PROXY STATEMENT

This Proxy Statement provides information in connection with the solicitation of proxies by the Board of Directors (the "Board") of Harman

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

International Industries, Incorporated (the "Company") for use at the 2002 Annual Meeting of Stockholders or any postponement or adjournment thereof (the "Meeting"). This Proxy Statement also provides information you will need in order to consider and to act upon the matters specified in the accompanying Notice of Annual Meeting. This Proxy Statement and the enclosed proxy card were first sent or given to stockholders on or about September 27, 2002.

Holders of record of the Company's common stock ("Common Stock") as of the close of business on September 9, 2002 are entitled to vote at the Meeting. Each stockholder of record as of that date is entitled to one vote for each share of Common Stock held. On September 9, 2002, there were 32,460,230 shares of Common Stock outstanding.

You cannot vote your shares of Common Stock unless you are present at the Meeting or you have previously given your proxy. You may revoke your proxy at any time prior to the vote at the Meeting by (a) delivering a written notice revoking your proxy to the Company's Vice President -- Financial Operations at the above address, (b) delivering a new proxy bearing a date after the date of the proxy being revoked, or (c) voting in person at the Meeting.

All properly executed proxies, unless revoked or superceded in accordance with the preceding instructions, will be voted at the Meeting in accordance with your directions on the proxy. With respect to the election of directors, stockholders voting by proxy may vote for both nominees, withhold their vote for both nominees, or withhold their vote as to a specific nominee. With respect to each other proposal, stockholders voting by proxy may vote for, against, or abstain. If a properly executed proxy gives no specific instructions for the matters to be acted upon at the Meeting, the shares of Common Stock represented by the proxy will be voted as follows:

- FOR election of two nominees for director to serve until the 2005 Annual Meeting;
- FOR approval of the 2002 Key Executive Officers Bonus Plan; and
- FOR approval of the 2002 Stock Option and Incentive Plan.

A majority of the outstanding shares of Common Stock must be present, in person or by proxy, to constitute a quorum at the Meeting. Abstentions and broker non-votes will be included in determining the number of shares of Common Stock present or represented at the Meeting for purposes of determining whether a quorum exists. Abstentions with respect to any proposal brought to a vote at the Meeting will have the same effect as a vote against such proposal. Broker non-votes are treated as shares of Common Stock not present for the purposes of the vote with respect to a specific proposal and therefore will have no effect on the outcome of the vote on any proposal.

The Company will pay the cost of preparing, assembling and mailing this Proxy Statement, the Notice of Annual Meeting and the enclosed proxy card. The Company has hired Mellon Investor Services to solicit proxies for the Meeting. The Company anticipates that the fees of Mellon Investor Services will be approximately \$10,500. The Company will pay all fees and expenses of Mellon Investor Services and will reimburse Mellon Investor Services for its out-of-pocket expenses. Additionally, employees of the Company may solicit proxies personally and by telephone. The Company's employees will receive no compensation for soliciting proxies other than their regular salaries. The Company may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies. The Company may reimburse such persons for their expense in so doing.

ELECTION OF DIRECTORS
(ITEM 1 ON THE PROXY CARD)

At the Meeting, two directors will be elected to serve a three-year term expiring at the 2005 Annual Meeting. This section contains information relating to the two nominees for director and the directors whose terms of office extend beyond the Meeting. The nominees for election are Sidney Harman and Shirley Mount Hufstedler. The Board expects that both nominees will be available for election at the time of the Meeting. If, for any reason, a nominee should become unavailable for election, the shares of Common Stock voted FOR that nominee by proxy will be voted for a substitute nominee designated by the Board, unless the Board reduces the number of directors.

The nominees for director will be elected by the affirmative vote of a plurality of the shares of Common Stock actually voted in person or by proxy at the Meeting.

THE BOARD RECOMMENDS A VOTE FOR ELECTION OF BOTH NOMINEES.

APPROVAL OF THE
2002 KEY EXECUTIVE OFFICERS BONUS PLAN
(ITEM 2 ON THE PROXY CARD)

The Board believes that the Company's ability to attract and retain key executives is significantly strengthened by its ability to offer an incentive bonus plan. In November 1999, the stockholders approved the Company's Key Executive Officers Incentive Plan ("1999 Executive Plan"), which expires on November 9, 2002. In September 2002 the Board approved the Company's 2002 Key Executive Officers Bonus Plan ("2002 Executive Plan") to replace the 1999 Executive Plan. The Board adopted the 2002 Executive Plan upon the recommendation of the Compensation and Option Committee ("Compensation Committee"), subject to stockholder approval.

You are being asked to approve the 2002 Executive Plan, but you should read and understand the terms of the 2002 Executive Plan before you vote. A summary of the 2002 Executive Plan appears below and the full text of the 2002 Executive Plan is attached to this Proxy Statement as Exhibit A. The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or by proxy at the Meeting will be required to approve the 2002 Executive Plan.

THE BOARD RECOMMENDS A VOTE FOR APPROVAL OF THE 2002 EXECUTIVE PLAN.

2002 EXECUTIVE PLAN SUMMARY

This summary of the 2002 Executive Plan does not purport to be exhaustive and is expressly qualified in its entirety by reference to the full text of the 2002 Executive Plan, which is attached to this Proxy Statement as Exhibit A.

ADMINISTRATION. The 2002 Executive Plan will be administered by a committee with full authority to interpret and oversee the operation of the 2002 Executive Plan. The plan committee will be the Compensation Committee or any other committee appointed by the Board. The plan committee will in any event be comprised of not fewer than two of the Company's directors, each of whom qualifies as an "outside director" for purposes of Section 162(m) of the Internal Revenue Code and the applicable Treasury regulations.

ELIGIBILITY. Each of the Company's Executive Chairman, Chief Executive

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

Officer, Chief Operating Officer, and Chief Financial Officer will be eligible to receive an award under the 2002 Executive Plan. In addition, the plan committee may designate any other executive officer of the Company to be eligible to receive awards under the 2002 Executive Plan. Currently, there are four individuals who could be designated as eligible to receive awards under the 2002 Executive Plan.

GOALS AND AWARDS. No later than September 28 of each fiscal year, the plan committee will meet to establish a return on shareholder equity goal for the fiscal year and the maximum cash award payable to each plan participant if that goal is met. Cash awards paid under the 2002 Executive Plan to a plan participant shall not exceed \$2,000,000 during any fiscal year.

After the end of each fiscal year, the plan committee will meet to determine whether the return on shareholder equity goal for the fiscal year was met. If the goal was met, the plan committee will establish the amount of the cash award to be paid to each plan participant, exercising discretion only to decrease the award amount.

