ANNUAL MEETING OF SHAREHOLDERS

THURSDAY, MAY 3, 2007

SOLICITATION AND REVOCABILITY OF PROXIES

This proxy statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Callon Petroleum Company, a Delaware corporation, from shareholders of the Company for use at the Annual Meeting of Shareholders of the Company to be held on Thursday, May 3, 2007, at 9:00 a.m., in the St. Louis Room of the Natchez Convention Center, 211 Main Street, Natchez, Mississippi 39120, and at any adjournment or postponement thereof. The purpose of the meeting is to consider and vote upon the matters described in the accompanying Notice of Annual Meeting of Shareholders.

A proxy in the form accompanying this proxy statement, when properly executed and returned, will be voted in accordance with the directions specified on the proxy, and otherwise in accordance with the judgment of the persons designated therein as proxies. Any proxy which does not withhold authority to vote or on which no other instructions are given will be voted for the election of the nominees named herein to the Board of Directors and in favor of the other proposals set forth in the notice. Any proxy may be revoked at any time before it is exercised by delivering, to the Corporate Secretary of the Company, written notice of revocation or a duly executed proxy bearing a later date, or by voting in person at the Annual Meeting. Proxies submitted by mail must be received on or before May 2, 2007. Submitting your proxy by mail will not affect your right to vote in person if you decide to attend the 2007 annual meeting. If a shareholder holds shares in a broker's account and has given specific voting instructions, the shares will be voted in accordance with those instructions. If no voting instructions have been given, under rules of The New York Stock Exchange the broker may decide how to vote with respect to those shares as to the Board nominee and the ratification of the Company's independent accounting firm for the 2007 fiscal year.

This proxy statement and the accompanying notice and form of proxy are being mailed to shareholders on or about April 11, 2007. The Annual Report for the Company's fiscal year ended December 31, 2006 is also being mailed to shareholders contemporaneously with this proxy statement, although the Annual Report does not form a part of the material for the solicitation of proxies. The contents of this proxy statement have been approved by our Board of Directors.

Proxies will be solicited primarily by mail, but employees of the Company may also solicit proxies in person or by telephone. Arrangements may be made with brokerage firms or other custodians, nominees, and fiduciaries to send proxy materials to the beneficial owners of our common stock. All costs incurred in the solicitation of proxies will be borne by the Company.

Matters to be Considered at the Annual Meeting

Unless otherwise indicated, proxies in the form enclosed that are properly executed, duly returned, and not revoked will be voted in favor of (1) the election of one Class I director nominee to the Board of Directors named herein, and (2) the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007.

The Board of Directors is not presently aware of any other proposals that may be brought before the Annual Meeting. In the event other proposals are brought before the Annual Meeting, the persons named in the enclosed proxy will vote in accordance with what they consider to be in the best interests of the Company and our shareholders.

Table of Contents

VOTING REQUIREMENTS

The Board of Directors has fixed the close of business on March 19, 2007 as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. A complete list of all shareholders entitled to vote at the Annual Meeting will be open for examination by any shareholder during normal business hours for a period of ten days prior to the Annual Meeting at the offices of the Company, 200 North Canal Street, Natchez, Mississippi 39120. Such list will also be available at the Annual Meeting and may be inspected by any shareholder who is present.

On the record date, our outstanding voting securities consisted of 20,750,449 shares of common stock. Holders of common stock will be entitled to one vote per share held of record on the record date for each proposal to be presented at the Annual Meeting.

QUORUM AND OTHER MATTERS

The holders of a majority of the total shares of common stock issued and outstanding on the record date, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. For purposes of determining whether a quorum is present under Delaware law, broker non-votes and abstentions count towards the establishment of a quorum.

The election of directors requires the favorable vote of the holders of a plurality of shares of common stock present and voting, in person or by proxy, at the Annual Meeting. Abstentions and broker non-votes have no effect on determinations of plurality except to the extent that they affect the total votes received by any particular candidate.

A majority of the votes represented by the shareholders present at the Annual Meeting, in person or by proxy, is necessary for ratification of the appointment of the Company's independent registered public accounting firm. If this appointment is not ratified by holders of our voting securities, the Audit Committee and the Board may reconsider its appointment and endorsement, respectively. Even if the selection is ratified, the Audit Committee may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Abstaining shares will be considered present at the Annual Meeting for this matter so that the effect of abstentions will be the equivalent of a no vote. With respect to broker non-votes, the shares will not be considered present at the Annual Meeting for this matter so that broker non-votes will have the practical effect of reducing the number of affirmative votes required to achieve a majority vote by reducing the total number of shares from which the majority is calculated. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and the broker has not received voting instructions from the beneficial owner.

Votes cast at the meeting will be counted by the inspector of election.

**PROPOSAL I
ELECTION OF DIRECTORS**

Nominees

Our Certificate of Incorporation provides for a classified Board of Directors. The Board of Directors is divided into three classes of nearly equal size, designated as Class I (currently with one director), Class II (currently with two directors) and Class III (currently with two directors). One class of directors is elected at each annual meeting of shareholders to serve for a three-year term.

The term of the one Class I director, Mr. John C. Wallace, will expire on the date of the Annual Meeting. Mr. Wallace has been nominated to serve as a Class I director until the 2010 Annual Meeting, or until his successor has been duly elected and qualified. Mr. Wallace was nominated by the Board of Directors upon the recommendation of the Nominating and Corporate Governance Committee.

All shares of common stock represented by the proxies will be voted **FOR** the election of Mr. Wallace, except where authority to vote in the election of the director has been withheld. Should Mr. Wallace become unable or unwilling to serve as a director at the time of the Annual Meeting, the person or persons exercising the proxies will vote for the election of substitute nominee designated by the Board of Directors, or the Board of Directors may choose to reduce the number of members of the Board of Directors to be elected at the Annual Meeting in order to eliminate the vacancy. Mr. Wallace has consented to be nominated and has expressed his intention to serve if elected. The Board of Directors has no reason to believe that Mr. Wallace will be unable or unwilling to serve if elected. Only Mr. Wallace or a substitute nominee designated by the Board of Directors will be eligible to stand for election as director at the Annual Meeting.

The Board of Directors recommends that you vote **FOR the election of Mr. Wallace.**

Table of Contents**Directors and Executive Officers of Callon Petroleum Company**

The following table provides information with respect to the nominee, all current directors whose terms will continue after the Annual Meeting, and the present executive officers of the Company. Each executive officer has been elected to serve until his or her successor is duly appointed or elected by the Board of Directors or their earlier removal or resignation from office.

Prior to joining the Company, Mr. Schwager held engineering positions with Exxon Company USA in Louisiana and Texas. He received his B.S. degree in petroleum engineering from Louisiana State University in 1972. He is a registered professional engineer and a member of the Society of Petroleum Engineers.

H. Clark Smith is Chief Information Officer for the Company and Callon Petroleum Operating Company. Prior to being appointed to that position in March 2001, he had served as Manager Information Technology since January 1990 and in other computer related positions with the Company and its predecessors since 1983. At Mississippi State University, he majored in Industrial Technology. During his tenure with the Company, he has received extensive technical and management training from the University of Southern Mississippi, International Business Machines, Microsoft, Novell, and Arthur Andersen & Company. He has also served as Manager Information Services with Jefferson Davis Regional Medical Center and as a principal of the consulting firm, Mississippi Computing Consultants.

Rodger W. Smith is the Corporate Controller and Treasurer for the Company and Callon Petroleum Operating Company. Mr. Smith was appointed Corporate Treasurer in April 1999 and Corporate Controller in 2004. Prior to being appointed Treasurer, he served as Manager of Budget and Analysis since 1994. Prior to 1994, Mr. Smith was Manager of Exploration and Production Accounting and has been employed by the Company and its predecessors since 1983. Prior to his employment with the Company, he was employed by International Paper Company as a plant controller. He received his B.S. degree in accounting from the University of Southern Mississippi in 1973.

John C. Wallace is a Chartered Accountant having qualified with PricewaterhouseCoopers in Canada in 1963, after which he joined Baring Brothers & Co., Limited in London, England. For over twenty-five years, he has served as Chairman of Fred. Olsen Ltd., a London-based corporation that he joined in 1968 and which specializes in the business of shipping, renewable energy and property development. He received his B. Comm degree majoring in Accounting and Economics from McGill University in 1959. In November 2004 he successfully completed the International Uniform Certified Public Accountant Qualification Examination (IQEX) and has received a CPA Certificate from the State of Illinois. Mr. Wallace is a director of Fred. Olsen Energy ASA, a publicly-held Norwegian company engaged in the offshore energy service industry; and Ganger Rolf ASA and Bonheur ASA, Oslo, both publicly-traded shipping companies.

B. F. Weatherly is Executive Vice President and Chief Financial Officer for the Company and Callon Petroleum Operating Company. All officers and directors of the Company are United States citizens, except Mr. Wallace, who is a citizen of Canada. L. Richard Flury holds both U.S. and Canadian citizenship.

The Board of Directors and Governance Matters

General. In accordance with our by-laws and the laws of Delaware, our state of incorporation, our business and affairs are managed under the direction of the Board of Directors. The Board of Directors generally meets on a quarterly basis to review significant developments affecting the Company and to act on matters requiring Board approval. The Board of Directors may also hold special meetings and telephone conference calls when an important matter requires Board action between regularly scheduled meetings.

During 2006, the Board of Directors of the Company met formally four times and executed five unanimous written consents. All of the Company's directors attended more than 75% of the aggregate of the total number of board meetings. In addition, to promote open discussion, the non-management directors meet in executive (private) sessions without management following each quarterly board meeting. The chairperson of such executive sessions is the chairperson of the Nominating and Corporate Governance Committee unless, at the first executive session held in each fiscal year, the independent directors select a different independent director to serve as the chairperson for all executive sessions held during that fiscal year. L. Richard Flury, chairman of the Nominating and Corporate Governance Committee from January 2006 through September 2006 and chairman of the Compensation Committee from October 2006 through December 2006, presided over all executive sessions.

