Press Release

CVRD and Belgo-Mineira sign Leasing Contract for the Andrade Mine

Rio de Janeiro, November 26, 2004 Companhia Vale do Rio Doce (CVRD) informs that it has signed a Leasing Contract (Contract) with the Brazilian steelmaker Companhia Siderúrgica Belgo-Mineira (Belgo) for the lease of the Andrade Mine, for a period of 40 years, as contemplated in the Memorandum of Understanding signed with Belgo and announced to the market on June 29, 2004.

On January 1, 2005, CVRD will take over the operations of the Andrade Mine. At the same time, the Company will commence mineral research activities in order to determine the volume of reserves which will support the capacity expansion plan for the Andrade Mine.

The exploration of the Andrade mine will create an additional source of iron ore production capacity expansion of the Southern System, which will, along with the other projects under study or being executed, allow CVRD to meet the demand of its clients.

These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected in forward-looking statements, and CVRD cannot give assurance that such statements will prove correct. These risks and uncertainties include factors: relating to the Brazilian economy and securities markets, which exhibit volatility and can be adversely affected by developments in other countries; relating to the iron ore business and its dependence on the global steel industry, which is cyclical in nature; and relating to the highly competitive industries in which CVRD operates.
