PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON FRIDAY, MARCH 22, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Firepond, Inc. ("Firepond" or the "Company") for use at the Annual Meeting of Stockholders of Firepond to be held on Friday, March 22, 2002, at 10:00 a.m. eastern time, at the offices of McDermott, Will & Emery, 28 State Street, Boston, MA 02109, and any adjournments or postponements thereof (the "Annual Meeting").

At the Annual Meeting, the stockholders of Firepond will be asked to consider and vote upon the following matters:

Edgar Filing: FIREPOND INC - Form PRE 14A

1. The election of two Class II Directors of the Company to serve for the ensuing three-year period, with such term to continue until the annual meeting of stockholders to be held in the year 2005 (the "2005 Annual Meeting") and until such Directors' successors are duly elected and qualified or until their earlier death or resignation;
2. An amendment to the Company's certificate of incorporation to effect a reverse stock split of the outstanding shares of the Company's common stock of not less than 1-for-3 and not more than 1-for-10; and
3. Such other business as may properly come before the meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about Friday, March 1, 2002 in connection with the notice of, and solicitation of proxies for, the Annual Meeting. The Board of Directors has fixed the close of business on February 15, 2002 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only holders of record of the Company's common stock at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were approximately 37,017,983 shares of the Company's common stock outstanding and entitled to vote at the Annual Meeting. Each holder of shares of the Company's common stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to the matters submitted at the Annual Meeting.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of the Company's common stock is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, (i) the affirmative vote of a plurality of the votes cast is necessary for the election of the Class II Directors and (ii) the affirmative vote of the holders of a majority of the outstanding shares of the Company's common stock is required to approve the amendment to the certificate of incorporation.

Shares that reflect abstentions or "broker non-votes" (i.e., shares represented at the meeting held by brokers or nominees as to which no instructions have been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting. The Company's By-laws (the "By-laws") provide that any election by stockholders shall be determined by a plurality of the votes of the shares present in person or represented by

proxy at the meeting and entitled to vote thereon. With respect to the election of Class II Directors, votes may be cast in favor of or withheld from the nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. There will not be any broker non-votes with respect to the election of the Class II Directors because brokers and other nominees have discretion to vote on the matter. With respect to the amendment to the certificate of incorporation, votes may be cast for or against the proposal, or the voting stockholder may choose to abstain. For purposes of determining whether the amendment to the certificate of incorporation has passed, abstentions will be treated as votes cast against the amendment to the certificate of incorporation.

STOCKHOLDERS OF FIREPOND ARE REQUESTED TO COMPLETE, DATE, SIGN AND RETURN THE ACCOMPANYING PROXY CARD IN THE ENCLOSED ENVELOPE. SHARES OF THE COMPANY'S COMMON STOCK REPRESENTED BY PROPERLY EXECUTED PROXIES RECEIVED BY THE COMPANY AND NOT REVOKED WILL BE VOTED AT THE ANNUAL MEETING IN ACCORDANCE WITH THE

Edgar Filing: FIREPOND INC - Form PRE 14A

INSTRUCTIONS CONTAINED THEREIN. IF INSTRUCTIONS ARE NOT STATED THEREIN, PROPERLY EXECUTED PROXIES WILL BE VOTED "FOR" THE ELECTION OF THE NOMINEES FOR DIRECTOR NAMED IN THIS PROXY STATEMENT AND "FOR" APPROVAL OF THE ADOPTION OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION. IT IS NOT ANTICIPATED THAT ANY MATTERS OTHER THAN THE ELECTION OF NOMINEES FOR DIRECTOR AND THE APPROVAL OF THE ADOPTION OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION WILL BE PRESENTED AT THE ANNUAL MEETING. IF OTHER MATTERS ARE PRESENTED, PROXIES WILL BE VOTED IN ACCORDANCE WITH THE DISCRETION OF THE PROXY HOLDERS.

Any properly completed proxy may be revoked by the stockholder of record represented by such proxy at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by giving written notice of such revocation to the Secretary of the Annual Meeting, or by signing and duly delivering a proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company, including financial statements for the fiscal year ended October 31, 2001 ("Fiscal Year 2001"), was filed with the Securities and Exchange Commission on January 29, 2002. A copy of the Annual Report is being mailed to stockholders of Firepond concurrently with this Proxy Statement. The Annual Report, however, is not a part of the proxy solicitation materials.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board of Directors of the Company (the "Board of Directors") is divided into three classes and is comprised of two Directors in each of Class I, Class II and Class III. Directors serve for three-year terms with one class of Directors being elected by the Company's stockholders at each annual meeting.

At the Annual Meeting, two Class II Directors will be elected to serve until the 2005 Annual Meeting and until such Directors' successors are duly elected and qualified or until their earlier death or resignation. The Board of Directors has nominated William O. Grabe and Vernon Lawrence Weber (the "Nominees") for re-election as Class II Directors. Unless otherwise specified in the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the re-election of the Nominees as Directors. The Nominees have agreed to stand for election and to serve, if elected, as Directors. However, if the Nominees fail to stand for election or are unable to accept election, proxies will be voted for the election of such other persons as the Board of Directors may recommend.

