VOTING PROCEDURES/REVOKING YOUR PROXY

You can vote by telephone, the Internet, mail or in person. We encourage you to vote by telephone or the Internet to help us save money.

You can vote your shares by telephone, the Internet, mail or in person at the Meeting. Your proxy card contains instructions for voting by telephone or the Internet, which are the least expensive and fastest methods of voting. To vote by mail, complete, sign and date your proxy card, or your broker's voting instruction card if your shares are held by your broker, and return it in the enclosed return envelope.

Under Arizona law, a majority of the shares entitled to vote on any single matter which may be brought before the Meeting will constitute a quorum. Business may be conducted once a quorum is represented at the Meeting. Except as otherwise specified by law or in our Articles of Incorporation or Bylaws, if a quorum exists, action on a matter other than the election of directors will be deemed approved if the votes cast in favor of the matter exceed votes cast against it.

Directors are elected by a plurality of the votes cast by the shares entitled to vote if a quorum is present. A plurality means receiving the largest number of votes, regardless of whether that is a majority. Withheld votes will be counted as being represented at the Meeting for quorum purposes but will not have an effect on the vote.

2

You may cumulate your votes for directors.

In the election of directors, each shareholder has the right to cumulate his votes by casting a total number of votes equal to the number of his shares of common stock multiplied by the number of directors to be elected. He may cast all of such votes for one nominee or distribute such votes among two or more nominees. For any other matter that may properly come before the Meeting, each share of common stock will be entitled to one vote.

You can revoke your proxy after sending

Any shareholder giving a proxy has a right to revoke that proxy by giving notice to UniSource Energy in writing

it in by following these procedures.

directed to the Corporate Secretary, UniSource Energy Corporation, One South Church Avenue, Suite 200, Tucson, Arizona 85701, or in person at the Meeting at any time before the proxy is exercised. Those who fail to return a proxy or fail to attend the Meeting will not count towards determining any required plurality, majority or quorum.

The shares represented by an executed proxy will be voted for the election of directors or withheld in accordance with the specifications in the proxy. If no specification is made in an executed proxy, the proxy will be voted in favor of the nominees as set forth herein.

Proxy Solicitation

We will bear the entire cost of the solicitation of proxies. Solicitations will be made primarily by mail. Additional solicitation of brokers, banks, nominees and institutional investors may be made pursuant to a special engagement of DF King & Co., Inc., at a cost of approximately \$7,500 plus reasonable out-of-pocket expenses. Solicitations may also be made by telephone, facsimile or personal interview, if necessary, to obtain reasonable representation of shareholders at the Meeting. Our employees may solicit proxies for no additional compensation. We will request brokers or other persons holding stock in their names, or in the names of their nominees, to forward proxy materials to the beneficial owners of such stock or request authority for the execution of the proxies. We will reimburse brokers and other persons for reasonable expenses they incur in sending these proxy materials to you if you are a beneficial holder of our shares.

Items that are unrelated to a director's duties and responsibilities as a Board member may be excluded from consideration, including, without limitation, solicitations and advertisements, junk mail, product-related communications, job referral materials such as resumes, surveys and material that is determined to be illegal or otherwise inappropriate.

Board Committees

THE AUDIT COMMITTEE reviews current and projected financial results of operations, selects a firm of independent registered public accountants to audit our financial statements annually, reviews and discusses the scope of such audit, receives and reviews the audit reports and recommendations, transmits its recommendations to the Board, reviews our accounting and internal control procedures with our internal audit department from time to time, makes recommendations to the Board for any changes deemed necessary in such procedures and performs such other functions as delegated by the Board. Our Audit Committee held 11 meetings in 2004 and was in full compliance with its written charter, as amended on October 5, 2004 and attached to this Proxy Statement as Appendix A.

Upon the recommendation of the Audit Committee, our Board adopted a code of ethics for our directors, officers and employees.

THE COMPENSATION COMMITTEE reviews the performance of our directors and officers and reviews and approves directors' and officers' compensation. Our Compensation Committee held three meetings in 2004 and was in full compliance with its written charter.

THE FINANCE COMMITTEE reviews and recommends to the Board long-range financial policies, objectives and actions required to achieve those objectives. Specifically, the Finance Committee reviews capital and operating budgets, current and projected financial results of operations, short-term and long-range financing plans, dividend policy, risk management activities and major commercial banking, investment banking, financial consulting and other financial relations of UniSource Energy. Our Finance Committee

Edgar Filing: UNISOURCE ENERGY CORP - Form DEF 14A

held three meetings in 2004 and was in full compliance with its written charter.

