ITEM 1. DESCRIPTION OF BUSINESS

As used herein, the term Company refers to AmeriResource Technologies, Inc., a Delaware corporation, and its subsidiaries and predecessors, unless the context indicates otherwise. The Company was formerly known as KLH Engineering Group, Inc. (KLH Engineering), which was incorporated on March 3, 1989 to provide diversified engineering services throughout the United States. KLH Engineering changed its name to AmeriResource Technologies, Inc. on July 16, 1996. Although the Company's operations have historically consisted of providing engineering and construction services, the Company closed and/or sold off its engineering subsidiaries due to continued losses in 1996.

The Company's operations during 2003 were conducted through its wholly owned subsidiaries Jim Butler Performance (JBP) and West Texas Real Estate & Resources, Inc. (WTRER). Although in September 2003 the Company signed a definitive stock for stock like exchange agreement to acquire a 40% equity interest in 449 Corporation and WDHQ, Inc., both corporations being EagleRider franchises with four operating locations. The stock for stock like exchange was completed on February 2, 2004.

ROYAL CASINO ENTERTAINMENT CORP.

On December 20, 2002, the Company and Royal Casino Holdings Corporation (RCH) rescinded, ab initio, an exchange agreement whereby the Company had acquired a majority interest in Royal Casino Entertainment Corp ("RCE"), which owned and operated the day cruise gaming boat, Royal Casino I, and the land lease on

which the Royal Casino I docked adjacent to the Ambassador Hotel on the Intercoastal Waterway in Hollywood, Florida. The Exchange Agreement was not closed until October 2, 2002. The primary delay in closing the Exchange Agreement was RCH's inability to procure sufficient working capital, which was not yet obtained by RCH as of closing but was expected to be obtained within ten (10) days of closing. The Company and RCH executed an Addendum (Addendum) to the Exchange Agreement on November 19, 2002, whereby RCH granted to the Company an option to rescind the Exchange Agreement in the event RCH was unable to maintain working capital sufficient to facilitate the operations of RCE and Royal Casino Cruises, LLC (RCC).

RCH was unable to procure and maintain sufficient working capital to support the operations of RCE and RCC, and the Company consequently exercised its option to rescind the Exchange Agreement by executing a Recission of Exchange Agreement with RCH on December 20, 2002.

As additional consideration for the Recission of the Exchange Agreement, RCH, agreed to pay to the Company twenty percent (20%) on any and all proceeds or recovery obtained on behalf of RCE and /or RCC in connection with the lessor's breach of the agreement pursuant to which RCE leased the berth for its casino boat, the Royal Casino I, and its principal offices.

JIM BUTLER PERFORMANCE, INC.

Jim Butler Performance, Inc. (JBP) was acquired by the Company on September 26, 2001 from Wasatch Business Investors, Inc. (WBI) and Covah, LLC (Covah) in exchange for One Million (1,000,000) shares of the Company's common stock. The agreement between WBI, Covah and the Company required all assets of JBP to be free and clear of all liens and any encumbrances.

The Company was made aware of a lien, as disclosed in the Form 10-KSB for year ended 2002, in the approximate amount of \$550,000 which had been apparently executed by the interim officers of JBP, Keith Warburton and Ronnie Hale, during the time frame WBI had purchased JBP from Jim & Joy Butler, and WBI's sale of JBP, to the Company.

The Company has made numerous attempts to resolve the issues with WBI & Covah over the last two years however, could never reach a resolution that was equitable and mutually agreeable to all parties whereby, allowing JBP to achieve profitability and grow the business. Therefore, on March 25, the Company notified WBI & Covah of their breaches and has rescinded the acquisition of JBP. The stock that had been issued to WBI and Covah will be returned to the Company's treasury.

WEST TEXAS REAL ESTATE AND RESOURCES, INC.

WTRER's business operations in 2003 consisted primarily of searching for a joint-venture partner whom would have the financial resources to assist in the development of the oil & gas property into producing oil or gas wells.

