2008 Executive Bonus Plan

On April 30, 2008, the Compensation Committee (the Compensation Committee) of the Board of Directors (the Board) of lululemon athletica inc. (the Company) approved a 2008 Executive Bonus Plan (the Plan) and related financial performance goals in respect of the fiscal year beginning February 4, 2008 (Fiscal 2008). The Plan is applicable to the positions of executive vice president and above, and to other senior officers of the Company as designated by the Compensation Committee. Target bonuses for the Company's executive officers eligible to participate in the Plan are weighted so that 90% of the target bonus is based on financial performance goals and 10% is based on individual performance goals. The maximum allowable bonus payout is 120% of the target bonus amount.

The financial performance goals for each of the executive officers eligible to participate in the Plan are based on four financial measures for Fiscal 2008: (i) the Company's diluted earnings per share; (ii) comparable store sales; (iii) operating margins; and (iv) inventory levels (the Financial Measures). Individual performance goals vary depending on the responsibilities of the positions held by each Plan participant. The Fiscal 2008 target bonus amounts and weighting between the financial and individual performance goals for each executive officer are set forth in the table below.

Executive Officer	Target Bonus (as a Percentage of Salary)	Financial Performance Goals Weight	Individual Performance Goals Weight
Chief Executive Officer	75%	90%	10%
Chief Product Designer	75%	90%	10%
Executive Vice President	60%	90%	10%
Other Executive Officers	60%	90%	10%

If the minimum diluted earnings per share goal established by the Compensation Committee is not reached for Fiscal 2008, there will be no bonus paid under the Plan.

The following is an example of how a maximum allowable payout of 120% of the target amount could affect total bonus payouts for Fiscal 2008. ***This example is included for illustrative purposes only and does not represent a forecast or target by the Company for Fiscal 2008 of the Financial Measures.***

Because each executive vice president participating in the Plan has a target bonus of 60% of base salary, and because 90% of that target bonus is allocated to achieving the financial performance goals and 10% of that target bonus is allocated to achieving the individual performance goals, the target bonus attributable to achievement of the financial performance goals is 54% of base salary (*i.e.* 90% x 60% = 54%) and the target bonus attributable to achievement of the individual performance goals is 6% of base salary (*i.e.*, 10% x 60% = 6%). If the Financial Measures and individual performance were at a level permitting a payout of 120% of the target bonus, an executive vice president participating in the Plan would be eligible to receive 72% of his or her base salary (64.8% for achieving the financial performance goals (120% x 54%) and 7.2% for achieving the individual performance goals (120% x 6%)).

A copy of the Plan is attached hereto as Exhibit 10.1 and is incorporated herein by reference.