THE CORPORATE GOVERNANCE AND NOMINATING COMMITTEE reviews and recommends corporate governance principles, interviews potential directors and nominates and recommends to the shareholders and directors, as the case may be, qualified persons to serve as directors. The Corporate Governance and Nominating Committee also reviews and recommends membership for all the committees to the Board and reviews applicable rules and regulations relating to

9

the duties and responsibilities of the Board. The Corporate Governance and Nominating Committee held two meetings in 2004 and was in full compliance with its written charter.

The Corporate Governance and Nominating Committee identifies and considers nominee candidates supplied by shareholders and Board members. The Corporate Secretary, as directed by the Corporate Governance and Nominating Committee, prepares portfolios for nominee candidates that include confirmation of the candidate's interest, independence, biographical information, review of business background and experience and reference checks. The Corporate Governance and Nominating Committee then evaluates candidates using, in large part, the criteria set forth in the next paragraph and any other criteria the Committee deems appropriate, and conducts a personal interview with each candidate. Upon completion of this process, formal invitations are extended to accept election to the Board.

The Corporate Governance and Nominating Committee has not adopted specific minimum qualifications with respect to a Committee-recommended Board nominee, but desirable qualifications are set forth in the Board manual and include prior community, professional or business experience that demonstrates leadership capabilities, the ability to review and analyze complex business issues, the ability to effectively represent the interests of our shareholders while keeping in perspective the interests of our customers, the ability to devote the time and interest required to attend and fully prepare for all regular and special Board meetings, the ability to communicate and work effectively with the other Board members and personnel and the ability to fully adhere to any applicable laws, rules or regulations relating to the performance of a director's duties and responsibilities.

While no formal policy exists, the Corporate Governance and Nominating Committee does consider recommendations for Board nominees received from our shareholders. The deadline for consideration of recommendations for next year's annual meeting of the shareholders is December 7,

Edgar Filing: UNISOURCE ENERGY CORP - Form DEF 14A

2005. Recommendations must be in writing and include detailed biographical material indicating the candidate's qualifications and a written statement from the candidate of willingness and availability to serve. Recommendations should be directed to the Corporate Secretary, UniSource Energy Corporation, One South Church Avenue, Suite 200, Tucson, Arizona 85701. The Board will consider nominees on a case-by-case basis and does not believe a formal policy is warranted at this time due to a manageable volume of nominations.

Each member of our Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee is independent based upon independence criteria established by our Board, which criteria are in compliance with applicable NYSE listing standards.

BOARD COMPENSATION

Retainer and Fees

In 2004, each non-employee director received a \$20,000 annual cash retainer, \$1,000 for each Board meeting attended, \$1,000 for each committee meeting attended and an additional \$1,000 per committee meeting if acting as a committee chairperson. We reimburse directors for any expenses related to their Board and committee service.

Effective for 2005, a Chairmanship retainer replaces the additional \$1,000 per committee meeting previously paid to the committee chairman. The annual Chairmanship retainer for the Audit Chairman is \$20,000. The annual Chairmanship retainer for all other Chairmanships, including special committee chairmanships, is \$15,000. Chairmanship retainers will be credited to individual Director accounts in the form of stock units and will accrue dividend equivalent stock units. The stock units will be distributed in cash in the year following termination of Board service unless UniSource Energy solicits and receives shareholder approval for a new stock incentive plan, in which case the stock units may be distributed in shares at the Board's or Compensation Committee's discretion.

Option and
Restricted Share
Grants

Under the terms of the 1994 Outside Director Stock Option Plan, each non-employee director in office on the first business day of each year, and who has been a director for at least three months, is granted a

Edgar Filing: UNISOURCE ENERGY CORP - Form DEF 14A

stock option covering a number of shares of our common stock equal to \$10,000 divided by the value of an option as of the date of grant. In 2004, non-employee directors received an award of restricted stock units in lieu of stock options due to the impact of the proposed merger on the market value of our common stock. Restricted stock units vest in one-third increments over three years.

Each non-employee director in office on the first business day of each year is also granted a number of restricted shares of our common stock equal to \$10,000 divided by the then fair market value of a share of our common stock. Restricted shares vest on the third anniversary of the grant date.

On January 2, 2004, each of the non-employee directors received 405 restricted stock units and 405 restricted shares of our common stock.