5

CHANGE IN CONTROL. In the event of a change in control of the Company, each plan participant shall be entitled to the award amount for that fiscal year without proration or any other reduction, provided that he or she is employed by the Company at the time of the change in control or, if the plan participant is no longer employed by the Company, the plan participant's employment is terminated after commencement of discussions that resulted in a change of control of the Company but within 180 days prior to the change in control.

TERM. If the stockholders approve the 2002 Executive Plan, it will become effective as of July 1, 2002 and shall remain effective until five years after the date approved by the stockholders.

TAX DEDUCTIBILITY OF AWARDS. The Company intends for awards made under the 2002 Executive Plan to constitute "performance-based" compensation as defined in Section 162(m) of the Internal Revenue Code. Section 162(m) generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to a corporation's top executives, but does not include performance-based compensation in determining whether the \$1,000,000 threshold has been exceeded.

2002 EXECUTIVE PLAN BENEFITS

Under the 2002 Executive Plan, the plan committee will establish a return on shareholder equity goal at the beginning of each fiscal year and the maximum amount of a cash award that is payable to each plan participant if the goal is met. At the end of each fiscal year, the plan committee will determine whether the goal was met and, if so, the amount of the cash award to be paid to each plan participant. Therefore, the dollar value of awards under the 2002 Executive Plan that will be received by or allocated to any person or group, or in the aggregate, is not determinable.

6

APPROVAL OF THE 2002 STOCK OPTION AND INCENTIVE PLAN (ITEM 3 ON THE PROXY CARD)

The Board believes that equity-based compensation programs are an important element of the Company's continued financial and operational success. The Company's 1992 Incentive Plan will expire on November 9, 2002 and no awards will be issued under that plan after the Meeting. In September 2002 the Board

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

approved the Company's 2002 Stock Option and Incentive Plan ("2002 Incentive Plan") to replace the 1992 Incentive Plan. The Board approved the 2002 Incentive Plan upon the recommendation of the Compensation Committee, subject to stockholder approval. As a result, if the Company's stockholders approve the 2002 Incentive Plan, it will become the Company's only equity-based compensation plan.

You are being asked to approve the 2002 Incentive Plan, but you should read and understand the terms of the 2002 Incentive Plan before you vote. A summary of the 2002 Incentive Plan appears below and the full text of the 2002 Incentive Plan is attached to this Proxy Statement as Exhibit B. The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or by proxy at the Meeting will be required to approve the 2002 Incentive Plan.

THE BOARD RECOMMENDS A VOTE FOR APPROVAL OF THE 2002 INCENTIVE PLAN.

2002 INCENTIVE PLAN SUMMARY

This summary of the 2002 Incentive Plan does not purport to be exhaustive and is expressly qualified in its entirety by reference to the full text of the 2002 Incentive Plan, which is attached to this Proxy Statement as Exhibit B.

ADMINISTRATION. The 2002 Incentive Plan will be administered by one or more committees of the Board, as determined by the Board, and shall have the authority delegated to it by the Board from time to time.

AVAILABLE SHARES; LIMITATIONS ON AWARDS. Subject to adjustments described below, no more than 3,000,000 shares of Common Stock may be issued in the aggregate under the 2002 Incentive Plan. If awards are granted under the 2002 Incentive Plan and subsequently expire or are forfeited to the Company, the shares of Common Stock underlying those awards will not be available for reissuance. No more than 3,000,000 shares of Common Stock may be issued upon the exercise of incentive stock options granted under the 2002 Incentive Plan. No plan participant may be awarded more than 300,000 options and appreciation rights, in the aggregate, under the 2002 Incentive Plan during any calendar year. No more than 300,000 shares of Common Stock may be issued as non-option awards denominated in shares of Common Stock under the plan, and no participant may receive non-option awards of more than 25,000 shares during any calendar year. No plan participant may receive performance units in any calendar year having an aggregate maximum value as of their grant dates in excess of \$2,000,000.

ELIGIBILITY. The plan committee may designate any officer, director or key employee of the Company, or any of its subsidiaries, or any other person who has agreed to serve in such capacity within 90 days of the date of a grant, to receive awards under the 2002 Incentive Plan; provided that non-officer directors are only eligible to receive awards of options as described below. Currently, the Company has eight executive officers and four non-officer directors who could be designated as eligible to participate in the 2002 Incentive Plan. A total of approximately 250 persons could be designated as eligible to participate in the 2002 Incentive Plan.

7

OPTION RIGHTS. Plan participants may receive options to purchase shares of Common Stock for an exercise price fixed on the date of the grant. The exercise price may not be less than the fair market value of the Common Stock on the date of the grant. Grants of option rights under the 2002 Incentive Plan may be incentive stock options or non-qualified stock options. An incentive stock option is an option that is intended to qualify as an "incentive stock option"

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

under Section 422 of the Internal Revenue Code. A plan participant may pay the exercise price of an option in cash, by check, or by the transfer of shares of unrestricted Common Stock owned for a period of time acceptable to the plan committee and having a value at the time of exercise equal to the exercise price, by any other consideration the plan committee may deem appropriate, or by a combination thereof. The plan committee shall determine the vesting schedule and requirements for continuous service associated with each grant of options and may provide for earlier vesting under specified circumstances. The vesting or exercise of option rights may be subject to the optionee or the Company achieving management objectives. No options shall be exercisable more than 10 years after the date of grant.

AWARDS OF OPTION RIGHTS TO NON-OFFICER DIRECTORS. Under the 2002 Incentive Plan, each person who becomes a non-officer director will, on the date such person first becomes a non-officer director, receive a grant of options to purchase 3,000 shares of Common Stock. After the 2003 Annual Meeting of the Stockholders, and annually thereafter, each person serving as a non-officer director will receive a grant of options to purchase an additional 3,000 shares of Common Stock. At that time, each person serving as a non-officer director who was a non-officer director during the preceding fiscal year will also receive options to purchase either 750 or 1,500 shares of Common Stock, if the Company achieved targeted levels of return on consolidated equity for the most recently ended fiscal year. The options included in each grant will (a) have an exercise price equal to the market value of the Common Stock on the date of the grant, (b) become exercisable at a rate of 20% on each anniversary of the date of the grant, until fully vested, (c) become fully exercisable upon a change in control of the Company, and (d) expire no later than the tenth anniversary of the date of the grant. If the term of service of the non-officer director ends, other than by reason of death or disability, he or she may exercise outstanding options only with respect to the options that were exercisable on the date of termination and the options will expire 90 days after termination or on the stated expiration date, whichever occurs first. In the event of death or disability, the outstanding options held by a non-officer director may be exercised at any time within one year after his or her death or disability, but in no event after the stated expiration date. Finally, non-officer directors may pay the exercise price for an option right in the same manner as any other holder of option rights granted under the 2002 Incentive Plan.

