SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

AstraZeneca PLC

Date: 4 April 2006

By: /s/ A C N Kemp

Name: A C N Kemp

Title: Assistant Secretary

Item 1

Dealing by Directors

Companies Act 1985 Sections 324/329

Transaction by Persons Discharging Managerial Responsibilities Disclosure Rules DR 3.1.2R

We hereby inform you that the interest of David R. Brennan, a Director of the Company, in the shares of AstraZeneca PLC has changed as detailed below. Mr Brennan has interests in both the Ordinary Shares and the American Depositary Shares (ADSs) of AstraZeneca PLC. One ADS equals one Ordinary Share.

On 24 February 2006, Mr Brennan received an allocation of 6,352 Ordinary Shares under the previously disclosed arrangements relating to his annual bonus for 2005 whereby he is required to defer a portion of the bonus earned into shares for a period of three years. The shares were allocated at a price of 2639 pence per share. Mr Brennan will become beneficially entitled to these shares on 24 February 2009.

On 24 February 2006, Mr Brennan received a scheduled distribution out of the AstraZeneca US Executive Deferral Plan, a unitised stock fund established in 2000, in which Mr Brennan, in common with other participating US executives, is deemed to have a notional interest in ADSs calculated by reference to the fund value and the closing price of AstraZeneca ADSs. Following this scheduled distribution on 24 February 2006, Mr Brennan had a notional interest in 70,387 ADSs within the AstraZeneca US Executive Deferral Plan by reference to the closing price on 24 February 2006 of US\$46.14.

On 27 February 2006, Mr Brennan purchased, on his own account, additional ADSs to be held within the AstraZeneca US Executive Deferral Plan bringing his notional interest in ADSs held within the AstraZeneca US Executive Deferral Plan as at 27 February 2006 to 75,955 ADSs based on that day's closing price of US\$46.58.

In total, Mr Brennan now has an interest in 6,352 Ordinary Shares and 172,088 AstraZeneca ADSs, including the notional interest in ADSs in the AstraZeneca US Executive Deferral Plan referred to above.

Company Secretary
1 March 2006

Item 2

Transaction by Persons Discharging Managerial Responsibilities Disclosure Rules DR 3.1.2R

We hereby inform you that on 3 March 2006, Tony Bloxham, Executive Vice-President, Human Resources, a person discharging managerial responsibilities, exercised an option over 5,231 AstraZeneca PLC USD0.25 Ordinary Shares at an option price of 1337 pence per share. The option was granted to Mr Bloxham in March 1996 under the Company's 1994 Executive Share Option Scheme and was due to expire on 29 March 2006 if not exercised before then.

We also inform you that on 3 March 2006, Mr Bloxham sold the 5,231 shares acquired from the exercise at a price of 2649 pence per share.

G H R Musker
Company Secretary
6 March 2006

Item 3

AstraZeneca commences patent infringement litigation against IVAX

AstraZeneca announced today that it has filed a lawsuit in the United States District Court for the District of New Jersey against IVAX Corporation, IVAX Pharmaceuticals, Inc. and Zenith Laboratories, Inc. (collectively "IVAX"), and IVAX's parent, Teva Pharmaceutical Industries Ltd. and its U.S. subsidiary, Teva Pharmaceuticals USA, for willful infringement of AstraZeneca's patents protecting NEXIUM® (esomeprazole magnesium).

The lawsuit is in response to an Abbreviated New Drug Application filed by IVAX with the US Food and Drug Administration regarding IVAX's intent to market a generic version of AstraZeneca's NEXIUM in the US prior to the expiration of five AstraZeneca Patents: 5,714,504; 5,877,192; 6,369,085; 6,428,810; and 6,875,872. The expiration dates for these patents range from 2014 through to 2019.

AstraZeneca has full confidence in and will continue vigorously to defend and enforce its intellectual property rights protecting NEXIUM.

