2003 SPECIAL MEETING OF STOCKHOLDERS
IN LIEU OF ANNUAL MEETING

PROXY STATEMENT

The enclosed proxy is solicited by the Board of Directors ("MicroFinancial Board") of MicroFinancial Incorporated ("MicroFinancial" or the "Corporation") in connection with the Special Meeting of Stockholders in Lieu of Annual Meeting (the "Special Meeting") to be held on June 24, 2003. This proxy statement and the enclosed proxy are first being sent to stockholders on or about May 23, 2003. The proxy will be voted at the Special Meeting in accordance with the instructions indicated on the proxy by the stockholder. If no instructions are indicated, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted FOR Proposal No. 1 and FOR Proposal No. 2.

The record date for determining stockholders entitled to vote at the Special Meeting is the close of business on May 19, 2003. On this date, there were outstanding and entitled to vote 12,984,280 shares of Common Stock, par value \$0.01 per share, of the Corporation (the "Common Stock"), each of which is entitled to one vote on each matter to be voted on at the Special Meeting. The presence (in person or by proxy) of a majority of the aggregate number of shares of Common Stock outstanding and entitled to vote on the record date is necessary to constitute a quorum at the Special Meeting. Abstentions and "broker non-votes" will be counted as present at the Special Meeting for purposes of determining whether there is a quorum. A "broker non-vote" occurs when a broker or other nominee, holding shares for a beneficial owner, has not received voting instructions on a matter from such owner and is barred by stock exchange rules from exercising discretionary authority to vote on the matter.

Management is not aware of any matter to be considered at the Special Meeting other than those referred to in this proxy statement. If any other business should properly come before the Special Meeting, the persons named in the proxy will vote according to their best judgment.

VOTING PROCEDURES

A plurality of votes of the shares of Common Stock represented at the Special Meeting is required to elect directors. In voting for the election of directors, stockholders may cast their votes in favor of or against, but

Edgar Filing: MICROFINANCIAL INC - Form DEF 14A

abstentions may not be specified. The affirmative vote of a majority of the shares of Common Stock represented at the Special Meeting and entitled to vote is required to ratify the selection of auditors. If a broker's authority to vote on a particular matter is limited, thus resulting in a broker non-vote, such broker non-vote will not be counted in determining the number of votes cast or entitled to vote at the Special Meeting. Abstentions are counted for this purpose. Since a broker's authority is not limited with respect to Proposals No. 1 and 2, MicroFinancial does not expect to receive any broker non-votes with respect to the special meeting.

A stockholder of record may revoke a proxy by delivering written notice of revocation to Richard F. Latour, Clerk of MicroFinancial, at the address set forth above, by filing a duly executed proxy bearing a later date, or by attending the Special Meeting in person, notifying the Clerk, and voting by ballot at the Special Meeting. Any stockholder of record attending the Special Meeting may vote in person whether or not a proxy has been previously given, but the mere presence (without notifying the Clerk) of a stockholder at the Special Meeting will not constitute revocation of a previously given proxy. In addition, stockholders whose shares of Common Stock are not registered in their own name will need additional documentation from the record holder of the shares to vote in person at the Special Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

As of the date of this proxy statement, the MicroFinancial Board consists of 5 persons. The MicroFinancial Board is divided into three classes, with each class serving staggered terms of three years, so that only one class is elected in any one year. Two directors are to be elected at the Special Meeting to serve until the 2006 Special Meeting and until their successors are elected and have qualified. The nominees for this class of directors are Brian E. Boyle and Alan J. Zakon. A Director is elected by a plurality of votes of the shares of Common Stock, present in person or represented by proxy, and entitled to vote at the Special Meeting when there is a quorum. The nominees for director are presently directors of MicroFinancial. They have consented to being named a nominee in this proxy statement and have agreed to serve as a director if elected at the Special Meeting. In the event that the nominees are unable to serve, the persons named in the proxy have discretion to vote for other persons if those other persons are designated by the MicroFinancial Board. The MicroFinancial Board has no reason to believe that the nominees will be unavailable for election.

