***Item 1.01 Entry into a Material Definitive Agreement***

***364-Day Revolving Credit Agreement***

On March 18, 2005, Oracle Corporation ( Oracle ) entered into a 364-Day Revolving Credit Agreement (the Credit Agreement ) among Oracle; the lenders named in the Credit Agreement; Wachovia Bank, National Association, as Administrative Agent ( Wachovia ); Credit Suisse First Boston ( CSFB ) and ABN AMRO Bank N.V., as Syndication Agents; Bank of America, N.A. and Deutsche Bank Securities, Inc., as Documentation Agents; and Wachovia Capital Markets, LLC and CSFB, as Joint Lead Arrangers and Joint Bookrunners.

The Credit Agreement provides for an unsecured \$3,000,000,000 364-day revolving credit facility (the Facility ) to Oracle in order to backstop any commercial paper that Oracle may issue and for working capital and other general corporate purposes. Subject to certain conditions stated in the Credit Agreement (including the absence of any default and the accuracy of certain representations and warranties), Oracle may borrow, prepay and reborrow amounts under the Facility at any time during the term of the Credit Agreement. All amounts under the Credit Agreement are due on March 17, 2006, unless the commitments are terminated earlier either at the request of Oracle or if an event of default described below occurs.

Any borrowings will bear interest at a rate per annum equal to, at the option of Oracle, (i) the higher of Wachovia's prime rate and the rate equal to the federal funds effective rate plus 1/2 of 1% or (ii) a rate based on the London interbank offered rate from time to time plus a margin which fluctuates based upon the ratings assigned from time to time by Moody's Investors Service, Inc., Standard & Poor's Ratings Services and Fitch Ratings Ltd. to Oracle's senior unsecured long-term debt (a Eurodollar Rate Borrowing ). Oracle will also pay (1) a facility fee at a rate that also varies with Oracle's long-term debt ratings and that is calculated on the aggregate amount of the commitments under the Credit Agreement, whether used or unused, and (2) during any period in which more than 50% of the commitments are borrowed, an incremental utilization fee on the outstanding amount.

Oracle may prepay at any time, at its option, in whole or in part (but not less than \$10,000,000 at any time) any outstanding borrowings plus accrued interest upon up to three business days' notice to Wachovia. Oracle is required to pay any related breakage costs in connection with prepaying any Eurodollar Rate Borrowing.

The Credit Agreement contains certain representations and warranties, including accuracy of financial statements; enforceability of the Credit Agreement documentation; no material adverse change at closing since May 31, 2004; absence of material litigation at closing; no violation of laws or material agreements; no required governmental or third party approvals; use of proceeds; and material accuracy of information.

The Credit Agreement also contains certain covenants, including use of proceeds; limitations on liens; limitations on mergers, consolidations and sales of all or substantially all assets; limitations on subsidiary indebtedness; and limitations on transactions with related parties. In addition, the Credit Agreement contains a total net debt to total capitalization ratio limit of 40%.

The Credit Agreement also contains certain events of default, including nonpayment of principal or interest when due; breach of covenants; material incorrectness of representations and warranties when made; bankruptcy and insolvency; change of control; and cross-acceleration or payment default of other material indebtedness. If any of these events of default occur and are not cured within applicable grace periods or waived, Wachovia, as administrative agent, shall at the request, or may with the consent, of the lenders owed a majority of the then aggregate unpaid

principal amount of the borrowings (or, if no principal amount is outstanding, lenders having a majority in interest of the commitments) declare any amounts under the Credit Agreement immediately due and payable and terminate the commitments.

At this time, Oracle has not borrowed any funds under the Credit Agreement.

The description above is a summary of the Credit Agreement and is qualified in its entirety by the Credit Agreement, which is filed as Exhibit 10.19 to this report.