Orix Real Estate Capital Markets, LLC, as the Special Servicer for Finova Realty Capital, Inc. v. Magnolia Manors Properties, LLC, et al., Case No. CV-01-3086-SH, was filed in the Montgomery Circuit Court in Montgomery County, Alabama in May 2000 by Orix Real Estate Capital Markets, LLC (Orix) as the Special Servicer for Finova Realty Capital, Inc. alleging that Magnolia Manors Properties, LLC defaulted on the provisions of a promissory note to Finova Realty Capital, Inc. by which it promised to repay \$9,280,000. This lawsuit alleged that because the Company had been, between December 23, 1999 and February 27, 2001, in

negotiations to merge or acquire the assets of Magnolia Manors Properties, LLC that it has bound itself to certain provisions of these loan documents. On January 25, 2002, the Company and Delmar Janovec filed a Motion for Summary Judgment asking the Court to enter an order granting judgment in their favor on all claims asserted against them. The Circuit Court granted summary judgment in favor of the Company and Delmar Janovec on March 29, 2002. Orix appealed this judgment to the Alabama Supreme Court on June 26, 2002. The Circuit Court's summary judgment was affirmed by the Alabama Supreme Court on January 14, 2003.

American Factors Group, L.L.C. vs. AmeriResource Technologies, Inc., et al. This case was filed in the United States District Court, District of New Jersey, Case Number 3:97cv01094(GEB).

In February 2000, the parties stipulated to the dismissal of certain claims in this suit with prejudice. This stipulation dismissed all of the claims in this suit except for the claims against defendants Rod Clawson, Michael Cederstrom and Tim Masters. These remaining claims were resolved pursuant to a Settlement Agreement which has been subsequently amended.

The Settlement Agreement provided for the payment by the Company and Delmar Janovec (Janovec) of certain obligations and judgments entered against the defendants. An Addendum dated August 10, 2000 was executed to modify certain terms of the repayment schedule. As the Company and Janovec were unable to meet the terms of repayment set forth in the Addendum, a Second Addendum was executed in the first quarter of 2002 to modify the repayment conditions as follows:

1. the interest rate and all other penalties and late charges assessed on the outstanding obligation of \$308,692.08 owed by Janovec and the Company shall be fifteen percent (15%) until the obligation is paid in full on or before March 31, 2002;
2. the repayment schedule shall be weekly payments of not less than \$2,500, with repayments increasing in the event the price of the Company's Common Stock increases;
3. to the extent the Company secures a line of credit through vSource 1 and receives any investor monies, American Factors Group, L.L.C. (AFG) shall receive fifty percent (50%) of any such monies; and
4. the Company shall issue to AFG ten million (10,000,000) shares of the Company's Common Stock in consideration of the modification of the repayment conditions.

As the Company's Common Stock reaches the specific prices stated in the repayment schedule, Delmar Janovec, the Company's president, has agreed to sell his personal shares of the Company's Common Stock to make the scheduled payment. In the event the obligation was not paid in full by March 31, 2002, AFG would be entitled to proceed with any available proper legal

action to collect on its judgment. AFG and the Company have extended the terms of the Second Addendum until December 27, 2003. The terms of the Second Addendum have been met.

Internal Revenue Service Issue. The IRS and the Company have been trying to resolve outstanding issues since 2000 for unpaid payroll taxes created by the previous engineering subsidiaries during the close down phases of the offices and was not successful in reaching a resolution with the IRS. On or about January 16, 2001, the IRS notified Rod Clawson, a director of the Company and the former President of the engineering subsidiaries, that the IRS was filing a lien against him, individually, for the payment of taxes. Subsequently, several meetings were held and an agreement was reached on or about March 22, 2001 with the IRS whereby Clawson will pay \$50,000 per month until approximately \$282,000, constituting principal and interest, is paid off in its entirety. Mr. Clawson has made payments in excess of \$115,000 to date.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

General

The Company is attempting to settle as much debt from the balance sheet as possible. As such, the Company entered a settlement agreement with Mr. Delmer Janovec whereby common stock was issued to Janovec in exchange for the retirement of the \$1,217,773 debt the Company owed Janovec. Additionally, the Company's operations for 2003 were primarily affected through its wholly owned subsidiaries, JBP and West Texas Real Estate and Resources, Inc. However, subsequent to the year ended December 31, 2003, the Company rescinded its agreement with JBP. The Company continues to search for other viable business entities that have operations with revenues and net profits.

Results of operations

Revenues for the fiscal year ended December 31, 2003 decreased to \$62,000 from \$1,152,481 in revenues for 2002. The operating loss decreased to \$637,062 as compared to \$744,435 in 2002 as a result in a decrease of General and Administrative expenses from \$522,744 for the year ended December 2002, to \$146,905 for 2003 and an increase in consulting expenses from \$233,932 for the year end December 31, 2002 to \$367,497 in 2003. The operating loss is also attributable to a decrease in salaries and bonuses of \$100,000 for the year ended December 31, 2003 as compared to \$245,033 for 2002.

