Regency Centers, is located in Dallas, Texas at the northwest intersection of I-635 and MacArthur Boulevard in the heart of Las Colinas, an affluent residential and business community that is home to Fortune 500 companies such as ExxonMobil, Citigroup, and Sabre. The purchase price consists of the assumption of \$13.41 million in long term fixed rate debt with the remainder to be paid in cash. The debt bears interest at 6.17% per annum and matures in December 2008. The weighted average remaining lease term for the project is eight years. The Kroger lease is for 20-years, containing approximately 63,000 square feet, expiring in November 2020. The shopping center is 100 percent occupied. The 2005 net operating income contribution to AmREIT is expected to be approximately \$2.8 million in 2005.

On December 28, 2004 the Company issued a press release announcing, among other things, this acquisition. A copy of that press release is filed as Exhibit 99.1 to this report on Form 8-K.

Item 2.06 Material Impairments

On December 22, 2004, the Company began marketing its Just For Feet project located in Baton Rouge, Louisiana. The Company will record an impairment charge to earnings of approximately \$1.3 million in the fourth quarter to reflect the anticipated loss to be incurred upon sale of the property, following the bankruptcy of its sole tenant. After a thorough remarketing of the property during the past 120 days, the Company could not replace the previously existing value and determined to sell the asset and redeploy the remaining value into more productive investments.

As previously announced, the Company intends to sell an additional \$10-15 million of non-core assets and has begun the marketing process on these properties. Based on management's evaluation of these properties, the local markets and the remaining lease term, management does not anticipate any future impairment issues on these properties.