William O. Grabe has been a Director of the Company since May 1997. Mr. Grabe is a Managing Member of General Atlantic Partners, LLC, a private equity investment firm which invests in information technology and communications companies on a global basis, where he has worked since 1992. Mr. Grabe brings broad international experience and an extensive sales and marketing background. He has assisted numerous firms in their geographical expansion and development of strategic alliances. Mr. Grabe is a director of several public information technology companies including Bottomline Technologies, Inc., Digital China Holdings Ltd., Exact Holding N.V., Compuware Corporation, Gartner, Inc., and several other privately held information technology companies. Prior to his affiliation with General Atlantic, Mr. Grabe retired from the IBM Corporation as an IBM Vice President and Corporate Officer where he used to head up North American sales and marketing. His outside affiliations include being a member of the UCLA Foundation Board of Councillors and the UCLA Anderson School's Board of

Edgar Filing: FIREPOND INC - Form PRE 14A

Visitors, a member of the Cancer Research Institute Board of Trustees, a Trustee of Outward Bound USA, and a director of Compuware Corporation and Gartner, Inc.

Vernon Lawrence Weber has been a Director of the Company since January 2000. Mr. Weber is the Chairman and Chief Executive Officer of the Advanced Marketing Services Group of The Interpublic Group of Companies, the largest marketing communications and services company in the world. He sits on the boards of several technology companies and nonprofit organizations, including the Boston Symphony Orchestra, the Boston Museum of Science and the Isabella Stewart Gardner Museum.

VOTE REQUIRED FOR APPROVAL

A quorum being present, the affirmative vote of a plurality of the shares present in person or represented by proxy is necessary to elect the Nominees as Directors of the Company.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEES OF THE BOARD AS DIRECTORS OF THE COMPANY.

PROPOSAL NO. 2

REVERSE STOCK SPLIT AMENDMENT

This proposal, if authorized by the Company's stockholders, will approve an amendment to the Company's Third Amended and Restated Certificate of Incorporation for the purpose of effectuating a reverse stock split of the Company's outstanding common stock of not less than 1-for-3 and not more than 1-for-10 (a "Reverse Stock Split"), with the Company's Board of Directors having the authority and discretion to determine if and when to effectuate any Reverse Stock Splits.

3

INTRODUCTION AND BOARD RECOMMENDATION

The Company's Board of Directors has determined that it would be advisable to obtain the approval of the stockholders for a Reverse Stock Split that would reduce the number of shares of the Company's outstanding common stock in order to attempt to increase the trading price of the Company's common stock on The Nasdaq National Market on a per share basis. The Board of Directors proposes this action because over the course of the Company's 2001 fiscal year, the trading price of shares of the Company's common stock has, on occasion, declined below \$1.00. According to the requirements of continued listing on The Nasdaq National Market, the failure to maintain the trading price above \$1.00 on a consistent basis may result in delisting of the Company's common stock. The Company's Board of Directors believes that such a delisting could harm the Company's stockholders by reducing the marketability and the liquidity of their shares. If a Reverse Stock Split were to be implemented, the number of shares of the Company's common stock owned by each stockholder would be reduced in the same proportion as the reduction in the total number of shares outstanding, so that the percentage of the outstanding shares owned by each stockholder would remain unchanged.

By obtaining stockholder approval of a Reverse Stock Split at the Annual Meeting, the Company's Board of Directors will be able to determine the most appropriate time, if ever, to effectuate the Reverse Stock Split, by filing an amendment to the Company's Third Amended and Restated Certificate of Incorporation in the form attached as Exhibit A (the "Amendment"). When

Edgar Filing: FIREPOND INC - Form PRE 14A

appropriate, the Company's Board of Directors will determine whether to file the Amendment based on factors such as prevailing market conditions and the trading price of the Company's common stock on The Nasdaq National Market. If the Board of Directors determines that a Reverse Stock Split is in the best interest of the Company and its stockholders, they will then take the necessary steps to effect a Reverse Stock Split. The Company's Board of Directors also believes that, because it is not possible to predict market conditions at the time the Reverse Stock Split is to be effectuated, it would be in the best interests of the stockholders if the Board of Directors were to be able to determine, within specified limits approved in advance by the stockholders, the appropriate ratio of the Reverse Stock Split.

If approved by the stockholders of the Company, a Reverse Stock Split may become effective on any date selected by the Board of Directors on or prior to the Company's next annual meeting of stockholders but in no event later than such time. Moreover, the Board of Directors reserves the right, even after stockholder approval, to entirely forego filing of the Amendment if such action is determined not to be in the best interests of the Company and its stockholders. If a Reverse Stock Split approved by the stockholders is subsequently not implemented by the Board of Directors on or prior to the Company's next annual meeting, the proposal to amend the Company's certificate of incorporation to effect a Reverse Stock Split will be deemed abandoned, without any further effect. In such case, the Board of Directors will again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Accordingly, the Board of Directors is asking that the Company's stockholders approve a range of Reverse Stock Splits of not less than 1-for-3 and not more than 1-for-10; and further, that the Board of Directors be authorized to determine which of the Reverse Stock Splits in the specified range, if any, to implement. In determining which Reverse Stock Split to implement, if any, the Board of Directors will assess a variety of factors, including, but not limited to, analysis of general market conditions. However, primary emphasis will be placed on the trading price of the Company's common stock on the days leading up to the date of the Reverse Stock Split.

