MEETING INFORMATION

This proxy statement is being furnished to the stockholders of Texas Capital Bancshares, Inc. (the Company) on or about April 9, 2007, in connection with the solicitation of proxies by the board of directors to be voted at the annual stockholders meeting (the Annual Meeting). The Annual Meeting will be held on May 15, 2007, at 10:00 a.m. at the offices of the Company located at 2100 McKinney, 9th Floor, Dallas, Texas 75201. The Company is the parent corporation of Texas Capital Bank, National Association (the Bank).

The purpose of the Annual Meeting is to consider and vote upon:

1. election of thirteen (13) directors for terms of one year each or until their successors are elected and qualified, and
2. to transact such other business as may properly come before the Annual Meeting or any postponements or adjournments thereof.

RECORD DATE AND VOTING SECURITIES

You are entitled to one vote for each share of voting common stock you own.

Your proxy will be voted in accordance with the directions you specify in the proxy. If you do not provide directions in the proxy but sign the proxy and return it, your proxy will be voted (a) FOR each of the nominees for director named in the proxy statement, and (b) in the discretion of the proxy holders, for any other proposals that properly come before the Annual Meeting.

Only those stockholders that owned shares of the Company's voting common stock on March 26, 2007, the record date established by the board of directors, will be entitled to vote at the Annual Meeting. At the close of business on the record date, there were 26,101,994 shares of voting common stock outstanding held by 492 identified holders.

QUORUM AND VOTING

In order to have a quorum to transact business at the Annual Meeting, at least a majority of the total number of issued and outstanding shares of common stock must be present at the Annual Meeting, in person or by proxy. If there are not sufficient votes for a quorum or to approve any proposal at the time of the Annual Meeting, the board of directors may postpone or adjourn the Annual Meeting in order to permit the further solicitation of proxies. Abstentions and broker non-votes will be counted toward a quorum but will not be counted in the votes for each of the proposals

presented at the Annual Meeting. Assuming a quorum is present, abstentions and broker non-votes will have no effect on the election of directors. A broker non-vote occurs when a bank, broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because it does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. A broker will have discretionary voting power with respect to both proposals set forth herein.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis addresses the aspects of our compensation programs and explains our compensation philosophy, policies and practices with respect to our chief executive officer, chief financial officer, president, and chief lending officer, which are collectively referred to as our named executive officers.

Oversight of Executive Compensation Program

The Human Resources Committee (HR Committee) of our Board of Directors oversees our executive compensation programs. Each member of the HR Committee is an independent director as defined in Rule 4200(a)(14) of the Nasdaq Stock Market, Inc. The HR Committee has developed and applied a compensation philosophy that focuses on a combination of incentive compensation, in both cash and equity-linked programs, which is directly linked to performance and creation of shareholder value, coupled with a competitive level of base compensation. The objective for the named executives, relationship managers and key management is to have a substantial portion of total compensation derived from performance-based incentives.

The HR Committee works diligently throughout the year in its conferences, formal meetings, discussions with consultants, interaction with management and review of materials developed for it. The HR Committee works very closely with executive management, primarily our chief executive officer (CEO), in assessing the appropriate compensation approach and levels. The HR Committee is empowered to advise management and make recommendations to the Board of Directors with respect to the compensation and other employment benefits of executive officers and key employees of the Company. The HR Committee also administers the Company's long term compensation plans for executive officers and key employees and the Company's incentive bonus programs for executive officers and employees.

The HR Committee regularly reviews the Company's compensation programs to ensure that remuneration levels and incentive opportunities are competitive and reflect performance. Factors taken into account in assessing the compensation of individual officers include the officer's performance and contribution to the Company, experience, strategic impact, external equity or market value, internal equity or fairness, and retention priority. The various components of the compensation programs for executive officers are discussed below in the Executive Compensation Program Overview.