Effective for 2005, the value of the equity compensation component of non-employee director compensation is increased from \$20,000 to \$40,000. Because awards valued at \$20,000 were made under the 1994 Outside Director Stock Option Plan in January 2005, a one-time award of restricted stock units equal to \$20,000 divided by the then fair market value of a share of our common stock, will be made to each non-employee director in office on May 6, 2005, the date of the annual Shareholder Meeting. The awards will vest over a one-year period and,

11

once vested, will accrue dividend equivalent stock units. The stock units will be distributed in cash in the year following termination of Board service unless UniSource Energy solicits and receives shareholder approval for a new stock incentive plan, in which case the stock units may be distributed in shares at the Board's or Compensation Committee's discretion. Unvested awards are forfeited at termination other than for disability or retirement.

EQUITY COMPENSATION PLAN INFORMATION

Equity Compensation Plans Our only equity-based compensation plan that has not been approved by shareholders is the Management and Directors Deferred Compensation Plan (the "DCP"). Shareholder approval of the DCP has not been required. Under the DCP, certain eligible officers and other employees selected for participation, and non-employee members of the Board, may elect to defer a percentage of the compensation or fees that would otherwise become payable to the individual for their services to us. We also credit DCP accounts of employees participating in our 401(k) Plan with the additional amount of UniSource Energy matching contributions that the participant would have been entitled to under the 401(k) Plan if certain Code limits did not apply to limit the amount of UniSource Energy matching contributions made under the 401(k) Plan. Each participant in the DCP may elect that his or her deferrals be credited in the form of deferred shares. Deferred shares are bookkeeping entries that, when payable, will be paid in the form of an equivalent number of shares of UniSource Energy common stock. Deferred shares accrue dividend equivalents, credited in the form of additional deferred shares, as dividends are paid by UniSource Energy on its issued and outstanding common stock. Each participant elects the time and manner of payment (lump sum or installments) of his or her deferred shares under the DCP. The shares used to satisfy our stock obligations under the DCP are shares that have been purchased on the open market.

The estimated benefits shown in the Pension Plan Table are straight life annuities not subject to a reduction for any Social Security benefits. The table also reflects amounts payable under the Excess Benefits Plan which will pay from the general funds of UniSource Energy the difference, if any, between the benefits under TEP's pension plan and any benefit payments, which may be limited by federal regulations.

OFFICER CHANGE IN CONTROL AGREEMENTS

Change in Control Agreements were adopted to attract and retain quality management.

TEP has Change in Control Agreements ("Agreements") with all of its officers. The Agreements are in effect until the later of: (i) five years after the date either TEP or the officer gives written notice of termination of the Agreement, or (ii) if a change in control occurs during the term of the Agreement, five years after the change in control. On March 29, 2004, a change in control occurred for purposes of the Agreements when our shareholders, at a special meeting, approved the acquisition agreement that provided for an affiliate of Saquaro Utility Group L.P. to acquire all of our outstanding shares of

Edgar Filing: UNISOURCE ENERGY CORP - Form DEF 14A

common stock. This was not affected by the fact that the acquisition was ultimately not consummated.

For the purpose of the Agreements, a change in control includes the acquisition of beneficial ownership of 30% of the common stock of UniSource Energy, certain changes in the UniSource Energy Board of Directors, approval by the shareholders of certain mergers or consolidations or certain transfers of the assets of UniSource Energy. The Agreements provide that each officer shall be employed by TEP, or one of its subsidiaries or affiliates, in a position comparable to his or her current position, with compensation and benefits, which are at least equal to their then current compensation and benefits, for an employment period of five years after a change in control (subject to earlier termination due to the officer's acceptance of a position with another company or termination for cause).

In the event that the officer's employment is terminated by TEP (with the exception of termination due to the officer's acceptance of another position or for cause), or if the officer terminates employment because of a reduction in position, responsibility, compensation or for certain other stated reasons, the officer is entitled to severance benefits in the form of: (i) a lump sum payment equal to the present value of three times annual salary and bonus compensation, (ii) the present value of the additional amount the officer would have received under the TEP Retirement Plan if the officer had continued to be employed for the five-year period after a change in control occurs, plus (iii) the present value of any employee awards under the 1994 Omnibus Stock and Incentive Plan or any successor plan, which are outstanding at the time of the officer's termination (whether vested or not), prorated based on length of service. Such officer is also entitled to continue to participate in TEP's health, death and disability benefit plans for five years after the termination. The Agreements further provide that TEP will make a payment to the officer to offset any excise taxes that may become payable under certain conditions. Any payments made in respect of such excise taxes are not deductible by us. Assuming Mr. Pignatelli's and the other Named

18

Executives' employment was terminated, the total payments made by UniSource Energy pursuant to the Agreements would not be expected to exceed \$20 million.

