PROXY STATEMENT

The Board of Directors (the Board) of NRG Energy, Inc. (NRG or the Company) is soliciting proxies for the Annual Meeting of Stockholders. You are receiving a proxy statement because you own shares of NRG common stock that entitle you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. The proxy statement describes the matters we would like you to vote on and provides information on those matters.

Purpose of the Annual Meeting

The purpose of the Annual Meeting is to elect directors, to approve NRG's Long-Term Incentive Plan and its Annual Incentive Plan for Designated Corporate Officers, to ratify the appointment of KPMG LLP as NRG's independent registered public accounting firm, and to conduct such other business as may properly come before the Annual Meeting. Other than the proposals described in this proxy statement, the Board is not aware of any other matters to be presented for a vote at the Annual Meeting. If you grant a proxy, any of the persons named as proxy holders David Crane and Timothy W.J. O'Brien will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

Annual Meeting Admission

Stockholders of NRG may attend the Annual Meeting. However, only stockholders who owned NRG stock at the close of business on July 8, 2004, the record date, or their duly appointed proxies, are entitled to vote at the meeting. Proof of ownership of NRG stock, along with personal identification, must be presented in order to be admitted to the Annual Meeting. If your shares are held in the name of a bank, broker or other holder of record, you must bring a brokerage statement or other proof of ownership with you to the Annual Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases, or packages will be permitted in the Annual Meeting.

Quorum

A quorum is the minimum number of shares required to hold a meeting. Under NRG's Bylaws, to have a quorum, a majority of the outstanding shares of stock entitled to vote at a meeting must be represented in person or by proxy at the meeting. Both abstentions and broker nonvotes are counted as present for determining the presence of a quorum. Generally, broker nonvotes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (a) the broker has not received voting instructions from the beneficial owner and (b) the broker lacks discretionary voting power to vote such shares. Brokers who do not receive instructions are entitled to vote on the election of directors and the ratification of the appointment of the independent auditors, but they cannot vote on the approval of NRG's Long-Term Incentive Plan and NRG's Annual Incentive Plan for Designated Corporate Officers.

Stockholders Entitled to Vote

Each share of our common stock outstanding as of the close of business on July 8, 2004, the record date, is entitled to one vote at the Annual Meeting on each matter properly brought before the meeting. As of that date, there were 100,006,798 shares of common stock issued and outstanding.

Most NRG stockholders hold their shares through a stockbroker, bank, trustee, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

* *Stockholder of Record* If your shares are registered directly in your name with NRG's transfer agent, Wells Fargo Bank, N.A., you are considered the stockholder of record of those shares and these proxy materials are being sent to you by NRG. As the stockholder of record, you have the right to grant your voting proxy directly to NRG or to vote in person at the meeting.

Table of Contents

** Beneficial Owner* If your shares are held in a stock brokerage account, by a bank, trustee, or other nominee, you are considered the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your broker, trustee, or nominee, who is considered the stockholder of record of those shares. As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote and are also invited to attend the meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting. Your broker, trustee, or nominee is obligated to provide you with a voting instruction card for you to use.

Required Vote

Director Nominees The nominees for election as directors at the Annual Meeting will be elected by a plurality of the votes cast at the meeting. This means that the director nominee with the most votes for a particular slot is elected for that slot. Votes withheld from a director nominee will have no effect on the election of the director from whom votes are withheld.

Except as noted above, all other proposals require the affirmative **FOR** vote of a majority of those shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter. Abstentions are treated as shares present or represented and voting, so abstaining has the same effect as voting against the matter. If you are a beneficial owner and do not provide the stockholder of record with voting instructions, your shares may constitute broker nonvotes, as described in the section above entitled **Quorum**. In tabulating the voting result for any particular proposal, shares that constitute broker nonvotes are not considered entitled to vote on that proposal. Accordingly, broker nonvotes have no effect on the outcome of matters presented for a stockholder vote. Brokers who do not receive instructions are entitled to vote on the election of directors and the ratification of the appointment of the independent auditors, but they cannot vote on the approval of NRG's Long-Term Incentive Plan and NRG's Annual Incentive Plan for Designated Corporate Officers.

Voting Methods

If you hold shares directly as the stockholder of record, you may vote by granting a proxy or, if you hold shares beneficially in street name, by submitting voting instructions to your broker, trustee, or nominee. In most instances, you will be able to do this over the Internet, by telephone, or by mail. Please refer to the summary instructions below and those included on your proxy card or, for shares held in street name, the voting instruction card included by your broker, trustee, or nominee.

The Internet and telephone voting procedures are designed to authenticate stockholders by use of a control number and to allow you to confirm that your instructions have been properly recorded. If you vote by telephone or on the Internet, you do not need to return your proxy card. Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day, and will close at noon (Central Daylight Time) on the day before the Annual Meeting.

** Vote By Internet* If you have Internet access, you may submit your proxy from any location in the world 24 hours a day, 7 days a week by visiting the web site listed on the proxy card. Have your proxy card in hand when you access the web site. You will be prompted to enter your company number and a security control number (these numbers are located on the proxy card) to create an electronic ballot.

** Vote By Telephone* If you live in the United States, you may use any touch-tone telephone to vote your proxy toll-free 24 hours a day, 7 days a week. The telephone number is printed on your proxy card, which you should have in hand when you call. You will be prompted to enter your company number and a security control number (these numbers are located on the proxy card). Follow the recorded instructions.

** Vote By Mail* You may do this by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker, trustee, or nominee and mailing it in the enclosed, postage-paid, addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign, but do not provide instructions, your shares will be voted as the Board

Table of Contents

recommended. Mark, sign, and date your proxy card and return it in the postage-paid envelope provided as soon as possible so that it is received by August 4, 2004.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting.

Changing Your Vote

You may change your proxy instructions at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may accomplish this by granting a new proxy or by voting in person at the Annual Meeting. For shares held beneficially by you, you may change your vote by submitting new voting instructions to your broker, trustee, or nominee.

Counting the Vote

In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD from one or more of the nominees. For the other proposals, you may vote FOR, AGAINST, or ABSTAIN. If you ABSTAIN, it has the same effect as a vote AGAINST. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. Representatives of Wells Fargo Bank, N.A., NRG's transfer agent, will tabulate the votes and act as the inspectors of election.

Confidentiality

Stockholder proxies, ballots, and tabulations that identify stockholders are confidential. They will not be available for examination, nor will the identity or vote of any stockholder be disclosed, except as necessary to meet legal requirements and allow the inspectors of election to certify the results of the stockholder vote. Occasionally, stockholders provide written comments on their proxy card that may be forwarded to NRG management.

List of Stockholders

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the meeting for any purpose germane to the meeting, between the hours of 8:45 a.m. and 4:30 p.m. (Central Daylight Time), at our principal executive offices at 901 Marquette Avenue, Suite 2300, Minneapolis, MN 55402, by contacting the Secretary of the Company.

Cost of Proxy Solicitation

NRG will pay for the cost of preparing, assembling, printing, mailing, and distributing these proxy materials. You will need to obtain your own Internet access if you choose to access the proxy materials and/or vote over the Internet. In addition to mailing these proxy materials, the solicitation of proxies or votes may be made in person, by telephone, or by electronic communication by our directors, officers, and employees, who do not receive any additional compensation for these solicitation activities. We have hired MacKenzie Partners to assist us in the distribution of proxy materials and the solicitation of votes. We will pay MacKenzie Partners a fee of \$9,500 plus expenses for these services. We will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to beneficial owners of stock.

Transfer Agent

Our transfer agent is Wells Fargo Bank, N.A. All communications concerning stockholders of record accounts, including address changes, name changes, common stock transfer requirements, and similar issues can be handled by contacting Wells Fargo Bank, N.A. at 1-800-468-9716 (local: (651) 450-4064), www.wellsfargo.com/shareownerservices, or by writing to PO Box 64854, St. Paul, MN 55164-0864.

Table of Contents**GOVERNANCE OF THE COMPANY**

NRG became an independent public company upon our emergence from bankruptcy on December 5, 2003. The implementation of NRG's plan of reorganization resulted in the establishment of an entirely new board of directors, effective December 5, 2003.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that, along with the charters of the Board committees, provide the framework for the governance of the Company. The Board's Governance and Nominating Committee is responsible for periodically reviewing the Guidelines and recommending any proposed changes to the Board for approval. The Corporate Governance Guidelines are available on our website at <http://www.nrgenergy.com/investor/corpgov.htm>, along with the charters of our Board committees and other information about our governance practices. In addition, the Audit Committee charter is attached to this proxy statement as Appendix A.

Director Independence

The Board has determined that each of the current directors, except David Crane, President and Chief Executive Officer, is independent under the listing standards of the New York Stock Exchange. Each of the Audit, Compensation, and Governance and Nominating Committees is made up solely of independent directors. In accordance with the Company's Corporate Governance Guidelines and the New York Stock Exchange listing standards, all members of the Audit Committee meet additional independence standards applicable to audit committee members.