A vote in favor of Proposal No. 2 will be a vote for approval of each of the reverse split ratios in the specified range and for the granting of authority and discretion to the Board of Directors to effectuate one of the Reverse Stock Splits in the range as it deems advisable at the time the Reverse Stock Split is to be effectuated. The proposal gives the Board of Directors the discretion to abandon the Reverse Stock Split if the trading price of shares of the Company's common stock continues to be above Nasdaq's minimum trading price requirements prior to its implementation, or if market or other conditions or circumstances make implementation of the Reverse Stock Split inadvisable as determined by the Board of Directors. The vote

4

required for approval of the Reverse Stock Split proposal is a majority of the outstanding shares of the Company's common stock.

REASONS FOR THE REVERSE STOCK SPLIT

The primary purpose of the Reverse Stock Split is to combine the outstanding shares of the Company's common stock into a smaller number of shares so that the shares will trade at a significantly higher price per share than their recent trading prices. Pursuant to Nasdaq listing requirements, the minimum [closing] bid price of shares of the Company's common stock must be at least \$1.00 per share in order to maintain inclusion on The Nasdaq National Market. During the period from July 2, 2001 to December 31, 2001, the closing

Edgar Filing: FIREPOND INC - Form PRE 14A

price of shares of the Company's common stock on The Nasdaq National Market ranged from a high of \$1.30 to a low of \$0.41 per share, trading below the \$1.00 threshold for much of that period. On August 22, 2001 we were notified that the Company's common stock might be delisted from trading on The Nasdaq National Market. However, on September 27, 2001, Nasdaq temporarily suspended the minimum bid price and public float requirements for continued listing on The Nasdaq National Market. This temporary suspension of the minimum bid price and public float requirements terminated on January 2, 2002.

The Company believes that the implementation of a Reverse Stock Split would enable shares of the Company's common stock to trade above the \$1.00 minimum closing bid price which is one of the requirements to continued listing on The Nasdaq National Market. The Company believes that continued listing of the Company's common stock on The Nasdaq National Market is in the best interests of the Company and its stockholders. Inclusion on the Nasdaq National Market increases liquidity and may minimize the spread between the "bid" and "asked" prices quoted by market makers. Further, a continued Nasdaq National Market listing may enhance the Company's access to capital and increase its flexibility in responding to anticipated capital requirements. The Company also believes that prospective investors will view an investment in the Company more favorably if the Company's shares continue to be listed on The Nasdaq National Market. The Board of Directors also believes that such a very quoted market price per share may discourage potential new investors and decrease the liquidity of the Company's common stock.

During the period from January 2, 2002 through January 31, 2002, the closing price of shares of the Company's common stock on The Nasdaq National Market ranged from a high of \$1.57 to a low of \$1.25. Accordingly, at such prices, the Company's common stock would not be in danger of being delisted from The Nasdaq National Market based upon the \$1.00 minimum bid price criteria. But if the trading price for the Company's common stock should decline to the point where the listing of the Company's common stock with The Nasdaq National Market was again threatened, the Company would like the authority to proceed with a Reverse Stock Split without further authorization of the Company's stockholders. Obtaining stockholder approval of a Reverse Stock Split at this Annual Meeting of Stockholders will enable the Company to avoid the additional time and expense of holding a special meeting of stockholders should the Board of Directors determine that it is in the best interest of the Company's stockholders to implement a Reverse Stock Split prior to the Company's next annual meeting of stockholders.

For the above reasons, the Company believes that giving the Board of Directors the authority to effectuate a Reverse Stock Split without further authorization of the Company's stockholders is in the best interests of the Company and its stockholders. The Company anticipates that, following the consummation of a Reverse Stock Split, the Company's common stock would trade at a price per share that is proportionately higher than current market prices. However, there can be no assurances that the Reverse Stock Split, if implemented, would have the desired effect of proportionately raising the Company's common stock price.

If the Reverse Stock Split proposal is approved by the stockholders at the Annual Meeting, the Company expects to implement a Reverse Stock Split only if the Company believes that it is necessary to comply with the continued listing requirements of the Nasdaq National Market or otherwise in the best interests of the Company. Accordingly, notwithstanding approval of the Reverse Stock Split proposal by the stockholders, the Board of Directors may elect to delay or even abandon entirely the Reverse Stock Split.

Edgar Filing: FIREPOND INC - Form PRE 14A

IMPLEMENTATION AND EFFECTS OF THE REVERSE STOCK SPLIT

If the stockholders approve the Reverse Stock Split proposal and the Board of Directors determines it is necessary to effectuate a Reverse Stock Split, the Board of Directors would:

1. Determine which Reverse Stock Split of not less than 1-for-3 and not more than 1-for-10 is advisable, based on market and other relevant conditions and circumstances and the trading prices of the Company's common stock at that time; and

2. Direct management to file the Amendment with the Delaware Secretary of State that would specify that, on the filing of the Amendment, every three to ten shares (depending on the ratio of the Reverse Stock Split selected by the Board of Directors) of the Company's common stock outstanding would automatically be combined and converted into one share. For example, if the Board of Directors selected a 1-for-5 Reverse Stock Split, the amendment would specify that every five shares of the Company's common stock outstanding be combined and converted into a single share.

