Item 8.01 Other Events.

On June 15, 2009, the Corporation announced that it has acquired three quarries plus the remaining 49% interest in an existing joint venture from CEMEX, Inc. The purchase price for the assets of the three quarries plus the 49% interest was \$65 million. Based on 2008 results without synergies, this equates to a multiple of 6.8 times EBITDA. Estimated mineral reserves are 255 million tons.

The quarry operations are located at Fort Calhoun, Nebraska; Guernsey, Wyoming; and Milford, Utah. Guernsey and Milford are rail-connected quarries while Fort Calhoun ships material via barge on the Missouri River in addition to its local and long-haul truck market in Nebraska. The 49% interest purchased relates to the Granite Canyon, Wyoming, quarry where Martin Marietta is the operating manager.

The Corporation issued a press release on June 15, 2009, announcing the acquisition. The press release is filed as Exhibit 99.1 to this Report.

Item 9.01 Financial Statements and Exhibits.