Board Structure and Committee Membership

The Board is divided into three classes, approximately equal in number, serving staggered three-year terms. The Board presently has 11 directors and the following three Committees: Audit, Compensation, and Governance and Nominating. The membership and the functions of each Committee are described below.

Edgar Filing: NRG ENERGY INC - Form DEF 14A

As noted above, the implementation of NRG's plan of reorganization resulted in the establishment of an entirely new board of directors, three of whom have been designated by MatlinPatterson Global Opportunities Partners L.P. and one of its affiliates. Pursuant to NRG's plan of reorganization, on

Table of Contents

December 30, 2003, the two entities received 21,505,044 shares (representing 21.5 percent) of NRG common stock as partial consideration for the cancellation of certain debt instruments (and all prepetition interest thereon and other amounts owing in respect thereof) acquired through open market purchases and having an approximate principal amount of \$1.2 billion.

Board Meetings

As noted above, the implementation of NRG's plan of reorganization resulted in the establishment of an entirely new board of directors, effective December 5, 2003. During December 2003, the Board held two meetings. The Board's committees were formed in January 2004. Each director attended both of the meetings held in December 2003, except Stephen L. Cropper and Herbert H. Tate who each attended one meeting. In calendar year 2004, the Board has held eight meetings through July 6, 2004.

The Company's Corporate Governance Guidelines provide that the nonmanagement directors meet in executive session periodically following Board meetings. The Company's nonexecutive Chairman presides at these sessions.

NRG did not hold an Annual Meeting of Stockholders in 2003 because from June 3, 2002, until its emergence from bankruptcy on December 5, 2003, NRG was a wholly owned subsidiary of Xcel Energy Inc. Directors are expected to attend the Annual Meeting of Stockholders.

Audit Committee

The Audit Committee represents and provides assistance to the Board with respect to matters involving the accounting, auditing, financial reporting, internal controls, and legal compliance functions of the Company and its subsidiaries, including assisting the Board in its oversight of the integrity of the Company's financial statements, compliance with legal and regulatory requirements, the qualifications, independence, and performance of the Company's independent auditors, and the performance of the Company's internal audit function. Among other things, the Committee:

- Appoints, retains, oversees, evaluates, and compensates the independent auditors;

- Reviews the annual audited and quarterly consolidated financial statements;

- Reviews major issues regarding accounting principles and financial statement presentations;

- Reviews earnings press releases and earnings guidance provided to analysts and rating agencies;

- Reviews with the independent auditors the scope of the annual audit, and approves all audit and permitted nonaudit services provided by the independent auditors;

- Considers the adequacy and effectiveness of the Company's internal control and reporting system;

- Discusses policies with respect to risk assessment and risk management, including the Company's major financial risk exposures and the effectiveness of the Company's system for monitoring compliance with laws and regulations;

- Establishes procedures for the receipt, retention, and treatment of complaints and concerns regarding accounting, internal accounting controls, or auditing matters; and

- Annually evaluates the performance of the Audit Committee and the adequacy of its charter.

The Board has determined that all Audit Committee members are independent under the New York Stock Exchange definition of independence for directors and audit committee members, and that all members of the Audit Committee are financially literate. In addition, the Board has determined that each member of the Audit Committee qualifies as an "audit committee financial expert" within the meaning of Securities and Exchange Commission (SEC) regulations. The Audit Committee was established by the Board in January 2004. In calendar year 2004, the Audit Committee has held ten meetings through July 6, 2004.

Table of Contents

Compensation Committee

The Compensation Committee oversees the Company's overall compensation structure, policies, and programs. Among other things, the Committee:

Reviews and approves corporate goals and objectives relevant to the compensation for the Chief Executive Officer, evaluates the performance of the Chief Executive Officer in light of those goals and objectives, and either as a committee or together with the other independent directors, determines and approves the Chief Executive Officer's compensation;

Reviews and approves stock option and other stock incentive awards for executive officers;

Makes recommendations regarding, and monitors compliance by officers and directors with, the Company's stock ownership guidelines;

Reviews the compensation of directors for service on the Board and its committees;

Reviews and recommends employment agreements and severance arrangements for officers; and

Annually evaluates the performance of the Compensation Committee and the adequacy of its charter.

The Board has determined that all Compensation Committee members are independent under the listing standards of the New York Stock Exchange, and that they are nonemployee directors for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, and outside directors for purposes of Section 162(m) of the Internal Revenue Code. The Compensation Committee was established by the Board in January 2004. In calendar year 2004, the Compensation Committee has held five meetings through July 6, 2004.

Governance and Nominating Committee

The Governance and Nominating Committee recommends director candidates to the Board for election at the Annual Meeting of Stockholders, and periodically reviews the Company's Corporate Governance Guidelines and recommends changes to the Board. Among other things, the Committee also:

Identifies and reviews the qualifications of potential nominees to the Board consistent with criteria approved by the Board, and assesses the contributions and independence of incumbent directors in determining whether to recommend them for re-election;

Establishes and reviews procedures for the consideration of Board candidates recommended by the Company's stockholders;

Makes recommendations to the Board concerning the structure, composition, and functioning of the Board and its committees;

Reviews and assesses the channels through which the Board receives information, and the quality and timeliness of information received;

Reviews and recommends to the Board retirement and other tenure policies for directors;

Oversees the evaluation of the Board and management and annually reviews the Company's senior management succession plans;

Monitors directorships in other public companies held by directors and senior officers of the Company; and

Annually evaluates the performance of the Governance and Nominating Committee and the appropriateness of its charter.

The Board has determined that all Governance and Nominating Committee members are independent under the listing standards of the New York Stock Exchange.

Table of Contents

The Governance and Nominating Committee is responsible for identifying individuals that the Committee believes are qualified to become Board members in accordance with criteria set forth in the Company's Corporate Governance Guidelines. These criteria include an individual's business experience and skills, independence, judgment, integrity, and ability to commit sufficient time and attention to the activities of the Board. The Guidelines provide that the Committee will consider these criteria in the context of the perceived needs of the Board as a whole and seek to achieve a diversity of backgrounds and perspectives on the Board.

The Governance and Nominating Committee was formed in January 2004 and has not yet established a formal process for identifying and evaluating director nominees. In calendar year 2004, the Governance and Nominating Committee has held six meetings through July 6, 2004. In preparation for the 2005 Annual Meeting of Stockholders, the Committee intends to consider processes for identifying and evaluating director nominees. The Committee will consider nominations by stockholders who recommend candidates for election to the Board. A stockholder seeking to recommend a prospective candidate for the Committee's consideration may do so by writing to the Corporate Secretary, NRG Energy, Inc., 901 Marquette Avenue, Minneapolis, MN 55402. Recommendations submitted for consideration by the Committee in preparation for the 2005 Annual Meeting of Stockholders must be received by February 1, 2005, and must contain the following information: (a) the name and address of the stockholder; (b) the name and address of the person to be nominated; (c) a representation that the stockholder is a holder of the Company's stock entitled to vote at the meeting; (d) a statement in support of the stockholder's recommendation, including a description of the candidate's qualifications; (e) information regarding the candidate that would be required to be included in a proxy statement filed in accordance with the rules of the SEC; and (f) the candidate's written, signed consent to serve if elected.

Alternatively, as discussed under Requirements for Submission of Stockholder Proposals for Next Year's Annual Meeting, stockholders intending to appear at the 2005 Annual Meeting of Stockholders in order to nominate a candidate for election by the stockholders at the meeting (in cases where the Board does not intend to nominate the candidate or where the Governance and Nominating Committee was not requested to consider his or her candidacy) must comply with the procedures in the Company's Bylaws, a copy of which is available upon request to our Corporate Secretary.

Communication with Directors

Stockholders and other interested parties may communicate with the Board by writing c/o the Corporate Secretary, NRG Energy, Inc., 901 Marquette Avenue, Minneapolis, MN 55402. Communications intended for a specific director or directors should be addressed to their attention c/o the Corporate Secretary at this address. Communications received from stockholders are forwarded directly to Board members as part of the materials mailed in advance of the next scheduled Board meeting following receipt of the communications. The Board has authorized the Corporate Secretary, in his or her discretion, to forward communications on a more expedited basis if circumstances warrant or to exclude a communication if it is illegal, unduly hostile or threatening, or similarly inappropriate. Advertisements, solicitations for periodical or other subscriptions, and other similar communications generally will not be forwarded to the directors.

DIRECTOR COMPENSATION AND STOCK OWNERSHIP GUIDELINES

Nonmanagement directors receive 60 percent of their compensation in the form of a cash retainer and the remaining 40 percent in the form of equity, which they may elect to receive as restricted stock or deferred stock units. Nonmanagement directors other than the nonexecutive Chairman receive total annual compensation of \$110,000. Members of the Audit Committee receive an additional \$5,000 per year and the Chair of the Audit Committee receives an additional \$50,000 per year. The nonexecutive Chairman receives \$270,000 in annual compensation. Generally, no additional fees are paid to directors for attendance at Board and committee meetings. David Crane, our President and Chief Executive Officer, does not receive separate compensation for Board service.

