REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants, the Pension Committee and the Compensation & Benefits Committee of the Johnson & Johnson Savings Plan for Union Represented Employees:

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Johnson & Johnson Savings Plan for Union Represented Employees (the "Plan") as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

JOHNSON & JOHNSON
SAVINGS PLAN FOR UNION REPRESENTED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

GENERAL

The Johnson & Johnson Savings Plan for Union Represented Employees (the "Plan") is a participant directed defined contribution plan which was established on January 1, 1993 by Johnson & Johnson ("J&J" or the "Company"). The Plan was designed to enhance the existing retirement program of eligible employees covered under collective bargaining agreements with the Company. The funding of the Plan is made through employee and Company contributions. The net assets of the Plan are held in the Johnson & Johnson Pension and Savings Plans Master Trust (the "Trust"). Transactions in the Trust are executed by the trustee, State Street Trust Company ("State Street" or "Trustee"). The Plan's interest in the Trust is allocated to the Plan based upon the total of each participant's share of the Trust.

This brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for complete information.

CONTRIBUTIONS

In general, full-time employees represented by a collective bargaining unit participating in the Plan with at least one year of eligible service can contribute to the Plan.

Contributions are made to the Plan by participants through payroll deductions and by the Company on behalf of participants. Participating employees may contribute a minimum of \$0.16 per hour up to a maximum of \$2.40 per hour of the first forty hours worked in each payroll week, depending on the negotiated contract rate. All contributions are on a pre-tax basis and may not exceed \$14,000 in 2005.

Participant contributions are invested in any of the four investment funds offered by the Plan at the direction of the participating employees.

Effective July 1, 2002, participants age 50 and over are eligible to contribute extra pre-tax contributions ("catch-up contribution") above the annual IRS limitations up to \$4,000 in 2005. Participants can elect an amount to be contributed from each paycheck as their catch-up contribution. This amount will be in addition to the pre-tax cents per hour contribution participants have elected.

After one year of eligible service, the Company contributes to the Plan an amount equal to 50% of the employee directed contributions on the first \$0.20 to \$1.20 per hour (depending on the negotiated collective bargaining

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

agreement), directly into the J&J Stock Fund. Participants have the option to elect that the Company matching contribution be invested in the current investment fund mix chosen by the participant.

INVESTMENTS

Participants may invest in one or more of the four investment funds offered by the Plan. The investment mix chosen by the participant will apply to employee contributions while Company matching contributions are invested in the Johnson & Johnson Stock Fund unless participants elect to diversify.

In the third quarter of 1998, Johnson & Johnson incorporated a "dividend pass-through" feature into the Plan. Up through 2001, the pass-through was distributed to each participant via check.

-4-

JOHNSON & JOHNSON SAVINGS PLAN FOR UNION REPRESENTED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Effective January 1, 2002, dividends are automatically reinvested in the J&J Stock Fund unless specific elections are made to receive payment via check. Participants who had their dividends reinvested in the J&J Stock Fund had an opportunity in early 2002 to receive those 2001 dividends in cash. The eligibility to receive a dividend pass-through is contingent on the ownership of shares in the Johnson & Johnson Stock Fund, which does not include shares owned in the Employee Stock Ownership Plan Fund. The 2005 dividend pass-through amount paid to participants of \$6,511 is reflected as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits.

All other dividend and interest income is reinvested by the Trustee.

VESTING

A participant's plan account, including participant contributions, company contributions and earnings thereon, is always fully vested. As a result, there are no forfeitures under the Plan.

PAYMENT OF BENEFITS

Benefits are paid to participants upon termination, retirement, long-term disability or death. Participants can elect to defer payment until age 65. Distributions are paid in a lump sum payment for all fund balances.

A participant's account may be distributed to their beneficiaries upon the participant's death in the same manner described for participants.

Participants may withdraw pre-tax contributions only upon meeting certain hardship conditions. Participants are entitled to benefits provided by contributions (Company and participant) and investment earnings thereon, including realized and unrealized gains and losses, which have been allocated to the participant's account balance. Participants have the option of receiving all or part of their balance in the Johnson & Johnson Stock Fund as either cash or in shares of Johnson & Johnson common stock (plus cash for fractional shares) for distributions other than a hardship.

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

ADMINISTRATIVE EXPENSES

All third party administrative expenses are paid by the Plan, unless otherwise provided for by the Company.

TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a partial or full Plan termination, all Plan funds must be used exclusively for the benefit of the Plan participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's interest in the Trust is stated at fair value. Generally, it represents securities traded on a national securities exchange, which are valued at the last reported sales price on the last

-5-

JOHNSON & JOHNSON SAVINGS PLAN FOR UNION REPRESENTED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

business day of the year. Securities not traded on a national securities exchange are valued using external pricing vendors based on the frequency of their valuations. Benefit responsive guaranteed and synthetic investment contracts are recorded at contract value, which approximates fair value (Note 4).

As the investment funds contain various underlying assets such as stock and short-term investments, the participant's account balance is reported in units of participation, which allows for immediate transfers in and out of the funds. The purchase or redemption price of the units is determined by the trustee, based on the current market value of the underlying assets of the funds. Each fund's net asset value is the value of a single unit, which is computed by adding the value of the fund's investments, cash and other assets, and subtracting liabilities, then dividing the result by the number of units outstanding.

