the consultancy agreement is Euro 0.9 million (\$1.2 million based on the Euro/U.S. Dollar exchange rate as of June 30, 2014). On August 20, 2013, the Compensation Committee of Ocean Rig approved that a cash bonus of \$3.0 million be

paid to Basset for the contribution of Mr. Antony Kandylidis services as Executive Vice President.

3. Transactions with Related Parties (continued):

Azara Services S.A.: Under the consultancy agreement entered on September 9, 2013 and effective from January 1, 2013, between a wholly owned subsidiary of the Company and Azara Services S.A. ("Azara"), a related party entity incorporated in the Republic of Marshall Islands, Azara provides consultancy services relating to the services of Mr. George Economou in his capacity as Chief Executive Officer of the Company. The annual remuneration to be awarded to Azara under the consultancy agreement is \$2,500. For the period ended June 30, 2014, the Company incurred costs of \$1,250 related to this agreement which are included in "General and administrative expenses" in the consolidated statement of operations. In addition, on August 20, 2013, the Company's Compensation Committee approved a sign-on bonus of 150,000 shares of the Company's common stock to Azara, relating to the services of Mr. George Economou as Chief Executive Officer of the Company. The shares vest over a period of two years with 50,000 shares vesting on the grant date, 50,000 shares vesting on August 20, 2014 and 50,000 vesting on August 20, 2015, respectively. The stock based compensation is being recognized to expenses over the vesting period and based on the fair value of the Ocean Rig's shares on the grant date of \$17.56 per share.

6.5% Senior Secured Notes due 2017

On September 20, 2012, the Company's wholly owned subsidiary Drill Rigs Holdings Inc. ("the Issuer") issued \$800,000 aggregate principal amount of 6.50% Senior Secured Notes due 2017 (the "Drill Rigs Senior Notes"), offered in a private offering, resulting in net proceeds of approximately \$781,965. The Company used a portion of the net proceeds of the notes to repay the full amount outstanding under its \$1,040,000 senior secured credit facility as at September 20, 2012. The Drill Rigs Senior Notes are secured obligations and rank senior in right of payment to any future subordinated indebtedness and equally in right of payment to all of its existing and future unsecured senior indebtedness.

The Drill Rigs Senior Notes are fully and unconditionally guaranteed by the Company and certain of its existing and future subsidiaries (collectively, the "Issuer Subsidiary Guarantors" and, together with the Company, the "Guarantors").

Upon a change of control, which occurs if 50% or more of the Company's shares are acquired by any person or group other than DryShips or its affiliates, the Issuer will be required to make an offer to repurchase the Drill Rigs Senior Notes at a price equal to 101% of the principal amount thereof, plus any accrued and unpaid interest thereon to the date of repurchase. On or after October 1, 2015, the Issuer may, at its option, redeem all or a portion of the Drill Rigs Senior Notes, at one time or from time to time at 103.25% (from October 1, 2015 to September 30, 2016) or 100% (October 1, 2016 and thereafter) of the principal amount thereof, plus any accrued and unpaid interest thereon to the date of redemption.

The Drill Rigs Senior Notes and the Drill Rigs Senior Notes guarantees are secured, on a first priority basis, by a security interest on the Issuer's two semi-submersible offshore drilling rigs, the Leiv Eiriksson and the Eirik Raude and certain other assets of the Issuer and the Issuer Subsidiary Guarantors and by a pledge of the stock of the Issuer and the Issuer Subsidiary Guarantors, subject to certain exceptions. The contractual semi-annual coupon interest rate is 6.5% on the Drill Rigs Senior Notes.

8. Long-term Debt (continued):

7.25% Senior Unsecured Notes due 2019

On March 26, 2014 the Company issued \$500,000 aggregate principal amount of 7.25% senior unsecured notes due 2019 (the "7.25% Senior Unsecured Notes"), offered in a private placement, resulting in net proceeds of approximately \$493,625. The Senior Notes are unsecured obligations and rank senior in right of payment to any future subordinated indebtedness and equally in right of payment to all of its existing and future unsecured senior indebtedness. The Company used the net proceeds from the offering of the 7.25% Senior Unsecured Notes, together with cash on hand and repurchased \$462,300 of its 9.5% Senior Unsecured Notes, of which \$500,000 in aggregate principal amount was outstanding prior to closing of the 7.25% Senior Unsecured Notes Offering, at a tender premium of 105.375%, while the remaining \$37,700 was redeemed at a redemption price of 104.5% on May 13, 2014.

