Item 2.02 Results of Operations and Financial Condition.

On August 7, 2008, Diodes Incorporated issued a press release announcing second quarter 2008 results. A copy of the press release is attached as Exhibit 99.1.

On August 7, 2008, Diodes Incorporated hosted a conference call to discuss its second quarter 2008 results. A recording of the conference call has been posted on its website at www.diodes.com. A copy of the script is attached as Exhibit 99.2.

During the conference call on August 7, 2008, Dr. Keh-Shew Lu, President and Chief Executive Officer of Diodes Incorporated, as well as Carl C. Wertz, Chief Financial Officer, Rick White, Senior Vice President of Finance, and Mark King, Senior Vice President of Sales and Marketing, made additional comments during a question and answer session. A copy of the transcript is attached as Exhibit 99.3.

In our press release announcing second quarter 2008 results, and during the conference on August 7, 2008, Diodes Incorporated provided guidance on other income (expense) of \$2.0 to \$2.8 million for the third quarter of 2008. Other income (expense) includes interest income, interest expense, foreign exchange gains (losses) and other miscellaneous income and expenses. To provide further clarification, Diodes Incorporated expects the interest income for the fourth quarter of 2008 to be approximately \$1.0 million higher than the guidance provided for the third quarter of 2008.

In the press release, the Company utilizes financial measures and terms not calculated in accordance with generally accepted accounting principles in the United States (GAAP) in order to provide investors with an alternative method for assessing our operating results in a manner that enables investors to more thoroughly evaluate our current performance as compared to past performance. We also believe these non-GAAP measures provide investors with a more informed baseline for modeling the Company s future financial performance. Our management uses these non-GAAP measures for the same purpose. We believe that our investors should have access to, and that we are obligated to provide, the same set of tools that we use in analyzing our results. These non-GAAP measures should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP results. We have provided definitions for certain non-GAAP financial measures, together with an explanation of why management uses these measures and why management believes that these non-GAAP financial measures are useful to investors. In addition, in our press release we have provided tables to reconcile the non-GAAP financial measures utilized to GAAP financial measures.