In order to facilitate the various functions of the Board of Directors, the Board of Directors has created an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. These committees are more fully described in the following pages.

Director Independence. It is the policy of the Board of Directors that a majority of the members of the Board be independent of the Company's management. The Company's Corporate Governance Principles contain the following guidelines to assist the Board in determining director independence in accordance with the applicable New York Stock Exchange and SEC rules:

No director who is an employee or former employee of the Company, or whose immediate family member is an executive officer or former executive officer of the Company, shall be considered independent until three years after such employment has ended;

No director who is receiving, or in the last three years has received, or whose immediate family member is receiving, or in the last three years has received, more than \$100,000 per year in direct compensation from the Company, other than fees received in such director's capacity as a member of the Board or any Board committee and pension payments or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) shall be considered independent. Compensation received by an immediate family member for service as a non-executive employee of the Company need not be considered in determining independence;

No director who is, or in the past three years has been, affiliated with or employed by, or whose immediate family member is, or in the past three years has been, affiliated with or employed in a professional capacity by, a present or former internal auditor or independent auditing firm of the Company shall be considered independent;

No director who is, or in the past three years has been, employed as, or whose immediate family member is, or in the past three years has been, employed as, an executive officer by any company for which any executive officer of the Company serves as a member of its compensation committee (or, in the absence of a compensation committee, the board committee performing equivalent functions, or, in the absence of such committee, the Board of Directors) shall be considered independent;

No director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, the Company for property or

services in an amount which, in any single fiscal year, exceeds the greater of \$1,000,000 or 2% of such other company's consolidated gross revenue shall be considered independent until three years after such payments fall below such threshold; and

Table of Contents

An immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home. When applying the three-year look-back provisions, it does not include individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated.

The Board of Directors has affirmatively determined that Messrs. Flury, Wallace and Wilson do not have any material relationships with the Company that may interfere with the exercise of their independence from management and the Company and are independent directors under applicable New York Stock Exchange rules, SEC rules and in accordance with our Corporate Governance Principles. Prior to his appointment as Executive Vice President and Chief Financial Officer in November 2006, the Board of Directors also affirmatively determined that Mr. B. F. Weatherly met the criteria and was an independent director. In connection with his employment with the Company, he no longer qualified as an independent director. Mr. Weatherly resigned from all committees of the Board, but will continue his role as a management member of the Board of Directors.

Corporate Governance Principles. The Company believes that good corporate governance is important to ensure that Callon Petroleum Company is managed for the short- and long-term benefit of its shareholders. Available on the Company website, www.callon.com, under the section "Governance", are copies of the Company's:

Corporate Governance Principles;

Code of Business Conduct and Ethics;

Audit Committee Charter (attached as Exhibit A);

Compensation Committee Charter;

Nominating and Corporate Governance Committee Charter; and

Members serving on each of the Board of Directors' Committees.

Any amendments to or waivers of the foregoing documents will also be posted on the Company's website. Copies of these documents are available in print, free of charge, to any shareholder upon request to the Company's Corporate Secretary.

Ethics. The Company's Code of Business Conduct and Ethics sets forth our policies and expectations. The Code, which applies to every director, officer and employee, addresses a number of topics, including conflicts of interest, relationships with others, corporate payments, disclosure policy, compliance with laws, corporate opportunities and the protection and proper use of the Company's assets. The Code meets the New York Stock Exchange's requirements for a code of business conduct and ethics as well as the SEC's definition of a code of ethics applicable to the Company's senior officers. Neither the Board of Directors nor any Board committee has ever granted a waiver of the Code.

Communication with the Board of Directors. In order to provide the Company's shareholders and other interested parties with a direct and open line of communication to the Board of Directors, the Board of Directors has adopted procedures for communications to directors. Callon shareholders and other interested persons may communicate with the Chairman of the Company's Audit Committee, or with the non-management directors of the Company as a group, by written communications addressed in care of Robert A. Mayfield, Corporate Secretary, Callon Petroleum Company, 200 North Canal Street, Natchez, MS 39120.

All communications received in accordance with these procedures will be reviewed initially by senior management of the Company. Senior management will relay all such communications to the appropriate director or directors unless it is determined that the communication:

does not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its committees;

relates to routine or insignificant matters that do not warrant the attention of the Board of Directors;

is an advertisement or other commercial solicitation or communication;

is frivolous or offensive; or

is otherwise not appropriate for delivery to directors.

The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees and whether any response to the person sending the

Table of Contents

communication is appropriate. Any such response will be made only in accordance with applicable law and regulations relating to the disclosure of information.

The Corporate Secretary will retain copies of all communications received pursuant to these procedures for a period of at least one year. The Board of Directors will review the effectiveness of these procedures from time to time and, if appropriate, recommend changes. As of the record date, no such communications have been received.

Attendance at Annual Meeting of Shareholders. It is the policy of the Board that, to the extent possible, all directors attend the Annual Meeting of Shareholders. All directors attended the 2006 Annual Meeting of Shareholders.

Committees of the Board of Directors**Audit Committee Functions and Responsibilities**

The principal function of the Audit Committee is to assist the Board of Directors in the areas of financial reporting and accounting integrity. The Audit Committee reviews the accounting and auditing procedures and financial reporting practices of the Company and is responsible for the engagement of and overseeing all audit work conducted by the Company's independent registered public accounting firm. The Audit Committee is governed by a charter that has been approved by the Board of Directors. The Audit Committee meets periodically with the Company's management, internal auditor and independent registered public accounting firm to review the Company's financial information and systems of internal controls and ensures such parties are properly discharging their responsibilities. The independent registered public accounting firm reports directly to the Audit Committee and periodically meets with the Audit Committee without management representatives present. The Audit Committee has the authority to investigate any matters brought to its attention and to retain outside legal, accounting or other consultants if deemed necessary.

The Audit Committee is composed entirely of non-management members of the Board, each of whom satisfy the independence requirements for audit committee members under Rule 10A-3 of the Securities Exchange Act of 1934, and are independent and financially literate as defined by New York Stock Exchange rules. Members of the Audit Committee may not simultaneously serve on the audit committee of more than two other public companies. The Audit Committee is currently comprised of Messrs. Wallace (Chairman), Flury, and Wilson. Prior to his resignation from the Audit Committee in connection with his employment with the Company, Mr. B. F. Weatherly also served as a member of the committee. Additionally, the Board of Directors has determined that Mr. Wallace has the accounting or financial management expertise to be considered a financial expert as defined and required by the New York Stock Exchange's rules and by the Securities Exchange Act of 1934.

The Audit Committee held five meetings and did not execute any unanimous written consents during 2006. All members of the Audit Committee attended all the meetings. The Audit Committee's report on its activities during 2006 appears later in this proxy statement under the caption Audit Committee Report.

Relationship with Independent Registered Public Accounting Firm. Management is responsible for establishing and maintaining internal controls over financial reporting and for assessing the effectiveness of those controls. The independent registered public accounting firm is responsible for performing independent audits of the Company's consolidated financial statements and internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing reports thereon. The Audit Committee's responsibility is to monitor and oversee these processes. Ernst & Young LLP, an independent registered public accounting firm, served as the Company's independent registered public accounting firm during 2005 and 2006 and was appointed by the Audit Committee to serve in that capacity for 2007.

Audit Fees Paid to Independent Registered Public Accounting Firm. Fees paid for professional services rendered related to the year ended December 31, 2005 by Ernst & Young LLP for the annual audit and quarterly reviews (including the requirements under Section 404 of the Sarbanes-Oxley Act) were \$304,916, including out-of-pocket expenses. Fees paid for professional services rendered related to the year ended December 31, 2006 by Ernst & Young LLP for the annual audit and quarterly reviews (including the requirements under Section 404 of the Sarbanes-Oxley Act) were \$335,892, including out-of-pocket expenses. The Audit Committee has concluded that providing the tax-related services mentioned below is compatible with maintaining the principal registered public accounting firm's independence.

Audit-related Fees. There were no audit-related fees paid in 2005 or 2006.

Tax Fees. Professional services billed by Ernest & Young LLP for the review of the federal tax return, federal, state and local tax planning and advice, quarterly estimated tax payments, and assistance/analysis of tax attributes for 2005 were \$18,040. Professional services billed for the review of the federal tax return, tax advice and tax planning services for 2006 totaled \$8,545.

All Other Fees. There were no other fees paid to the Company's independent registered public accounting firm in 2005 or 2006.

Pre-Approval Policy of Audit, Audit-Related, Tax and Non-Audit Services. The Audit Committee pre-approves all audit services and non-audit services (including the fees and terms thereof) to be performed for the Company by its independent registered public accounting firm, as required by applicable law or listing standards and subject to the terms of the audit and non-audit services pre-approval policy adopted by the Audit Committee. The Committee may delegate authority to one or more of its members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of any such member to grant pre-approvals are consistent with the terms of the Pre-Approval Policy and are presented to the full Committee at its next scheduled meeting.

Audit Committee Report

Acting pursuant to its Charter, the Audit Committee reviewed and discussed the Company's audited financial statements at, and for the year ended, December 31, 2006 with management and the Company's independent registered public accounting firm and recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006. This recommendation was based on:

the Audit Committee's review of the audited financial statements;

discussion of the financial statements with management;

discussion with the Company's independent registered public accounting firm, Ernst & Young LLP, of the matters required to be discussed by auditing standards generally accepted in the United States of America, including the matters required to be discussed by SAS 61;

receipt from Ernst & Young LLP of the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees);

discussions with Ernst & Young LLP regarding its independence from the Company and its management;

Ernst & Young LLP's confirmation that it would issue its opinion that the consolidated financial statements present fairly, in all material respects, the financial position of the Company and its consolidated subsidiaries and the results of their operations and cash flows for the periods presented in conformity with accounting principles generally accepted in the United States of America; and

other matters the Audit Committee deemed relevant and appropriate.

