On April 23, 2004, Butler Manufacturing Company ("Butler") received two letters from BlueScope Steel Limited ("BlueScope").

The first letter from BlueScope (attached hereto as Exhibit A) advises Butler that BlueScope has reviewed Butler's unaudited consolidated financial statements for the three months ended March 31, 2004 and confirms that Butler's operating results meet or exceed the EBIT, Net Cash Flow and Backlog thresholds set in the BlueScope merger agreement such that no material adverse change has occurred. Accordingly, subject to obtaining the necessary stockholder approval, Butler is not aware of any conditions that will not be satisfied and would prevent the merger with BlueScope from being consummated.

The second letter from BlueScope (attached hereto as Exhibit B) advises Butler that BlueScope irrevocably has arranged for and will have cash on hand on April 27, 2004 to fund its financial commitments to Butler stockholders and lenders in connection with the merger between Butler and BlueScope.

Gentlemen:

Reference is made to that certain Agreement and Plan of Merger, dated February 15, 2004 (the "Merger Agreement"), by and among BlueScope Steel Limited ("Parent"), BSL Acquisition Corporation ("Purchaser") and Butler Manufacturing Company ("Butler") (capitalized terms used herein without definition shall have the meanings assigned to such terms in the Merger Agreement). Pursuant to Section 5.16 of the Merger Agreement, Butler has provided Parent with unaudited consolidated financial statements for the three months ended March 31, 2004 (the "Financial Statements"). Furthermore, pursuant to clauses (iv) and (v) of Section 8.4 (e) of the Merger Agreement, a Company Material Adverse Change is conclusively deemed to have occurred unless Butler meets certain specified thresholds for EBIT, Net Cash Flow and Backlog in the Financial Statements.

Parent has reviewed the Financial Statements and hereby confirms that EBIT, Net Cash Flow and Backlog, as reflected in the Financial Statements, meet or exceed the EBIT, Net Cash Flow and Backlog thresholds, and, therefore, no Company Material Adverse Change has occurred within the meaning of clauses (iv) and (v) of Section 8.4 (e) of the Merger Agreement.

We look forward to stockholder approval and a timely completion to the merger.

Sincerely yours,

Mr. Brian Kruger
Chief Financial Officer

Dear John,

Edgar Filing: BUTLER MANUFACTURING CO - Form DEFA14A

On behalf of BlueScope Steel Limited ("BSL"), I wish to advise you of the current status for the funding of our offer for Butler Manufacturing Company ("BMC").

You will already be aware from publicly available information that BSL has COMMITTED bank lines in place of A\$500 million (A\$400 million term facility and A\$100 million short term facility). As of the date of this letter, A\$260 million (US\$190 million at current exchange rates) remains undrawn and available for the funding of the offer for BMC. In addition to this, BSL has a COMMITTED bridging facility for US\$150 million which was specifically put in place to also facilitate funding of the BMC offer.

On the 22 April 2004, BSL gave an IRREVOCABLE NOTICE of drawdown under its committed term facility. Further to this, an IRREVOCABLE NOTICE of drawdown was also delivered today under the bridging facility. BSL will therefore have sufficient cash on hand in its US bank accounts on Tuesday 27 April, 2004 to make all necessary payments related to the BMC merger.

As you can see, there is no doubt over BSL's ability to fund its financial commitments to BMC shareholders and noteholders should the merger be consummated. Our funding lines are committed and as indicated, lenders have already been provided with irrevocable notices to drawdown. This should provide the BMC Board with absolute certainty regarding the funding of the BSL offer.

Please do not hesitate to contact me should you wish to discuss any of the matters dealt with in this letter.

Yours sincerely,

Brian Kruger
