The exercise price for options granted under the plans cannot be less than the fair market value of the stock at the date of grant or 110% of such fair market value with respect to options granted to any optionee who holds more than 10% of the Company's common stock. Options are not exercisable until one year after the date of grant and expire five years after the date of grant. All outstanding options are subject to vesting provisions whereby they become exercisable over a four-year period. The plans authorize options to purchase up to 200,000, 300,000 and 300,000 shares of common stock, respectively.
