PRIMUS GUARANTY, LTD.

PROXY STATEMENT

ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 8, 2007

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Primus Guaranty, Ltd., a company organized under the laws of Bermuda, for use at the Company's Annual General Meeting of Shareholders to be held at The Elbow Beach Hotel, 60 South Shore Road, Paget Parish, Bermuda, on May, 8, 2007 at 8:00 A.M., local time, and at any adjournments or postponements thereof.

The Notice of Annual General Meeting, this proxy statement and the enclosed form of proxy are first being sent or given to shareholders of the Company on or about April 5, 2007.

Purposes of Meeting

The purposes of the meeting are to consider and act upon the following matters:

1. To elect four Class I directors to hold office for three years and until their successors are elected and qualified;
2. To appoint Ernst & Young LLP as the Company's independent auditors and to authorize the Audit Committee of the Board of Directors to set the auditors' remuneration; and
3. To consider and act on such other business as may properly come before the meeting or any adjournment or postponement thereof.

Record Date

Only holders of record of the Company's common shares at the close of business on March 19, 2007, the record date, are entitled to notice of, and to vote at, the meeting or any adjournment or postponement thereof. The Company's common shares are its only outstanding class of voting securities. Each common share entitles the holder of record thereof to one vote. As of the record date, there were 44,942,218 common shares outstanding.

How You Can Vote

Shareholders of record can vote in either one of the following ways:

- by completing, signing and returning the enclosed proxy card; or
- by attending the Annual General Meeting and voting in person.

Shareholders who hold their shares through a broker, bank or other nominee (in "street name") must vote their shares in accordance with the procedures prescribed by their broker, bank or other nominee. Shareholders who wish to vote using the enclosed proxy card should sign and return their signed proxies before the Annual General Meeting. The proxies will vote their shares as they direct.

Shareholders can specify whether their shares should be voted for all, some or none of the nominees for director (Proposal One on the proxy card). They can also specify whether they approve, disapprove or abstain from the other proposals to be presented at the meeting.

If you do not specify on your proxy card how you want to vote your shares, the proxies will vote them "FOR" the election of all nominees for director as set forth under Proposal One, "FOR" Proposal Two and, with respect to any other matters which may properly come before the Annual General Meeting or any adjournment or postponement thereof, at the discretion of the proxy holders.

1

Revocation of Proxies

You may revoke your proxy at any time before it is exercised in any of the following ways:

- by notifying the Company's Secretary in writing;
-

by submitting another proxy by mail that is received at a later date and that is properly signed;
or

- by voting in person at the meeting.

You may not revoke a proxy merely by attending the meeting. To revoke a proxy, you must take one of the actions described above.

Quorum and Required Votes

The presence, in person or by proxy, of two or more persons at the start of the meeting and representing, in person or by proxy, in excess of 50% of the total issued voting shares is necessary to constitute a quorum.

The affirmative vote of a majority of the common shares represented and voting at the Annual General Meeting is required for the election of directors, as well as the appointment of the Company's independent auditors and authorization of the Audit Committee of the Board of Directors to set the auditors' remuneration.

Abstentions are counted as "shares present" at the meeting for the purposes of determining whether a quorum exists. However, since abstentions are not votes cast in favor of or against any matter, they will not affect the outcome of the vote. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because they do not have discretionary voting authority and have not received instructions as to how to vote on those proposals (so-called "broker non-votes") are also considered "shares present," but also will not affect the outcome of any vote.

Solicitation

We have hired D.F. King & Co., Inc. to assist us in the distribution of proxy materials and the solicitation of proxies for a fee estimated at \$8,500 plus out-of-pocket expenses. Proxies will be solicited on behalf of the Board of Directors by mail, in person and by telephone. The Company will bear the cost of soliciting proxies. The Company will also reimburse brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to the persons for whom they hold shares.

Audited Financial Statements

Under Bermuda law, audited financial statements must be presented to shareholders at an annual general meeting of shareholders. To fulfill this requirement, the Company will present at the Annual General Meeting audited consolidated financial statements for fiscal year 2006. Copies of the financial statements are contained in the Company's 2006 Annual Report to Shareholders, which includes the Company's Annual Report on Form 10-K, and is being mailed to shareholders together with this proxy statement.