APPRECIATION RIGHTS. Plan participants may also receive stock appreciation rights, which may be "free-standing" or "tandem." A free-standing stock appreciation right allows the plan participant to receive the increase, if any, in the fair market value of the number of shares of Common Stock underlying the award during the life of the award. A tandem stock appreciation right is granted in connection with an option to purchase Common Stock and allows the participant to receive the spread, if any, between the fair market value of the Common Stock and the exercise price of the underlying option. The plan committee may specify that any amount payable upon the exercise of a stock appreciation right may be paid by the Company to the plan participant in cash, Common Stock or any combination thereof. In addition, awards of stock appreciation rights may be subject to other restrictions, including:

8

- a maximum amount payable;
- a waiting period prior to exercise;
- the payment of dividend equivalents on a current, deferred or contingent basis;
- the satisfaction of certain management objectives prior to exercise; and

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

- exercisability only upon the occurrence of a change in control of the Company.

RESTRICTED SHARES. Plan participants may be awarded shares of Common Stock that are not transferable and are subject to forfeiture until certain restrictions are removed or conditions are satisfied. Removal of restrictions may be contingent on the achievement by the recipient or the Company of specific management objectives. The 2002 Incentive Plan provides that in connection with any grant of restricted shares of Common Stock, the period during which those shares will be subject to forfeiture will be a minimum of three years.

PERFORMANCE UNITS. Plan participants may receive performance units that will become payable upon the achievement of specified management objectives during a "performance period." The length of the performance period will be specified at the time the grant is made, but will not be less than three years. In addition, performance units may be subject to earlier lapse or other modification in the event of a change in control of the Company.

MANAGEMENT OBJECTIVES. As stated above, awards of performance units will be, and other awards may be, made subject to certain management objectives. These objectives may be based on Company-wide objectives or objectives that are related to the performance of an individual participant, a subsidiary, a division, a department, a region or a function within the Company or its subsidiaries. The objectives will be based on specified levels of, or growth in, one or more of the following areas:

- cash flow/net assets ratio;
- return on total capital or assets;
- return on consolidated stockholders' equity;
- earnings or earnings per share;
- revenue;
- cash flow; and/or
- share price or total return to stockholders.

If the plan committee determines that a change in the business, operations, corporate or capital structure of the Company, the manner in which the Company conducts its business, or other events or circumstances render the management objectives unsuitable, the plan committee may, in its discretion, modify the management objectives or the related minimum acceptable level of achievement, in whole or in part, as it deems appropriate and equitable, unless such action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Internal Revenue Code.

TERM. The 2002 Incentive Plan will become effective as of September 24, 2002, subject to approval by the stockholders. No grants of any kind may be made under the 2002 Incentive Plan after November 8, 2012. All awards made under the 2002 Incentive Plan that remain outstanding subsequent to November 8, 2012 shall continue to be governed by the terms of the 2002 Incentive Plan.

PROHIBITION ON REPRICINGS. The plan committee may not lower the exercise price of outstanding option rights without the approval of the Company's stockholders.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

TRANSFERABILITY. Unless otherwise approved by the plan committee, options, appreciation rights or other derivative securities granted under the 2002 Incentive Plan may not be transferred other than by will or the laws of descent and distribution.

ADJUSTMENTS. The maximum number of shares of Common Stock which may be awarded under the 2002 Incentive Plan, and the number of shares and price per share applicable to any outstanding award, are subject to adjustment in the event of stock dividends, stock splits, combinations of shares, recapitalizations, mergers, consolidations or other reorganizations of the Company.

AMENDMENTS. The plan committee may amend the 2002 Incentive Plan at any time without the consent of stockholders, unless consent is required by law or the applicable rules of each securities exchange upon which the Common Stock is traded.

MARKET VALUE OF UNDERLYING SECURITIES OF THE 2002 INCENTIVE PLAN

Common Stock underlies all of the options and rights to be awarded under the 2002 Incentive Plan. The market value of the Common Stock at the close of trading on September 24, 2002 was \$48.23 per share.

FEDERAL INCOME TAX CONSEQUENCES OF THE 2002 INCENTIVE PLAN

The following is a summary of certain federal income tax consequences relating to awards under the 2002 Incentive Plan, based on federal income tax laws currently in effect. This summary is not intended to and does not describe all of the possible tax consequences that could result from the acquisition, holding, exercise or disposition of an option right or shares of Common Stock purchased or granted pursuant to, or any other award granted under, the 2002 Incentive Plan and does not describe any state, local or foreign tax consequences.

TAX CONSEQUENCES TO PARTICIPANTS

INCENTIVE STOCK OPTIONS. A plan participant will not recognize income upon the grant of an option intended to be an incentive stock option. Furthermore, a plan participant will not recognize ordinary income upon the exercise of an incentive stock option if he or she satisfies certain employment and holding period requirements although the exercise may be subject to alternative minimum tax. To satisfy the employment requirement, a plan participant must exercise the option not later than three months after he or she ceases to be an employee of the Company and its subsidiaries (one year if he or she is disabled). To satisfy the holding period requirement, a plan participant must hold the shares acquired upon exercise of the incentive stock option for more than two years from the grant of the option and more than one year after the shares are transferred to him or her. If these requirements are satisfied, the plan participant will be taxed on the difference between his or her basis in the shares and the net proceeds of the sale at capital gain rates on the sale of the shares.

If a plan participant disposes of shares of Common Stock acquired upon the exercise of an incentive stock option without satisfying the holding period requirement, the plan participant will usually recognize ordinary income at the time of disposition equal to the amount of the difference between the fair market value of the stock on the date the option is exercised and the exercise price of the option.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

NON-QUALIFIED STOCK OPTIONS. In general, a plan participant will not recognize income at the time an option is granted. At the time of exercise of the option, he or she will recognize ordinary income if the shares are not subject to a substantial risk of forfeiture (as defined in Section 83 of the Internal Revenue Code). The amount of such income will be equal to the difference between the option exercise price and the fair market value of the shares of Common Stock on the date of exercise. At the time of the sale of the shares of Common Stock acquired pursuant to the exercise of an option, appreciation in value of the shares after the date of exercise will be treated as either short-term or long-term capital gain, and depreciation in value will be treated as short-term or long-term capital loss, depending on how long the shares have been held. Long-term capital gains may be eligible for reduced rates if the participant has satisfied applicable holding period requirements.

