PROXY STATEMENT**

We are furnishing this proxy statement and related materials to Pediatrix's shareholders as part of the solicitation of proxies by Pediatrix's Board of Directors for use at Pediatrix's 2005 Annual Shareholders Meeting, and at any postponement or adjournment of the meeting. In this proxy statement, we refer to Pediatrix Medical Group, Inc. as Pediatrix, we, our and the Company.

QUESTIONS AND ANSWERS ABOUT OUR ANNUAL MEETING

What Is the Date, Time and Place of the Annual Meeting?

Pediatrix's 2005 Annual Shareholders Meeting will be held on Friday, May 6, 2005, beginning at 10:00 a.m., local time, at the Crowne Plaza Hotel, 13400 West Sunrise Boulevard, Sunrise, Florida 33323.

What Is the Purpose of the Annual Meeting?

At the annual meeting, Pediatrix's shareholders will be asked to:

elect eight Directors, each for a term expiring at the next annual meeting or until his successor has been duly elected and qualified; and

consider and act upon such other business as may properly come before the meeting.

Who Is Entitled to Vote at the Annual Meeting?

Only holders of record of Pediatrix common stock at the close of business on March 15, 2005, the record date for the meeting, are entitled to notice of, to attend and to vote at the annual meeting, or any postponements or adjournments of the meeting. At the close of business on March 15, 2005, 22,794,660 shares of Pediatrix common stock were issued and outstanding and were held by approximately 69 holders of record.

What Are the Voting Rights of Pediatrix Shareholders?

Pediatrix's shareholders have one vote per share of Pediatrix common stock owned on the record date for each matter properly presented at the annual meeting. Therefore, if you owned 100 shares of Pediatrix common stock on the close of business on March 15, 2005, for example, you can cast 100 votes for each matter properly presented at the annual meeting.

What Constitutes a Quorum?

A quorum will be present at the meeting if holders of a majority of the issued and outstanding shares of Pediatrix common stock on the record date are represented at the meeting in person or by proxy. If a quorum is not present at the meeting, Pediatrix expects to postpone or adjourn the meeting to solicit additional proxies. Abstentions, including broker non-votes (as described below), will be counted as shares present and entitled to vote for the purposes of determining the presence or absence of a quorum.

What Are Broker Non-Votes ?

Broker non-votes occur when shares held by a brokerage firm are not voted with respect to a proposal because the firm has not received voting instructions from the shareholder and the firm does not have the authority to vote the shares at its discretion. Under the rules of the New York Stock Exchange, brokerage firms may have the authority to vote their customers' shares on certain routine matters for which they do not receive voting instructions, including the uncontested election of directors. If other matters are properly

Table of Contents

brought before the meeting and they are not considered routine under the applicable New York Stock Exchange rules, shares held by brokerage firms will not be voted on such non-routine matters by the brokerage firms unless they have received voting instructions and, accordingly, any such shares will be broker non-votes and will not be counted with respect to such matters.

Will my Shares be Voted if I do not Provide my Proxy?

If your shares are held in the name of a brokerage firm, they may be voted by the brokerage firm (as described above) even if you do not give the brokerage firm specific voting instructions. If you are a registered shareholder and hold your shares directly in your own name, your shares will not be voted unless you provide a proxy or fill out a written ballot in person at the meeting.

How do I Vote?

You can vote in any of the following ways.

To vote by mail:

Mark, sign and date your proxy card; and

Return it in the enclosed envelope.

To vote in person if you are a registered shareholder:

Attend our annual meeting;

Bring valid photo identification; and

Deliver your completed proxy card or ballot in person.

To vote in person if you hold in street name:

Attend our annual meeting;

Bring valid photo identification; and

Obtain a legal proxy from your bank or broker to vote the shares that are held for your benefit, attach it to your completed proxy card and deliver it in person.

What Vote Is Required to Elect Directors at the Annual Meeting?

Assuming that a quorum is present at the annual meeting, Director nominees receiving the greatest number of affirmative votes from holders of Pediatrix common stock will be elected as Directors of Pediatrix.

How Does the Board of Directors Recommend I Vote on the Proposal?

The Board of Directors recommends that you vote FOR the election of each of the nominees for Director named in this proxy statement.

How will my Proxy Holders Vote?