Other Matters to be Acted Upon

The Company does not know of any matters to be presented or acted upon at the meeting other than the items described in this proxy statement. If any other matter is presented at the Annual General Meeting on which a vote may properly be taken, the shares represented by proxies will be voted at the discretion of the proxy holders.

Shareholders should complete and return the proxy card as soon as possible. In order to assure that your proxy is received in time to be voted at the Annual General Meeting, the proxy card must be completed in accordance with the instructions on it. If your common shares are held in street name, you should return your proxy card or voting instruction card in accordance with the instructions on that card or as provided by the bank, brokerage firm or other nominee that holds Company common shares on your behalf.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines for the Company and the Board to ensure effective corporate governance. The Corporate Governance Guidelines are summarized below, and the full text of the Corporate Governance Guidelines, as well as the text of the charters of the Board committees, are available on the Company's website at www.primusguaranty.com under the heading "Investor Relations — Corporate Governance." The Company will also provide a printed copy of the Corporate Governance Guidelines and the charters of the Board committees upon request.

Board Organization

The Company's Board of Directors currently consists of ten members. There are currently nine directors and one vacancy. The Company's Bye-laws provide for a staggered board of directors. The directors are divided into three classes. Each year one class of directors will stand for election for a term of three years. The current directors and their respective classes and terms are as follows:

- Messrs. Frank P. Filippis, Thomas J. Hartlage, and James K. Hunt have been designated Class II directors whose terms will expire at the 2009 Annual General Meeting of Shareholders.
- Messrs. Paul S. Giordano, Robert Lusardi, and John A. Ward, III have been designated Class III directors whose terms will expire at the 2008 Annual General Meeting of Shareholders; and
- Messrs. Michael P. Esposito, Jr., Duncan E. Goldie-Morrison and Thomas W. Jasper have been designated Class I directors whose terms will expire at this year's Annual General Meeting of Shareholders. Messrs. Esposito, Goldie-Morrison and Jasper are standing for re-election and Fiona E. Luck has been nominated to fill the vacancy (See "Proposal One-Election of Directors"). Ms. Luck was recommended as a director nominee by non-management directors. She will be designated a Class I director if elected.

The Board maintains four committees: the Audit Committee, the Compensation Committee, the Finance and Investment Committee, and the Nominating and Corporate Governance Committee. (See "Committees of the Board of Directors")

Corporate Governance Guidelines

The Company's Corporate Governance Guidelines, together with the charters of the various Board committees, provide a framework for the corporate governance of the Company. Among the responsibilities of the Board of Directors are to: ensure that the Company operates in a legal, ethical and socially responsible manner; select, evaluate and offer substantive advice and counsel to the Company's Chief Executive Officer; review, approve and monitor fundamental financial and business strategies and major corporate actions; oversee the Company's capital structure and financial policies and practices; assess major risks facing the Company and review options for their mitigation; and provide counsel and oversight on the selection, evaluation, development and compensation of executive officers.

The Board has determined that all of the Company's current and nominated directors, except Thomas W. Jasper, who is an employee of the Company, are independent under the standards set forth in the Company's Corporate Governance Guidelines and the listing standards of the New York Stock Exchange (the "NYSE") since none of them have any

material relationship with the Company which the Board believes would compromise their independence. However, the Board has determined that Michael P. Esposito, Jr. and Paul S. Giordano and, if elected, Fiona E. Luck, will not satisfy the independence standards of the Securities and Exchange Commission (the “SEC”) for service on the Audit Committee because of their affiliation with XL Capital Ltd, the Company’s largest shareholder. The Corporate Governance Guidelines provide that credit default swaps and credit default swap

8

portfolio engagements between a director’s employer and its affiliates, affiliations with a significant (25% or more) shareholder of the Company and joint service with employees on the board of a not-for-profit corporation, do not impair a director’s independence, except that affiliation with a significant shareholder does impair a director’s independence with respect to service on the Audit Committee. A copy of the definition of independent directors under the Company’s Corporate Governance Guidelines is available at the Company’s website located at www.primusguaranty.com under the heading “Investor Relations — Corporate Governance — Governance Guidelines.” Every director must seek the consent of the Nominating and Corporate Governance Committee and the Chairperson of the Board to confirm the absence of any actual or potential conflict prior to accepting any invitation to serve on another corporate or, in the case of a management director, not-for-profit board of directors or with any government or advisory group.

