Benefit Plans Committee

Chromcraft Revington Savings Plan

West Lafayette, Indiana

We have audited the accompanying statements of net assets available for plan benefits of the Chromcraft Revington Savings Plan as of December 31, 2008 and 2007, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Chromcraft Revington Savings Plan as of December 31, 2008 and 2007, and the changes in its net assets available for plan benefits for the years ended, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 4, the Plan changed its method of accounting for fair value measurements in accordance with Statement of Financial Accounting Standards No. 157 during 2008.

The accompanying supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**Chromcraft Revington Savings Plan
Notes to Financial Statements
December 31, 2008 and 2007**

Note 1: Description of the Plan

The following description of the Chromcraft Revington Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan s provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan covering all eligible employees of Chromcraft Revington, Inc. and its subsidiary (the Company or Employer). Employees may elect to participate in the Plan on the earlier of January 1, April 1, July 1 or October 1 following the completion of six full months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant s account includes credits for the participant s voluntary contributions, any Employer matching or profit-sharing contributions and Plan earnings. Plan earnings are allocated among all participants based on their investment in each fund.

Participant Contributions

Participants are permitted to contribute 1% to 50% of their annual compensation to the Plan, as defined in the Plan Document, on either a pre-tax or after-tax basis.

Employer Contributions

All Employer contributions are discretionary. Employer matching contributions are being made to the Chromcraft Revington Employee Stock Ownership Plan. The Company s matching contribution rate was 100% of pre-tax contributions up to 3% of eligible compensation plus 50% of pre-tax contributions on the next 2% of eligible compensation.

Vesting

All participant contributions and safe harbor matching contributions and earnings thereon are immediately 100% vested. Any other Employer contributions that may be made to the Plan are subject to a three-year cliff vesting schedule, meaning 0% vested until three years of service and 100% vested thereafter.

For the years ended December 31, 2008 and 2007, the Employer determined that a partial Plan termination occurred due to the number of terminations during the year. There was no impact on the Plan due to the fact that participants accounts were 100% vested.

Table of Contents

**Chromcraft Revington Savings Plan
Notes to Financial Statements
December 31, 2008 and 2007**

Forfeitures

Forfeitures of non-vested Company contributions are used to reduce Plan expenses that would otherwise be paid by the Company. At December 31, 2008 and 2007, forfeited non-vested accounts totaled approximately \$1,300 and \$800, respectively. There were no Plan expenses paid from forfeited non-vested accounts in 2008 or 2007.

Payment of Benefits and Withdrawals

At retirement or termination of service, a participant may elect to receive, in the form of a single sum, the value of his or her vested account balance. In-service withdrawals of pre-tax contributions require the participant to meet certain Plan requirements. Company matching contributions and profit-sharing contributions may not be withdrawn by a participant prior to his or her termination of employment. Participants in the Plan may withdraw their after-tax contributions to the Plan, including any investment earnings attributable to those contributions. Benefits are recorded when paid.

Trustees

Plan assets are held by T. Rowe Price Trust Company, Inc.

Administrative Expenses

The Plan is administered by a committee appointed by the Company's board of directors. Administrative expenses are borne by the Company or through forfeitures of non-vested company contributions.

Participant Loans

Each participant has the right, subject to certain restrictions, to borrow from his or her account. The maximum aggregate amount a participant may borrow is 50% of his or her total vested account balance, up to a maximum of \$50,000. Loans bear a market rate of interest and may be repaid over a period not to exceed five years. The interest paid on a loan is credited directly to the participant's account in the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, except for the cash basis recording of benefits paid.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments

The Plan's investments are stated at fair value. Quoted market prices are used to value shares of mutual funds and common stocks traded on a national exchange. The fair values of the Plan's interests in stable value funds are based upon the net asset values of such funds reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported by the Plan trustee.