Compensation Committee Functions and Responsibilities

The purpose of the Compensation Committee is to:

review the compensation philosophy and strategy of the Company and consult with the CEO, as needed, regarding the role of the Company's compensation strategy in achieving the Company's objectives and performance goals and the short- and long-term interests of the Company's shareholders;

annually review market and industry data to assess the Company's competitive position with respect to the individual elements of total executive compensation to ensure the attraction, retention and appropriate reward of the Company's CEO and other executive officers;

administer the Company's incentive compensation and stock option and other equity based plans in which the CEO and other executive officers and employees may be participants;

Table of Contents

annually review and establish the base salary, incentive compensation, stock options, performance shares for the CEO and make recommendations to the Board with respect to compensation of the Company's other executive officers and employees;

annually review and approve corporate goals and objectives relevant to incentive compensation of the CEO and other executive officers and employees;

review, recommend, and discuss with management the compensation discussion and analysis section included in the Company's annual proxy statement; and

prepare an annual report on executive compensation for inclusion in the Company's proxy statement for the Annual Meeting of Shareholders.

Each member of the Committee meets the independence requirements of the New York Stock Exchange and applicable federal securities laws. Effective October 1, 2006, L. Richard Flury was appointed to serve as chairman of the Compensation Committee following the resignation of B.F. Weatherly. Current members are Messrs. Flury (chairman), Wallace and Wilson.

The Compensation Committee held four meetings and executed four unanimous written consents during 2006. All members of the Compensation Committee attended all the meetings.

Compensation Committee Interlocks and Insider Participation. The members of the Company's Compensation Committee are Messrs. L. Richard Flury (Chairman), John C. Wallace and Richard O. Wilson, none of whom are or have been officers or employees of the Company or any of its subsidiaries or had a relationship requiring disclosure under this caption.

Nominating and Corporate Governance Committee Functions and Responsibilities

The purpose of the Nominating and Corporate Governance Committee is to:

identify and recommend to the Board individuals qualified to be nominated for election to the Board;

recommend to the Board the members and chairperson for each Board committee;

periodically review and assess the Company's Corporate Governance Principles and the Company's Code of Business Conduct and Ethics and make recommendations for changes thereto to the Board;

oversee the annual self-evaluation of the performance of the Board and the annual evaluation of the Company's management; and

recommend to the Board a successor to the CEO when a vacancy occurs.

Each member of the Committee meets the independence requirements of the New York Stock Exchange and applicable federal securities laws. Prior to October 1, 2006, L. Richard Flury served as chairman of the Nominating and Corporate Governance Committee. Effective October 1, 2006, Richard O. Wilson replaced Mr. Flury as chairman and Mr. B. F. Weatherly resigned from the Nominating and Corporate Governance Committee. Current members are Messrs. Wilson (Chairman), Wallace, and Flury. The Nominating and Corporate Governance Committee held two meetings and executed two unanimous written consents during 2006. All members of the Nominating and Corporate Governance Committee attended all the meetings. Prior to the formation of this Committee, the entire Board of Directors performed these functions.

Director Identification and Selection. The Nominating and Corporate Governance Committee has established certain criteria it considers as guidelines in considering nominations to the Company's Board of Directors. The criteria include:

personal characteristics, including such matters as integrity, age, education, diversity of background and experience, absence of potential conflicts of interest with the Company or its operations, and the availability and willingness to devote sufficient time to the duties of a director of the Company;

experience in corporate management, such as serving as an officer or former officer of a publicly held company;

experience in the Company's industry and with relevant social policy concerns;

experience as a board member of another publicly held company;

academic expertise in an area of the Company's operations; and

practical and mature business judgment.

The criteria are not exhaustive and the Nominating and Corporate Governance Committee and the Board of Directors may consider other qualifications and attributes which they believe are appropriate in

Table of Contents

evaluating the ability of an individual to serve as a member of the Board of Directors. The Nominating and Corporate Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In order to ensure that the Board consists of members with a variety of perspectives and skills, the Nominating and Corporate Governance Committee has not set any minimum qualifications and also considers candidates with appropriate non-business backgrounds. Other than ensuring that at least one member of the Board is a financial expert and a majority of the Board members meet all applicable independence requirements, the Committee does not have any specific skills that it believes are necessary for any individual director to possess. Instead, the Committee evaluates potential nominees based on the contribution such nominee's background and skills could have upon the overall functioning of the Board. In accordance with the Company's by-laws, any shareholder may nominate a person for election to the Board of Directors upon delivery of written notice to the Company of such nomination, stating the name and address of the nominee and describing his qualifications. Such notice shall be sent by certified mail or delivered to the principal office of the Company to the attention of the Board of Directors, with a copy to the President and Corporate Secretary of the Company.

The Board of Directors believes that, based on the Nominating and Corporate Governance Committee's knowledge of the Company's Corporate Governance Principles and the needs and qualifications of the Board at any given time, the Nominating and Corporate Governance Committee is best equipped to select nominees that will result in a well-qualified and well-rounded board of directors. In making its nominations, the Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills that are consistent with the Committee's criteria for Board service are re-nominated. As to new candidates, the committee will generally poll the Board members and members of management for recommendations. The committee may also review the composition and qualification of the boards of directors of the Company's competitors, and may seek input from industry experts or analysts. The committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making its determinations, the committee evaluates each individual in the context of the Board as whole, with the objective of assembling a group that can best represent shareholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the committee makes its recommendation to the Board of Directors. The committee may in the future choose to engage third-party search firms in situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who beneficially own more than ten percent of a registered class of the Company's equity securities, to file with the Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent shareholders are required by the Commission's regulations to furnish the Company and the New York Stock Exchange copies of all Section 16(a) forms they file with the Commission.

Based solely on review of the copies of such reports furnished to the Company during, or with respect to, the fiscal year ended December 31, 2006, and written representations from all of the Company's officers and directors, to the Company's knowledge, all of the Company's officers, directors and greater than ten percent shareholders have complied with all Section 16(a) filing requirements for the year ended December 31, 2006.

Compensation Discussion and Analysis on Executive Compensation

Oversight of Executive Compensation Program

The Compensation Committee of our Board of Directors oversees our compensation programs. Consistent with the listing requirements of the New York Stock Exchange, the Compensation Committee is composed entirely of independent members of our Board of Directors. The primary function of the Committee is to assist our Board of Directors in the discharge of its fiduciary responsibilities relating to compensation of our Chief Executive Officer and other executives. From time to time the Committee has retained a compensation consultant to assess the effectiveness of the Company's compensation program. The Committee did not engage a consultant in 2006.

Compensation Program Philosophy and Objectives

Our business strategy is to enhance shareholder value through sustained growth in our reserve base, production levels and resulting cash flows from operations. Over the past several years, we have shifted our emphasis from the acquisition of producing properties to the acquisition of acreage with development and exploratory drilling opportunities. Our compensation program is designed to help us successfully implement our strategy. Our compensation program has four objectives:

To attract, retain and motivate qualified executives whose performance is key to the successful execution of our strategy and the achievement of our corporate goals;

To create a performance-oriented environment that rewards achievement of our short- and long-term strategic goals;

Table of Contents

To provide an executive compensation structure that is internally equitable based upon the level of responsibility of our executives; and

To align the interests of our executive officers with those of our shareholders.

The Committee considers various factors such as each executive's motivation level, leadership ability, overall knowledge and experience in his particular segment of our business, the competitive compensation environment for such individual, that person's unique skills and his or her expected future contribution to the success of our company. We feel that if these qualities are rewarded, the executives will be motivated to achieve our corporate goals and implement our strategies.

Elements of Compensation

The Committee believes that the compensation environment for qualified technical professionals in the domestic oil and gas industry is highly competitive, particularly as a result of current efforts to reduce dependence on foreign oil. It also believes that similar compensation pressure has resulted from increased financial reporting and corporate governance regulatory issues implemented within recent years. In order to compete in this environment, our executive officers' compensation has four components:

base salary;

annual discretionary cash bonuses;

stock option and performance share awards granted periodically under our incentive plans; and

other benefits that, in most cases, are available to all salaried employees.

We pay base salaries at appropriate levels to recognize each executive officer's unique value and historical contributions to the Company's success in light of salary norms in the industry and the general marketplace; to match competition for executive talent; to provide executives with predictable, regularly-paid income; and to reflect the executive's position and level of responsibility. In general, the Committee believes that base salary should be relatively stable over time, providing the executive a dependable, minimum level of compensation.

We include an annual cash bonus as part of our compensation program because we believe this element of compensation helps to motivate management to achieve key short-term (annual) corporate objectives. We also provide an annual cash bonus in order to be competitive from a total remuneration standpoint.

Long-term equity-based incentive compensation is an element of our compensation policy because we believe it aligns management and executives' interests with the interests of the Company's shareholders. Our equity incentives also reward the attainment of long-term corporate objectives by our executives. We generally grant equity awards that are subject to vesting over several years in order to encourage management and executive retention. We also believe that grants of equity-based compensation are necessary to enable us to be competitive from a total remuneration standpoint.

We also offer benefits such as matching 401(k) contributions and payment of insurance premiums in order to provide a competitive remuneration package.

How We Determine Our Compensation Levels

Base Salaries. There are two components to how we determine base salaries. First, in January of each year, all employee salaries, including salaries of our executive officers, are automatically increased by a cost of living adjustment. The amount of the actual increase is determined by the Compensation Committee and is tied, generally, to the Consumer Price Index published by the U. S. Department of Labor for the previous year. Based on this information, the cost of living adjustment approved by the Committee in January 2006 was 5%.

Second, at a regularly scheduled meeting, generally in March, the Committee reviews annual base salaries of the executive officers, beginning with the Chief Executive Officer. His compensation package is compared to the compensation packages of CEOs at other companies the Committee deems at that time to be similar in operational aspects and in size to us, which we refer to as Peer Companies. For 2006, the Peer Companies were W&T Offshore, Inc.; ATP Oil & Gas Corporation; PetroQuest Energy, Inc.; Energy Partners, Ltd.; and Stone Energy Corporation.

