-----  
PROXY STATEMENT  
-----

This document is being furnished to holders of the common stock of Northfield Laboratories Inc. in connection with the solicitation of proxies for use at Northfield's annual meeting of stockholders to be held on Friday, September 13, 2002, commencing at 10:00 A.M., local time, at the Third Floor, 1560 Sherman Avenue, Evanston, Illinois 60201-4800, and at any adjournment or postponement thereof, for the purpose of considering and acting upon the matters set forth in the accompanying Notice of Annual Meeting of Stockholders.

This document is first being mailed to holders of common stock on or about \_\_\_\_\_, 2002.

Our principal executive offices are located at 1560 Sherman Avenue, Suite 1000, Evanston, Illinois 60201-4800. Our telephone number is (847) 864-3500. We also maintain an Internet web site at [www.northfieldlabs.com](http://www.northfieldlabs.com). The information contained on our web site is not deemed to be soliciting material and is not incorporated by reference in this document.

VOTING AND RECORD DATE

Only holders of record of common stock as of the close of business on July 22, 2002, the record date for the annual meeting, are entitled to notice of

## Edgar Filing: NORTHFIELD LABORATORIES INC /DE/ - Form PRE 14A

and to vote at the annual meeting. As of July 22, 2002, there were 14,265,875 shares of common stock outstanding and entitled to be voted at the annual meeting.

### QUORUM

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote at the annual meeting is necessary to constitute a quorum at the annual meeting. Shares that are present and entitled to vote on any of the proposals to be considered at the annual meeting will be considered to be present at the annual meeting for purposes of establishing the presence or absence of a quorum for the transaction of business. If a broker indicates on the enclosed proxy that it does not have discretionary authority as to certain shares to vote on a particular proposal, but otherwise has authority to vote, those shares will also be considered as present for purposes of determining the presence or absence of a quorum at the annual meeting.

### REQUIRED VOTE

Each holder of record of shares who is entitled to vote may cast one vote per share held on all matters properly submitted for the vote of our stockholders at the annual meeting. The affirmative vote of a majority of the shares present at the annual meeting will be required to approve the proposals with respect to the election of directors and the ratification of the appointment of our independent auditors.

Shares that are present and entitled to vote, but which withhold their votes or abstain from voting on a proposal, will have the effect of votes against the proposal. If a broker indicates on the enclosed proxy that it does not have discretionary authority as to certain shares to vote on a particular proposal, those shares will not be considered as votes cast with respect to the proposal, but will be considered as present for purposes of determining the number of votes required to approve the proposal.

The number of directors comprising our full board of directors is currently fixed at seven. If for any reason fewer than seven nominees for director receive the affirmative vote of a majority of shares present at the annual meeting, it is our intention that all nominees elected by the required majority vote will take office as directors and those incumbent directors receiving the greatest number of votes will continue to serve in the remaining available director positions until our next annual meeting of stockholders.

### PROXIES

All shares entitled to vote and represented by properly executed proxies received, and not revoked, prior to the annual meeting will be voted at the annual meeting in accordance with the instructions indicated on those proxies. If no instructions are indicated on a properly executed proxy, the shares represented by that proxy will be voted as recommended by the board of directors.

If any other matters are properly presented at the annual meeting for consideration, including, among other things, consideration of a motion to adjourn the annual meeting to another time or place, the persons named in the enclosed form of proxy will have discretion to vote on those matters in accordance with their best judgment to the same extent as the person signing the proxy would be entitled to vote. It is not currently anticipated that any other matters will be raised at the annual meeting.

## Edgar Filing: NORTHFIELD LABORATORIES INC /DE/ - Form PRE 14A

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy may be revoked by filing with Northfield's Corporate Secretary, at or before the taking of the vote at the annual meeting, a written notice of revocation or a duly executed proxy, in either case later dated than the prior proxy relating to the same shares. A proxy may also be revoked by attending the annual meeting and voting in person, although attendance at the annual meeting will not itself revoke a proxy. Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Northfield Laboratories Inc., 1560 Sherman Avenue, Suite 1000, Evanston, Illinois 60201-4800, Attention: Corporate Secretary, or hand delivered to the Corporate Secretary, at or before the taking of the vote at the annual meeting.