Table of Contents

The Company's Corporate Governance Guidelines provide that directors must own a meaningful amount of Company stock, as specified in the Company's director compensation program. Directors are required to retain all stock received as compensation for the duration of their service on the Board, although they may sell shares as necessary to cover tax liability associated with the conversion of deferred stock units. Exceptions to these requirements may be made by the Board under special circumstances.

The Class I directors elected at the 2004 Annual Meeting will hold office for a three-year term expiring at the Annual Meeting in 2007 (or until their respective successors are elected and qualified, or until their earlier death, resignation, or removal). There are no family relationships among the Company's executive officers and directors.

The persons named as proxies intend to vote the proxies for the election of the nominees to the Board. PROPOSAL NO. 2

APPROVAL OF THE LONG-TERM INCENTIVE PLAN

Introduction

As part of the Company's emergence from bankruptcy, the Board approved and recommended for submission to the stockholders for their adoption the NRG Energy, Inc. Long-Term Incentive Plan (the "Plan"). The approval by an affirmative vote of the holders of a majority of the shares of NRG common stock present, in person or by proxy and entitled to vote on this proposal at the 2004 Annual Meeting is required for adoption.

The Plan is intended to promote the long-term growth and profitability of the Company and its subsidiaries by providing certain directors, officers, and employees of, and certain other individuals who perform services for, or to whom an offer of employment has been extended by, the Company and its subsidiaries with incentives to maximize stockholder value and otherwise contribute to the success of the Company, and enabling the Company to attract, retain, and reward the best available persons for positions of responsibility.

The following is a summary of the material features of the Plan, which is qualified in its entirety by reference to the complete text of the Plan attached to this proxy statement as Appendix B.

Stock Subject to the Plan

The Plan provides for the grant of tax-qualified incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards, and deferred stock units (collectively, the "Awards"). 4,000,000 shares of NRG common stock, par value \$0.01 per share, have been reserved for issuance under the Plan. This stock may be either authorized and unissued shares or treasury shares held by the Company. If any Award granted under the Plan expires, becomes

Table of Contents

unexercisable, is forfeited, terminates without being exercised, or is tendered or withheld in payment of the exercise price of or the taxes related to an Award, the shares of NRG common stock subject to that Award will be available for future grants under the Plan.

In the event of a reorganization, recapitalization, stock split, reverse stock split, stock dividend, combination of shares, merger, consolidation, distribution of assets, or any other change in the corporate structure or shares of common stock of the Company, the Compensation Committee will equitably adjust the number and kind of shares or other property available for issuance under the Plan, the number and kind of Awards or other property covered by Awards previously made under the Plan, and the exercise price of outstanding options and stock appreciation rights. In the event of a merger, consolidation, or other reorganization where the Company is not the surviving or continuing entity, all outstanding Awards will be either assumed by the surviving or continuing entity or cancelled in exchange for cash or other property.

The aggregate number of shares of NRG common stock granted as stock options under the Plan during any calendar year to any one participant may not exceed 1,000,000 shares. Likewise, a participant may not be granted stock appreciation rights with respect to more than 1,000,000 shares of NRG common stock during a calendar year. In addition, the fair market value of stock options (determined at the date of grant) that will first become exercisable during any one calendar year that are intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code (Code) may not exceed \$100,000.

The market value of a share of NRG s common stock based on the closing price on the New York Stock Exchange on July 6, 2004, was \$25.46.

Administration

The Plan will be administered by the Compensation Committee, which is composed of nonemployee members of the Board. Subject to the provisions of the Plan, the Compensation Committee has the power and authority to:

select persons to participate in the Plan;

determine the form and substance of Awards granted under the Plan, and the conditions and restrictions, if any, on which Awards will be granted;

determine the form and substance of the grant agreements that will reflect the terms and conditions of each Award granted under the Plan;

certify that the conditions and restrictions applicable to any Award have been met;

modify the terms of Awards granted under the Plan;

interpret the terms of the Plan and Award grant agreements;

determine the duration and purposes for leaves of absence which may be granted to a Plan participant on an individual basis without constituting a termination of employment or service for purposes of the Plan;

make any necessary or desirable adjustments to Awards granted to participants located outside the United States;

adopt, amend, or rescind rules and regulations for the administration of the Plan, correct any defect or supply any omission, reconcile any inconsistency in the Plan or in any Award grant agreement, and make all other determinations for carrying out the Plan as the Compensation Committee deems appropriate; and

exercise all other powers and do all things that the Compensation Committee determines are necessary or advisable to promote the best interests of the Company with respect to the Plan.

Table of Contents

All decisions, determinations, and interpretations by the Compensation Committee regarding the Plan are final and binding on all participants and beneficiaries, unless an arbitration or other dispute resolution procedure is expressly provided in the applicable Award grant agreement. In addition, members of the Compensation Committee and the Company's officers will not be liable for any acts or omissions in connection with the performance of their duties under the Plan, except in the case of the person's own willful misconduct or as expressly provided by statute.

Eligibility

All directors, officers, and employees of the Company, and individuals performing services for the Company, including directors, officers, employees, and individuals located outside of the United States, are generally eligible to participate in the Plan. As of July 6, 2004, there were approximately 1,150 directors, officers, employees, and other individuals eligible to participate in the Plan. The Compensation Committee, however, will determine which eligible individuals will participate in the Plan.

Awards may be granted to eligible individuals in the amounts, at the times during the term of the Plan, and according to the terms and conditions as the Compensation Committee determines. Determinations made by the Compensation Committee under the Plan need not be uniform and may be made selectively among eligible individuals, whether or not they are similarly situated. A grant of any type of Award under the Plan in any one year to an eligible individual will not guarantee or preclude a further grant of that or any other type of Award to the individual in that year or subsequent years.

Terms and Conditions of Options

All options granted under the Plan, whether they are intended to qualify as incentive stock options under Code Section 422 or not, will be subject to the following terms and conditions:

the option price per share, the number of shares subject to an option, the date on which the option will become exercisable, and the option's terms and conditions will be determined by the Compensation Committee at the date of grant in its sole discretion. In no event, however, will the exercise price be less than 100 percent of the closing selling price (or bid price) of NRG common stock on the New York Stock Exchange (or other stock exchange on which the stock is listed) on the date the option is granted (the stock's Fair Market Value for purposes of the Plan). If an option is granted to an employee that owns more than 10 percent of the total combined voting power of all classes of Company stock on the date of grant (a 10 Percent Stockholder) is intended to qualify as an incentive stock option, the exercise price will equal at least 110 percent of the Fair Market Value of NRG common stock on the date of grant;

prior to exercise, participants will not have any rights as stockholders with respect to any shares of NRG common stock covered by an option;

in no event will any option be exercisable more than 10 years after the date the option is granted; provided that if an option granted to a 10 Percent Stockholder is intended to qualify as an incentive stock option, the option will not be exercisable more than five years from the grant date; and

unless otherwise determined by the Compensation Committee, participants may exercise any vested options by paying the exercise price either in cash, unrestricted shares of NRG common stock owned for at least six months, any cashless exercise procedures approved by the Compensation Committee, or any combination of the foregoing.

Terms and Conditions of Stock Appreciation Rights

The Compensation Committee may grant stock appreciation rights (SARs), either alone or in tandem with options. SARs granted in connection with options may be granted either at the same time as

Table of Contents

the related option or thereafter with respect to any outstanding options. Unless determined otherwise by the Compensation Committee, the following terms and conditions apply to SARs granted under the Plan:

the exercise price of each SAR will equal or exceed the Fair Market Value of one share of NRG common stock on the date of grant;

prior to exercise, a participant will not have any rights as a stockholder with respect to the shares of NRG common stock underlying a SAR (including dividend and voting rights);

SARs granted in tandem with options will be exercisable only when, to the extent, and on the conditions that the related option is exercisable;

all SARs will be exercised automatically on the day immediately prior to the expiration date of the SAR or, in the case of SARs granted in tandem with options, any related option, as long as the Fair Market Value of one share of NRG common stock on that date exceeds the exercise price of the SAR or any related option; and

upon the exercise of a SAR, a participant will be entitled to a payment equal to the difference between the Fair Market Value of one share of NRG common stock on the date of exercise and the exercise price of the SAR or, in the case of SARs granted in tandem with options, any option to which the SAR is related, multiplied by the number of shares for which the SAR is exercised. The Compensation Committee will decide whether SARs will be paid out in shares of NRG common stock, or other property or securities of the Company.

Terms and Conditions of Restricted Stock and Restricted Stock Units

The Compensation Committee may grant shares of NRG common stock or rights to acquire shares of NRG common stock (which are referred to as restricted stock units) in the amounts and at the time determined by the Compensation Committee, and the stock or stock units will be subject to restrictions and forfeiture prior to becoming freely transferable by the participant. Each grant of restricted stock and restricted stock units will be evidenced by a written grant agreement that will specify the applicable terms, conditions, and restrictions, and the duration of the restrictions (which will be at least six months except as otherwise determined by the Compensation Committee).

