[Intrawest Logo]

US\$350,000,000 INTRAWEST CORPORATION
 7.50% SENIOR NOTES DUE OCTOBER 15, 2013

 Intrawest Corporation (the "Company") hereby offers, upon the terms and subject to the conditions set forth in this Prospectus and the accompanying

Edgar Filing: INTRAWEST CORP - Form F-10

Letter of Transmittal (the "Letter of Transmittal", which together with this Prospectus constitute the "Exchange Offer"), to exchange an aggregate principal amount up to US\$350,000,000 of 7.50% Senior Notes due October 15, 2013 of the Company (the "Exchange Notes"), which are being registered under the United States Securities Act of 1933, as amended (the "Securities Act"), pursuant to a registration statement (the "Registration Statement") of which this Prospectus constitutes a part, and qualified for distribution under this Prospectus in the Provinces of British Columbia and Ontario in Canada (the "Qualifying Provinces"), for a like principal amount of the issued and outstanding US\$350,000,000 aggregate principal amount of 7.50% Senior Notes due October 15, 2013 of the Company which were issued on October 9, 2003 (the "Original Notes"), with the holders thereof. The Exchange Notes and the Original Notes are collectively referred to herein as the "Notes."

The Exchange Notes are offered hereunder in order to satisfy certain obligations of the Company under the Exchange and Registration Rights Agreement dated October 9, 2003 (the "Registration Rights Agreement") among the Company and the initial purchasers of the Original Notes (the "Initial Purchasers").

The Exchange Notes will evidence the same debt as the Original Notes and will be issued, and holders thereof will be entitled to the same rights as holders of the Original Notes, under the Indenture (as defined herein) governing the Notes. The terms of the Exchange Notes are identical in all material respects to the Original Notes except for certain transfer restrictions and registration rights relating to the Original Notes and except that, in the event of a Registration Default (as defined herein), special interest, in addition to the interest set forth below, shall accrue on the Original Notes at a per annum rate of 0.5% for the first 90 days of the Registration Default Period (as defined herein) and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. Upon cure of the Registration Default, the special interest shall no longer accrue and the Original Notes will bear interest at the original rate; provided, however, that if, after any such cure, a different Registration Default occurs, then special interest shall again accrue in accordance with the foregoing provisions. See "Description of the Notes -- Exchange Offer; Registration Rights."

THIS OFFERING IS MADE BY A CANADIAN ISSUER THAT IS PERMITTED, UNDER A MULTIJURISDICTIONAL DISCLOSURE SYSTEM ADOPTED BY THE UNITED STATES, TO PREPARE THIS PROSPECTUS IN ACCORDANCE WITH THE DISCLOSURE REQUIREMENTS OF CANADA. PROSPECTIVE INVESTORS SHOULD BE AWARE THAT SUCH REQUIREMENTS ARE DIFFERENT FROM THOSE OF THE UNITED STATES. THE CONSOLIDATED FINANCIAL STATEMENTS INCLUDED OR INCORPORATED HEREIN HAVE BEEN PREPARED IN ACCORDANCE WITH CANADIAN GENERALLY ACCEPTED ACCOUNTING PRINCIPLES, AND ARE SUBJECT TO CANADIAN AUDITING AND AUDITOR INDEPENDENCE STANDARDS, AND THUS MAY NOT BE COMPARABLE TO FINANCIAL STATEMENTS OF UNITED STATES COMPANIES.

PROSPECTIVE INVESTORS SHOULD BE AWARE THAT THE ACQUISITION OF THE SECURITIES DESCRIBED HEREIN MAY HAVE TAX CONSEQUENCES BOTH IN THE UNITED STATES AND IN CANADA. SUCH CONSEQUENCES FOR INVESTORS WHO ARE RESIDENT IN, OR CITIZENS OF, THE UNITED STATES MAY NOT BE DESCRIBED FULLY HEREIN. SEE "CERTAIN INCOME TAX CONSEQUENCES."

THE ENFORCEMENT BY INVESTORS OF CIVIL LIABILITIES UNDER THE UNITED STATES FEDERAL SECURITIES LAWS MAY BE AFFECTED ADVERSELY BY THE FACT THAT THE COMPANY IS CONTINUED UNDER THE LAWS OF CANADA, THAT SOME OR ALL OF ITS OFFICERS AND DIRECTORS MAY BE RESIDENTS OF CANADA, THAT SOME OR ALL OF THE EXPERTS NAMED IN THE REGISTRATION STATEMENT MAY BE RESIDENTS OF CANADA, AND THAT ALL OR A SUBSTANTIAL PORTION OF THE ASSETS OF THE COMPANY AND SAID PERSONS MAY BE LOCATED OUTSIDE THE UNITED STATES.

PROSPECTIVE INVESTORS SHOULD BE AWARE THAT, DURING THE PERIOD OF THE EXCHANGE OFFER, THE COMPANY OR ITS AFFILIATES, DIRECTLY OR INDIRECTLY, MAY BID FOR OR MAKE PURCHASES OF THE SECURITIES TO BE DISTRIBUTED OR TO BE EXCHANGED, OR CERTAIN RELATED SECURITIES, AS PERMITTED BY APPLICABLE LAWS OR REGULATIONS OF CANADA OR ITS PROVINCES OR TERRITORIES.

Edgar Filing: INTRAWEST CORP - Form F-10

Interest on the Notes at a per annum rate of 7.50% is payable semi-annually on April 15 and October 15 of each year, commencing April 15, 2004. The Notes are redeemable at the option of the Company, in whole or in part, at any time on or after October 15, 2008 at the redemption prices set forth herein plus accrued and unpaid interest to the date of redemption. The Notes are also redeemable by the Company at any time, in whole but not in part, at the option of the Company at their principal amount plus accrued and unpaid interest to the date of redemption in the event of certain changes affecting Canadian withholding taxes. In addition, upon a Change of Control Triggering Event (as defined herein), the Company is required to offer to purchase all outstanding Notes at a price equal to 101% of the principal amount thereof, plus accrued and unpaid interest to the date of repurchase.

The Notes are senior unsecured obligations of the Company, rank pari passu in right of payment with all other existing and future senior unsecured obligations of the Company and rank senior in right of payment to all existing and future obligations of the Company expressly subordinated in right of payment to the Notes. Holders of secured obligations of the Company will, however, have claims that are prior to the claims of the holders of the Notes with respect to the assets securing such obligations. In addition, the Notes are effectively subordinated to all existing and future indebtedness and other liabilities of the Company's subsidiaries. As of September 30, 2003, after giving pro forma effect to the sale of the Original Notes and the application of the net proceeds thereof, the Company would have had US\$760.4 million of senior unsecured indebtedness and US\$50.8 million of senior secured indebtedness, and the Company's subsidiaries would have had US\$777.0 million of liabilities.

(continued on following page)

THE TENDER OF ORIGINAL NOTES FOR EXCHANGE NOTES INVOLVES RISKS. SEE "RISK FACTORS" BEGINNING ON PAGE 9 HEREOF FOR A DISCUSSION OF CERTAIN FACTORS THAT SHOULD BE CONSIDERED IN CONNECTION WITH AN INVESTMENT IN THE NOTES. NO "UNDERWRITER" WITHIN THE MEANING OF APPLICABLE CANADIAN SECURITIES LEGISLATION HAS BEEN INVOLVED IN THE PREPARATION OF THIS PROSPECTUS OR PERFORMED ANY REVIEW OF THE CONTENTS OF THIS PROSPECTUS.

THESE NOTES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION, NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this Prospectus is December 1, 2003

The Exchange Notes will be represented by a global Exchange Note registered in the name of the nominee of The Depository Trust Company ("DTC"). Beneficial interests in the global Exchange Note will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its participants. Except as described herein, Exchange Notes in definitive form will not be issued. See "Description of the Notes -- Transfer, Exchange and Book-Entry Procedures."

The Company is making the Exchange Offer in reliance on the position of the staff of the United States Securities and Exchange Commission (the "Commission") as set forth in certain no-action letters addressed to other parties in other transactions. However, the Company has not sought its own no-action letter and there can be no assurance that the staff of the Commission would make a similar determination with respect to the Exchange Offer as in such other circumstances. Based upon these interpretations by the staff of the Commission, the Company believes that Exchange Notes issued pursuant to the

Edgar Filing: INTRAWEST CORP - Form F-10

Exchange Offer in exchange for Original Notes may be offered for resale, resold and otherwise transferred by a holder thereof (other than any holder which is (i) a broker-dealer who purchased such Original Notes directly from the Company for resale pursuant to Rule 144A or other available exemptions under the Securities Act, (ii) a broker-dealer who acquired such Original Notes as a result of market-making or other trading activities or (iii) a person that is an "affiliate" (as defined in Rule 405 of the Securities Act) of the Company (an "Affiliate")) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holder's business and that such holder is not participating, and has no arrangement or understanding with any person to participate, in a distribution (within the meaning of the Securities Act) of such Exchange Notes. Holders of Original Notes accepting the Exchange Offer for the purpose of participating in a distribution of the Exchange Notes may not rely on the position of the staff of the Commission as set forth in these no-action letters and would have to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. A secondary resale transaction in the United States by a holder of Original Notes who is using the Exchange Offer to participate in the distribution of Exchange Notes must be covered by an effective registration statement containing the selling securityholder information required by Item 507 of Regulation S-K under the Securities Act.

Each broker-dealer (other than an Affiliate of the Company) that receives Exchange Notes for its own account pursuant to the Exchange Offer must acknowledge that it acquired the Original Notes as a result of market-making activities or other trading activities and that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes. The Letter of Transmittal states that by so acknowledging, and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act even though it may be deemed to be an underwriter for purposes thereof. This Prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Original Notes where such Original Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. The Company has agreed that, for a period ending on the earlier of the 180th day after the Exchange Offer has been completed or such time as broker-dealers no longer own any Registrable Securities (as defined in the Registration Rights Agreement), it will make this Prospectus, as amended or supplemented, available to any such broker-dealer for use in connection with any such resale. See "Plan of Distribution." Any broker-dealer who is an Affiliate of the Company may not rely on such no-action letters and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transactions.

THERE IS CURRENTLY NO MARKET THROUGH WHICH THE EXCHANGE NOTES MAY BE SOLD AND HOLDERS MAY NOT BE ABLE TO RESELL EXCHANGE NOTES DISTRIBUTED UNDER THIS PROSPECTUS. Although the Initial Purchasers have informed the Company that they currently intend to make a market in the Exchange Notes, they are not obligated to do so, and any such market-making may be discontinued at any time without notice. Accordingly, there can be no assurance as to the development or liquidity of any market for the Exchange Notes. The Company does not intend to apply for listing of the Notes on any securities exchange or for quotation of the Notes through the Nasdaq Stock Market ("Nasdaq").

ii

Any Original Notes not tendered and accepted in the Exchange Offer will remain outstanding and the holders thereof will be entitled to all the rights and preferences and will be subject to the limitations applicable thereto under

Edgar Filing: INTRAWEST CORP - Form F-10

the Indenture. Following consummation of the Exchange Offer, the holders of the Original Notes will continue to be subject to the existing restrictions upon transfer thereof and the Company will have no further obligation to such holders to provide for registration under the Securities Act of the Original Notes held by them. To the extent that Original Notes are tendered and accepted in the Exchange Offer, a holder's ability to sell untendered, or tendered but unaccepted, Original Notes could be adversely affected. Although the Original Notes are eligible for trading in the Private Offerings, Resales and Trading through Automated Linkages (PORTAL) market, it is not expected that an active market for the Original Notes will develop while they are subject to restrictions on transfer.

The Company will accept for exchange any and all Original Notes that are validly tendered and not withdrawn at or prior to 5:00 p.m., New York City time, on the date the Exchange Offer expires, which will be January --, 2004 (the "Expiration Date"), unless the Exchange Offer is extended by the Company, in which case the term "Expiration Date" shall mean the latest date to which the Exchange Offer is extended. Tenders of Original Notes may be withdrawn at any time prior to 5:00 p.m., New York City time, on the Expiration Date. The Exchange Offer is not conditioned upon any minimum principal amount of Original Notes being tendered or accepted for exchange. However, the Exchange Offer is subject to certain conditions which may be waived by the Company and to the terms and provisions of the Registration Rights Agreement. The Exchange Notes will bear interest from the later of October 15, 2003 and the last interest payment date (if any) of the Original Notes to occur prior to the issue date of the Exchange Notes. Holders of the Original Notes whose Original Notes are accepted for exchange pursuant to the Exchange Offer will not receive interest on such Original Notes for any period subsequent to the later of October 15, 2003 and the last interest payment date (if any) to occur prior to the issue date of the Exchange Notes.

HOLDERS OF ORIGINAL NOTES SHOULD USE THE BLUE LETTER OF
TRANSMITTAL AND THE GREEN NOTICE OF GUARANTEED DELIVERY IN
MAKING THEIR TENDERS.

iii

SPECIAL NOTE REGARDING FORWARD-LOOKING INFORMATION

This Prospectus contains or incorporates statements that constitute "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, including statements regarding, among other matters, the intent, belief or current expectations of the Company or its management with respect to the Company's operating strategies, the Company's growth strategies, the Company's capital expenditures and recent acquisitions, industry trends, competition and other factors affecting the Company's financial condition or results of operations. Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other known and unknown factors, including the factors discussed in Management's Discussion and Analysis (as defined below), which may cause actual results, performance or achievements to differ materially from the future results, performance or achievements expressed or implied in such forward-looking statements.

All documents of the Company of the type referred to above (excluding any confidential material change reports) that are filed by the Company with a securities commission or any similar authority in Canada after the date of this Prospectus and prior to the termination of this offering shall be deemed to be incorporated by reference into this Prospectus.

Any statement contained in this Prospectus or in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded for the purposes of this Prospectus to the extent that a statement contained herein, or in any other subsequently filed document that also is or is deemed to be incorporated by reference herein, modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not

2

misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Prospectus.

CERTAIN DEFINITIONS AND STATISTICAL INFORMATION

As used in this Prospectus "skier visit" means one guest accessing a ski mountain on any one day and "unit" means one condominium-hotel unit, one

Edgar Filing: INTRAWEST CORP - Form F-10

townhome unit, one single-family lot or 1,000 square feet of commercial space.

Statistical information relating to the ski and golf industries included in this Prospectus is derived by the Company from recognized industry reports regularly published by industry associations and independent consulting and data compilation organizations in these industries, including The National Ski Areas Association, The Canadian Ski Council, the White Book of Ski Areas and the National Golf Foundation.

In this Prospectus, unless the context otherwise requires, the "Company" or "Intrawest" refers to Intrawest Corporation, either alone or with its subsidiaries and their respective interests in joint ventures and partnerships. ALL DOLLAR AMOUNTS USED HEREIN ARE IN U.S. DOLLARS, UNLESS OTHERWISE STATED.

ENFORCEABILITY OF CERTAIN CIVIL LIABILITIES

The Company is a corporation continued under the laws of the Canada and a substantial portion of its assets are located in, and substantially all of the directors, controlling persons and officers of the Company and certain of the experts named herein are residents of, jurisdictions other than the United States. As a result, it may be difficult for United States investors to effect service within the United States upon those directors, controlling persons, officers or experts who are not residents of the United States, or to realize in the United States upon judgments of courts of the United States predicated upon civil liability of such directors, controlling persons, officers or experts under United States federal securities laws. The Company has been advised by its Canadian counsel, McCarthy Tetrault LLP, that a judgment of a United States court predicated solely upon civil liability under such laws would probably be enforceable in Canada if the United States court in which the judgment was obtained had a basis for jurisdiction in the matter that was recognized by a Canadian court for such purposes. The Company has also been advised by such counsel that an action may be brought in British Columbia in the first instance on the basis of civil liability predicated solely upon such laws if the British Columbia court is satisfied that the United States is the *lex loci delicti* (i.e., the place of the wrong) for such a claim.