The 7.25% Senior Unsecured Notes are not guaranteed by any of the Company's subsidiaries. Upon a change of control, which would occur if 50% or more of the Company's shares are acquired by any person or group other than DryShips or its affiliates, the noteholders will have an option to require the Company to purchase all outstanding notes at a redemption price of 101% of the principal amount thereof plus accrued and unpaid interest to the date of purchase. The contractual semi-annual coupon interest rate is 7.25% per year.

9.5% Senior Unsecured Notes due 2016

On April 27, 2011, the Company issued \$500,000 aggregate principal amount of its 9.5% senior unsecured notes due 2016 (the "9.5% Senior Unsecured Notes"), offered in a private placement, resulting in net proceeds of approximately \$487,500. The 9.5% Senior Unsecured Notes were unsecured obligations and ranked senior in right of payment to any future subordinated indebtedness and equally in right of payment to all of its existing and future unsecured senior indebtedness.

The 9.5% Senior Unsecured Notes were not guaranteed by any of the Company's subsidiaries. Upon a change of control, which would occur if 50% or more of the Company's shares were acquired by any person or group other than DryShips or its affiliates, the noteholders had an option to require the Company to purchase all outstanding notes at a redemption price of 100% of the principal amount thereof plus accrued and unpaid interest to the date of purchase. The contractual semi-annual coupon interest rate was 9.5% per year.

The 9.5% Senior Unsecured Notes were repurchased or redeemed in connection with the 7.25% Senior Unsecured Notes offering discussed above.

\$1.35 billion Senior Secured Credit Facility

On March 24, 2014, the Company drew down the remaining undrawn amount of \$450,000 under the \$1.35 billion senior secured credit facility signed on February 28, 2013, in connection with Ocean Rig Athena delivery.

On July 25, 2014, the Company's wholly owned subsidiary, Drillships Ocean Ventures Inc. entered into a \$1.3 billion Senior Secured Term Loan B ("New Term Loan B") facility to refinance the \$1.35 billion Senior Secured Credit

Facility led by DNB, which had a loan balance of approximately \$1.3 billion on that date. In line with ASC 470-10-45 "Short-Term Obligations Expected to Be Refinanced" the Company has classified the outstanding balance of its bank loans as at June 30, 2014, in accordance with the terms of the Term loans. Unamortized balance of deferred finance fees associated with the repaid loans, amounted to approximately \$19.5 million, was written off in the statement of operations upon the extinguishment of the related debt in July 2014. In addition, restricted cash of \$75.0 million associated with the respective loans has been released upon the repayment. The New Term Loan B facility is secured primarily by first priority mortgages on the vessels, Ocean Rig Mylos, Skyros and Athena, bears interest at a fixed rate, and matures on July 25, 2021.

F-11

8. Long-term Debt (continued):

\$1.9 billion Term Loan B Facility

On February 7, 2014, the Company refinanced its then existing short-term Tranche B-2 Term Loans with a fungible add-on to its existing long-term Tranche B-1 Term Loans. As a result of this refinancing, the total \$1.9 billion of Tranche B-1 Term Loans will mature no earlier than the third quarter of 2020.

The Company's outstanding debt is secured by, among other things, first priority mortgages over the Company's operating and newbuilding drilling units, corporate guarantees, first priority assignments of all freights, earnings, insurances and requisition compensation relating to such drilling units and a pledge of the shares of capital stock of certain of the Company's subsidiaries.

Certain of our debt instruments contain financial covenants, minimum coverage ratio requirements and minimum liquidity and working capital requirements and restrict, without the bank's prior consent, the Company's and its subsidiaries ability to, among other things, pay dividends over a certain amount, change the management and ownership of its drillships, incur additional indebtedness, incur and create liens on its assets, and change in the general nature of the Company's business and require that the Company maintain an established place of business in the United States or the United Kingdom.

Total interest and debt amortization cost incurred on long-term debt for the six month periods ended June 30, 2013 and 2014, amounted to \$85,436 and \$139,241, respectively, of which \$31,215 and \$18,037, respectively, were capitalized as part of the cost of the drillships under construction. Total interest incurred and amortization of debt issuance cost on long-term debt, net of capitalized interest, are included in "Interest and finance costs" in the accompanying unaudited interim condensed consolidated statements of operations.

