Item 1.01. Entry into a Material Definitive Agreement.

On November 17, 2008, Alpharma Inc. (Alpharma), filed a declaratory judgment action against Purdue Pharma L.P. (Purdue) in the U.S. District Court for the Western District of Virginia (Civil Action No. 1:08 -cv-50 (JPJ/PMS)), seeking an order declaring that nine of Purdue s patents are invalid and/or would not be infringed by the commercialization of Embeda®. King Pharmaceuticals, Inc. (King) was added as a party to the action on December 4, 2009. On December 16, 2009, Purdue delivered an unconditional and irrevocable covenant not to sue Alpharma or King (or any of their affiliates, subsidiaries, parents, divisions, successors and assigns) for infringement of eight of the nine patents in the suit with respect to Embeda®. On December 23, 2009, the parties also filed a Stipulation with the Court to dismiss the lawsuit with prejudice with respect to these eight patents. The only patent remaining in the case was U.S. Patent No. 6,696,088 (the 088 patent). On February 9, 2010, the United States Patent & Trademark Office issued U.S. Patent No. 7,658,939 (the 939 patent) to Purdue. The 939 patent is a continuation of the 088 patent, and was added to the action.

On July 23, 2010, King and Alpharma (collectively the King Parties) entered into a settlement agreement with Purdue. Pursuant to the terms of the agreement, Purdue agreed not to sue the King Parties or their affiliates in the United States with regard to the manufacture, use or sale of Embeda®. The King Parties are obligated to pay to Purdue an up-front payment and a quarterly royalty on net sales of Embeda® for the duration of any valid claims in the 088 and 939 patents, or other patents in the same family that cover the Embeda® product. In addition, the King Parties agreed not to challenge certain of Purdue s patents including the 088 and 939 patents, as they may relate to Embeda®. The agreement also obligates the parties to dismiss the civil action described above.
