SANDY SPRING BANCORP, INC.
Proxy Statement
Annual Meeting of Shareholders
April 18, 2007

Solicitation, Voting, and Revocability of Proxies

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Sandy Spring Bancorp, Inc. (Bancorp) to be used at the 2007 Annual Meeting of Shareholders. The Annual Meeting will be held on Wednesday, April 18, 2007, at 3:00 p.m. EST at the Ten Oaks Ballroom, 5000 Signal Bell Lane, Clarksville, Maryland. The Notice of Annual Meeting, the Proxy, and this Proxy Statement are being first mailed together on or about March 15, 2007, to shareholders of record as of the close of business on March 5, 2007.

If the enclosed Proxy is properly executed and returned to Bancorp in time to be voted at the Annual Meeting, the shares represented by it will be voted in accordance with the instructions marked on the form. **Executed but unmarked proxies will be voted FOR Proposal I to elect the six director-nominees of Bancorp s Board of Directors as directors and FOR Proposal II to ratify the appointment of the independent registered public accounting firm.** Proxies marked as abstentions and shares held in street name that have been designated by brokers on proxies as not voted will not be counted as votes cast, but will be counted for purposes of determining a quorum at the Annual Meeting. Bancorp does not know of any other matters that are to come before the Annual Meeting except for incidental, procedural matters. If any other matters are properly brought before the Annual Meeting, the persons named in the accompanying proxy will vote the shares represented by each proxy on such matters as determined by a majority of the Board of Directors.

The presence of a shareholder at the Annual Meeting will not automatically revoke that shareholder s proxy. However, shareholders may revoke a proxy at any time prior to its exercise by filing with Ronald E. Kuykendall, Executive Vice President, General Counsel and Secretary, a written notice of revocation; by delivering to Bancorp a duly executed proxy bearing a later date; or by attending the Annual Meeting and voting in person.

Many shareholders whose shares are held in accounts at brokerage firms or banks will have the option to submit their proxies or voting instructions electronically through the Internet or by telephone. Shareholders should check their proxy card or voting instructions forwarded by their broker, bank or other holder of record to see which options are available. Shareholders submitting proxies or voting instructions via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that would be borne by the shareholder. To revoke a proxy previously submitted electronically through the Internet or by telephone, a shareholder may simply submit a new proxy at a later date before the taking of the vote at the Annual Meeting, in which case, the later submitted proxy will be recorded and the earlier proxy will be revoked. The cost of soliciting proxies will be borne by Bancorp. In addition to the solicitation of proxies by mail, Bancorp also may solicit proxies personally or by telephone or telegraph through its directors, officers, and regular employees. Bancorp also will request persons, firms, and corporations holding shares in their names or in the name of nominees that are beneficially owned by others to send proxy materials to and obtain proxies from those beneficial owners and will reimburse the holders for their reasonable expenses in doing so.

We plan to take advantage of the householding rules of the Securities and Exchange Commissions that permit us to deliver one set of the proxy materials and annual report to shareholders who have the same address, unless they request otherwise. Doing so will allow us to reduce the expenses of delivering duplicate materials. We will continue to send a separate proxy card for each shareholder residing at a shared address.

A separate notice of our intention to use the householding rules is included with this mailing. Please note that if you own Bancorp common stock through a nominee (such as a bank or broker), information regarding householding should be forwarded to you by the nominee.

Table of Contents

The securities that can be voted at the Annual Meeting consist of shares of common stock, par value \$1.00 per share (the Common Stock), of Bancorp. Each share entitles its owner to one vote on all matters. The close of business on March 5, 2007 has been fixed by the Board of Directors as the record date for determination of shareholders entitled to vote at the Annual Meeting. There were approximately 2,400 record holders of the Common Stock as of February 16, 2007. The number of shares outstanding on February 16, 2007 was approximately 15,723,367. The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting.

A copy of the Annual Report on Form 10-K for the year ended December 31, 2006, as filed with the Securities and Exchange Commission (SEC), but excluding exhibits, is provided with this Proxy Statement. Shareholders may obtain a copy of the exhibits to the Annual Report on Form 10-K upon payment of a reasonable fee by writing Ronald E. Kuykendall, Executive Vice President, General Counsel and Secretary, at Sandy Spring Bancorp, Inc., 17801 Georgia Avenue, Olney, Maryland 20832. Shareholders also may access a copy of the Form 10-K including exhibits on the SEC Website at www.sec.gov or through Bancorp s Investor Relations Website maintained at www.sandyspringbank.com.

Shareholders whose shares are held in a brokerage firm or bank and who share the same address may receive only one Annual Report on Form 10-K and one Proxy Statement, unless the shareholder has provided contrary instructions. Shareholders who wish to receive separate copies of the Annual Report on Form 10-K or the Proxy Statement or who wish to receive separate copies of future annual reports and proxy statements, and shareholders sharing an address who received multiple copies of these documents but wish to request delivery of single copies of them should follow the instructions provided by the shareholders brokerage firms or banks or contact Mr. Kuykendall at the above address or by phone at 301-774-6400 or 800-399-5919.

PROPOSAL I: Election of Directors

The Board of Directors has set the total number of directors at fifteen, in accordance with Bancorp s Articles of Incorporation and Bylaws. Bancorp s Articles of Incorporation divide the directors into three classes, as nearly equal in number as possible. In general, the term of office of only one class of directors expires in each year, and their successors are elected for terms of three years and until their successors are elected and qualified. At the Annual Meeting a total of five director-nominees will be elected for three-year terms and one director nominee will be elected for a two-year term. With respect to the election of directors, each shareholder of record on the record date is entitled to one vote for each share of Common Stock held. A plurality of all the votes cast at the Annual Meeting will be sufficient to elect a nominee as a director.