Item 4

CRESTOR™ shows regression of coronary artery disease in a major clinical study

The landmark ASTEROID study has demonstrated that two years treatment with CRESTOR™ (rosuvastatin), 40mg once a day, reversed plaque build-up in the arteries of patients with evidence of coronary artery disease. This is the first time a statin has demonstrated regression of atherosclerosis in a major clinical study. The results of ASTEROID will be presented by Dr Steve Nissen (Chairman of the Department of Cardiovascular Medicine at the Cleveland Clinic) at the 55th Annual Scientific Session of the American College of Cardiology (ACC) in Atlanta at 2:20pm EST today. Further details of the ASTEROID results will be made available following Dr Nissen's presentation at the ACC.

Atherosclerosis results when a build-up of cholesterol, inflammatory cells and fibrous tissue forms areas in the artery wall called plaques. If these plaques rupture they can block blood flow to critical organs like the heart or the brain, and can lead to heart attack or stroke.

ASTEROID (A Study To Evaluate the Effect of Rosuvastatin On Intravascular Ultrasound-Derived Coronary Atheroma Burden) was a 104-week, open label, single-arm, blinded endpoint study designed to study the effect of CRESTOR 40mg in 507 patients who had undergone coronary angiography and who had evidence of coronary artery disease (CAD). The plaque volume in the target coronary artery was measured at the initial catheterisation and again after two years of treatment. ASTEROID used intravascular ultrasound (IVUS) imaging to measure the effect on the change in plaque volume compared to baseline in the target vessel.

CRESTOR is indicated for the treatment of lipid disorders. CRESTOR is not indicated for atherosclerosis. The 40mg dose is the highest registered dose of CRESTOR. CRESTOR should be used according to the prescribing information, which contains recommendations for initiating and titrating therapy according to the individual patient profile. In most countries the usual recommended starting dose of CRESTOR is 5 or 10mg.

With over 40 million prescriptions written, CRESTOR has been prescribed to more than six million patients and has a safety profile in line with that of other marketed statins.

Intravascular Ultrasound (IVUS) is an invasive method of imaging arteries using high frequency sound waves that are transmitted and received inside the vessel being examined. It enables measurement of the volume of atheroma within the wall of the arteries by combining a series of cross-sectional images of the vessel over a predefined length. IVUS is

acknowledged as being among the most rigorously quantitative methodologies for assessing atheroma burden.

ASTEROID is part of AstraZeneca's GALAXY Programme, designed to address important unanswered questions in statin research and to investigate the impact of CRESTOR on cardiovascular risk reduction and patient outcomes. The GALAXY Program has recruited over 50,000 subjects in more than 50 countries.

Item 5

AstraZeneca Education Seminar on Merck arrangements

On Tuesday, 14 March 2006 at 13:00GMT (14:00CET, 08:00EST) AstraZeneca will conduct an education seminar on the topic of the Company's arrangements with Merck. Details for accessing the audio webcast of this seminar are listed below.

The objective for the seminar is to promote an understanding of the broad financial implications that are possible as a result of various termination scenarios provided for in the agreements, with a principal focus on the period beginning in 2008.

The slides to be used in the presentation are now available on the Company's website www.astrazeneca.com.

Much of the content in the slides has been excerpted from the AstraZeneca 2005 Annual Report and Form 20-F (pages 52-54, page 97, and pages 116-118).

Commenting on the seminar content, AstraZeneca Chief Financial Officer Jon Symonds said, "While the subject matter can appear complex, the conclusions are relatively straightforward. Based on our current estimates, if Merck exercises the First Option in 2008, the net payment to Merck is unlikely to exceed the minimum value of \$3.3 billion. Secondly, the estimated impact on our Profit and Loss account from 2008 onwards will be neutral to slightly positive to earnings on a cash basis (that is excluding amortization of capitalized intangibles associated with the payment to Merck), and slightly negative on an accounting basis (including amortization of the intangible assets). The payment will be made from existing cash resources, with no effect on our shareholder distribution policy.

Audio webcast

There will be an audio webcast with synchronised slides. During the Q&A session you will be able to email questions to Jon Symonds.