### INSPECTOR OF ELECTIONS

Votes cast by proxy or in person at the annual meeting will be tabulated by \_\_\_\_\_, which is serving as the inspector of elections for the annual meeting.

### SOLICITATION OF PROXIES

Northfield will bear all of the expenses of this solicitation. We estimate that we will spend approximately \$200,000 in connection with this solicitation, of which approximately \$50,000 has been spent to date. We have engaged Innisfree M&A Incorporated to assist in this solicitation. We have agreed to pay Innisfree a fee of \$10,000 and to reimburse Innisfree for its reasonable out-of-pocket expenses. We have also agreed to indemnify Innisfree against liabilities arising in connection with its engagement, including liabilities arising under the federal securities laws.

Innisfree may employ up to 75 people in connection with this solicitation. Proxies may be solicited by mail, courier service, Internet, advertising, telephone, telegram, telecopier or in person. Other than Steven A. Gould, M.D. and Jack J. Kogut, no employees of Northfield are expected to participate in this solicitation.

Arrangements will be made for forwarding proxy solicitation materials to beneficial owners of shares held of record by custodians, nominees and fiduciaries, and we will reimburse these custodians, nominees and fiduciaries for their reasonable expenses incurred in connection with this solicitation.

### PARTICIPANTS IN THE SOLICITATION

Under applicable regulations of the Securities and Exchange Commission, each member of our board of directors, each of our director nominees and one of our executive officers may be deemed to be "participants" as defined in Schedule 14A under the Securities Exchange Act of 1934 in Northfield's solicitation of proxies for the annual meeting. Additional information regarding each of the participants is included in Annex A to this document.

### ANNUAL REPORT

A copy of our Annual Report on Form 10-K for our 2002 fiscal year, including financial statements, has been sent simultaneously with this document or has been previously provided to all stockholders entitled to vote at the annual meeting.

#### STOCKHOLDER NOMINATION

We have received letters from C. Robert ("Bob") Coates nominating himself and Bert R. Williams III for election as directors at our annual meeting. We have also received and complied with a request by Mr. Coates for a list of our stockholders. On June 24, 2002, Mr. Coates filed a definitive proxy statement with the Securities and Exchange Commission indicating his intention to solicit proxies for the election of himself and Mr. Williams in connection with our annual meeting. The proxy statement is available on the SEC's web site at [www.sec.gov](http://www.sec.gov).

Information regarding Mr. Coates' director nominees, including their ages, business addresses, family relationships and business and educational experience, is included in the proxy statement filed by Mr. Coates with the SEC. Certain information regarding these director nominees included in this document has been taken from, and is based upon, the information contained in the preliminary proxy statement filed by Mr. Coates.

Mr. Coates has stated that he is the beneficial owner of 644,200 shares representing approximately 4.5% of Northfield's outstanding common stock. Mr. Williams has stated that he is the beneficial owner of 500 shares of Northfield common stock.

None of Mr. Coates' director nominees is or has been a director, officer or employee of Northfield, is or has been indebted to Northfield or is or has been a party, directly or through any other firm or entity, to any transaction to which Northfield was also a party. None of the director nominees nor any of their respective associates is a party adverse to Northfield, or has a material interest adverse to Northfield, in connection with any pending litigation or other proceeding. None of the director nominees has been required to comply with the requirements of Section 16(a) of the Securities Exchange Act with respect to their ownership of Northfield common stock.

In June 2000, Mr. Coates sent a letter to our stockholders that was critical of our management. In August 2000, Mr. Coates filed a proxy statement with the SEC indicating his intention to solicit proxies in favor of the election of himself and three other individuals as directors at our 2000 annual meeting of stockholders. In September 2000, Mr. Coates met with members of our senior management to discuss his proposals with respect to Northfield. As a result of this meeting, Northfield agreed with Mr. Coates on the actions we

## Edgar Filing: NORTHFIELD LABORATORIES INC /DE/ - Form PRE 14A

would take with respect to certain of Mr. Coates' proposals and Mr. Coates withdrew his proposed slate of directors and announced his intention not to solicit proxies in connection with our 2000 annual meeting.

In August 2001, Mr. Coates filed an action against us and our directors in Delaware court. The suit alleged that we advanced the date of our 2001 annual meeting of stockholders in order to prevent Mr. Coates from waging a proxy contest to elect himself and three other individuals as directors at the annual meeting. Mr. Coates withdrew his lawsuit following our announcement on August 16, 2001 that we were preparing to file our BIOLOGICS License Application for our PolyHeme(TM) blood substitute product with the FDA.