3

PROSPECTUS SUMMARY

The following summary is qualified in its entirety by reference to, and should be read in conjunction with, the more detailed information contained elsewhere in this Prospectus.

THE EXCHANGE OFFER

SECURITIES OFFERED..... Up to \$350,000,000 principal amount of 7.50% Senior Notes due October 15, 2013, which have been registered under the Securities Act and qualified for distribution in the Provinces of British Columbia and Ontario in Canada. The terms of the Exchange Notes are identical in all material respects to the Original Notes except for certain transfer restrictions and registration rights relating to the Original Notes and except that, in the event that either (i) an Exchange Offer Registration Statement (as defined herein) is not filed with the Commission on or prior to the 60th day following the date of original issue of the Original Notes, (ii) such Exchange Offer Registration Statement is not declared effective on

Edgar Filing: INTRAWEST CORP - Form F-10

or prior to the 180th day following the date of original issue of the Original Notes, (iii) the Exchange Offer is not completed within 45 days after the initial effective date of the Exchange Offer Registration Statement, (iv) the Exchange Offer Registration Statement is declared effective but thereafter ceases to be effective or useable or (v) certain other events specified in the Registration Rights Agreement occur, then special interest, in addition to the interest set forth on the cover page hereof, shall accrue on the Original Notes at a per annum rate of 0.5% for the first 90 days of the Registration Default Period and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. Upon cure of the Registration Default, the special interest shall no longer accrue and the Original Notes will bear interest at the original rate; provided, however, that if, after any such cure, a different Registration Default occurs, then special interest shall again accrue in accordance with the foregoing provisions. See "Description of the Notes -- Exchange Offer; Registration Rights."

THE EXCHANGE OFFER..... The Exchange Notes are being offered in exchange for a like principal amount of Original Notes. The issuance of the Exchange Notes is intended to satisfy certain obligations of the Company under the Registration Rights Agreement. The Exchange Notes will evidence the same debt as the Original Notes and will be issued, and holders thereof will be entitled to the same rights as holders of the Original Notes, under the Indenture. The Exchange Offer is not conditional upon any minimum principal amount of Original Notes being tendered or accepted for exchange.

TENDERS, EXPIRATION DATE;
WITHDRAWAL..... The Exchange Offer will expire at 5:00 p.m., New York City time, on January --, 2004, or such later date to which it is extended by the Company in its sole discretion. Tenders of outstanding Notes may be withdrawn at any time prior to 5:00 p.m., New York City time, on the Expiration Date. Any Original Notes not accepted for exchange for any reason will be returned without expense to the tendering holders thereof as promptly as practicable after the expiration or termination of the Exchange Offer. See "The Exchange Offer" for a description of the procedures for tendering the Original Notes.

U.S. AND CANADIAN FEDERAL
INCOME TAX CONSEQUENCES.... For United States federal income tax purposes, an exchange of Original Notes for Exchange Notes pursuant to the Exchange Offer should not be a taxable event for US Holders (as defined herein) of Original Notes. The exchange by a Holder (as defined herein) of an Original Note for an Exchange

Edgar Filing: INTRAWEST CORP - Form F-10

Note should not constitute a taxable event for Canadian federal income tax purposes. Accordingly, a Holder will not be subject to tax in respect of the exchange. Further, the payment of interest, principal or premium, if any, to a Holder of the Exchange Notes will be exempt from Canadian withholding tax. See "Certain Income Tax Consequences."

USE OF PROCEEDS..... There will be no cash proceeds payable to the Company from the issuance of the Exchange Notes pursuant to the Exchange Offer. The Company used the net proceeds of approximately \$343.6 million received from the sale of the Original Notes to retire the Company's outstanding 9.75% Senior Notes due August 15, 2008 and to reduce bank and other indebtedness of the Company.

EXCHANGE AGENT..... JPMorgan Chase Bank is serving as Exchange Agent (the "Exchange Agent") pursuant to the Exchange Offer.

5

CONSEQUENCES OF EXCHANGING ORIGINAL NOTES PURSUANT TO THE EXCHANGE OFFER

The Company is making the Exchange Offer in reliance on the position of the staff of the Commission as set forth in certain no-action letters addressed to other parties in other transactions. However, the Company has not sought its own no-action letter and there can be no assurance that the staff of the Commission would make a similar determination with respect to the Exchange Offer as in such other circumstances. Based upon these interpretations by the staff of the Commission, the Company believes that Exchange Notes issued pursuant to the Exchange Offer in exchange for Original Notes may be offered for resale, resold and otherwise transferred by a holder thereof (other than any holder which is (i) a broker-dealer who purchased such Original Notes directly from the Company for resale pursuant to Rule 144A or other available exemptions under the Securities Act, (ii) a broker-dealer who acquired such Original Notes as a result of market-making or other trading activities or (iii) a person that is an Affiliate of the Company) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holder's business and that such holder is not participating, and has no arrangement or understanding with any person to participate, in a distribution (within the meaning of the Securities Act) of such Exchange Notes. Holders of Original Notes accepting the Exchange Offer for the purpose of participating in a distribution of the Exchange Notes may not rely on the position of the staff of the Commission as set forth in these no-action letters and would have to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. A secondary resale transaction in the United States by a holder of Original Notes who is using the Exchange Offer to participate in the distribution of Exchange Notes must be covered by an effective registration statement containing the selling securityholder information required by Item 507 of Regulation S-K under the Securities Act.

Each broker-dealer (other than an Affiliate of the Company) that receives Exchange Notes for its own account pursuant to the Exchange Offer must acknowledge that it acquired the Original Notes as a result of market-making activities or other trading activities and that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes. The Letter of Transmittal states that by so acknowledging,

Edgar Filing: INTRAWEST CORP - Form F-10

and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act even though it may be deemed to be an underwriter for purposes thereof. This Prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Original Notes where such Original Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. The Company has agreed that, for a period ending on the earlier of the 180th day after the Exchange Offer has been completed or such time as broker-dealers no longer own any Registrable Securities (as defined in the Registration Rights Agreement) it will make this Prospectus, as amended or supplemented, available to any such broker-dealer for use in connection with any such resale. See "Plan of Distribution." Any broker-dealer who is an Affiliate of the Company may not rely on such no-action letters and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transactions.

EFFECT OF THE EXCHANGE OFFER ON HOLDERS OF ORIGINAL NOTES

As a result of the making of the Exchange Offer, and upon acceptance for exchange of all Original Notes that have been properly tendered and not withdrawn pursuant to the Exchange Offer, the Company will have fulfilled a covenant contained in the Registration Rights Agreement and, accordingly, the holders of the Original Notes will have no further registration rights under the Registration Rights Agreement, except that, in certain limited circumstances, the Company is required to file with the Commission a Shelf Registration Statement (as defined herein). See "Description of the Notes -- Exchange Offer; Registration Rights." Any Original Notes not tendered and accepted in the Exchange Offer will remain outstanding and the holders thereof will be entitled to all the rights and preferences and will be subject to the limitations applicable thereto under the Indenture. All untendered, and tendered but unaccepted, Original Notes will continue to be subject to the restrictions on transfer provided for in the Original Notes and the Indenture. To the extent that Original Notes are tendered and accepted in the Exchange Offer, a holder's ability to sell untendered, or tendered but unaccepted, Original Notes could be adversely affected. See "Risk Factors -- Consequences of Failure to Exchange."

6

SUMMARY DESCRIPTION OF THE NOTES

The Exchange Notes will evidence the same debt as the Original Notes and will be issued, and the holders thereof will be entitled to the same rights as holders of the Original Notes, under the Indenture. The terms of the Exchange Notes are identical in all material respects to the Original Notes except for certain transfer restrictions and registration rights relating to the Original Notes and except that, in the event of a Registration Default, special interest, in addition to the interest set forth on the cover page hereof, shall accrue on the Original Notes at a per annum rate of 0.5% for the first 90 days of the Registration Default Period and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. Upon cure of the Registration Default, the special interest shall no longer accrue and the Original Notes will bear interest at the original rate; provided, however, that if after any such cure, a different Registration Default occurs, then special interest shall again accrue in accordance with the foregoing provisions. See "Description of the Notes -- Exchange Offer; Registration Rights."

The Exchange Notes will bear interest from the later of October 15, 2003 and the last interest payment date (if any) of the Original Notes to occur prior to the issue date of the Exchange Notes. Holders of the Original Notes whose Original Notes are accepted for exchange pursuant to the Exchange Offer will not

Edgar Filing: INTRAWEST CORP - Form F-10

receive interest on such Original Notes for any period subsequent to the later of October 15, 2003 and the last interest payment date (if any) to occur prior to the issue date of the Exchange Notes.

ISSUER..... Intrawest Corporation.

NOTES..... \$350,000,000 aggregate principal amount of the Company's 7.50% Senior Notes due October 15, 2013.

MATURITY DATE..... October 15, 2013.

INTEREST PAYMENT DATES..... April 15 and October 15 of each year, commencing April 15, 2004.

OPTIONAL REDEMPTION..... The Notes will be redeemable at the option of the Company, in whole or in part, at any time on or after October 15, 2008, at the redemption prices set forth herein, plus accrued and unpaid interest to the date of redemption. See "Description of the Notes -- Optional Redemption."

TAX REDEMPTION..... The Notes will be redeemable by the Company at any time, in whole but not in part, at the option of the Company at a redemption price of 100% of their principal amount plus accrued and unpaid interest to the date of redemption in the event the Company becomes obligated to pay Additional Amounts (as defined herein) as a result of certain changes affecting Canadian withholding taxes. See "Description of the Notes -- Optional Redemption" and "-- Additional Amounts for Canadian Taxes."

CHANGE OF CONTROL..... Upon the occurrence of a Change of Control Triggering Event, which requires both a Change of Control (as defined herein) and a Rating Decline (as defined herein), the Company is required to offer to purchase all outstanding Notes at 101% of the principal amount thereof, plus accrued and unpaid interest to the date of purchase. See "Description of the Notes -- Covenants -- Change of Control."

ADDITIONAL AMOUNTS..... All payments with respect to the Notes made by the Company will be made without withholding or deduction for Canadian taxes unless required by law or by the interpretation or administration thereof, in which case, subject to certain exceptions, the Company will pay such Additional Amounts as may be necessary, so that the net amount received by the holders after such withholding or deduction will not be less than the amount that would have been received in the absence of

7

such withholding or deduction. See "Description of the Notes -- Additional Amounts for Canadian Taxes."

RANKING..... The Notes will constitute senior unsecured obligations of the Company, and indebtedness

Edgar Filing: INTRAWEST CORP - Form F-10

evidenced by the Notes will rank pari passu in right of payment with all other existing and future senior unsecured obligations of the Company and senior in right of payment to all existing and future obligations of the Company expressly subordinated in right of payment to the Notes. Holders of secured obligations of the Company will, however, have claims that are prior to the claims of the holders of the Notes with respect to the assets securing such obligations. In addition, the Notes will be effectively subordinated to all existing and future indebtedness and other liabilities of the Company's subsidiaries. As of September 30, 2003, after giving pro forma effect to the sale of the Original Notes and the application of the net proceeds thereof, the Company would have had \$760.4 million of senior unsecured indebtedness and \$50.8 million of senior secured indebtedness, and the Company's subsidiaries would have had \$777.0 million of liabilities.

CERTAIN COVENANTS..... The Indenture contains covenants that, among other things, limit the ability of the Company or, in some cases, certain of its subsidiaries, to incur indebtedness and issue preferred shares, make restricted payments, create liens, enter into sale and leaseback transactions, dispose of assets, enter into transactions with affiliates and related persons and enter into amalgamations, consolidations or mergers or sell all or substantially all of their assets. If the Notes are rated Investment Grade (as defined herein) by certain rating agencies, all such covenants will cease to apply, other than certain of the covenants relating to creating liens and to amalgamations, consolidations or mergers or the sale of all or substantially all of the Company's assets. All of these limitations, however, are subject to a number of important exceptions and qualifications. See "Description of the Notes -- Covenants" and "-- Fall-away Event."

ABSENCE OF PUBLIC MARKET
FOR THE EXCHANGE NOTES..... Although the Initial Purchasers have informed the Company that they currently intend to make a market in the Exchange Notes, they are not obligated to do so, and any such market-making may be discontinued at any time without notice. Accordingly, there can be no assurance as to the development or liquidity of any market for the Exchange Notes. The Company does not intend to apply for listing of the Notes on any securities exchange or for quotation of the Notes through Nasdaq.

RISK FACTORS

Prospective recipients of the Exchange Notes should consider carefully the information set forth under "Risk Factors" and all other information set forth in this Prospectus in evaluating an investment in the Exchange Notes.

ADDITIONAL INFORMATION

Edgar Filing: INTRAWEST CORP - Form F-10

For additional information regarding the Exchange Notes, see "Description of the Notes" and "Certain Income Tax Considerations."

8

RISK FACTORS

Participation in the Exchange Offer is voluntary. In addition to other information set forth elsewhere in the Prospectus, before tendering Original Notes for Exchange Notes, prospective recipients of the Exchange Notes should consider carefully the risk factors set forth below in evaluating an investment in the Exchange Notes.

CONSEQUENCES OF FAILURE TO EXCHANGE

Holders of Original Notes who do not exchange their Original Notes for Exchange Notes pursuant to the Exchange Offer will continue to be subject to the restrictions on transfer of such Original Notes as set forth in the legend thereon as a consequence of the issuance of the Original Notes pursuant to exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and similar requirements of applicable securities laws of the states of the United States and other jurisdictions. In general, the Original Notes may not be offered or sold, unless registered under the Securities Act or registered or qualified for distribution under the securities laws of other applicable jurisdictions, except pursuant to an exemption therefrom or in a transaction not subject thereto. Except in certain limited circumstances provided for in the Registration Rights Agreement, the Company does not intend to register the Original Notes under the Securities Act or to register or qualify for distribution the Original Notes under the securities laws of any such jurisdiction. In addition, any holder of Original Notes who tenders in the Exchange Offer for the purpose of participating in a distribution of the Exchange Notes may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction.

Issuance of the Exchange Notes in exchange for the Original Notes pursuant to the Exchange Offer will be made only after timely receipt by the Exchange Agent of such Original Notes, a properly completed and duly executed Letter of Transmittal and all other required documents. Therefore, holders of the Original Notes desiring to tender such Original Notes in exchange for Exchange Notes should allow sufficient time to ensure timely delivery. The Company is under no duty to give notification of defects or irregularities with respect to tenders of Original Notes for exchange. Original Notes that are not tendered or that are tendered but not accepted by the Company for exchange pursuant to the Exchange Offer, will, following consummation of the Exchange Offer, continue to be subject to the existing restrictions upon transfer thereof provided for in the Original Notes and the Indenture and, upon consummation of the Exchange Offer, certain registration rights under the Registration Rights Agreement relating to the Original Notes will terminate. See "Description of the Notes -- Exchange Offer; Registration Rights."

To the extent that Original Notes are tendered and accepted in the Exchange Offer, a holder's ability to sell untendered, or tendered but unaccepted, Original Notes could be adversely affected, and the volatility of the market price of the Original Notes could increase, due to a reduction in liquidity. Although the Original Notes are eligible for trading in the Private Offerings, Resales and Trading through Automated Linkages (PORTAL) market, it is not expected that an active market for the Original Notes will develop while they are subject to restrictions on transfer.