Printable .pdf versions (b/w) of the slides are now available to download on the AstraZeneca Investors website (www.astrazeneca.com/node/investor.aspx).

Edgar Filing: ASTRAZENECA PLC - Form 6-K

A replay of the webcast will be available for viewing on the AstraZeneca Investors website from 15:30GMT on Tuesday 14 March. The indexed version will be available from 09:00GMT on Wednesday 15 March until 17:00GMT on Tuesday 28 March 2006.

Item 8

**NOTICE OF ANNUAL GENERAL MEETING 2006
AND PROPOSED BOARD CHANGES**

AstraZeneca PLC announced today the publication of its Notice of Annual General Meeting for 2006 with a covering letter from the Chairman of the Board, and a Shareholders' Circular and Proxy Form.

A copy of the Notice of AGM and Shareholders' Circular is available on the Company's website www.astrazeneca.com and the documents are being despatched to shareholders from today. The date of the AGM is 27 April 2006.

With effect from the end of the AGM, Dame Bridget Ogilvie will retire from the Board after nine years' service as a Non-Executive Director.

Professor Dame Nancy Rothwell FRS will be proposed by the Board for election as a new Non-Executive Director at the AGM. Professor Rothwell is currently Vice-President for Research at the University of Manchester. Further biographical details for Professor Rothwell can be found in the Notice of AGM and Shareholders' Circular.

5. Further Information

Further information about AstraZeneca PLC can be found at our website, www.astrazeneca.com.

Item 12

REPURCHASE OF SHARES IN ASTRAZENECA PLC

AstraZeneca PLC announced that on 27 March 2006, it purchased for cancellation 750,000 ordinary shares of AstraZeneca PLC at a price of 2925 pence per share. Upon the cancellation of these shares, the number of shares in issue will be 1,575,500,477.

G H R Musker
Company Secretary
28 March 2006

Item 13**Dealing by Directors****Companies Act 1985 Sections 324/329**

We hereby inform you that on 24 March 2006 the following Directors of AstraZeneca PLC were granted options under the AstraZeneca Share Option Plan over the Company's USD0.25 Ordinary Shares.

| Name of Director | Number of shares over which option is granted | Exercise price per share | Period when exercisable | Total number of shares under option |
|------------------|---|--------------------------|-------------------------|-------------------------------------|
| D R Brennan | 87,731 | 2975p | 24.3.09-23.3.16 | See below |
| J R Symonds | 50,862 | 2975p | 24.3.09-23.3.16 | 363,420 |
| J S Patterson | 41,552 | 2975p | 24.3.09-23.3.16 | 238,187 |

The options will become exercisable on 24 March 2009 subject to certain performance conditions. The conditions, which will not be subject to any retesting, are that the earnings per share of the Company must increase by the increase in the UK Retail Prices Index plus 5% per annum on average over three years, and that no significant unforeseen event has taken place which, in the reasonable opinion of the Remuneration Committee, has resulted in major reputational damage to AstraZeneca, and the circumstances of which are exceptional enough to justify the option not vesting and becoming exercisable. Failure to satisfy either or both of these conditions will result in the lapse of the option in its entirety.

David R Brennan, a Director of the Company, has previously received grants of options over the Company's American Depositary Shares (ADSs). One ADS equals one Ordinary Share. Following the grant of options referred to above, David Brennan has options over 87,731 Ordinary Shares and 440,643 ADSs.

G H R Musker

Company Secretary

28 March 2006

Item 14**Dealing by Directors****Companies Act 1985 Sections 324/329**

We hereby inform you that on 24 March 2006 the following Directors of AstraZeneca PLC were each granted an award under the terms of the AstraZeneca Performance Share Plan over the Company's USD0.25 Ordinary Shares.

| Name of Director | Target number of shares awarded | Award price per share | Normal vesting date | Total interest in shares after this award | Percentage of shares in issue |
|------------------|---------------------------------|-----------------------|---------------------|---|-------------------------------|
| D R Brennan | 73,109 | 2975p | 24 March 2009 | See below | See below |
| J R Symonds | 41,646 | 2975p | 24 March 2009 | 108,430 | 0.007% |
| J S Patterson | 32,319 | 2975p | 24 March 2009 | 81,390 | 0.005% |

The AstraZeneca Performance Share Plan was approved by shareholders at the Company's AGM in 2005. Awards made under the Plan may not generally vest before the third anniversary of the relevant date of grant nor unless the specified performance target(s) have been met at the end of the three year period which, for this award, is 1 January 2006 to 31 December 2008.