APPRECIATION RIGHTS. A plan participant will not recognize income upon the grant of a stock appreciation right. In general, a participant will recognize ordinary income at the time he or she receives payment on a stock appreciation right in the amount of the payment.

RESTRICTED SHARES. In general, a plan participant will not recognize ordinary income upon receipt of restricted shares. The plan participant will recognize ordinary income when the shares are transferable by the plan participant or are no longer subject to a substantial risk of forfeiture, whichever occurs first. At such time, the plan participant will recognize ordinary income in an amount equal to the current fairmarket value of the shares. A plan participant may, however, elect to recognize ordinary income when the restricted shares are granted in an amount equal to the fair market value of the shares at that time, determined without regard to the restrictions. Any appreciation in the value of the shares after the date the shares become transferable or are no longer subject to substantial risk of forfeiture, or after the participant has made the election referred to in the preceding sentence, if applicable, will be treated as either short-term or long-term capital gain, and any depreciation in value will be treated as either short-term or long-term capital loss, depending upon how long the shares have been held.

PERFORMANCE UNITS. A plan participant will not recognize income upon the grant of performance units. In general, a plan participant will recognize ordinary income at the time he or she receives payment with respect to performance units in the amount of the payment.

TAX CONSEQUENCES TO THE COMPANY. To the extent that a plan participant recognizes ordinary income as described above, the Company, or its subsidiary for which the plan participant performs services, will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Internal Revenue Code and is not disallowed by the \$1,000,000 limitation on certain executive compensation under Section 162(m) of the Internal Revenue Code.

2002 INCENTIVE PLAN BENEFITS

If the stockholders approve the 2002 Incentive Plan, there will be at least one annual grant of options to purchase 3,000 shares of Common Stock under the 2002 Incentive Plan to each non-officer director, commencing with the 2003 Annual Meeting. However, beyond this known grant and subsequent fixed grants to non-officer directors, the plan committee will determine in its discretion and from time to time the amount of option rights, stock appreciation rights, restricted shares or performance units that will be awarded to plan participants, as well as any applicable conditions. Therefore, the dollar value and number of units comprising plan awards that will be received by or allocated to any person or group, or in the aggregate, are not determinable.

EQUITY COMPENSATION PLAN INFORMATION

As of the end of fiscal year 2002, the Company's 1987 Stock Option Plan and the 1992 Incentive Plan were the only compensation plans under which securities of the Company were authorized for issuance. These Plans, including amendments to the 1992 Incentive Plan, were approved by the Company's stockholders. The following table provides information as of June 30, 2002:

PLAN CATEGORY	NUMBER OF SECURITIES TO BE ISSUED UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	WEIGHTED-AVERAGE EXERCISE PRICE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	NUMBER OF SECURITIES REMAINING AVAILABLE FOR FUTURE ISSUANCE UNDER EXISTING EQUITY COMPENSATION PLANS (1)
Equity compensation plans approved by security holders.....	3,925,700	\$23.04	1,742,310
Equity compensation plans not approved by security holders.....	0	0	0
Total.....	3,925,700	\$23.04	1,742,310

(1) Represents 1,742,310 shares of Common Stock that were available for future issuance under the 1992 Incentive Plan. Under the 1992 Incentive Plan, awards of restricted shares of Common Stock also may be granted, subject to the aggregate limit of shares of Common Stock permitted to be issued under that plan. No further options or other awards may be made under the 1987 Stock Option Plan or, after November 9, 2002 under the 1992 Incentive Plan.

THE BOARD, ITS COMMITTEES AND ITS COMPENSATION

BOARD AND COMMITTEES

The Board held five meetings during fiscal year 2002. The Board currently has three standing committees: the Executive Committee, the Audit Committee and the Compensation Committee. Since the Company does not currently have a nominating committee, the full Board nominates candidates for director.

Shirley Hufstedler has been a member of the Board, Chairwoman of the Audit Committee and a member of the Compensation Committee for many years; and she has performed her duties diligently in all these roles. On August 7, 2001 Ms. Hufstedler was not able to participate when the other directors and committee members conducted telephonic meetings of the Board and of these two committees. The Executive Chairman reviewed with Ms. Hufstedler in advance of the telephonic meetings the substance of what would be discussed and Ms. Hufstedler authorized the Executive Chairman to describe her views to the Board and to the committees. Shortly after the conclusion of the telephonic meetings, the Executive Chairman reviewed with Ms. Hufstedler the discussions at the meetings and the action taken; and Ms. Hufstedler was in agreement with all action taken. Ms. Hufstedler was unable to attend the one-hour meeting which occurred immediately prior to

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

the November 5, 2001 Annual Meeting of Stockholders. Prior to the meeting, the Executive Chairman reviewed with Ms. Hufstedler the agenda for the meeting; he communicated her comments to the Board at the meeting; and he reported to Ms. Hufstedler after the meeting. In fiscal year 2002, Ms. Hufstedler attended the six other meetings of the Board and committees on which she served. Historically, Ms. Hufstedler's attendance record at Board and committee meetings has been excellent--100% in both fiscal years 2000 and 2001.

The Executive Committee, consisting of Dr. Harman and Messrs. Girod and Stapleton, held four meetings during fiscal year 2002. The Executive Committee has been delegated the powers and authority of the Board in the management of the business affairs of the Company when the full Board is not in session, except for powers and authority not permitted to be delegated to it under the Company's Restated and Amended Certificate of Incorporation or By-Laws.

The Audit Committee, consisting of Ms. Hufstedler, Mr. Meyer, Ms. Korologos and Mr. Weiss, held two formal meetings during fiscal year 2002. In addition, the Audit Committee met with management and representatives of the Company's independent auditors four additional times in fiscal year 2002 prior to the issuance of the Company's earnings each fiscal quarter. The Audit Committee, together with the Company's management, internal auditors and independent auditors, reviews the financial reports and other financial information provided by the Company to governmental bodies or to the public. The Audit Committee monitors the Company's financial reporting process and internal control system and recommends independent auditors for the Board's approval. A report of the Audit Committee appears later in this Proxy Statement. The Board has adopted a written Audit Committee Charter, a copy of which is available upon request to the Secretary of the Company.

