BlackRock Privacy Principles

BlackRock is committed to maintaining the privacy of its current and former fund investors and individual clients (collectively, Clients) and to safeguarding their nonpublic personal information. The following information is provided to help you understand what personal information BlackRock collects, how we protect that information and why in certain cases we share such information with select parties.

If you are located in a jurisdiction where specific laws, rules or regulations require BlackRock to provide you with additional or different privacy-related rights beyond what is set forth below, then BlackRock will comply with those specific laws, rules or regulations.

BlackRock obtains or verifies personal nonpublic information from and about you from different sources, including the following: (i) information we receive from you or, if applicable, your financial intermediary, on applications, forms or other documents; (ii) information about your transactions with us, our affiliates, or others; (iii) information we receive from a consumer reporting agency; and (iv) from visits to our website.

BlackRock does not sell or disclose to nonaffiliated third parties any nonpublic personal information about its Clients, except as permitted by law or as is necessary to service Client accounts. These nonaffiliated third parties are required to protect the confidentiality and security of this information and to use it only for its intended purpose.

We may share information with our affiliates to service your account or to provide you with information about other BlackRock products or services that may be of interest to you. In addition, BlackRock restricts access to nonpublic personal information about its Clients to those BlackRock employees with a legitimate business need for the information. BlackRock maintains physical, electronic and procedural safeguards that are designed to protect the nonpublic personal information of its Clients, including procedures relating to the proper storage and disposal of such information.

LETTER TO SHAREHOLDERS

February 28, 2007

Dear Shareholder:

We are pleased to report that during the semi-annual period, the Trusts provided monthly income, as well as the opportunity to invest in various portfolios of municipal securities. This report contains the Trusts' unaudited and audited financial statements and a listing of the portfolios' holdings.

The portfolio management team continuously monitors the municipal bond market and adjusts the Trust investments in order to gain exposure to various issuers, revenue sources and security types. This strategy enables the Trusts to move among different sectors, credits and coupons to capitalize on changing market conditions.

The following table shows the Trusts' current yields, tax-equivalent yields, closing market prices per share and net asset values (NAV) per share as of February 28, 2007.

| Trust (Ticker) | Current Yield ¹ | Tax-Equivalent Yield ² | Closing Market Price | NAV |
|---|----------------------------|-----------------------------------|----------------------|----------|
| BlackRock Insured Municipal Income Trust (BYM) | 4.86% | 7.48% | \$ 15.06 | \$ 15.79 |

NOTES TO FINANCIAL STATEMENTS (Unaudited)

Note 1. Organization & Accounting Policies

BlackRock Insured Municipal Income Trust (Insured Municipal), BlackRock California Insured Municipal Income Trust (California Insured), BlackRock Florida Insured Municipal Income Trust (Florida Insured), BlackRock New York Insured Municipal Income Trust (New York Insured) (collectively the Insured Trusts), BlackRock Municipal Bond Trust (Municipal Bond), BlackRock California Municipal Bond Trust (California Bond), BlackRock Florida Municipal Bond Trust (Florida Bond), BlackRock Maryland Municipal Bond Trust (Maryland Bond), BlackRock New Jersey Municipal Bond Trust (New Jersey Bond), BlackRock New York Municipal Bond Trust (New York Bond), BlackRock Virginia Municipal Bond Trust (Virginia Bond) (collectively the Bond Trusts), BlackRock Municipal Income Trust II (Municipal Income II), BlackRock California Municipal Income Trust II (California Income II) and BlackRock New York Municipal Income Trust II (New York Income II) (collectively the Income II Trusts) (all, collectively the Trusts) are organized as Delaware statutory trusts. Insured Municipal, Municipal Bond and Municipal Income II are registered as diversified, closed-end management investment companies under the Investment Company Act of 1940, as amended (the 1940 Act). California Insured, California Bond, California Income II, Florida Insured, Florida Bond, Maryland Bond, New Jersey Bond, New York Insured, New York Bond, New York Income II and Virginia Bond are registered as non-diversified, closed-end management investment companies under the 1940 Act.

Under the Trusts' organizational documents, their officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Trusts. In addition, in the normal course of business, the Trusts enter into contracts with their vendors and others that provide for general indemnifications. The Trusts' maximum exposure under these arrangements are unknown as this would involve future claims that may be made against the Trusts. However, based on experience, the Trusts consider the risk of loss from such claims to be remote.

The following is a summary of significant accounting policies followed by the Trusts.

