The enclosed proxy is solicited on behalf of the Board of Directors of Sel-Leb Marketing, Inc. (the "Company") pursuant to this proxy statement (to be mailed on or about April 30, 2002) for use at the Annual Meeting of Shareholders to be held at the time and place shown in the attached notice of annual meeting and at any adjournment or postponement thereof (the "Annual Meeting"). Shares represented by properly executed proxies, if returned in time, will be voted at the Annual Meeting as specified or, if not otherwise specified, in favor of the election as directors of the nominees named herein. Such proxies are revocable at any time before they are exercised by written notice to the Secretary of the Company or by your requesting the return of the proxy at the Annual Meeting. Any later dated proxies will revoke proxies submitted earlier.

RECORD DATE

The record date for the determination of holders of common stock, par value \$0.01 per share, of the Company ("Common Stock") who are entitled to notice of and to vote at the Annual Meeting is April 12, 2002 (the "Record Date").

VOTING SECURITIES

As of the Record Date, 2,261,018 shares of Common Stock of the Company were outstanding. Holders of record of Common Stock as of the Record Date will be entitled to one vote for each share held. A majority of all shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum. Abstentions and broker non-votes are considered present for purposes of determining whether the

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

quorum requirement is met. A broker non-vote occurs when a nominee holds shares for a beneficial owner but cannot vote on a proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner as to how to vote the shares.

With respect to the matters to come before the shareholders at the Annual Meeting, the election of directors (Proposal No. 1) shall be determined by a plurality of the voting power present in person or represented by proxy at the Annual Meeting and entitled to vote. Only shares that are voted in favor of a particular nominee will be counted towards such nominee's achievement of a plurality. Shares present at the Annual Meeting that are not voted for a particular nominee, shares present by proxy where the shareholder properly withholds authority to vote for such nominee, and broker non-votes will not be counted towards such nominee's achievement of a plurality.

DESCRIPTION OF STOCK OPTION PLAN

Pursuant to the Stock Option Plan, as amended, stock options covering an aggregate of 801,948 shares of the Company's Common Stock may be granted to employees (including officers), directors, consultants and other persons who perform substantial services for or on behalf of the Company. The Stock Option Plan is administered by the Stock Option Committee (the "Committee"), which is vested with complete authority to administer and

10

interpret the Stock Option Plan, to determine the terms upon which options may be granted, to prescribe, amend and rescind such interpretations and determinations and to grant options. Under the Stock Option Plan, "incentive stock options" ("Incentive Options") within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), may be granted to employees (including officers), and non-incentive stock options ("Non-incentive Options") may be granted to employees and to other persons (including directors) who perform substantial services for or on behalf of the Company. Incentive Options and Non-incentive Options are collectively referred to herein as "Options."

The price at which shares covered by an Option granted under the Stock Option Plan may be purchased pursuant thereto shall be determined by the Committee, but shall be no less than the par value of such shares and no less than the Fair Market Value (as hereinafter defined) of such shares on the date of grant; provided, however, that in the case of Incentive Options, if the optionee directly or indirectly beneficially owns more than 10% of the total combined voting power of all of the outstanding voting stock of the Company (a "10% Holder"), the purchase price shall not be less than 110% of the Fair Market Value on the date of grant. As used herein, the term "Fair Market Value" means the last sale price of a share of Common Stock as reported by the principal quotation service on which the Common Stock is listed for the date of grant, if available, or, if the last sale prices are not reported, the mean of the high bid and low asked prices of a share of Common Stock as reported by such principal quotation service for the date of grant; provided, however, that if no such report is available for the date of grant, the Fair Market Value shall be the last sale price or the mean of the high bid and low asked prices, as the case may be, on the day next preceding such day for which there was a report; and provided further, however, that if no such representative quotes are

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

available, the Fair Market Value shall mean the amount determined by the Committee to be the fair market value pursuant to any reasonable method in accordance with applicable regulations of the Internal Revenue Service.

The purchase price of shares issuable upon exercise of an Option granted under the Stock Option Plan may be paid in cash or by delivery of shares of Common Stock having an aggregate Fair Market Value on the date of exercise equal to the exercise price of the option. The Company may also loan the purchase price to the optionee, or guarantee third-party loans to the optionee, on terms and conditions acceptable to the Committee.

Under the Stock Option Plan, the total number of shares of Common Stock for which options may be granted to any one person in any given calendar year may not exceed 60,000. The Stock Option Plan also provides that the aggregate fair market value of the stock with respect to which Incentive Options are first exercisable by any employee during any calendar year under the Stock Option Plan and all other stock option plans of the Company shall not exceed \$100,000. To the extent that the Fair Market Value of the stock with respect to which Incentive Options are first exercisable by any employee during any calendar year (under all plans of the Company) exceeds \$100,000, such Options shall be treated as Options which are not Incentive Options. The number of shares covered by an Option is subject to adjustment for stock dividends, stock splits, mergers, consolidations, combinations of shares, reorganizations and recapitalizations.

The Stock Option Plan provides that Options may be exercised within a period not exceeding ten years after the date of grant, except that the term of any Incentive Options granted to a 10% Holder may not exceed five years from the date of grant. Options are generally non-transferable except by will or by the laws of descent and distribution, and during a participant's lifetime are exercisable only by him or her. In addition, pursuant to the Stock Option Plan, various limitations may apply to the exercise of Options by optionees whose employment is terminated on retirement, disability or otherwise.

As of April 25, 2002, of the 801,948 shares of Common Stock available for issuance under the Stock Option Plan, 650,008 of such shares are reserved for issuance upon exercise of currently outstanding options. Accordingly, only 151,940 shares of Common Stock are available for future awards under the Stock Option Plan.