We estimate that, following the Reverse Stock Split, the Company would have approximately the same number of stockholders and, except for the effect of cash payments for fractional shares as described below, the completion of the Reverse Stock Split would not affect any stockholder's proportionate equity interest in the Company. By way of example, a stockholder who owns a number of shares that prior to the Reverse Stock Split represented one-half of a percent of the outstanding shares of the Company would continue to own one-half of a percent of its outstanding shares after the Reverse Stock Split.

The Reverse Stock Split also will not affect the number of shares of common stock that the Board of Directors is authorized to issue by the Third Amended and Restated Certificate of Incorporation of the Company, which will remain unchanged at 100,000,000 shares. However, it will have the effect of increasing the number of shares available for future issuance because of the reduction in the number of shares that will be outstanding after giving effect to the Reverse Stock Split.

Based on the 37,017,983 shares of common stock outstanding as of February 1, 2002, the following table reflects that approximate percentage reduction in the outstanding shares of common stock and the approximate number of shares of common stock that would be outstanding as a result of the Reverse Stock Split:

PROPOSED REVERSE STOCK SPLIT	PERCENTAGE REDUCTION	SHARES TO BE OUTSTANDING
-----	-----	-----
1 for 3	67%	12,339,328
1 for 4	75%	9,254,496
1 for 5	80%	7,403,597
1 for 6	83%	6,169,664
1 for 7	86%	5,288,283
1 for 8	88%	4,627,248
1 for 9	89%	4,113,109
1 for 10	90%	3,701,798

CASH TO BE PAID FOR FRACTIONAL SHARES

If any Reverse Stock Split ratio is selected, implementation of a Reverse Stock Split would result in some stockholders owning a fractional share of

Edgar Filing: FIREPOND INC - Form PRE 14A

common stock. For example, if a 1-for-8 Reverse Stock Split were to be implemented, the shares owned by a stockholder with 100 shares would be converted into 12.5 shares. To avoid such a result, stockholders that would otherwise be entitled to receive a fractional share of the Company's common stock as a consequence of the Reverse Stock Split will, instead, receive from the Company a cash payment in U.S. dollars equal to the value of that fractional share, determined on the basis of the average closing price of the Company's common stock on The Nasdaq National Market for the five trading days immediately preceding the effective date of the Reverse Stock Split (as adjusted for that Reverse Stock Split).

6

If any stockholder owns, in total, fewer than the number of the Company's shares to be converted into one share as a result of the Reverse Stock Split, that stockholder's shares would be converted into a fractional share of stock and, therefore, that stockholder would receive only cash in place of the fractional share as a result of the implementation of the Reverse Stock Split. For example, if a 1-for-6 Reverse Stock Split is implemented then stockholders with fewer than six shares would receive only cash. See "Exchange of Stock Certificates and Payment for Fractional Shares" below. The interest of such stockholders in the Company would, therefore, be terminated, and such stockholders would have no right to share in the assets or future growth of the Company. Based on the foregoing example, each stockholder that owns six shares or more of the Company common stock prior to the Reverse Stock Split will continue to own one or more shares after the Reverse Stock Split and would continue to share in the assets and future growth of the Company as a stockholder, and any stockholder that owns less than six shares would receive only cash in place of the fractional share resulting from the Reverse Stock Split. Because the maximum reverse split under this proposal would be a 1-for-10 Reverse Stock Split, a stockholder could assure his or her continued ownership of shares of stock of the Company after the reverse split by purchasing a number of shares sufficient to increase the total number of shares that he or she owns to 10 or more.

The Reverse Stock Split will result in some stockholders owning "odd lots" of less than 100 shares of the Company common stock as a result of the Reverse Stock Split. Brokerage commissions and other costs of transactions in odd lot shares may be higher, particularly on a per-share basis, than the cost of transactions in even multiples of 100 shares.

EFFECT OF REVERSE STOCK SPLIT ON OPTIONS

The number of shares subject to outstanding options to purchase shares of the Company's common stock also would automatically be reduced in the same ratio as the reduction in the outstanding shares. Correspondingly, the per share exercise price of those options will be increased in direct proportion to the Reverse Stock Split ratio, so that the aggregate dollar amount payable for the purchase of the shares subject to the options will remain unchanged. For example, assume that a 1-for-5 Reverse Stock Split is implemented and that an optionee holds options to purchase 1,000 shares at an exercise price of \$0.66 per share. On the effectiveness of the 1-for-5 Reverse Stock Split, the number of shares subject to that option would be reduced to 200 shares and the exercise price would be proportionately increased to \$3.30 per share.

EFFECT OF REVERSE STOCK SPLIT ON WARRANTS

The agreements governing all of the outstanding warrants to purchase shares of the Company's common stock include provisions requiring adjustments to both the number of shares issuable upon exercise of such warrants, and the exercise prices of such warrants, in the event of a reverse stock split. For example,

Edgar Filing: FIREPOND INC - Form PRE 14A

assume that a 1-for-5 Reverse Stock Split is implemented and a warrant holder holds a warrant to purchase 10,000 shares of the Company's common stock at an exercise price of \$2.00 per share. On the effectiveness of the Reverse Stock Split, the number of shares subject to that warrant would be reduced to 2,000 shares and the exercise price would be proportionately increased to \$10.00 per share.