Investments Valuation: Municipal investments (including commitments to purchase such investments on a when-issued basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust's Board of Trustees (each, a Board). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from bond dealers, market transactions in comparable investments and various relationships between investments. Swap quotations are provided by dealers selected under supervision of the Board. A futures contract is valued at the last sale price as of the close of the commodities exchange on which it trades. Short-term securities may be valued at amortized cost. Investments in open-end investment companies are valued at net asset value per share. Any investments or other assets for which such current market quotations are not readily available are valued at fair value (Fair Value Assets) as determined in good faith under procedures established by, and under the general supervision and responsibility of, each Trust's Board. The investment advisor and/or sub-advisor will submit its recommendations regarding the valuation and/or valuation methodologies for Fair Value Assets to a valuation committee. The valuation committee may accept, modify or reject any recommendations. The pricing of all Fair Value Assets shall be subsequently reported to the Board.

When determining the price for a Fair Value Asset, the investment advisor and/or sub-advisor shall seek to determine the price that the Trust might reasonably expect to receive from the current sale of that asset in an arm's-length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant.

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* (FAS 157), which is effective for fiscal years beginning after November 15, 2007. FAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. At this time, management is evaluating the implications of FAS 157 and its impact on the Trusts' financial statements, if any, has not been determined.

In addition, in February 2007, FASB issued Statement of Financial Accounting Standard No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (FAS 159), which is effective for fiscal years beginning after November 15, 2007. Early adoption is permitted as of the beginning of a fiscal year that begins on or before November 15, 2007, provided the entity also elects to apply the provisions of FAS 157. FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. FAS 159 also establishes presentation and disclosure requirements designed to facilitate comparisons between entities that choose different measurement attributes for similar types of assets and liabilities. At this time, management is evaluating the implications of FAS 159 and its impact on the Trusts' financial statements, if any, has not been determined.

Investment Transactions and Investment Income: Investment transactions are recorded on trade date. The cost of investments sold and the related gain or loss is determined by use of the specific identification method, generally first-in, first-out, for both financial reporting and federal

Edgar Filing: BLACKROCK MUNICIPAL INCOME TRUST II - Form N-CSRS

income tax purposes. Each Trust also records interest income on an accrual basis and amortizes premium and/or accretes discount on securities purchased using the interest method.

Financial Futures Contracts: A futures contract is an agreement between two parties to buy and sell a financial instrument for a set price on a future date. Initial margin deposits are made upon entering into futures contracts and can be either cash or securities. During the period the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by marking-to-market on a daily basis to reflect the market value of the contract at the end of each day's trading. Variation margin payments are made or received, depending upon whether unrealized gains or losses are incurred. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust's basis in the contract.

Financial futures contracts, when used by the Trusts, help in maintaining a targeted duration. Futures contracts can be sold to effectively shorten an otherwise longer duration portfolio. In the same sense, futures contracts can be purchased to lengthen a portfolio that is shorter than its duration target. Thus, by buying or selling futures contracts, the Trusts may attempt to manage the duration of positions so that changes in interest rates do not change the duration of the portfolio unexpectedly.

Edgar Filing: BLACKROCK MUNICIPAL INCOME TRUST II - Form N-CSRS

Forward Starting Swaps: Forward starting swaps are an agreement for an interest rate swap asset or liability to be created or sold in the future. Interest rate swaps are an agreement in which one party pays a floating rate of interest on a notional principal amount and receives a fixed rate of interest on the same notional principal amount for a specified period of time. Alternatively, a party may pay a fixed rate and receive a floating rate. The Trusts close each forward starting swap before the accrual date specified in the agreement and therefore never enter into the interest rate swap underlying each forward starting swap.

During the term of the swap, changes in the value of the swap are recognized as unrealized gains or losses by marking-to-market daily based upon quotations from market makers to reflect the market value of the swap. When the swap is terminated, a Trust will record a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust's basis in the contract, if any.

Entering into these agreements involves, to varying degrees, elements of credit and market risk in excess of the amounts recognized on the Statements of Assets and Liabilities. Such risks involve the possibility that there will be no liquid market for these agreements, that the counter-party to the agreement may default on its obligation to perform and that there may be unfavorable changes in the fluctuation of interest and/or exchange rates. However, the Advisor of the Trusts monitor swaps and do not anticipate non-performance by any counterparty.

Segregation: In cases in which the 1940 Act, and the interpretive positions of the Securities and Exchange Commission (the Commission) require that each Trust segregate assets in connection with certain investments (e.g., when-issued securities, forward starting swaps or futures contracts), each Trust will, consistent with certain interpretive letters issued by the Commission, designate on its books and records cash or other liquid securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

Federal Income Taxes: It is each Trust's intention to continue to be treated as a regulated investment company under the Internal Revenue Code and to distribute sufficient net income and net realized capital gains, if any, to shareholders. Therefore, no federal income tax or excise tax provisions have been recorded.