Compensation information with respect to these Peer Companies is obtained from public filings made by the Peer Companies.

Table of Contents

The Committee then establishes the CEO's base salary for the ensuing year, targeting the mid to upper salary range of the Peer Companies. Following this review and discussion, the CEO joins the Committee meeting. The remaining executive officers' base salaries are discussed with the CEO along with his suggestions for adjustments, if necessary. The Committee approves all base salary adjustments for the executive officers which generally become effective on the next bi-weekly payroll.

In addition to the annual cost of living adjustment and annual base salary reviews, the Committee, with input from the CEO, has the discretion to periodically approve any additional salary adjustments it feels are warranted based on general compensation changes within the industry, individual performance or significant changes in duties and responsibilities.

In January 2006, Mr. Callon's salary was increased from \$414,000 in 2005 to \$434,700, representing the 5% cost of living adjustment. At its regular meeting in March 2006, after comparing Mr. Callon's salary to CEO salaries at the Peer Companies and determining that his salary was already in the mid to upper range, the Committee determined that no further adjustment was necessary.

In January 2006, Messrs. Woodcock's, Schwager's, and Smith's salaries were increased from \$188,555; \$177,463; and \$139,725 to \$197,982; \$186,336; and \$146,711, respectively, representing the 5% cost of living adjustment. In March 2006, their salaries were increased to \$225,000, \$200,000, and \$175,000, respectively. These increases were primarily the result of comparisons to Peer Companies, targeting the mid to upper range of salaries for similar positions.

In November 2006, B.F. Weatherly was hired as the Company's Executive Vice President and Chief Financial Officer. His initial annual salary was set by the committee at \$350,000. This salary level was selected based on a comparison of salaries paid for the similar position at the Peer Companies and targeted the mid to upper range.

Annual Cash Bonuses. Executive officers, senior management and other non-management technical personnel have the potential to receive a significant portion of their annual cash compensation as a cash bonus. Each year, following the Board of Directors' approval of the annual operating budget and financial forecast for the next year, at its regular November meeting, the Compensation Committee sets cash bonus guidelines for the next year. These guidelines, weighted equally, are based on measures such as cash flow per share to common shareholders, pre-tax net income, finding costs, oil and gas production levels, and oil and gas reserve growth. Generally in late February of the following year, the Committee uses the Company's year-end audited financial statements to review our performance relative to each of the guidelines and calculates a bonus attainment percentage, which is based on the average achievement of these guidelines. If the bonus attainment percentage ranges between 80% and 120% of the guidelines, the Chief Executive Officer is eligible for a bonus generally targeted at 100% of his base salary, our other executive officers are eligible for a bonus generally targeted at 50% of their base salary, and other key management personnel are eligible for a bonus generally targeted at 20% of their base salary. The Committee may also consider how unexpected events may have impacted the bonus attainment percentage. For example, a large acquisition may substantially change our budget and forecast prepared prior to the beginning of a year, thereby affecting the original guidelines established for payment of bonuses. In addition, as occurred in 2005, adverse weather conditions may damage our facilities and reduce our production, cash flows and other measures used as guidelines to assist in determining the amount of our bonuses. Also, our Committee encourages our executives to pursue long-term goals, even if these long-term goals may result in a reduction in our near-term performance. Accordingly, after taking into account the bonus attainment percentage, unanticipated events, as well as individual achievements and contributions, the Committee in its discretion determines actual bonus amounts. Cash bonuses earned and approved by the Committee are generally paid prior to March 15th.

The Compensation Committee approved payment of cash bonuses for fiscal 2006 based upon the following guidelines: total annual production expressed in billion cubic feet of natural gas equivalent, cash flow to shareholders, pre-tax net income, reserve additions, and finding costs per Mcfe. Our actual attainment percentage calculated using audited financial statements for year-end 2006 was approximately 60%. As of April 11, 2007, no cash bonuses attributable to the Named Executive Officers for 2006 have been awarded. Although individual bonus amounts have not yet been determined, the Compensation Committee may award cash bonuses to be paid on or before April 23, 2007. Should such bonuses be awarded, this information will be reported on Form 8-K and filed with the SEC

immediately following the award date.

Long-term Compensation. The Compensation Committee administers our incentive plans and performs functions that include selecting award recipients, determining the timing of grants and assigning the number of shares awarded, fixing the time and manner in which awards are exercisable, setting option exercise prices and vesting and expiration dates, and from time to time adopting rules and regulations for carrying out the purposes of our plans. For compensation decisions regarding the grant of equity compensation to executive officers, our Compensation Committee typically consider the competitive environment associated with longer-term

Table of Contents

compensation and recommendations from our Chief Executive Officer. All awards are priced at the fair market value on the grant date in accordance with SFAS No. 123R. Beginning in 2004, the Committee adopted a general policy to grant performance shares in lieu of options due to the many variables in valuing option awards and now considers granting performance shares every two years rather than each year as was previously the case with respect to options.

We have no set formula for the granting of equity awards to individual executives or employees. In August 2006, the Compensation Committee approved the award of an aggregate of 500,000 shares of common stock representing 2.4% of the outstanding common shares on the date of grant. These shares vested 20% on the grant date and will vest 20% on each anniversary thereafter and are subject to forfeiture in the event of voluntary termination of employment. The Committee approved specific award amounts to our executive officers while our Chief Executive Officer allocated the remaining awards among our other employees. Of the total awarded, 144,000 shares, or 29%, were awarded to the executive officers named in the Summary Compensation Table, excluding B. F. Weatherly because he was not a full-time employee of the Company at that time.

Upon a change in control, death, disability, retirement or termination without good reason, any remaining unvested option grants will automatically be deemed 100% vested. Remaining vested option grants continue to be exercisable for a period of up to one year following the event except for death, which is two years. Voluntary terminations and terminations for cause do not result in accelerated vesting.

We do not have any program, plan or obligation that requires us to grant equity compensation on specified dates. However, our Committee does follow a policy of not granting equity incentives when material non-public information exists that may affect the short-term price of our stock. In recent years, we have granted equity awards in either July or August generally in connection with a regularly scheduled Compensation Committee meeting. All equity awards to our employees, including executive officers, and to our directors have been granted and reflected in our consolidated financial statements, based upon the applicable accounting guidance, at fair market value on the grant date in accordance with SFAS No. 123R. Information about unvested performance shares and outstanding options held by our named executive officers and directors is contained in the Outstanding Equity Awards at December 31, 2006 and Director Compensation tables.

Other Company Provided Benefits. We provide Company benefits that we believe are standard in the industry to all of our employees. These benefits consist of a group medical and dental insurance program for employees and their qualified dependents, group life insurance for employees and their spouses, accidental death and dismemberment coverage for employees, a Company sponsored cafeteria plan and a 401-K employee savings and protection plan. The costs of these benefits are paid entirely by the Company. Employee life insurance amounts surpassing the Internal Revenue Service maximum are treated as additional compensation to all employees. The company's 401-K contribution to each qualified participant, including the named executive officers, is calculated based on 5% of the employee's eligible salary, excluding annual cash bonuses, and is paid one-half in cash and one-half in Company stock, limited to IRS regulations. The Company also matches employee deferral amounts, including amounts deferred by named executive officers, up to a total of 5% of eligible compensation. The Company pays all administrative costs to maintain the plan.

Our executive officers are entitled to certain benefits, or perquisites, that are not otherwise available to all of our employees. We provide our Chief Executive Officer, Chief Financial Officer and other executive officers with use of a company automobile. We purchase the automobile and pay for all maintenance, repairs, insurance and fuel. The employee is required to recognize taxable income using the Internal Revenue Service's annual lease value method for personal use of the vehicle. Another benefit offered only to Mr. Fred L. Callon is the Company's payment of term life insurance policies for which Mr. Callon is the sole beneficiary and which the Company has no economic interest in the proceeds. The costs associated with these benefits for the Named Executive Officers are reported as Other Compensation in the Summary Compensation Table.

Internal Revenue Service Limitations. We have structured our compensation program to comply with Internal Revenue Code Sections 162(m) and 409A. Under Section 162(m) of the Internal Revenue Code, a limitation was placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not

comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the Service Provider is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income. The Company has no individuals with non-performance based compensation paid in excess of the Internal Revenue Code Section 162(m) tax deduction limit. However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interest

of the stockholders, after taking into consideration changing business conditions or the executive's individual performance and/or changes in specific job duties and responsibilities.

Insider Trading and Stock Ownership Policy. Currently we do not have a stock ownership policy that applies to our employees. We do have an Insider Trading Policy for which all employees and members of our Board of Directors are prevented from buying or selling Company stock during an announced trading blackout period. Generally a blackout period is placed in effect by senior management when material non-public information about the Company exists and may have an influence on the marketplace.

Certain Relationships and Related Party Transactions. Our Audit Committee charter provides that the Company shall not enter into a related party transaction unless such transaction is approved by the Audit Committee after a review of the transaction by the Audit Committee for potential conflicts of interest. A transaction will be considered a related party transaction if the transaction would be required to be disclosed under Item 404 of Regulation S-K. In addition, our Code of Business Conduct and Ethics provides that an officer's or a director's conflict of interest with the Company may only be waived if the Nominating and Governance Committee approves the waiver and the full Board of Directors ratifies the waiver. The Committees have the authority to hire legal, accounting, financial or other advisors as it may deem necessary or desirable and/or to delegate responsibilities to executive officers of the Company in connection with discharging their duties. As of December 31, 2006, we are not aware of any related party transactions with our executive officers that may cause a conflict of interest with the Company.