MicroFinancial is required by the rules of the SEC and the NYSE to satisfy certain requirements with respect to its Audit Committee. In conformity with those requirements, the MicroFinancial Board has approved the Audit Committee's written charter which was included as an appendix to 2001's proxy statement. - (1) Stock options were granted under the Plan. No stock appreciation rights were awarded with these grants. All options granted other than those that expire on November 25, 2012 first become exercisable, in five equal annual installments, beginning one year from the grant date, and have a ten-year term. The options

that expire on November 25, 2012 vested 20% on the date of grant and 5% every three months in arrears, and have a ten-year term. If a change of control of MicroFinancial were to occur, the options would become immediately exercisable in full.

All options outstanding to Messrs. Jackson, Plumlee and Belinsky and

Edgar Filing: MICROFINANCIAL INC - Form DEF 14A

Ms. Salvo were cancelled in February 2003, and replaced by a smaller number of shares of restricted stock which vested 20% upon grant, and vests 5% on the first day of each quarter after the grant date, with accelerated vesting if the price of the Corporation's common stock exceeds certain thresholds during the vesting period. The number of shares of restricted stock for each Named Executive Officer is included in "Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters."

- (2) The percentages in the table for the stock options granted in 2002 are based on a total of 970,000 stock options granted in 2002 to MicroFinancial employees, all of which were granted on the same material terms described in footnote (1) above.
- (3) The dollar amounts under these columns represent the potential realizable value of each grant assuming that the market value of the Common Stock appreciates from the date of grant to the expiration of the option at annualized rates of 5% and 10%. These assumed rates of appreciation have been specified by the SEC for illustrative purposes only and are not intended to forecast future financial performance or possible future appreciation in the price of the Common Stock. The actual amount the executive officer may realize will depend on the extent to which the stock price exceeds the exercise price of the options on the date the option is exercised.

The following table indicates the fiscal year-end option values for options held by the Named Executive Officers at December 31, 2002. No options were exercised in 2002.

- (2) The value of unexercised in-the-money stock options at December 31, 2002 is presented to comply with regulations of the Securities and Exchange Commission. There is no assurance that the values of unexercised stock options reflected in this table will be realized.

PROFIT SHARING PLAN AND DISCRETIONARY BOARD OF DIRECTOR BONUS PROGRAMS

The Corporation pays annual bonuses and makes profit sharing payments as determined by the Compensation Committee of the MicroFinancial Board. Each year the Compensation Committee indicates to the executive officers the percentage of the following year's pre-tax profits on which profit sharing plan payments will be based. Upon the conclusion of the audit of the prior year's financial results, the Compensation Committee determines the total percentage of pre-tax profits eligible for profit-sharing plan payments, and awards payments to all Named Executive Officers, as well as ten other employees. To enhance long-term retention of these executives, only one-third of the amount awarded is paid at that point in time. The remaining two-thirds may be paid out over the next two years in the discretion of the Compensation Committee and are subject to separate annual approvals of the Compensation Committee. In March 2003, the Board of Directors voted to issue promissory notes to these executives to cover the deferred portion of the profit-sharing plan payments.

EMPLOYMENT AGREEMENTS

The Corporation has entered into Employment Agreements with Dr. Bleyleben and Mr. Latour for a three-year period commencing June 12, 1998, subject to automatic successive one-year renewals unless terminated pursuant to the terms thereof. In the event of a termination of the Employment Agreements by the Corporation without cause, or by Dr. Bleyleben or Mr. Latour for specified good reason, the Employment Agreements provide for three years of severance payments to Dr. Bleyleben and Mr. Latour, respectively, on the basis of their highest base salary during the employment period. In addition, Dr. Bleyleben and Mr. Latour would also be entitled to a prorated payment of base salary and bonus to the date of termination, and the acceleration of deferred compensation and accrued but unpaid amounts under the Corporation's bonus and/or profit sharing plans. Dr. Bleyleben's and Mr. Latour's current base salaries, respectively, are \$130,000 and \$250,000. The bonus for the current fiscal year will be determined by the MicroFinancial Board. If, in connection with a payment under their Employment Agreement, either Dr. Bleyleben or Mr. Latour shall incur any excise tax liability on the receipt of "excess parachute payments" as defined in Section 280G of the Internal Revenue Code of 1986, as amended, the Employment Agreements provide for gross-up payments to return them to the after-tax position they would have been in if no excise tax had been imposed. As used in each Employment Agreement, "for good reason" means the assignment to the executive of duties inconsistent with the executive's position, authority, duties or responsibilities; the failure by the Corporation to pay the agreed base salary and provide the executive with benefits; moving the executive to a location outside of the metropolitan Boston, Massachusetts area; and the failure by the Corporation to require a successor to assume all obligations under the Employment Agreement.