The Company's net profit decreased dramatically to a net loss of \$724,714 from a net profit of \$491,857 in 2002. The decrease in net profit resulted from the loss of operations of one of the Company's subsidiaries, Jim Butler Performance, Inc. This was a one time extraordinary expense which was incurred by the Company when it rescinded an Acquisition Agreement due to breaches in the contract made by the seller, WBI, Inc. and Covah, LLC.

Liquidity and capital resources

The Company's current assets as of December 31, 2003 were \$86,395. This amount is in cash

and a note receivable. Other assets include oil and gas properties in the amount of \$1,700,000 which represents rights of certain leased oil rights that have a value exceeding \$10,000,000 but has been recorded as to the value paid for the oil lease.

For the year ended December 31, 2003, the Company account payable were \$0. The Company had notes payable to other parties in the amount of \$350,000 and accrued interest totaling \$29,692.

The Company plans to increase its liabilities by acquiring additional income producing assets in exchange for its securities, and attempting to settle additional payables with equity. The Company hopes to continue to improve shareholder equity by acquiring income-producing assets which are generating profits.

Going Concern

The Company has relied upon its chief executive officer, Delmar Janovec, for its capital requirements and liquidity. The Company will continue to seek alternate sources of financing to allow the Company to acquire other operating entities which may improve the Company's weak liquidity and capital resources. Additionally, the Company may continue to use its equity and resources of its chief executive officer to finance operations. However, no assurances can be provided that the Company will be successful in acquiring assets, whether revenue-producing or otherwise, or that Mr. Janovec will continue to assist in financing the Company's operations.

INDEPENDENT AUDITOR S REPORT

The Stockholders
And Board of Directors
Of AmeriResource Technologies, Inc.
Las Vegas, NV

We have audited the accompanying consolidated balance sheet of AmeriResource Technologies, Inc. and subsidiaries as of December 31, 2003, and the related consolidated statements of operations, stockholders' equity, and cash flows for the years ended December 31, 2002 and 2003. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AmeriResource Technologies, Inc. and subsidiaries as of December 31, 2003, and the results of its operations and cash flows for the years ended December 31, 2002 and 2003, in conformity with accounting principles generally accepted in the United States.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 10 to the financial statements, the Company has suffered recurring losses from operations and has an accumulated deficit that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to those matters are also described in Note 10. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of business and business combinations

AmeriResource Technologies, Inc., a Delaware corporation, was incorporated March 3, 1989 for the purpose of providing diversified civil engineering services throughout the United States, to be accomplished through acquisitions of small to mid-size engineering firms. On July 16, 1996, the Company changed its name to AmeriResource Technologies, Inc. In February 2002, the Company agreed to a 100 to 1 reverse split of common stock. These financial statements reflect the reverse split in the financial statement and these notes.

On July 19, 2000 the Company acquired all of the outstanding stock in West Texas Real Estate and Resources, Inc. (West Texas) for a convertible note payable in the amount of \$1,700,000. West Texas owns the rights to certain leased oil rights that has a value exceeding \$10,000,000 which has been reflected in a certified audit report issued to West Texas for the leased oil rights.

On September 30, 2001, the Company acquired all the outstanding stock of Jim Butler Performance, Inc. (Jim Butler) in exchange for 100,000,000 shares of common stock valued at \$450,000. Jim Butler manufactures custom automobile motors. This agreement was rescinded effective December 31, 2003.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of presentation

The accompanying financial statements have been prepared in conformity with principles of accounting applicable to a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company has incurred continuing losses and has not yet generated sufficient working capital to support its operations. The Company's ability to continue as a going concern is dependent, among other things, on its ability to reduce certain costs, and its obtaining additional financing and eventually attaining a profitable level of operations.

It is management's opinion that the going concern basis of reporting its financial condition and results of operations is appropriate at this time. The Company plans to increase cash flows and to take steps towards achieving profitable operations through the merger with or acquisition of profitable operations.

Principles of consolidation

The consolidated financial statements include the combined accounts of AmeriResource Technologies, Inc., West Texas Real Estate & Resources, Inc. and Tomahawk Construction Company. All material intercompany transactions and accounts have been eliminated in consolidation.

Cash and cash equivalents

For the purpose of the statement of cash flows, the Company considers currency on hand, demand

deposits with banks or other financial institutions, money market funds, and other investments with original maturities of three months or less to be cash equivalents.

Oil and gas properties

The oil and gas properties consist of the rights to certain leased oil rights that has a value exceeding \$10,000,000. These assets have been written down to \$1,700,000, the value of the note receivable recorded related to this asset.