The Corporate Governance Guidelines require that the non-management directors of the Board meet in executive session at least once per year, without any management directors and any other members of the Company’s management present, to (1) evaluate the Chief Executive Officer, (2) review management succession planning, and (3) consider such other matters as they may deem appropriate. Mr. Esposito, the Chairman of our Board and Chairman of the Company’s Nominating and Corporate Governance Committee, presides at the executive sessions.

Under the Corporate Governance Guidelines, the Board must conduct an annual (1) self-evaluation of its performance and the performance of its individual members; and (2) evaluation of each Board committee’s performance and the performance of the individual members of such committees to determine whether the Board and its committees are functioning effectively. The Board’s evaluation is based, in part, on the Nominating and Corporate Governance Committee’s evaluation of the Board and the self-evaluations conducted by each of the committees. The Company’s directors have full access to management and corporate staff and are provided with an orientation program for new directors and continuing education for all directors.

The Board of Directors held four meetings during 2006. Each incumbent director attended 75% or more of the total number of meetings of the Board and the committees on which he served held during his period of service since the last Annual General Meeting of Shareholders.

Director Attendance at Annual General Meeting of Shareholders

The Company’s policy is that our directors are expected to attend the Annual General Meeting of Shareholders unless extenuating circumstances prevent them from attending. All of our then serving directors attended last year’s Annual General Meeting of Shareholders.

Communications with Directors

Shareholders or other interested parties who wish to send communications on any topic to the Board or to the non-management directors as a group, or to the presiding director, Mr. Esposito, may do so by writing to Primus Guaranty, Ltd. at Clarendon House, 2 Church Street, Hamilton HM11, Bermuda. Alternatively, they may write to James Gribbin, Director of Internal Audit, c/o Primus Asset Management, Inc., 360 Madison Avenue, 23rd Floor, New York, New York 10017 or via e-mail at jgribbin@primusguaranty.com.

Review, Approval or Ratification of Transactions with Related Persons

Any transaction with the Company in which a director, executive officer or beneficial holder of more than 5% of the outstanding common shares of the Company, or any immediate family member of the foregoing (each, a “related person”), has a direct or indirect material interest, and where the amount involved exceeds \$120,000, must be disclosed by the Company in its public filings. Any such transaction would be subject to the Company’s written policy respecting the review, approval or ratification of related person transactions, which is contained in the Company’s Code of Business Conduct and Ethics. Under this policy any related party transaction that would be required to be publicly disclosed must be approved or ratified by the Board of Directors or the Nominating and

9

Corporate Governance Committee, in writing, before the proposed related party transaction may be undertaken. In approving or ratifying a transaction under this policy, the Board of Directors or the Nominating and Corporate Governance Committee must determine that the transaction is fair and reasonable to the Company. For 2006, there were no transactions between the Company and a related person subject to this policy.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics, applicable to all employees and directors. The Code of Business Conduct and Ethics covers various topics, including conflicts of interest, confidentiality of information and compliance with laws and regulations. A copy of the Company’s Code of Business Conduct and Ethics is available at the Company’s website located at www.primusguaranty.com under the heading “Investor Relations — Corporate Governance.” The Company will also provide a printed copy upon request.

Compensation Discussion and Analysis

Compensation paid to the Company's Chief Executive Officer, Chief Financial Officer and the other named executive officers is shown in the Summary Compensation Table and supplemental tables that follow this discussion. The following discussion and analysis, which has been approved by the Compensation Committee, analyzes the objectives and results for 2006 of our executive officer compensation policies and procedures.