The Corporation has also entered into separate employment agreements with Messrs. Jackson and Plumlee and Ms. Salvo, as well as six other employees, which are designed to provide an incentive to each executive to remain with the Corporation pending and following a Change in Control (as defined below). Each employment agreement has an initial term of one year following a Change in Control, with automatic extensions upon the expiration of the initial one-year term for successive one-month periods (such date and each annual anniversary thereof, the "Renewal Date"). Pursuant to each employment agreement, the executive will be entitled to receive an annual base salary of not less than twelve times the highest monthly base salary paid or payable to the executive within the twelve months preceding the Change in Control. If the employment agreement is terminated by the MicroFinancial Board other than for cause, death

Edgar Filing: MICROFINANCIAL INC - Form DEF 14A

or disability, or is terminated by the executive for specified good reason, the Corporation shall pay to the executive, the aggregate of the following amounts: (i) one times annual base salary in the case of Mr. Jackson and one and one-half times the annual base salary in the case of Mr. Plumlee and Ms. Salvo; (ii) any other compensation or bonus previously deferred by the executive, together with any accrued interest or earnings thereon; and

13

(iii) any accrued vacation pay. Pursuant to each employment agreement, if the Executive's employment is terminated during the Change of Control employment period, the Company shall pay the amounts referenced above to the Executive in a lump sum in cash within 30 days after the date of termination. If the Executive's employment is terminated prior to the first day of the Change of Control employment period, the Company is obligated to pay the amounts referenced above, however, payments of the Executive's annual base salary would be payable over twelve months, in the case of Mr. Jackson and eighteen months in the case of Mr. Plumlee and Ms. Salvo with payment to be made at the same time that the Company pays other peer executives of the Company.

"Change in Control" means (i) the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 50% or more of either the then outstanding shares of Common Stock or the combined voting power of the then outstanding voting securities of the Corporation entitled to vote generally in the election of directors; (ii) individuals who, as of the date of the original employment agreements constitute the MicroFinancial Board, cease for any reason to constitute at least a majority of the MicroFinancial Board or are divested of possession by appointment of a trustee pursuant to Chapter 7 or 11 of the United States Bankruptcy Code, except with respect to any director who was approved by a vote of at least a majority of the directors then comprising the MicroFinancial Board; (iii) approval by the shareholders of the Corporation or, in the instance of proceedings for the Corporation pursuant to Chapter 7 or Chapter 11 of the United States Bankruptcy Code, approval by the bankruptcy judge, of a reorganization, merger or consolidation, in each case, unless, following such reorganization, merger or consolidation, more than 60% of, respectively, the then outstanding shares of Common Stock of the corporation resulting from such reorganization, merger or consolidation and the combined voting power of the then outstanding voting securities of such corporation entitled to vote generally in the election of directors continues to be owned by the shareholders who were the beneficial holders of such stock prior to such transaction; or (iv) approval by the shareholders or, in the instance of proceedings for the Company pursuant to Chapter 7 or Chapter 11 of the United States Bankruptcy Code, approval by the bankruptcy judge, of the Corporation of a complete liquidation or dissolution of the Corporation or the sale or other disposition of all or substantially all of the assets of the Corporation.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (as amended, the "Exchange Act") requires the Corporation's directors, officers and persons who beneficially own more than ten percent (10%) of the Common Shares (each, a "Reporting Person") to file reports of ownership and changes of ownership with the Securities and Exchange Commission. Copies of all filed reports are required to be furnished to the Corporation pursuant to Section 16(a) of the Exchange Act. Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Corporation pursuant to Rule 16a-3(e) of the Exchange Act during fiscal year ending December 31, 2002 and on written representations from Reporting Persons, the Corporation believes that each Reporting Person complied with all applicable filing requirements during its fiscal year ended December 31, 2002, with the exception of Dr. Boyle, who inadvertently failed to report the sales of 39,000 shares from June to September 2002. These transactions were subsequently reported by the Reporting Person.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors (the "Compensation Committee") is composed of three members, all of whom are outside directors of the Corporation. The Compensation Committee provides overall guidance on the Corporation's compensation and benefits philosophy. In addition, the Compensation Committee approves and monitors the Corporation's:

- executive compensation and benefits programs
- executive employment agreements, if any
- 1998 Equity Incentive Plan

The primary objectives of the Compensation Committee are to assure that the Corporation's executive compensation and benefits programs:

- reflect the Corporation's entrepreneurial orientation
- are competitive with other growing companies of similar size and business
- safeguard the interests of the Corporation and its stockholders
- are effective in driving performance to achieve financial goals and create stockholder value
- foster teamwork on the part of management
- are cost-efficient and fair to employees, management and stockholders
- are well communicated to and understood by program participants

The Corporation's executive compensation policies are designed to attract, motivate and retain highly qualified executive officers who can enhance stockholder value, and to support a performance-oriented environment that rewards achievement of the Corporation's financial goals. The Compensation Committee meets at least once during each fiscal year to review the Corporation's existing compensation and benefits programs and to consider modifications that seek to provide a direct relationship between executive compensation and sustained corporate performance.

The Corporation compensates its executive officers through four principal types of compensation: annual base salary, profit-sharing payments, board bonus payments, and long-term incentive awards through stock options. The Corporation, as a matter of policy, places substantial emphasis on both the profit sharing plan and long-term stock options since the Corporation believes that correlating both annual financial performance of the Corporation and long term share valuation with executive officer compensation is in the best interest of the shareholders.

BASE SALARY

The annual base salary of each executive officer is based on the scope of his or her responsibility and accountability within the Corporation, as well as

Edgar Filing: MICROFINANCIAL INC - Form DEF 14A

on performance and experience criteria. In addition, the Compensation Committee considers salary and other compensation arrangements of other companies of similar size, business and similar growth to determine appropriate levels required to attract, motivate and retain the most qualified management personnel.

The Compensation Committee determines and makes final decisions regarding base salary of executives on an annual basis. The Compensation Committee recognizes that, to some degree, the determination of an executive officer's base salary involves subjective considerations.

16

PROFIT SHARING PLAN

A significant component of an executive officer's total cash compensation may consist of a profit sharing plan payment, which is intended to make the executive officer's compensation dependent on the Corporation's performance and to provide executive officers with incentives to achieve the Corporation's goals, increase stockholder value, and work as a team.

For purposes of determining profit sharing payments, the Corporation, since the early days of its existence, has placed a heavy emphasis on financial profits achieved by the Corporation. Each year the Compensation Committee indicates to the executive officers the percentage of the following year's pre-tax profits on which profit sharing plan payments will be based. Upon the conclusion of the audit of the prior year's financial results, the Compensation Committee determines the total percentage of pre-tax profits eligible for profit-sharing plan payments, and awards payments to key senior executives, including the Chairman and the Chief Executive Officer of the Corporation. To enhance long term retention of these executives, only one-third of the amount awarded is paid at that point in time. The remaining two-thirds may be paid out over the next two years in the discretion of the Compensation Committee and are subject to separate annual approvals of the Compensation Committee.

To enhance the retention of other senior personnel and to foster a spirit of teamwork, the Compensation Committee also establishes a pool along the same philosophy, and delegates to the Chairman and Chief Executive Officer the decision as to how and to whom to allocate the approved funds. Any such bonuses are also determined and paid upon completion of the Corporation's annual audit.

BOARD BONUS PAYMENTS

In addition, the Compensation Committee may approve an additional bonus based on the Committee's subjective evaluation of the quality and success of the executive.