On March 3, 2005, TEP provided the officers with respect to which the Agreements were in effect at that time, written notice of termination of the

Edgar Filing: UNISOURCE ENERGY CORP - Form DEF 14A

Agreements. Pursuant to the terms of the Agreements, the termination will become effective on March 3, 2010, the fifth anniversary of the date of the written notice of termination.

DIRECTOR INDEPENDENCE CRITERIA

Board independence is determined by consideration of established criteria.

The Board has established the following criteria for determining independence, among other things, in order to determine eligibility to serve on the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee.

Directors that meet each of the following criteria are deemed independent:

1. A director who is an employee of the Company or whose immediate family member is an executive officer of the Company cannot be "independent" until three years after the employment has ended. Employment as an interim Chairman or CEO shall not disqualify a director from being considered independent following that employment.
2. A director who is, or in the past three years has been, affiliated with or employed in a professional capacity by a present or former internal or external auditor of the Company or whose immediate family member is, or in the past three years has been, affiliated with or employed in a professional capacity by a present or former internal or external auditor of the Company cannot be "independent" until three years after the end of the affiliation, employment or auditing relationship.
3. A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee is not "independent" until three years after the end of such service or the employment relationship.
4. A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation.

Compensation received by a director for former service as an interim Chairman or CEO need not be considered in determining independence.

Edgar Filing: UNISOURCE ENERGY CORP - Form DEF 14A

Compensation received by an immediate family member for service as a non-executive employee of the Company need not be considered in determining independence under this test.

5. A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenue, is not "independent" until three years after falling below such threshold.
6. Directors who possess an interest in any transaction for which disclosure would be required pursuant to Item 404(a) of SEC Regulation S-K (generally, this item requires proxy statement disclosure of transactions exceeding \$60,000 between a director and the Company or any of our subsidiaries) are not independent.
7. Directors that do not meet item 6 of the aforementioned criteria may nonetheless be deemed independent by a majority of independent directors, provided the basis for such determination shall be disclosed in the Company's Proxy Statement.

Based upon the foregoing criteria, the Board has deemed each director to be independent, with the exceptions of Mr. Aldrich, Mr. Bickle, Ms. Bilby and Mr. Pignatelli. See "Transactions with Management and Others" below.

TRANSACTIONS WITH MANAGEMENT AND OTHERS

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Committee The Compensation Committee is responsible for developing and administering executive compensation policies and programs for UniSource Energy and TEP and making recommendations to the Board with respect thereto. The Compensation Committee makes recommendations to the Board with respect to the compensation of UniSource Energy's executive officers, including Mr. Pignatelli and the other Named Executives, and sets policies for and reviews the compensation awarded to other key members of management. UniSource Energy applies a consistent philosophy to compensation for all executive employees, including the Named Executives.

Overall Objectives UniSource Energy's executive compensation policies and programs generally are intended to (i) relate the compensation of employees to the success of UniSource Energy and the corresponding creation of shareholder value and deliver rewards for superior performance and consequences for underperformance and (ii) attract, retain and motivate executives and key employees with competitive compensation opportunities.

Executive Compensation Generally The Compensation Committee reviews our executives' compensation each year. Compensation depends on many factors, including individual performance, responsibilities, future challenges and objectives and the executive's potential contribution to our future success. The Compensation Committee also looks at our financial performance and the compensation levels at comparable companies.

UniSource Energy's 2004 compensation program consisted of three components:

- o base salary;
- o short-term incentive compensation; and
- o long-term incentive compensation.