EXCHANGE OF STOCK CERTIFICATES AND PAYMENT FOR FRACTIONAL SHARES

Effective Date. The combination of, and reduction in, the number of the Company's outstanding shares as a result of the Reverse Stock Split would occur automatically on the date that the Reverse Stock Split amendment is filed with the Delaware Secretary of State (the "Effective Date"), without any action on the part of the Company's stockholders and without regard to the date that stock certificates representing the shares prior to the Reverse Stock Split are physically surrendered for new stock certificates.

Exchange of Stock Certificates. As soon as practicable after the Effective Date, transmittal forms will be mailed to each holder of record of certificates for shares of the Company's common stock to be used in forwarding such certificates for surrender and exchange for certificates representing the number of shares of the Company's common stock such stockholder is entitled to receive as a result of the Reverse Stock Split. The transmittal forms will be accompanied by instructions specifying other details of the exchange. Upon

7

receipt of such transmittal form, each stockholder should surrender the certificates representing shares of the Company's common stock prior to the Reverse Stock Split in accordance with the applicable instructions. Each holder who surrenders certificates will receive new certificates representing the whole number of shares of the Company's common stock that he or she holds as a result of the Reverse Stock Split and any cash payable in lieu of a fractional share. STOCKHOLDERS SHOULD NOT SEND THEIR STOCK CERTIFICATES UNTIL THEY RECEIVE A TRANSMITTAL FORM.

Effect of Failure to Exchange Stock Certificates. After the Effective Date, each certificate representing shares of the Company's common stock outstanding prior to the Effective Date (an "Old Certificate") will, until surrendered and exchanged as described above, be deemed, for all corporate purposes, to evidence ownership of the whole number of shares of the Company's common stock, and the right to receive from the Company the amount of cash for any fractional shares, into which the shares of the Company's common stock evidenced by such certificate have been converted by the Reverse Stock Split. However, the holder of such unexchanged certificates will not be entitled to receive any dividends or other distributions payable by the Company after the Effective Date, until the Old Certificates have been surrendered. Such dividends and distributions, if any, will be accumulated, and at the time of surrender of the Old Certificates, all such unpaid dividends or distributions will be paid without interest.

Determination of Amount of Cash Payable for Fractional Shares. If the number of shares of the Company's common stock to which a holder is entitled as a result of the Reverse Stock Split would otherwise include a fraction, the Company will pay to that stockholder, in lieu of issuing fractional shares of stock, cash in an amount equal to the same fraction multiplied by the average closing price of the Company's shares on The Nasdaq National Market for the five days immediately preceding the Effective Date (as adjusted for the Reverse Stock Split). For example, if the Board of Directors determined to implement a 1-for-8 Reverse Stock Split, the shares of a stockholder that owned 100 shares prior to the Reverse Stock Split would be converted into 12.5 shares as a result of the

Edgar Filing: FIREPOND INC - Form PRE 14A

Reverse Stock Split. If the average of the pre-split closing bid prices of shares of the Company's common stock for the five day trading period immediately prior to the Effective Date (as adjusted for the Reverse Stock Split) was \$1.00 per share, that stockholder would receive, in exchange for his stock certificates evidencing his 100 shares, a stock certificate for 12 whole shares and a check in the amount of \$4.00 for his .5 fractional share.

CERTAIN FEDERAL INCOME TAX CONSIDERATIONS

The following discussion describes certain federal income tax considerations relating to the Reverse Stock Split. This discussion is based upon the Internal Revenue Code of 1986, as amended, final, temporary and proposed regulations promulgated thereunder, legislative history, judicial decisions, and current administrative rulings and practices, all as amended and in effect on the date of this Proxy Statement. Any of these authorities could be repealed, overruled, or modified at any time and could be retroactive and, accordingly, could cause the tax consequences to vary substantially from the consequences described herein. No ruling from the Internal Revenue Service (the "IRS") with respect to the matters discussed herein has been requested, and there is no assurance that the IRS would agree with the conclusions set forth in this discussion. All stockholders should consult with their own tax advisors.

This discussion does not address certain federal income tax consequences that may be relevant to particular stockholders in light of their personal circumstances (such as persons subject to the alternative minimum tax) or to certain types of stockholders (such as dealers in securities, insurance companies, foreign individuals and entities, financial institutions, and tax-exempt entities) who may be subject to special treatment under the federal income tax laws. This discussion also does not address any tax consequences under state, local, or foreign laws.

STOCKHOLDERS ARE URGED TO CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE REVERSE STOCK SPLIT, INCLUDING THE APPLICABILITY OF ANY STATE, LOCAL, OR FOREIGN TAX LAWS, CHANGES IN APPLICABLE TAX LAWS, AND ANY PENDING OR PROPOSED LEGISLATION.

8

Tax Consequences to the Company. The Company should not recognize any gain or loss as a result of the Reverse Stock Split.

Tax Consequence to Stockholders Generally. A stockholder who receives only the Company's common stock should not recognize any gain or loss as a result of the Reverse Stock Split. A stockholder who receives cash in lieu of a fractional share of the Company's common stock that otherwise would be held as a capital asset generally should recognize capital gain or loss on an amount equal to the difference between the cash received and the stockholder's basis in such fractional share of the Company's common stock. For this purpose, a stockholder's basis in such fractional share of the Company's common stock will be determined as if the stockholder actually received such fractional share.