Unless determined otherwise by the Compensation Committee, the following terms and conditions apply to restricted stock granted under the Plan:

a participant will be required to pay the Company the aggregate par value for the shares of restricted stock within 10 days of the date of grant, unless the shares are held by the Company as treasury shares; and

during the restricted period a participant will have all of the rights of a holder of NRG common stock, including the rights to receive dividends and vote. Any stock or other securities received as a distribution with respect to restricted stock will be subject to the same restrictions that apply to the shares of restricted stock.

Unless determined otherwise by the Compensation Committee, the following terms and conditions will apply to restricted stock units granted under the Plan:

a participant may or may not be required to pay for the grant of restricted stock units;

on the date the restricted stock units become fully vested and nonforfeitable, a participant will receive, upon payment to the Company of the aggregate par value, shares of NRG common stock underlying the fully vested restricted stock units. For purposes of the Plan, one restricted stock unit equals one share of NRG common stock;

during the period of restriction the participant will not have any rights as a Company stockholder. However, when the restricted period ends and the participant vests, he or she will have the right to

Table of Contents

receive accumulated dividends or distributions with respect to the corresponding number of shares of NRG common stock underlying each restricted stock unit; and

a participant may elect at least six months prior to the date restricted stock units vest to defer receipt of the shares of NRG common stock that would otherwise be payable when the units vest.

Terms and Conditions of Performance Awards

The Compensation Committee may grant performance awards under the Plan, under which a participant may become entitled to receive an amount based on the satisfaction of certain performance criteria over the period determined by the Compensation Committee in its sole discretion. Performance awards may include:

specific dollar-value target awards;

performance units, the value of which is determined by the Compensation Committee at the time of issuance; and/or

performance shares, the value of which will be based on the Fair Market Value of NRG common stock.

Subject to the special rules that apply to performance awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code as described below, the following terms and conditions apply to performance awards granted under the Plan:

the value of each performance award may be fixed or it may fluctuate based on a performance factor (*e.g.*, return on equity) selected by the Compensation Committee;

except as provided under the heading *Termination of Employment* below, a participant must be a director, officer, or employee of, or otherwise perform services for, the Company or its subsidiaries at the end of the performance cycle in order to be entitled to payment of a performance award;

the Compensation Committee will establish performance goals and objectives for each performance cycle based on the criteria and objective selected by the Compensation Committee, which may include the performance of a participant, the Company, or its subsidiaries or divisions;

the Compensation Committee may adjust the performance goals and objectives during a performance period, and it will determine the extent to which the performance goals have been met;

performance awards may be paid in shares of NRG common stock or other property or securities of the Company as the Compensation Committee may determine; and

the Compensation Committee may not grant performance awards to any one participant in any one calendar year that have an aggregate fair market value greater than 1,000,000 shares of NRG common stock determined on the date of grant or, if greater, the date the award is paid.

Terms and Conditions of Deferred Stock Units

The Compensation Committee may grant deferred stock units to participants from time to time. In addition, the Compensation Committee will grant deferred stock units to participants who elect at least six months prior to the time they will vest and any restrictions will lapse on their Awards to defer delivery of shares of NRG common stock that would otherwise become payable. Each deferred stock unit will equal one share of NRG common stock. At the end of the applicable deferral period, which will be determined by the Compensation Committee (or the participant in the case of a voluntary deferral election), a participant may receive a payment equal to the Fair Market Value of one share of NRG common stock

Table of Contents

for each deferred stock unit. Unless determined otherwise by the Compensation Committee, the following additional terms and conditions will apply to deferred stock units:

during the applicable deferral period, a participant will not have any rights as a NRG stockholder. Once the deferral period ends, the participant will be entitled to receive accumulated dividends and distributions with respect to the corresponding number of shares of NRG common stock underlying each deferred stock unit;

if a participant dies during the deferral period, the participant (or his or her beneficiaries) will receive a payment equal to the amount determined as if the applicable deferral period had ended on the date of the participant's death;

if a participant becomes disabled or retires during a deferral period, the participant will receive payment for his or her deferred stock units at the end of the applicable deferral period;

if a participant's employment or service for the Company ends for any other reason during the deferral period, the participant will forfeit any unvested deferred stock units; and

if the Company undergoes a change in control during the deferral period (as defined below), the participant will receive a payment equal to the amount determined as if the applicable deferral period ended on the date of the change in control.

Termination of Employment

Unless the Compensation Committee determines otherwise and except as provided above for deferred stock units, if a participant's employment terminates, or he or she ceases to be a director or otherwise perform services for the Company, the following terms and conditions will apply to the participant's outstanding Awards:

Death. All outstanding Awards will become fully vested, to the extent not already vested, and they will be exercisable, if applicable, for one year from the date of death, or until the Award expires if earlier.

Disability. All of the participant's Awards that are vested and exercisable on the date he or she becomes disabled will remain exercisable, if applicable, for one year from the date of disability, or until the Award expires if earlier. All Awards that are not fully vested or exercisable on the date of disability will be forfeited.

Retirement. All of the participant's Awards that are vested and exercisable on his or her retirement date will remain exercisable, if applicable, for two years from the retirement date, or until the Award expires if earlier. All Awards that are not fully vested or exercisable on the date of retirement will be forfeited; provided that if a director retires, all of his or her unvested Awards will immediately vest and be exercisable for two years after the retirement date, or until the Awards expire if earlier.

Table of Contents

For purposes of the Plan, unless determined otherwise by the Compensation Committee, a participant will be considered to have retired if he or she terminates employment or service for the Company after meeting the following applicable requirements:

Directors. Completes at least five years of Board service.

All Other Participants. Completes at least 10 years of service *and* attains at least age 55.

Termination for Cause. If a participant's employment or service for NRG is terminated for cause, all Awards granted under the Plan will be immediately forfeited regardless of whether or not they are vested and/or exercisable.

For purposes of the Plan, the term "cause" means any one or more of the following events unless determined otherwise by the Compensation Committee:

conviction of, or agreement to a plea of nolo contendere to, a felony, or any crime or offense lesser than a felony involving the property of the Company or a subsidiary;

conduct that has caused demonstrable and serious injury to the Company or a subsidiary, monetary or otherwise;

willful refusal to perform or substantial disregard of duties properly assigned, as determined by the Company;

breach of duty of loyalty to the Company or a subsidiary or other act of fraud or dishonesty with respect to the Company or a subsidiary; or

violation of the Company's code of conduct.

All Other Terminations. All of the participant's Awards that are vested and exercisable will remain exercisable, if applicable, for 90 days from the date of termination, or until the Award expires if earlier. All Awards that are not fully vested or exercisable on the date of termination will be forfeited.

Change in Control

Unless determined otherwise by the Compensation Committee, all outstanding Awards will become fully vested and exercisable until the Awards otherwise expire if the Company undergoes a change in control. For purposes of the Plan, a change in control is deemed to occur in any one of the following events:

Any person (as that term is used in Sections 13 and 14(d)(2) of the Securities Exchange Act of 1934 or any successors thereto ("Exchange Act")) becomes the "beneficial owner" (as that term is used in Section 13(d) of the Exchange Act), directly or indirectly, of 50 percent or more of the Company's capital stock entitled to vote in the election of directors;

Persons who on the effective date of the plan of reorganization of the Company (the "Commencement Date") constitute the Board (the "Incumbent Directors") cease for any reason, including without limitation, as a result of a tender offer, proxy contest, merger, or similar transaction, to constitute at least a majority thereof; provided that, any person becoming a director of the Company subsequent to the Commencement Date shall be considered an Incumbent Director if such person's election or nomination for election was approved by a vote of at least two-thirds (2/3) of the Incumbent Directors; but provided further that, any such person whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of members of the Board or other actual or threatened solicitation of proxies or consents by or on behalf of a person (as defined in Sections 13(d) and 14(d) of the Exchange Act) other than the Board, including by reason of agreement intended to avoid or settle any such actual or threatened contest or solicitation, shall not be considered an Incumbent Director;

Table of Contents

The stockholders of the Company approve any plan or proposal for the liquidation or dissolution of the Company; or

Consummation of a reorganization, merger or consolidation, or sale or other disposition of all or substantially all of the assets of the Company (a Business Combination), in each case, unless, following such Business Combination, all or substantially all of the individuals and entities who were the beneficial owners of outstanding voting securities of the Company immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50 percent of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the company resulting from such Business Combination (including, without limitation, a company which, as a result of such transaction, owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the outstanding voting securities of the Company.

If a change in control occurs as a result of a Business Combination described in the last bullet point above, then the Compensation Committee may:

cancel any or all outstanding options under the Plan by paying the option holders an amount equal to the portion of the consideration, if any, that would have been payable to them pursuant to the transaction if their options had been fully exercised immediately prior to the transaction, less the aggregate exercise price of their options; or

if the amount that would have been payable to the option holders pursuant to the transaction if their options had been fully exercised immediately prior thereto would be equal to or less than the aggregate exercise price of their options, cancel the options for no consideration or payment of any kind.

Payments in exchange for options as described above may be made in cash, securities, or other Company property as determined by the Compensation Committee in its sole discretion.