Information as to Nominees and Incumbent Directors

The following table sets forth the names of the Board of Directors six nominees for election as directors. Also shown is certain other information, some of which has been obtained from Bancorp s records and some of which has been supplied by the nominees and continuing directors, with respect to their principal occupations during at least the past five years, their ages at December 31, 2006, the periods during which they have served as directors, and the positions they currently hold with Bancorp. It is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election as directors of the one nominee listed below for a term of two years and five nominees listed below for terms of three years unless otherwise directed by the shareholder. The Board of Directors believes that each of the nominees will stand for election and will serve if elected as director. If any person nominated by the Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

Corporate Governance and Other Matters

During 2006, each of Bancorp's and the Bank's Boards of Directors held thirteen regular meetings.

The average attendance was 94% for meetings of Bancorp's and the Bank's Boards of Directors. All incumbent directors attended 75% or more of the aggregate of (a) the total number of meetings of the Boards of Directors and (b) the total number of meetings held by all committees on which they served during the period of their service during the year.

Bank directors who are not employed by the Bank receive an annual retainer of \$14,000 (\$35,000 for the Chairman), plus \$7,500 for the Audit Committee Chairman and \$5,000 for all other Committee Chairmen and fees of \$1,100 for attendance at each meeting of the Board of Directors. Directors also receive \$1,000 for each committee meeting.

Bancorp directors who are not employed by Bancorp do not receive any additional compensation (beyond compensation received for service as bank directors) except as follows. Such directors receive fees of \$1,100 for attendance at each meeting of Bancorp's Board of Directors not held in conjunction with a meeting of the Bank's Board of Directors. Bancorp directors are also eligible to receive non-incentive stock options and restricted shares under Bancorp's 2005 Stock Plan. These options have a maximum term of 7 years and an exercise price that may not be less than 100% of the closing price of the common stock on the date of grant. Director options are included in the computation of share dilution. Options for 16,263 shares and 3,497 restricted shares were granted in 2006 to directors who were not employees of Bancorp or any of its subsidiaries, at an exercise price of \$37.40. Under the Director's Stock Purchase Plan, directors may elect to apply from 50% to 100% of their annual retainers to purchase newly issued Bancorp common stock at market value.

Directors of the Bank are eligible to defer all or a portion of their fees under Director Fee Deferral Agreements between the Bank and individual directors. Amounts deferred accrue interest at the prime rate. Except in the case of death or financial emergency, deferred fees and accrued interest are payable only following termination of a director's service on the board. The Director Fee Deferral Agreements also provide for benefits that may exceed deferred fees and accrued interest in the event a party dies while a director of the Bank, but only to the extent the

Committees

Bancorp's Board of Directors has standing Audit, Executive, Human Resources and Nominating Committees. The Executive Committee performs the functions of a corporate governance committee. The Human Resources Committee performs the functions of a compensation committee. The functions, composition, and number of meetings for these committees in 2006 were as follows:

Audit Committee The Audit Committee is composed of John Chirtea, Chairman, Mark E. Friis, Gilbert L. Hardesty, Pamela A. Little, Charles F. Mess, and Craig A. Ruppert. The Audit Committee is appointed by the Board to assist the Board in monitoring the integrity of the financial statements and of financial reporting, including the proper operation of internal and disclosure controls and procedures in accordance with the Sarbanes-Oxley Act of 2002, compliance

with legal and regulatory requirements and the independence and performance of internal and external auditors. The audit committee reviews the Forms 10-K and 10-Q prior to filing. All members of the committee are independent as defined in applicable law, regulations of the Securities and Exchange Commission (SEC), the Federal Deposit Insurance Act and related regulations (the FDIA), and the Listing Standards of the NASDAQ Stock Market, Inc., (the Listing Standards). Members of the committee also meet all other applicable

requirements of the SEC, FDIA, and Listing Standards for financial, accounting or related expertise. The Board of Directors has determined that Ms. Pamela A. Little qualifies as an audit committee financial expert under the Listing Standards and applicable securities regulations. During 2006, four meetings were held.

Executive Committee The Executive Committee is composed of W. Drew Stabler, Chairman, Susan D. Goff, Gilbert L. Hardesty, Hunter R. Hollar, Robert L. Mitchell, Robert L. Orndorff, Jr. and Lewis R. Schumann. In addition to conducting board business between regular monthly meetings, the Executive Committee serves the function of a corporate governance committee. It provides oversight and guidance to the Board of Directors to ensure that the structure, policies, and processes of the Board and its committees facilitate the effective exercise of the Board's role in the governance of Bancorp. The committee reviews and evaluates the policies and practices with respect to the size, composition, independence and functioning of the Board and its committees and reflects those policies and practices in the Corporate Governance Policy and the written charter, which is available on the Investor Relations area of Bancorp's Website at www.sandyspringbank.com. During 2006, thirteen meetings were held.

Human Resources (Compensation) Committee The Human Resources Committee is composed of Robert L. Mitchell, Chairman, John Chirtea, Susan D. Goff, Charles F. Mess, Robert L. Orndorff, Jr., David E. Rippeon and W. Drew Stabler. Members of the committee are independent directors within the meaning of the Listing Standards. The Human Resources Committee recommends salaries and other compensation for executive officers, conducts an annual review of the salary budget, considers other compensation and benefit plans and makes recommendations to the Board, deals with matters of personnel policy and, with the Stock Option Committee, administers the 2005, 1999 and 1992 Stock Option Plans. During 2006, five meetings were held. In 2006, no Bancorp executive officer served as a member of the compensation committee of another entity that had an executive officer who served as a Bancorp director, and no Bancorp executive officer served as a director of another entity that had an executive officer serving on Bancorp's Human Resources Committee.