The Compensation Committee, consisting of Ms. Hufstedler and Mr. Weiss, held three meetings during fiscal year 2002. The Compensation Committee establishes compensation levels each year for the Company's executive officers, and reviews these matters with the Executive Chairman and the Chief Executive Officer. The Board has delegated to the Compensation Committee authority to decide certain matters relating to the Company's retirement plans, as well as awards made under the 1999 Executive Plan and the 1992 Incentive Plan. If the

13

stockholders approve the 2002 Executive Plan and the 2002 Incentive Plan, the Board expects to delegate authority to the Compensation Committee to decide matters relating to the amount and terms of awards under, and the administration of, those plans.

DIRECTOR COMPENSATION

Non-officer directors receive an annual fee of \$40,000, plus \$1,500 for each committee meeting attended on a day other than the day of a Board meeting. The Company does not pay fees to directors who are officers of the Company or its subsidiaries. The Company reimburses all directors for expenses incurred in attending Board and committee meetings.

The 1992 Incentive Plan provides that each non-officer director who served during the prior fiscal year and continues to serve on the Board will receive after each Annual Meeting an option to purchase 3,000 shares of Common Stock. Each non-officer director is also eligible for an additional option to purchase 750 shares of Common Stock if the Company achieves a return on consolidated equity for the prior fiscal year of at least 9% but less than 13%, or an additional option to purchase 1,500 shares of Common Stock if the Company achieves a return on consolidated equity of 13% or more. The exercise price of the options is the fair market value of the shares of Common Stock on the date

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

of the grant. Each option vests at a rate of 20% per year and expires 10 years after the date of grant. Effective at the time of the Meeting, each non-officer director will receive an option to purchase 4,500 shares of Common Stock under the 1992 Incentive Plan, including options to purchase 1,500 shares of Common Stock granted as a result of the Company achieving certain return on consolidated equity goals. No option rights will be granted to non-officer directors under the 1992 Incentive Plan after November 9, 2002, but outstanding option rights granted under the 1992 Incentive Plan will continue to be governed by the terms of the 1992 Incentive Plan.

If the stockholders approve the 2002 Incentive Plan at the Meeting, each non-officer director will be eligible to receive option grants on the same terms as the 1992 Incentive Plan. A summary of the 2002 Incentive Plan appears in this Proxy Statement under the caption "Approval of the 2002 Stock Option and Incentive Plan" and the complete text of the 2002 Incentive Plan is attached to this Proxy Statement as Exhibit B.

REPORT OF THE COMPENSATION COMMITTEE

COMPENSATION COMMITTEE

The Compensation Committee implements the Company's executive compensation program pursuant to authority delegated by the Board. As part of its responsibilities, the Compensation Committee establishes the compensation of the Company's executive officers and administers the Company's stock incentive plans and bonus plans for executive officers. The Compensation Committee is comprised of Ms. Hufstедler and Mr. Weiss, neither of whom is an officer or employee of the Company.

EXECUTIVE COMPENSATION PROGRAM

The Company's long-term success is dependent in part on attracting and retaining people who have demonstrated superior skill and experience, and incentivize them by rewarding outstanding individual performance. The key elements of the Company's executive compensation program are (a) base salaries determined in light of competitive pay analysis and the executive's performance during the prior fiscal year; (b) cash bonus awards tied to either targeted returns on shareholder equity or to Company and individual performance during the prior fiscal year; and (c) grants of stock options and other equity awards to align the interests of management with those of the stockholders.

SALARY. Base salaries are established in light of both competitive pay data and performance reviews. The Company's competitive pay structure is built by reference to market data. Company and individual performance is reviewed at the end of each fiscal year.

In July 2001, the Compensation Committee reviewed the Company's results of operations for fiscal year 2001 and competitive pay practices data. Some of the data were obtained from surveys furnished by outside compensation consulting firms of compensation practices among companies in the electrical and electronics industries, and companies similar in size to the Company. The survey group differs from the comparison group used in the Company's stock performance graph, appearing later in this Proxy Statement under the caption "Stock Price Performance Graph," because the Compensation Committee believes that the survey group offers more reliable information on compensation practices and better represents competitors for executive officer candidates. Consistent with the Company's past practice, the Compensation Committee sought to establish base salaries for fiscal year 2002 at the 50th-75th percentile of base salaries for the survey group of companies.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

BONUS. For fiscal year 2002, the Company awarded cash bonuses under the 1999 Executive Plan to its executive officers because the Company achieved the targeted return on shareholder equity for fiscal year 2002 set by the Compensation Committee. Cash bonus awards under the 1999 Executive Plan are intended to constitute "performance-based compensation" for tax purposes.

If the stockholders approve the 2002 Executive Plan, cash bonus awards may be made if specific returns on shareholder equity, set by the Compensation Committee for a given fiscal year, are achieved. Amounts awarded under the 2002 Executive Plan are intended to constitute qualified "performance-based compensation" for tax purposes.

EQUITY BASED COMPENSATION. The Company's stock option program is designed to align the interests of the Company's executive officers and key employees with those of the stockholders. The Executive Chairman makes recommendations to the Compensation Committee based upon

15

an assessment of each executive officer's and key employee's performance and a need for further long-term performance incentives. If the 2002 Incentive Plan is approved by the stockholders, participants may receive option rights, stock appreciation rights, restricted shares or performance units under its terms. The Compensation Committee believes that equity-based incentives for key executive officers and key employees are in the best interests of the Company.

FISCAL YEAR 2002 COMPENSATION FOR THE EXECUTIVE CHAIRMAN AND THE CHIEF EXECUTIVE OFFICER

SALARY. During fiscal year 2002, Dr. Harman was paid a base salary of \$941,667, and Mr. Girod was paid a base salary of \$891,667. These salaries were based on their leadership in creating the proper corporate environment and structure for accelerated growth in sales, earnings and share value, and overall results during fiscal year 2001. These salaries were also based on competitive pay practices data reviewed by the Compensation Committee in July 2001.

BONUS. The Company made cash bonus awards of \$950,000 to Dr. Harman and \$900,000 to Mr. Girod for fiscal year 2002 under the 1999 Executive Plan because the Company achieved the targeted return on shareholder equity for fiscal year 2002 set by the Compensation Committee.

EQUITY BASED COMPENSATION. In August 2001, the Compensation Committee granted to each of Dr. Harman and Mr. Girod options to purchase 75,000 shares of Common Stock at an exercise price of \$36.89 per share, the market value of the Common Stock on the date of the grant.

OPTION GRANTS IN LAST FISCAL YEAR

The following table shows grants of stock options during fiscal year 2002, under the 1992 Incentive Plan, to each of the named executive officers.