Dividends and Dividend Equivalents

The Compensation Committee may grant Awards that provide participants with the right to receive dividend payments or dividend equivalent payments on the NRG common stock subject to the Award, whether or not the Award has been exercised or is vested.

Transferability

Unless determined otherwise by the Compensation Committee:

no Award granted under the Plan will be transferable by a participant other than by will or the laws of descent and distribution, or to a participant's family member by gift or pursuant to a qualified domestic relations order as defined by the Code; and

an option, SAR, or performance award generally may be exercised only by the optionee or grantee thereof, or by his or her family member in certain limited circumstances.

Duration and Amendment of the Plan

No Awards will be granted pursuant to the Plan after December 5, 2013, which is 10 years after the date the Plan was approved in connection with the Company's emergence from bankruptcy. The Board or the Compensation Committee, without approval of the stockholders, may amend or terminate the Plan at

Table of Contents

any time, except that no amendment shall become effective without prior approval of the stockholders of the Company if:

stockholder approval is required by applicable law or regulations, including the listing requirements of the principal stock exchange or national market on which the Company's common stock is then listed;

the amendment would remove from the Plan a provision which, without giving effect to such amendment, is subject to stockholder approval; or

the amendment would directly or indirectly increase the Plan's share limits described under the heading "Stock Subject to the Plan" above.

The Compensation Committee may amend the terms of any outstanding Award under the Plan in any manner that it deems appropriate, except that:

no amendment may adversely affect in a material manner any right of a participant under an Award without his or her written consent, except as otherwise expressly permitted in the Plan, and

the Compensation Committee may not reduce the exercise price of any options or SARs awarded under the Plan without approval of the stockholders of the Company.

Each other person who has received or is to receive 5 percent or more of the Awards under the Plan		
All other employees as a group	72,000	586,800

The Awards that will be granted or paid under the Plan following the stockholders' approval of the Plan are not currently determinable.

Federal Income Tax Consequences of Awards

The following discussion of the Plan's federal income tax consequences is a summary of applicable federal law as currently in effect. State, local, and foreign tax consequences may differ, and tax laws may be amended or interpreted differently during the term of the Plan or of Awards under the Plan. This discussion does not cover all federal provisions that may apply to a participant, including federal gift tax or

Table of Contents

estate tax issues. All persons who receive Awards under the Plan should consult their own tax advisors with respect to the tax rules applicable to them.

Nonqualified Stock Options. A participant will not have taxable income upon the grant of a nonqualified stock option. Upon the exercise of a nonqualified option, the participant will recognize ordinary income equal to the difference between (a) the Fair Market Value of one share of NRG common stock on the day the option is exercised and (b) the option price of one share, times the number of shares exercised. The Company will be entitled to a tax deduction at the same time and in the same amount.

The subsequent sale of the shares by a participant generally will give rise to capital gain or loss equal to the difference between the sale price and the sum of the exercise price paid for the shares plus the ordinary income recognized with respect to shares, and the capital gains will be taxable as long-term capital gains if the shares are held for more than one year.

Incentive Stock Options. Neither the grant nor exercise of an incentive stock option under the Plan is taxable to the participant receiving the option. If the participant holds the stock purchased upon exercise of an incentive stock option for at least one year after exercising the option and at least two years after the option was granted, his or her later sale of the stock will produce long-term capital gain or loss, and the Company will not be entitled to any tax deduction. However, if the employee disposes of the stock before these holding periods have elapsed (a disqualifying disposition), he or she will generally be taxed at ordinary income rates on the excess of the fair market value of the stock when the option was exercised over the option exercise price (or, if less, the amount realized in the case of an arm's length disqualifying disposition to an unrelated third party), and the Company will be entitled to a tax deduction in the same amount. Any remaining gain or loss will be short-term or long-term capital gain or loss depending on the holding period of the shares. If shares acquired pursuant to the exercise of an incentive option are surrendered to the Company upon exercise of an incentive option and if the shares have not been held for the requisite one and two-year periods, the surrender will be treated as a disqualifying disposition.

Stock Appreciation Rights (SARs). The grant of a SAR is generally not a taxable event for a participant. Upon exercise of the SAR, the participant will generally recognize ordinary income equal to the fair market value of any shares or property received. The participant will be subject to income tax withholding at the time when the ordinary income is recognized. The Company will be entitled to a tax deduction at the same time for the same amount. If the SAR is settled in shares, the participant's subsequent sale of the shares generally will give rise to capital gain or loss equal to the difference between the sale price and the ordinary income recognized when the participant received the shares, and these capital gains will be taxable as long-term capital gains if the participant held the shares for more than one year.

Restricted Stock. The grant of restricted stock is not a taxable event for a participant. When the restricted stock vests, the participant will recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the restricted stock on the date of the expiration over the purchase price of the shares. The participant may, however, elect within 30 days after the date of grant under Section 83(b) of the Code to recognize ordinary income on the date of grant in an amount equal to the fair market value of the restricted stock on the date of grant, determined without regard to the restrictions imposed on the shares. If and when the participant recognizes ordinary income attributable to the restricted stock, the Company will generally be entitled to a deduction equal to the amount of the ordinary income.

Restricted Stock Units. The grant of restricted stock units is not a taxable event for a participant. When the restricted stock units vest, the participant will recognize ordinary income in an amount equal to the fair market value of the restricted stock units on the vesting date (*i.e.*, the value of property or the Company's common stock received in exchange for the units). If a participant timely elects to defer receipt of NRG common stock before his or her restricted stock units vest, the rules applicable to deferred stock units discussed below should apply. If and when the participant recognizes ordinary income attributable to the restricted stock units, the Company will generally be entitled to a deduction equal to the amount of the ordinary income.

Table of Contents

Performance Awards. A participant will not have taxable income upon the grant of a performance award. Rather, taxation will be postponed until the performance award becomes payable. At that time, the participant will recognize ordinary income generally equal to the amount payable, and the Company will generally be entitled to a deduction equal to the same amount.

Deferred Stock Units. A participant will generally not have taxable income and the Company will not be entitled to a deduction upon the grant of a deferred stock unit, which is granted at the Committee's election. Rather, taxation will be postponed until the deferred stock unit becomes payable, which will be at the end of the applicable deferral period. At that time, the participant will recognize ordinary income equal to the fair market value of the shares or property then payable. Any dividend equivalents on the stock units will be taxed to the participant as ordinary income when paid. The Company will generally be entitled to a tax deduction at the same time a participant is taxed and for the same amount.

To the extent a participant irrevocably elects to defer the receipt of the shares issuable upon the exercise of an Award or the lapse of restrictions on an Award at least six months prior to the applicable exercise or vesting date, the election should not be taxable. Rather, taxation should be postponed until the deferred amount becomes payable. At that time, the participant will recognize ordinary income and the Company will be entitled to a deduction equal to the value of the amount then payable. The tax law is not settled with respect to deferrals, and there is no guarantee that the Internal Revenue Service will not seek to challenge this treatment, or how a court might rule.

Excess Parachute Payment. The Plan's terms provide for accelerated vesting or payment of an Award in connection with a change in control of the Company. In that event and depending upon the individual circumstances of the participant, certain amounts with respect to the Awards may constitute excess parachute payments under the golden parachute provisions of the Code. Pursuant to those provisions, an employee will be subject to a 20 percent excise tax on any excess parachute payment, and the Company will not be permitted to take a deduction for the excess parachute payment.

Section 162(m). For the individual serving as the chief executive officer of the Company at the end of the taxable year and for the individuals serving as officers of the Company or a subsidiary at the end of the year who are among the four highest compensated officers (other than the Chief Executive Officer of the Company) for proxy reporting purposes, Section 162(m) of the Code limits the amount of compensation otherwise deductible by the Company and its subsidiaries for the year to \$1,000,000 for each individual, except to the extent that the compensation qualifies as performance-based compensation.

All stock options and SARs are designed to be performance-based compensation for purposes of Section 162(m) of the Code. At the time of grant of performance awards, the Compensation Committee will determine the extent to which the grant is intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code.

The performance criteria for any performance award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code will be any one or more of the following performance criteria, either individually, alternatively, or in any combination, applied to either the Company as a whole or to a business unit or subsidiary, either individually, alternatively, or in any combination:

return on equity

earnings per share

return on gross or net assets

return on gross or net revenue

pre- or after-tax net income

earnings before interest, taxes, depreciation, and amortization

Table of Contents

operating income

revenue growth

The Compensation Committee will set the applicable performance goals under one or more of the performance criteria set forth above, and will certify the extent to which the goals have been met.

The Board recommends a vote FOR the Long-Term Incentive Plan. Proxies solicited by the Board will be voted FOR the plan unless a contrary vote is specified.