A Stockholder's Tax Basis in Shares Received upon the Reverse Stock Split. Except as provided above with respect to fractional shares, the aggregate tax basis of the shares of the Company's common stock held by a stockholder following the Reverse Stock Split will equal the stockholder's aggregate tax basis in the shares of the Company's common stock held by the stockholder immediately prior to the Reverse Stock Split and generally will be allocated among the shares of the Company's common stock held following the Reverse Stock Split on a pro rata basis. Stockholders who have used the specific identification method to identify their basis in shares of the Company's common stock combined in the Reverse Stock Split should consult their own tax advisors

Edgar Filing: FIREPOND INC - Form PRE 14A

to determine their basis in the post-Reverse Stock Split shares that they will receive in exchange therefor.

VOTE REQUIRED FOR APPROVAL

The affirmative vote of the holders of a majority of the outstanding shares of the Company's common stock is required to approve the Reverse Stock Split proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS HAS DETERMINED THAT THE REVERSE STOCK SPLIT PROPOSAL IS ADVISABLE AND IN THE BEST INTERESTS OF THE STOCKHOLDERS AND RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" APPROVAL OF THE REVERSE STOCK SPLIT PROPOSAL AND THE AMENDMENT TO THE THIRD AMENDED AND RESTATED CERTIFICATE OF INCORPORATION.

OTHER MATTERS

Neither we nor the Board of Directors intends to propose any matters at the meeting other than the election of two Class II Directors and the amendment to the certificate of incorporation to effectuate the reverse stock split at the discretion of the Board of Directors. If other matters are duly presented, proxies will be voted in accordance with the best judgment of the proxy holders.

WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING IN PERSON, YOU ARE REQUESTED TO COMPLETE, DATE, SIGN AND RETURN THE ENCLOSED PROXY CARD IN THE ENCLOSED ENVELOPE WHICH REQUIRES NO POSTAGE IF MAILED IN THE UNITED STATES.

The agreement also provides that he would be eligible to earn an additional bonus of up to \$100,000 if Firepond achieves or surpasses performance targets in excess of the performance goals. The Compensation Committee of the Board of Directors increased Mr. Besier's annual salary to \$400,000 effective as of April 1, 2001. In July 1997, Mr. Besier received stock options to purchase 1,417,960 shares of the Company's Common Stock at an exercise price of approximately \$3.95 per share under the 1997 Stock Option Plan. These options vested monthly commencing on August 7, 1997 and were fully vested on July 7, 2001. In July 2001, the Company cancelled Mr. Besier's existing options and replaced them with new options, partially vested, at an exercise price of \$0.66. Upon the effectiveness of a specified liquidity event, such as a merger or acquisition of Firepond, unless a provision is made in connection with the liquidity event for the assumption of the option, or the substitution of the option with new options of the successor entity or parent thereof, all of the remaining option shares held by Mr. Besier, shall become vested. Further, if the options are assumed in connection with the liquidity event and Mr. Besier's service relationship with such successor entity is, on or within six (6) months after such liquidity event, (i) terminated by the successor entity without cause, or (ii) terminated by Mr. Besier for good reason, all of the shares of Common Stock subject to the option, to the extent not fully vested and exercisable, shall become fully vested and exercisable. Mr. Besier was also granted registration rights for all shares of the Company's Common Stock which he acquires.

16

In the event of Mr. Besier's death during the term of his employment, his legal representative will receive Mr. Besier's annual salary for 12 months, an amount equal to his most recent annual bonus, payable in quarterly installments, and 75% of Mr. Besier's options to purchase shares of the Company's Common Stock shall become fully vested and exercisable, with the remaining 25% terminating. If Mr. Besier is terminated without cause, or he voluntarily resigns for good reason, he shall receive severance payments equal to his annual salary payable in equal monthly installments for a period of 12 months and the term of his vested options shall be extended until the earlier of three months following the termination, the effectiveness of specified liquidity events, or nine months after an initial public offering.

Mr. Tanyel's revised offer letter, dated January 23, 2001, provides for an initial annual salary of \$215,000 and an annual bonus of up to 40% of his annualized base salary based on the Company's performance and individual performance objectives. In addition, Mr. Tanyel was eligible to receive a

Edgar Filing: FIREPOND INC - Form PRE 14A

supplemental bonus in the amount of \$40,000 in connection with two identified product development related objectives to be paid out in fiscal 2001. In July 2001, the Company cancelled a majority of Mr. Tanyel's existing options and replaced them with new options, partially vested, at an exercise price of \$0.66. Upon the occurrence of a change of control event, if Mr. Tanyel is not retained as an employee of the surviving company, with responsibilities similar to his responsibilities with Firepond, 100% of his then unvested options will become immediately vested and exercisable. In the event Mr. Tanyel is terminated without cause, he shall receive severance payments equal to 60% of his annual salary, payable in twelve bimonthly installments. In addition to the standard company benefits, he will also receive family travel allowance of up to \$7,500 each fiscal year.