Property, Plant and Equipment

The Company's fixed assets are presented at cost. Certain Subsidiaries use tax depreciation methods which approximates straight-line. Related depreciation and amortization expense for the years ended December 31, 2003 and 2002, was \$52 and \$52, respectively.

Gain on extinguishment of debt

During 2002, the Company wrote off \$1,225,206 in debts that were over 7 years old. The debts exceeded the legal statute of limitations. The Company also negotiated new terms of a note payable that increased the principal amount of the note, but forgave all accrued interest. The difference is recorded in gain on extinguishment of debt.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. In these financial statements assets and liabilities involve extensive reliance on management's estimates. Actual results could differ from those estimates.

Income tax

For the years ended December 31, 2003 and 2002, the Company elected to file a consolidated tax return and the income tax provision is on a consolidated basis. Prior to 1992, the Subsidiaries filed separate corporate returns.

Effective January 1, 1993, the Financial Accounting Standards Board (FASB) issued FASB No. 109, *Accounting for Income Taxes*. FASB No. 109 requires that the current or deferred tax consequences of all events recognized in the financial statements be measured by applying the provisions of enacted tax laws to determine the amount of taxes payable or refundable currently or in future years. There was no impact on from the adoption of this standard.

Deferred income taxes are provided for temporary differences in reporting income for financial statement and tax purposes arising from differences in the methods of accounting for construction contracts and depreciation.

Construction contracts are reported for tax purposes and for financial statement purposes on the percentage-of-completion method. Accelerated depreciation is used for tax reporting, and straight-line depreciation is used for financial statement reporting.

Loss per common share

Loss per common share is based on the weighted average number of common shares outstanding during the period. Options, warrants and convertible debt outstanding are not included in the computation because the effect would be anti-dilutive.

Recent Accounting Pronouncements

In November 2002, the FASB issued Interpretation No. 45, *Guarantor's Accounting and Disclosure Requirements for Guarantees, including Indirect Guarantees of Indebtedness of Others* (Interpretation No. 45). Interpretation No. 45 elaborates on the existing disclosure requirements for most guarantees, including loan guarantees such as standby letters of credit. It also clarifies that at the time a company issues a guarantee, the company must recognize an initial liability for the fair market value of the obligations it assumes under that guarantee and must disclose that information in its interim and annual financial statements. The initial recognition and measurement provisions of Interpretation No. 45 apply on a prospective basis to guarantees issued or modified after December 31, 2002. Interpretation No. 45 did not have an effect on the financial statements.

In January 2003, the FASB issued Interpretation No. 46, *Consolidation of Variable Interest Entities* (Interpretation No. 46), that clarifies the application of Accounting Research Bulletin No. 51, *Consolidated Financial Statements*, to certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. Interpretation No. 46 is applicable immediately for variable interest entities created after January 31, 2003. For variable interest entities created prior to January 31, 2003, the provisions of

Interpretation No. 46 are applicable no later than July 1, 2003. Interpretation No. 46 did not have an effect on the financial statements.

In December 2002, the FASB issued SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure, an amendment of FASB Statement No. 123 (SFAS 148). This Statement amends SFAS 123 to provide alternative methods of transition for a voluntary change to the fair value method of accounting for stock-based employee compensation. In addition, SFAS 148 amends the disclosure requirements of SFAS 123 to require prominent disclosures in both annual and interim financial statements. Certain of the disclosure modifications are required for fiscal years ending after December 15, 2002 and are included in the notes to these consolidated financial statements.

Statement of Financial Accounting Standards SFAS No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities , SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity , were recently issued. SFAS No, 149, and 150 have no current applicability to the Company or their effect on the financial statements would not have been significant.

5. STOCKHOLDERS EQUITY (CONTINUED)

Dividends are not payable until declared by the Company. At December 31, 2001, the amount of dividends in arrears on the preferred stock was \$1.6 million. The majority of the interest (approx 90%) owed on the dividends in the arrears are owed to Delmar Janovec, the President and majority stockholder.

Delmar Janovec exchanged the dividends owed in the approx. amount of \$1.6 million for the 1,000,000 shares of Class C Preferred Stock that was established in February 2002. There would be nothing owed to DAJ however, there would be some owed to the other Holders of A & B Classes.

6. INCOME TAX

No current or deferred tax provision resulted as there was both an accounting and a tax loss for each of the periods presented. The primary permanent differences between tax and accounting losses are non-tax deductible penalties, losses from closure of subsidiaries and amortization of certain goodwill.