Base Salary The base salary component of compensation is intended to be competitive with that paid by comparable companies in the energy industry. In developing the compensation program, the Compensation Committee retained an external consultant to conduct a competitive analysis of pay for UniSource Energy's officer group. In conducting its analysis for 2004, the consultant selected a peer group of energy companies with a revenue range of \$585 million to

\$1.6 billion. UniSource Energy ranks at the 33rd percentile of the peer group. The peer group companies were selected based on (i) similarity to UniSource Energy in terms of business sector (i.e., electric services and natural gas distribution companies) and (ii) comparable size to UniSource Energy in terms of sales and market capitalization. The Compensation Committee believes that the companies in the peer group are a more appropriate comparison for UniSource Energy than the Edison Electric 100 companies used in the Performance Graph on page 27 of this Proxy Statement because the type of business, annual revenues and market capitalization of the companies included in the survey are more closely related to those of UniSource Energy and the companies in the peer group are primary competitors of UniSource Energy for top-level management personnel. The external data from companies in the peer group was used to develop market compensation for each executive position. "Market compensation" refers to the median salary for executives in the peer group. Base salaries for UniSource Energy's executive officers, including Mr. Pignatelli and the other

21

Named Executives, were set at market compensation levels in January 2004, in recognition of the increasingly competitive environment in the electric industry, the need to continue to attract and retain highly qualified executives and the fact that a substantial portion of each executive's total compensation package is "at-risk," based on the achievement of certain corporate goals. See "Short-Term Incentive Compensation and Long-Term Incentive Compensation" below.

Short-Term Incentive Compensation	The Board adopted a Short-Term Incentive Plan to provide compensation for meeting or exceeding specified objectives, designed to contribute to the attainment of UniSource Energy's performance targets and long-term strategic plan. Under the Short-Term Incentive Plan, target award levels are set as a percentage of each participant's base salary. In 2004, the target award levels for our executive officers ranged from 30% to 70% of base salary. Awards for Mr. Pignatelli and the remaining executive officers are determined by the Board based on the achievement of corporate financial goals, including earnings per share and consolidated cash flow, and the accomplishment of previously established individual goals and contribution to business results. Based on the foregoing factors, the Compensation Committee made awards to the Named Executives ranging from 56% to 84% of base salary. In determining Mr. Pignatelli's award, the Compensation Committee focused on the achievement of previously established strategic, financial, operating and community goals. Incentive compensation awarded to

Mr. Pignatelli and the other Named Executives is set forth in the preceding Summary Compensation Table.

Long-Term Incentive Compensation UniSource Energy's long-term incentive compensation is intended to attract and retain quality employees over the long-term in a manner that directly aligns their interests with those of UniSource Energy's shareholders and promote UniSource Energy's long-term performance goals.

On February 5, 2004, the Compensation Committee awarded performance units (denominated in cash) to all executive officers of UniSource Energy, including Mr. Pignatelli and the other Named Executives. In calculating the level of awards to the executive officers, the Compensation Committee considered the above analysis of executive compensation at comparative companies. Based on such analysis, the Compensation Committee awarded Mr. Pignatelli and the other Named Executives performance units with a total value equal to 100% of base salary for target performance. The number of performance units awarded to Mr. Pignatelli was 625,000. See "2004 Long-Term Incentives Plan Awards" on page 14 of this Proxy Statement for a discussion of the performance criteria upon which the payout of performance units is dependent. In determining the 2004 long-term incentive awards, the Compensation Committee did not consider awards, including stock options, previously granted or outstanding.

22

The Compensation Committee believes that senior management should have a significant equity interest in UniSource Energy. In order to promote equity ownership and further align the interests of management with those of UniSource Energy's shareholders, the Compensation Committee adopted share retention and ownership guidelines for senior management at its February 3, 2005 meeting. Under these guidelines certain executives are expected to maintain a significant ownership position in UniSource Energy common stock, expressed as a multiple of their salary as follows:

- o Chairman, President and Chief Executive Officer 5 times salary
- o Senior Vice President 3 times salary
- o Other Vice President 1 times salary

The Compensation Committee periodically reviews share ownership levels of the persons subject to these guidelines. The following types of shares count towards meeting the specified ownership levels: (i) shares owned outright, jointly with spouse, or in trust for the executive's benefit, (ii) shares held in

Edgar Filing: UNISOURCE ENERGY CORP - Form DEF 14A

qualified retirement and savings plans and (iii) stock units payable in shares held in nonqualified deferred compensation accounts. Nine of the ten executives subject to these guidelines have achieved shareholdings in excess of the applicable multiple set forth above.

Tax Code Concerns The Compensation Committee does not presently have a policy regarding qualifying compensation paid to executive officers for deductibility under Section 162(m) of the Code.