In May 2002, we received a letter from Mr. Coates requesting that he be permitted to meet with our board of directors to present the credentials of his nominees for election as directors. We invited Mr. Coates to meet with our nominating committee to discuss his director nominations. Mr. Coates met individually by telephone with the members of our nominating committee and was given an opportunity to provide information regarding his background and experience and his reasons for seeking to serve on Northfield's board of directors. Following the telephonic meetings with Mr. Coates, the nominating committee met to consider Mr. Coates' nominations. Based on the information presented by Mr. Coates, his actions in connection with Northfield's 2000 and 2001 annual meetings, and his conduct in connection with actual or threatened proxy contests involving several other companies, the nominating committee determined that Mr. Coates' nominees should not be included in the list of individuals recommended by the committee for nomination by Northfield's board for election at our 2002 annual meeting. On July 24, 2002, we notified Mr. Coates of the nominating committee's determination.

### COMMITTEES OF THE BOARD OF DIRECTORS

We currently have three standing committees. The compensation committee, which met once during our 2002 fiscal year, is composed of Messrs. Chelberg and Olshansky. The compensation committee has the authority, as delegated by the board of directors, to administer our executive compensation plans and to determine the salaries and incentive compensation, including the grant of stock options, to be received by our executive officers and employees.

The audit committee, which met three times during our 2002 fiscal year, is composed of Messrs. Savner, Chelberg and Olshansky. The functions of the audit committee include the review of the planning and results of our annual audit, the adequacy of our internal accounting controls, and the auditing and accounting principles and practices to be used in the preparation of our financial statements. Each of the members of Northfield's audit committee is an independent director as defined in the applicable listing standards of the National Association of Securities Dealers, Inc.

Our board of directors adopted a written charter for the audit committee in June 2000. In July 2002, our board of directors amended the audit committee charter to delegate to the audit committee the sole power and authority to appoint and replace Northfield's independent auditors and to determine what, if any, non-audit services are to be provided by our independent auditors. A copy of our amended audit committee charter is attached as an appendix to this document.

The nominating committee is composed of Messrs. Chelberg and Savner. The nominating committee makes recommendations to our board of directors regarding the size and composition of the board, establishes procedures for the nomination process and recommends candidates for election to the board. The

## Edgar Filing: NORTHFIELD LABORATORIES INC /DE/ - Form PRE 14A

nominating committee was established in July 2002 and accordingly did not meet during our 2002 fiscal year. The nominating committee will consider nominees recommended by Northfield stockholders. The procedures to be followed for stockholders wishing to recommend director nominees for consideration by the nominating committee are described below under "Procedure for Submitting Stockholder Proposals and Nominations."

### MEETING ATTENDANCE

During fiscal 2002, our board of directors met four times, and no incumbent director attended fewer than 75 percent of the total number of meetings of the board of directors and the committees of which he was a member, except that Mr. Savner attended two of the four meetings of the board of directors.

### COMPENSATION OF DIRECTORS

We compensate outside directors for their participation at board or director meetings and at committee meetings of the board of directors at a rate of \$1,000 per meeting. Directors are also reimbursed for their expenses for attending meetings of the board of directors and committees. In addition, non-employee directors receive grants of stock options under our Nonqualified Stock Option Plan for Outside Directors.

Dr. Moss and Dr. Ness have provided consulting services to Northfield and have received compensation from Northfield for their services. Dr. Moss is a party to a consulting agreement under which he reviews and advises Northfield on research activities relating to PolyHeme. Dr. Moss's consulting agreement expires in August 2002, and it is expected the agreement will be extended for an additional year. Dr. Moss received \$60,000 from Northfield under his consulting agreement during our 2002 fiscal year. Dr. Ness has provided consulting services to Northfield relating to FDA regulatory matters and the sourcing of red blood cells from major blood banking organizations. Northfield expects to enter into an agreement with Dr. Ness under which he will agree to continue to provide such services to Northfield. Dr. Ness received \$80,000 from Northfield as payment for his consulting services during our 2002 fiscal year.