LONG TERM STOCK OPTION COMPENSATION

The Compensation Committee believes that providing key employees, including executive officers, with the opportunity to acquire stock ownership over time is the most desirable way to align their interests with those of the Corporation's stockholders. Stock options, awarded under the Plan, provide an incentive that focuses the attention of executive officers on managing the Corporation from the perspective of an owner with an equity interest in the business. In addition, stock options are a key part of the Corporation's program for motivating and rewarding managers and other employees over the long term. Through the grant of stock options, the Corporation has encouraged its managers and other employees to obtain and hold the Corporation's stock. Stock options granted to employees are tied to future performance of the Corporation's stock and will provide value only when the price of the Corporation's stock exceeds the option grant price.

Edgar Filing: MICROFINANCIAL INC - Form DEF 14A

The Compensation Committee determines and makes final decisions regarding stock option awards made under the Plan. Such factors as performance and responsibilities of individual managers and the management team as a whole, as well as general industry practices play an integral role in the determination of the number of options awarded to a particular executive officer or employee. In determining the size of the individual award of options, the Compensation Committee also considers the number of options outstanding and previously granted, the amount of options remaining available for grant under the Plan, the aggregate amount of current awards, and the amount necessary to retain qualified personnel.

In accordance with its business strategy and compensation philosophy, the Corporation has granted stock options to key executives and managers to afford them an opportunity to participate in the Corporation's

17

future growth and to focus them on the contributions which are necessary for the financial success and business growth of the Corporation and, thereby, the creation of value for its stockholders.

Stock options are typically awarded based on an assessment of each recipient's ongoing contribution to overall corporate performance. The Corporation's Chief Executive Officer's input for the size and timing of option grants to other executives and managers is an important determinant of the actual grants given. As a means to encourage a stock option recipient to remain in service with the Corporation, stock option awards vest over a period of five years from the date of grant. All incentive stock options have exercise prices at least equal to the fair market value of the Corporation's stock on the date of grant.

2002 COMPENSATION FOR THE CHIEF EXECUTIVE OFFICER

The general policies described above for the compensation of the executive officers also apply to the compensation approved by the Compensation Committee with respect to the 2001 compensation for Richard F. Latour, the Corporation's Chief Executive Officer.

Mr. Latour's base salary was \$250,000 in 2002, \$230,000 in 2001, \$220,000 in 2000 and \$210,000 in 1999. Mr. Latour was paid a profit sharing plan payment in 2002 of approximately \$237,000, in 2001 of approximately \$247,000, in 2000 of approximately \$218,000, and in 1999 of approximately \$214,000 and an additional board bonus of \$0, \$60,000, \$60,000 and \$60,000, respectively, for the same years. During the same time period, the Corporation's pre-tax profits (losses) were \$18.2 million in 1999, \$36.1 million in 2000, \$26.4 million in 2001 and \$(36.8) million in 2002.

At December 31, 2002, Mr. Latour had options to purchase 640,000 shares of Common Stock. Options to acquire 150,000 shares of common stock were granted to him on February 25, 1999 at an exercise price equal to the then fair market value of \$12.313 per underlying share. Options to acquire 100,000 shares of common stock were granted to him on February 24, 2000 at an exercise price equal to the then fair market value of \$9.781 per underlying share. Due to the relatively large number of shares held and options granted to and exercised by Mr. Latour in the past, the Compensation Committee is of the opinion that the financial incentive of Mr. Latour is fully aligned with those of all other shareholders.

Mr. Latour continues to fulfill a central and critical role in the development of the Corporation as a whole, including but not limited to the

Edgar Filing: MICROFINANCIAL INC - Form DEF 14A

achievement of the Corporation's 2003 goals, and it is the Compensation Committee's expectation that he will continue to have an important influence on the Corporation's goals outlined for 2003. The Compensation Committee believes that Mr. Latour's compensation arrangement reflects the above-described compensation philosophy of the Corporation designed to align management compensation closely with financial performance and increased stockholder value.

18

IRS MATTERS

Under Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder, deductions for employee remuneration in excess of \$1 million which is not performance-based are disallowed for publicly traded companies. Since levels of compensation paid by the Corporation are expected to be significantly below \$1 million, the Compensation Committee has determined that it is unnecessary at this time to seek to qualify the components of its compensation program as performance-based compensation within the meaning of Section 162(m).
