Item. 8.01 Other Events

On November 29, 2006, Celanese Corporation (the Company) issued a press release announcing that its subsidiaries, Celanese AG and Ticona GmbH, have entered into a Letter of Intent relating to a proposed settlement with Fraport AG, a German company that operates the airport in Frankfurt, Germany to relocate Ticona's plant located in Kelsterbach, Germany. Over a five-year period, Fraport will pay Ticona a total of \$650 million for the costs associated with the transition of the business from the current location and closure of the Kelsterbach plant. The Company expects that the terms of the settlement will allow Ticona adequate time and resources to select a site, build new production facilities and transition business activities to a new location in Germany by mid-2011. The settlement is subject to the conclusion of final agreements, the approval at Fraport's annual shareholders meeting in May 2007 and certain other conditions. The actual Letter of Intent is in German. A convenience translation into English is filed as Exhibit 99.2 to this Form 8-K.