Objectives of Executive Compensation

We seek to provide a compensation package for our named executive officers that is driven primarily by the overall financial performance of the Company. We believe that the performance of each of the executives impacts our overall, long-term profitability and therefore have the following goals for compensation programs impacting the named executive officers of the Company:

to provide motivation for the named executive officers and to enhance stockholder value by linking their compensation to the value of our common stock;

to retain the executive officers who lead the Company and the Bank;

to allow the Company and the Bank to attract highly qualified executive officers in the future by providing total compensation opportunities consistent with those provided in the industry and commensurate with the Company's business strategy and performance objectives; and

to maintain reasonable fixed compensation costs by targeting base salaries at a competitive average.

Table of Contents

Compensation Consultants

The Company uses the services of The Whitney Smith Company to conduct reviews of compensation approaches and levels for relationship managers, key management and the named executives. The study was directed to cover competitive base salaries, annual bonuses, and total annual cash compensation. The survey information provided by The Whitney Smith Company uses survey information compiled from information from recognized sources including the Economic Research Institute, Watson Wyatt, Mercer, Delves Group, and World at Work. In addition to the published survey information, publicly available information from a selected peer group was considered.

In addition to information provided by the consultant to the Company, the HR Committee uses consultants to advise on best practices, industry standards, and general compensation arrangements. During 2005, the HR Committee retained Longnecker and Associates in the evaluation of executive compensation with specific emphasis on long-term and equity-based incentives. This engagement included conducting a third party market assessment to determine the range of competitive compensation with respect to the named executive officers and additional key management positions, and making recommendations for annual and long-term incentive programs. The survey information provided by Longnecker was compiled from recognized sources including those relied upon by The Whitney Smith Company. In addition to the published survey information, publicly available information from a selected peer group was considered.

With a principal focus on those companies with similar commercial banking emphasis and relevance to growth objectives and competitive employment conditions in lines of businesses critical to the Company's success, both consultants considered data for banks with assets of \$2.5 billion to \$3.0 billion as well as banks with \$5.0 billion to \$10.0 billion in assets. Based on our significant growth since inception and future growth aspirations, as well as the fact that key employees are consistently, and almost exclusively, recruited from much larger banks and financial service firms, we believe the approach including commercially-focused competitors with asset sizes ranging from \$2.5 billion to \$10.0 billion was appropriate.

Peer companies considered by the consultants included the following:

Amegy Bancorporation;
Cullen Frost Bancshares, Inc.;
East West Bancorp;
First Charter Corporation;
Frontier Financial Corporation;
Private Bancorp, Inc.;
Prosperity Bancshares, Inc.;
Sandy Spring Bancorp, Inc.;
Silicon Valley Bancorp, Inc.;
Sterling Bancshares, Inc.;
Summit Bancshares, Inc.;
Texas Regional Bancshares;
WestAmerica Bancorporation; and
Wintrust Financial Corporation.

During 2006, the HR Committee and CEO continued to use the assistance of Longnecker and Associates in establishing long term equity grants for the named executive officers, relationship managers and key management. Equity grants consisting of restricted stock units, or RSUs, and stock appreciation rights, or SARs, were granted in April 2006. As a result of additional consultation and evaluation of market conditions, which have become

increasingly competitive for key personnel, more significant grants were awarded to a limited number of key management in December 2006 and to the named executive officers in January 2007. A description of the executive grants is included in the Executive Compensation Program Overview below.

Table of Contents

Executive Compensation Program Overview

The executive compensation package available to our named executive officers is comprised of:

- base salary;
- annual incentive awards;
- long-term incentive compensation, including SARs, Performance SARs (PSARs) and RSUs; and
- other welfare and health benefits.

Base Salary

Base salary is designed to provide competitive levels of base compensation to our executives and be reflective of their experience, duties and scope of responsibilities. We pay competitive base salaries required to recruit and retain executives of the quality that we must employ to ensure the success of our Company. Base salaries for the named executive officers are not always adjusted on an annual basis. They were adjusted in October 2005, but were not adjusted during 2006. The HR Committee determines the appropriate level and timing of increases in base compensation for the CEO and the other named executive officers upon consideration of the recommendation of the CEO with respect to the other named executives.

