PIMCO MUNICIPAL INCOME FUNDS LETTER TO SHAREHOLDERS

December 12, 2002

Dear Shareholder:

The past six months have brought an onslaught of disheartening financial news. Despite the market's recent upswing, disappointing corporate earnings and talk of a double-dip recession have left many stock investors wondering where the

Edgar Filing: PIMCO CALIFORNIA MUNICIPAL INCOME FUND - Form N-30D

markets are headed next.

In the world of bonds, however, poor economic news can actually be good news, as investors flee stocks and riskier securities and flock to the relative stability of U.S. Treasuries and other high-quality fixed income securities. This seemingly paradoxical relationship between bonds and the economy helps explain why most bond sectors have continued their strong run over the past six months.

Municipal bonds fared particularly well in this environment, outperforming many taxable bond investments. Accordingly, we are pleased to report that the PIMCO Municipal Income Funds delivered strong absolute performance. The Funds' portfolio manager achieved these results by adhering to PIMCO's time-tested total return philosophy.

We certainly cannot predict what the next few months or years hold. But, as always, we stand behind a few tried-and-true investment strategies, such as maintaining a well-diversified portfolio and investing for the long-term.

If you have questions concerning this report or your investment, please contact your financial advisor. You can also call PIMCO Advisors at 1-800-331-1710 or visit our Web site at www.pimcoadvisors.com.

Thank you for choosing PIMCO Funds. We highly value your business.

Sincerely,

/s/ Stephen Treadway

PIMCO MUNICIPAL INCOME FUNDS MANAGEMENT REVIEW & OUTLOOK

[PHOTOGRAPH OF MARK McCRAY]
MARK McCRAY
Fund Manager

The PIMCO Municipal Income Funds performed strongly during the six-month period ended October 31, 2002, with the National, California and New York funds each generating solid returns (based on common share NAV; see individual Fund pages for complete performance information). Mark McCray, the Funds' portfolio manager, provides insight into the municipal bond market and offers his outlook and strategy going forward.

Q. HOW WOULD YOU CHARACTERIZE THE PAST SIX MONTHS IN THE MUNICIPAL BOND MARKET?

A. Flight to quality was the driving force in the municipal bond market during the past six months, as investor concerns mounted over sluggish economic growth,

Edgar Filing: PIMCO CALIFORNIA MUNICIPAL INCOME FUND - Form N-30D

corporate accounting scandals and a potential war with Iraq. Treasury and municipal yields fell sharply for most of the period, however, a stock market rally during the last month of the period caused bonds to sell off. Municipals performed well during the period, delivering solid tax-adjusted returns relative to the overall bond market. Looking at the state markets, California underperformed the national municipal bond market amid heavy new issuance. The New York municipal market outperformed, with short- and intermediate-term bond yields falling further than long-term alternatives.

Q. WHAT WERE THE TOP PERFORMING MUNICIPAL SECTORS?

A. Overall, high quality general obligation bonds performed the best, as yields fell substantially. Within the revenue sector, high-quality utility revenue bonds performed well. Insured bonds were strong performers across the municipal market, as investors looked to avoid risk. In California, a high quality focus proved beneficial, as investors preferred the stability offered by higher-rated bonds. New York industrial revenue bonds performed well, due to reduced credit premiums from advanced refundings and improving credit profiles.

PAST PERFORMANCE IS NO GUARANTEE OF FUTURE RESULTS. This update contains the current opinions of the Funds' manager and does not represent a recommendation of any particular security, strategy or investment product. Such opinion is subject to change without notice.

PIMCO MUNICIPAL INCOME FUNDS MANAGEMENT REVIEW & OUTLOOK

Q. WHAT IS YOUR OUTLOOK FOR THE ECONOMY AND THE MUNICIPAL BOND MARKET?

A. Looking ahead, we expect the modest U.S. recovery to continue, driven primarily by the consumer and housing sectors. While the business sector has begun the healing process, it is likely to remain weak in the months ahead. Given the headwinds faced by the economy, we expect Federal Reserve policy to remain accommodative. Within our investment universe, sluggish growth could challenge municipal credits as tax revenues lag the economy: continued heavy issuance could also weigh on the sector. However, the market should continue to find support as investors are drawn to the attractive after-tax yields and relative stability offered by high quality municipal issues. Increasing supply remains our greatest concern within the state markets. California issuance is expected to remain heavy as the state must finance power costs and balance its budget. New York issuance is also anticipated to increase due to the passing of the state's budget and the financing needs of state and local governments.