The enclosed proxy designates Roger J. Medel, M.D., our Chief Executive Officer, Thomas W. Hawkins, our Senior Vice President, General Counsel and Secretary, and Karl B. Wagner, our Chief Financial Officer, each with full power of substitution, to hold your proxy and vote your shares. Dr. Medel and Messrs. Hawkins and Wagner will vote all shares of Pediatrix common stock represented by properly executed proxies received in time for the annual meeting in the manner specified by the holders of those shares. Dr. Medel and

Table of Contents

Messrs. Hawkins and Wagner intend to vote all shares of Pediatrix common stock that are properly executed by the record holder but otherwise do not contain voting instructions as follows:

FOR the election of each of the nominees for Director named in this proxy statement; and

in accordance with the recommendation of Pediatrix's Board of Directors, FOR or AGAINST all other matters as may properly come before the annual meeting.

Can I Change My Vote After I Have Voted?

The grant of a proxy on the enclosed proxy card does not preclude a shareholder from voting in person at the meeting. A shareholder may revoke a proxy at any time prior to its exercise by filing with Pediatrix's corporate secretary a duly executed revocation of proxy, by submitting a duly executed proxy to Pediatrix's corporate secretary bearing a later date or by appearing at the meeting and voting in person. Attendance at the meeting will not itself constitute revocation of a proxy.

Who Pays for the Preparation of the Proxy Statement?

Pediatrix will bear the cost of the solicitation of proxies from its shareholders. In addition to solicitations by mail, Pediatrix's Directors, officers and employees, and those of its subsidiaries and affiliates, may solicit proxies from shareholders by telephone or other electronic means or in person but will receive no additional compensation for soliciting such proxies. Pediatrix will cause banks and brokerage firms and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of Pediatrix common stock held of record by such custodians, nominees and fiduciaries. Pediatrix will reimburse such banks, brokerage firms, custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses in doing so.

PROPOSAL: ELECTION OF PEDIATRIX'S DIRECTORS

Pediatrix's Articles of Incorporation and Bylaws, each as amended and restated, provide that the number of directors constituting Pediatrix's Board of Directors will be determined from time to time by resolution adopted by Pediatrix's Board of Directors. Since May 2004, Pediatrix's Board of Directors has consisted of eight members.

The Board of Directors currently has eight members, seven of whom were elected by our shareholders at the annual meeting in 2004. Enrique J. Sosa, Ph.D. was appointed by our Board of Directors to a newly created director seat in May 2004. All of Pediatrix's incumbent Directors have been nominated by Pediatrix's Board of Directors as Directors to be elected at the annual meeting in 2005 by the holders of Pediatrix common stock.

The nominees for Director are as follows:

Roger J. Medel, M.D., who has served as a Director since 1979;

Cesar L. Alvarez, who has served as Chairman of the Board since May 2004 and as a Director since March 1997;

Waldemar A. Carlo, M.D., who has served as a Director since June 1999;

Michael B. Fernandez, who has served as a Director since October 1995;

Roger K. Freeman, M.D., who has served as a Director since May 2002;

Paul G. Gabos, who has served as a Director since November 2002;

Lawrence M. Mullen, who has served as a Director since May 2004; and

Enrique J. Sosa, Ph.D., who has served as a Director since May 2004.

Please see below under Directors, Executive Officers and Key Employees for the biographies of these nominees for Director.

Table of Contents

Each Director elected will serve for a term expiring at Pediatrix's 2006 Annual Meeting of Shareholders, which is expected to be held in May 2006, or until his successor has been duly elected and qualified.

Pediatrix's Board of Directors has no reason to believe that any nominee will refuse to act or be unable to accept election; however, in the event that a nominee for a directorship is unable to accept election or if any other unforeseen contingencies should arise, proxies will be voted for the remaining nominees and for such other person as may be designated by Pediatrix's Board of Directors, unless the proxies provide otherwise.

If a quorum is present and voting at the annual meeting, the eight nominees receiving the highest number of votes FOR election will be elected to the Board of Directors of Pediatrix. Proxies will be voted FOR all such nominees absent contrary instructions.

Pediatrix's Board of Directors Recommends a Vote For the Election of Each of the Eight Nominees For Director.