Compensation Committee Report

We have reviewed and discussed with management certain Compensation Discussion and Analysis provisions included in the Company's 2007 Shareholder Meeting Schedule 14A Proxy Statement, filed pursuant to Section 14(a) of the Securities Exchange Act of 1934. Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the Compensation Discussion and Analysis referred to above be included in the Company's 2007 Proxy Statement.

Table of Contents**Stock-Based Incentive Compensation Plans**

The Company currently maintains four common stock-based incentive plans for its directors and employees: the 1994 Plan, the 1996 Plan, the 2002 Plan, and the 2006 Plan.

1994 Plan. The 1994 Plan was adopted on June 30, 1994 and approved by the Company's sole shareholder on that date. Pursuant to the 1994 Plan, 600,000 shares of common stock were reserved for issuance upon the exercise of options or for grants of performance shares. The 1994 Plan terminated effective July 14, 2004, therefore, no awards were made after this date.

1996 Plan. On August 23, 1996, the Board of Directors of the Company approved and adopted the 1996 Plan. The 1996 Plan was later approved by the shareholders of the Company on June 19, 1997. Pursuant to the 1996 Plan, 900,000 shares of common stock were reserved for issuance upon the exercise of options or for grants of performance shares. On August 20, 1998, the Board of Directors amended the 1996 Plan, as permitted pursuant to the terms of the 1996 Plan, to increase the number of shares of common stock reserved for issuance to 1,200,000 shares. On May 9, 2000, the shareholders of the Company approved an increase in the available number of shares of common stock reserved for issuance under the 1996 Plan to 2,200,000 shares. During 2006, 15,000 options were issued to a newly hired employee, 520,000 performance shares were awarded to company employees and to non-management directors, 294,427 shares were returned to the plan as a result of being withheld to pay the exercise price and income taxes associated with option exercises and/or vesting of performance shares, and 446,384 shares became un-issuable as a result of the termination of the plan. As of March 19, 2007, there were no remaining shares of common stock available for grant under the 1996 Plan.

2002 Plan. On February 14, 2002, the Board of Directors of the Company approved and adopted the 2002 Plan. Pursuant to the 2002 Plan, 350,000 shares of common stock are reserved for issuance upon the exercise of options or for grants of stock options, stock appreciation rights or units, restricted stock, or performance shares or units. This Plan qualified as a broadly based plan under the provisions of the New York Stock Exchange rules and regulations at the time it was adopted and therefore did not require shareholder approval. Because the 2002 Plan is a broadly based plan, the aggregate number of shares underlying awards granted to officers and directors cannot exceed 50% of the total number of shares underlying the awards granted to all employees during any three-year period. During 2006, 17,500 performance shares were issued. To date in 2007, there have been no awards granted. As of March 19, 2007, there were 18,166 shares of common stock available for future grant under the 2002 Plan.

2006 Plan. On March 9, 2006, the Board of Directors of the Company approved and adopted the 2006 Plan, subject to shareholder approval. The 2006 Plan was approved by the shareholders in conjunction with the 2006 Annual Meeting of Shareholders held on May 4, 2006. Pursuant to the 2006 Plan, 500,000 shares of common stock are reserved for issuance upon the exercise of options or for grants of stock options, stock appreciation rights or units, restricted stock, or performance shares or units. During 2006, 45,000 performance shares were awarded to B. F. Weatherly as a new employee. To date in 2007, there have been no awards granted. As of March 19, 2007, there were 455,000 shares of common stock available for future grant under the 2006 Plan.

1997 Employee Stock Purchase Plan. In 1997, the Board of Directors authorized the implementation of the Callon Petroleum Company 1997 Employee Stock Purchase Plan (the 1997 Purchase Plan), which was approved by the Company's shareholders on June 19, 1997. The Plan provided eligible employees of the Company with the opportunity to acquire a proprietary interest in the Company through participation in a payroll deduction-based employee stock purchase plan. An aggregate of 250,000 shares of common stock was reserved for issuance over the ten-year term of the 1997 Purchase Plan. The purchase price per share at which common stock could be purchased by the participant on each purchase date within an offering period was equal to eighty-five percent of the fair market value per share of common stock. As of March 19, 2007, all reserved shares have been issued.

Long-Term Incentive Plan Awards

Other than the 1994 Plan, the 1996 Plan, the 2002 Plan, and the 2006 Plan the Company does not have a long-term incentive plan for its employees.

Table of Contents**Executive Compensation Post Employment**

The following table shows the estimated gross taxable compensation payable upon a change in control or termination of employment under several scenarios. The information assumes, in each case, that the officer's termination was effective as of December 31, 2006. In presenting this disclosure, we describe amounts earned through December 31, 2006 and, in those cases where the actual amounts to be paid out can only be determined at the time of such executive's separation from the Company, our estimates of the amounts which would be paid out to the executives upon their termination.

(1) The award agreements under which performance shares were issued to our named executive officers provide for accelerated vesting upon a change in control or termination of employment for good reason or upon death, disability or retirement. In addition, Fred L. Callon is a party to a Severance Compensation Agreement with the Company that provides for benefits in the event of a change in control or termination of employment. See Employment Agreements, Termination of Employment and Change-in-Control Arrangements and footnote 8 below.

Change in Control is generally defined consistent with industry standards.

(2) Termination for Good Reason is generally defined as voluntary termination following the Company's failure to maintain and continue the executive's title or position, compensation, employee benefits, duties, responsibilities and status with the Company as in effect at the date the award. The definition also includes the mandatory relocation in excess of a fifty (50) mile radius of Natchez, MS.

(3) Termination for Cause is generally defined as willful misconduct or intentional and continual neglect of duties which may continue after the employee has had a reasonable opportunity to correct the same, commission of fraud or embezzlement, any action intended to harm the Company, theft or conviction of a

felony.

- (4) Disability is generally defined as the employee's inability to carry out the normal and usual duties of his employment on a full-time basis for an entire period of six (6) continuous months together with the reasonable likelihood, as determined by the Board of Directors after consultation of a qualified physician, will be unable to carry out his normal and usual duties of employment. Retirement is generally defined as the employee's attainment of an age which the Board of Directors determines to be consistent with normal retirement age.
- (5) The amount has been computed based on the provisions contained in Mr. Callon's Severance Compensation Agreement.
- (6) The amounts are computed based on unvested stock awards at December 31, 2006 using the closing

price of the Company's common stock on the New York Stock Exchange on December 29, 2006, the last trading day for 2006, at \$15.03 per share.

- (7) Benefits consist of thirty-six months of employer provided family medical and dental insurance, life insurance, dependent life insurance, accidental death coverage and disability coverage.

- (8) Amount represents an estimated tax gross-up assuming a change in control on December 31, 2006. Due to Mr. Callon's annual salary, bonuses, his taxable income from the vesting of performance shares, and the exercise of options during the last five years (which is included for purposes of calculating base compensation under Section 280G), we estimate that there would be excise taxes imposed on him and a corresponding payment by the

Company. The applicable tax rates for purposes of computing the IRC Section 4999 excise tax gross-up were as follows: 35% (Federal); 5% (MS state); 1.45% (Medicare), and 20% (IRC Section 4999).

Employment Agreements, Termination of Employment and Change-in-Control Arrangements

Severance Compensation Agreements. Effective January 1, 2002, the Company entered into a Severance Compensation Agreement with Fred L. Callon providing for certain benefits in the event that a change of control occurs. The Agreement provides for a three-year term that automatically extends for successive one-year periods until either the Company or Mr. Callon notifies the other party prior to such renewal that it has elected to terminate the Agreement; provided that the term of the Agreement shall be until the later of two years following the date of a change of control and the satisfaction of all obligations of the Company under the Agreement. The Agreement terminates upon the executive's death, disability termination for cause or voluntary resignation other than for good reason.

Pursuant to the Agreement, if Mr. Callon's employment with the Company is terminated without cause by the Company or for good reason by him within two years following a change of control by the Company (or in certain cases, prior to a change of control), then Mr. Callon is entitled to a single lump-sum cash payment in an amount equal to three times the sum of (a) his annual base salary, and (b) the higher of the average bonus earned by him during the three preceding years or the target bonus that he is

Table of Contents

eligible to receive during the year of termination. In addition, the Company must maintain at its expense until 36 months after the date of termination all life, disability, medical, dental, accident and health insurance coverage. If Mr. Callon's employment is terminated as a result of his death or disability, the Company is only required to make such payments if the termination occurred within six months of a change of control. Good reason is generally defined in the Agreement as a change in compensation, benefits, position, responsibilities, or location. A change of control is generally defined in the Agreement as (i) any person or group of persons acting in concert shall have become the beneficial owner of more than 50% of the outstanding common stock of the Company; (ii) the stockholders of the Company shall cause a change in the majority of the members of the Board of Directors within a twelve-month period; or (iii) the Company or its stockholders shall enter into an agreement to dispose of all or substantially all of the assets or outstanding capital stock of the Company.

The Agreement also provide that, upon a change of control, all stock options, performance shares, restricted stock, stock appreciation rights and other similar rights held by Mr. Callon shall automatically become fully exercisable notwithstanding any vesting or exercisability provisions. If the Company cannot provide for acceleration of vesting as a result of provisions in existence prior to a change of control of any plan or agreement, the Company must provide in lieu thereof a lump-sum cash payment equal to the difference between the total value of the outstanding stock rights as of the date of termination and the total value of the stock rights in which Mr. Callon is vested as of the date of termination.

The Agreement incorporates a provision to deal with the impact of the federal excise tax on excess parachute payments. The so-called golden parachute tax rules subject excess parachute payments to a dual penalty: the imposition of a 20 percent excise tax upon the recipient and non-deductibility of such payments by the paying corporation. While the excise tax is seemingly evenhanded, the excise tax can discriminate against long-serving employees in favor of new hires, against individuals who do not exercise stock options in favor of those who do and against those who elect to defer compensation in favor of those who do not. For these reasons, we believe that the provision of the excise tax gross-up in the Agreement is appropriate. If any payment to Mr. Callon is subject to any excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, a gross-up payment will be made to place such executive in the same net after-tax position as would have been the case if no excise tax had been payable.