Q. IN THIS ENVIRONMENT, HOW DO YOU INTEND TO POSITION THE FUND?

A. We expect to maintain high overall quality given the weak fiscal situation facing most municipal issuers. General obligation exposure among state and local municipalities must be carefully managed given the expected increase in supply. Finally, we intend to emphasize high-quality revenue bonds, which continue to offer attractive risk-adjusted yields.

PAST PERFORMANCE IS NO GUARANTEE OF FUTURE RESULTS. 1. Total return is determined by subtracting the initial investment from the redeemable value and dividing the remainder by the initial investment and expressing the result as a percentage. The calculation assumes that all income dividends and capital gains distributions by the Fund have been reinvested at prices obtained under the Fund's dividend reinvestment plan. Total investment return does not reflect broker commissions or sales charges. Total return for a period of less than one year is not annualized. *Taxable equivalent rate represents the yield on a taxable investment necessary to equal the after-tax yield of the Fund. The rate shown highlights the value of owning shares that are exempt from taxes, and is based on a federal tax rate of 38.6%. An investment in the Fund involves risk, including the loss of principal. Investment return, price, yields and net asset value will fluctuate with changes in market conditions. This data is provided for information only and is not intended for trading purposes. A portion of the income generated by the Fund may be subject to federal, state and local taxes, and may at times be subject to the alternative minimum tax (AMT). Closed-end funds, unlike open-end funds, are not continuously offered. There is a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. Net asset value (NAV) per common share is total assets less total liabilities divided by the number of common shares outstanding. Duration is a measure of the Fund's price sensitivity expressed in years. The credit quality of the investment in the portfolio does not apply to the stability or safety of the Fund. Certain securities are not rated by a nationally recognized rating agency. In these circumstances, the Fund's Sub-Adviser assigns a rating to these securities based on their analysis of the issuers credit quality. Holdings are subject to change.

NOTES TO SCHEDULE OF INVESTMENTS:

- * Long-term debt securities are valued by an independent pricing service authorized by the Board of Trustees.
- ** Pre-refunded bonds are collateralized by U.S. Government or other eligible securities which are held in escrow and used to pay principal and interest and retire the bonds at the earliest refunding date.
- *** Variable Rate Demand Notes are instruments whose interest rates change on a specified date (such as a coupon date or interest payment date) and/or whose interest rates vary with changes in a designated base rate (such as the prime interest rate). Maturity date shown is date of next rate change.
- + All or partial principal amount segregated as initial margin on financial futures contracts.
- ++ Security exempt from registration under Rule 144a of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, typically to qualified institutional investors. At October 31, 2002, these securities amounted to \$65,354,639 or 12.2% of investments, \$32,851,222 or 8.2% of investments and \$14,694,950 or 9.1% of investments, for Municipal, California Municipal and New York Municipal, respectively.
- # Security deemed illiquid.

PIMCO MUNICIPAL INCOME FUNDS NOTES TO FINANCIAL STATEMENTS
October 31, 2002 (unaudited)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

PIMCO Municipal Income Fund ("Municipal"), PIMCO California Municipal Income Fund ("California Municipal") and PIMCO New York Municipal Income Fund ("New York Municipal"), collectively referred to as the "Funds", were organized as Massachusetts business trusts on May 10, 2001. Prior to commencing operations on June 29, 2001, the Funds had no operations other than matters relating to their organization and registration as non-diversified, closed-end management investment companies registered under the Investment Company Act of 1940 and

Edgar Filing: PIMCO CALIFORNIA MUNICIPAL INCOME FUND - Form N-30D

the rules and regulations thereunder, as amended, and the sale and issuance of 6,667 shares of beneficial interest of each Fund at an aggregate purchase price of \$100,005 per Fund to PIMCO Advisors Fund Management LLC, formerly PIMCO Funds Advisors LLC, (the "Investment Manager"), an indirect majority-owned subsidiary of Allianz AG.

