ITEM 2.01 COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS

As previously reported on July 8, 2005, on July 4, 2005, PCTEL, Inc. ("PCTEL") acquired all of the outstanding share capital of Sigma Wireless Technologies Limited, an Irish company ("Sigma"), pursuant to a Share Acquisition Agreement dated as of July 4, 2005 among PCTEL, Sigma, the holders of the outstanding share capital of Sigma, and other parties (the "Acquisition Agreement"). Sigma is based in Dublin, Ireland and develops, manufactures and distributes antenna products designed for wireless communications. The selling shareholders of Sigma

consist of three manager/directors of SIGMA and an Irish corporation owned by affiliates of Sigma.

The total purchase price was 23.4 million Euro (approximately \$28.3 million). Of this amount, 19.3 million Euro (approximately \$23.4 million) was paid in cash at the close of the transaction. Approximately 5.1 million Euro of the closing payment was immediately used to discharge outstanding Sigma indebtedness and retire outstanding preferred shares and the remaining 14.4 million Euro was paid to the selling shareholders of Sigma. PCTEL assumed approximately 2.5 million Euro (approximately \$3.0 million) of Sigma obligations, consisting principally of unfunded pension liability. In addition, PCTEL incurred 1.6 million euro (approximately \$2.0 million) in transaction costs.

The Acquisition Agreement also provides for an "earn-out" provision in favor of the selling shareholders of Sigma, pursuant to which such shareholders may receive up to an additional 7.5 million Euro (approximately \$9.1 million) in cash based on the revenue performance of Sigma over the 18-month period ending December 31, 2006. A cash payment of up to 5.75 million Euro (approximately \$7.0 million) of the 7.5 million Euro total possible earn-out will be made to such shareholders based on Sigma revenue performance during the period in excess of 26 million Euro up to 35 million Euro; an additional cash payment of up to 1.75 million Euro (approximately \$2.1 million) of the 7.5 million Euro total possible earn-out will be made to such shareholders based on Sigma revenue performance during the period in excess of 35 million Euro. Revenue performance of Sigma is measured quarterly, and earn-out payments, if any, are to be made within 45 days of the end of the quarterly period.

The cash consideration paid and to be paid in connection with the acquisition is expected to be provided from PCTEL's available cash balance.

Under the Acquisition Agreement, the selling shareholders of Sigma are required to indemnify PCTEL against losses resulting from breaches of representations and warranties made by such shareholders in the agreement and from failure of such shareholders to comply with covenants and agreements to be performed under the agreement, and against other specified costs and expenses expected to be incurred by Sigma. The indemnification obligations of the Sigma selling shareholders survive for a period of 12 months from July 4, 2005, with certain identified exceptions which survive for up to six years from such date. A third-party escrow arrangement has been established under the Acquisition Agreement for the benefit of PCTEL to satisfy the indemnification obligations of the selling shareholders during the 12 month period following the closing date of the acquisition, and the sum of 1.75 million Euro of the cash purchase price paid at the closing has been deposited into the escrow.