Compensation of Non-Management Directors

Each non-management director receives an annual retainer of \$40,000 per year with an additional \$20,000 per year for the chairman of the Audit Committee and an additional \$10,000 per year to the chairman of the Compensation Committee and the chairman of the Nominating and Corporate Governance Committee. At the Company's expense, each non-management director is reimbursed for reasonable out-of-pocket costs incurred to attend Board meetings. Pursuant to the 1996 Plan, each non-management director receives 5,000 stock options each year as part of their total compensation arrangement. During 2006, the 1996 Plan expired and as a result, the Compensation Committee elected to grant 5,000 performance shares to each non-management director to replace the lost options. The amount and frequency of future performance share awards will be at the discretion of the Compensation Committee. The table below indicates the total compensation earned and paid during 2006 for each non-management director:

Non-Management Director Compensation for 2006

See Note 3 of the consolidated financial statements in the Company's Annual Report for the year ended December 31, 2006 regarding assumptions underlying valuation of equity awards.
- (6) Represents current year amortization in accordance with FAS 123R of 25,000 shares of common stock awarded on August 19, 2004. The shares awarded in 2004 had a fair market value of \$11.59 on the date of the award with vesting over a five-year period. Amortization represents twelve of the sixty-month

amortization period. The grant date fair value of the original award was \$289,750.

- (7) Represents current year amortization in accordance with FAS 123R of 25,000 shares of common stock awarded on July 14, 2004. The shares awarded in 2004 had a fair market value of \$13.82 on the date of the award with vesting over a five-year period. Amortization represents twelve of the sixty-month amortization period. The grant date fair value of the original award was \$345,500.
- (8) Represents current year amortization in accordance with FAS 123R of 5,000 shares awarded on August 21, 2006. The shares awarded in 2006 had a fair market value of \$15.83 on the date of the award with

100% vesting on the date of the award. The grant date fair value of the original award was \$79,150.

(9) Represents income associated with various 2006 exercises of stock options awarded in prior years. Combined amount is measured based on the difference between the fair market price of the common stock on the date of exercise and the option price on the date of exercise.

(10) At December 31, 2006, Messrs. Flury, Wallace and Wilson held outstanding stock options to acquire 5,000, 65,000, and 65,000 shares, respectively, which are 100% vested. Also on that date, Messrs. Flury, Wallace and Wilson have unvested performance shares totaling

15,000 each.

Fred L. Callon serves as Chairman of the Board of Directors but does not receive any additional compensation for his services in this capacity and therefore has been omitted from the table above. Compensation paid to Mr. Weatherly as a director prior to his appointment in November 2006 as Executive Vice President and Chief Financial Officer is disclosed in the Summary Compensation Table.

**PROPOSAL II
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Ratification of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors is required by law and applicable New York Stock Exchange rules to be directly responsible for the appointment, compensation and retention of the Company's independent registered public accountants. The Audit Committee has appointed Ernst & Young LLP, independent registered public accounting firm, for the examination of the accounts and audit of the financial statements of the Company for the year ending December 31, 2007. While shareholder ratification is not required by the Company's bylaws or otherwise, the Board of Directors will present a proposal to the shareholders to approve and ratify as part of good corporate governance principles, the engagement of Ernst & Young LLP. If the shareholders fail to ratify the selection, the Audit Committee may, but is not required to, reconsider whether to retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of the Company and its shareholders. A representative of Ernst & Young LLP will be present at the Annual Meeting and will have the opportunity to make a statement, if he desires, and to respond to appropriate questions.

Management recommends that the shareholders approve and ratify the appointment of Ernst & Young LLP as independent registered public accounting firm of the Company for the fiscal year ending December 31, 2007. Unless otherwise indicated, all properly executed proxies received by the Company will be voted FOR such ratification at the Annual Meeting.

**SHAREHOLDERS PROPOSALS
FOR 2008 ANNUAL MEETING**

Shareholders who desire to present proposals at the 2008 Annual Meeting of Shareholders and to have proposals included in the Company's proxy materials must submit their proposals to the Company at its principal executive offices not later than December 14, 2007. If the date of the 2008 Annual Meeting of Shareholders is changed by more than 30 days from the date of the 2007 Annual Meeting of Shareholders, the deadline for submitting proposals is a reasonable time before the Company begins to print and mail its proxy materials for its 2008 Annual Meeting of Shareholders.

The person named in the Company's form of proxy for the 2007 Annual Meeting will have discretionary authority to vote any proxies they hold at such meeting on any matter for which the Company does not receive notice by February 27, 2008, unless the Company changes the date of its 2008 Annual Meeting of Shareholders by more than 30 days from the date of the 2007 Annual Meeting of Shareholders, in which case such persons will be able to exercise discretionary authority if notice of the matter has not been received in a reasonable time before the Company mails its proxy materials for the 2008 Annual Meeting of Shareholders.

If the date of the 2008 Annual Meeting of Shareholders is advanced or delayed by more than 30 calendar days from the date of the 2007 Annual Meeting of Shareholders, the Company shall, in a timely manner, inform shareholders of such change, by including a notice, under Item 5, in its earliest possible quarterly report on Form 10-Q. The notice will include the new deadline for submitting proposals to be included in the Company's proxy statement and the new date for determining whether the Company may exercise discretionary voting authority because it has not received timely notice of a matter.

In order to avoid controversy as to the date on which the Company receives any such proposal, it is suggested that shareholders submit their proposals by certified mail, return receipt requested, or other means that permit them to prove the date of delivery.

OTHER BUSINESS

The Board of Directors does not know of any matter to be acted upon at the Annual Meeting other than those described above. If other business comes before the Annual Meeting, the persons named on the proxy will vote the proxy in accordance with what they consider to be in the best interests of the Company and its shareholders.

Please sign, date, and return your proxy promptly to avoid unnecessary expense. All shareholders are urged, regardless of the number of shares owned, to participate in the 2007 Annual Meeting by returning their proxy in the enclosed business reply envelope.

CALLON PETROLEUM COMPANY

Audit Committee Charter

(As revised April 2004)

This Audit Committee Charter (*Charter*) sets forth the purpose and membership requirements of the Audit Committee (the *Committee*) of the Board of Directors (the *Board*) and establishes the authority and responsibilities delegated to it by the Board.

1. **Purpose.** The purpose of the Committee is to oversee (i) the integrity of the Company's financial statements and disclosures, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications, independence and performance of the Company's independent auditing firm (the *External Auditor*), (iv) the performance of the Company's internal audit function and External Auditors, (v) the Company's internal control systems, and (vi) the Company's procedures for monitoring compliance with the Company's Code of Business Conduct and Ethics.
2. **Committee Members.**
 - 2.1. **Composition and Appointment.** The Committee shall consist of three (3) or more members of the Board. The Board shall designate members of the Committee. The members and Chairperson of the Committee shall be appointed by the Board on the recommendation of the Nominating and Corporate Governance Committee. Membership on the Committee shall rotate at the Board's discretion. The Board shall fill vacancies on the Committee and may remove a Committee member from the membership of the Committee at any time without cause. Members shall serve until their successors are appointed by the Board.
 - 2.2. **Independence.** Each member of the Committee must meet the independence requirements of the New York Stock Exchange (*NYSE*) and applicable state and federal law, including the rules and regulations of the Securities and Exchange Commission (*SEC*).
 - 2.3. **Financial Literacy.** Each member of the Committee shall, in the Board's judgment, be financially literate or must become financially literate within a reasonable period of time after such member's appointment to the Committee. At least one member of the Committee shall, in the Board's judgment, have accounting or related financial management expertise. In addition, in connection with the preparation of any reports regarding the financial experience of the members of the Committee to be included in the Company's periodic public reports, the Board shall determine with respect to each member of the Committee whether or not, in the Board's judgment, such member is an audit committee financial expert, as such term is defined by the SEC.
 - 2.4. **Subcommittees.** The Committee shall have the authority to delegate authority and responsibilities to subcommittees; provided that no subcommittee shall consist of less than two members.
 - 2.5. **Simultaneous Service on Other Audit Committees.** If a member of the Committee serves on the audit committee (or, in the absence of an audit committee, the board committee performing equivalent functions, or, in the absence of such committee, the board of directors) of more than two (2) other

Table of Contents

public companies, the Board must affirmatively determine that such simultaneous service on multiple audit committees will not impair the ability of such member to serve on the Committee. The basis for the Board's determination shall be disclosed in the Company's proxy statement prepared in connection with its annual meeting of stockholders.

3. Authority.

- 3.1. **Education.** To help ensure that the members of the Committee have the proper knowledge to perform their responsibilities, Committee members shall have the authority, at the Company's expense, to attend outside educational programs, retain outside professionals to conduct educational programs and undertake other appropriate steps to keep current with developments in accounting, disclosure, risk management, internal controls, auditing and other matters that are relevant to the carrying out of the Committee's responsibilities.
- 3.2. **Advisors.** The Committee shall have the authority to retain, at the Company's expense, independent legal, financial and other advisors (*Advisors*) it deems necessary to fulfill its responsibilities.
- 3.3. **Investigations.** The Committee shall have the authority to conduct investigations that it deems necessary to fulfill its responsibilities.
- 3.4. **Information.** The Committee shall have the authority to require any officer, director or employee of the Company, the Company's outside legal counsel and the External Auditor to meet with the Committee and any of its Advisors and to respond to the Committee's inquiries. The Committee shall have full access to the books, records and facilities of the Company in carrying out its responsibilities.
- 3.5. **Funding.** The Committee shall have the authority to determine, on behalf of the Company, the compensation of (i) the External Auditor for its services in rendering an audit report and (ii) any Advisors employed by the Company pursuant to Section 3.2.