Edgar Filing: INTRAWEST CORP - Form F-10

LEVERAGE

As of September 30, 2003, after giving pro forma effect to the sale of the Original Notes and the application of the net proceeds thereof, the Company would have had total consolidated debt of \$1.23 billion and shareholders' equity of \$703.7 million. See "Consolidated Capitalization" and "Use of Proceeds." The Indenture permits the Company and its subsidiaries to incur or guarantee additional debt, subject to certain limitations. There is no assurance the Company's business will generate sufficient cash flow from operations in the future to service the Company's debt and make necessary capital expenditures, in which case the Company may seek additional financing, dispose of certain assets or seek to refinance some or all of its debt. There is no assurance that any of these alternatives could be effected, if at all, on satisfactory terms.

The Indenture contains numerous financial and operating covenants that limit the discretion of management with respect to certain business matters. These covenants place significant restrictions on, among

9

other things, the ability of the Company to incur additional indebtedness, to create liens or other encumbrances, to make certain payments and investments, and to sell or otherwise dispose of assets and merge or consolidate with other entities. A failure to comply with the obligations contained in the Indenture could permit acceleration of the related debt and acceleration of debt under other instruments that contain cross-acceleration or cross-default provisions. See "Description of the Notes -- Covenants."

ADVERSE CONSEQUENCES OF HOLDING COMPANY STRUCTURE

The Company is primarily a holding company with limited material business operations, sources of income or assets of its own other than the shares of its subsidiaries. The Notes will be obligations exclusively of the Company. The subsidiaries of the Company will not have guaranteed the payment of principal or of interest on the Notes and the Notes will therefore be effectively subordinated to the obligations of the Company's subsidiaries as a result of the Company being a holding company. In the event of an insolvency, liquidation or other reorganization of any of the subsidiaries of the Company, the creditors of the Company (including the holders of the Notes), as well as shareholders of the Company, will have no right to proceed against the assets of such subsidiaries or to cause the liquidation or bankruptcy of such subsidiaries under applicable bankruptcy laws. Creditors of such subsidiaries would be entitled to payment in full from such assets before the Company, as a shareholder, would be entitled to receive any distribution therefrom. Except to the extent that the Company may itself be a creditor with recognized claims against such subsidiaries, claims of creditors of such subsidiaries will have priority with respect to the assets and earnings of such subsidiaries over the claims of creditors of the Company, including claims under the Notes. As of September 30, 2003, after giving pro forma effect to the sale of the Original Notes and the application of the net proceeds thereof, the Company's subsidiaries would have had \$777.0 million of liabilities.

In addition, as a result of the Company being a holding company, the Company's operating cash flow and its ability to service its indebtedness, including the Notes, is dependent upon the operating cash flow of its subsidiaries and the payment of funds by such subsidiaries to the Company in the form of loans, dividends or otherwise. The Company's subsidiaries are distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the Notes or to make any funds available therefor, whether by dividends, interest, loans, advances or other payments. In addition, the payment of dividends and the making of loans, advances and other payments to

Edgar Filing: INTRAWEST CORP - Form F-10

the Company by its subsidiaries may be subject to statutory or contractual restrictions (including requirements to maintain minimum levels of working capital and other assets), are contingent upon the earnings of those subsidiaries and are subject to various business and other considerations.

SEASONALITY OF OPERATIONS

Ski and resort operations are highly seasonal. In fiscal 2003 approximately 67% of the Company's ski and resort operations revenue was generated during the period from December to March. Furthermore, during this period a significant portion of ski and resort operations revenue is generated on certain holidays, particularly Christmas/New Year, Presidents' Day and school spring breaks, and on weekends. Problems during these peak periods, such as adverse weather conditions, access route closures and equipment failures, could have a material adverse effect on the Company's operating results. The Company's real estate operations tend to be somewhat seasonal as well, with construction primarily taking place during the summer and the majority of sales being closed in the December to June period. Although the Company expects its warm-weather resorts to mitigate the seasonality of ski and resort operations revenue, the Company's mountain resorts have operating losses and negative cash flows for the period from May to October. The Company has revolving lines of credit aggregating approximately \$400 million on which it can draw during this period to finance its working capital requirements. The Company's ability to borrow under these credit facilities is subject to certain conditions, including compliance with certain financial covenants. A reduction in these credit facilities could have a material adverse effect on the Company's financial condition and results of operations. There can be no assurance that the Company will continue to be able to borrow under such credit facilities.

10

CAPITAL EXPENDITURES

The Company operates in a capital-intensive industry and has made significant capital expenditures to establish its competitive position. The Company spent \$39.4 million in fiscal 2003 on acquisitions, resort operations, capital improvements and other investments. The Company expects to incur approximately \$20 million to \$25 million per year in ongoing maintenance expenditures at its mountain resorts. In addition, the Company makes significant investments in connection with its real estate development activities. The Company expects to make significant capital expenditures in the future to enhance and maintain the operations of its resorts and to develop its expanded real estate holdings. There can be no assurance that the Company will have adequate funds, from internal or external sources, to make all planned or required capital expenditures. A lack of available funds for such capital expenditures could have a material adverse effect on the Company's ability to implement its operating and growth strategies.

GROWTH INITIATIVES

The Company is currently engaged in, and has plans for, a variety of improvement, expansion and development projects relating to both its resort and real estate operations. There can be no assurance (i) that the Company will receive the necessary regulatory approvals for such projects, (ii) as to when such projects will be completed, (iii) that the Company's estimated costs associated with such projects will prove to be accurate or (iv) that the Company will receive the expected benefits from such projects.

REAL ESTATE DEVELOPMENT

In addition to the risks described herein, the development of real estate

Edgar Filing: INTRAWEST CORP - Form F-10

exposes the Company to a number of other specific risks, including the inability to obtain necessary zoning and regulatory approvals, the availability of construction financing, potential cost overruns and the attractiveness of properties to prospective purchasers and tenants. There can be no assurance that market conditions will support the Company's planned real estate development activities.

In February 2003, the Company announced that it was reorganizing the manner in which the production phase of its resort real estate development business is conducted. In Canada, a new limited partnership, Leisura Developments Limited Partnership ("Leisura Canada"), has been formed which will conduct Intrawest's 2003 resort real estate development business at its Canadian resorts. In the United States, Intrawest has implemented a similar structure. Intrawest, through a wholly owned subsidiary, will hold a minority equity investment in Leisura Developments, LLC ("Leisura U.S." and, together with Leisura Canada, "Leisura"). Leisura has acquired and will continue to acquire land parcels from Intrawest at the point construction is about to commence on a new project. Leisura rather than Intrawest is at risk for cost overruns, completion delays and purchaser contract defaults on any project that it purchases. By the end of 2003, it is expected that Leisura will have acquired land parcels for about 10 projects at seven resorts. In future years, Intrawest expects to carry out the bulk of the real estate production at its resorts in a similar fashion. There is no guarantee, however, that the Leisura entities or entities created for a similar purpose will acquire more land parcels from Intrawest in the future.

COMPETITION

The industries in which the Company operates are highly competitive. The Company's resorts compete for destination visitors with other resorts in Canada, the United States, Europe and Japan. They also compete for destination and day visitors within each resort's local market area. The competitive position of the Company's resorts is dependent upon many variables, including location and accessibility, pricing, extent and quality of resort facilities, quality of snow conditions and terrain, quality of ski and golf facilities, service and reputation. There can be no assurance that the Company's principal competitors will not be successful in capturing a share of the Company's present or potential customer base. Intrawest also faces competition for destination and day visitors from other leisure industry companies and alternative recreational activities. Such competitors may be better positioned to withstand adverse weather or economic conditions and they may have greater financial resources to develop new attractions.

11

UNFAVORABLE WEATHER CONDITIONS

The Company's ability to attract visitors to its mountain resorts is influenced by weather conditions and the amount of snowfall during the ski season. Adverse weather conditions may discourage visitors from participating in outdoor activities at the Company's resorts. In addition, unseasonably warm weather may result in inadequate natural snowfall, which increases the cost of snowmaking, and could render snowmaking wholly or partially ineffective in maintaining quality skiing conditions. Excessive natural snowfall may materially increase the costs incurred for grooming trails and may also make it difficult for visitors to obtain access to the Company's mountain resorts. Prolonged periods of adverse weather conditions, or the occurrence of such conditions during peak periods of the ski season, could have a material adverse effect on the Company's operating results.

ECONOMIC DOWNTURN

Edgar Filing: INTRAWEST CORP - Form F-10

Skiing and golf are discretionary recreational activities with relatively high participation costs, and a deterioration of economic conditions could have an adverse impact on the Company's resort operations. An economic downturn could reduce spending on resort vacations and result in declines in visits and revenue per visit. In addition, an economic downturn could expose the Company's real estate operations to land risk and completed inventory risk. Land risk arises when land is purchased with debt and economic conditions deteriorate resulting in higher holding costs and reduced profitability or loan defaults and foreclosure action. Completed inventory risk arises when completed units cannot be sold and construction financing cannot be repaid. There can be no assurance that an economic downturn will not have a material adverse effect on the operating results of the Company's real estate operations.

WORLD EVENTS

World events such as the terrorist attacks on September 11, 2001, the war in Iraq and the SARS outbreak disrupt domestic and international travel and reduce visits, or change the mix of visits, to our resorts. Often these types of events happen suddenly and cannot be prepared for. The occurrence of similar such events in the future could have a material adverse effect on the Company's financial condition and results of operations.

ADEQUACY OF INSURANCE COVERAGE

All resorts owned by the Company are insured against property damage, business interruptions and general liability. There can be no assurance that such insurance will remain available to the Company at commercially reasonable rates or that the amount of such coverage will be adequate to cover any liability incurred by the Company. If the Company is held liable for amounts exceeding the limits of its insurance coverage or for claims outside the scope of that coverage, its business, results of operations and financial condition could be materially adversely affected.

DEPENDENCE ON KEY EMPLOYEES

The success of the Company depends in part on its senior management. The unanticipated departure of any key member of the Company's management team could have a material adverse effect on the Company's financial condition and results of operations.

CURRENCY EXPOSURE

Over the past several years, the Company's Canadian resort operations have benefited from the lower Canadian dollar, particularly in relation to the US dollar, by making such operations particularly attractive to US and European visitors. A significant increase in the value of the Canadian dollar, particularly against the US dollar, could have a material adverse impact on the Company's earnings from its Canadian resorts.

12

To the extent that the United States dollar proceeds from the sale of the Original Notes are used to retire Canadian dollar debt and the repayment of the Notes is dependent on Canadian dollar cash flows, the Company is exposed to exchange rate risk.

ABSENCE OF PUBLIC MARKETS FOR THE EXCHANGE NOTES

Although the Initial Purchasers have informed the Company that they currently intend to make a market in the Exchange Notes, they are not obligated

Edgar Filing: INTRAWEST CORP - Form F-10

to do so, and any such market-making may be discontinued at any time without notice. Accordingly, there can be no assurance as to the development or liquidity of any market for the Exchange Notes. The Company does not intend to apply for listing of the Notes on any securities exchange or for quotation of the Notes through Nasdaq.

LIMITATION ON ABILITY TO PURCHASE THE NOTES FOLLOWING A CHANGE OF CONTROL TRIGGERING EVENT

The Indenture provides that, upon the occurrence of a Change of Control Triggering Event, the Company will be required to make an offer to purchase outstanding Notes at a purchase price equal to 101% of their principal amount plus accrued and unpaid interest thereon to the date of purchase. In the event of a Change of Control Triggering Event, the total debt represented by the Notes could become due and payable. There can be no assurance that the Company would be able to repay or refinance such indebtedness or, if such refinancing were to occur, that such refinancing would be on terms favorable to the Company. See "Description of the Notes -- Covenants -- Change of Control."

RECENT DEVELOPMENTS

TENDER OFFER, CONSENT SOLICITATION AND REDEMPTION OF 2008 NOTES

On September 29, 2003, the Company made an offer (the "Tender Offer") to purchase for cash any and all of its outstanding 9.75% Senior Notes due August 15, 2008 (the "2008 Notes"). In connection with the Tender Offer, the Company also solicited consents (the "Consent Solicitation") from the holders of the 2008 Notes to the removal of certain covenants related to the 2008 Notes. The Company offered to pay \$1,048.75 per \$1,000 principal amount (the "Total Consideration") of 2008 Notes to holders who tendered pursuant to the Tender Offer and provided their consent on or before October 9, 2003 (the "Consent Date"). The Total Consideration included a consent fee of \$10.00 per \$1,000 principal amount of 2008 Notes (the "Consent Fee"). Holders who tendered their 2008 Notes after the Consent Date but on or before October 30, 2003 (the "Expiration Date") were entitled to receive the Total Consideration less the Consent Fee, or \$1,038.75 per \$1,000 principal amount of 2008 Notes.

On October 10, 2003, the Company completed the Consent Solicitation, with a total of \$115,250,500 or 58% of the aggregate outstanding principal amount of 2008 Notes being tendered in the Tender Offer and Consent Solicitation on or before the Consent Date. Accordingly, the Company executed a second supplemental indenture to the indenture governing the 2008 Notes (the "2008 Note Indenture"), the effect of which was to eliminate substantially all of the restrictive covenants contained in the 2008 Note Indenture. The Tender Offer expired on October 30, 2003 with no further 2008 Notes being tendered.

On October 21, 2003, the Company announced that it had elected to redeem all outstanding 2008 Notes in accordance with the terms of the 2008 Note Indenture. The outstanding 2008 Notes were redeemed on November 21, 2003 (the "Redemption Date") at a redemption price of \$1,048.75 per \$1,000 principal amount of 2008 Notes, plus all interest accrued thereon up to but excluding the Redemption Date.

13

USE OF PROCEEDS

There will be no cash proceeds payable to the Company from the issuance of the Exchange Notes pursuant to the Exchange Offer. The Company used the net proceeds of approximately \$343.6 million received from the sale of the Original Notes to retire the 2008 Notes and reduce bank and other indebtedness of the Company. The indebtedness to be repaid was incurred for maintenance and capital expenditures, real estate development projects and other general corporate purposes. The Original Notes surrendered in exchange for the Exchange Notes will be cancelled and cannot be reissued. The issuance of the Exchange Notes will not result in any change in the aggregate indebtedness of the Company.

RESORT OPERATIONS

Intrawest's network of 10 mountain resorts, which are geographically diversified across North America's major ski regions, enables it to provide a wide range of distinctive vacation experiences. The Company's resorts include

Edgar Filing: INTRAWEST CORP - Form F-10

Whistler Blackcomb and Panorama in British Columbia, Blue Mountain in Ontario, Tremblant in Quebec, Stratton in Vermont, Snowshoe in West Virginia, Copper and Winter Park in Colorado, Mountain Creek in New Jersey and Mammoth in California. During the 2002/2003 ski season the Company's network of resorts generated approximately 8.2 million skier visits, which is more than the number generated by any other North American group of affiliated mountain resorts. Intrawest holds a 45% equity interest in Alpine Helicopters, Ltd., the parent company of Canadian Mountain Holidays Inc., a provider of

15

helicopter destination skiing and helicopter-assisted mountaineering and hiking in southeastern British Columbia.

Intrawest is also developing and operating the warm-weather destination resort of Sandestin, the largest resort and residential community in northwestern Florida. Intrawest owns and operates 17 golf courses throughout North America and manages an additional 12 courses.

The following table summarizes certain key statistics relating to each of the Company's mountain resort locations.

(2) The Company assumed control of Winter Park Resort on December 23, 2002 under a 60-year lease. There were a total of 793,000 skier visits from this date to the end of the 2002/2003 season.