NAME	NUMBER OF OPTIONS GRANTED (1)	PERCENT OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN FISCAL YEAR	PER SHARE EXERCISE PRICE	EXPIRATION DATE	GRANT PRES VALU

(1) Represents stock options granted on August 7, 2001. The exercise price was the market value of the Common Stock on the date of grant. Commencing one year from the date of grant, the options vest annually at a rate of 20%.

(2) Based on the Black-Scholes option price model, which requires assumptions to be made about the future changes in the price of the Company's Common Stock. The Company used the following assumptions to estimate the Grant Date Present Value: an estimated dividend yield of \$0.10 per share; an estimated risk-free interest rate of 4.0%; an estimated volatility of 60%; and an option term of 5.4 years representing the estimated period from time of vesting until exercise of the options. There is no assurance that the actual value realized by an executive officer will equal the amount estimated based upon the Black-Scholes option pricing model.

OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

For each of the named executive officers, the following table shows stock options exercised during fiscal year 2002 and the value of unexercised options as of June 30, 2002.

DEFERRED COMPENSATION PLAN

The Company's Deferred Compensation Plan provides supplemental retirement benefits for executive officers designated by the Deferred Compensation Plan's administrative committee. The members of the administrative committee are appointed by the Board. Prior to the beginning of each fiscal year, each participant may elect to defer up to 100% of his or her annual base salary and bonus on a pre-tax basis to a deferral account. These amounts are always fully vested, subject to a 10% penalty on any unscheduled withdrawals. The Company may decide to make contributions on a pre-tax basis to a plan participant's account, subject to a vesting schedule. In the event of a change in control of the Company, any unvested amounts vest immediately and the Company indemnifies the plan participant for any expense incurred in enforcing his or her rights under the Deferred Compensation Plan.

Plan participants specify that portion of their accounts to be deemed invested in designated benchmark funds. The Company credits earnings to the accounts based on the rate of return of the designated funds. Upon retirement or termination of employment other than due to death, plan participants may receive their account balances in the form of a lump-sum payment or in annual installments. In the event of death prior to the commencement of benefits or during payment of installments, the balances in a plan participant's vested accounts as of the date of death are payable to the plan participant's beneficiaries.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

The Company's Supplemental Executive Retirement Plan ("Supplemental Plan") provides supplemental retirement, termination and death benefits to key executive officers designated by the Board. Dr. Harman and Messrs. Girod, Stapleton and Meredith have been designated as Supplemental Plan participants. As of August 1, 2002, Mr. Palin was not designated as a participant in the Supplemental Plan. Dr. Harman has 22 years, Mr. Girod 15 years, Mr. Stapleton 14 years and Mr. Meredith 17 years of service credited under the Supplemental Plan. All Supplemental Plan benefits are subject to deductions for Social Security and federal, state and local taxes.

RETIREMENT BENEFIT. Retirement benefits are based on the average of the participant's highest cash compensation (base salary and bonus) during any five consecutive years of employment by the Company ("Average Cash Compensation"). A participant retiring at age 65 or older receives an annual retirement benefit equal to 3 1/3% of Average Cash Compensation per year of service up to a maximum of 50%. If a participant's employment is terminated within three years after a

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

change in control of the Company, the participant vests with maximum retirement benefits regardless of age or years of service and the Company indemnifies the participant for any expense incurred in enforcing the participant's rights in the retirement benefit under the Supplemental Plan. Unless another form of payment is approved by the administrative committee for the Supplemental Plan, benefits are payable monthly in the form of a life annuity. If the participant dies prior to receiving 10 years of benefits, they are paid to the participant's beneficiary for the remainder of that period.

19

The following table sets forth the annual retirement benefits that would be received under the Supplemental Plan at the specified Average Cash Compensation levels after the specified years of service:

TERMINATION BENEFIT. A participant who retires or whose employment is terminated prior to age 65 with at least 15 years of service, and who is not otherwise entitled to benefits under the Supplemental Plan, is entitled to an annual termination benefit equal to 30% of Average Cash Compensation, increased by 4% for each year of service over 15 years, up to a maximum of 50%. The benefit commences upon the later of termination of the participant's employment, other than due to death, or the participant reaching age 55. Termination benefits are payable in the same manner as retirement benefits.

In June 2000, the Compensation Committee modified the termination benefits for Messrs. Girod and Stapleton. Effective September 24, 1999, Mr. Girod vested in an annual termination benefit equal to 26% of Average Cash Compensation, increased by 2% per year for the following two years of service and by 4% per year of service thereafter, up to a maximum of 50%. Mr. Stapleton vested in an annual termination benefit equal to 24% of Average Cash Compensation, increased by 2% per year for the following three years of service and by 4% per year of service thereafter, up to a maximum of 50%.

DEATH BENEFIT. A pre-retirement death benefit equal to three times the highest annual cash compensation achieved by a participant during his or her employment with the Company is paid to the beneficiaries of a participant who dies prior to the commencement of benefits under the Supplemental Plan. The benefit is paid to the participant's designated beneficiary in a single lump sum or, at the request of the beneficiary and with the consent of the administrative committee, the benefit may be paid in another form providing the actuarial equivalent of the lump-sum payment. Any death benefit payable to Dr. Harman's designated beneficiary will be paid in five equal annual installments, providing the actuarial equivalent of the lump-sum payment otherwise due.

SEVERANCE AND EMPLOYMENT AGREEMENTS

The Company entered into Severance Agreements ("Severance Agreements"), containing substantially identical terms and conditions, with each of Dr. Harman and Messrs. Girod, Stapleton and Meredith as of June 20, 2000. The Severance Agreements provide that if, within the two years following a change in control of the Company, the executive officer is terminated without cause or under certain circumstances terminates his own employment, then he is entitled to receive a severance payment equal to three times the sum of his highest annual base salary (during any period prior to his termination) and his highest incentive pay (during the three fiscal years preceding the change in control). The Severance Agreements also provide that the Company will pay the executive officer an additional amount for excise taxes, subject to a limitation based on the overall cost of the Severance Agreements, including any additional payment for excise taxes. Unless the executive officer or the Company notifies the other by September 30 that it does not wish the agreement to be extended, each Severance Agreement is automatically extended on the following January 1 for an additional year.

Mr. Palin serves as Vice President -- Controller of the Company pursuant to an employment agreement dated April 4, 2001 that provides for an annual base salary of L185,000

as well as rights under the Company's stock option plans and U.K. health and life insurance plans. In August 2001, his base salary was increased to L200,000. Under the employment agreement, either the Company or Mr. Palin may terminate his employment upon 12-months prior notice, provided that neither the Company nor Mr. Palin may give a termination notice prior to June 30, 2003.