Net assets available for plan benefits reflects the contract value of the Plan's investments in stable value funds because a separate adjustment is presented in the statements of net assets available for plan benefits to increase or decrease the carrying amount of these investments to contract value, as applicable. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Table of Contents

Chromcraft Revington Savings Plan
Notes to Financial Statements
December 31, 2008 and 2007

Note 3: Investments

Participants are permitted to direct the investments in their accounts.

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows:

	2008	2007
	(In thousands)	
T. Rowe Price Stable Value Common Trust Fund	\$ 4,270	\$ 4,963
T. Rowe Price Spectrum Growth Fund	1,442	3,429
T. Rowe Price Balanced Fund	1,330	2,534
T. Rowe Price Spectrum International Fund	769	2,511
T. Rowe Price Spectrum Income Fund	1,398	2,113
T. Rowe Price Equity Income Fund		1,665

Interest and dividends realized on the Plan's investments for 2008 and 2007 was \$933,000 and \$1,524,000, respectively.

The Plan investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value during 2008 and 2007 as follows:

	2008	2007
	(In thousands)	
Chromcraft Revington, Inc. common stock	\$ (245)	\$ (230)
Mutual funds	(5,683)	335
	\$ (5,928)	\$ 105

Note 4: Disclosures About Fair Value of Assets

Effective January 1, 2008, the Plan adopted Statement of Financial Accounting Standards No. 157 (FAS 157), *Fair Value Measurements*. FAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. FAS 157 has been applied prospectively as of the beginning of the year. FAS 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FAS 157 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. The Plan has no liabilities measured on a recurring basis and has no assets or liabilities measured on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include common stock, mutual funds and a money market fund. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include a collective trust fund. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy and include participant loans.

Table of Contents

**Chromcraft Revington Savings Plan
Notes to Financial Statements
December 31, 2008 and 2007**

The following table presents the fair value measurements of assets recognized in the accompanying statement of net assets available for plan benefits measured at fair value on a recurring basis and the level within the FAS 157 fair value hierarchy in which the fair value measurements fall at December 31, 2008:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common Stock	\$ 43	\$ 43	\$	\$
Mutual Funds	8,808	8,808		
Collective Investment Fund	4,270		4,270	
Participant Loans	267			267
	\$ 13,388	\$ 8,851	\$ 4,270	\$ 267

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statement of net assets available for plan benefits using significant unobservable (Level 3) inputs:

	Participant Loans
Balance, January 1, 2008	\$ 602
Issuances, repayments and distributions	(335)
Balance, December 31, 2008	\$ 267

Note 5: Benefits Payable to Participants

At December 31, 2008 and 2007, net assets available for plan benefits included \$320,000 and \$298,000, respectively, for benefit distributions payable to participants who had withdrawn from the Plan prior to the end of the Plan year.

Table of Contents

**Chromcraft Revington Savings Plan
Notes to Financial Statements
December 31, 2008 and 2007**

Note 6: Party-in-Interest Transactions

Plan investments include shares of mutual funds managed by T. Rowe Price. A related entity of this fund manager served as trustee of the Plan and, therefore, transactions in these funds qualify as party-in-interest transactions. The Plan also holds Chromcraft Revington common stock totaling \$42,741 and \$277,177 at December 31, 2008 and 2007 (109,591 and 57,745 shares in 2008 and 2007), respectively.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue and terminate the Plan subject to provisions of ERISA.

Note 8: Tax Status

The Plan obtained its determination letter in 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan's administrator and legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 9: Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$196,034 were not remitted within the required time period for the year ended December 31, 2007.

Table of Contents

**Chromcraft Revington Savings Plan
Notes to Financial Statements
December 31, 2008 and 2007**

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2008, to Form 5500:

	2008
Net assets available for plan benefits per the financial statements	\$ 13,440
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(40)
 Net assets available for plan benefits per Form 5500	 \$ 13,400

The statement of change in net assets available for plan benefits included in the Plan's Form 5500 filing also excludes the impact of adjustment from fair value to contract value for fully benefit-responsive investment contracts.

Note 11: Current Economic Conditions

The current economic environment presents employee benefit plans with unprecedented circumstances and challenges, which in some cases have resulted in large declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.