Table of Contents

4. Meetings.

- 4.1. **Frequency of Meetings.** The Committee shall meet, or otherwise discuss, at least once per fiscal quarter in connection with (i) its review of the Company's financial statements and the disclosures that are to be included in the Company's Form 10-Q and Form 10-K filings with the SEC, including the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations and (ii) the preparation of the Committee's report to be included in the Company's proxy statement in connection with the Company's annual meeting of stockholders pursuant to Section 10.4 below. The Chairperson may call a special meeting at any time he or she deems advisable.
- 4.2. **Executive Sessions.** The Committee shall maintain free and open communication with (i) the Company's chief executive officer (*CEO*), (ii) the Company's chief financial officer (*CFO*) being responsible for all financial matters and overseeing internal auditing (*Internal Auditor*), (iii) the External Auditor, and (iv) the Company's general counsel, or outside legal counsel retained for general corporate purposes, (*General Counsel*) and shall periodically meet in separate executive (private) sessions with each such person and other members of the Company's management to discuss any matters that the Committee or any such person believes should be discussed privately with the Committee.
- 4.3. **Minutes.** Minutes of each meeting of the Committee shall be kept by the corporate secretary to document the discharge by the Committee of its responsibilities. A copy thereof shall be incorporated with and into the next regularly scheduled meeting of the Board.
- 4.4. **Quorum.** A quorum shall consist of the greater of one-half of the Committee's membership or two persons. The act of a majority of the Committee members present at a meeting at which a quorum is present shall be the act of the Committee.
- 4.5. **Agenda.** The Chairperson of the Committee shall prepare an agenda for each meeting of the Committee, in consultation with Committee members and any appropriate member of the Company's management or staff, as necessary. As requested by the Chairperson, members of the Company's management and staff shall assist the Chairperson with the preparation of any background materials necessary for any Committee meeting.
- 4.6. **Presiding Officer.** The Chairperson of the Committee shall preside at all Committee meetings. If the Chairperson is absent at a meeting, a majority of the Committee members present at a meeting shall appoint a different presiding officer for that meeting.

5. External Auditor Oversight.

- 5.1. **Selection and Evaluation.** Subject to shareholder ratification, if such ratification is required by applicable law or the certificate of incorporation or the bylaws of the Company, the Committee shall have sole responsibility for the appointment, retention, oversight, termination and replacement of the External Auditor and for the approval of all audit and engagement fees. The Committee

Table of Contents

shall annually, following the completion of the audit reports and at such other times as it deems appropriate, evaluate the performance of the External Auditor, including a specific evaluation of the External Auditor's lead (or coordinating) audit partner having primary responsibility for the Company's audit.

5.2. Pre-Approval of External Auditor Services.

5.2.1. Committee Pre-Approval. No audit services or non-audit services shall be provided to the Company by the External Auditor unless first pre-approved by the Committee and unless permitted by applicable securities laws and the rules and regulations of the SEC. If the Committee approves an audit service within the scope of the engagement of the External Auditor, such audit service shall be deemed to have been pre-approved for purposes of this Section.

5.2.2. Pre-Approval Exception. Pre-approval shall not be required under Section 5.2.1. for non-audit services provided by the External Auditor, if (i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than the five percent (5%) of the total amount of revenues paid by the Company to the External Auditor during the fiscal year in which such non-audit services are provided, (ii) such non-audit services were not recognized by the Company at the time of the External Auditor's engagement to be non-audit services, and (iii) such non-audit services are promptly brought to the attention of the Committee and approved by the Committee prior to the completion of the audit.

5.2.3. Delegation of Pre-Approval Authority. The Committee may delegate to one (1) or more members of the Committee the authority to grant pre-approval of non-audit services required by this Section, including the pre-approval described in clause (iii) of Section 5.2.2. The decision of any member to whom such authority is delegated to pre-approve non-audit services shall be presented to the full Committee for its approval at its next scheduled meeting.

5.3. Independence. The Committee shall periodically meet with management, the Internal Auditor and the External Auditor to assess and satisfy itself that the External Auditor is independent in accordance with the rules and regulations of the NYSE and the SEC. The Committee shall annually obtain from the External Auditor a written statement delineating (i) all relationships between the External Auditor and the Company that may impact the External Auditor's objectivity and independence, (ii) confirmation that none of the Company's CEO, controller, CFO, chief accounting officer, Internal Auditor, or any person serving in an equivalent position to any of the foregoing for the Company, was employed by such External Auditor and participated in any capacity in the audit of the Company during the one (1) year period preceding the date of the initiation of the audit for which the External Auditor is engaged, and (iii) all the disclosures required by Independence Standards Board Standard No. 1.

5.4. Quality Control. The Committee shall annually obtain from the External Auditor a written report describing (i) the External Auditor's internal quality-control procedures; and (ii) any material issues raised by (a) the External Auditor's most recent internal quality-control review or peer review, or (b) any inquiry or investigation by governmental or accounting profession authorities, in

each case, within the preceding five years, respecting one or more independent audits carried out by the External Auditor, and any steps taken to deal with any such issues.

- 5.5. **Audit Partner Rotation.** The Committee shall annually obtain from the External Auditor a written statement confirming that neither the lead (or coordinating) audit partner having primary responsibility for the Company's audit nor the audit partner responsible for reviewing the Company's audit has performed audit services for the Company in each of the Company's five (5) previous fiscal years.
- 5.6. **External Auditor Reports Review.** The Committee shall review with management, the Internal Auditor and the External Auditor (i) the reports required to be prepared by the External Auditor under Section 10A(k) of the Securities Exchange Act of 1934 regarding (a) all critical accounting policies and practices used by the Company and (b) all alternative treatments of the Company's financial information within GAAP that have been discussed with management, the ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the External Auditor; and (ii) all other material written communications between the External Auditor, management and the Internal Auditor, such as any management letter or schedule of unadjusted differences.
- 5.7. **Internal Control Assessment.** The Committee shall annually obtain from the External Auditor a written report in which the External Auditor attests to and reports on the assessment of the Company's internal controls made by the Company's management.
- 5.8. **Accountability of External Auditor.** The External Auditor shall report directly to the Committee and shall be ultimately accountable to the Committee. The Committee shall obtain an annual written statement from the External Auditor confirming its accountability to the Committee.
- 5.9. **Audit Assessment.** The Committee shall annually assess with management, the Internal Auditor and the External Auditor any problems or difficulties encountered in connection with the audit process and managements' response, including any restrictions on the scope of the External Auditor's activities or on access to requested information, any accounting adjustments that were noted or proposed by the External Auditor but were passed (as immaterial or otherwise), any communications between the External Auditor's team assigned to the Company's audit and the External Auditor's national office respecting auditing or accounting issues presented by the Company's audit, and any management or internal control letter issued, or proposed to be issued, by the External Auditor to the Company.
- 5.10. **SAS 61 Communications.** The Committee shall discuss with the External Auditor the matters required to be discussed under Statement on Auditing Standards No. 61.
- 5.11. **Audit Disagreement Inquiry.** The Committee shall periodically inquire of management and the External Auditor as to any disagreements that may have occurred between them relating to the Company's financial statements or disclosures. The Committee shall have sole responsibility for the resolution of

Table of Contents

any disagreements between management and the External Auditor regarding financial reporting.

5.12. **Hiring Policy.** The Committee shall draft a policy regarding the hiring by the Company of employees or former employees of the Company's External Auditors. After consideration of the pressures that may exist for employees of the External Auditor to consciously or subconsciously seek employment with the Company, the Committee shall make a determination as to whether or not such policy should be disclosed to the External Auditor and whether or not the External Auditor should be required to disclose such policy to each of its employees that provide services in connection with the Company's audit.

6. Internal Auditing Oversight.

6.1. **Internal Auditing Staff.** The Committee shall annually evaluate the performance of the Internal Auditor and the internal auditing department, or the entity retained to provide internal audit services, with management and the External Auditor.

6.2. **Internal Audit Process.** The Committee shall oversee the Company's internal audit function and any other appropriate control process in place for reviewing and approving the Company's internal transactions and accounting; provided, that (i) this Section 6.2 shall not be construed to require the Company to establish a separate internal audit department or dedicate employees to the task on a full-time basis and (ii) the Company may choose to outsource this function to a firm other than the External Auditor. The Committee shall meet periodically, at its discretion, with the Internal Auditor, the External Auditor and management to review (i) plans for the internal audit program (including scope, responsibilities, budget and staffing) for the coming year, (ii) the coordination of such plans with the work of the External Auditor, and (iii) the progress and results of the internal auditing process.

6.3. **Internal Audit Reports.** The Committee shall meet periodically, at its discretion, with the Internal Auditor to review any significant reports to management prepared by the internal auditing staff together with management's response and follow-up to these reports. The Internal Auditor shall provide a summary of all significant internal audit reports to the Committee each quarter.

7. Financial Statements and Disclosure Oversight.

7.1. **SEC Filings and Earnings Releases and Guidance.** Prior to the filing by the Company with the SEC of any annual report on Form 10-K or any quarterly report on Form 10-Q, the Committee shall review with management and the External Auditor the financial statements and the disclosure under Management's Discussion and Analysis of Financial Condition and Results of Operations contained therein. In addition, the Committee shall periodically, at its discretion, review with management and the External Auditor the Company's procedures (including types of information to be disclosed and the type of presentation to be made) with respect to press releases that contain information regarding the Company's historical or projected financial performance and the provision of any such information, earnings guidance or other financial information to a financial analyst or rating agency. Such reviews should include consideration of (i) off-balance sheet transactions, obligations (including

Table of Contents

contingent obligations) and other relationships with unconsolidated entities or other persons that may have a current or future effect on the Company's financial condition, results of operation, liquidity, capital expenditures or significant components of revenues or expenses; (ii) pro forma financial information, including any information required to reconcile such information with financial information prepared in accordance with GAAP; (iii) underlying estimates upon which the presented financial information is based; (iv) the reasonableness of significant judgments made in the preparation of the presented financial information; (v) whether, notwithstanding proper technical application of the applicable accounting rules, the presented financial information conforms to the accounting principles upon which the relevant accounting rules are based; and (vi) whether, notwithstanding proper technical application of the applicable accounting rules, the presented financial information misleads investors as to the Company's underlying economic condition.