Municipal, California Municipal and New York Municipal issued 20,600,000, 15,200,000 and 6,200,000 shares of common stock, respectively, in their initial public offerings. An additional 3,090,000, 2,280,000 and 930,000 shares of Municipal, California Municipal and New York Municipal, respectively, were issued in connection with the exercise of the underwriters' over-allotment option on June 26, 2001. These shares were all issued at \$15.00 per share before an underwriting discount of \$0.675 per share. Offering costs of \$710,700, \$524,400 and \$213,900 (representing \$0.03 per share for each Fund), for Municipal, California Municipal and New York Municipal, respectively, were offset against the proceeds of the offerings and have been charged to paid-in capital. The Investment Manager has paid all offering costs (other than the sales load) and organizational expenses exceeding \$0.03 per share for each Fund.

In addition, the underwriters commission and offering costs associated with the Funds' issuance of Preferred Shares in the amounts of \$2,000,000 and \$335,000, \$1,500,000 and \$364,023 and \$630,000 and \$205,414, for Municipal, California Municipal and New York Municipal, respectively, have been charged to paid-in capital.

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Funds:

(A) VALUATION OF INVESTMENTS

Debt securities are valued daily by an independent pricing service approved by the Boards of Trustees. Any security or other asset for which market quotations are not readily available is valued at fair value as determined in good faith under procedures established by the Boards of Trustees. Municipal invests substantially all of its assets in a portfolio of municipal bonds, the interest from which is exempt from federal income taxes. California Municipal invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal and California State income taxes. New York Municipal invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal, New York State and New York City income taxes. The Funds seek to avoid bonds generating interest income which could potentially subject individuals to alternative minimum tax. The issuers' abilities to meet their obligations may be affected by economic and political developments in a specific state or region.

(B) FEDERAL INCOME TAXES

The Funds intend to distribute all of their taxable income and to comply with the other requirements of the U.S. Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, no provision for U.S. federal income taxes is required. In addition, by distributing substantially all of their taxable ordinary income and long-term capital gains, if any, during each calendar year, the Funds intend not to be subject to U.S. federal excise tax.

(C) INVESTMENT TRANSACTIONS AND INVESTMENT INCOME

Edgar Filing: PIMCO CALIFORNIA MUNICIPAL INCOME FUND - Form N-30D

Investment transactions are accounted for on the trade date. Realized gains and losses on investments are determined on the identified cost basis. Interest income is recorded on an accrual basis. Original issue discounts or premiums on debt securities purchased are accreted or amortized daily to non-taxable interest income. Market discounts, if any, are accreted daily to taxable income.

(D) DIVIDENDS AND DISTRIBUTIONS -- COMMON STOCK

The Funds declare dividends from net investment income monthly to common shareholders. Distributions of net realized capital gains, if any, are paid at least annually. Each Fund records dividends and distributions to its shareholders on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from

generally accepted accounting principles. These "book-tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal income tax treatment; temporary differences do not require reclassification. To the extent dividends and/or distributions exceed current and accumulated earnings and profits for federal income tax purposes, they are reported as dividends and/or distributions of paid-in capital.

(E) EXPENSE OFFSET

The Funds benefit from an expense offset arrangement with their custodian bank whereby uninvested cash balances earn credits which reduce monthly custodian and accounting agent expenses. Had these cash balances been invested in income producing securities, they would have generated income for the Funds.

(F) FUTURES CONTRACTS

A futures contract is an agreement between two parties to buy and sell a financial instrument at a set price on a future date. Upon entering into such a contract, the Funds are required to pledge to the broker an amount of cash or securities equal to the minimum "initial margin" requirements of the exchange. Pursuant to the contracts, the Funds agree to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contracts. Such receipts or payments are known as "variation margin" and are recorded by the Funds as unrealized appreciation or depreciation. When the contracts are closed, the Funds record a realized gain or loss equal to the difference between the value of the contracts at the time they were opened and the value at the time they were closed. Any unrealized appreciation or depreciation recorded is simultaneously reversed. The Funds invest in futures contracts. The use of futures transactions involves the risk of an imperfect correlation in the movements in the price of futures contracts, interest rates and the underlying hedged assets, and the possible inability of counterparties to meet the terms of their contracts.