RESORT REAL ESTATE DEVELOPMENT

Intrawest is North America's largest mountain resort real estate developer. The Company owns, develops and manages residential and commercial resort real estate at each of its resorts and is developing mountain resort villages at Keystone in Colorado, Squaw Valley in California, Solitude in Utah, Snowmass in Colorado and Les Arcs in France. The Company is also developing resort villages at Lake Las Vegas Resort in Nevada and at Sandestin in Florida. Intrawest owns or has rights to acquire land on which it expects to develop and

Edgar Filing: INTRAWEST CORP - Form F-10

sell approximately 19,000 units over the next 10 to 12 years. The Company's resort development formula links the staged expansion of ski, golf and other resort operations with the planning, design and managed development of architecturally distinct four-season resort villages. The Intrawest formula emphasizes quality of service, comprehensive amenities, village ambience and other characteristics which attract visitors and buyers of real estate. Intrawest has successfully employed this formula at Whistler Blackcomb and Tremblant and, as a result, the villages at these locations have become major attractions, drawing both skiers and non-skiers. The Company is at various stages of applying its formula to the extensive developable land holdings at its other resorts. At many of its resorts, the Company also builds and operates resort club locations which are marketed as timeshare vacation ownership resorts. Resort club locations are in operation at Whistler Blackcomb, Tremblant, Panorama and Sandestin, and in Hawaii, Vancouver and Palm Desert.

The interest coverage set forth below has been prepared and included in this Prospectus in accordance with the disclosure requirements of applicable Canadian securities laws and has been calculated on a pro forma basis after giving effect to the issuance of the Original Notes, the repayment of the Company's 2008 Notes and other long-term debt from the proceeds of the offering of Original Notes and the repayment or redemption of all long-term debt since the date of the Annual Consolidated Financial Statements.

The annual interest requirements on the bank and other indebtedness of Intrawest (using applicable interest and exchange rates) for the 12 months ended June 30, 2003 and for the 12 months ended September 30, 2003 were \$99.1 million and \$103.8 million, respectively. THE EXCHANGE OFFER

The Original Notes were not registered under the Securities Act or the securities laws of any state of the United States, or qualified for distribution under the securities laws of any province of Canada. The Original Notes were offered and sold to "qualified institutional buyers" (as defined in Rule 144A under the Securities Act) in compliance with Rule 144A and in offshore transactions meeting the requirements of Rule 903 or Rule 904 of Regulation S under the Securities Act and were sold under private placement exemptions from the prospectus requirements of applicable securities laws in Canada. The Original Notes are eligible for trading in the Private Offerings, Resales and Trading through Automated Linkages (PORTAL) market.

The sole purpose of the Exchange Offer is to fulfill the obligations of the Company with respect to the Registration Rights Agreement which was entered into in connection with the sale of the Original Notes. Under the Registration Rights Agreement, the Company has agreed to (i) file an Exchange Offer Registration Statement with the Commission within 60 days following the date of original issue of the Original Notes with respect to an offer to exchange the Original Notes for debt securities of the Company which are substantially identical to the Original Notes, (ii) use its best efforts to cause such Exchange Offer Registration Statement to be declared effective under the Securities Act within 180 days following the date of original issue of the Original Notes and (iii) use its best efforts to consummate such exchange offer within 45 days after such Exchange Offer Registration Statement has been declared effective.

Edgar Filing: INTRAWEST CORP - Form F-10

TERMS OF THE EXCHANGE OFFER; PERIOD FOR TENDERING ORIGINAL NOTES

Promptly after the Registration Statement of which this Prospectus constitutes a part (which, for purposes of the Registration Rights Agreement, constitutes an Exchange Offer Registration Statement) has been declared effective under the Securities Act and a receipt has been issued for this Prospectus by the securities regulatory authorities in the Qualifying Provinces, the Company will offer the Exchange Notes in exchange for surrender of the Original Notes. The Company will keep the Exchange Offer open for not less than 30 calendar days after the date on which notice of the Exchange Offer is mailed to the holders of the Original Notes. In substitution for each Original Note properly tendered to the Company pursuant to the Exchange Offer and not withdrawn by the holder thereof, the holder of such Original Note will receive an Exchange Note having a principal amount equal to the principal amount of such surrendered Original Note. The Exchange Notes will evidence the same debt as the Original Notes and will be issued, and holders thereof will be entitled to the same rights as holders of the Original Notes, under the Indenture. The Exchange Notes will bear interest from the later of October 15, 2003 and the latest interest payment date (if any) of the Original Notes to occur prior to the issue date of the Exchange Notes. Holders of the Original Notes whose Original Notes are accepted for exchange pursuant to the Exchange Offer will not receive interest on such Original Notes for any period subsequent to the later of October 15, 2003 and the last interest payment date (if any) to occur prior to the issue date of the Exchange Notes.

The terms of the Exchange Notes are identical in all material respects to the Original Notes except for certain transfer restrictions and registration rights relating to the Original Notes and except that, in the event that either (i) an Exchange Offer Registration Statement is not filed with the Commission on or prior to the 60th day following the date of original issue of the Original Notes, (ii) such Exchange Offer Registration Statement is not declared effective on or prior to the 180th day following the date of original issue of the Original Notes, (iii) the Exchange Offer is not completed within 45 days after the initial effective date of the Exchange Offer Registration Statement, (iv) the Exchange Offer Registration Statement is declared effective but thereafter ceases to be effective or useable or (v) certain other events specified in the Registration Rights Agreement occur, then special interest, in addition to the interest set forth on the cover page hereof, shall accrue on the Original Notes at a per annum rate of 0.5% for the first 90 days of the Registration Default Period and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. Upon cure of the Registration Default, the special interest shall no longer accrue and the Original Notes will bear interest at the original rate; provided, however, that if, after any such cure, a different Registration Default occurs, then special interest shall again accrue in accordance with the foregoing provisions. See "Description of the Notes -- Exchange Offer; Registration Rights."

18

Upon the terms and subject to the conditions set forth in this Prospectus and in the accompanying Letter of Transmittal (which together constitute the Exchange Offer), the Company will accept for exchange Original Notes which are validly tendered on or prior to the Expiration Date and not withdrawn as permitted below. As used herein, the term "Expiration Date" means 5:00 p.m., New York City time, on January --, 2004; provided, however, that if the Company in its sole discretion extends the period of time for which the Exchange Offer is open, the term "Expiration Date" means 5:00 p.m., New York City time, on the latest date to which the Exchange Offer is extended.

As of the date of this Prospectus, \$350 million aggregate principal amount of Original Notes are outstanding. This Prospectus, together with the applicable Letter of Transmittal, is first being sent on or about December --, 2003, to

Edgar Filing: INTRAWEST CORP - Form F-10

all registered holders of Original Notes known to the Company. The Company's obligation to accept Original Notes for exchange pursuant to the Exchange Offer is subject to certain conditions set forth under "-- Certain Conditions to the Exchange Offer" below.

Original Notes tendered in the Exchange Offer must be in denominations of principal amount of \$1,000 or any integral multiple thereof.

The Company expressly reserves the right to extend or amend the Exchange Offer at any time or from time to time prior to the Expiration Date or to terminate the Exchange Offer and not to accept for exchange any Original Notes not theretofore accepted for exchange for any reason, including if any of the events set forth below under "-- Certain Conditions to the Exchange Offer" shall have occurred and shall not have been waived by the Company. The Company will give oral or written notice of any extension, amendment, non-acceptance or termination to the Exchange Agent and to the holders of the Original Notes as promptly as practicable, such notice to such holders in the case of any extension to be issued by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date. During any extension of the Exchange Offer, all Original Notes previously tendered pursuant to the Exchange Offer will remain subject to the Exchange Offer.

PROCEDURES FOR TENDERING ORIGINAL NOTES

The tender to the Company of Original Notes by a holder thereof as set forth below and the acceptance thereof by the Company will constitute a binding agreement between the tendering holder and the Company upon the terms and subject to the conditions set forth in this Prospectus and in the accompanying Letter of Transmittal. Except as set forth below, a holder who wishes to tender Original Notes for exchange pursuant to the Exchange Offer must transmit a properly completed and duly executed Letter of Transmittal, including all other documents required by such Letter of Transmittal, to, or an Agent's Message (as defined herein) in connection with a book-entry transfer must be completed and received by, the Exchange Agent at the address set forth in the Letter of Transmittal on or prior to the Expiration Date. In addition, either (i) certificates for such Original Notes must be received by the Exchange Agent along with the Letter of Transmittal, (ii) a timely confirmation of a book-entry transfer (a "Book-Entry Confirmation") of such Original Notes, if such procedure is available, into the Exchange Agent's account at DTC (the "Book-Entry Transfer Facility") pursuant to the procedure for book-entry transfer described below, must be received by the Exchange Agent on or prior to the Expiration Date or (iii) the holder must comply with the guaranteed delivery procedures described below. THE METHOD OF DELIVERY OF ORIGINAL NOTES, LETTERS OF TRANSMITTAL AND ALL OTHER REQUIRED DOCUMENTS IS AT THE ELECTION AND RISK OF THE HOLDERS. IF SUCH DELIVERY IS BY MAIL, IT IS RECOMMENDED THAT REGISTERED MAIL, PROPERLY INSURED, WITH RETURN RECEIPT REQUESTED, BE USED. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ASSURE TIMELY DELIVERY. NO LETTERS OF TRANSMITTAL OR ORIGINAL NOTES SHOULD BE SENT TO THE COMPANY.

It is anticipated that any financial institution that is a participant in DTC's system may use DTC's automated tender offer program to tender. In that event, participants in the program may, instead of physically completing and signing the Letter of Transmittal and delivering it to the Exchange Agent, transmit their acceptance of the Exchange Offer electronically. They would do so by causing DTC to transfer the Original

Notes to be tendered to the Exchange Agent in accordance with its procedures for transfer. DTC would then send an Agent's Message to the Exchange Agent. The term

Edgar Filing: INTRAWEST CORP - Form F-10

"Agent's Message" means a message transmitted by the Book-Entry Transfer Facility to, and received by, the Exchange Agent, forming a part of a confirmation of a book-entry transfer, which states that the Book-Entry Transfer Facility has received an express acknowledgment from the participant in the Book-Entry Transfer Facility tendering the Original Notes, that such participant has received and agrees to be bound by the terms of the Letter of Transmittal and that the Company may enforce such agreement against such participant.

Signatures on a Letter of Transmittal or a notice of withdrawal, as the case may be, must be guaranteed unless the Original Notes surrendered for exchange pursuant thereto are tendered (i) by a registered holder of the Original Notes who has not completed the box entitled "Special Issuance Instructions" on the Letter of Transmittal or (ii) for the account of an Eligible Institution (as defined below). In the event that signatures on a Letter of Transmittal or a notice of withdrawal, as the case may be, are required to be guaranteed, such guarantees must be made by a firm which is a member of a registered national securities exchange or a member of the National Association of Securities Dealers, Inc. or by a commercial bank or trust company having an office or correspondent in the United States or which is otherwise an "eligible guarantor" institution within the meaning of Rule 17Ad-15 under the United States Securities Exchange Act of 1934, as amended (the "Exchange Act") (collectively, "Eligible Institutions").

All questions as to the validity, form, eligibility (including time of receipt) and acceptance of Original Notes tendered for exchange will be determined by the Company, in its sole discretion, which determination shall be final and binding. The Company reserves the absolute right to reject any and all tenders of any particular Original Notes not properly tendered or to not accept any particular Original Notes which acceptance might, in the judgment of the Company or its counsel, be unlawful. The Company also reserves the absolute right to waive any defects or irregularities or conditions of the Exchange Offer as to any particular Original Notes either before or after the Expiration Date (including the right to waive the ineligibility of any holder who seeks to tender Original Notes in the Exchange Offer). The interpretation of the terms and conditions of the Exchange Offer as to any particular Original Notes either before or after the Expiration Date (including the Letter of Transmittal and the instructions thereto) by the Company shall be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Original Notes for exchange must be cured within such reasonable period of time as the Company shall determine. Neither the Company, the Exchange Agent nor any other person shall be under any duty to give notification of any defect or irregularity with respect to any tender of Original Notes for exchange, nor shall any of them incur any liability for failure to give such notification.

If Original Notes are registered in the name of a person other than a signer of the Letter of Transmittal, the Original Notes surrendered for exchange must be endorsed by, or be accompanied by a written instrument or instruments of transfer or exchange, in satisfactory form as determined by the Company in its sole discretion, duly executed by the registered holder with the signature thereon guaranteed by an Eligible Institution.

If the Letter of Transmittal or any Original Notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and, unless waived by the Company, proper evidence satisfactory to the Company of their authority to so act must be submitted.

In all cases, issuance of Exchange Notes for Original Notes that are accepted for exchange pursuant to the Exchange offer will be made only after timely receipt by the Exchange Agent of certificates for such Original Notes or a timely Book-Entry Confirmation of such Original Notes in the Exchange Agent's

Edgar Filing: INTRAWEST CORP - Form F-10

account at the Book-Entry Transfer Facility, a properly completed and duly executed Letter of Transmittal and all other required documents or an Agent's Message. If any tendered Original Notes are not accepted for any reason set forth in the terms and conditions of the Exchange Offer or if Original Notes are submitted for a greater principal amount than the holder desires to exchange, such unaccepted or non-exchanged Original Notes will be returned without expense to the tendering holder thereof (or, in the case of Original Notes tendered by book-entry transfer into the Exchange Agent's account at the Book-Entry Transfer Facility

20

pursuant to the book-entry procedures described below, such non-exchanged Original Notes will be credited to an account maintained with such Book-Entry Transfer Facility) as promptly as practicable after the expiration or termination of the Exchange Offer.

BOOK-ENTRY TRANSFER

The Exchange Agent will make a request to establish an account with respect to each of the Original Notes at the Book-Entry Transfer Facility for purposes of the Exchange Offer within two business days after the date of this Prospectus, and any financial institution that is a participant in the Book-Entry Transfer Facility system may make book-entry delivery of Original Notes by causing DTC to transfer such Original Notes into the Exchange Agent's account at the Book-Entry Transfer Facility in accordance with DTC's procedures for transfer. However, although delivery of Original Notes may be effected through book-entry transfer at the Book-Entry Transfer Facility, the applicable Letter of Transmittal or facsimile thereof, with any required signature guarantees and any other required documents, or an Agent's Message, must, in any case, be transmitted to and received by the Exchange Agent at the address set forth in the Letter of Transmittal on or prior to the Expiration Date or the guaranteed delivery procedures described below must be complied with.

GUARANTEED DELIVERY PROCEDURES

If a registered holder of Original Notes desires to tender such Original Notes and the Original Notes are not immediately available, or time will not permit such holder's Original Notes or other required documents to reach the Exchange Agent before the Expiration Date, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may be effected if (i) the tender is made through an Eligible Institution, (ii) prior to the Expiration Date, the Exchange Agent received from such Eligible Institution a properly completed and duly executed Letter of Transmittal (or a facsimile thereof) and Notice of Guaranteed Delivery, substantially in the form provided by the Company (by telegram, telex, facsimile transmission, or mail or hand delivery), setting forth the name and address of the holder of Original Notes and the amount of Original Notes tendered, stating that the tender is being made thereby and guaranteeing that within five New York Stock Exchange ("NYSE") trading days after the date of execution of the Notice of Guaranteed Delivery, the certificates for all physically tendered Original Notes, in proper form for transfer, or a Book-Entry Confirmation, as the case may be, and any other documents required by the Letter of Transmittal will be deposited by the Eligible Institution with the Exchange Agent, and (iii) the certificates for all physically tendered Original Notes, in proper form for transfer, or a Book-Entry Confirmation, as the case may be, and all other documents required by the Letter of Transmittal, are received by the Exchange Agent within five NYSE trading days after the date of execution of the Notice of Guaranteed Delivery.

