Item 2.02 Results of Operations and Financial Condition

On August 28, 2014, Coty Inc. (the “Company”) issued a press release announcing its financial results for its fiscal year ended June 30, 2014. The release also includes forward-looking statements about the Company’s outlook for the first half and full year of the fiscal year ending June 30, 2015 (“Fiscal 2015”). A copy of the press release is attached as Exhibit 99.1 and is incorporated in this report by reference.

The information furnished with this Item 2.02 of this report, including Exhibit 99.1, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any other filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such a filing.

The Company is making reference to non-GAAP financial information in both the press release and its earnings call. Reconciliation of these non-GAAP financial measures to the nearest comparable GAAP financial measures are contained in the press release attached as Exhibit 99.1.

Item 2.05. Costs Associated with Exit or Disposal Activities.

On July 9, 2014, the Company announced a program to implement a new organizational structure (“Organizational Redesign”) that aims to reinforce the Company’s growth path and strengthen its position as a global leader in beauty. The Company disclosed on a Current Report on Form 8-K filed July 9, 2014 that it was then currently unable in good faith to estimate the annual savings expected from the Organizational Redesign, the amount or range of amounts of restructuring and other special charges to be incurred in total or by major type of cost and the amount or range of amounts that will result in future cash expenditures. The Company has determined that it expects to incur approximately \$145 million to \$180 million in pre-tax charges, of which the Company expects \$115 million to \$135 million to result in cash payments commencing in the Company’s Fiscal 2015, and the Company has incurred approximately \$13.2 million in the fiscal quarter ended June 30, 2014.

The Company anticipates that annual savings from the Organizational Redesign will be over \$120 million by the end of the fiscal year ending June 30, 2017 (“Fiscal 2017”). The Company expects to complete the Organizational Redesign during Fiscal 2017.

The Company will disclose updated information when initiatives are finalized.

Item 8.01. Other Events.

The Company currently has outstanding \$100 million aggregate principal amount of 5.12% Series A Senior Secured Notes due June 16, 2017, \$225 million aggregate principal amount of 5.67% Series B Senior Secured Notes due June 16, 2020 and \$175 million aggregate principal amount of 5.82% Series C Senior Secured Notes due June 16, 2022 (together, the “Notes”), pursuant to a Note Purchase Agreement, dated June 16, 2010 (the “NPA”).

On August 28, 2014, the Company announced its intention to repurchase for cash prior to the maturity up to the aggregate principal amount outstanding on the Notes (the “Note Repurchase”). Pursuant to the terms of the NPA, if the Company consummates the Note Repurchase, the Company will also pay a “make-whole amount” of approximately \$85 million to \$95 million (the “Make-Whole Amount”).

In order to finance the Note Repurchase and the payment of the Make-Whole Amount, the Company intends to enter into a new credit agreement, under which it intends to borrow an aggregate principal amount of up to \$600 million (the “2014 Term Loan”), with the intent to refinance the 2014 Term Loan and other existing bank debt with longer-term debt instruments later in the fiscal year.