Compensation Policies and Objectives

The Compensation Committee seeks to ensure that executive compensation helps the Company to attract, retain and motivate the key personnel it needs to manage its business. Compensation levels are designed to be competitive and to provide the opportunity to achieve above-market compensation in the event of superior performance. Performance is assessed with respect to the Company as a whole and as to each individual, in both cases in relation to clearly delineated objective and subjective goals set at the beginning of each assessment period. In 2006, these goals included:

- ensuring that the Company maintains the highest public market standards for financial reporting and control;
- maximizing the investment performance of the Company's cash portfolio;
- expanding the Company's comprehensive investor relations program;
- refining the Company's capital forecasting and optimization methodology;
- developing capital raising alternatives, securing internal/external approvals and executing transactions;
- developing and implementing the strategic expansion of the Company;
- enhancing and managing the Company's portfolio management resources to support the Company's expanding investment strategy;
- refining portfolio management performance metrics;
- increasing the size of the single name and tranche credit default swap portfolio and expanding the Company's capacity to sell protection including credit default swaps of residential mortgage-backed securities and commercial mortgage-backed securities; and
- achieving superior portfolio performance as measured by portfolio credit migration and incurring hedging costs within budgeted targets.

The performance goals have been set at levels such that their satisfaction would require significant effort on the part of the executive officers and would require superior market performance.

Components of Executive Compensation

Compensation is composed exclusively of annual compensation, which includes a base salary and a discretionary bonus, and long-term incentive awards. These compensation components are independently determined and are each designed for a specific purpose, as discussed below. The following provides an analysis of each element of compensation and what it is designed to reward and why it is included as an element of the Company's executive compensation.

Base Salary

Base salaries are designed to be competitive, so that the Company is able to retain and attract new employees as needed. The Company uses market salaries for similar positions as well as the salaries of those specific individuals it

is trying to recruit to assist it in determining the amount of base salary it needs to offer to be competitive. When determining market salaries for similar positions, the Company considers the level of compensation paid to individuals in comparable executive positions at companies with which it competes to recruit and retain executives. Base salaries are reviewed annually, and any changes based on these reviews are generally made in February of each calendar year.

18

Based on the above criteria, the Chief Executive Officer determined that some adjustments to the base salaries of the executive officers were warranted for 2007. The Chief Executive Officer expressed this determination to the Compensation Committee, which increased the base salaries for Richard Claiden to \$350,000 and for Charles McLendon to \$375,000.

Bonus

Bonuses are designed to award executive officers for both Company and individual performance for the prior year as measured by the progress made in connection with the goals set at the beginning of the year. Bonuses allow individuals to obtain above-market compensation levels in the event of superior performance. Bonuses for executive officers and certain other key employees are paid 70% in cash and 30% in restricted shares, which vest ratably over three years. The bonus pool for a specific year is determined at the discretion of the Chief Executive Officer, subject to the approval of the Compensation Committee. In general, if the Company's financial performance, and management's performance with regard to certain qualitative factors, are deemed satisfactory, the bonus pool will equal the budgeted bonus accrual. Except with respect to the Chief Executive Officer, the allocation of the bonus pool among eligible participants is determined by the Chief Executive Officer, with approval of the Compensation Committee. The Chief Executive Officer does not recommend a bonus amount with respect to himself. Bonus awards are made annually as soon as practicable following allocation of the bonus pool in February of each calendar year. Generally, executive officers must be employed with the Company on the date of distribution of the bonus pool in order to be eligible to receive a bonus.

In evaluating the performance of management, the Compensation Committee believes it is appropriate to consider both the Company's United States generally accepted accounting principle ("GAAP") financial results as well as the impact on those results of fair value accounting and the termination of credit swaps. Therefore, the Compensation Committee evaluates what the Company's economic results would have been if it excluded from revenue the amounts of any unrealized gains and losses on its portfolio of credit swaps sold, and any realized gains from terminations of credit swaps sold prior to maturity, although it amortizes those gains over the remaining original lives of the terminated contracts, except for credit swaps purchased as investments.

In assessing the Company's performance for 2006, the Compensation Committee considered three factors: (1) return on economic equity (40%); (2) economic results (GAAP results adjusted for the effects of FAS 133's mark to market accounting) (30%); and (3) qualitative considerations (30%). The Compensation Committee determined that performance with respect to these factors had exceeded target levels, and accordingly decided, in connection with the recommendation of the Chief Executive Officer, to create a total bonus pool that was approximately equal to the amount accrued under the 2006 budget. The Compensation Committee then reviewed the individual performance of the executive officers and other key employees and the Chief Executive Officer's recommended bonus amount for each executive officer, excluding himself, based on the above factors and each individual's performance goals. The Compensation Committee approved these recommendations and also determined the bonus amount with respect to the

Chief Executive Officer. Specific bonus awards for each of the named executive officers are set forth below in the Summary Compensation Table.