Nominating Committee The Nominating Committee is composed of Robert L. Orndorff, Jr., Chairman, Solomon Graham, Gilbert L. Hardesty, David E. Rippeon, Craig A. Ruppert and W. Drew Stabler. Members of the committee are independent directors within the meaning of the Listing Standards. The Nominating Committee makes recommendations to the Board of Directors with respect to nominees for election as directors. In exercising its responsibilities, the Nominating Committee considers general, minimum criteria and particular goals and needs of Bancorp for additional competencies or characteristics. Each director of Bancorp is expected to exhibit the highest standards in exercising his or her duty of loyalty, care and commitment to all shareholders and to protect the values and legacy of the organization. Additionally, directors must manage themselves well in their personal deportment and display their ability to challenge the thinking of others and to influence them with constructive approaches. Directors must be able to read and act on financial information including, but not limited to, balance sheets, income statements and cash flow analyses. Finally, directors need to be able to apply informed judgment and long-term, conceptual and systemic thinking to all decisions. The Board gathers input from all directors prior to the recruitment of a new director in order to form a collective picture of the competencies needed. The Board also values diversity and seeks to include women and members of minority groups as well as to maintain a range of thinking and personality styles. The Board of Directors of Bancorp has adopted a written charter for the Nominating Committee and a Corporate Governance Policy that also relates to director nominees and the nominating process. The Charter and Policy are available on the Investor Relations area of Bancorp's Website at www.sandyspringbank.com. The Nominating Committee encourages suggestions for nominees to the Board from the Chief Executive Officer, the Chairman of the Board, other Directors, and from shareholders, and is responsible for the evaluation of such suggestions. Shareholders may communicate such suggestions for nominees to the Nominating Committee in care of Bancorp's Secretary. Please see Shareholder Proposals and Communications on page 25. Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis describes Bancorp's compensation philosophy, objectives, and processes, including the methodology for determining executive compensation for the Bancorp's Principal Executive Officer, Principal Financial Officer, and three most highly compensated other executive officers for 2006 (the Named Executive Officers). Please also refer to the more detailed compensation disclosures beginning on page 18 of this proxy statement.

Overall Compensation Philosophy & Guiding Principles

Bancorp recognizes and values the critical role that executive leadership plays in its performance. The executive compensation philosophy is intended to attract, motivate, and retain top executive talent, to link executive rewards with shareholder returns, to achieve strategic business objectives, to reward both short and long-term performance, and to provide incentives for better than target results.

The philosophy is to pay conservatively competitive base salaries based on company and individual experience, performance, and contributions. Short-term incentives, generally payable in cash, and long-term incentives, generally provided through equity based awards, are targeted to be competitive but depend more heavily upon company performance than does base pay. The compensation programs are externally benchmarked to the compensation paid by comparable companies. Total compensation and accountability are intended to increase with position and responsibility.

Table of Contents

Compensation Decision Process

The Human Resources Committee is appointed by the Board of Directors of Bancorp and Bank to assist it in recommending, managing, and monitoring compensation and benefit plans for the Chief Executive Officer and other Named Executive Officers. The process by which the committee makes specific decisions relating to executive compensation includes consideration of the following factors:

The compensation philosophy;

Bancorp's performance relative to peers and industry standards;

Success in attaining annual and long-term goals and objectives;

Alignment of executive interests with shareholder interests through equity based awards vesting over a period of years;

Management of compensation expense, and emphasis on performance based compensation;

Individual performance, experience, and contributions;

Executive officer potential;

Total compensation and the mix of compensation elements for each named executive officer;

The competitiveness of executive compensation relative to Bancorp's peers and conditions in our labor markets;

The relative appropriateness of each named executive officer's compensation as compared to compensation of other executive officers; and

Retention considerations.

Role of the Human Resources Committee, Management and the Compensation Consultants in the Executive Compensation Process

Role of the Human Resources Committee

In the capacity as compensation committee, it is the duty of the Human Resources Committee to review compensation policies applicable to executive officers; to consider the relationship of corporate performance to that compensation; to recommend salary and bonus levels and equity based awards for executive officers for consideration by the Board of Directors of Bancorp and the Bank or its committees, as appropriate; and to monitor the adequacy and effectiveness of various compensation and benefit plans and executive succession planning of Bancorp and the Bank. The committee meets throughout the year (four times in 2006) and also takes action by written consent. The chairman of the committee reports on committee actions at meetings of the Board of Directors.

The committee reviews all compensation components for Bancorp's executive officers, including the Named Executive Officers. Compensation includes base salary; annual bonuses and other short-term incentives; long-term incentives including equity based awards; benefit plans; and other perquisites. The committee determines the appropriate mix of compensation components for each named executive officer.

The committee reviews chief executive officer's performance and makes recommendations regarding his compensation with the advice of independent consultants. Decisions regarding compensation for other executives are made by the Human Resources Committee considering recommendations from the Chief Executive Officer, Chief Operating Officer, the Senior Vice President of Human Resources, and independent consultants. Decisions by the Human Resources Committee with respect to the compensation of executive officers are approved by the full Board of Directors.

The committee has the authority to obtain advice and assistance from internal or external legal, human resource, accounting or other experts, advisors, or consultants as it deems desirable or appropriate. The committee has sole authority to retain and terminate any compensation consultants and to approve their compensation and the terms of their engagement. Details on the Human Resources Committee's functions are described in its charter, which has been approved by the Board of Directors.

