Explanatory Note

This Amendment No. 1 on Form 8-K/A to First Interstate BancSystem, Inc.'s Current Report on Form 8-K filed with the Securities and Exchange Commission on February 2, 2007, is filed to make a typographical correction to the heading and correct formatting errors in the graphical presentation of Exhibit 99.

Item 2.02 Results of Operations and Financial Condition.

On February 2, 2007, First Interstate BancSystem, Inc. (the Registrant) issued its fourth quarter 2006 performance report and shareholders letter (the Shareholders Letter) to holders of common stock of the Company as of that date. The Shareholders Letter is attached as Exhibit 99 to this Current Report on Form 8-K.

In the Shareholders Letter under the heading Selected Ratios, the Registrant included the ratio Return on average common equity excluding market adjustment of securities, which constitutes a non-GAAP financial measure (the non-GAAP ratio). The most directly comparable financial measure presented in accordance with GAAP is the ratio Return on average common equity which appears immediately prior to the non-GAAP ratio. A reconciliation between the two ratios is derived by including mark-to-market adjustment of securities as required under GAAP. The Registrant's management believes the presentation of the non-GAAP ratio provides useful information to investors because the ratio does not take into account the mark-to-market adjustment of only a portion of the Company's balance sheet.

Item 7.01 Regulation FD Disclosure.

The information furnished under Item 2.02 is also being furnished under this Item 7.01.

Item 9.01 Financial Statements and Exhibits.

(c) Exhibit 99 Fourth Quarter 2006 Shareholders Letter