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on the sale of investment securities are determined on the average cost method. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

NET APPRECIATION (DEPRECIATION)

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the Plan's interest in the Trust and includes the net appreciation

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

(depreciation) in the fair value of investments held in the Trust, which consists of unrealized appreciation (depreciation) of the underlying investments and realized gains and losses on sales of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

DERIVATIVES

The Trust will invest in securities from time to time that are denominated in currencies other than the U.S. dollar. To hedge against adverse changes in foreign exchange rates relating to non-U.S. dollar denominated investments, the Trust can enter into forward foreign exchange contracts. Forward foreign exchange contracts qualify as a derivative under Statement of Financial Accounting Standard, Accounting for Derivative Instruments and Hedging Activities ("SFAS No. 133"). The holder is exposed to credit risk for nonperformance and to market risk for changes in interest and currency rates. Those instruments involve, to varying degrees, elements of credit risk in excess of the amount recognized in the Statements of Net Assets Available For Plan Benefits. The Trust attempts to mitigate this credit risk by utilizing the same policies in making commitments and conditional obligations as it does for on-balance sheet instruments, and through structured trading with reputable parties and continual monitoring procedures. Accordingly the Trust does not anticipate losses for nonperformance. The Trust does not require collateral or other security to support forward foreign exchange contracts. The Trust accounts for forward foreign exchange contracts at fair value. The Trust has forward exchange contracts outstanding at December 31, 2005 and 2004 in various currencies. At December 31, 2005 and 2004, the notional amount outstanding for these contracts in the Trust was \$15,175,043 and \$11,869,143, respectively, and the net currency (loss)/gain recognized during 2005 and 2004 by the Trust was (\$155,355) and (\$808,790), respectively. The Trust holds no other material derivative financial instruments at December 31, 2005 and 2004.

-6-

JOHNSON & JOHNSON
SAVINGS PLAN FOR UNION REPRESENTED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

USE OF ESTIMATES

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and when applicable disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

RISK AND UNCERTAINTIES

The Plan provides for various investment options in funds which can invest in a combination of equity and fixed income securities. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. INVESTMENTS IN PLAN TRUST

Effective January 1, 2003, the Johnson & Johnson Savings Plan Trust merged with the Johnson & Johnson Pension Trust Fund to form a single Master Trust, the Johnson & Johnson Pension and Savings Plans Master Trust ("the Trust"). The Plan holds approximately 0.32% and 0.38%, respectively, of the Trust's net assets as of December 31, 2005 and 2004.

Net assets, income, and expenses are allocated to the Plan based on the total of each participant's share in the respective funds.

The following table represents the total value of investments in the Trust:

	AS OF DECEMBER 31,	
	2005	2004
Investments at fair value		
Short term investment funds	\$ 525,961,309	\$ 551,013,386
U.S. Government and Agency securities	1,203,887,637	856,971,117
Corporate debt	384,540,272	313,196,278
Preferred stocks	12,642,943	11,061,328
Common stocks	7,248,778,441	6,822,053,563
Equitites and other	1,718,940,364	1,348,404,513
Investments at contract value		
Deposits in group annuity contracts and synthetic GICs	1,037,128,055	973,552,848
Total Trust investments	12,131,879,021	10,876,253,033
Receivables	91,846,840	75,006,869
Liabilities	(273,456,135)	(211,812,708)
Net assets held in Trust, at fair value	\$11,950,269,726	\$10,739,447,194

-7-

JOHNSON & JOHNSON
SAVINGS PLAN FOR UNION REPRESENTED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

The net investment income of the Johnson & Johnson Pension and Savings Plans Master Trust was composed of the following:

FOR THE
YEAR ENDED
DECEMBER 31,
2005

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

Net appreciation in fair value of investments	
Short term investment funds	\$ 311,514
U.S. Government and Agency securities	(8,112,371)
Corporate debt	(15,656,090)
Preferred stocks	2,051,876
Common stocks	191,591,423
Equities and other	95,164,399

	265,350,751

Interest	129,122,943
Dividends	172,796,316

Net investment gain	\$567,270,010
	=====

4. GUARANTEED AND SYNTHETIC INVESTMENT CONTRACTS

The Trust holds investments in guaranteed and synthetic investment contracts. These investments are recorded at their contract values. This represents cost plus accrued interest of guaranteed investment contracts and fair value of the collateral plus the benefit responsive wrap value for synthetics, as the contracts are fully benefit-responsive. Participants may ordinarily direct the withdraw or transfer of all or a portion of their investment at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or otherwise.

The average yield of these contracts was approximately 4.21% and 4.12% for 2005 and 2004, respectively. The crediting interest rate was approximately 4.37% for 2005 and 4.22% for 2004. The crediting interest rate of these contracts is the annual return of the contracts before plan expenses, while the average yield includes plan expenses. The crediting interest rate for the investment contracts is either agreed upon in advance with the issuer or varies based on an agreed upon formula, but cannot be less than zero. The fair value of guaranteed and synthetic investment contracts for the Plan at December 31, 2005 and 2004 was \$4,165,969 and \$3,712,423, respectively.

On December 29, 2005, The Financial Accounting Standards Board (FASB) released FASB Staff Position Nos. AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (FSP). The FSP clarifies the definition of fully benefit-responsive investment contracts for contracts held by defined contribution plans. The FSP also establishes enhanced financial statement presentation and disclosure requirements for defined contribution plans subject to the FSP effective for financial statements issued for periods ending after December 15, 2006.

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

Management intends to adopt the FSP in the Plan's financial statements for the year ended December 31, 2006 and does not believe the adoption will have a material affect on the plan's financial statements.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 31, 2002, that the Plan and the Trust are in compliance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of institutional commingled funds managed by State Street Global Advisors, a division of State Street. State Street is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. As of December 31, 2005 the total market value of investments in the institutional commingled funds managed by State Street was \$2,648,969.

The Plan also invests in shares of the Company, which is managed by State Street Global Advisors. The Company is the plan sponsor and, therefore, these transactions qualify as party-in-interest transactions. As of December 31, 2005 the market value of investments in the Johnson & Johnson Common Stock Fund was \$26,458,756.