Role of the Compensation Consultant

The Human Resources Committee is advised by independent compensation consultants. In general, the consultants provide compensation benchmarking and analytical data and render advice to the committee regarding all aspects of the committee's compensation decisions including the CEO performance review process. The committee has direct access to the consultants and control over their engagement. The committee was advised by three compensation consulting firms during 2006. The firm of FURR Resources, Inc. has been engaged to assist in connection with the annual performance evaluation process for the Chief Executive Officer. The firm of Pearl Meyer & Partners was engaged during 2006 to conduct a review and competitive assessment of total compensation and benefits for Bancorp's executive officers, including the Named Executive Officers, and to provide a comprehensive assessment of the competitiveness and effectiveness of the total executive compensation programs. In that capacity, it has developed peer groups and provided other market data used by Bancorp for benchmarking and has provided advice regarding levels and components of compensation for each named executive officer. Pearl Meyer & Partners replaced Bancorp's prior independent compensation consultants Strategic Compensation Planning, Inc., which had served in that capacity for a number of years, as the result of a request for proposal process conducted by Bancorp during 2006.

Role of Bancorp's Management

Below is a summary of the role of Bancorp's management in assessing or recommending executive compensation:

The CEO is responsible for the development of Bancorp's strategic plan and annual business plan, which are reviewed and approved by the Board of Directors.

The CEO conducts a self-assessment, which is reviewed annually by the Board of Directors. In 2006, Mr. Hollar also participated in a 360 degree feedback process, which incorporated assessments by other executive officers and board members.

The CEO presents executive performance ratings to the Executive Committee and makes recommendations relating to executive compensation, considering the recommendation of the external consultant.

The CEO and the Senior Vice President of Human Resources in collaboration with the external compensation consultants, develop proposals relating to potential changes in compensation programs for review and approval by the Human Resources Committee.

The CEO, Senior Vice President of Human Resources, and the external compensation consultants, provide the Human Resources Committee with Company data necessary to evaluate and implement compensation proposals and programs.

The Senior Vice President of Human Resources works with outside consultants to provide data and information related to the Human Resources Committee's needs and objectives.

The Human Resources Committee occasionally requests one or more members of executive management or the Senior Vice President of Human Resources to be present at Committee meetings where executive compensation and company or individual performance is discussed and evaluated. Executives are free to provide insight, suggestions, or recommendations regarding executive compensation. However, only independent Human Resources Committee members are allowed to vote on decisions regarding executive compensation.

The Executive Committee meets with the CEO to discuss his performance. The Human Resources Committee makes recommendations and the Board of Directors reviews and approves decisions regarding his compensation package while considering advice from the compensation consultants, as requested. Recommendations for compensation packages for other executives are made by the Human Resources Committee, considering recommendations from the CEO, as well as input from the compensation consultant as requested. These recommendations are ultimately approved by the full Board of Directors.

Table of Contents**Compensation Structure/Elements**

Bancorp's total compensation program consists of four main components of compensation: Base Salary, Annual Incentive, Long-Term Incentive/Equity Awards, and Executive Benefits/Perquisites. Following is a summary of the role of each component, a description of how decisions regarding the component are made and the resulting 2006 decisions as they relate to the Named Executive Officers.

Base Salary

Base salary is a critical element of executive compensation because it provides executives with a base level of monthly income. In determining base salaries, we consider the executive's qualifications and experience, scope of responsibilities and future potential, the goals and objectives established for the executive, the executive's past performance, as well as competitive salary practices at financial institutions in the peer group benchmarking. In 2006, executive salaries were reviewed and the following adjustments made:

Name	Title	Base Salary		Increase	
		2005	2006	Amount	Percentage
H. Hollar	President & Chief Executive Officer	\$421,200	\$445,000	\$23,800	5.65%
F. Small	Chief Operating Officer	296,400	300,000	3,600	1.21
P. Mantua	Chief Financial Officer	187,200	215,000	27,800	14.85
D. Schrider	Executive Vice President	218,400	235,000	16,600	7.60
L. Caceres	Executive Vice President	218,400	235,000	16,600	7.60

These adjustments were made consistent with the goal of paying conservatively competitive base salaries and were based primarily on peer group benchmarking. The increase for Mr. Mantua also reflected his strong performance. Benchmarking was the basis for the modest salary increase to Mr. Small.

Annual Incentives

During 2006, each of the Named Executive Officers participated in Bancorp's Stakeholder incentive plan. This plan is designed to pay out a cash reward based on pre-established key performance indicators that assess actual performance relative to plan. This plan also has a minimum net income trigger that must be met before payouts may be made. The key performance indicators are:

Growth as measured by gross loans, noninterest bearing accounts, and interest-bearing accounts and repurchase agreements.

Pricing/profitability as measured through net interest margin, fee and service charge income.

Quality as measured through client satisfaction score, non-performing assets, and net charge offs.

Productivity as measured through efficiency ratio.

As part of its annual compensation review, the Human Resources Committee received recommendations from an independent compensation consultant regarding competitive annual incentive awards. The Human Resources Committee has determined that the interests of management, employees, and shareholders are most effectively aligned if the executive's annual incentive is tied to the Stakeholder incentive plan. Incentives are calculated based on budget and business plan goals as measured by the key performance indicators. For 2006, these target amounts were approved at the March meeting of the Human Resources Committee. The payouts were made in February 2007 based on final company performance for the year. Following are the payouts for the Named Executive Officers:

Table of Contents

Named Executive Officer	2006 Annual	Percentage
	Incentive	of
H. Hollar	\$ 200,302	45.01%
F. Small	112,033	37.34
P. Mantua	52,739	24.53
D. Schrider	77,639	33.04
L. Caceres	77,639	33.04

These payouts are based upon multiples of the percentage of base compensation payable to all eligible employees generally for the year under the Stakeholder incentive plan.

Bancorp does not have a policy regarding adjustment or recovery of awards or payments if the key performance indicators are restated or adjusted. However, as noted under Committee Discretion and Final Compensation Decisions, the Human Resources Committee reserves the right to increase or decrease incentive payments in its discretion.