On July 13, 2006, FASB released FASB Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes*. FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken in the course of preparing the Trusts' tax returns to determine whether the tax positions are more-likely-than-not of being sustained by the applicable tax authority. Tax benefits of positions not deemed to meet the more-likely-than-not threshold would be booked as a tax expense in the current year and recognized as: a liability for unrecognized tax benefits; a reduction of an income tax refund receivable; a reduction of deferred tax asset; an increase in deferred tax liability; or a combination thereof. Adoption of FIN 48 is required for the last net asset value calculation in the first required financial statement reporting period for fiscal years beginning after December 15, 2006. At this time, management is evaluating the implications of FIN 48 and its impact on the Trusts' financial statements has not been determined.

Dividends and Distributions: Each Trust declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and other sources, if necessary. Net long-term capital gains, if any, in excess of loss carryforwards may be distributed in accordance with the 1940 Act. Dividends and distributions are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. Dividends and distributions to preferred shareholders are accrued and determined as described in Note 5.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and such differences may be material.

Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan: Under the deferred compensation plan approved by each Trust's Board, non-interested Trustees (Independent Trustees) are required to defer a portion of their annual complex-wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other BlackRock closed-end trusts selected by the Independent Trustees. These amounts are shown on the Statements of Assets and Liabilities as Investments in affiliates. This has approximately the same economic effect for the Independent Trustees as if the Independent Trustees had invested the deferred amounts directly in such Trusts.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Trust. Each Trust may, however, elect to invest in common shares of those Trusts selected by the Independent Trustees in order to match its deferred compensation obligations.

Other: Expenses that are directly related to one of the Trusts are charged directly to that Trust. Other operating expenses are generally prorated to the Trusts on the basis of relative net assets of all the BlackRock Closed-End Funds.

Note 2. Agreements and Other Transactions with Affiliates and Related Parties

Each Trust has an Investment Management Agreement with BlackRock Advisors, LLC (the Advisor), a wholly owned subsidiary of BlackRock, Inc. BlackRock Financial Management, Inc.(BFM), a wholly owned subsidiary of BlackRock, Inc., serves as sub-advisor to each Trust. BlackRock, Inc. may be presumed an affiliate of Merrill Lynch & Co., Inc. (Merrill Lynch) and The PNC Financial Services Group, Inc. (PNC). The investment management agreement covers both investment advisory and administration services.

Edgar Filing: BLACKROCK MUNICIPAL INCOME TRUST II - Form N-CSRS

Each Trust's investment advisory fee paid to the Advisor is computed weekly, accrued daily and payable monthly based on an annual rate, 0.55% for the Insured Trusts and Income II Trusts and 0.65% for the Bond Trusts, of each Trust's average weekly managed assets. Investments in affiliated money market funds are excluded from the average weekly managed assets used to calculate the investment advisory fee. For the period September 30, 2006 through November 15, 2006, the Bond Trusts' investment advisory fee was reduced to 0.55% of each Trust's weekly managed assets. Managed assets means the total assets of a Trust (including any assets attributable to any preferred shares that may be outstanding) minus the sum of accrued liabilities (other than debt representing financial leverage). The Advisor has voluntarily agreed to waive a portion of the investment advisory fee or other expenses of each Trust. With respect to the Insured Trusts, the waiver, as a percentage of managed assets, is as follows: 0.20% for the first 5 years of each Trust's operations, 0.15% in year 6, 0.10% in year 7, and 0.05% in year 8. With respect to the Bond Trusts, the waiver, as a percentage of managed assets, is as follows: 0.30% for the first 5 years of each Trust's operations, 0.25% in year 6, 0.20% in year 7, 0.15% in year 8, 0.10% in year 9 and 0.05% in year 10. With respect to the Income II Trusts, the waiver, as a percentage of managed assets, is as follows: 0.15% for the first 5 years of each Trust's operations, 0.10% in year 6 through year 7, and 0.05% in year 8 through year 10.

The Advisor pays BFM fees for its sub-advisory services.

Pursuant to the agreements, the Advisor provides continuous supervision of the investment portfolio and pays the compensation of officers of each Trust who are affiliated persons of the Advisor, as well as occupancy and certain clerical and accounting costs of each Trust. Each Trust bears all other costs and expenses, which include reimbursements to the Advisor for costs of employees that provide pricing, secondary market support, and compliance services to each Trust. For the six months ended February 28, 2007, the Trusts reimbursed the Advisor the following amounts, which are included in miscellaneous expenses in the Statements of Operations:

| Trust | Amount | Trust | Amount |
|----------------------|-----------|--------------------|----------|
| Insured Municipal | \$ 11,976 | Florida Bond | \$ 1,525 |
| Municipal Bond | 4,728 | Maryland Bond | 960 |

Accordingly, no capital gain distributions are expected to be paid to shareholders of a Trust until that Trust has net realized capital gains in excess of its capital loss carryforward amounts.

Note 5. Capital

There are an unlimited number of \$0.001 par value common shares of beneficial interest authorized for each Trust. Each Trust may classify or reclassify any unissued common shares into one or more series of Auction Market Preferred Shares (preferred shares).

