Independent Auditors' Report  
-----

To the Profit Sharing Committee of the  
Triangle Pacific Corp. Non-Union Hourly  
Employees' 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Triangle Pacific Corp. Non-Union Hourly Employees' 401(k) Plan as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Triangle Pacific Corp. Non-Union Hourly Employees' 401(k) Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the

United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(1) General Information

The Triangle Pacific Corp. Non-Union Hourly Employees' 401(k) Plan (the Plan) became effective on July 1, 1996. On July 22, 1998, Armstrong Wood Products, Inc. (formerly known as Triangle Pacific Corp.) was acquired by Armstrong World Industries, Inc. (a subsidiary of Armstrong Holdings, Inc.). The Board of Directors of Armstrong Wood Products, Inc. intends to continue providing retirement benefits through the Company's defined contribution plans.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for more detailed information.

(a) General

benefits to hourly employees of Armstrong Wood Products, Inc. (the Company) who are not members of a collective bargaining agreement who work at least 1,000 hours annually, with new participants required to be at least 21 years of age and employed by the Company at least one year. In 2001, the Plan was amended to lower the age requirement to 18 years of age and eliminate the one year work requirement. The Plan is administered by Bruce Hardwood Flooring, LLC, a subsidiary of Armstrong Wood Products, Inc. and advised by the profit sharing Committee appointed by the Board of Directors of the Company. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974 (ERISA).

### (b) Contributions

Participants are permitted to contribute up to 10% of their eligible compensation to the Plan, as defined by the Plan documents. Participants may elect to invest their contributions in any of the available investment funds offered by Fidelity Management Trust Company, the Trustee. Participants are able to direct all contributions to their account in 10% increments to the investment funds offered by the Trustee. Participants are immediately fully vested in their voluntary contributions plus actual earnings thereon.

### (c) Participant Accounts

Each participant's account is credited with the participant's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

### (d) Investment Options

Elective and nondeductible contributions may be invested in a guaranteed income fund, fixed income funds, equity funds, or a money market fund at the option of the participating employee. The Plan has investment options available to which participants may allocate their contributions as follows:

- . Armstrong Holdings, Inc. Common Stock - Effective April 1, 1999, the Plan was amended to include Armstrong World Industries, Inc. common stock as one of the investment options. On May 1, 2000, Armstrong Holdings, Inc. acquired the stock of Armstrong World Industries, Inc. Armstrong Holdings, Inc. is publicly traded on the New York Stock Exchange. On December 6, 2000, Armstrong World Industries, Inc. filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code in Wilmington, DE in order to use the court-supervised reorganization process to achieve a resolution of its asbestos liability. Armstrong Wood Products, Inc. was not included in the

filing. As of December 19, 2000, the Plan was amended to eliminate the Armstrong Holdings, Inc. Common Stock fund as an investment option effective with contributions made on or after December 27, 2000 and transfers processed on or after January 1, 2001.

- . Fidelity Magellan Fund - The Fidelity Magellan Fund is a diversified portfolio of common stocks of domestic and foreign issuers. The portfolio seeks capital appreciation by investing in growth stocks, value stocks, or both.
- . Fidelity Equity Income Fund - The Fidelity Equity Income Fund has a primary objective of seeking reasonable income by investing 65% of total assets in foreign and domestic income producing equity securities, such as stocks, bonds, and other debt securities. The fund also seeks capital appreciation when consistent with its primary objective.
- . Fidelity Intermediate Bond Fund - The Fidelity Intermediate Bond Fund has a primary objective of seeking high current income by investing in U.S. dollar-dominated investment grade debt securities with maturities between three to ten years. The Lehman Brothers Intermediate Government/Corporate Bond Index is used as a guide in structuring the fund and selecting the investments.
- . Fidelity Overseas Fund - The Fidelity Overseas Fund seeks long-term growth of capital by primarily investing in the common stock of foreign issuers.
- . Fidelity Asset Manager Fund - The Fidelity Asset Manager Fund strives for high total return with reduced risk over the long term. The fund pursues this goal with diversified investments of stocks, bonds, short-term and money market instruments, both domestic and international, while maintaining a diversified mix of securities.
- . Fidelity Retirement Money Market Fund - The Fidelity Retirement Money Market Fund seeks to earn a high level of current income while maintaining a stable \$1.00 share price by investing in high-quality, short-term securities. (3) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and have been determined based on closing market quotations. Purchases and sales of securities are recorded by the trustee at current cost on the trade date. Realized and unrealized gains (losses) on investments are based on the fair value of the assets at the beginning of the Plan year or at the time of purchase during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) Administration Expenses

In accordance with the provisions of the Plan, unless paid by the Company, all costs of administering the Plan are charged to the Plan. During 2001 and 2000, all significant expenses were paid by the Company (\$5,155 in 2001 and \$8,783 in 2000).

(d) Payment of Benefits

Benefits are recorded when distributed.

(f) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported

amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) New Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities (SFAS No. 133). SFAS No. 133 requires that an entity recognize all derivatives in its statement of net assets and measure those instruments at fair value with changes recognized in the statement of changes in net assets.

SFAS No. 133 is effective for fiscal years beginning after June 15, 2000. Pursuant to SFAS No. 137, the Plan adopted SFAS No. 133 effective January 1, 2001. The adoption of SFAS No. 133 did not have a material impact on the Plan financial statements.