In assessing the Company's performance for 2007, the Compensation Committee will again consider the same three factors stated above.

Long-Term Incentive Awards

Long-term incentives are designed to provide performance incentives over a horizon longer than one year and to provide key employees with an equity interest in the Company so as to encourage an appropriate alignment with shareholders. Also, through vesting and forfeiture provisions, long-term incentive awards create incentives for executive officers to remain with the Company. Such awards can include grants of share options, which vest ratably over four years, performance shares, which vest at the end of a three-year performance period only if specified performance goals are met, and/or restricted shares, which vest ratably over three years. The allocation among these three alternatives is

19

based on a determination of which package most closely aligns the interests of the key employee with the long-term interests of the Company. These awards have been made, and are expected to continue to be made, annually in February of each calendar year to coincide with the Company's payment of annual bonuses. At the time of the Company's initial public offering in 2004, awards were made of both share options and performance shares (for the performance period 2004-2006). In February 2005, an additional award of performance shares was made for the performance period 2005-2007. In February 2006, additional awards of share options and performance shares (for the performance period 2006-2008) were made.

For 2006, the Compensation Committee determined the total amount of long-term incentive awards, and the specific awards made to executive officers, other than the Chief Executive Officer, and other key employees, all based upon recommendations from the Chief Executive Officer. The Chief Executive Officer did not recommend a long-term incentive award with respect to himself. All long-term incentive awards made to the Chief Executive Officer were determined solely by the Compensation Committee.

The Chief Executive Officer's recommendations with respect to long-term incentive awards were based on an assessment of the potential long term contributions to the Company of each executive officer. The Chief Executive Officer recommended that all long-term incentive awards for executive officers be made in share options with the goal of further aligning the interests of the executive officers with the interests of the shareholders. These awards of share options produce value only if the Company's share price increases over the exercise price. Share options granted in 2006 to executive officers vest ratably over four years and expire after seven years. The specific long-term incentive awards for each of the named executive officers are set forth below in the Grants of Plan Based Awards table, and information regarding all outstanding equity awards as of the end of 2006 for the named executive officers is set forth below in the Outstanding Equity Awards at December 31, 2006.

Departure of Charles B. Truett

Mr. Truett, the Company's Head of Portfolio Management, has announced that he will be leaving the Company's employ on March 31, 2007. To assist in an orderly transition, Mr. Truett has agreed to provide the Company with

consulting services through March 2008. Pursuant to the terms of the consulting agreement between the Company and Mr. Truett, Mr. Truett will receive a consulting fee of \$300,000.

Asset Management Business Compensation Plan

The Compensation Committee has agreed to create a new pay plan for Mr. McLendon and the Company's asset management business, including an annual performance bonus pool based on net income from that business and long-term incentive awards triggered by reaching revenue and return on equity targets. This plan is scheduled to take effect for bonuses paid in 2009 based on 2008 performance.

Tax Matters

Section 162(m) of the Internal Revenue Code limits the tax deductibility of compensation in excess of \$1 million paid to certain "covered employees" of a publicly held corporation unless the payments are made under qualifying performance-based plans. This calculation generally excludes compensation payable pursuant to awards granted prior to the Company's 2008 Annual General Meeting of Shareholders under plans and arrangements that existed prior to the Company's initial public offering. While the Compensation Committee generally seeks to maximize the deductibility of compensation paid to executive officers, it will maintain flexibility to take other actions that may be based on considerations other than tax deductibility.

Share Option and Other Benefit Plans

2004 Stock Incentive Plan

On April 6, 2004, the Company adopted a 2004 Stock Incentive Plan (the “2004 Plan”) to replace the Company’s generally similar Stock Incentive Plan (the “Incentive Plan”). Awards previously granted under the Incentive Plan will remain outstanding in accordance with their terms. The 2004 Plan generally is to be administered by the Compensation Committee of the Board of Directors, except that the full Board may act at any time to administer the plan, and authority to administer any aspect of the 2004 Plan may be delegated to the Chief Executive Officer or any other person. The 2004 Plan allows the Compensation Committee, as the plan administrator, to grant awards of common shares or the right to receive or purchase common shares (including options to purchase shares, restricted shares and share units, bonus shares, performance shares, and share appreciation rights) to Company employees, directors or other persons or entities providing significant services to the Company or its subsidiaries, and further provides the plan administrator the authority to reprice outstanding share options or other awards. The actual terms of an award, including the number of common shares relating to the award, any exercise or purchase price, any vesting, forfeiture or transfer restrictions, the time or times of exercisability for, or delivery of, common shares, are to be determined by the plan administrator and set forth in a written award agreement with the participant.