### ADOPTION OF CODE OF BUSINESS CONDUCT.

Northfield has adopted a written code of business conduct that includes policies applicable to our directors, officers and employees relating to compliance with law, conflicts of interest, protection of confidential information, acceptance of gifts and entertainment, accuracy and integrity of books and records, political contributions, equal employment opportunity, workplace harassment and other matters. In connection with its approval of the code of business conduct, our board of directors has adopted a resolution requiring prior approval by our audit committee of any waivers of compliance with respect to the code granted to any Northfield director, officer or employee.

Neither of the members of the compensation committee is a current or former Northfield officer or employee or was a party to any disclosable related party transaction involving Northfield during our 2002 fiscal year.

#### EMPLOYMENT AGREEMENTS

We have employment agreements with Steven A. Gould, M.D., our Chief Executive Officer, and Jack J. Kogut, our Vice President--Finance, Secretary and Treasurer. These employment agreements provide for terms expiring in December 2002. The annual salaries payable under the employment agreements with Dr. Gould and Mr. Kogut are \$303,822 and \$239,947, respectively. The employment agreements provide that the salaries of the respective executive officers may be reviewed annually by the board of directors and may be increased but not decreased from the foregoing amounts. The employment agreements also provide for cash bonus payments upon our filing of a Biologic License Application for PolyHeme with the FDA as well as for the approval of the application by the FDA. Filing bonuses of \$147,487 and \$116,479, respectively, were paid to Dr. Gould and Mr. Kogut during our 2002 fiscal year. The employment agreements also permit the executive officers to participate in all other employee benefit plans and programs we make available generally to our employees.

## Edgar Filing: NORTHFIELD LABORATORIES INC /DE/ - Form PRE 14A

Each of the employment agreements provides that if the term of the agreement is not extended beyond December 31, 2002 and the executive officer subsequently ceases to be employed by Northfield for any reason other than his death, disability or discharge for cause, we will be obligated to continue to pay the executive officer his full base salary for a specified period. If, at the time of the executive officer's termination of employment, Northfield has extended a written offer of continuing employment to the executive officer providing for employment terms and compensation substantially equivalent to those provided in his current employment agreement, the specified salary continuation period ends on December 31, 2003. If such an offer has not been extended, the specified salary continuation period ends of December 31, 2004. The employment agreements also provide for certain payments following a termination of employment of the executive officer in connection with a change in control of Northfield. Upon the involuntary termination of the employment of either of the executive officers by us in connection with a change in control, or upon the voluntary termination of employment by any of the executive officers for "good reason" following a change in control, we will generally be obligated to continue to pay the executive officer his full base salary until the second anniversary of the date of the termination of his employment. We are also obligated to continue to provide medical insurance and

other benefits to the executive employee and his dependents during this period. If Dr. Gould and Mr. Kogut were each to terminate their employment in connection with a change in control of Northfield, we would be obligated to make payments to the two executive officers totaling approximately \$1,100,000 and would incur additional costs relating to providing continuing employee benefits to the executive officers for a two-year period.

### SEPARATION ARRANGEMENTS

Richard E. DeWoskin resigned as our Chairman and Chief Executive Officer in July 2002, following the end of our 2002 fiscal year. In connection with Mr. DeWoskin's resignation, we entered into a separation agreement and a consulting agreement with Mr. DeWoskin. We entered into a separation agreement and a consulting agreement with Mr. DeWoskin. These agreements were entered into by mutual agreement between the parties and are in lieu of the post-employment payments and benefits to which Mr. DeWoskin would have been entitled under the terms of his employment agreement with Northfield.

The separation agreement with Mr. DeWoskin provides for the termination of his employment agreement with Northfield, with the exception that he will continue to be entitled to receive a bonus of \$278,048 if Northfield receives FDA approval for the commercial sale of PolyHeme in the United States for any indication on or prior to December 31, 2004. We agreed pursuant to the separation agreement to assign certain individual life insurance policies to Mr. DeWoskin and continue to provide Mr. DeWoskin and his eligible dependents with coverage under our group medical and dental insurance plans (or substantially equivalent plans) through December 31, 2004. The separation agreement also provides for the waiver of certain vesting requirements and exercise restrictions applicable to the stock options held by Mr. DeWoskin.