TERMS AND CONDITIONS OF THE LETTER OF TRANSMITTAL

Edgar Filing: INTRAWEST CORP - Form F-10

The Letter of Transmittal contains, among other things, the following terms and conditions, which are part of the Exchange Offer.

Without disposing of the debt evidenced by the Original Notes, the party tendering Original Notes for exchange pursuant to the Exchange Offer (the "Transferor") will exchange, assign and transfer the Original Notes to the Company and irrevocably constitute and appoint the Exchange Agent as the Transferor's agent and attorney-in-fact to cause the Original Notes to be assigned, transferred and exchanged. The Transferor will represent and warrant that it has full power and authority to tender, exchange, assign and transfer the Original Notes and to acquire Exchange Notes issuable upon the exchange of such tendered Original Notes, and that, when the same are accepted for exchange, the Company will acquire good and unencumbered title to the tendered Original Notes, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim. The Transferor will also warrant that it will, upon request, execute and deliver any additional documents deemed by the Company to be necessary or desirable to complete the exchange, assignment and transfer of tendered Original Notes. The Transferor will further agree that acceptance of any tendered Original Notes by the Company and the issuance of Exchange Notes in exchange therefor shall constitute performance in full by the Company of certain obligations under the Registration Rights Agreement

21

and that the Company shall have no further obligations or liabilities thereunder (except in certain limited circumstances).

All authority conferred by the Transferor will survive the death or incapacity of the Transferor and every obligation of the Transferor shall be binding upon the heirs, legal representative, successors, assigns, executors and administrators of such Transferor.

By tendering Original Notes and executing the Letter of Transmittal, the Transferor will certify that it is not an Affiliate of the Company, that it is not a broker-dealer that owns Original Notes acquired directly from the Company or any Affiliate of the Company, that it is acquiring the Exchange Notes under the Exchange Offer in the ordinary course of such Transferor's business and that such Transferor is not participating, and has no arrangement or understanding with any person to participate, in a distribution of such Exchange Notes.

WITHDRAWAL RIGHTS

Tenders of Original Notes may be withdrawn at any time prior to the Expiration Date.

For a withdrawal to be effective, a written notice of withdrawal must be received by the Exchange Agent at the address set forth in the Letter of Transmittal. Any such notice of withdrawal must specify the name of the person having tendered the Original Notes to be withdrawn, identify the Original Notes to be withdrawn (including the principal amount of such Original Notes), and (where certificates for Original Notes have been transmitted) specify the name in which such Original Notes are registered, if different from that of the withdrawing holder. If certificates for Original Notes have been delivered or otherwise identified to the Exchange Agent, then, prior to the release of such certificates the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an Eligible Institution unless such holder is an Eligible Institution. If Original Notes have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the Book-Entry Transfer Facility to be credited with the withdrawn Original Notes and otherwise comply with the

Edgar Filing: INTRAWEST CORP - Form F-10

procedures of such facility. All questions as to the validity, form and eligibility (including time of receipt) of such notices will be determined by the Company, in its sole discretion, which determination shall be final and binding on all parties. Any Original Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offer. Any Original Notes which have been tendered for exchange but which are not exchanged for any reason will be returned to the holder thereof without cost to such holder (or, in the case of Original Notes tendered by book-entry transfer into the Exchange Agent's account at the Book-Entry Transfer Facility pursuant to the book-entry transfer procedures described above, such Original Notes will be credited to an account maintained with such Book-Entry Transfer Facility for the Original Notes) as soon as practicable after withdrawal, rejection of tender or termination of the Exchange Offer. Properly withdrawn Original Notes may be re-tendered by following one of the procedures described under "-- Procedures for Tendering Original Notes" above at any time on or prior to the Expiration Date.

ACCEPTANCE OF ORIGINAL NOTES FOR EXCHANGE; DELIVERY OF EXCHANGE NOTES

Upon the terms and subject to the conditions of the Exchange Offer, the acceptance for exchange of Original Notes validly tendered and not withdrawn and the issuance of the Exchange Notes will be made promptly after the Expiration Date. For the purposes of the Exchange Offer, the Company shall be deemed to have accepted for exchange validly tendered Original Notes when, as and if the Company has given oral or written notice thereof to the Exchange Agent.

The Exchange Agent will act as agent for the tendering holders of Original Notes for the purposes of receiving Exchange Notes from the Company and causing the Original Notes to be assigned, transferred and exchanged, without disposing of the debt evidenced by the Original Notes. Upon the terms and subject to the conditions of the Exchange Offer, delivery of Exchange Notes to be issued in exchange for accepted Original Notes will be made by the Exchange Agent promptly after acceptance of the tendered Original Notes.

22

CERTAIN CONDITIONS TO THE EXCHANGE OFFER

Notwithstanding any other provision of the Exchange Offer, the Company shall not be required to accept for exchange, or to issue Exchange Notes in exchange for, any Original Notes and may terminate or amend the Original Offer, if at any time before the acceptance of such Original Notes for exchange or the exchange of the Exchange Notes for such Original Notes, any of the following events shall occur:

- (a) the Exchange Offer violates applicable law or any applicable interpretation of the staff of the Commission;
- (b) an action or proceeding shall have been instituted or threatened in any court or by any governmental agency which might materially impair the ability of the Company to proceed with the Exchange Offer, or a material adverse development shall have occurred in any existing action or proceeding with respect to the Company; or
- (c) all governmental approvals shall not have been obtained, which approvals the Company deems necessary for the consummation of the Exchange Offer.

The foregoing conditions are for the sole benefit of the Company and may be asserted by the Company regardless of the circumstances giving rise to any such condition or may be waived by the Company in whole or in part at any time

Edgar Filing: INTRAWEST CORP - Form F-10

and from time to time in its reasonable judgment. The failure by the Company at any time to exercise any of the foregoing rights shall not be deemed a waiver of any such right and each such right shall be deemed an ongoing right which may be asserted at any time and from time to time.

In addition, the Company will not accept for exchange any Original Notes tendered, and no Exchange Notes will be issued in exchange for any such Original Notes, if at such time any stop or cease trade order shall be threatened or in effect with respect to the Registration Statement of which this Prospectus constitutes a part, this Prospectus or the qualification of the Indenture under the United States Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

The Exchange Offer is not conditioned upon any minimum principal amount of Original Notes being tendered or accepted for exchange.

23

SOLICITATION OF TENDERS; EXPENSES

The Company has not retained any dealer-manager or similar agent in connection with the Exchange Offer and will not make any payment to brokers, dealers, or others soliciting acceptances of the Exchange Offer. The Company will, however, pay certain other expenses to be incurred in connection with the Exchange Offer, including the fees and expenses of the Exchange Agent, accounting and certain legal fees.

No person has been authorized to give any information or to make any representations in connection with the Exchange Offer other than those contained in this Prospectus. If given or made, such information or representations should not be relied upon as having been authorized by the Company. Neither the delivery of this Prospectus nor any exchange made hereunder shall, under any circumstances, create any implication that there has been no change in the business or affairs of the Company since the respective dates as of which information is given herein. The Exchange Offer is not being made to (nor will tenders be accepted from or on behalf of) holders of Original Notes in any jurisdiction in which the making of the Exchange Offer or the acceptance thereof would not be in compliance with the laws of such jurisdiction. However, the Company may, in its discretion, take such action as it may deem necessary to

Edgar Filing: INTRAWEST CORP - Form F-10

make the Exchange Offer in any such jurisdiction and extend the Exchange Offer to holders of Original Notes in such jurisdiction. In any jurisdiction the securities laws or blue sky laws of which require the Exchange Offer to be made by a licensed broker or dealer, the Exchange Offer is being made on behalf of the Company by one or more registered brokers or dealers which are licensed under the laws of such jurisdiction.

TRANSFER TAXES

Holders who tender their Original Notes for exchange pursuant to the Exchange Offer will not be obligated to pay any transfer taxes in connection therewith, except that holders who instruct the Company to register Exchange Notes in the name of, or request that Original Notes not tendered or not accepted in the Exchange Offer be returned to, a person other than the registered tendering holder will be responsible for the payment of any applicable transfer tax thereon.

CONSEQUENCES OF FAILURE TO EXCHANGE

Holders of Original Notes who do not exchange their Original Notes for Exchange Notes pursuant to the Exchange Offer will continue to be subject to the restrictions on transfer of such Original Notes as set forth in the legend thereon as a consequence of the issuance of the Original Notes pursuant to exemptions from, or in transactions not subject to, the registration requirements of the Securities Act, and similar requirements of applicable securities laws of the states of the United States and other jurisdictions. In general, the Original Notes may not be offered or sold, unless registered under the Securities Act or registered or qualified for distribution under the securities laws of other applicable jurisdictions, except pursuant to an exemption therefrom or in a transaction not subject thereto. Except in certain limited circumstances provided for in the Registration Rights Agreement, the Company does not intend to register the Original Notes under the Securities Act or to register or qualify for distribution the Original Notes under the securities laws of any such jurisdiction. In addition, any holder of Original Notes who tenders in the Exchange Offer for the purpose of participating in a distribution of the Exchange Notes may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction.

Original Notes that are not tendered or that are tendered but not accepted by the Company for exchange pursuant to the Exchange Offer, will, following consummation of the Exchange Offer, continue to be subject to the existing restrictions upon transfer thereof provided for in the Original Notes and the Indenture and, upon consummation of the Exchange Offer, certain registration rights under the Registration Rights Agreement relating to the Original Notes will terminate. See "Description of the Notes -- Exchange Offer; Registration Rights."

To the extent that Original Notes are tendered and accepted in the Exchange Offer, a holder's ability to sell untendered, or tendered but unaccepted, Original Notes could be adversely affected, and the volatility of the market price of the Original Notes could increase, due to a reduction in liquidity. Although the Original

Notes are eligible for trading in the Private Offerings, Resales and Trading through Automated Linkages (PORTAL) market, it is not expected that an active market for the Original Notes will develop while they are subject to restrictions on transfer.

Edgar Filing: INTRAWEST CORP - Form F-10

OTHER

Participation in the Exchange Offer is voluntary, and holders of Original Notes should carefully consider whether to accept the Exchange Offer and tender their Original Notes. Holders of the Original Notes are urged to consult their financial and tax advisors in making their own decisions on what action to take.

25

DESCRIPTION OF THE NOTES

The Exchange Notes, like the Original Notes, are to be issued under an indenture (the "Indenture") dated as of October 9, 2003 among the Company, JPMorgan Chase Bank, as U.S. Trustee (the "U.S. Trustee"), and CIBC Mellon Trust Company, as Canadian Trustee (the "Canadian Trustee" and together with the U.S. Trustee, each a "Trustee," and collectively, the "Trustees"). The Exchange Notes will evidence the same debt as the Original Notes and will be issued, and the holders thereof will be entitled to the same rights as holders of the Original Notes, under the Indenture. The terms of the Exchange Notes are identical in all material respects to the Original Notes except for certain transfer restrictions and registration rights relating to the Original Notes and except that, in the event that either (i) an Exchange Offer Registration Statement is not filed with the Commission on or prior to the 60th day following the date of original issue of the Original Notes, (ii) such Exchange Offer Registration Statement is not declared effective on or prior to the 180th day following the date of original issue of the Original Notes, (iii) the Exchange Offer is not completed within 45 days after the initial effective date of the Exchange Offer Registration Statement, (iv) the Exchange Offer Registration Statement is declared effective but thereafter ceases to be effective or useable or (v) certain other events specified in the Registration Rights Agreement occur, then special interest, in addition to the interest set forth on the cover page hereof, shall accrue on the Original Notes at a per annum rate of 0.5% for the first 90 days of the Registration Default Period and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. Upon cure of the Registration Default, the special interest shall no longer accrue and the Original Notes will bear interest at the original rate; provided, however, that if, after any such cure, a different Registration Default occurs, then special interest shall again accrue in accordance with the foregoing provisions. Accordingly, unless specifically stated to the contrary, the following description applies equally to all Notes. A copy of the Indenture is available upon request from the Company. The Indenture is subject to the provisions of the Canada Business Corporations Act and, consequently, is exempt from the operation of certain provisions of the Trust Indenture Act, pursuant to Rule 4d-9 thereunder. The statements under this caption relating to the Notes and the Indenture are summaries and do not purport to be complete, and are subject to, and are qualified in their entirety by reference to, all the provisions of the Indenture including the definitions of certain terms therein. Unless otherwise indicated, references under this caption to sections, "sec." or articles are references to the Indenture. Where reference is made to particular provisions of the Indenture or to defined terms not otherwise defined herein, such provisions or defined terms are incorporated herein by reference.

For the purposes of this "Description of the Notes" all references herein to "Notes" shall be deemed to refer collectively to the Original Notes and the Exchange Notes and any references to the date of the Indenture refer to October 9, 2003, in each case unless otherwise indicated or the context otherwise requires.

GENERAL

The Notes will be senior unsecured obligations of the Company and will

Edgar Filing: INTRAWEST CORP - Form F-10

mature on October 15, 2013. The Notes will be issued initially in a total principal amount of \$350 million. The Company may issue additional notes of the same series under the Indenture from time to time, subject to the "Limitation on Debt and Preferred Shares" covenant, without the consent of the holders of the Notes. The Notes and any additional notes of this series subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

The Notes bear interest at the rate per annum shown on the front cover of this Prospectus from October 9, 2003, payable semi-annually on April 15 and October 15 of each year, commencing April 15, 2004, to the Person in whose name the Note (or any predecessor Note) is registered at the close of business on the preceding April 1 or October 1, as the case may be. The Notes will bear interest on overdue principal and premium, if any, and, to the extent permitted by law, overdue interest at the rate per annum shown on the front cover of this Prospectus plus 1%. Interest on the Notes will be computed on the basis of a 360-day year of twelve 30-day months. The yearly rate of interest that is equivalent to the rate payable under the Notes is the rate payable multiplied by the actual number of days in the year and divided by 360 and is disclosed herein solely for the purpose of providing the disclosure required by the Interest Act (Canada). (sec.sec. 301, 309 and 312)

26

Principal of and premium, if any, and interest on the Notes will be payable, and the Notes may be presented for registration of transfer and exchange, at the office or agency of the Company maintained for that purpose in the Borough of Manhattan, The City of New York, provided that, at the option of the Company, payment of interest on the Notes may be made by check mailed to the address of the Person entitled thereto as it appears in the Note Register. Until otherwise designated by the Company, such office or agency will be the corporate trust office of the U.S. Trustee, as Paying Agent and Registrar. (sec.sec. 301, 305 and 1002)

The Notes will be issued in fully registered form, without coupons, in denominations of \$1,000 and any integral multiple thereof. (sec. 302) No service charge will be made for any registration of transfer or exchange of Notes, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. (sec. 305)

Upon any exchange of Original Notes for a like principal amount of Exchange Notes in connection with the Exchange Offer, the Original Notes so exchanged shall be cancelled and shall no longer be deemed outstanding for any purpose. The Original Notes and the Exchange Notes shall constitute one class of securities for all purposes under the Indenture, including, without limitation, amendments, waivers and redemptions and the Original Notes and the Exchange Notes shall evidence the same indebtedness created upon issuance of the Original Notes.