The aggregate number of common shares for which awards may be granted under the 2004 Plan cannot exceed 12% of the number of common shares issued and outstanding at the time any award is granted. Awards made under the 2004 Plan that have been forfeited, cancelled or expired, will not be treated as having been granted for purposes of the preceding sentence. Unless otherwise provided in an award agreement, all unvested awards become fully vested, and all performance conditions will lapse, upon a change in control of the Company (as defined in the Senior Management Severance Pay Plan described below) or upon termination of the grantee's employment by reason of the grantee's death, disability or retirement, except that certain performance-based awards will only vest based on the number of days completed in the applicable performance period (as of the date of termination).

The 2004 Plan permits the plan administrator to make an equitable adjustment to the number, kind and exercise price per share of awards in the event of the Company's recapitalization, reorganization, merger, spin-off, share exchange, dividend of common shares, liquidation, dissolution or other similar transaction or events. In addition, the plan administrator may make adjustments in the terms and conditions of any awards in recognition of any unusual or nonrecurring events. The Board of Directors may, at any time, alter, amend, suspend or discontinue the 2004 Plan. The 2004 Plan will automatically terminate ten years after it has been most recently approved by the Company's shareholders.

Annual Performance Bonus Plan

The Company's Annual Performance Bonus Plan (the "Bonus Plan") is maintained in order to tie a portion of each participant's compensation to the Company's financial success and to attract, retain

23

and motivate persons of outstanding ability to exert their best efforts on the Company's behalf. Mr. Jasper has been designated by the Board of Directors as plan administrator and in general (except where the Compensation Committee has retained discretion) has sole discretion, power and authority to interpret and administer the Bonus Plan.

As soon as practicable at the end of each fiscal year, the bonus pool with respect to such year will be determined at the discretion of the Chief Executive Officer, subject to the approval of the Compensation Committee. In general, if the Company's financial performance, and management's performance with regard to certain qualitative factors, are deemed satisfactory, the bonus pool will equal the budgeted bonus accrual. The bonus pool may be larger or smaller, depending upon the Company's actual results and such other factors. The allocation of the bonus pool among eligible participants will be determined by the Chief Executive Officer, with approval of the Compensation Committee. Such awards will be based upon individual performance (subject to the predetermined guarantees and caps). A specified portion of a participant's bonus, up to 30%, is payable in the form of restricted share units ("RSUs") under the 2004 Plan. Payment of the cash portion of each participant's bonus will generally be distributed as soon as practicable following allocation of the bonus pool each year. Generally, participants must be employed with the Company on the date of distribution of the bonus pool in order to be eligible to receive an award.

Senior Management Severance Pay Plan

The Company has adopted a Senior Management Severance Pay Plan (the "Severance Plan") for designated key employees, including all of the Company's executive officers other than the Chief Executive Officer. Employees are required to sign a non-competition agreement and a release of claims against the Company as a condition of receiving any payment under the Severance Plan. The Board may amend or terminate the Severance Plan, or remove or add

designated participants, on 12 months' notice to any participants affected by the change, provided that no changes adverse to participants may be made during the 18 month period following a change in control.

Severance payable outside the context of a change in control for termination of employment without cause will equal one month of base pay, bonus (based on the average amount of cash and equity (valued as of the grant date) paid as bonus in each of the previous three years, pro-rated as necessary), and reimbursement of Consolidated Omnibus Budget Reconciliation Act ("COBRA") premiums, for each full year of completed service, with a minimum severance of two months and a maximum severance of 12 months, as well as a pro-rata annual bonus for the current year prior to termination. Additionally, (1) all equity will vest in the event of death, disability or retirement, (2) all make-whole signing bonuses will vest in the event of a termination without cause, and (3) all equity granted as bonuses will vest in the event of position elimination.