Futures contracts outstanding at October 31, 2002 were as follows:

Edgar Filing: PIMCO CALIFORNIA MUNICIPAL INCOME FUND - Form N-30D

Fund	Type	# of Contracts	Expiration Date	Un App
Municipal	Short: U.S. Treasury 30 Year Bond	712	12/31/02	\$
California Municipal	Short: U.S. Treasury 30 Year Bond	595	12/31/02	
New York Municipal	Short: U.S. Treasury 30 Year Bond	237	12/31/02	

2. INVESTMENT MANAGER AND SUB-ADVISER

Each Fund has entered into an Investment Management Agreement (the "Agreements") with the Investment Manager to serve as Investment Manager to each Fund. Subject to the supervision of each Fund's Board of Trustees, the Investment Manager is responsible for managing, either directly or through others selected by it, the investment activities of the Fund and the Fund's business affairs and other administrative matters. Pursuant to the Agreements, the Investment Manager will receive an annual fee, payable monthly, at the annual rate of 0.65% of each Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding). In order to reduce Fund expenses, the Investment Manager has contractually agreed to reimburse each Fund for fees and expenses at the annual rate of 0.20% of the Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding) from the commencement of operations through June 30, 2006, and for a declining amount thereafter through June 30, 2009.

The Investment Manager has retained its affiliate, Pacific Investment Management Company LLC (the "Sub-Adviser"), to manage each Fund's investments. Subject to the supervision of the Investment Manager, the Sub-Adviser makes all investment decisions with respect to each Fund's assets. The Investment Manager (not the Funds) pays a portion of the fees it receives to the Sub-Adviser in return for its services, at the maximum annual rate of 0.37% of each Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding). The Sub-Adviser has contractually agreed to waive a portion of the fees it is entitled to receive from the Investment Manager, such that the Sub-Adviser will receive 0.25% of each Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding) from the commencement of the Funds' operations through June 30, 2006, and will receive an increasing amount (not to exceed 0.37% of each Fund's average daily net assets, including net assets attributable to any preferred shares that may be outstanding) thereafter through June 30, 2009. The Investment Manager informed the Funds that it paid the Sub-Adviser \$687,889, \$507,597 and \$207,449 in connection with sub-advisory services for Municipal, California Municipal and New York Municipal, respectively, for the six months ended October 31, 2002.

3. INVESTMENTS IN SECURITIES

For the six months ended October 31, 2002, purchases and sales of investments, other than short-term securities, were as follows:

Edgar Filing: PIMCO CALIFORNIA MUNICIPAL INCOME FUND - Form N-30D

	Municipal	California Municipal	New York Municipal
Purchases	\$176,892,347	\$122,194,568	\$114,841,619
Sales	185,332,770	126,879,350	117,586,429

4. CAPITAL

The Funds have an unlimited amount of no par value common stock authorized.

5. AUCTION PREFERRED SHARES

Municipal has issued 1,600 shares of Preferred Shares Series A, 1,600 shares of Preferred Shares Series B, 1,600 shares of Preferred Shares Series C, 1,600 shares of Preferred Shares Series D and 1,600 shares of Preferred Shares Series E each with a net asset and liquidation value of \$25,000 per share plus accrued dividends.

California Municipal has issued 2,000 shares of Preferred Shares Series A, 2,000 shares of Preferred Shares Series B and 2,000 shares of Preferred Shares Series C each with a net asset and liquidation value of \$25,000 per share plus accrued dividends.

New York Municipal has issued 2,520 shares of Preferred Shares Series A with a net asset and liquidation value of \$25,000 per share plus accrued dividends.

Dividends are accumulated daily at an annual rate set through auction procedures. Distributions of net realized capital gains, if any, are paid annually.

For the six months ended October 31, 2002, the annualized dividend rates ranged from:

	High	Low	At 10/31/02
Municipal:			
Series A	1.55%	0.75%	1.50%
Series B	1.60%	1.00%	1.60%
Series C	1.52%	1.00%	1.15%
Series D	1.50%	1.00%	1.00%
Series E	1.55%	1.00%	1.50%
California Municipal:			
Series A	1.60%	0.88%	1.50%
Series B	1.50%	0.90%	1.50%
Series C	1.50%	0.88%	1.45%
New York Municipal:			
Series A	1.55%	0.85%	1.50%

The Funds are subject to certain limitations and restrictions while Preferred Shares are outstanding. Failure to comply with these limitations and restrictions could preclude the Funds from declaring any dividends or

Edgar Filing: PIMCO CALIFORNIA MUNICIPAL INCOME FUND - Form N-30D

distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of Preferred Shares at their liquidation value.

Preferred Shares, which are entitled to one vote per share, generally vote with the common stock but vote separately as a class to elect two Trustees and on any matters affecting the rights of the Preferred Shares.