PROPOSAL NO. 3

APPROVAL OF THE ANNUAL INCENTIVE PLAN FOR DESIGNATED CORPORATE OFFICERS

The Board has adopted, subject to stockholder approval, the Annual Incentive Plan for Designated Corporate Officers (the Annual Incentive Plan). The Board believes that the Annual Incentive Plan will enhance the Company's ability to attract and retain individuals of exceptional managerial talent and enable the Company to pay competitive compensation without necessarily losing any tax deductions available for the compensation. In order for compensation in excess of \$1,000,000 paid in any year to NRG's Chief Executive Officer or any of the Company's four other most highly compensated executive officers named in the proxy statement (collectively, the Covered Executives) to be deductible by the Company, it must qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. NRG intends for awards under the Annual Incentive Plan to Covered Executives to qualify for the performance-based compensation exception to Section 162(m). However, there can be no assurance that the awards will satisfy the requirements for deductibility under Section 162(m).

The following is a summary of the material features of the Annual Incentive Plan, which is qualified in its entirety by reference to the complete text of the plan attached to this proxy statement as Appendix C.

Description of the Annual Incentive Plan

Eligible Participants. NRG's President and Chief Executive Officer and any other officers of the Company or its affiliates selected by the Compensation Committee on or before the 90th day of a performance period are eligible to participate in the Annual Incentive Plan. Approximately eight employees are currently eligible to be selected by the Compensation Committee to participate in the Annual Incentive Plan.

Awards Under the Plan. The Compensation Committee will establish target award levels and performance goals for each performance period, which will be used as the basis for granting awards under the Annual Incentive Plan. The Annual Incentive Plan's performance periods are 12 consecutive months long, and they coincide with the Company's fiscal year. The Compensation Committee will base the performance goals for a performance period on any one or more of the following performance criteria, which will be computed in accordance with Generally Accepted Accounting Principles when appropriate:

Consolidated pre-tax earnings;

Net revenues;

Net earnings;

Operating income;

Earnings before interest and taxes;

Earnings before interest, taxes, depreciation, and amortization;

Cash flow;

Return on equity;

Return on net assets employed;

Earnings per share;

Fleet in-market availability;

Safety criteria;

Environmental criteria.

Table of Contents

The Committee may also make other awards using other quantifiable financial goals or quantifiable non-financial strategic operational measures.

The Compensation Committee is responsible for administering the Annual Incentive Plan. No later than the 90th day of each performance period, the Compensation Committee will establish the performance goals under the performance criteria listed above for the period. Following the end of each performance period and prior to any award being paid, the Compensation Committee will certify whether or not and the extent to which the performance goals have been met.

The Compensation Committee retains the discretion to reduce or eliminate awards that are otherwise payable under the Annual Incentive Plan. In addition, in no event will an award be paid if the performance goals set by the Compensation Committee at the beginning of the applicable performance period are not met.

Since awards payable under the Annual Incentive Plan are dependent on the Company's financial and business performance, the awards are currently not determinable.

Award Limitations. No awards will be paid under the Annual Incentive Plan until it is approved by the stockholders. In addition, no participant will receive an award for any performance period that exceeds \$5,000,000.

Amendment, Term and Termination. The Compensation Committee may amend the Annual Incentive Plan prospectively at any time for any reason without giving advance notice. In addition, the Compensation Committee may terminate or reduce the benefits payable under the Annual Incentive Plan with respect to both individuals receiving benefits and those who may receive benefits in the future.

Unless terminated earlier by the Compensation Committee, the Plan will automatically terminate on January 1, 2014.

The Board recommends a vote FOR the Annual Incentive Plan. Proxies

solicited by the Board will be voted FOR the plan unless a contrary vote is specified.

PROPOSAL NO. 4

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appointed the firm of KPMG LLP, independent registered public accounting firm, to audit the consolidated financial statements of the Company and its subsidiaries for the year 2004. If the stockholders do not ratify the appointment of KPMG LLP, the Audit Committee will reconsider its selection. Representatives of KPMG LLP are expected to attend the Annual Meeting where they will be available to respond to questions and, if they desire, to make a statement.

The Audit Committee engaged KPMG LLP as the Company's independent registered public accounting firm, effective immediately, on May 24, 2004. Prior to hiring KPMG LLP, the Company's independent registered public accounting firm was PricewaterhouseCoopers LLP. As discussed under "Change of Independent Registered Public Accounting Firm" below, on April 27, 2004, the Audit Committee was notified by PricewaterhouseCoopers LLP that it would decline to stand for re-election as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2004, although PricewaterhouseCoopers LLP agreed to complete its review of the Company's Form 10-Q for the quarter ended March 31, 2004. Representatives of PricewaterhouseCoopers LLP are expected to attend the

Annual Meeting where they will be available to respond to questions and, if they desire, to make a statement.

The Board recommends a vote FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm. Proxies solicited by the Board will be voted FOR ratification unless a contrary vote is specified.

- (1) The number of shares beneficially owned by each person or entity is determined under the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, each person or entity is considered the beneficial owner of any: (a) shares to which such person or entity has sole or shared voting power or investment power and (b) shares that such person or entity has the right to acquire within 60 days through the exercise of stock options or similar rights. Unless otherwise indicated, each person or entity has sole investment and voting power (or such person shares such powers with his or her spouse) with respect to the shares set forth in the table above.
- (2) Includes 20,020 deferred stock units payable in the event Mr. Cosgrove ceases to be a member of the Board.
- (3) Represents deferred stock units payable in the event the director ceases to be a member of the Board.
- (4) Includes 11,294 deferred stock units granted in March 2004 that are payable in the event Mr. Patterson ceases to be a member of the Board. Mr. Patterson is the holder of membership interests in MatlinPatterson LLC, the ultimate parent of MatlinPatterson Global Partners LLC, and MatlinPatterson Global Advisers LLC, which in turn are the general partner and the investment adviser respectively, of MatlinPatterson Global Opportunities Partners L.P. and MatlinPatterson Global Opportunities Partners (Bermuda) L.P. (collectively, the MatlinPatterson Funds). By reason of such relationship, Mr. Patterson may be deemed to share voting and dispositive power over the 21,505,044 shares beneficially owned by the MatlinPatterson Funds.
- (5) Each of these directors is obligated, under the terms of his employment with MatlinPatterson Global Advisers LLC, to transfer to the MatlinPatterson Funds any stocks or options received as remuneration for serving on a board of directors. Therefore, the MatlinPatterson Funds are the ultimate beneficial owner of any shares resulting from the deferred stock units. The directors do not have the authority to exercise voting or investment power with respect to these shares, except as provided for in footnote four above.
- (6) Includes 1,000 shares of common stock, and 6,503 deferred stock units payable in the event Mr. Weidemeyer ceases to be a member of the Board.
- (7) The director does not directly own any common stock in the Company, but is rather an employee of MatlinPatterson Global Advisers LLC, the investment adviser of the MatlinPatterson Funds. However, this director does have a pecuniary interest in shares of common stock beneficially owned by the MatlinPatterson Funds because he holds an indirect interest in the Special Limited Partner of the MatlinPatterson Funds, the limited partnership through which he has an indirect investment interest and a carried interest in the MatlinPatterson Funds investments, including the investment in NRG. The exact pecuniary interest therein is not readily determinable because it is subject to several variables, including without limitation, the internal rates of return of each of the MatlinPatterson Funds overall and with respect to their investments in the Company. Such director is not deemed to have voting or investment power with respect to these shares.
- (8) Represents deferred stock units payable to Mr. Tate on the following schedule: (a) 17% (1,103 units) on January 1, 2005; (b) 25% (1,625 units) on January 1, 2006; (c) 25% (1,625 units) on January 1, 2007; (d) 25% (1,625 units) on January 1, 2008; and (e) 8% (525 units) on January 1, 2009.
- (9) MatlinPatterson Global Opportunities Partners L.P. has shared voting and investment power with respect to these shares.
- (10) MatlinPatterson Global Opportunities Partners (Bermuda) L.P. has shared voting and investment power with respect to these shares.

Employment Contracts, Termination of Employment, and Change-In-Control Arrangements

David Crane is party to an employment agreement with the Company dated as of November 10, 2003, that was approved by the bankruptcy court on November 21, 2003. The employment agreement provides that Mr. Crane will serve as President and Chief Executive Officer of NRG until December 1, 2006, unless otherwise terminated pursuant to the terms of the agreement.

The employment agreement provides for an annual base salary of \$875,000 through December 31, 2004. For each one-year period thereafter, Mr. Crane's base salary will be determined by the Board. In addition to his base salary, Mr. Crane received a one-time signing bonus of \$1.75 million upon acceptance of the employment agreement by the bankruptcy court (provided, however, that in the event Mr. Crane leaves NRG within one year of receiving the signing bonus, Mr. Crane must repay a pro rata portion of the signing bonus based on the number of days remaining in such one-year period). In addition, Mr. Crane is entitled to an annual bonus of up to 100 percent of his base salary based upon NRG achieving certain performance criteria as determined by the Board (provided that Mr. Crane will not receive less than 75 percent of his base salary for fiscal year 2004). Further, Mr. Crane may be entitled to an annual stretch bonus of up to 50 percent of his base salary upon NRG's achievement of certain criteria determined by the Board.