Severance payable for termination or resignation of the executive for "Good Reason" occurring during an 18 month period following a change in control will include base pay, bonus (based on the average amount of cash and equity (valued as of the grant date) paid as bonus in each of the previous three years, pro-rated as necessary), and reimbursement of COBRA premiums for an 18 month severance period, as well as accelerated vesting of outstanding share-based awards (on a pro-rated basis for performance-based share awards) and a pro-rata annual bonus for the current year prior to termination. "Good Reason" is defined as the reduction of an executive's rate of pay, a relocation of more than 50 miles, a material and adverse change in the executive's responsibilities, or a failure by the Company to obtain the assumption of the Severance Plan by any successor. If any payments under the Severance Plan or otherwise are subject to the "golden parachute" excise tax, the Company will pay participants an amount sufficient to negate the impact of this tax, unless the tax can be eliminated by a 10% or less reduction of the amounts payable. Any severance payable pursuant to the Severance Plan will be offset by severance payable under any applicable employment agreement. For purposes of the Severance Plan, a change in control is defined as (1) an acquisition by any person or group of a beneficial interest of at least 30% (50% if such person owned common shares immediately prior to the Company's initial public offering) of the voting power with respect to the election of directors, (2) a change in the composition of a majority of the Board not approved by incumbents, or (3) any

24

reorganization, merger or sale of assets or similar transaction where shareholders immediately prior to such transaction cease to own at least 50% of voting shares of the resulting corporation.

If a termination following a change in control were to have occurred as of the end of 2006, the following named executive officers would have been entitled to the following payments under the Severance Plan:

Name ⁽¹⁾	18 Months Pay (with Bonus)	Value of Accelerated Vesting of Equity	COBRA Reimbursement	Total ⁽²⁾
Richard Claiden	\$ 1,352,679	\$ 522,105	\$ 8,736	\$ 1,883,520
Charles McLendon	\$ 1,596,429	\$ 808,500	\$ 8,736	\$ 2,413,665
Charles B. Truett	\$ 1,438,928	\$ 830,605	\$ 8,736	\$ 2,278,269

⁽¹⁾Zachary Snow is not included in the table, as he was no longer in the Company's employ as of the end of 2006 and, therefore, was no longer eligible to participate in the Severance Plan.

⁽²⁾The totals do not include bonuses for 2006 that were paid in February 2007 and are reported elsewhere in this proxy statement.

Employment Agreement for Thomas W. Jasper

Mr. Jasper's employment agreement provides for the following: a base salary of \$500,000; an annual bonus opportunity targeted at 150% of base salary, with the actual bonus based primarily upon achievement of performance goals established annually by the Compensation Committee; and termination benefits consisting of a payment equal to five times Mr. Jasper's annual base salary then in effect, a sum equal to the prior year's cash bonus, a prorated annual bonus, continued health benefits for two years and full or partial accelerated or continuing vesting of his unvested incentive equity awards, payable upon a termination of employment by the Company other than for "cause" or by Mr. Jasper for "Good Reason" (which is defined in the same manner as in the Severance Plan described above). It also provides for a payment sufficient to negate the impact of any "golden parachute" excise tax, unless that tax can be eliminated by a 10% or less reduction of the payments to which Mr. Jasper is otherwise entitled. For example, if Mr. Jasper's employment were terminated without cause at a time when his rate of base salary was \$500,000, he would be entitled to a cash severance payment of \$2.5 million, plus a sum equal to his prior year's cash bonus, plus a prorated bonus that would depend upon the point in time during the year that the termination occurred and the Company's actual performance during such year. He would also be entitled to the benefits and equity vesting described above. If such termination occurred as of the end of 2006, Mr. Jasper would have been paid \$5,267,381 (which sum does not include his bonus for 2006 that was paid in February 2007 and is reported elsewhere in this proxy statement). The Company can terminate Mr. Jasper's employment without any termination obligation on any anniversary of the Company's initial public offering, starting with the third anniversary, by providing him at least six months notice. However, where such notice is provided after a "change in control" (which is defined in the same manner as in the Severance Plan described above) and the termination is to be effective on any anniversary of the Company's initial public offering occurring within 18 months after such change in control, the contractual termination benefits described above will be payable to Mr. Jasper. The employment agreement also contains a prohibition on Mr. Jasper's competing with the Company for the one-year period following termination of his employment if he is entitled to his contractual termination benefits, or if the Company elects to pay him 2.5 times his annual base salary and continues to vest certain of his equity awards for one year. If the Company terminates Mr. Jasper's employment other than for cause on the third or any subsequent anniversary of the Company's initial public offering, his equity awards will continue to vest on their original vesting schedule as long as Mr. Jasper does not engage in any competitive activities during the vesting period.