Long-Term Incentive Compensation/Equity Based Awards

Bancorp believes that equity based compensation is among the most effective means of creating a long-term link between the interests of our shareholders and the performance of our organization and our executive team. Vesting schedules for equity based awards also encourage officer retention.

Executives are eligible to receive annual equity awards in the form of stock options, restricted stock, and stock appreciation rights under Bancorp's 2005 Omnibus Stock plan. The value of equity awards granted is based on competitive market practice, company performance, and individual performance. The Human Resources Committee recommends, in its discretion, the form, number, and terms of equity based awards, and the full Board of Directors approves the awards.

In December of 2006, the Human Resources Committee recommended and the Board of Directors approved the following equity based awards of stock options and restricted stock, primarily based upon individual executive officer performance. The values of the grants of options and restricted stock to each officer are approximately equal, based upon mathematical models used by management for valuation of equity based awards.

Named Executive Officer	Number of	Number of
	Shares	Restricted
	Subject to	Shares
	Options	
H. Hollar	11,500	2,500
F. Small	7,000	1,500
P. Mantua	5,000	1,000
D. Schrider	5,000	1,000
L. Caceres	5,000	1,000

Options vest one-third each on the first, second, and third anniversaries of grant. Restricted stock vests one-fifth each on the first through the fifth anniversaries of grant.

Benefits and Perquisites

The purpose of executive benefits and perquisites is to provide economic value to the executive in order to attract, retain, and motivate key executives. Bancorp's policy on executive benefits has been to provide benefits consistent with market practice. The Human Resources Committee periodically reviews perquisite practices to ensure alignment with our desired philosophy.

Currently, the Named Executive Officers participate in benefit plans available to all employees including the 401(k) Plan and the Employee Stock Purchase Plan. Other benefits and perquisites are limited and are provided at the discretion of the Human Resources Committee. These benefits include a \$6,500 maximum fund for out-of-pocket medical expenses and payment of a supplemental long term disability and a long term care policy for Named

Executive Officers. Mr. Hollar received a company-paid automobile and was reimbursed for his health club dues.

Table of Contents

Total Compensation Mix

The Human Resources Committee believes that the elements described above provide a well proportioned mix of security-oriented compensation, at-risk/performance-based compensation, and retention-based compensation that produces short-term and long-term incentives and rewards. By following a portfolio approach to benefits, we provide the executive a measure of security as to the minimum levels of compensation he or she is eligible to receive, while motivating the executive to focus on the business measures that will produce a high level of performance for Bancorp and long-term wealth creation for the executive, as well as reducing the risk of recruitment of top executive talent by competitors. The mix of annual incentives and the equity based awards likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance; between reward and retention.

For Bancorp's key executives, the mix of compensation is weighted heavily toward at-risk, performance pay, as delivered through the annual incentive plan and equity based award program. This mix strategy results in a pay-for-performance orientation that aligns with our philosophy to pay median pay for median performance and above market pay for superior performance.

Inputs for Compensation Determinations

Company Goal Setting for Compensation Purposes

On an annual basis, the Board of Directors approves annual company-wide goals. These goals are designed to support the multi-year strategic plan by setting annual targets for achievement. The committee uses the CEO goals to measure the CEO's annual performance review. These goals along with competitive information help determine the incentive award determination for the CEO and executive officers. Once the annual strategic goals are defined, the Human Resources Committee works with management, its independent compensation consultant, and the Senior Vice President of Human Resources to set the performance levels for the Stakeholder incentive plan.

The CEO discusses and reports on the performance of Bancorp with the Board of Directors on a regular basis throughout the year.

At the end of the plan year, the CEO reviews the performance relative to the strategic plan and specific incentive targets. This information is used in assessing individual performance of the CEO and executives.

Pay Levels and Benchmarking

Pay levels for executives are determined based on a number of factors, including the individual's role and responsibilities within Bancorp, the individual's experience and expertise, the pay levels of peers within Bancorp, pay levels in the market place for similar positions, and performance and contribution of the individual and Bancorp as a whole.

The Human Resources Committee assesses competitive market compensation using a number of data sources reflecting industry practices of other banking organizations similar in size and region to Bancorp.

A primary data source used in setting competitive market for the Named Executive Officers is the information publicly disclosed by a peer group of other publicly traded banking organizations. This peer group for 2006 was recommended by our independent compensation consultants, and was reviewed by the CEO and Human Resources Committee. It includes banking organizations of similar asset size in our region (two factors that influence executive compensation in financial institutions). The peer group is reviewed and updated each year as appropriate since the comparable organizations may change depending on acquisitions and business focus of Bancorp or peer institutions. Given Bancorp's growth and the high rate of mergers in the banking industry, the peer group has traditionally been reviewed and updated from year to year. Overall, the goal is to have 20-24 comparative banks that provide a market perspective for executive total compensation.

Table of Contents

Matches to proxy data are made based on comparison of role, rather than rank to ensure a better comparison. The banks are between \$2.1 and \$4.5 billion in total assets, with a median total assets size of approximately \$2.8 billion, consistent with Bancorp's asset size. All banks are within the Northeast region. Below is a listing of the 24 peer banking institutions used by Bancorp:

Peer Data Sources: SNL Financial and Strategic Compensation Planning, Inc.

The specific elements of compensation reviewed as part of this comparable company analysis include base salaries, annual performance bonuses, and long-term incentives relative to the peer group.

The Human Resources Committee generally intends that the base salary for each executive will be conservatively competitive, but that above target performance will be rewarded above market incentives. Bancorp has set an aggressive strategic plan and performance goals, and is therefore willing to make awards commensurate with the achievement of these performance goals and objectives.