In addition to salary and bonuses, upon emergence from bankruptcy, NRG provided Mr. Crane with a combination of restricted stock and stock options pursuant to our Long-Term Incentive Plan. The aggregate value of such restricted stock and stock options is limited to \$12.5 million and shall vest at a time and pursuant to the vesting provisions set forth in separate stock subscription and stock option agreements. Mr. Crane is also entitled to health, welfare and retirement benefits, term life insurance of \$7.75 million, five weeks paid vacation, coverage under our director and officer liability insurance coverage, and reimbursement of moving expenses. In addition, NRG has agreed to use reasonable efforts to nominate and cause the election of Mr. Crane to the Board.

In the event Mr. Crane's employment with the Company is terminated by the Company without cause or by Mr. Crane for good reason (including a reduction in his base salary) after the effective date of the NRG plan of reorganization, Mr. Crane will be entitled to two times his base salary (without regard for any reduction in base salary); 50 percent of the target annual bonus (75 percent in 2004), prorated for the number of days he was employed with the Company in the year of termination; immediate vesting of all restricted stock and stock options; continuing medical and dental coverage for six

Table of Contents

months plus a lump sum payment equal to the cost under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) of family coverage under NRG s health plans for 18 months; and earned but unpaid base salary, bonuses, deferred compensation, vacation pay, and retirement benefits. In the event Mr. Crane s employment with NRG is terminated by the Company for cause or by Mr. Crane without good reason, Mr. Crane will be entitled to earned but unpaid base salary, bonuses, deferred compensation, vacation pay and retirement benefits, and treatment of restricted stock and stock options in accordance with the terms of the stock subscription and stock option agreements. In the event Mr. Crane s employment with NRG is terminated due to his death or disability, Mr. Crane (or his estate) will be entitled to: 50 percent of the target annual bonus (75 percent in 2004), prorated for the number of days he was employed with the Company in the year of termination; pro rata vesting of all restricted stock and stock options; and earned but unpaid base salary, bonuses, deferred compensation, vacation pay and retirement benefits.

In the event that the payments under Mr. Crane s employment agreement subject him to an excise tax under Section 4999 of the Code, he will be entitled to a gross-up payment so that the net amount received by Mr. Crane after imposition of the excise tax equals the amount he would have received under the employment agreement absent the imposition of the excise tax. In addition, under the employment agreement, the Company has agreed to indemnify Mr. Crane against any claims arising as a result of his position with the Company to the maximum extent permitted by law.

Under the employment agreement, Mr. Crane agrees not to divulge confidential information or, during and for a period of one year after the termination of the employment agreement, compete with, or solicit the customers or employees of, NRG.

Each of: (a) Scott J. Davido, Executive Vice President and Regional President, Northeast Region; (b) Ershel C. Redd Jr., Executive Vice President, Commercial Operations and Regional President, Western Region; and (c) John P. Brewster, Executive Vice President, Corporate Operations and Regional President, South Central Region is party to a substantially similar letter agreement with NRG dated as of March 5, 2004. Under the respective agreements, Messrs. Davido, Redd, and Brewster are entitled to an annual base salary of \$300,000 and are eligible to participate in NRG s Annual Incentive Plan and NRG s Long-Term Incentive Plan. For 2004, the agreements establish the maximum target incentive for annual incentive compensation at 50 percent of base salary and provide an additional stretch incentive opportunity of 25 percent of base salary. Any target incentive payout received will be delivered 50 percent in cash and 50 percent in deferred stock units, and any payout received for obtaining the stretch goal will be delivered 35 percent in cash and 65 percent in deferred stock units. The 2004 grant under the Long-Term Incentive Plan consists of 27,000 nonqualified stock options granted at an exercise price of \$19.90 and 7,500 restricted stock units. The options vest in increments of one third beginning on the anniversary date of the grant, and the restricted stock units vest on the third anniversary of the grant date.

The agreements also provide for a general severance benefit of 1.5 times base salary and a change-in-control benefit equal to 2.99 times base salary plus maximum target annual incentive. The change-in-control benefit is payable upon the occurrence of: (a) both a change in control and the involuntary termination of employment with NRG; or (b) both a change in control and the voluntary termination of employment with NRG for good reason, including diminution of duties. For purposes of calculating the incentive component of the change-in-control benefit, for 2004 the incentive consists of the maximum target, for 2005 it consists of the average maximum target plus the actual 2004 incentive payout, and thereafter is based on a three-year average incentive payout. The agreements also provide for relocation benefits in connection with the relocation from Minnesota to New Jersey of NRG s corporate headquarters.

George P. Schaefer, Vice President & Treasurer, is party to a letter agreement with NRG dated as of December 18, 2002, which provides Mr. Schaefer certain severance benefits in the event his employment with NRG is terminated. Specifically, in the event Mr. Schaefer s employment is terminated without cause or Mr. Schaefer resigns for good reason, he is entitled to a lump sum payment equal to his annual base

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION**Overview**

The Compensation Committee of the Board of Directors, which consists of three independent directors, was appointed in January 2004, in connection with the Company's emergence from bankruptcy. While this report comments on 2003 executive compensation matters, the current Compensation Committee did not make any decision or take any actions with respect to the 2003 executive compensation.

2003 Compensation

In 2003, compensation of the Company's executive officers consisted of base salary, long-term incentive compensation and retention compensation, and the previously established annual incentive plan for the executive officers was suspended. The competitiveness of the Company's executive compensation was evaluated based on information obtained in an executive compensation, industry specific, independent power producer survey. Information was also obtained from an independent compensation consultant who provided objective and expert advice in the review of executive compensation plans.

Base Salary. For the fiscal year 2003, annual base salaries for executive officers were maintained by reviewing median base pay levels for each executive's position in the independent power producer survey. The base salary recommendations also incorporated the executive officer's individual performance, the general contributions of the executive officer to overall corporate performance and the level of achievement

Table of Contents

by the executive officer with respect to specific annual goals. In general, the 2003 base salary levels for executive officers were unchanged. The base salary amounts paid to the executive officers for the fiscal year 2003 are reflected in the salary column of the Summary Compensation Table.

Long-Term Incentive Compensation. Previously the Company had in place the 2000 Long-Term Incentive Plan. Under the 2000 Plan, the Compensation Committee in place at the time approved a target number of shares for each executive officer, with such targets to be based in part on competitor proxy information and market surveys regarding long-term incentive compensation. The Incentive Plan Subcommittee was responsible for determining and approving stock option grants for the executive officers. Options granted had an exercise price equal to the fair market value of the common stock on the date of grant, and, typically, were exercisable over a four-year period in increments of 25 percent per year. Initial grants included a one-year waiting period prior to the vesting of any portion of the options. In fiscal year 2002, all options previously awarded were converted to Xcel Energy, Inc. shares and are reported on Xcel Energy, Inc.'s financials. Due to the change-in-control provision of the 2000 Plan all options previously awarded under the 2000 Plan became immediately vested and exercisable upon emergence from bankruptcy. For fiscal year 2003 no awards were granted under the 2000 Plan. No future grants are expected to be made under this Plan. As discussed below, the Company intends to make future awards under the Company's new Long-Term Incentive Plan.

Retention Compensation. In order to fill the void in senior management that resulted from the terminations of various senior management members in May and August 2002 and to stabilize the business operations as part of the Company's ongoing restructuring efforts, the Company implemented the Senior Key Employee Retention Plan (SKERP) effective March 1, 2003. The SKERP provided that each of the SKERP participants receive a retention incentive payment equal to a certain percentage of their base salary, in a range of 65-80 percent, in three installments. All retention payments under the SKERP were paid in full in fiscal year 2003, and no subsequent payments are expected under this plan.

Chief Executive Officer Compensation. Effective November 10, 2003, the Company entered into an employment agreement with Mr. Crane. See the section of this proxy statement captioned Employment Contracts, Termination of Employment, and Change-In-Control Arrangements. In connection with execution of this agreement Mr. Crane received a one-time signing bonus of \$1.75 million. Mr. Crane agrees to reimburse the Company on a pro-rata basis if prior to one year from Mr. Crane's commencement date he terminates his employment with the Company other than for good reason or following a change in control or is terminated by the Board for cause. In addition, he received a long-term incentive award consisting of 632,751 nonqualified stock options and 173,394 restricted stock units for a total value of \$12.5 million.

Under his employment agreement, Mr. Crane as Chief Executive Officer is paid an annualized salary of \$875,000 and participates in the Annual Incentive Plan that, as administered, has a target opportunity of 100 percent, with a stretch opportunity of 50 percent.

Compensation Philosophy Going Forward

The purpose of the Committee is to, on a regular basis, review, approve and, where applicable, make recommendations to the Board concerning executive officer compensation. The Committee's philosophy regarding executive compensation is to align compensation with improvements in corporate performance and increased stockholder value. The Committee's guidelines, which are intended to reflect such philosophy, include:

Design compensation programs to attract, retain, and reward superior talent and encourage performance that results in enhanced stockholder value over the long term.

Offer base salaries, and short- and long-term incentive programs that offer substantial upside opportunity for high-levels of corporate and personal achievement. Annual bonuses, at the officer level, are intended as a reward for better than expected performance.

Table of Contents

Design officer compensation that is structured as a more entrepreneurial, incentive-driven package.