In making determinations of salary levels for the named executives, the HR Committee considers the entire compensation package for executive officers, including the equity compensation provided under long-term compensation plans. The Company intends for the salary levels to be consistent with competitive practices of comparable institutions and each executive's level of responsibility. The HR Committee determines the level of any salary increase after reviewing:

- the qualifications, experience and performance of the executive officers;

- the compensation paid to persons having similar duties and responsibilities in other competitive institutions; and

- the nature of the Bank's business, the complexity of its activities and the importance of the executives' experiences to the success of the business.

The HR Committee reviewed a survey of compensation paid to executive officers performing similar duties for depository institutions and their holding companies and considered compensation levels applicable to executives in non-bank financial and professional services companies. The HR Committee reviews and adjusts the base salaries of the Company's executive officers when deemed appropriate.

Annual Incentive Compensation

Annual incentive compensation is designed to provide competitive levels of compensation based on experience, duties and scope of responsibilities. In addition, our annual incentive program is designed to insure that variable compensation based on the Company's profitability is a significant component of total cash compensation for the named executives. The HR Committee uses the annual incentive compensation to motivate and reward the named executive officers for achievement of strategic, business and financial objectives.

Pursuant to the cash incentive program developed by the Company and approved by the HR Committee, the Company establishes a bonus pool each year, and the size of the pool is derived as a percentage of the Company's pre-tax

income. The amount of the incentive pool is incorporated in the annual business and financial plan approved by the Board of Directors and is adjusted during the year, based on actual results compared to the approved financial plan. After verification of final results, the total pool is allocated among three distinct groups: the named executive officers, relationship managers generally responsible for lending and other service offerings, and key management, which includes persons who oversee and provide critical

Table of Contents

support in such areas as finance, operations, funding, investments and credit policy. Executive management determines allocations within production and key management groups pursuant to the approved program. The CEO submits recommendations for incentive compensation for the named executive officers other than the CEO. The HR Committee determines the incentive payment for the CEO and considers the recommendation of the CEO in its final determinations of awards to be paid to the other named executives.

In determining awards of annual cash incentives the HR Committee considers the entire compensation package of each of the executive officers. The bonus awards are intended to be consistent with each executive officer's level of responsibility, competitive practices of financial institutions with comparable business characteristics and interests of shareholders. The HR Committee met in March 2007 to determine bonus compensation paid to the executive officers of the Company and the Bank during the first quarter of 2007 for 2006 performance and the amount of these bonuses paid to the named executive officers are set forth below in the Summary Compensation Table.

Equity Awards

Equity awards for our executives are granted from our 2005 Long-Term Incentive Plan (the "2005 Plan"). The HR Committee grants awards under the 2005 Plan in order to align the interests of the named executive officers with our stockholders, and to motivate and reward the named executive officers to increase the stockholder value of the Company over the long term.

The 2005 Plan became effective on May 17, 2005 and will terminate on May 17, 2015. Employees (including any employee who is also a director), consultants, contractors and non-employee directors of the Company or its subsidiaries whose judgment, initiative and efforts contributed to or may be expected to contribute to the successful performance of the Company are eligible to participate in the 2005 Plan. The 2005 Plan provides for the grant of all equity awards to officers and directors; grants may include, but are not limited to, awards of SARs, PSARs, RSUs, options, and other performance awards. In addition, the HR Committee may grant other forms of awards payable in cash or common shares if the HR Committee determines that such other form of award is consistent with the purpose and restrictions of the 2005 Plan.

Certain RSU, SAR and PSAR grants were made in April 2006 to the named executive officers and are included in the compensation tables that follow this section. The HR Committee administers awards under the 2005 Plan, sets vesting criteria, establishes performance objectives and may amend the Plan in accordance with authority approved by stockholders.

Executive management and the HR Committee believe that stock ownership is a significant incentive in aligning the interests of employees and stockholders, building stockholder value and retaining the Company's key employees. In January 2007, the named executive officers received sizeable RSU grants under the 2005 Plan outlined as follows: Joseph M. Grant 25,000 RSUs, George Jones 50,000 RSUs, Peter Bartholow 40,000 RSUs, and Keith Cargill 40,000 RSUs. Vesting of these RSUs is tied to certain stock price targets over the next six years. If none of the stock price targets are met, then the RSUs would vest at the end of six years, subject to conditions related to the executives continued employment and other provisions.