RANKING

The Notes will be senior unsecured obligations of the Company and indebtedness evidenced by the Notes will rank pari passu in right of payment with all other existing and future senior unsecured obligations of the Company and senior in right of payment to all existing and future obligations of the Company expressly subordinated in right of payment to the Notes. Holders of secured obligations of the Company will, however, have claims that are prior to the claims of the holders of the Notes with respect to the assets securing such obligations. In addition, the Notes effectively will be subordinated to all existing and future indebtedness and other liabilities of the Company's Subsidiaries. As of September 30, 2003, after giving pro forma effect to the

Edgar Filing: INTRAWEST CORP - Form F-10

sale of the Original Notes and the application of the net proceeds of such sale, the Company would have had approximately \$760.4 million of senior unsecured indebtedness and \$50.8 million of senior secured indebtedness, and the Company's Subsidiaries would have had \$777.0 million of liabilities.

OPTIONAL REDEMPTION

27

The Notes will not have the benefit of any sinking fund obligations.

(sec. 1008)

The Company may not enter into any Sale and Leaseback Transaction unless the Sale and Leaseback Transaction is treated as an Asset Disposition and all of the conditions of the Indenture described under the "Limitation on Asset Disposition" covenant (including the provisions concerning the application of Net Available Proceeds) are satisfied with respect to such Sale and Leaseback Transaction, treating all of the consideration received in such Sale and Leaseback Transaction as Net Available Proceeds for purposes of such covenant. (sec. 1009)

- (2) after giving pro forma effect to such Restricted Payment as if such Restricted Payment had been made at the beginning of the applicable four-fiscal-quarter period, the Company could not Incur at least \$1.00 of additional Debt pursuant to the Debt Incurrence Provisions; or

Edgar Filing: INTRAWEST CORP - Form F-10

Debt of the Company that has been converted into or exchanged for Capital Stock (other than Redeemable Stock and other than by or from a Restricted Subsidiary) of the Company after August 19, 1998, provided that any such net proceeds received by the Company from an employee stock ownership plan financed by loans from the Company or a Restricted Subsidiary of the Company shall be included only to the extent such loans have been repaid with cash on or prior to the date of determination, plus (c) an amount equal to the net reduction in Investments by the Company and its Restricted Subsidiaries, subsequent to August 19, 1998, in any Person subject to clause (iii) of the first paragraph of this section upon the disposition, liquidation or repayment (including by way of dividends) thereof or from redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries, but only to the extent such amounts are not included in Consolidated Net Income and not to exceed in the case of any one Person the amount of Investments previously made by the Company and its Restricted Subsidiaries in such Person. Prior to the making of any Restricted Payment the Company shall deliver to the Trustees an Officers' Certificate setting forth the computations by which the determinations required by clauses (2) and (3) above were made and stating that no Event of Default, or event that with the passing of time or the giving of notice, or both, would constitute an Event of Default, has occurred and is continuing or will result from such Restricted Payment.

Notwithstanding the foregoing, so long as no Event of Default, or event that with the passing of time or the giving of notice, or both, would constitute an Event of Default, shall have occurred and be continuing or would result therefrom, (i) the Company and any Restricted Subsidiary of the Company may pay any dividend on Capital Stock of any class within 60 days after the declaration thereof if, on the date when the

(sec. 1011)

(sec. 1012)

Notwithstanding the foregoing, the Company shall not be required to purchase more than 25% of the original aggregate principal amount of the Notes in the aggregate pursuant to clause (1) above prior to the day following the fifth anniversary of the original issuance of the Notes, and the maximum amount to be applied to the purchase of the Notes in connection with any Offer to Purchase made pursuant to clause (1) above having a purchase date prior to the day following the fifth anniversary of the original issuance of the Notes shall be the lesser of (x) the remaining Net Available Proceeds required to be applied to such Offer to Purchase and (y) 25% of the original principal amount of the Notes less the aggregate principal amount of Notes purchased

(sec. 1012)

Transactions with Affiliates and Related Persons

The Company may not, and may not permit any Restricted Subsidiary to, enter into any transaction (or series of related transactions) with an Affiliate or Related Person of the Company (other than the Company or a Restricted Subsidiary) other than in the ordinary course of business, either directly or

Edgar Filing: INTRAWEST CORP - Form F-10

indirectly, unless such transaction is on terms no less favorable to the Company or such Restricted Subsidiary than those that could be obtained in a comparable arm's-length transaction with an entity that is not an Affiliate or Related Person of the Company or such Restricted Subsidiary and is in the best interests of the Company or such Restricted Subsidiary; provided that the foregoing restrictions will not apply to transactions (or series of related transactions) carried out pursuant to arrangements entered into prior to the date of the Indenture or undertakings, agreements or instruments entered into in connection with such arrangements after such date. For any transaction required to satisfy the above criteria that involves in excess of Cdn.\$2,000,000 but less than or equal to Cdn.\$5,000,000, the Chief Executive Officer or Chief Financial Officer of the Company shall determine that the transaction satisfies the above criteria and shall evidence such a determination by a certificate filed with the Trustees. For any such transaction that involves in excess of Cdn.\$5,000,000, a majority of the disinterested members of the Board of Directors shall determine that the transaction satisfies the above criteria and shall evidence such a determination by a resolution of the Board of Directors filed with the Trustees. For any such transaction that involves in excess of Cdn.\$10,000,000, the Company shall also obtain an opinion from a nationally recognized expert in the United States or Canada with experience in appraising the terms and conditions of the type of transaction (or series of related transactions) for which the opinion is required stating that such transaction (or series of related transactions) is on terms no less favorable to the Company or such Restricted Subsidiary than those that could be obtained in a comparable arm's-length transaction with an entity that is not an Affiliate or Related Person of the Company, which opinion shall be filed with the Trustees. The foregoing requirements shall not apply to any transaction pursuant to agreements or arrangements in existence on the date of the Indenture. (sec. 1013)

Amalgamations, Mergers, Consolidations and Certain Sales of Assets

The Company may not, in a single transaction or a series of related transactions, amalgamate or consolidate with or merge into any other Person, or permit any other Person to amalgamate or consolidate with or merge into the Company, or directly or indirectly transfer, convey, sell, lease or otherwise dispose of all or substantially all of its property and assets to any Person, unless:

- (i) the Company shall be the surviving Person, or the Person (if other than the Company) formed by such amalgamation, consolidation or into which the Company is merged or that acquires by disposition all or substantially all of the properties and assets of the Company shall be a company, partnership or trust organized and validly existing under the federal laws of Canada or any province or territory thereof or the laws of the United States of America or any state thereof or the District of Columbia and shall expressly assume, by a supplemental indenture executed and delivered to the Trustees in form satisfactory to the Trustees, all of the Company's obligations under the Indenture and the Notes;
- (ii) immediately before and after giving effect to such transaction, no Event of Default or event that with the passing of time or the giving of notice, or both, would constitute an Event of Default shall have occurred and be continuing;
- (iii) immediately after giving effect to such transaction and treating any Debt which becomes an obligation of the Company or any Restricted Subsidiary or any Person who becomes a successor obligor under the Indenture as a result of such transaction as having been Incurred by the Company

Edgar Filing: INTRAWEST CORP - Form F-10

or such Restricted Subsidiary or such Person at the time of the transaction, the Company or such Restricted Subsidiary or such Person, as the case may be, could Incur at least \$1.00 of additional Debt pursuant to the Debt Incurrence Provisions; and

- (iv) immediately after giving effect to such transaction, on a pro forma basis, the Company or any Person becoming the successor obligor under the Indenture shall have a Consolidated Net Worth no lower than 90% of the Consolidated Net Worth of the Company immediately before such transaction;

provided, however, that clauses (iii) and (iv) above shall not apply to any transaction between the Company and one or more Wholly Owned Restricted Subsidiaries. (Article Eight)

Change of Control

Within 30 days of the occurrence of a Change of Control Triggering Event, the Company will be required to make an Offer to Purchase all Outstanding Notes at a purchase price equal to 101% of their principal amount plus accrued interest to the date of purchase. A "Change of Control Triggering Event" will be deemed to have occurred if both a Change of Control and a Rating Decline occur. A "Change of Control" will be deemed to have occurred at the earliest of such time as either (a) any Person or any Persons acting together that would constitute a "group" (a "Group") for purposes of Section 13(d) of the Securities Exchange Act of 1934 (the "Exchange Act"), or any successor provision thereto, together with any Affiliate or Related Persons thereof, shall beneficially own (within the meaning of Rule 13d-3 under the Exchange Act, or any successor provision thereto) more than 50% of the aggregate voting power of all classes of Voting Stock of the Company; or (b) any Person or Group, together with any Affiliates or Related Persons thereof, shall succeed in having a sufficient number of its nominees elected to the Board of Directors of the Company such that such nominees, when added to any existing director remaining on the Board of Directors of the Company after such election, who was a nominee of or is an Affiliate or Related Person of such Person or Group, will constitute a majority of the Board of Directors of the Company. A "Rating Decline" will be deemed to have occurred if at any time within 90 days (which period shall be extended so long as the rating of the Notes is under publicly announced consideration for a possible downgrade by any Rating Agency) after the date of public notice of a Change of Control, or the intention of the Company or any Person to effect a Change of Control, the rating of the Notes, or the Company's 10.50% Senior Notes due 2010, is decreased by any Rating Agency by one or more Gradations and the rating by such Rating Agency on the Notes or the Company's 10.50% Senior Notes due 2010 following such downgrade is below Investment Grade. In the event that neither the Notes nor the Company's 10.50% Senior Notes due 2010 are rated by any of the Rating Agencies, and a Change of Control shall have occurred, the Company shall obtain from one of the Rating Agencies pro forma ratings on the Notes both prior to and within 90 days after the date of public notice of the Change of Control, or the intention of the Company or any Person to effect a Change of Control. A Rating Decline will be deemed to have occurred in such circumstances if such latter pro forma rating reflects a decrease from such former pro forma rating by such Rating Agency of one or more Gradations and such latter pro forma rating by such Rating Agency on the Notes following the Change of Control is below Investment Grade.

If an Offer to Purchase is made, there can be no assurance that the Company will have funds sufficient to pay the purchase price and accrued interest described above for all of the Notes that might be tendered by Holders seeking to accept the Offer to Purchase. The failure of the Company to make the Offer to Purchase and the failure of the Company to pay the purchase price and

Edgar Filing: INTRAWEST CORP - Form F-10

accrued interest described above on the date specified therefor will give the Trustees and the Holders of Notes the rights described under "-- Events of Default."

In the event that the Company makes an Offer to Purchase the Notes, the Company intends to comply with any applicable securities laws and regulations, including any applicable requirements of Section 14(e) of, and Rule 14e-1 under, the Exchange Act. (sec. 1014)

Edgar Filing: INTRAWEST CORP - Form F-10

such Debt when due, provided, however, that for such purpose Debt shall not include any Non-Recourse Debt; (g) the rendering of a final judgment or judgments (not subject to appeal) against the Company or any Subsidiary in an amount in excess of Cdn.\$25,000,000 which remains undischarged or unstayed for a period of 60 days after the date on which the right to appeal has expired; and (h) certain events of bankruptcy, insolvency or reorganization affecting the Company or any Subsidiary. (sec. 501) Subject to the provisions of the Indenture relating to the duties of the Trustees, if an Event of Default (as defined) shall occur and be continuing, the Trustees will be under no obligation to exercise any of their rights or powers under the Indenture at the request or direction of any of the Holders, unless such Holders shall have offered to the Trustees reasonable indemnity. (sec. 603) Subject to such provisions for the indemnification of the Trustees the Holders of a majority in aggregate principal amount of the Outstanding Notes will have the right to direct the time, method and place of conducting any proceeding or any remedy available to the Trustees or exercising any trust or power conferred on the Trustees. (sec. 512)

If an Event of Default (other than an Event of Default described in clause (h) above) shall occur and be continuing, either the Trustees or the Holders of at least 25% in aggregate principal amount of the Outstanding Notes may accelerate the maturity of all Notes; provided, however, that after such acceleration, but before a judgment or decree based on acceleration, the Holders of a majority in aggregate principal amount of Outstanding Notes may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the non-payment of accelerated principal, have been cured or waived as provided in the Indenture. If an Event of Default specified in clause (h) above occurs, the Outstanding Notes will ipso facto become immediately due and payable without any declaration or other act on the part of a Trustee or any Holder. (sec. 502) For information as to waiver of default, see "-- Modification and Waiver."

No Holder of any Note will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless such Holder shall have previously given to the Trustees written notice of a continuing Event of Default and unless also the Holders of at least 25% in aggregate principal amount of the Outstanding Notes shall have made written request, and offered reasonable indemnity, to the Trustees to institute such proceeding as trustee, and the Trustees shall have not received from the Holders of a majority in aggregate principal amount of the Outstanding Notes a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days. (sec. 507) However, such limitations do not apply to a suit instituted by a Holder of a Note for enforcement of payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note. (sec. 508)

The Company will be required to furnish to the Trustees quarterly a statement as to the performance by the Company of certain of its obligations under the Indenture and as to any default in such performance. (sec. 1017)

45

SATISFACTION AND DISCHARGE OF THE INDENTURE

The Indenture will cease to be of further effect as to all outstanding Notes (except as to (i) rights of registration of transfer and exchange and the Company's right of optional redemption, (ii) substitution of apparently mutilated, defaced, destroyed, lost or stolen Notes, (iii) rights of Holders to receive payment of principal and interest and Additional Amounts on the Notes, (iv) rights, obligations and immunities of the Trustees under the Indenture and (v) rights of the Holders of the Notes as beneficiaries of the Indenture with respect to any property deposited with the Trustees payable to all or any of

Edgar Filing: INTRAWEST CORP - Form F-10

them), if (x) the Company will have paid or caused to be paid the principal of and interest on the Notes as and when the same will have become due and payable and (y) all outstanding Notes (except lost, stolen or destroyed Notes which have been replaced or paid) have been delivered to a Trustee for cancellation (Article Twelve).