PROPOSAL TWO – APPOINTMENT OF INDEPENDENT AUDITORS

Under Bermuda law, the Company's shareholders have the authority to appoint the independent auditors of the Company and to authorize the Audit Committee to fix the auditors' remuneration. At the Annual General Meeting, the shareholders will be asked to appoint Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2007, and to authorize the Audit Committee to fix their remuneration. Ernst & Young LLP has been the Company's independent auditors since 2002 and, by virtue of their familiarity with the Company's affairs and their qualifications, are considered qualified to perform this important function.

Audit Committee Report

The Audit Committee assists the Company's Board of Directors in overseeing the integrity of the Company's financial statements, including its system of internal controls, and the quality of its internal and external audit process. The Audit Committee comprises three independent directors and operates under a written charter, which is available on the Company's website at www.primusguaranty.com and was attached to the Company's Proxy Statement for 2005 as Appendix A. In discharge of its responsibilities, the Audit Committee held five meetings in 2006. These were in-person meetings that usually included separate executive sessions of the Audit Committee with the independent auditors, the internal auditor and management.

The Audit Committee has reviewed and discussed with management the Company's audited financial statements as of and for the fiscal year ended December 31, 2006. Ernst & Young LLP, the Company's independent auditor for 2006, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles. The Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, and the Audit Committee has received from Ernst & Young LLP written disclosures and a letter as required by the Independence Standards Board, Standard No. 1, as amended. The Audit Committee has also discussed with Ernst & Young LLP the firm's independence from management and the Company. In considering the independence of Ernst & Young LLP, the Audit Committee took into account the amount and nature of the fees paid to Ernst & Young LLP for non-audit services.

Based on the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the SEC. The Committee has also selected Ernst & Young LLP, as the Company's independent auditors for 2007 and is presenting the matter to the shareholders of the Company for ratification.

Fees of the Independent Auditors

The following table shows the total fees (in thousands) paid or accrued by the Company for audit and other services provided by Ernst & Young LLP for the fiscal years 2006 and 2005.

	2006	2005
Audit fees	\$ 902	\$ 1,105
Audit-related fees	421	175
Tax Services	15	—
Total	\$ 1,338	\$ 1,280

Audit Fees

“Audit fees” paid to Ernst & Young LLP were compensation for professional services they rendered for the audits of the consolidated financial statements of the Company, including the audit of the effectiveness of internal control over financial reporting, and for quarterly reviews of the financial statements included in the Company’s Quarterly Reports on Form 10-Q, as well as the stand alone and statutory reports for certain subsidiaries.

Audit-Related Fees

“Audit-related fees” relate to the completion of certain agreed-upon procedures on compliance with our operating guidelines and our capital model for our principal operating subsidiary, Primus Financial Products, LLC, as required by both the Standard & Poor’s and Moody’s Investor Services operating guidelines. Audit related fees also included fees associated with Ernst & Young’s work on the Company’s shelf registration statement and subsequent debt offering.

The Audit Committee has adopted policies and procedures which require that the Audit Committee pre-approve all non-audit services that may be provided to the Company by its independent auditors. The Audit Committee approved 100% of the non-audit services described above and determined that the provision of such services is compatible with maintaining the independence of Ernst & Young LLP.

Representatives of Ernst & Young LLP are expected to be present at the Annual General Meeting and to be available to respond to appropriate questions. They will have an opportunity to make a statement if they so desire.

The Audit Committee and the Board of Directors recommend that the shareholders vote FOR the appointment of Ernst & Young LLP and the authorization of the Audit Committee to set their remuneration.