Under the terms of his consulting agreement, Mr. DeWoskin has agreed to provide consulting services to Northfield with respect to certain scientific, regulatory, manufacturing, intellectual property and other matters. Mr. DeWoskin's consulting agreement provides for the payment of a monthly consulting fee of \$26,962 and the reimbursement of certain reasonable out-of-pocket business and travel expenses incurred by Mr. DeWoskin on behalf of Northfield. The consulting agreement expires on December 31, 2004 unless extended by mutual

agreement of the parties.

INDEMNIFICATION AGREEMENTS

We have written indemnification agreements with each of our directors and executive officers. These agreements require us to indemnify our directors and executive officers to the maximum extent permitted by law and to advance all expenses they may reasonably incurred in connection with the defense of any claim or proceeding in which they may be involved as a party or witness. The agreements specify certain procedures and assumptions applicable in connection with requests for indemnification and advancement of expenses and also require us to continue to maintain directors and officers and fiduciary liability insurance for a six-year period following any change in control transaction. The rights provided to our directors and executive officers under their indemnification agreements are in addition to any other rights such individuals may have under our restated certificate of incorporation or bylaws, applicable law or otherwise.

### EMPLOYEE BENEFIT PLANS

We sponsor a defined contribution 401(k) savings plan covering each of our employees satisfying certain minimum length of service requirements. We make discretionary contributions to this plan subject to certain maximum contribution limitations. Our expenses incurred under this plan for the years ended May 31, 2002, 2001 and 2000 were \$157,294, \$145,051 and \$129,496, respectively.

### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 requires that our directors, executive officers and persons who beneficially own more than 10% of our common stock file with the Securities and Exchange Commission initial reports of beneficial ownership of the common stock and reports of changes in their beneficial ownership.

To our knowledge, based solely upon a review of copies of reports furnished to us and written representations that no other reports were required during the fiscal year ended May 31, 2002, our officers, directors and greater than 10% beneficial owners complied during our last fiscal year with all applicable Section 16(a) filing requirements.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This report of the compensation committee of the board of directors discusses our executive compensation policies and the bases for the compensation paid to our Chief Executive Officer during our last completed fiscal year.

### COMPENSATION POLICY

## Edgar Filing: NORTHFIELD LABORATORIES INC /DE/ - Form PRE 14A

Our policy with respect to executive compensation has been designed to compensate executive officers fairly and adequately in relation to their responsibilities, capabilities and contributions to Northfield. We have also sought to align the interests of senior management with those of our stockholders with respect to long-term increases in the price of our stock. The compensation committee considers it essential to our success that the compensation paid to executive officers remain competitive with similar or competitive companies in order to attract and retain the talented senior management necessary to achieve our business objectives.

### COMPONENTS OF COMPENSATION

The components of compensation paid for our last completed fiscal year to our executive officers consisted of base salary, stock option grants, cash bonuses and certain other benefits. During our last completed fiscal year, we had employment agreements which provided for specified annual salaries with Richard E. DeWoskin, our former Chief Executive Officer, Steven A. Gould, M.D., our current Chief Executive Officer, and Jack J. Kogut, our Vice President--Finance, Secretary and Treasurer. See "Management--Employment Agreements" and "-- Separation Arrangements." The annual salaries provided in these employment agreements were determined based principally on the compensation levels for similar or competitive companies, including companies in the pharmaceutical and biomedical industries, as well as the levels of responsibility and experience of the individual executive.

During our last completed fiscal year, we issued stock options to acquire 20,000 shares of common stock to two of our named executive officers. These options were issued in recognition of these officers' significant contributions to the clinical development of PolyHeme. The other benefits provided to our executive officers consist of enhanced life and disability insurance coverage. Executive officers are also eligible for coverage under our general medical and life insurance programs and may participate in our defined contribution 401(k) savings plan on the same terms as other employees.

### CHIEF EXECUTIVE OFFICER COMPENSATION

During our 2002 fiscal year, our former Chief Executive Officer, Richard E. DeWoskin, received \$281,525 in base salary and a bonus of \$139,024 pursuant to the terms of his employment agreement. The bonus became payable upon the filing with the FDA of Northfield's Biologic License Application for PolyHeme. The terms of Mr. DeWoskin's employment agreement were determined based principally on compensation levels applicable to the chief executive officers of similar or competitive companies and secondarily on Mr. DeWoskin's prior contributions to Northfield and his high level of experience and involvement with the development and clinical testing of PolyHeme.