The aggregate available undrawn amounts under the Company's facilities at June 30, 2014, were \$0. The Company's weighted average interest rates on the above bank loans and notes were 6.12% and 6.27%, as of June 30, 2013 and 2014, respectively.

The annual principal payments required to be made after June 30, 2014, taking into consideration the repayment of the Company's \$1.35 billion Senior Secured Credit Facility and the New Term Loan B discussed above, totaling \$4,474,171, due through July 2020, are as follows:

June 30, 2015	\$28,750
June 30, 2016	32,000
June 30, 2017	32,000
June 30, 2018	832,000
June 30, 2019	532,000
June 30, 2020 and thereafter	3,017,421
Total principal payments	4,474,171
Less: Deferred financing costs	(76,739)
Total debt	\$4,397,432

9. Financial Instruments and Fair Value Measurements:

ASC 815, "Derivatives and Hedging" requires companies to recognize all derivative instruments as either assets or liabilities at fair value in the statement of financial position. Effective January 1, 2011, the Company removed the designation of the cash flow hedges and discontinued hedge accounting for the associated interest rate swaps.

Changes in the fair value of derivative instruments that have not been designated as hedging instruments are reported in the accompanying unaudited interim condensed consolidated statement of operations.

The Company enters into interest rate swap transactions to manage interest costs and risk associated with changing interest rates with respect to its variable interest rate loans and credit facilities. The Company also enters from time to time into foreign currency forward contracts in order to manage risks associated with fluctuations in foreign currencies. All of the Company's derivative transactions are entered into for risk management purposes.

As of June 30, 2014, the Company had 9 interest rate swaps outstanding, of \$2.0 billion notional amount, maturing from September 2014 through November 2017.

Tabular disclosure of the financial instruments is as follows:

Fair Values of Derivative Instruments in the Statements of Financial Position:

Derivatives not designated as Hedging Instruments	Balance Sheet Location Financial Instruments non-current assets	December 31, 2013 Fair value	June 30, 2014 Fair value
Interest rate swaps	Financial Instruments current liabilities	\$ 13,517	\$ 9,531
Interest rate swaps	Financial Instruments non-current liabilities	(30,266)	(25,896)
Interest rate swaps	liabilities	(15,557)	(11,309)
Total derivatives		\$ (32,306)	\$ (27,674)

During the six-month periods ended June 30, 2013 and 2014, the losses transferred from accumulated other comprehensive loss in the accompanying unaudited interim condensed consolidated statements of operations were \$518 and \$517, respectively. The estimated net amount of existing losses at June 30, 2014, that will be reclassified into earnings within the next twelve months relating to previously designated cash flow hedges is \$1,034.

The effects of derivative instruments not designated or qualifying as hedging instruments on the unaudited interim condensed consolidated statements of operations is as follows:

Derivatives not designated as hedging instruments	Location of Gain or (Loss) Recognized	Amount of Gain/(Loss)

9. Financial Instruments and Fair Value Measurements (continued):

The carrying amounts of cash and cash equivalents, restricted cash, trade accounts receivable and accounts payable and other current liabilities reported in the consolidated balance sheets approximate their respective fair values because of the short-term nature of these accounts. The carrying value approximates the fair market value for floating rate loans. The carrying value of non-current restricted cash receiving floating interest rate approximates the fair value. The fair value of the interest rate swaps was determined using a discounted cash flow method based on market-based LIBOR swap yield curves, taking into account current interest rates and the creditworthiness of both the financial instrument counterparty and the Company. The Senior Unsecured Notes and the Drill Rigs Senior Notes have a fixed rate and their estimated fair values are determined through Level 2 inputs of the fair value hierarchy (quoted price in the over-the-counter market). The fair value of the outstanding balance of the \$1.9 billion Term Loan B Facility which has a fixed rate is estimated through Level 2 inputs of the fair value hierarchy by discounting future cash flows using rates currently available for debt with similar terms, credit risk and remaining maturities. The estimated fair value of the above 9.5% Senior Unsecured Notes, Drill Rigs Senior Notes and loans at December 31, 2013, is approximately \$531,250, \$863,504 and \$1,951,790, respectively compared to a carrying value net of finance fees of \$493,915, \$784,485 and \$1,839,170, respectively. The estimated fair value of the above 7.25% Senior Unsecured Notes, Drill Rigs Senior Notes and loans at June 30, 2014, is approximately \$501,250, \$828,000 and \$1,826,474 respectively, compared to a carrying value, net of finance fees, of \$491,451, \$786,306 and \$1,831,254, respectively.