- 7.2. **Accounting Changes.** The Committee shall, before their implementation, review with management and the External Auditor and approve all significant changes proposed to be made in the Company's accounting principles and practices.
- 7.3. **Adequate Disclosure.** The Committee shall periodically, at its discretion, inquire of management, the External Auditor, the General Counsel and, if the Committee deems it appropriate, outside legal counsel as to whether the Company's financial statements comport with the disclosure requirements of federal securities laws, notwithstanding their conformity to accounting principles and practices.
- 7.4. **Criticisms.** The Committee shall periodically, at its discretion, inquire of management, the General Counsel and the External Auditor as to their knowledge of any criticism of the Company's financial statements or disclosures by any financial analysts, rating agencies, media sources or other reliable third-party sources. The Committee shall establish procedures for (i) the receipt, retention, investigation and resolution of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters.
8. **Internal Controls and Compliance with Laws and Regulations and Code of Business Conduct and Ethics Oversight.**
- 8.1. **Internal Controls and Compliance Policies.** For the purpose of assessing their adequacy and effectiveness, the Committee (i) shall periodically, at its discretion, review and assess with management, the Internal Auditor, the General Counsel and the External Auditor (a) the internal control systems of the Company, including whether such controls are reasonably designed to ensure that appropriate information comes to the attention of the Committee in a timely manner, prevent violations of law and corporate policy and permit the Company to prepare accurate and informative financial reports, (b) the Company's policies on compliance with laws and regulations, (c) the Company's Code of Business Conduct and Ethics, and (d) the methods and procedures for monitoring compliance with such policies; and (ii) shall elicit any recommendations for the improvement of the Code of Business Conduct and Ethics and such controls, policies, methods and procedures. The Committee shall review with

management and the External Auditor, prior to its annual filing, the internal control report (containing the annual assessment of the effectiveness of the internal control structure and procedures of the Company for ensuring the accuracy of public disclosures) that is required to be filed by the Company with the SEC on Form 10-K.

- 8.2. **Information Security.** The Committee shall periodically, at its discretion, review and assess with management and the External Auditor the adequacy of the security for the Company's information systems and the Company's contingency plans in the event of a systems breakdown or security breach.
- 8.3. **Code of Business Conduct and Ethics Violations and Waivers.** The Committee shall periodically, at its discretion, inquire of management, the Internal Auditor and the External Auditor as to their knowledge of (i) any violation of the Code of Business Conduct and Ethics, (ii) any waiver of compliance with the Code of Business Conduct and Ethics, and (iii) any investigations undertaken with regard to compliance with the Code of Business Conduct and Ethics. Any waiver of the Code of Business Conduct and Ethics with respect to a director or executive officer may only be granted by the Committee. All waivers granted by the Committee shall be promptly reported to the entire Board and be publicly disclosed as required by the rules and regulations of the SEC and NYSE.
- 8.4. **Misconduct Allegations.** The Committee shall periodically, at its discretion, inquire of management and the General Counsel of their knowledge of any allegations of director or officer misconduct or misconduct by the Company (whether made by employees or third parties).
- 8.5. **Disagreements with Legal Counsel.** The Committee shall periodically, in its discretion, inquire of management, the General Counsel and, if appropriate, outside legal counsel of any disagreements that may have occurred between management and legal counsel regarding any public disclosures or any other legal compliance issue.
- 8.6. **Related Persons Transactions Oversight.** The Company shall not enter into a related person transaction unless such transaction is approved by the Committee after a review of the transaction for potential conflicts of interest. The terms related person and transaction shall have the meaning given such terms in Item 404 of Regulation S-K, as amended from time to time. If such related person transaction occurs and is approved by the Committee, the Committee shall review the disclosure(s) as required by Item 404.
9. **Risk Management Oversight.**
- 9.1. **Risk Exposure.** The Committee shall periodically meet with management and each Independent Auditor to review and discuss (a) guidelines and policies with respect to risk assessment and risk management to the extent necessary or appropriate to govern the process by which the Company's risk assessment and management is undertaken and handled (although the Committee is not required to be the sole body responsible for risk assessment and management) and (b) the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. If the Company manages and assesses its risk through mechanisms other than the Committee, the mechanisms need not

be replaced by the Committee, but the processes in place should be reviewed in a general manner by the Committee.

9.2. **Insurance.** The Committee shall periodically review and assess insurance coverage, including Directors and Officers Liability, property and casualty loss, errors and omissions and surety bonds, with management and, at the Committee's discretion, General Counsel.

9.3. **Special-Purpose Entities and Off-Balance Sheet Transactions.** The Committee shall periodically meet with management, the Internal Auditor, the General Counsel and the External Auditor to review and assess all special-purpose entities of the Company and all complex financing transactions involving the Company, including all related off-balance sheet accounting matters.

9.4. **Consultation with Legal Counsel.** The Committee shall periodically, at its discretion, review with the General Counsel and, if the Committee deems it appropriate, outside legal counsel legal matters (including material claims, pending legal proceedings, government investigations and material reports, notices or inquiries received from governmental agencies) that may have a significant impact on the Company's financial statements or risk management.

10. Reports and Assessments.

10.1. **Board Reports.** The Chairperson of the Committee shall, periodically, at his or her discretion, report to the Board on Committee actions and on the fulfillment of the Committee's responsibilities under this Charter. Such reports shall include any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's External Auditors and the performance of the Company's internal audit function. This report shall be presented and incorporated with and into the next regularly scheduled Board meeting.

10.2. **Charter Assessment.** The Committee shall annually assess the adequacy of this Charter and advise the Board and the Nominating and Corporate Governance Committee of its assessment and of its recommendation for any changes to the Charter. The Committee shall, if requested by management, assist management with the preparation of a certification to be presented annually to the NYSE affirming that the Committee reviewed and reassessed the adequacy of this Charter.

10.3. **Committee Self-Assessment.** The Committee shall annually make a self-assessment of its performance and shall report the results of such self-assessment to the Board and the Nominating and Corporate Governance Committee.

10.4. **Proxy Statement Report.** The Committee shall prepare an annual report as required by the rules and regulations of the SEC and submit it to the Board for inclusion in the Company's proxy statement prepared in connection with its annual meeting of stockholders.

Table of Contents

- 10.5. **Recommend Action.** The Committee shall annually make a determination as to whether to recommend to the Board that the audited financials (certified by the External Auditor) be included in the Company's annual report on Form 10-K for filing with the SEC.
- 10.6. **Board Access to External Auditor.** The Committee shall, whenever the Board of Directors or the Committee deems it appropriate, have the External Auditor attend a meeting of the Board to discuss specific issues and to answer questions from the directors.
11. **General.**
- 11.1. **Financial Statement Responsibility.** The Company's management is responsible for the preparation, presentation and integrity of the Company's financial statements and disclosures, and the External Auditor is responsible for auditing year-end financial statements and reviewing quarterly financial statements and conducting other procedures. It is not the duty of the Committee to certify the Company's financial statements, to guarantee the External Auditor's report or to plan or conduct audits. Since the primary function of the Committee is oversight, the Committee shall be entitled to rely on the expertise, skills and knowledge of management, the Internal Auditor and the External Auditor and the accuracy of information provided to the Committee by such persons in carrying out its oversight responsibilities. Nothing in this Charter is intended to change the responsibilities of management and the External Auditor.
- 11.2. **Charter Guidelines.** While the responsibilities of the Committee set forth in Section 5 through 10 above are contemplated to be the principal recurring activities of the Committee in carrying out its oversight function, these responsibilities are to serve as a guide with the understanding that the Committee may diverge from them as it deems appropriate given the circumstances.
12. **Qualified Legal Compliance Committee Duties.**
- 12.1. **Purpose.** The Committee shall fulfill the requirements of a Qualified Legal Compliance Committee, as defined in Part 205 of Title 17, Chapter II of the Code of Federal Regulations (*Part 205*).
- 12.2. **Written Procedures.** The Committee shall have the authority and responsibility to establish written procedures to confidentially receive, consider and retain reports of evidence of a material violation by the Company, its officers, directors, employees or agents of federal or state securities laws, material breach of fiduciary duty, or a similar material violation of any federal or state law.
- 12.3. **Report Submission.** The Committee shall have the authority and responsibility to inform the Company's chief legal officer, as such term is used in Part 205 (*CLO*), and CEO (or the equivalents thereof) of any report of evidence of a material violation (except in case of futility).
- 12.4. **Investigation Determination.** The Committee shall determine whether an investigation is necessary regarding any report of evidence of a material violation by the Company, its officers, directors, employees or agents. If the Committee determines an investigation is necessary or appropriate, the

Table of Contents

Committee shall (i) notify the Board of its determination to investigate, (ii) initiate an investigation, which may be conducted either by the CLO (or the equivalent thereof) or by outside counsel, and (iii) retain such additional Advisors to assist in such investigation as the Committee deems necessary or appropriate.

12.5. **Conclusion of Investigation.** At the conclusion of any investigation the Committee shall (i) have the authority and responsibility to recommend, by majority vote, that the Company implement an appropriate response to evidence of a material violation, and (ii) inform the Company's CLO and CEO (or the equivalents thereof) and the Board of the results of any such investigation and the appropriate remedial measures to be adopted, if any.

12.6. **Notification of SEC.** The Committee shall have the authority to take all other appropriate action, including the authority to notify the SEC in the event that the Company fails in any material respect to implement an appropriate response that the Committee has recommended the Company to take; provided, that the Committee determines, by majority vote and after consultation with counsel, that such notification would be required by law or in the best interest of the Company.

General Authority. The Committee shall have the authority to take any other action necessary to meet the requirements of a Qualified Legal Compliance Committee under Part 205.