DEFEASANCE

The Indenture provides that, at the option of the Company, (a) if applicable, the Company will be discharged from any and all obligations in respect of the Outstanding Notes (other than its ongoing obligations in respect of the payment of Additional Amounts) or (b) if applicable, the Company may omit to comply with certain restrictive covenants and that such omission shall not be deemed to be an Event of Default under the Indenture and the Notes, in either case upon irrevocable deposit with a Trustee, in trust, of money and/or U.S. government obligations which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent certified public accountants to pay the principal of and premium, if any, and each installment of interest, if any, on the Outstanding Notes. With respect to clause (b), the obligations under the Indenture other than with respect to such covenants and the Events of Default other than the Events of Default relating to such covenants above shall remain in full force and effect. Such trust may only be established if, among other things, (i) with respect to clause (a), the Company has received from, or there has been published by, the Internal Revenue Service a ruling or there has been a change in law, which in the opinion of counsel qualified to practice in the United States provides that Holders of the Notes will not recognize gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred, or, with respect to clause (b), the Company has delivered to the Trustees an opinion of counsel qualified to practice in the United States to the effect that the Holders of the Notes will not recognize gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred; (ii) the Company has delivered to the Trustees an opinion of counsel qualified to practice in Canada or an advance income tax ruling from the Canada Customs and Revenue Agency to the effect that the Holders of the Notes will not recognize income, gain or loss for Canadian federal or provincial income tax or other Canadian tax purposes as a result, in and of itself, of such deposit and defeasance and will be subject to Canadian federal or provincial income tax and other Canadian tax on the same amounts, in the same manner and at the same times as would have been the case had such deposit and defeasance not occurred (and for the purposes of such opinion such Canadian counsel shall assume that Holders of the Notes include Holders who are not resident in Canada); (iii) such deposit, defeasance and discharge will not result in a breach or violation of, or constitute a default under any material agreement or instrument to which the Company or any Restricted Subsidiary is party or by which the Company or any Restricted Subsidiary is bound; (iv) no Event of Default or event that with the passing of time or the giving of notice or both, shall constitute an Event of Default shall have occurred and be continuing; (v) the Company has delivered to the Trustees an opinion of counsel to the effect that such deposit shall not cause the Trustees or the trust so created to be subject to the Investment Company Act of 1940; and (vi) certain other customary conditions precedent are satisfied. (Article Four)

MODIFICATION AND WAIVER

Modifications and amendments of the Indenture may be made by the Company and the Trustees with the consent of the Holders of a majority in aggregate principal amount of the Outstanding Notes; provided,

however, that no such modification or amendment may, without the consent of the Holder of each Outstanding Note affected thereby, (a) change the Stated Maturity of the principal of, or any installment of interest on, any Note, (b) reduce the principal amount of (or the premium), or interest on, any Note, (c) change the place or currency of payment of principal of (or premium), or interest on, any Note, (d) impair the right to institute suit for the enforcement of any payment on or with respect to any Note, (e) reduce the above-stated percentage of Outstanding Notes necessary to modify or amend the Indenture, (f) reduce the percentage of aggregate principal amount of Outstanding Notes necessary for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults, (g) modify any provisions of the Indenture relating to the modification and amendment of the Indenture or the waiver of past defaults or covenants, except as otherwise specified, (h) following the mailing of any Offer to Purchase, modify any Offer to Purchase for the Notes required under the "Limitation on Asset Dispositions" and the "Change of Control" covenants contained in the Indenture in a manner materially adverse to the Holders thereof or (i) modify the Additional Amounts provisions of the Indenture. (sec. 902)

The Holders of a majority in aggregate principal amount of the Outstanding Notes, on behalf of all Holders of Notes, may waive compliance by the Company with certain restrictive provisions of the Indenture. (sec. 1018) Subject to certain rights of the Trustees, as provided in the Indenture, the Holders of a majority in aggregate principal amount of the Outstanding Notes, on behalf of all Holders of Notes, may waive any past default under the Indenture, except a default in the payment of principal, premium or interest or a default arising from failure to purchase any Note tendered pursuant to an Offer to Purchase. (sec. 513)

GOVERNING LAW

The Indenture is, and the Notes will be, governed by the laws of the State of New York.

THE TRUSTEES

JPMorgan Chase Bank is the U.S. Trustee under the Indenture. Its address is 450 West 33rd, 15th Floor, New York, New York, 10001. The Company has appointed the U.S. Trustee as the initial Registrar and as the initial Paying Agent under the Indenture. CIBC Mellon Trust Company is the Canadian Trustee under the Indenture. Its address is Suite 1600, 1066 West Hastings Street, Vancouver, British Columbia, V6E 3X1.

The Indenture provides that, except during the continuance of an Event of Default, the Trustees will perform only such duties as are specifically set forth in the Indenture. During the existence of an Event of Default, the Trustees will exercise such rights and powers vested in each of them under the Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. (sec. 603)

The Indenture contains limitations on the rights of the Trustees should a Trustee become a creditor of the Company, to obtain payment of claims in certain cases or to realize on certain property received by a Trustee in respect of any such claim as otherwise. The Trustees are permitted to engage in other transactions with the Company or any Affiliate, provided, however, that if a Trustee acquires any conflicting interest (as referred to in the Indenture), it must eliminate such conflict or resign. (sec. 608)

Edgar Filing: INTRAWEST CORP - Form F-10

CONSENT TO JURISDICTION AND SERVICE

The Indenture provides that the Company will irrevocably consent to the non-exclusive jurisdiction of any court of the State of New York or any United States federal court sitting in the Borough of Manhattan, New York, New York, United States of America, and any appellate court from any thereof, and has waived immunity from the jurisdiction of such courts over any suit, action or proceeding or objection thereto on ground of venue, residence/domicile or inconvenient forum that may be brought in connection with the Indenture and the Notes. The Company has irrevocably appointed PTSGE Corp., 925 Fourth Avenue, Suite 2900, Seattle, Washington, 98104-1158, as its authorized agent upon which all writs, process and summonses may be served in any suit, action or proceeding brought in connection with the Indenture or the Notes against the Company in any court of the State of New York or any United States federal court sitting in

47

the Borough of Manhattan, New York City and has agreed that such appointment shall be irrevocable so long as any of the Notes remain outstanding or until the irrevocable appointment by the Company of a successor in the United States as its authorized agent for such purpose and the acceptance of such appointment by such successor.

ENFORCEABILITY OF JUDGMENTS

Since a substantial portion of the assets of the Company and its subsidiaries are outside the United States, any judgment obtained in the United States against the Company, including judgments with respect to the payment of principal, premium, if any, or interest on the Notes may not be collectible within the United States.

The Company has been informed by its Canadian counsel, McCarthy Tetrault LLP, that the laws of the Province of British Columbia and the federal laws of Canada applicable therein permit an action to be brought in a court of competent jurisdiction in the Province of British Columbia (a "British Columbia Court") on a final and conclusive judgment in personam against the Company of a federal or state court in the State of New York (a "New York Court") that is subsisting and unsatisfied respecting the enforcement of the Notes or the Indenture, that is not impeachable as void or voidable under the law of the State of New York and that is for a sum certain if (i) the New York Court that rendered such judgment had jurisdiction over the judgment debtor, as recognized by a British Columbia Court (and submission by the Company in the Notes or the Indenture to the jurisdiction of the New York Court will be deemed sufficient for such purpose), (ii) such judgment was not obtained by fraud or in a manner contrary to natural justice, and the enforcement thereof would not be inconsistent with public policy as the term is defined by a British Columbia Court or contrary to any order made by the Attorney General of Canada under the Foreign Extraterritorial Measures Act (Canada), (iii) the enforcement of such judgment in British Columbia does not constitute, directly or indirectly, the enforcement of foreign revenue, expropriatory or penal laws, (iv) in an action to enforce a default judgment, the judgment does not contain a manifest error on its face and (v) the action to enforce such judgment is commenced within six years of the date of such judgment; provided that a British Columbia Court may stay an action to enforce a foreign judgment if an appeal of a judgment is pending or the time for appeal has not expired; and provided further that under the Currency Act (Canada), a British Columbia Court may only give judgment in Canadian dollars.

EXCHANGE OFFER; REGISTRATION RIGHTS

The Company has entered into the Registration Rights Agreement with the Initial Purchasers pursuant to which the Company has agreed, for the benefit of the holders of the Original Notes, at the Company's cost, (i) to use its best

Edgar Filing: INTRAWEST CORP - Form F-10

efforts to file a registration statement (the "Exchange Offer Registration Statement") within 60 days following the date of original issue of the Original Notes (the "Issue Date") with the Commission with respect to the Exchange Offer for the Exchange Notes, (ii) to use its best efforts to cause the Exchange Offer Registration Statement to be declared effective under the Securities Act within 180 days following the Issue Date and (iii) to use its best efforts to consummate the Exchange Offer within 45 days after the Exchange Offer Registration Statement has been declared effective. Upon the Exchange Offer Registration Statement being declared effective, the Company will offer the Exchange Notes in exchange for surrender of the Original Notes. The Company will keep the Exchange Offer open for not less than 30 calendar days (or longer if required by applicable law) after the date notice of the Exchange Offer is mailed to the holders of the Original Notes. For each Original Note surrendered to the Company pursuant to the Exchange Offer, the holder of such Original Note will receive an Exchange Note having a principal amount equal to that of the surrendered Original Note.

The Company is making the Exchange Offer in reliance on the position of the staff of the Commission as set forth in certain no-action letters to other parties in other transactions. However, the Company has not sought its own no-action letter and there can be no assurance that the staff of the Commission would make a similar determination with respect to the Exchange Offer as in such other circumstances. Based upon these interpretations by the staff of the Commission, the Company believes that Exchange Notes issued pursuant to the Exchange Offer in exchange for Original Notes may be offered for resale, resold and otherwise transferred

48

by a holder thereof (other than any holder which is (i) a broker-dealer who purchased such Original Notes directly from the Company for resale pursuant to Rule 144A or other available exemptions under the Securities Act, (ii) a broker-dealer who acquired such Original Notes as a result of market-making or other trading activities or (iii) a person that is an Affiliate of the Company) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holder's business and that such holder is not participating, and has no arrangement or understanding with any person to participate, in a distribution (within the meaning of the Securities Act) of such Exchange Notes. Holders of Original Notes accepting the Exchange Offer for the purpose of participating in a distribution of the Exchange Notes may not rely on the position of the staff of the Commission as set forth in these no-action letters and would have to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. A secondary resale transaction in the United States by a holder of Original Notes who is using the Exchange Offer to participate in the distribution of Exchange Notes must be covered by an effective registration statement containing the selling securityholder information required by Item 507 of Regulation S-K under the Securities Act.

Each broker-dealer (other than an Affiliate of the Company) that receives Exchange Notes for its own account pursuant to the Exchange Offer must acknowledge that it acquired the Original Notes as a result of market-making activities or other trading activities and will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes. The Letter of Transmittal states that by so acknowledging, and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act even though it may be deemed to be an underwriter for purposes thereof. This Prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Original Notes where such Original Notes were acquired by such broker-dealer as a result

Edgar Filing: INTRAWEST CORP - Form F-10

of market-making activities or other trading activities. The Company has agreed that, for a period ending on the earlier of the 180th day after the Exchange Offer has been completed or such time as broker-dealers no longer own any Registrable Securities (as defined in the Registration Rights Agreement), it will make this Prospectus, as amended or supplemented, available to any such broker-dealer for use in connection with any such resale. See "Plan of Distribution." Any broker-dealer who is an affiliate of the Company may not rely on such no-action letters and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transactions.

In the event that any changes in the applicable interpretations of the staff of the Commission do not permit the Company to effect the Exchange Offer for the purposes set forth in the Registration Rights Agreement, or if the Exchange Offer is not completed within 225 days following the Issue Date, or if any holder of the Original Notes is not eligible to participate in the Exchange Offer, the Company will, at its cost, (a) as promptly as practicable, but no later than 30 days after the time such obligation arises, file a shelf registration statement pursuant to the Securities Act relating to resales of the Original Notes (the "Shelf Registration Statement"), (b) use its best efforts to cause the Shelf Registration Statement to be declared effective under the Securities Act within 120 days after such Shelf Registration Statement is filed and (c) use its best efforts to keep effective the Shelf Registration Statement until two years after its effective date. The Company will, in the event of the filing of a Shelf Registration Statement, provide to each holder of the Original Notes copies of the prospectus which is a part of the Shelf Registration Statement, notify each such holder when the Shelf Registration Statement for the Original Notes has become effective and take certain other actions as are required to generally permit unrestricted resales of the Original Notes. A holder of Original Notes that sells such Original Notes pursuant to the Shelf Registration Statement generally will be required to be named as a selling securityholder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and will be bound by the provisions of the Registration Rights Agreement which are applicable to such a holder (including certain indemnification obligations). In addition, each holder of the Original Notes will be required to deliver information to be used in connection with the Shelf Registration Statement and to provide comments on the Shelf Registration Statement within the time periods set forth in the Shelf Registration Rights Agreement in order to have their Original Notes included in the Shelf Registration

49

Statement and to benefit from the provisions regarding liquidated damages set forth in the following paragraph.

In the event that either (i) the Exchange Offer Registration Statement is not filed with the Commission on or prior to the 60th day following the Issue Date or the Shelf Registration Statement is not filed with the Commission on or prior to the 30th day following the date an obligation to file arises, (ii) such Exchange Offer Registration Statement or Shelf Registration Statement is not declared effective on or prior to the 180th day following the Issue Date or the 120th day after such Shelf Registration Statement is filed, respectively, (iii) the Exchange Offer is not completed within 45 days after the initial effective date of the Exchange Registration Statement or (iv) the Exchange Offer Registration Statement or Shelf Registration Statement is declared effective but thereafter ceases to be effective or useable (each such event referred to in clauses (i) through (iv) above, a "Registration Default" and each period during which a Registration Default has occurred and is continuing, a "Registration Default Period"), then special interest, in addition to the interest set forth on the cover hereof, shall accrue on the Original Notes at a per annum rate of

Edgar Filing: INTRAWEST CORP - Form F-10

0.5% for the first 90 days of the Registration Default Period, and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. Upon cure of the Registration Default, the special interest shall no longer accrue and the Notes will bear interest at the original rate; provided, however, that if, after any such cure, a different Registration Default occurs, then special interest shall again accrue in accordance with the foregoing provisions.

The summary herein of certain provisions of the Registration Rights Agreement does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the Registration Rights Agreement, a copy of which is available upon request to the Company.

TRANSFER, EXCHANGE AND BOOK-ENTRY PROCEDURES

GLOBAL NOTES

The Exchange Notes will be represented by one or more fully registered global notes without coupons (the "Global Notes") and will be deposited upon issuance with the U.S. Trustee as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee. Except as set forth below, the Global Notes may be transferred in whole and not in part only to DTC or another nominee of DTC.

So long as DTC or its nominee is the registered owner thereof, DTC or such nominee, as the case may be, will be considered the sole owner or Holder of the Exchange Notes represented by the Global Notes for all purposes under the Indenture. Except as provided below, owners of beneficial interests in the Global Notes will not be entitled to have the Exchange Notes represented by the Global Notes registered in their names, will not receive or be entitled to receive physical delivery of the Exchange Notes in definitive form and will not be considered the owners or Holders thereof under the Indenture.

The following is based on information furnished by DTC:

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants ("Direct Participants") include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to DTC's system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participant"). The rules applicable to DTC and its Participants are on file with the Commission.

Purchases of the Exchange Notes under DTC's system must be made by or through Direct Participants, which will receive a credit for such the Exchange Notes on DTC's records. The ownership interest of each actual purchaser of each the Exchange Note represented by a Global Note ("Beneficial Owner") is in turn

Edgar Filing: INTRAWEST CORP - Form F-10

to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in the Global Notes representing the Exchange Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners of the Global Notes representing the Exchange Notes will not receive the Exchange Notes in definitive form representing their ownership interests therein, except in the event that use of the book-entry system for such the Exchange Notes is discontinued or upon the occurrence of certain other events described herein.

To facilitate subsequent transfers, all Global Notes representing the Exchange Notes which are deposited with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of Global Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Global Notes representing the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants or Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. will consent or vote with respect to the Global Notes representing the book-entry Exchange Notes. Under its usual procedures, DTC mails an omnibus proxy (an "Omnibus Proxy") to the Company as soon as possible after the applicable record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Exchange Notes are credited on the applicable record date (identified in a listing attached to the Omnibus Proxy).

Principal, premium, if any, and interest payments on the Global Notes representing the Exchange Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the applicable payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on such date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustees or the Company, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and interest to DTC is the responsibility of the Company or the Trustees, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants. Neither the Company nor the Trustees will have any responsibility or liability for the disbursements of payments in respect of ownership interests in the Notes by DTC or the Direct or Indirect Participants or for maintaining or reviewing any records of DTC or the Direct or Indirect Participants relating to ownership interests in the Notes or the disbursement of payments in respect thereof.

DTC may discontinue providing its services as securities depository with respect to the Exchange Notes at any time by giving reasonable notice to the Company or the Trustees. Under such circumstances, and in the event that a

Edgar Filing: INTRAWEST CORP - Form F-10

successor securities depository is not obtained, Exchange Notes in definitive form are required to be printed and delivered. The Company may decide to discontinue use of the system of book-entry transfers through DTC or a successor securities depository.