The guidance for fair value measurement applies to all assets and liabilities that are being measured and reported on a fair value basis. This guidance enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. The statement requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories.

Fair value measurements are classified based upon inputs used to develop the measurement under the following hierarchy:

Level 1--Quoted market prices in active markets for identical assets or liabilities.

Level 2--Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3--Unobservable inputs that are not corroborated by market data.

10. Common Stock and Additional Paid-in Capital (continued):

On May 16, 2013, the Company's Compensation Committee approved the grant of 192,400 shares of non-vested common stock to the Company's employees. The shares vest over a period of three years. The stock-based compensation is being recognized to expenses over the vesting period and based on the fair value of the Ocean Rig shares on the grant date of \$16.90 per share.

On August 20, 2013, the Company's Compensation Committee approved a sign-on bonus of 150,000 shares of the Company's common stock to Azara, pursuant to a consultancy agreement with Azara effective January 1, 2013, relating to the services of Mr. George Economou as Chief Executive Officer of the Company. The shares vest over a period of two years with 50,000 shares vesting on the grant date, 50,000 shares vesting on August 20, 2014 and 50,000 vesting on August 20, 2015, respectively. The stock based compensation is being recognized to expenses over the vesting period and based on the fair value of the Ocean Rig shares on the grant date of \$17.56 per share.

On March 31, 2014, Ocean Rig's Compensation Committee approved the grant of 153,700 shares of non-vested common stock to employees of Ocean Rig. The shares vest over a period of three years. The stock-based compensation is being recognized to expenses over the vesting period and based on the fair value of the Ocean Rig shares on the grant date of \$17.79 per share.

Dividends of \$0.19 per share were declared and paid to the non-vested shares during May 2014.

As of June 30, 2014, 123,683 shares have vested, while 119,900 shares were forfeited due to employees' resignations.

The movement during the six-month period ended June 30, 2014, is presented below:

	Number of non vested shares	Weighted average grant date fair value per non vested shares
Balance December 31, 2013	239,867	17.15
Granted	153,700	17.79
Forfeited	(26,850)	16.49
Balance June 30, 2014	366,717	17.47

As of December 31, 2013 and June 30, 2014, there was \$2,724 and \$3,717 of total unrecognized compensation cost related to non-vested share-based compensation arrangements granted by the Company, respectively. That cost is expected to be recognized over a period of 2 years. The amounts of \$591 and \$1,655 represent the stock based compensation expense for each period accordingly and are recorded in "General and administrative expenses", in the accompanying unaudited interim condensed consolidated statements of operations for the periods ended June 30, 2013

and 2014, respectively.

11. Income Tax:

Ocean Rig UDW operates through its various subsidiaries in a number of countries throughout the world. Income taxes have been provided based upon the tax laws and rates in the countries in which operations are conducted and income is earned. The countries in which the Company operates have taxation regimes with varying nominal rates, deductions, credits and other tax attributes. Consequently, there is not an expected relationship between the provision for/or benefit from income taxes and income or loss before income taxes.

12. Interest and Finance Cost:

The amounts in the accompanying unaudited interim condensed consolidated statements of operations are analyzed as follows:

	Six-month period ended	
	June 30,	
	2013	2014
Interest on long-term debt, including amortization of financing costs	\$85,436	\$139,241
Capitalized borrowing costs	(31,215)	(18,037)
Premium on 9.5% Senior Unsecured Notes (Note 8)	-	26,546
Bank charges and other financial expenses	10,598	2,733
Total	\$64,819	\$150,483

13. Earnings per share:

	Six-month period ended June 30,		2014			
	2013					
	Income	Weighted-average number of outstanding shares (numerator/denominator)	Amount per share	Income	Weighted-average number of outstanding shares (numerator/denominator)	Amount per share
Net income	\$45,138	-	-	\$68,050	-	-
Less: Non-vested common stock dividends declared and undistributed earnings	(40)) -	-	(194)) -	-
Basic and diluted EPS Income attributable to common stockholders	\$45,098	131,705,782	\$ 0.34	\$67,856	131,837,490	0.51

Non-vested share-based payment awards that contain rights to receive non forfeitable dividends or dividend equivalents (whether paid or unpaid) and participate equally in undistributed earnings are participating securities and, thus, are included in the two-class method of computing earnings per share for the six-months period ended June 30, 2013 and 2014. The non-vested participating restricted common stock were not included in the computation of diluted earnings per share because the effect is anti-dilutive.