The performance target that applies to this award is the Company's Total Shareholder Return (TSR) compared to the TSR of a selected peer group of 12 other pharmaceutical companies. The actual number of shares to which a participant may become unconditionally entitled will depend on the extent to which the performance target(s) have been met. A summary of the Plan, including a more detailed explanation of the performance target(s), can be found in the AstraZeneca Annual Report and Form 20-F Information 2005 which is available on the Company's website www.astrazeneca.com.

On 25 March 2005, David R Brennan, a Director of the Company, became unconditionally entitled to a final award of 31,780 American Depositary Shares (ADSs) on the partial vesting of an original target award of 33,104 ADSs, which were awarded to him in March 2003 under the terms of the AstraZeneca US Executive Performance Share Plan. Mr Brennan has ceased to have an interest in the 1,324 ADSs of the original target award that did not vest. The closing price of AstraZeneca ADSs on 24 March 2006 was US\$51.73. One ADS equals one Ordinary Share. In total, Mr Brennan now has an interest in 79,461 Ordinary Shares and 170,764 ADSs which together represent approximately 0.016% of the number of shares currently in issue.

Company Secretary

28 March 2006

Item 15**Transaction by Persons Discharging Managerial Responsibilities Disclosure Rules DR 3.1.2R**

We hereby inform you that on 24 March 2006 the following individuals, who are all persons discharging managerial responsibilities, were granted options under the AstraZeneca Share Option Plan over the Company's USD0.25 Ordinary Shares or, in the case of A Zook, over the Company's American Depositary Shares (ADSs). One ADS equals one Ordinary Share

| Name of individual | Number of shares over which option is granted | Exercise price per share | Period when exercisable |
|--------------------|---|--------------------------|-------------------------|
| B Angelici | 36,048 | 2975p | 24.3.09-23.3.16 |
| A P Bloxham | 18,519 | 2975p | 24.3.09-23.3.16 |
| J Lundberg | 23,068 | 2975p | 24.3.09-23.3.16 |
| M Nicklasson | 23,092 | 2975p | 24.3.09-23.3.16 |
| B J Thorpe | 18,496 | 2975p | 24.3.09-23.3.16 |
| A Zook | 51,676 | US\$51.73 | 24.3.09-23.3.16 |

The options will become exercisable on 24 March 2009 subject to certain performance conditions. The conditions, which will not be subject to any retesting, are that the earnings per share of the Company must increase by the increase in the UK Retail Prices Index plus 5% per annum on average over three years, and that no significant unforeseen event has taken place which, in the reasonable opinion of the Remuneration Committee, has resulted in major reputational damage to AstraZeneca, and the circumstances of which are exceptional enough to justify the option not vesting and becoming exercisable. Failure to satisfy either or both of these conditions will result in the lapse of the option in its entirety.

Item 16

**Transaction by Persons Discharging Managerial Responsibilities
Disclosure Rules DR 3.1.2R**

We hereby inform you that on 27 March 2006, Anthony Zook, Executive Vice-President, North America, a person discharging managerial responsibilities, exercised an option over 30,990 AstraZeneca PLC American Depositary Shares (ADSs) at an option price of \$35.16 per ADS. One ADS equals one Ordinary Share.

We also inform you that on 27 March 2006, Mr Zook sold 24,790 of the ADSs acquired from the exercise at an average price of \$50.39 per ADS. The sale was effected to cover the cost of exercising the option and to meet certain immediate tax liabilities. Mr Zook has retained the remaining 6,200 ADSs.