Committee Discretion and Final Compensation Decisions

The Human Resources Committee retains the discretion to decrease all forms of incentive payouts based on significant individual or Bancorp performance shortfalls; this is the premise behind the Stakeholders incentive plan. Likewise, the committee retains the discretion to increase payouts or consider special awards for significant performance, or due to subjective factors described above. The Human Resources Committee believes that the

compensation package for each of the Named Executive Officers is appropriately within the range of the peer data and reasonable given Bancorp and individual performance.

Table of Contents**Employment and Other Significant Agreements with Executive Officers*****Employment Agreements***

Each of the Named Executive Officers has an employment agreement with Bancorp and the Bank. The Human Resources Committee and the Board of Directors believe that these agreements assure fair treatment of the executive in relation to his career with Bancorp by assuring him of some financial security. The agreements also protect the shareholders by encouraging the executive to continue his attention to his duties without distraction in a potential merger or takeover circumstance and by helping to maintain the executive's objectivity in considering any proposals to acquire Bancorp.

These employment agreements have an initial term of three years for Mr. Hollar and two years for the other Named Executive Officers, and are automatically renewed for an additional one year upon each anniversary unless written notice not to renew has been given by the executive or Bancorp. They provide for minimum base salaries, subject to annual review, and the right to participation in incentive compensation and benefit plans.

Upon termination of the executive without just cause by Bancorp, or with good reason by the executive, the executive is entitled to salary and bonuses for the remaining term of the Agreement, payable in a lump-sum based upon prior year compensation levels. The executive is prohibited from conflicts of interest, and is required to maintain the confidentiality of nonpublic information regarding Bancorp and its customers. The executive also is bound by a covenant not to compete and not to interfere with other employees of Bancorp if the executive's employment is terminated for just cause, disability, or retirement or he resigns without good reason.

In the event of a voluntary resignation, the named executive officer will receive only the compensation, vested rights, and employee benefits up to the date of termination. In the event of a retirement, the named executive officer would receive no additional compensation under the agreement.

The agreements provide for additional benefits in the event of a change in control of Bancorp or the Bank and either a termination of the officer's employment without just cause or a resignation by the officer with good reason, as defined in the agreements. In those circumstances, the officer is entitled to a lump-sum cash payment equal to 2.99 times the sum of the executive's annual salary at the highest rate in effect during the preceding twelve months and bonuses for the preceding calendar year. The executive also would be entitled to continued participation for a three-year period in Bancorp-sponsored health and welfare plans. The agreement requires Bancorp and the Bank to hold the executive harmless from the federal excise tax assessable if payments and benefits exceed the amount allowable as a deduction under Section 280G of the Internal Revenue Code.

Supplemental Executive Retirement Agreements

The Bank, upon the recommendation of the Human Resources Committee, has entered into individual Supplemental Executive Retirement Agreements with certain executives, including Named Executive Officers. These agreements are designed to provide post-retirement benefits to enable a targeted level of covered retirement income to be met and to provide certain pre-retirement death and disability benefits should the executive die or become disabled prior to retirement age. The annual post-retirement deferred compensation benefit is designed to replace between 65% and 70% of the executive's projected final average pay at retirement date in conjunction with the Bank's Pension Plan, 401(k) Plan, Social Security retirement benefits, and any benefits payable to the executive under a prior employer's pension plan. Normal retirement benefits under the agreements are payable in equal monthly payments over 15 years or until the death of the executive, whichever is longer. There are also provisions in this plan in the event of early retirement, death, disability, or in the event of a change in control of Bancorp or the Bank and either a termination of the officer's employment without just cause or a resignation by the officer with good reason.

Change in Control Benefit Triggers

The right to change in control benefits under the employment agreements and Supplemental Executive Retirement Agreements are dependent on a double trigger, that is, there must be both a change in control and a termination of employment without just or cause or with good reason. However, the employment agreements allow each executive officer to terminate with good reason for any reason within the sixty day period that begins six months after the closing date of a definitive agreement that results in the change in control. The Human Resources Committee believes these trigger provisions are reasonable and in the best interests of shareholders and should help (a) to retain executives useful for the transition of a change in control for at least six months after the closing; (b) to reduce

Table of Contents

potential misincentives for executives in the period in which a change in control is being evaluated and negotiated; and (c) to avoid the potential double payment of executives who continue their employment after a change in control that could result from a single change in control trigger.

Impact of Accounting and Tax on the Form of Compensation

The Human Resources Committee and Bancorp consider the accounting and tax (individual and corporate) consequences of the compensation plans prior to making any changes to the plans.

The Human Resources Committee has considered the impact of the Statement of Financial Accounting Standard No. 123 (R), Share-Based Payment, which Bancorp adopted on January 1, 2006, on Bancorp's use of equity based awards. This consideration factored heavily in our decision to move to a mix of restricted stock and stock options for 2006.

The committee also considers the limits on deductibility of compensation imposed by Section 162(m) of the Internal Revenue Code (the Code) with respect to annual compensation exceeding \$1 million and Section 280(g) of the Code with respect to change in control payments exceeding specified limits.

Equity Based Award Practices

Equity based awards are granted in December of each year. The committee's compensation consultants provide information and advice to the committee in connection with its recommendation, including advice regarding the types, terms, and value of equity based awards to grant. In 2006, the committee considered a number of alternatives for annual awards with the assistance of its independent compensation consultants and management. The committee placed particular emphasis on the expense implications to Bancorp of various types of awards. Based upon its analysis, the committee recommended and the stock option committee approved grants of both stock options, vesting over a three-year period and restricted stock vesting over a five-year period. The grant date for all awards is the date of Board approval of the grants. The exercise price is the closing price of Bancorp common stock on the grant date.

