(Unaudited)

Sykes Enterprises, Incorporated and consolidated subsidiaries ( SYKES or the Company ) provides outsourced customer contact management solutions and services in the business process outsourcing arena to companies, primarily within the communications, financial services, healthcare, technology/consumer and transportation and leisure industries. SYKES provides flexible, high quality outsourced customer contact management services (with an emphasis on inbound technical support and customer service), which includes customer assistance, healthcare and roadside assistance, technical support and product sales to its clients customers. Utilizing SYKES integrated onshore/offshore global delivery model, SYKES provides its services through multiple communications channels encompassing phone, e-mail, Web and chat. SYKES complements its outsourced customer contact management services with various enterprise support services in the United States that encompass services for a company s internal support operations, from technical staffing services to outsourced corporate help desk services. In Europe, SYKES also provides fulfillment services including multilingual sales order processing via the Internet and phone, payment processing, inventory control, product delivery and product returns handling. The Company has operations in two geographic regions entitled (1) the Americas, which includes the United States, Canada, Latin America, India and the Asia Pacific Rim, in which the client base is primarily companies in the United States that are using the Company s services to support their customer management needs; and (2) EMEA, which includes Europe, the Middle East and Africa.

**Note 1 Basis of Presentation and Summary of Significant Accounting Policies**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ( generally accepted accounting principles ) for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2009 are not necessarily indicative of the results that may be expected for any future quarters or the year ending December 31, 2009. For further information, refer to the consolidated financial statements and notes thereto, included in the Company s Annual Report on Form 10-K for the year ended December 31, 2008, as filed with the Securities and Exchange Commission ( SEC ). Subsequent events have been evaluated through the date and time the condensed consolidated financial statements were issued on August 5, 2009. No material subsequent events have occurred since June 30, 2009 that required recognition or disclosure in our condensed consolidated financial statements.

**Property and Equipment** The carrying value of property and equipment to be held and used is evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable in accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* . For purposes of recognition and measurement of an impairment loss, assets are grouped at the lowest levels for which there are identifiable cash flows (the reporting unit ). An asset is considered to be impaired when the sum of the undiscounted future net cash flows expected to result from the use of the asset and its eventual disposition does not exceed its carrying amount. The amount of the impairment loss, if any, is measured as the amount by which the carrying value of the asset exceeds its estimated fair value, which is generally determined based on appraisals or sales prices of comparable assets. Occasionally, the Company redeploys property and equipment from under-utilized centers to other locations to improve capacity utilization if it is determined that the related undiscounted future cash flows in the under-utilized centers would not be sufficient to recover the carrying amount of these assets. The Company determined that its property and equipment was not impaired as of June 30, 2009.

**Investment in SHPS** The Company holds a noncontrolling interest in SHPS, Inc. ( SHPS ), which was accounted for at cost of approximately \$2.1 million as of December 31, 2008 and was included in Deferred charges and other assets in the accompanying Condensed Consolidated Balance Sheet. In June 2009, the Company received notice from SHPS

that the shareholders of SHPS had approved a merger agreement between SHPS and SHPS Acquisition, Inc., pursuant to which the common stock of SHPS, including the common stock owned by the Company, would be converted into the right to receive \$0.000001 per share in cash. SHPS informed the Company that it believes the estimated fair value of the SHPS common stock to be equal to such per share amount. As a result of this transaction and evaluation of the Company's legal options, the Company believes it is more likely than not that we will not be

**Table of Contents**

**Sykes Enterprises, Incorporated and Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Six months ended June 30, 2009 and 2008**

(Unaudited)

**Note 1 Basis of Presentation and Summary of Significant Accounting Policies (continued)****Investment in SHPS (continued)**

able to recover the \$2.1 million carrying value of the investment in SHPS. Therefore, due to the decline in value that is other than temporary, management recorded a non-cash impairment loss of \$2.1 million included in Impairment loss on investment in SHPS in the accompanying Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2009 (none in the comparable 2008 periods). See Note 2 for further information.

**Goodwill** The Company accounts for goodwill and other intangible assets under SFAS No. 142 (SFAS 142), *Goodwill and Other Intangible Assets*. Goodwill and other intangible assets with indefinite lives are not subject to amortization, but instead must be reviewed at least annually, and more frequently in the presence of certain circumstances, for impairment by applying a fair value based test. Fair value for goodwill is based on discounted cash flows, market multiples and/or appraised values as appropriate. Under SFAS 142, the carrying value of assets is calculated at the lowest levels for which there are identifiable cash flows (the reporting unit). If the fair value of the reporting unit is less than its carrying value, an impairment loss is recorded to the extent that the fair value of the goodwill within the reporting unit is less than its carrying value. The Company completed its annual goodwill impairment test during the third quarter of 2008, which included the consideration of recent economic developments and determined that the carrying amount of goodwill was not impaired. Subsequently, during the second quarter of 2009, based on the presence of certain circumstances, the Company recorded an impairment loss on goodwill related to the March 2005 acquisition of Kelly, Luttmer & Associates Limited (KLA). See Note 2 for further information. The Company expects to receive future benefits from the remaining previously acquired goodwill over an indefinite period of time.

**Intangible Assets** Intangible assets, primarily customer relationships, existing technologies and covenants not to compete, are amortized using the straight-line method over their estimated useful lives which approximates the pattern in which the economic benefits of the assets are consumed. The Company periodically evaluates the recoverability of intangible assets and takes into account events or changes in circumstances that warrant revised estimates of useful lives or that indicate that an impairment exists. Fair value for intangible assets is based on discounted cash flows, market multiples and/or appraised values as appropriate. The Company does not have intangible assets with indefinite lives. During the second quarter of 2009, based on changes in circumstances, the Company recorded an impairment loss on intangible assets related to the KLA acquisition mentioned above. See Note 2 for further information.

**Value Added Tax Credit Receivables** The Philippine operations are subject to Value Added Tax (VAT), which is usually applied to all goods and services purchased throughout the Philippines. Upon validation and certification of the VAT credit receivables by the Philippine government, the VAT credit receivables are held for sale through third-party brokers. The Company sells VAT credits to others due to its current tax holiday status in the Philippines and resulting inability to fully utilize these credits. This process through collection typically takes three to five years. The VAT credit receivables balance recorded at net realizable value, which approximates fair value, is approximately \$7.1 million and \$7.5 million as of June 30, 2009 and December 31, 2008, respectively. See Fair Value Measurements in this Note 1 for further information. As of June 30, 2009 and December 31