Other Benefits

2006 Employee Stock Purchase Plan

On January 17, 2006, the Board of Directors adopted the Company's 2006 Employee Stock Purchase Plan (the "2006 ESPP"), which was approved by our stockholders at our 2006 annual meeting on May 16, 2006. The 2006 ESPP provides eligible employees of the Company (and its participating subsidiaries) with an incentive to advance the best

interests of the Company and its subsidiaries by providing them a means of voluntarily purchasing common stock at a favorable price and upon favorable terms. We believe that the participants in the 2006 ESPP have an additional incentive to promote the success of the Company's business by increasing

Table of Contents

their proprietary interest in the success of the Company. Participation in the 2006 ESPP is voluntary and dependent upon each eligible employee's election to participate and his or her determination of the level of participation. We believe that the 2006 ESPP is a necessary tool to help us compete effectively. At this time, it is the policy of the Company that the named executive officers are not eligible to participate in the 2006 ESPP.

Retirement Savings Opportunity

All employees may participate in our 401(k) Retirement Savings Plan, or 401(k) Plan. Each employee may make before-tax contributions of up to 10% of their eligible compensation up to current Internal Revenue Service limits. We provide this 401(k) Plan to help our employees save some amount of their cash compensation for retirement in a tax efficient manner. As of 2006, the HR Committee decided that the Company would match contributions made by our employees to the 401(k) Plan based upon a formula that considers the amount contributed by the respective employee and such employee's tenure with the Company. We did not make, however, any discretionary contributions to the 401(k) Plan in the fiscal year ended December 31, 2006. We also do not provide an option for our employees to invest in our stock in the 401(k) Plan. Other than the 401(k) Plan, the Company currently does not provide or offer any retirement plans, such as defined benefit, defined contribution, supplemental executive retirement benefits, retiree medical or deferred compensation plans, to its employees or the named executive officers.

Health and Welfare Benefits

All full-time employees, including our named executive officers, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance. We provide these benefits to meet the health and welfare needs of employees and their families.

Employment Agreements

In order to retain the Company's senior executive officers, the HR Committee and Board of Directors of the Company determined it was in the best interests of the Company to enter into employment agreements with certain officers. The named executives first entered into employment contracts in 2002 and 2003. The employment agreements with the named executives were amended and extended in December 2004. The employment contracts are referenced as exhibits to our Report on Form 10-K. We entered into these agreements to ensure that the executives perform their respective roles for an extended period of time. In addition, we also considered the critical nature of each of these positions and our need to retain these executives when we committed to the agreements.

Each of the agreements has a term of two years, subject to annual renewal, and has a compensation package that includes a base salary and bonus, as well as certain non-compete, non-solicitation and confidentiality covenants. The initial two-year term of the agreements ended in December 2006, and, upon expiration of the initial term, the agreements were renewed for an additional one-year period. Also, as part of the compensation paid, each executive is eligible to participate in the employee benefit programs and receive other perquisites generally available to the Company's other employees holding positions similar to that of the executives.

Compensation upon termination is outlined in the agreements and described in detail below. Generally, if an executive is terminated without cause or if the executive terminates the agreement for good reason, then the executive would receive:

- twelve months salary;
- an amount equal to the average incentive compensation paid during the prior two-year period; and
- continued medical insurance benefits, at the Company's expense, for a period of twelve months.

Table of Contents

In addition, under the agreements, the executive will receive upon a change in control, if terminated without cause or by the executive for good reason:

2.5 times the executive's base salary;

2.5 times the average of the incentive compensation paid to the executive during the prior two-year period;

immediate vesting of 50% of any equity-linked compensation, with the balance vesting over two years or upon termination; and

continued welfare and health insurance benefits, at the Company's expense, for a period of twenty-four months.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its directors and officers, which may be broader than the specific indemnification provisions contained in its certificate of incorporation, bylaws or under Delaware law. These indemnification agreements may require the Company, among other things, to indemnify its officers and directors against liabilities that may arise by reason of their status or service as directors or officers. These indemnification agreements also may require the Company to advance any expenses incurred by the Company's directors or officers as a result of any proceeding against them as to which they could be indemnified. As of the date of this filing, there is no pending litigation or proceeding involving any of the Company's directors, officers, employees or agents in which indemnification by it is sought, nor is the Company aware of any threatened litigation or proceeding that may result in a claim for indemnification. The Company has purchased a policy of directors' and officers' liability insurance that insures its directors and officers against the cost of defense, settlement or payment of a judgment in certain circumstances