Ownership Guidelines

Bancorp does not currently have a formal stock ownership requirement for executives, but all of our current executive officers own Bancorp common stock. We encourage stock ownership by executives on a voluntary basis. Bancorp retains the discretion to implement a minimum ownership requirement of mandatory holding period for shares received under our equity compensation plan.

Compensation Committee Report

We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and in Bancorp's Annual Report on Form 10-K for the year ended December 31, 2006.

(2) Executives received annual equity awards in the form of stock options and restricted stock under Bancorp's 2005 Omnibus Stock Plan. The equity awards are designed to reward long-term performance,

align executives with shareholder interests and serve as a retention feature. Equity awards are based on competitive market practice, company performance, and individual performance. The Human Resources Committee recommends, at its discretion, and the full Board of Directors approves, the granting of stock options and shares of restricted stock in proportion and upon such terms and conditions as it may determine.

Bancorp's defined benefit, tax-qualified Pension Plan is generally available to employees. Benefits under Bancorp's Pension Plan are provided on a 10-year certain and life basis and are not subject to deduction for Social Security or other offset amounts. Earnings covered by the Pension Plan are total wages, including elective pre-tax contributions under Section 401(k) of the Internal Revenue Code, overtime pay, bonuses, and other cash compensation, which for the named executives correspond, in general, to the total of the amounts in the Salary and Bonus columns in the Summary Compensation Table, up to a total of \$220,000. Retirement benefits equal the sum of three parts: (a) the benefit accrued as of December 31, 2000, based on the formula of 1.5% of highest five-year average salary as of that date times years of service as of that date, plus (b) 1.75% of each year's earnings after December 31, 2000 (1.75% of

career average earnings) through December 31, 2005, and (c) 1.0% of each year's earnings thereafter. In addition, if the participant's age plus years of service as of January 1, 2001 equals at least 60, and the participant had at least 15 years of service at that date, he or she will receive an additional benefit of 1% of year 2000 earnings for each of the first 10 years of service completed after December 31, 2000. The Pension Plan permits early retirement at age 55 after at least 10 years of service.

Annual earnings accrue at the prime rate in effect on December 31 of the prior year, or 7.25% for 2006. The amount considered to be preferential interest in 2006 was \$2,258. Aggregate earnings have been included in compensation in the summary compensation tables in this report and in previous years.

- (7) The disability benefits under the agreements are the accrued benefits payable in 180 monthly installments. The amounts shown are the present values of those payments discounted at an annual rate of 6.0%.
- (8) The benefits in the event of a voluntary termination before early retirement age (age 60) and after ten years of service are the payments under a 15-year annuity that may be purchased with the vested accrued benefit.

Full vesting occurs at 15 years of service. See Supplemental Executive Retirement Agreement on page 16.

- (9) The executive is entitled to salary and bonus for the remaining term of the agreement in the event of termination by Bancorp without Just Cause or by the executive with Good Reason.
- (10) Benefits are the same as those payable in the event of voluntary termination by the executive.
- (11) Consist of 2.99 times salary and other compensation in a lump sum and the value of three calendar years of health and welfare benefits to which the executives are entitled in the event of termination by Bancorp without Just Cause or by the executive with Good

Reason within the period beginning six months before and ending two years after a change in control. An executive also is entitled to these benefits in the event he terminates his employment for any reason within the sixty-day period that begins six months after the closing of an agreement that triggered the change in control. See Employment Agreements on page 16.

- (12) The executive is entitled to a payment to offset the federal excise tax on excess parachute payments. This tax is payable if the value of change in control related payments calculated under federal income tax rules exceeds three times the executive's five-year average compensation. The amount

subject to the tax is the excess of the value of the change in control payments over the average compensation. The tax rate for each executive used for this calculation is the highest marginal combined federal, state, and local tax rate applicable in his place of residence.

- (13) The amounts shown are the accrued benefits. The agreements provide change in control benefits if the executive's employment is terminated without just cause, or the executive terminates employment with good reason, in the period beginning six months before and ending two years after a change in control. The benefits provided are retirement benefits calculated as if

the termination was the retirement date. If the change in control was approved in advance by a majority of the continuing directors, the payments begin at age 65 (or 60 if early retirement is elected), which is assumed in the calculation above. If the change in control was not so approved, the payments begin in the month following termination of employment. See Supplemental Executive Retirement Agreement on page 16.

Transactions and Relationships with Management

Bancorp and the Bank have had in the past, and expect to have in the future, banking transactions with directors and executive officers in the ordinary course of business on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the same time for comparable transactions with other persons. In the opinion of management, these transactions do not and will not involve more than the normal risk of collectibility or present other unfavorable features.

Bancorp's written Code of Ethics requires that all related party transactions involving executive officers or directors, as defined in Item 404 of SEC Regulation S-K, must be reviewed and approved by the Audit Committee, another committee of independent directors, or the independent directors on the Board. As required by Federal regulations, extensions of credit by the Bank to directors and executive officers are subject to the procedural and financial requirements of Regulation O of the Board of Governors of the Federal Reserve System, which generally require advance approval of such transactions by uninterested directors. Other related party transactions as defined in Item 404 (generally, any financial transactions, arrangements, or relationships, regardless of dollar amount, other than extensions of credit and bank deposits) are reviewed by the independent directors with the affected director not present or voting.

Director Lewis R. Schumann is a partner in the Rockville, Maryland law firm of Miller, Miller and Canby, Chtd., which Bancorp and the Bank have retained during 2006 and expect to retain during the current year as legal counsel. The law firm provides legal services on matters such as routine litigation, customer account issues, and trust and estate administration.