OPTION REPURCHASES

In 1998, the Board of Directors made special stock option awards to Messrs. Girod, Stapleton and Meredith. Under the awards and after adjustment for the Stock Split, Mr. Girod received options to purchase 240,000 shares of Common Stock, Mr. Stapleton received options to purchase 200,000 shares of Common Stock and Mr. Meredith received options to purchase 160,000 shares of Common Stock. The exercise price of the options was \$19.875 per share, the market price of the shares of Common Stock at the time of the option award, adjusted for the Stock Split. The options were to become exercisable only upon the achievement of certain performance targets defined by reference to the 30-day average closing price of the shares of Common Stock. Adjusted for the Stock Split, one-third of the options would become exercisable when each of three target prices were achieved: \$27.50 per share, \$32.50 per share and \$37.50 per share. The target prices represented a premium of 38.4%, 63.5% and 88.7% over the split adjusted market price of the shares of Common Stock on the grant date. The Company's stock price exceeded the prescribed levels and as a result the options became fully exercisable. The Company recorded \$8.6 million in fiscal year 2001 and \$2.0 million in fiscal year 2000 in compensation expense as these options became exercisable.

On September 10, 2001, the Board approved payment for the repurchase of the 600,000 options at \$18.125 per option. The price represented the difference between \$38.00 and the \$19.875 exercise price of the options. The closing price of the shares of Common Stock on September 10, 2001 was \$39.61. As a result of the option repurchases, the Company paid Mr. Girod \$4,350,000, Mr. Stapleton \$3,625,000 and Mr. Meredith \$2,900,000.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

(b) Each such grant or sale of Restricted Shares may be made without additional consideration or in consideration of a payment by such Eligible Participant that is less than Market Value per Share on the Date of Grant.

(c) Each such grant or sale of Restricted Shares shall provide that the Restricted Shares covered by such grant or sale shall be subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code for a period to be determined by the Committee on the Date of Grant, provided that such period shall be at least three years. Notwithstanding the foregoing restriction, any grant or sale of Restricted Shares may provide for the earlier lapse of substantial risk of forfeiture in the event of a change in control of the Company or other similar transaction or event specified in an Evidence of Award.

(d) Each such grant or sale of Restricted Shares shall provide that during the period for which a substantial risk of forfeiture is to continue, the transferability of the Restricted Shares shall be prohibited or restricted in the manner and to the extent prescribed by the Company on the Date of Grant (which restrictions may include, without limitation, rights of repurchase or first refusal in favor of the Company or provisions subjecting the Restricted Shares to a continuing substantial risk of forfeiture in the hands of any transferee).

(e) Any grant or sale of Restricted Shares may specify Management Objectives that, if achieved, will result in termination or early termination of the restrictions applicable to such shares. Each grant or sale may specify in respect of such Management Objectives a minimum acceptable level of achievement and may set forth a formula for determining the number of Restricted Shares on which restrictions will terminate if performance is at or above the minimum level, but falls short of full achievement of the specified Management Objectives.

(f) Any grant or sale of Restricted Shares may provide that any or all dividends or other distributions paid thereon during the period of such restrictions be automatically deferred and reinvested in additional Restricted Shares, which shall be subject to the same restrictions as the underlying award.

(g) Each grant or sale of Restricted Shares shall be evidenced by an Evidence of Award that shall contain such terms and provisions, not inconsistent with this Plan, as the Committee may approve. (b) The Performance Period with respect to each Performance Unit shall be such period of time (not less than three years), commencing with the Date of

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

(c) Any grant of Performance Units shall specify Management Objectives that must be achieved as a condition to the payment or early payment of the award, and each grant may specify in respect of such specified Management Objectives a minimum acceptable level of achievement and shall set forth a formula for determining the number of Performance Units that will be earned if performance is at or above the minimum level, but falls short of full achievement of the specified Management Objectives. The grant of Performance Units shall specify that, before Performance Units shall be earned and paid, the Committee must certify that the Management Objectives have been satisfied.

(d) Each grant of Performance Units shall specify the time and manner of payment of Performance Units that have been earned. Any grant may specify that the amount payable with respect thereto may be paid by the Company in cash, in shares of Common Stock or in any combination thereof and may either grant to the Eligible Participant or retain in the Committee the right to elect among those alternatives.

(e) Any grant of Performance Units may specify that the amount payable or the number of shares of Common Stock issued with respect thereto or any combination thereof may not exceed a maximum amount or number, as applicable, specified by the Committee on the Date of Grant.

(f) Each grant of Performance Units shall be evidenced by an Evidence of Award containing such terms and provisions, not inconsistent with this Plan, as the Committee may approve.

Such Option Rights shall become exercisable in full immediately in the event of a change in control of the Company or other similar transaction or event specified in the Evidence of Award. Each such Option Right granted under this Plan shall expire 10 years from the Date of Grant and shall be subject to earlier termination as hereinafter provided.

(iii) In the event of the termination of service on the Board by the holder of any such Option Rights, other than by reason of disability or death as set forth in subparagraph (iv) hereof, the then outstanding Option Rights of such holder may be exercised only to the extent that they were exercisable on the date of such termination and shall expire 90 days after such termination, or on their stated expiration date, whichever occurs first.

(iv) In the event of the death or disability of the holder of any such Option Rights, each of the then outstanding Option Rights of such holder shall be exercisable in full and may be exercised at any time within one year after such death or disability, but in no event after the expiration date of the term of such Option Rights.

(v) If a Non-Officer Director subsequently becomes an officer or employee of the Company or a Subsidiary while remaining a Director, any Option Rights then held under this Plan by such individual shall not be affected thereby.

(vi) Option Rights may be exercised by a Non-Officer Director upon payment to the Company in full of the Option Price in accordance with Section 4(c) of this Plan.

(vii) Successive grants of Option Rights may be made to a Non-Officer Director whether or not Option Rights previously granted to such Non-Officer Director remain outstanding.

(viii) Each grant of Option Rights under this Section 8 shall be evidenced by an Evidence of Award containing the foregoing terms and conditions and such other terms and conditions, not inconsistent with this Plan, as the Committee may approve.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

10. ADJUSTMENTS. The Committee may make or provide for such adjustments in the numbers of shares of Common Stock covered by any outstanding Option Rights or Appreciation Rights, in the Option Price and Base Price provided in outstanding Appreciation Rights, and in the kind of shares of Common Stock covered thereby, as the Committee, in its sole discretion, exercised in good faith, may determine is equitably required to prevent dilution or enlargement of the rights of Eligible Participants or Optionees that otherwise would result from (a) any stock dividend, stock split, combination of shares of Common Stock, recapitalization or other change in the capital structure of the Company, (b) any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities, or (c) any other corporate transaction or event having an effect similar to any of the foregoing. The Committee may also make or provide for such adjustments in the numbers and kind of shares of Common Stock specified in Section 3 of this Plan, and numbers of Option Rights issuable pursuant to Section 8 of this Plan, as the Committee in its sole discretion, exercised in good faith, may determine is appropriate to reflect any transaction or event described in this Section 10, provided, however, that any such adjustment to the number specified in Section 3(c) (i) of this Plan shall be made only if and to the extent that such adjustment would not cause any option intended to qualify as an Incentive Stock Option to fail so to qualify.