14. Commitments and Contingencies:

14.1 Legal proceedings:

Various claims, suits, and complaints, including those involving government regulations and product liability, arise in the ordinary course of the offshore drilling business.

The Company has obtained insurance for the assessed market value of the rigs and the drillships. However, such insurance coverage may not provide sufficient funds to protect the Company from all liabilities that could result from its operations in all situations. Risks against which the Company may not be fully insured or insurable for include environmental liabilities, which may result from a blow-out or similar accident, or liabilities resulting from reservoir damage alleged to have been caused by the negligence of the Company.

The Company's loss of hire insurance coverage does not protect against loss of income from day one. It covers approximately one year for the loss of time but will be effective after 45 days' off-hire. During 2012, the Ocean Rig Corcovado incurred off-hire due to a failure in one of its engines which was a covered event under the loss of hire policy that resulted in \$24.6 million being recognized as revenue during the year ended December 31, 2012. The amount of \$24.6 million was reimbursed by the insurers to the Company in August 2012. During 2014, the Ocean Rig Corcovado incurred off-hire for the same event and as a result an additional amount of \$20.2 million for the above covered event was recognized as revenue during the six-month period ended June 30, 2014 and was reimbursed during the same period.

The occurrence of casualty or loss, against which the Company is not fully insured, could have a material adverse effect on the Company's results of operations and financial condition.

As part of the Company's normal course of operations, the Company's customers may disagree on amounts due to the Company under the provision of the contracts which are normally settled through negotiations with the customer. Disputed amounts are normally reflected in revenues at such time as the Company reaches agreement with the customer on the amounts due. During 2014, the Ocean Rig Mylos incurred off-hire due to damage to the blow-out-preventer stack during testing, which was a covered event under the loss of hire policy that resulted in \$23.3 million being recognized as revenue during the year six-month period ended June 30, 2014.

On May 10, 2013, Drillship Hydra Owners Inc., being the owning company of the drillship Ocean Rig Corcovado, filed a claim against Capricorn Greenland Exploration 1 Limited and Cairn Energy Plc with the High Court in London in connection with the loss of daily earnings and cost of repair for the blowout preventer of the Ocean Rig Corcovado in June and July 2011. In July 2013, the Company reached an out of court commercial agreement with Capricorn Greenland Exploration 1 Limited and Cairn Energy Plc to receive compensation amounting to \$5.0 million, and a Settlement Agreement and Release dated September 12, 2013 was entered into and the relevant claim filed in the High Court in London, U.K. was dropped. In this respect, the Company, having previously recognized a receivable of \$11.0 million, recorded a charge of \$6.0 million in June 2013 in the respective consolidated statement of operations.

Except for the matters discussed above, the Company is not a party to any material litigation where claims or counterclaims have been filed against the Company other than routine legal proceedings incidental to its business.

14.2 Purchase Obligations:

The following table sets forth the Company's contractual purchase obligations as of June 30, 2014.

	Within 1 year	Within 2 years	Within 3 years	Total
Drillships shipbuilding contracts	\$ 502,700	498,200	928,000	1,928,900
Total obligations	\$ 502,700	498,200	928,000	1,928,900

15. Subsequent Events:

15.1 On July 21, 2014, the Company announced that its Board of Directors declared a quarterly cash dividend with respect to the quarter ended June 30, 2014 of \$0.19 per common share, to shareholders on record as of August 01, 2014 and payable on or about August 11, 2014.

15.2 On July 25, 2014, the Company entered into a \$1.3 billion Senior Secured Term Loan B facility to refinance the \$1.35 billion Senior Secured Credit Facility (Note 8) , which had a balance of approximately \$1.3 billion on that date. Consequently, an amount of \$75 million which was previously restricted under the \$1.35 billion facility was released to the Company. The new Term Loan B facility is secured primarily by first priority mortgages on the drillships, Ocean Rig Mylos, Ocean Rig Skyros and Ocean Rig Athena, bears interest at a fixed rate, and matures on July 25, 2021.