During the six months ended February 28, 2007 and the year ended August 31, 2006, the following Trusts issued additional shares under their respective dividend reinvestment plan:

| Trust | February 28, 2007 | August 31, 2006 |

A Trust may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred shares would be less than 200%.

The preferred shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated unpaid dividends whether or not declared. The preferred shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust's Declaration of Trust/Articles Supplementary, are not satisfied.

Edgar Filing: BLACKROCK MUNICIPAL INCOME TRUST II - Form N-CSRS

The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares, voting as a separate class, are also entitled to elect two Trustees for each Trust. In addition, the 1940 Act requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares, (b) change a Trust's subclassification as a closed-end investment company or change its fundamental investment restrictions and (c) change its business so as to cease to be an investment company.

Note 6. Concentration Risk

The Trusts concentrate their investments in securities issued by state agencies, other governmental entities and U.S. Territories. The Trusts are more susceptible to adverse financial, social, environmental, economic, regulatory and political factors that may affect these states agencies, other governmental entities and U.S. Territories, which could seriously affect the ability of these states and their municipal subdivisions to meet continuing obligations for principle and interest payments and therefore could impact the value of the Trusts' investments and net asset value per share, than if the Trusts were not concentrated in securities issued by state agencies, other governmental entities and U.S. Territories.

Many municipalities insure repayment for their obligations. Although bond insurance reduces the risk of loss due to default by an issuer, such bonds remain subject to the risk that market value may fluctuate for other reasons and there is no assurance that the insurance company will meet its obligations. These securities have been identified in the Portfolios of Investments.

Note 7. Subsequent Events

Subsequent to February 28, 2007, the Board of each Trust declared dividends from undistributed earnings per common share payable April 2, 2007, to shareholders of record on March 15, 2007. The per share common dividends declared were as follows:

| Trust | Common Dividend Per Share | Trust | Common Dividend Per Share |
|----------------------|------------------------------|--------------------|------------------------------|
| Insured Municipal | \$0.061000 | Florida Bond | \$0.077808 |

DIVIDEND REINVESTMENT PLANS

Pursuant to each Trust's Dividend Reinvestment Plan (the Plan), common shareholders are automatically enrolled to have all distributions of dividends and capital gains reinvested by Computershare Trust Company, N.A. (the Plan Agent) in the respective Trust's shares pursuant to the Plan. Shareholders who do not participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, which serves as agent for the shareholders in administering the Plan.

After a Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants accounts, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust (newly issued shares) or (ii) by purchase of outstanding shares on the open market, on the Trust's primary exchange or elsewhere (open-market purchases). If, on the dividend payment date, the net asset value per share (NAV) is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as market premium), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as market discount), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in open-market purchases.

Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Plan Administrator prior to the dividend record date; otherwise such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. Participants that request a sale of shares through the Plan Agent are subject to a \$2.50 sales fee and a \$0.15 per share sold brokerage commission. All correspondence concerning the Plan should be directed to the Plan Agent at 250 Royall Street, Canton, MA 02021, or by calling (800) 699-1BFM.

⁴ For the Insured Trusts and Bond Trusts.

⁵ For the Income II Trusts.

The Trusts will mail only one copy of shareholder documents, including annual and semi-annual reports and proxy statements, to shareholders with multiple accounts at the same address. This practice is commonly called "householding" and is intended to reduce expenses and eliminate duplicate mailings of shareholder documents. Mailings of your shareholder documents may be householded indefinitely unless you instruct us otherwise. If you do not want the mailing of these documents to be combined with those for other members of your household, please contact the Trusts at (800) 699-1BFM.

Edgar Filing: BLACKROCK MUNICIPAL INCOME TRUST II - Form N-CSRS

The Trusts have delegated to the Advisor the voting of proxies relating to their voting securities pursuant to the Advisor's proxy voting policies and procedures. You may obtain a copy of these proxy voting policies and procedures, without charge, by calling (800) 699-1BFM. These policies and procedures are also available on the website of the Securities and Exchange Commission (the Commission) at <http://www.sec.gov>.

Information on how proxies relating to the Trusts' voting securities were voted (if any) by the Advisor during the most recent 12-month period ended June 30th is available, upon request, by calling (800) 699-1BFM or on the website of the Commission at <http://www.sec.gov>.

The Trusts file their complete schedule of portfolio holdings for the first and third quarters of their respective fiscal years with the Commission on Form N-Q. Each Trust's Form N-Q will be available on the Commission's website at <http://www.sec.gov>. Each Trust's Form N-Q may be reviewed and copied at the Commission's Public Reference Room in Washington, D.C. Information regarding the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. Each Trust's Form N-Q may also be obtained upon request without charge by calling (800) 699-1BFM.