Tax Implications of Executive Compensation

We do not currently intend to award compensation that would result in a limitation on the deductibility of a portion of such compensation pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended, other than awards that may be made under the 2005 Long-Term Incentive Plan; however, we may in the future decide to authorize other compensation in excess of the limits of Section 162(m) if we determine that such compensation is in the best interests of the Company.

Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. We believe that achieving our compensation objectives set forth above is more important than the benefit of tax deductibility and we reserve the right to maintain flexibility in how we compensate our executive officers that may result in limiting the deductibility of amounts of compensation from time to time.

Report of the Human Resources Committee on the Compensation Discussion and Analysis

The Human Resources Committee has reviewed and discussed with management the Compensation Discussion and Analysis (CD&A) included in this Proxy Statement. Based on such review and discussion, the HR Committee recommended to the Board that this CD&A be included in the Company's Report on Form 10-K and this Proxy Statement for filing with the Securities and Exchange Commission.

2006 Pension Benefits

The table disclosing the actuarial present value of each Senior Executive's accumulated benefit under defined benefit plans, the number of years of credited service under each plan, and the amount of pension benefits paid to each Senior Executive during the year is omitted because the Company does not have a defined benefit plan for Senior Executives. The only retirement plan available to Senior Executives in 2006 was the Company's qualified 401(k) savings and retirement plan, which is available to all employees.

2006 Non-qualified Deferred Compensation

The table disclosing contributions to non-qualified and other deferred compensation plans, each Senior Executive's withdrawals, earnings and fiscal year balances in those plans is omitted because, in 2006 the Company had no non-qualified deferred compensation plans or benefits for executive officers or other employees of the Company.

(A) Assumes 50% vesting of RSUs. SARs and PSARs are not included in the accelerated vesting for Long Term Incentives as the exercise price is greater than the 12/31/06 stock price of 19.88.

- (B) Stock options are vested for Mr. Grant, Mr. Jones, and Mr. Cargill, therefore a change in control is not a triggering event for accelerated vesting. Mr. Bartholow has 20,000 unvested stock options that would vest immediately due to a change in control.
- (C) Severance is equal to two and a half times annual salary and an amount equal to the average incentive compensation paid during the prior two-year period. Severance will be paid in a lump sum within thirty days of the Executive's termination.
- (D) Other benefits include the following insurance: medical, dental, vision, life, accidental death and disability, short term disability, long term disability and supplemental long term disability. Cost includes both employer and employee coverage.
- (E) Severance includes twelve months salary and an amount equal to the average incentive compensation paid during the prior two-year period. Severance will be paid on a semi-monthly basis over a period of 12 months

The Company has entered into indemnification agreements with each of its directors and officers, which may be broader than the specific indemnification provisions contained in its certificate of incorporation, bylaws or under Delaware law. These indemnification agreements may require the Company, among other things, to indemnify its officers and directors against liabilities that may arise by reason of their status or service as directors or officers. These indemnification agreements also may require the Company to advance any expenses incurred by the Company's directors or officers as a result of any proceeding against them as to which they could be indemnified. As of the date of this filing, there is no pending litigation or proceeding involving any of the Company's directors, officers, employees or agents in which indemnification by it is sought, nor is the Company aware of any threatened litigation or proceeding that may result in a claim for indemnification. The Company has purchased a policy of directors' and officers' liability insurance that insures its directors and officers against the cost of defense, settlement or payment of a judgment in certain circumstances.

SECTION 16 (a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of a registered class of its equity securities, to file initial reports of ownership and reports of changes in ownership with the SEC. During 2006, based solely on the Company's review of these reports, it believes that the Company's Section 16(a) reports were filed timely by its executive officers and directors, except that Larry Makel, a former director, inadvertently filed three Form 4's late and Robert Stallings inadvertently filed one Form 4 late.