The Company has available for income tax purposes, a net operating loss carryforward of approximately \$14,000,000 expiring from 2004 to 2007, including \$970,000 subject to certain recognition limitations. A valuation allowance for the full amount of the related deferred tax asset of approximately \$1,380,000 has not been recorded, since there is more than a 50 percent chance this will expire unused.

The significant temporary differences are associated with bad debts, deferred compensation and accrued vacation.

All of the net operating losses carryforward of approximately \$14,000,000 is subject to significant recognition limitations due to the merger with Tomahawk.

7. OTHER COMMITMENTS AND CONTINGENCIES

The Company's subsidiaries are typically subject to various claims arising in the ordinary course of business which usually relate to claims of professional negligence or contract breaches.

The Company is currently covered adequately for business insurance, auto and workmen's compensation insurance meeting the standard limits that are customary in the industry. Owned the land lease on which the Royal Casino I docked adjacent to the Ambassador Hotel on the Intercostals Waterway in Hollywood, Florida.

On December 20, 2002, the Company and RCH rescinded, ab initio, the Exchange Agreement. The Exchange Agreement was not closed until October 2, 2002. The primary delay in closing the Exchange Agreement was RCH inability to procure sufficient working capital, which was not yet obtained by RCH as of closing but was expected to be obtained within ten (10) days of closing. The Company and RCH executed an addendum (Addendum) to the Exchange Agreement on November 19, 2002 whereby RCH granted the Company an option to rescind the Exchange Agreement in the event RCH was unable to maintain working capital sufficient to facilitate the operations of RCE and RCC,

JBP was acquired by the Company on September 26, 2001 from Wasatch Business Investors, Inc. (WBI) and Covah, LLC (Covah). The Company recently learned of a promissory note in the amount of between \$350,000 and \$550,000 that was apparently executed by interim management of JBP in the few days between WBI s purchase of JBP from Jim Butler, and WBI s sale of JBP to the Company. This apparently has resulted in a lien being placed on JBP s assets. As the agreement between WBI, Covah, and the Company required that the Company acquire JBP from WBI and Covah free and clear of any encumbrances, the Company is currently evaluating the validity, terms, and facts behind the existence of the promissory note and lien, as well as any recourse it may have regarding these matters.

American Factors Group, LLC filed suits against the Company and certain subsidiaries for breach of contract and fraud I the extension of credit in a factoring agreement. An arbitrator was appointed and a hearing was held in July of 1998. As a result of this arbitration proceeding, the Company executed a settlement and release agreement whereby, it agreed to pay \$422, 066 in exchange for dismissal of all claims against it and certain of its subsidiaries. The amount is to be paid by the Company in weekly payments of not less than \$2,500 which has been modified both orally and in writing several times since August 10, 2000.

The IRS notified Rod Clawson, a Director of the Company and former President of the engineering subsidiaries, the IRS was filing a lien against him personally, for the payment of taxes created by the former engineering subsidiaries during the close down phase of the offices in the fall of 1996. Subsequently, several meetings were held and an agreement was reached on or about March 22, 2001, with the IRS whereby, Mr. Clawson will pay \$50,000 per month until the amount of approximately \$282,000 constituting principal and interest, is paid in its entirety. Mr. Clawson was not able to meet the payment terms and has made payments in the amount of approximately, \$118,000. Mr. Clawson was in the process of finalizing an Offer and Compromise with the IRS however, the IRS has placed the file on an inactive status.

It is management's opinion that the going concern basis of reporting its financial condition and results of operations is appropriate at this time. 10. SUBSEQUENT EVENTS

On March 19, 2004, AmeriResource Technologies, Inc. (the "Company") rescinded, ab initio, a September 25, 2001 Acquisition Agreement (the "Agreement") the Company entered into with Wasatch Business Investors, Inc., a Utah corporation ("WBI") and Covah, LLC, a Utah limited liability company ("Covah"). Pursuant to the Agreement, WBI, as agent for Covah, was to sell and transfer one hundred percent (100%) of Jim Butler Performance, Inc., a Tennessee corporation ("JBP"), to the Company in exchange for one hundred million (100,000,000) shares of the Company's stock, with seventy-five million (75,000,000) shares being issued to Covah and twenty-five million shares being issued to WBI. The Company rescinded the Acquisition Agreement because JBP was to be tendered free and clear of any liens and encumbrances at the closing of the Acquisition Agreement and the Company has been informed that a five hundred fifty thousand dollar (\$550,000) promissory note has been placed on JBP's real property with a lien securing such debt. These financial statements reflect the rescission of the Agreement.