Align incentive and equity programs with the employee programs to promote continuity in the business strategy.

In the future, the Compensation Committee intends to evaluate the competitiveness of its executive compensation. The Committee intends to utilize industry and other information to assess the Company's position in each individual aspect of executive compensation, including base salary, annual incentive compensation, and long-term incentive compensation.

Elements of Compensation Going Forward

Going forward, compensation for the Company's executive officers will consist of the following elements: base salary, annual incentive compensation, and long-term incentive compensation.

Base Salary. Annual base salary is designed to compensate executive officers for their sustained performance.

Annual Incentive Compensation. Annual incentive compensation is designed to compensate executive officers for satisfying certain Company goals and is determined as a percentage of each such executive officer's annual base salary. For the fiscal year 2004, the target incentive for annual incentive compensation for executive officers will range from 50 percent to 100 percent of base salary. An additional stretch opportunity has been established and ranges from 25 percent to 50 percent of base salary.

Annual incentive payout opportunities will range from 0 percent to 150 percent. Any target incentive payout received will be distributed as 50 percent cash and 50 percent in special deferred stock units (DSUs). Any payout received from obtaining the stretch goal will be distributed 35 percent cash and 65 percent in DSUs. This design was implemented to encourage stock ownership and align management and stockholder values.

Target incentives for the executive officers for the fiscal year 2004 will be based on net cash flow and individual performance objectives.

Long-Term Incentive Compensation. In connection with the emergence from bankruptcy, the Company established the NRG Energy Inc. Long-Term Incentive Plan (the Plan). The number of shares of common stock reserved for issuance under the Long-Term Incentive Plan is 4,000,000. Under the Plan, the Company currently intends to grant nonqualified stock options that will vest on a three-year schedule, in equal yearly increments of one-third. The Company also intends to grant restricted shares of NRG common stock that will vest based on a three-year schedule with 100 percent of the vesting occurring at the end of the third year. The Plan has a 10-year term, and stock options granted under the Plan will expire no later than 10 years after they are granted.

The Company has recently adopted stock ownership guidelines, and officers will be required to hold stock, stock units, and stock options with a value equal to two times their base salary and the Chief Executive Officer will be required to hold five times his base salary. For fiscal year 2004, long-term incentive compensation will be designed to align management and stockholder interests and to incentivize retention in the face of substantial Company reorganization and pending headquarter relocation.

Chief Executive Officer Compensation. Mr. Crane's employment arrangements are described in detail under the 2003 Compensation section above and in the Employment Contracts, Termination of Employment, and Change-In-Control Arrangements section of this proxy statement. For fiscal year 2004, his annual incentive award provides for a guaranteed target of 75 percent of base salary and target incentive of 60 percent based on achieving net cash flow objectives and 40 percent on achieving Company objectives in the area of operating performance, and safety and environmental measures. The incentive award also provides for off-sets if management and strategy goals are not met.

Discussion of Compensation In Excess Of \$1 Million Per Year

The Committee has considered the implications of Section 162(m) of the Code, which precludes NRG (as a public corporation) from taking a tax deduction for individual compensation in excess of \$1 million for any of the Named Executive Officers, subject to certain exemptions. The Committee has also considered the exemptions to such limitation, which are also provided in Section 162(m) of the Code, and specifically the exemption for compensation that is performance-based within the meaning of Section 162(m). The Committee believes tax deductibility of compensation is an important consideration and, where possible and considered appropriate, intends to preserve the deductibility of compensation to Named Executive Officers under Section 162(m). However, the Committee also believes that it is important to retain flexibility in designing compensation programs, and as a result the Committee has not adopted a policy that all compensation must be deductible to the Company under Section 162(m).

In order to qualify compensation derived by executive officers from stock options and performance awards as performance-based compensation under Section 162(m) of the Code, the Long-Term Incentive Plan was approved by the Board and is included herein for stockholder approval. Additionally, in order to qualify bonus payments to executives under Section 162(m) of the Code and preserve the deductibility of such payments, the Annual Incentive Plan has been approved by the Committee and the Board, and is included herein for stockholder approval.

AUDIT COMMITTEE REPORT

The primary purpose of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting process. The Committee's function is more fully described in its charter, which the Board has adopted and is included as Appendix A to this proxy statement. The Committee reviews the charter on an annual basis. The Board annually reviews the New York Stock Exchange listing standards' definition of independence for audit committee members and has determined that each member of the Committee meets that standard. Each Committee member meets the requirements of an audit committee financial expert and has been so designated by the Board.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent registered public accounting firm for 2003, PricewaterhouseCoopers LLC, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with Generally Accepted Accounting Principles.

The Committee has reviewed and discussed the audited financial statements of the Company for the periods January 1, 2003, through December 5, 2003, and December 6, 2003, through December 31, 2003, with the Company's management and has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards Board Standard No. 61, as amended, Communication with Audit Committees. In addition, PricewaterhouseCoopers LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with PricewaterhouseCoopers LLP their independence.

Table of Contents

Based on these reviews and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the SEC.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Change of Independent Registered Public Accounting Firm

The Audit Committee engaged KPMG LLP as the Company's independent registered public accounting firm, effective immediately, on May 24, 2004. Prior to hiring KPMG LLP, the Company's independent registered public accounting firm was PricewaterhouseCoopers LLP. On April 27, 2004, the Audit Committee was notified by PricewaterhouseCoopers LLP that it would decline to stand for re-election as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2004, although PricewaterhouseCoopers LLP agreed to complete its review of the Company's Form 10-Q for the quarter ended March 31, 2004.

The reports of PricewaterhouseCoopers LLP on the Company's financial statements for the period January 1, 2003 through December 5, 2003, the period December 6, 2003 through December 31, 2003 and for the fiscal year ended December 31, 2002, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except that the report of PricewaterhouseCoopers LLP on the Company's financial statements for the fiscal year ended December 31, 2002, included an explanatory paragraph which expressed substantial doubt concerning the Company's ability to continue as a going concern. On May 14, 2003, the Company commenced a voluntary petition under chapter 11 of the bankruptcy code and, as discussed above, the Company's plan of reorganization became effective on December 5, 2003.

The Audit Committee did not participate in the termination of the client-auditor relationship with PricewaterhouseCoopers LLP.

In connection with the Company's audits for the period January 1, 2003 through December 5, 2003, the period December 6, 2003 through December 31, 2003, the fiscal year ended December 31, 2002, and through April 27, 2004, there were no disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PricewaterhouseCoopers LLP would have caused it to make reference thereto in its report on the financial statements for such years and/or interim periods. During the period January 1, 2003 through December 5, 2003, the period December 6, 2003 through December 31, 2003, the fiscal year ended December 31, 2002, and through April 27, 2004, there were no reportable events, as such term is defined in Item 304(a)(1)(v) of SEC Regulation S-K. During the fourth quarter of 2002, the Company's officers determined that there were certain deficiencies or reportable conditions in the internal controls relating to its financial reporting caused by the Company's then pending financial restructuring and business realignment. For a further discussion of this matter please refer to Item 9A Controls and Procedures, contained in the Company's Form 10-K filed with the SEC on March 16, 2004.

Policy on Audit Committee Preapproval of Audit and Permissible Nonaudit Services of Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of, the independent registered public accounting firm. The Audit Committee has established a policy regarding preapproval of all audit and permissible nonaudit services provided by the independent registered public accounting firm.

The Audit Committee will annually review and preapprove services that are expected to be provided by the independent registered public accounting firm. The term of the preapproval will be 12 months from the date of the preapproval, unless the Audit Committee approves a shorter time period. The Audit Committee may periodically amend and/or supplement the preapproved services based on subsequent determinations.

Table of Contents

Unless the Audit Committee has preapproved Audit Services or a specified category of nonaudit services, any engagement to provide such services must be preapproved by the Audit Committee if it is to be provided by the independent registered public accounting firm. The Audit Committee must also preapprove any proposed services exceeding the preapproved budgeted fee levels for a specified type of service.

The Audit Committee has authorized its Chair to preapprove services in amounts up to \$500,000 per engagement. Engagements exceeding \$500,000 must be approved by the full Audit Committee. Engagements preapproved by the Chair are reported to the Audit Committee at its next scheduled meeting.

REQUIREMENTS FOR SUBMISSION OF STOCKHOLDER PROPOSALS

FOR NEXT YEAR'S ANNUAL MEETING

The Company expects to hold its 2005 Annual Meeting of Stockholders on May 25, 2005. Proposals must contain the information required under NRG's Bylaws, a copy of which is available upon request to our Corporate Secretary, and also must comply with the SEC's regulations regarding the inclusion of stockholder proposals in Company sponsored proxy materials.

Alternatively, stockholders intending to present a proposal at next year's Annual Meeting without having it included in the Company's proxy statement must comply with the requirements set forth in the Company's Bylaws. Our Bylaws require, among other things, that our Corporate Secretary receive the proposal no earlier than the close of business on the 120th day, and no later than the close of business on the 90th day, prior to the first anniversary of the preceding year's Annual Meeting.