Shareholder Proposals and Communications

From time to time, individual shareholders may wish to submit proposals that they believe should be voted upon by the shareholders. The Securities and Exchange Commission has adopted regulations that govern the inclusion of such proposals in Bancorp's annual proxy materials. Shareholder proposals intended to be presented at the 2008 Annual Meeting of Shareholders may be eligible for inclusion in Bancorp's proxy materials for that Annual Meeting if received by Bancorp at its executive offices not later than November 12, 2007 unless the date of the 2008 annual meeting is more than 30 days from April 16, 2008, in which case the deadline is a reasonable time before Bancorp begins to print and mail proxy materials. Any such proposals shall be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934.

In addition, Bancorp's Bylaws require that to be properly brought before an annual meeting, shareholder proposals for new business must be delivered to or mailed and received by Bancorp not less than thirty nor more than ninety days prior to the date of the meeting; provided, however, that if less than forty-five days notice of the date of the meeting is given to shareholders, such notice by a shareholder must be received not later than the fifteenth day following the date on which notice of the date of the meeting was mailed to shareholders or two days before the date of the meeting, whichever is earlier. Each such notice given by a shareholder must set forth certain information specified in the Bylaws concerning the shareholder and the business proposed to be brought before the meeting.

Shareholders also may nominate candidates for director, provided that such nominations are made in writing and received by Bancorp at its executive offices not later than December 13, 2007. The nomination should be sent to the attention of Bancorp's Secretary and must include, concerning the director nominee, the following information: full name, age, date of birth, educational background and business experience, including positions held for at least the preceding five years, home and office addresses and telephone numbers, and a signed representation to provide all information requested by Bancorp in a timely manner for preparation of its disclosures regarding the solicitation of proxies for election of directors. The name of each such candidate for director must be placed in nomination at the Annual Meeting by a shareholder present in person. The nominee must also be present in person at the Annual Meeting. A vote for a person who has not been duly nominated pursuant to these requirements will be deemed to be void.

Bancorp's shareholders may communicate with the Board of Directors or any individual Director by addressing correspondence to the board or such director in care of the Secretary at Bancorp's main office by mail, courier, or facsimile or by e-mail through the contact us feature of the Investor Relations area of its website at www.sandyspringbank.com.

Table of Contents

The Board of Directors believes it is important for all directors to attend the annual meeting of shareholders in order to show their support for Bancorp and to provide an opportunity for shareholders to express any concerns to them. Bancorp has adopted a policy that all directors should attend each annual meeting of shareholders unless they are unable to attend by reason of personal or family illness or pressing matters.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires Bancorp's executive officers and directors, and any persons who own more than ten percent of a registered class of Bancorp's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4, and 5 with the Securities and Exchange Commission. Executive officers, directors and greater than ten percent stockholders are required by applicable regulations to furnish Bancorp with copies of all Forms 3, 4, and 5 they file.

Based solely on Bancorp's review of the copies of such forms it has received, Bancorp believes that all its executive officers and directors have complied with all filing requirements applicable to them with respect to transactions during 2006.

PROPOSAL II: Ratification of Selection of Bancorp's Independent Registered Public Accounting Firm

The Audit Committee has appointed the firm of McGladrey & Pullen, LLP as Bancorp's independent registered public accounting firm for 2007. In accordance with established policy, the Board is submitting this proposal to the vote of the shareholders for ratification. In the event the appointment is not ratified by a majority of the shareholders it is anticipated that no change in auditors will be made for the current year because of the difficulty and expense of making a change so long after the beginning of the year, but the vote will be considered in connection with the auditor appointment for 2008.

The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to ratify the appointment of McGladrey & Pullen, LLP as Bancorp's independent registered public accounting firm for 2007. Therefore, abstentions effectively count as votes against this proposal.

McGladrey & Pullen, LLP was appointed as Bancorp's independent registered public accounting firm for 2006. Representatives of McGladrey & Pullen will be present at the Annual Meeting and will be given the opportunity to make a statement, if they desire, and be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered by McGladrey & Pullen, LLP for the audit of the annual financial statements of Sandy Spring Bancorp, Inc., and subsidiaries for the year ended December 31, 2006 and December 31, 2005, and fees billed for other services rendered by McGladrey & Pullen, LLP and RSM McGladrey, Inc. The Audit Committee is required to preapprove all auditing services and permitted non-audit services provided by Bancorp's independent registered public accounting firm, under Securities and Exchange Commission regulations that became effective in May 2003. There is an exception for preapproval of non-audit services if the aggregate amount of all such non-audit services provided to Bancorp constitutes not more than 5 percent of the total amount of revenues paid by it to its independent registered public accounting firms during the fiscal year in which the non-audit services are provided; such services were not recognized by Bancorp at the time of the engagement to be non-audit services; and the non-audit services are promptly brought to the attention of the committee and approved prior to the completion of the audit by the committee or by one or more members of the committee to whom authority to grant such approval has been delegated by the committee. Report of the Audit Committee

Bancorp's Audit Committee is appointed by the Board of Directors to assist the Board in monitoring the integrity of the financial statements, compliance with legal and regulatory requirements, and the independence and performance of internal and external auditors. The committee (1) has reviewed and discussed the audited financial statements included in Bancorp's 2006 Annual Report on Form 10-K with management; (2) has discussed with the Bancorp's independent registered public accounting firm the matters required to be discussed by Statement of Auditing Standards 61; and (3) has received the written disclosures and the letter from the Bancorp's independent registered public accounting firm required by Independence Standards Board Standard No. 1 and discussed independence with the Bancorp's independent registered public accounting firm. Based upon this review, discussion, disclosures, and materials described in (1) through (3), the committee recommended to the Board of Directors that the audited financial statements be included in the 2006 Annual Report on Form 10-K. The committee also has considered whether the amount and nature of non-audit services rendered by the Bancorp's independent registered public accounting firm are consistent with its independence. The Audit Committee Charter is available on the Investor Relations area of Bancorp's website at www.sandyspringbank.com.