According to DTC, the foregoing information with respect to DTC has been provided to the members of the financial community for informational purposes only and is not intended to serve as a representation, warranty, or contract modification of any kind.

51

The information in this section concerning DTC and DTC's system has been obtained from sources that the Company believes to be reliable, but is subject to any changes to the arrangements between the Company and DTC and any changes to such procedures that may be instituted unilaterally by DTC.

CREDIT RATINGS

The Notes have been assigned a rating of B+ by Standard & Poor's Rating Services, a division of The McGraw-Hill Companies Inc. ("S&P"), and a rating of B1 by Moody's Investors Service, Inc. ("Moody's"). S&P rates debt instruments by rating categories from a high of AAA to a low of D, with a "+" or "-" indicating relative strength within the rating category. Moody's rates debt instruments by rating categories from a high of Aaa to a low of D, with a "1", "2" or "3" indicating relative strength within the rating category. Prospective recipients of the Exchange Notes pursuant to the Exchange Offer should consult with the rating agencies with respect to the interpretation of the foregoing ratings and the implication of those ratings. The credit ratings accorded to the Notes are not recommendations to buy, sell or hold the Notes and may be subject to revision or withdrawal by S&P and Moody's at any time.

PLAN OF DISTRIBUTION

The Exchange Offer is not being made to, nor will the Company accept tenders for exchange from, holders of Original Notes in any jurisdiction in which the Exchange Offer or the acceptance thereof would not be in compliance with the securities or blue sky laws of such jurisdiction.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Original Notes pursuant to the Exchange Offer must acknowledge that it will deliver this Prospectus in connection with any resale of such Exchange Notes. This Prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer who holds Original Notes acquired for its own account as a result of market-making activities or other trading activities (an "Exchanging Dealer") in connection with resales of Exchange Notes received in exchange for Original Notes. The Company has agreed that for a period beginning when Exchange Notes are first issued in the Exchange Offer and ending on the earlier of the 180th day after the Exchange Offer has completed or such time as broker-dealers no longer own any Registrable Securities (as defined in the Registration Rights Agreement) (the "Resale Period"), it will make this Prospectus, as amended or supplemented, available to any Exchanging Dealer for use in connection with any such resale.

The Company will not receive any proceeds from the exchange of Original Notes for Exchange Notes. Exchange Notes received by broker-dealers for their own account pursuant to the Exchange Offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, or at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or to or through broker-dealers

Edgar Filing: INTRAWEST CORP - Form F-10

who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any Exchange Notes. Any broker-dealer that resells Exchange Notes that were received by it for its own account in exchange for Original Notes pursuant to the Exchange Offer and any person that participates in the distribution of such Exchange Notes may be deemed an "underwriter" within the meaning of the Securities Act and any profit on any such resale of Exchange Notes and any commissions or concessions received by any such broker-dealers may be deemed to be underwriting compensation under the Securities Act. The Letter of Transmittal states that by acknowledging that it will deliver, and by delivering, a prospectus a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

Until the Resale Period has expired, the Company will promptly send additional copies of this Prospectus and any amendment or supplement to this Prospectus to any broker-dealer that acquired Original Notes for its own account as a result of market-making activities or other trading activities and that requests such documents in the Letter of Transmittal applicable thereto. The Company has agreed to pay all expenses incident to the Exchange Offer other than commissions or concessions of any broker-dealers and will

52

indemnify the holders of the Original Notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

By acceptance of this Exchange Offer, each broker-dealer that receives Exchange Notes in exchange for Original Notes pursuant to the Exchange Offer agrees that, upon receipt of notice from the Company of (i) the issuance by the Commission of any stop order or cease trade order suspending the effectiveness of the Registration Statement or the qualification for distribution of the Exchange Notes or the initiation of any proceedings for that purpose; (ii) the receipt by the Company of any notification with respect to the suspension of the qualification or qualification for distribution of the Exchange Notes included therein for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose; or (iii) the happening of any event that requires the making of any changes in the Registration Statement or this Prospectus so that, as of such date, the Registration Statement or this Prospectus does not include an untrue statement of a material fact or omit to state a material fact necessary to make the statements therein (in the case of this Prospectus, in light of the circumstances under which they were made) not misleading (which notice the Company agrees to advise to any broker-dealer that has provided in writing to the Company a telephone or facsimile number and address for notices), such broker-dealer will suspend the use of this Prospectus until the Company has amended or supplemented this Prospectus to correct such misstatement or omission and has furnished copies of the amended or supplemented Prospectus to such broker-dealer or until it is advised in writing by the Company that the use of this Prospectus may be resumed and has received copies of any amendments or supplements thereto. If the Company gives any such notice to suspend the use of this Prospectus, it will extend the Resale Period by the number of days during the period from and including the date of the giving of such notice to and including the date when broker-dealers shall have received (x) copies of the supplemented or amended Prospectus necessary to permit resales of Exchange Notes or (y) the advice in writing.

NO "UNDERWRITER" WITHIN THE MEANING OF APPLICABLE CANADIAN SECURITIES LEGISLATION HAS BEEN INVOLVED IN THE PREPARATION OF THIS PROSPECTUS OR PERFORMED ANY REVIEW OF THE CONTENTS OF THIS PROSPECTUS.

Edgar Filing: INTRAWEST CORP - Form F-10

CERTAIN INCOME TAX CONSEQUENCES

Holders of Original Notes who exchange such Original Notes for Exchange Notes should consult their own tax advisers with respect to their particular circumstances and with respect to the effects of U.S. federal, Canadian federal, state, provincial, local or foreign tax laws to which they may be subject.

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the material United States federal income tax consequences of the exchange of the Original Notes for the Exchange Notes and the ownership and disposition of the Exchange Notes. This summary is based on the United States Internal Revenue Code of 1986, as amended (the "Code"), existing and proposed Treasury regulations promulgated thereunder, and administrative and judicial interpretations thereof (all as of the date hereof and all of which are subject to change, possibly with retroactive effect). Except as specifically set forth herein, this summary deals only with Exchange Notes acquired by a U.S. Holder (as defined below) pursuant to the Exchange Offer and held as capital assets within the meaning of Section 1221 of the Code. It does not discuss all of the tax consequences that may be relevant to holders in light of their particular circumstances or to holders subject to special rules, such as banks, insurance companies, tax-exempt organizations, dealers in securities or foreign currencies, persons that own or are treated as owning 10% or more of the stock of the Company (by vote or value), persons holding the Exchange Notes as part of a hedging transaction, "straddle," conversion transaction, or other integrated transaction, or U.S. persons whose functional currency (as defined in Section 985 of the Code) is not the U.S. dollar. ACCORDINGLY, INVESTORS CONSIDERING EXCHANGING ORIGINAL NOTES FOR EXCHANGE NOTES SHOULD CONSULT WITH THEIR OWN TAX ADVISORS WITH REGARD TO THE APPLICATION OF THE UNITED STATES FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS TAX CONSEQUENCES ARISING UNDER THE LAWS OF ANY STATE, LOCAL OR FOREIGN TAXING JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.

As used herein, the term "U.S. Holder" means a beneficial owner of an Exchange Note that for United States federal income tax purposes is (i) a citizen or individual resident of the United States, (ii) a corporation or partnership created or organized in or under the laws of the United States or any political subdivision thereof, (iii) an estate, the income of which is subject to United States federal income taxation regardless of its sources, or (iv) a trust, if both: (A) a United States court is able to exercise primary supervision over the administration of the trust, and (B) one or more United States persons have the authority to control all substantial decisions of the trust. It should be noted that certain "single member entities" are disregarded for U.S. federal income tax purposes. Holders that are single member non-corporate entities should consult with their own tax advisors to determine the U.S. federal, state, local and other tax consequences that may be relevant to them.

Stated Interest

Interest paid on an Exchange Note generally will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received, in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes. Such interest on the Exchange Notes generally will be considered foreign source "passive income" or "financial services income" for foreign tax credit purposes.

Exchange Offer

Pursuant to the Exchange Offer contemplated herein, an exchange of Original Notes for Exchange Notes should not be a taxable event for United

Edgar Filing: INTRAWEST CORP - Form F-10

States federal income tax purposes under Treasury regulation Section 1.1001-3 because the Exchange Notes should not be considered to differ materially in kind or in extent from the Original Notes. A U.S. Holder's tax basis in the Exchange Notes will be the same as such holder's tax basis in the Original Notes exchanged therefor immediately before such exchange, and the holding period of the Exchange Notes received will include the holding period of the Original Notes exchanged therefor.

54

Amortizable Note Premium

A U.S. Holder that purchased an Original Note for an amount in excess of its principal amount will be considered to have purchased the Original Note at a "premium." A U.S. Holder may elect to amortize the premium over the remaining term of the Original Note on a constant yield method. The amount amortized in any year will be treated as a reduction of the U.S. Holder's interest income from the Original Note. The premium on an Original Note held by a U.S. Holder that does not make such an election will decrease the gain or increase the loss otherwise recognized on the sale or disposition of the Original Note. The election to amortize the bond premium on a constant yield method, once made, applies to all debt obligations held or subsequently acquired by the electing U.S. Holder on or after the first day of the taxable year to which the election applies and may not be revoked without the consent of the United States Internal Revenue Service ("IRS"). An Exchange Note received in exchange for an Original Note will be deemed to have an equal amount of premium, which will be subject to the same rules as premium on the Original Note.

U.S. Holders are urged to consult with their own tax advisors regarding the application of the premium rules to their particular circumstances.

Sale, Exchange or Retirement of an Exchange Note

Upon the sale, exchange or retirement of an Exchange Note, a U.S. Holder generally will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement (reduced by any amounts attributable to accrued but unpaid interest, which will be taxable as such) and such holders' adjusted tax basis in the Exchange Note. Any such gain should be treated as U.S. source gain and, it appears that any such loss should also be treated as U.S. source loss.

As noted above, a U.S. Holder's adjusted tax basis in an Exchange Note generally will be the same as such holder's adjusted tax basis in the Original Notes exchanged therefor (generally, the cost of such Original Note adjusted as required by law.) Gain or loss on the sale, exchange or retirement of an Exchange Note generally will be a capital gain or loss. Such capital gain or loss will be a long-term capital gain or loss if the U.S. Holder's holding period for the Exchange Note is more than one year. The deductibility of capital losses is subject to limitations.

Backup Withholding

Certain non-corporate U.S. Holders may be subject to backup withholding at a rate of 28% on payments of principal and interest on, and the proceeds of a disposition of, an Exchange Note. Backup withholding will apply only if the U.S. Holder (i) fails to furnish its Taxpayer Identification Number ("TIN") which, in the case of an individual, would be his or her social security number, (ii) furnishes an incorrect TIN, (iii) is notified by the IRS that it has failed to properly report payments of interest or dividends, or (iv) under certain circumstances, fails to certify, under the penalty of perjury, that it has furnished a correct TIN and has not been notified by the IRS that it is subject

Edgar Filing: INTRAWEST CORP - Form F-10

to backup withholding. U.S. Holders should consult their tax advisors regarding their qualification for exemption from backup withholding and the procedure for obtaining such an exemption if applicable.

Any amounts withheld under the backup withholding rules from a payment to a U.S. Holder would be allowed as a refund or a credit against such holder's U.S. federal income tax provided that the required information is timely furnished to the IRS.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the principal Canadian federal income tax consequences generally applicable to a holder of Exchange Notes acquired pursuant to the Exchange Offer who at all relevant times, for purposes of the Income Tax Act (Canada) (the "Act"), is not resident in Canada, deals at arm's length with the Company, holds the Exchange Notes as capital property and does not use or hold and is not deemed to use or hold the Exchange Notes in carrying on a business in Canada (a "Holder"). For the purposes of the Act, related persons (as therein defined) are deemed not to deal at arm's length. It is a question of fact

55

whether persons not related to each other deal at arm's length. This summary does not address the special tax consequences which may apply to a Holder of Exchange Notes who is an insurer carrying on business in Canada and elsewhere for the purposes of the Act.

This summary is based on the current provisions of the Act and the regulations thereunder, the Company's understanding of the current published administrative practices of the Canada Customs and Revenue Agency, and all specific proposals to amend the Act and the regulations publicly announced by the Minister of Finance prior to the date hereof. This summary does not otherwise take into account or anticipate changes in the law, whether by judicial, governmental or legislative decisions or action, nor does it take into account tax legislation or considerations of any province or territory of Canada or any jurisdiction other than Canada.

The exchange by a Holder of an Original Note for an Exchange Note should not constitute a taxable event for purposes of the Act. Accordingly, a Holder will not be subject to tax under the Act in respect of the exchange.

The payment of interest, principal or premium, if any, to a Holder of the Exchange Notes will be exempt from Canadian withholding tax. No other tax on income or capital gains will be payable under the Act in respect of the holding, redemption or disposition of the Exchange Notes by a Holder.

THIS SUMMARY IS OF A GENERAL NATURE ONLY AND DOES NOT CONSTITUTE LEGAL OR TAX ADVICE TO ANY PARTICULAR HOLDER OF EXCHANGE NOTES. NO REPRESENTATION IS MADE WITH RESPECT TO THE TAX CONSEQUENCES TO ANY PARTICULAR HOLDER. CONSEQUENTLY, HOLDERS OF EXCHANGE NOTES SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THEIR PARTICULAR CIRCUMSTANCES.

LEGAL MATTERS

Certain legal matters in connection with the Exchange Offer will be passed upon for the Company by McCarthy Tetrault LLP, Vancouver, British Columbia, with respect to matters of Canadian law and by Preston Gates & Ellis LLP, Seattle, Washington, with respect to matters of United States law. The partners and associates of McCarthy Tetrault LLP and of Preston Gates & Ellis LLP own less than 1% of any securities of the Company.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Under the Canada Business Corporations Act (the "CBCA"), which governs Intrawest Corporation (the "Registrant") except in respect of an action by or on behalf of a corporation or other entity to procure a judgement in its favor, a corporation may indemnify a present or former director or officer of such corporation or a person who acts or acted at the corporation's request as a director or officer or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by such individual in respect of any civil, criminal, administrative, investigative or other proceeding in which he or she is involved because of that association with the corporation or other entity and provided that such individual acted honestly and in good faith with a view to the best interests of the corporation or, as the case may be, to the best interests of the other entity for which the individual acted as director or officer or in a similar capacity at the corporation's request, and, in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, had reasonable grounds for believing that his conduct was lawful. Such indemnification may be made in connection with a derivative action only with court approval. A director or officer (or other individual as described above) is entitled to indemnification from the corporation as a matter of right in respect of all costs, charges and expenses reasonably incurred by such individual in connection with the defence of a civil, criminal, administrative, investigative or other proceeding to which he or she is made a party because of their association with the corporation or other entity if such individual was not judged by the court or other competent authority to have committed any fault or omitted to do anything that the individual ought to have done and has fulfilled the conditions set forth above.

The by-laws of the Registrant provide that the Registrant shall indemnify a present or former director or officer of the Registrant or another individual who acts or acted at the Registrant's request as a director or officer or an individual acting in a similar capacity, of another entity, and his or her heirs and legal representatives thereof, to the extent permitted by the CBCA or otherwise by law.

The Registrant maintains directors' and officers' liability insurance which insures the directors and officers of the Registrant and its subsidiaries against certain losses resulting from any wrongful act committed in their official capacities for which they become obligated to pay to the extent permitted by applicable law.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 as amended (the "Act") may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the U.S. Securities and

Edgar Filing: INTRAWEST CORP - Form F-10

Exchange Commission (the "Commission") such indemnification is against public policy as expressed in the Act, and is therefore unenforceable.