These options vest annually over four years commencing on January 4, 1999. In addition, Mr. McDermott was granted an additional stock option to purchase 56,667 shares of the Company's Common Stock on similar terms in connection with the Company's initial public offering. In July 2001, the Company cancelled Mr. McDermott's existing options and replaced them with new options, partially vested, at an exercise price of \$0.66. In connection with the termination of Mr. McDermott's employment, Mr. McDermott will receive severance payments equal to one-half his annual salary, payable in twelve bi-monthly installments, and the term to exercise vested stock options was extended to twelve months from his separation date.

Mr. Radford's relocation agreement, dated April 17, 2000, and his offer letter, dated November 21, 2000, together set forth the material terms of Mr. Radford's employment with the Company. The agreements provide for an initial annual salary of \$180,000 and an annual bonus of up to 40% of Mr. Radford's annual salary, based upon the Company's performance and individual performance objectives. In accordance with the terms of the agreements, Mr. Radford was granted stock options to purchase 50,000 shares of Common Stock on April 17, 2000 and stock options to purchase 50,000 shares of Common Stock on November 1, 2000. In July 2001, the Company cancelled Mr. Radford's existing options and replaced them with new options, partially vested, at an exercise price of \$0.66. In connection with the termination of Mr. Radford's employment, Mr. Radford was reimbursed an amount of \$123,839 for certain relocation expenses and will receive severance payments equal to one-half his annual salary, payable in twelve bi-monthly installments, and the term to exercise vested stock options was extended to twelve months from his separation date.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors for the 2001 fiscal year consisted of Paul R. Butare and J. Michael Cline. Mr. Butare and Mr. Cline were both non-employee directors.

The Compensation Committee ("Committee") is responsible for setting and administering the policies which determine the compensation of the Chief Executive Officer and other executive officers of the Company and administering the stock option grants under our 1997 and 1999 Option Plans, the Director Plan, and the Brightware Acquisition Stock Option Plan.

COMPENSATION PHILOSOPHY

The goal of the Committee is to correlate executive compensation with our business objectives and performance. The Company's executive compensation policies are intended to attract, retain and reward executive officers who contribute to the achievement of our business objectives and performance. During 2001, the Company used base salary, cash bonus incentives and stock option incentives to achieve these objectives. When evaluating the executives of the Company, the Committee considers the level of compensation paid to executive officers in similar positions of other comparable software companies.

The Committee annually assesses the performance and sets the salary of the Chief Executive Officer, Klaus P. Besier, and Mr. Besier annually assesses the performance of all other executive officers and recommends various adjustments to compensation, which are reviewed and approved by the Committee.

The Company's performance is evaluated by factors such as business and economic conditions, competitor performance, and the Company's results as compared to the annual operating plan.

The components of executive compensation are as follows.

Base Salary

Base salaries are established for each executive officer at levels that are intended to be competitive with salaries for comparable positions at other similar sized software companies. The Company seeks to pay salaries to executive officers that are commensurate with their qualifications, duties and responsibilities and that are competitive in the marketplace.

Cash Bonus Incentive

No cash bonuses were paid in the 2001 fiscal year, with the exception of a payment to Mr. Tanyel as part of a key employee retention plan in conjunction with the acquisition of Brightware, Inc. Mr. Tanyel took on an increased role within the combined organization at a time when there was low visibility in the Company's future stock price. Therefore, Mr. Tanyel was granted a cash bonus to ensure that the Company would retain him within the organization. In conjunction with this retention plan, Mr. Tanyel is also eligible to receive a bonus of \$140,000, to be paid on June 30, 2002, if he is employed by the Company on that

date.

18

Stock Option Incentives

The Committee believes that stock ownership by management is beneficial in aligning management and shareholder interests. In connection therewith, stock options are used to motivate executives to achieve the Company's annual operating plan. Stock options generally are granted at the then prevailing market value and have value only if the Company's stock price increases. As part of its periodic review of compensation, the Compensation Committee reviews the stock option holdings of Mr. Besier and recommends additional stock option grants as appropriate. The Committee determines the size and frequency of option grants for other executive officers, after consideration of recommendations from Mr. Besier based upon the position and responsibilities of each executive officer, previous and expected contributions of each officer and previous option grants.

On June 26, 2001, the Company offered eligible employees and directors the opportunity to exchange up to all of their outstanding options to purchase shares of the Company's common stock granted under the Firepond, Inc. 1997 Stock Plan, as amended, the Firepond, Inc. 1999 Stock Option and Grant Plan, as amended, the 1999 Director Plan and the Brightware Acquisition Stock Option Plan for new options that would be granted under the option plans pursuant to which the corresponding exchanged options were originally granted. At their original exercise prices, the Company believed that the disparity between the exercise prices of the options previously held by the Company's employees and the trading price of the Company's stock did not provide meaningful incentives to such employees. Accordingly, existing options held by directors and specified employees were eligible to be cancelled and replaced with new options. The Company replaced each of these cancelled options with new options at an exchange ratio of three new options for every four options tendered for cancellation with all options having an exercise price of \$0.66 per share, the fair market value of the Company's stock on the date of grant.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER DURING FISCAL YEAR 2001

During the fiscal year ended October 31, 2001, Klaus P. Besier served as Chairman and Chief Executive Officer throughout the year, and he continues to hold these offices.