11. GOVERNING LAW. This Plan and all awards granted and actions taken thereunder shall be governed by and construed in accordance with the internal substantive laws of the State of Delaware.

12. FRACTIONAL SHARES. The Company shall not be required to issue any fractional shares of Common Stock pursuant to this Plan. The Committee may provide for the elimination of fractions or for the settlement of fractions in cash.

B-10

which arrangements (in the discretion of the Committee) may include relinquishment of a portion of such benefit. Eligible Participants shall also make such arrangements as the Company may require for the payment of any withholding tax obligations that may arise in connection with the disposition of shares of Common Stock acquired upon the exercise of Option Rights. In no event, however, shall the Company accept shares of Common Stock for payment of taxes in excess of required tax withholding rates, except that, in the discretion of the Committee, an Eligible Participant may surrender shares of Common Stock that have been owned by such Eligible Participant for a period of time acceptable to

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

the Committee to satisfy any tax obligations resulting from any such transaction.

14. PARTICIPATION BY EMPLOYEES OF A LESS-THAN-80% SUBSIDIARY. As a condition to the effectiveness of any grant or award to be made hereunder to an Eligible Participant who is an employee of a Less-Than-80% Subsidiary, regardless whether such Eligible Participant is also employed by the Company or another Subsidiary, the Committee may require the Less-Than-80% Subsidiary to agree to transfer to the Eligible Participant (as, if and when provided for under this Plan and any applicable agreement entered into between the Eligible Participant and the Less-Than-80% Subsidiary pursuant to this Plan) the shares of Common Stock that would otherwise be delivered by the Company upon receipt by the Less-Than-80% Subsidiary of any consideration then otherwise payable by the Eligible Participant to the Company. Any such award may be evidenced by an Evidence of Award between the Eligible Participant and the Less-Than-80% Subsidiary, in lieu of the Company, on terms not inconsistent with this Plan and approved by the Committee and the Less-Than-80% Subsidiary. All shares of Common Stock so delivered by or to a Less-Than-80% Subsidiary will be treated as if they had been delivered by or to the Company for purposes of Section 3 of this Plan, and all references to the Company in this Plan shall be deemed to refer to the Less-Than-80% Subsidiary except with respect to the definitions of the Board and the Committee and in other cases where the context otherwise requires.

15. INTERNATIONAL EMPLOYEES. In order to facilitate the making of any grant or combination of grants under this Plan, the Committee may provide for such special terms for awards to Eligible Participants who are foreign nationals or who are employed by the Company or any Subsidiary outside of the United States of America, as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the Committee may approve such supplements to, or amendments, restatements or alternative versions of, this Plan as it may consider necessary or appropriate for such purposes without thereby affecting the terms of this Plan as in effect for any other purpose; provided, however, that no such supplements, amendments, restatements or alternative versions shall include any provisions that are inconsistent with the terms of this Plan, as then in effect, unless this Plan could have been amended to eliminate such inconsistency without further approval by the stockholders of the Company.

16. ADMINISTRATION OF THIS PLAN.

Each committee shall be deemed a "Committee" hereunder and shall have the authority delegated to it by the Board from time to time. The interpretation and construction by the Committee of any provision of this Plan or of any Evidence of Award and any determination by the Committee pursuant to any provision of this Plan or of any Evidence of Award shall be final and conclusive. No member of the Committee shall be liable for any such action or determination made in good faith.

B-11

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

approval shall not be construed to limit the Company's authority to offer similar or dissimilar benefits under other plans without stockholder approval to the extent permitted under applicable law or Applicable Exchange Rules. Without limiting the foregoing, the Committee may amend this Plan to eliminate provisions which are no longer necessary as a result of changes in tax or securities law or regulations or in financial accounting principles, or in the interpretation thereof.

(b) The Evidence of Award evidencing any outstanding award may, with the concurrence of the affected Eligible Participant, be amended by the Committee, provided that the terms and conditions of each Evidence of Award and amendment are not inconsistent with this Plan and that no amendment shall adversely affect the rights of an Eligible Participant with respect to any outstanding award without the Eligible Participant's consent.

(c) The Committee shall not, without the further approval of the stockholders of the Company, authorize the amendment of any outstanding Option Right to reduce the Option Price or authorize the amendment of any outstanding Appreciation Right to reduce the Base Price. Furthermore, no Option Right or Appreciation Right shall be cancelled by agreement between the Company and Eligible Participant, in the case of Option Rights, and replaced with an award having a lower Option Price without the further approval of the stockholders of the Company.

(d) The Committee may, in its sole discretion, accelerate the time at which any Option Right or Appreciation Right may be exercised, the time during which any Restricted Shares are subject to a substantial risk of forfeiture or other restrictions on transfer, or the time at which any Performance Units will be deemed to have been fully earned or may waive any other limitation or requirement under any such award. The Committee may not, however, accelerate the time at which any substantial risk of forfeiture or prohibition or restriction on transfer relating to any grant or sale of Restricted Shares will lapse, without further approval of the stockholders of the Company, except that such grant or sale may provide for the earlier termination of such period in the manner provided in Section 6(c) or 6(e) of this Plan.

(e) The Committee may permit Eligible Participants to elect to defer the issuance of shares of Common Stock or the settlement of awards in cash under this Plan pursuant to such rules, procedures or programs as it may establish for purposes of this Plan. The Committee may provide that such deferred issuances and settlements include the payment or crediting of dividend equivalents or interest on the deferral amounts.

(f) The Committee may condition the grant of any award or combination of awards authorized under this Plan on the surrender or deferral by the Eligible Participant of his or her right to receive a cash bonus or other compensation otherwise payable by the Company or a Subsidiary to the Eligible Participant.

(g) In the event an Eligible Participant shall have (i) been convicted of a criminal violation involving fraud, embezzlement or theft in connection with his or her duties or in the course of his or her employment with the Company or any Subsidiary, (ii) committed