Respectfully submitted,

THE COMPENSATION COMMITTEE

AUDIT COMMITTEE REPORT

The Committee The Audit Committee is made up of five financially literate directors who are independent based upon independence criteria established by our Board, which criteria are in compliance with applicable NYSE listing standards. Our Board has determined that while each member of the Audit Committee has accounting and/or related financial management expertise, Mr. Jobe is the Audit Committee financial expert for the purposes of Item 401(h) of SEC Regulation S-K. In addition to Mr. Jobe, there are two other financial experts on the Committee. Each financial expert is independent as that term is used in Item 7(d)(3)(iv) of Schedule 14A under the Securities and Exchange Act of 1934. The Board previously adopted a written charter for the Audit Committee. On October 5, 2004, the Board approved amendments to the Charter. The Audit Committee Charter is included as Appendix A to this Proxy Statement. The Committee has complied with its charter, including the requirement to meet periodically with our independent auditors, internal audit department and management to discuss the auditors' findings and other financial and accounting matters.

In connection with our December 31, 2004 financial statements, the Audit Committee has (i) reviewed and discussed the audited financial statements with management, (ii) discussed with PricewaterhouseCoopers, LLP, our independent auditor, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Sec. 380), (iii) received from PricewaterhouseCoopers, LLP the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and (iv) discussed with PricewaterhouseCoopers, LLP its independence.

Based on all of its activities during the year, the Audit

Edgar Filing: UNISOURCE ENERGY CORP - Form DEF 14A

Committee recommended to the Board that the audited financial statements for 2004 be included in the Annual Report on Form 10-K for filing with the SEC.

Pre-Approved Policies and Procedures Rules adopted by the SEC in order to implement requirements of the Sarbanes-Oxley Act of 2002 require public company audit committees to pre-approve audit and non-audit services. Our Audit Committee has adopted a policy pursuant to which audit, audit-related, tax and other services are pre-approved by category of service. Recognizing that situations may arise where it is in our best interest for the auditor to perform services in addition to the annual audit of our financial statements, the policy sets forth guidelines and procedures with respect to approval of the four categories of service designed to achieve the continued independence of the auditor when it is retained to perform such services for us. The policy requires the Audit Committee to be informed of each service and does not include any delegation of the Audit Committee's responsibilities to management. The Audit Committee may delegate to the Chairman of the Audit Committee the authority to grant pre-approvals of audit and non-audit services requiring Audit Committee

24

approval where the Audit Committee Chairman believes it is desirable to pre-approve such services prior to the next regularly scheduled Audit Committee meeting. The decisions of the Audit Committee Chairman to pre-approve any such services from one regularly scheduled Audit Committee meeting to the next shall be reported to the Audit Committee.

Fees The following table details fees paid to PricewaterhouseCoopers, LLP for professional services during 2003 and 2004. The Audit Committee has considered whether the provision of services to us by PricewaterhouseCoopers, LLP, beyond those rendered in connection with their audit and review of our financial statements, is compatible with maintaining their independence as auditors.

	2003 -----	2004 -----
Audit Fees	\$903,566	\$2,190,556
Audit-Related Fees	\$644,744	\$76,583
Tax Fees	\$98,645	\$2,002
All Other Fees	\$2,598	\$3,228

Audit fees include fees for the audit of our consolidated financial statements included in our Annual Report on Form 10-K and review of financial statements included in our Quarterly Reports on Form 10-Q. Audit fees also include services provided by PricewaterhouseCoopers, LLP in connection with the audit of the effectiveness of internal control over financial reporting and on management's assessment of the effectiveness of internal control over financial reporting, comfort letters, consents and other services related to SEC matters and financing transactions, statutory and regulatory audits, and accounting consultations to the extent necessary for PricewaterhouseCoopers, LLP to fulfill their responsibilities under generally accepted auditing standards. Audit fees in connection with the audit of the effectiveness of internal control over financial reporting and on management's assessment of the effectiveness of internal control over financial reporting in compliance with Sarbanes-Oxley totaled \$1,395,841 (already included in Audit Fees in the table above) in 2004.

Audit-related fees during 2004 principally include fees for employee benefit plan audits and due diligence-type services related to proposed acquisitions. During 2003, audit-related fees related primarily to the audits of the gas and electric system assets acquired from Citizens Communications Company on August 11, 2003 (for periods prior to the acquisition date) and audits of employee benefit plans.

Tax fees include tax compliance, tax advice and tax planning.

All other fees consist of fees for all other services other than those reported above and, in 2003 and 2004, principally include subscription fees for research tools.

25

All services performed by PricewaterhouseCoopers, LLP are approved in advance by the Audit Committee in accordance with the Audit Committee's pre-approval policy for services provided by the independent auditor.

Respectfully submitted,

THE AUDIT COMMITTEE