Mr. Besier's base salary, cash bonus incentives and stock option incentives were determined in accordance with the criteria described in the "Base Salary," "Cash Bonus Incentive" and "Stock Option Incentives" sections of this report. Mr. Besier's base salary at the beginning of fiscal year 2001 was \$300,000. Mr. Besier received an increase in his base salary to \$400,000 effective April 1, 2001. No cash bonus incentive was paid to Mr. Besier in fiscal year 2001. In November 2000, Mr. Besier received a stock option grant of 300,000 shares. On July 31, 2002, Mr. Besier received stock option grants totaling 2,418,751 in exchange for grants that were cancelled under the stock option exchange program. All adjustments to Mr. Besier's total compensation for fiscal year 2001 were designed to bring his compensation into alignment with compensation levels of chief executive officers of comparable software companies. See "Summary Compensation Table."

CONCLUSION

Through the incentive plans described above, a significant portion of the Company's executive compensation programs and Mr. Besier's compensation are contingent upon Company performance and realization of benefits closely linked

Edgar Filing: FIREPOND INC - Form PRE 14A

to increases in long-term stockholder value. Based upon the prevailing economic environment, the Committee may take such action as is required to continue to attract and retain highly talented executive staff.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The following describes any transaction or series of transactions, or currently proposed transaction or series of transactions, between the Company and any related persons or entities since November 1, 2000.

LOANS TO EXECUTIVE OFFICERS

On November 28, 2000, the Company's Board of Directors approved a loan facility to Klaus Besier, the Company's Chairman and Chief Executive Officer, allowing borrowings up to \$3,000,000 bearing interest at the applicable federal rate in effect during the term of the note. On January 9, 2001, the Company's

Edgar Filing: FIREPOND INC - Form PRE 14A

Board of Director's approved an increase in the loan facility to \$4,000,000. Originally the outstanding principal together with unpaid interest was due and payable on the earlier of October 31, 2001, an event of default, or an event of maturity, as defined. On December 11, 2001, the Board of Directors amended the facility to extend the maturity to May 1, 2006. The promissory note is secured by a pledge of 500,000 shares of common stock of Firepond, Inc. and is generally not a recourse obligation of the borrower, with specified exceptions. Amounts totaling \$4,000,000 plus accrued interest have been advanced to Mr. Besier under this facility as of October 31, 2001.

On October 4, 2000, the Company loaned \$120,000 to Paul McDermott, the Company's Chief Financial Officer, bearing interest at the applicable federal rate in effect during the term of the note. The outstanding principal together with unpaid interest was due and payable on the earlier of September 30, 2001, an event of default, or an event of maturity, as defined. The promissory note was secured by a pledge of 5,000 shares of Common Stock. In connection with the termination of Mr. McDermott's employment with the Company, the Company acquired the shares securing the loan from Mr. McDermott in satisfaction of amounts due under the loan.

CONFLICTS OF INTEREST

Conflicts of interest may arise in the course of business transactions between the Company, its officers, Directors and principal stockholders, and their affiliates. The Company believes that the transactions in which it was a party as described above were at terms no less favorable than the Company would have obtained from unaffiliated third parties. In connection with the Company's initial public offering, the Company adopted a policy that all future transactions between the Company and its officers, Directors or other affiliates (other than compensation and employment matters) be reviewed by the Board of Directors on an on-going basis and submitted to the Audit Committee or other comparable body for review where appropriate.

INDEPENDENT AUDITORS

RELATIONSHIP WITH INDEPENDENT AUDITORS

The Board of Directors has reappointed Arthur Andersen, LLP as independent auditors to audit the financial statements of the Company for Fiscal Year 2002. The firm of Arthur Andersen, LLP has served as the Company's independent public auditors since May 1997. Representatives of Arthur Andersen, LLP are expected to be present at the annual meeting, will be given the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

AUDIT FEES

The Company estimates that the aggregate fees billed by its independent auditors for professional services rendered in connection with (i) the audit of the Company's annual financial statements set forth in the Company's Annual Report on Form 10-K for the year ended October 31, 2001, and (ii) the review of the Company's quarterly financial statements set forth in the Company's Quarterly Reports on Form 10-Q for the quarters ended January 31, 2001, April 30, 2001 and July 31, 2001, equal approximately \$244,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

The Company did not engage Arthur Andersen, LLP to provide advice to the Company regarding financial information systems design and implementation during the fiscal year ended October 31, 2001.

ALL OTHER FEES

The Company estimates that the aggregate fees for all other services rendered by its independent auditors for the Company's most recent fiscal year equal approximately \$290,000. These fees include work performed by the independent auditors with respect to tax compliance and advisory services, and financial accounting advisory services as well as \$182,000 of fees in connection with the Company's acquisition of Brightware.

The Audit Committee has advised the Company that it has determined that the non-audit services rendered by the Company's independent auditors during the Company's most recent fiscal year are compatible with maintaining the independence of such auditors.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and Directors, and persons who own more than 10% of the Company's outstanding shares of Common Stock (collectively, "Section 16 Persons"), to file initial reports of ownership and reports of changes in ownership with the Commission and Nasdaq. Section 16 Persons are required by Commission regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain Section 16 Persons that all Section 16(a) reports required to be filed for such persons had been filed, the Company believes that during Fiscal Year 2001 the Section 16 Persons complied with all Section 16(a) filing requirements applicable to them.