GOVERNANCE AND RELATED MATTERS

Our business, property and affairs are managed under the direction of our Board of Directors, except with respect to those matters reserved for our shareholders. Our Board of Directors establishes our overall corporate policies, reviews the performance of our senior management in executing our business strategy and managing our day-to-day operations and acts as an advisor to our senior management. Our Board's mission is to further the long-term interests of our shareholders. Members of the Board of Directors are kept informed of Pediatrix's business through discussions with Pediatrix's management, primarily at meetings of the Board of Directors and its committees, and through reports and analyses presented to them. Significant communications between our Directors and senior management occur apart from such meetings.

Questions and Answers About Our Corporate Governance Practices

What Committees Has Our Board of Directors Established?

The standing committees of Pediatrix's Board of Directors are the Executive Committee, the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Copies of the charters for the latter three committees are attached to this Proxy Statement and you may also find copies of these committee charters, as well as our corporate governance principles, on our website at www.pediatrix.com. A copy of our committee charters and corporate governance principles are also available upon request from Pediatrix's Secretary at 1301 Concord Terrace, Sunrise, FL 33323.

Our Internet Website and the Information Contained Therein, Other Than Material Expressly Referred to in This Proxy Statement, or Connected Thereto Are Not Incorporated into This Proxy Statement.

How Many Times Did Our Board of Directors Meet During 2004?

During 2004, Pediatrix's Board of Directors held ten meetings and took various actions by unanimous written consent. Committees of the Board held a total of twenty meetings and also took action by unanimous written consent. Each incumbent Director attended at least 75% of the total number of meetings of Pediatrix's Board of Directors and its committees held during 2004 during the period he was a member thereof. Although Pediatrix has no formal policy with respect to its Directors' attendance at Pediatrix annual shareholders' meetings, in 2004 all of our incumbent Directors attended the annual shareholders' meeting.

Are a Majority of Our Directors Independent?

Our Board of Directors has recently reviewed information about each of our non-employee Directors and determined that we have a majority of independent Directors on our Board. In determining that Mr. Alvarez is independent in accordance with the Securities and Exchange Commission's and the New York Stock Exchange's corporate governance rules, the Board of Directors concluded that Mr. Alvarez's employment as the President and Chief Executive Officer of Greenberg Traurig, P.A., which serves as one of Pediatrix's outside counsels and receives customary fees for legal services, does not interfere with his exercise of

Table of Contents

independent judgment as a Director of Pediatrix. In making this determination, the Board considered, among other things, the fact that the fees paid to Greenberg Traurig, P.A. represent significantly less than one percent of that firm's revenue and that Mr. Alvarez's compensation at the firm is not based in any way on fees paid by Pediatrix.

Who Is the Presiding Director ?

Following each annual meeting of the shareholders, Pediatrix's Board of Directors designates a non-management Director as Presiding Director or, alternatively, as Chairman of the Board. Following our 2004 annual meeting of the shareholders, our Board of Directors appointed Mr. Alvarez to serve as Chairman of the Board.

How Can Shareholders Communicate With the Board of Directors?

Anyone who has a concern about Pediatrix's conduct, including accounting, internal accounting controls or audit matters, may communicate directly with our Chairman of the Board of Directors (or Presiding Director), our non-management Directors or the Audit Committee. Such communications may be confidential or anonymous, and may be e-mailed, submitted in writing or reported by phone to special addresses and a toll-free phone number that are published on our website at www.pediatrix.com. All such concerns will be forwarded to the appropriate Directors for their review, and will be simultaneously reviewed and addressed by Pediatrix's General Counsel or Chief Compliance Officer in the same way that other concerns are addressed by us. Pediatrix's Code of Conduct, which is discussed below, prohibits any employee from retaliating or taking any adverse action against anyone for raising or helping to resolve an integrity concern.

Has Pediatrix Adopted a Code of Conduct?

Pediatrix has adopted a Code of Conduct that applies to all Directors, officers, employees and independent contractors of Pediatrix. The text of the Code of Conduct is available at, and Pediatrix intends to disclose any amendments to, or waivers from, any provision of the Code that applies to any of Pediatrix's executive officers or Directors by posting such information on, our website at www.pediatrix.com.

Pediatrix has also adopted a Code of Professional Conduct - Finance that applies to all employees with access to, and responsibility for, matters of finance and financial management, including Pediatrix's Chief Executive Officer and Chief Financial Officer. The text of the Code of Professional Conduct - Finance is available at, and Pediatrix intends to disclose any amendments to, or waivers from, any provision of the Code that applies to any of Pediatrix's Chief Executive Officer, Chief Financial Officer, principal accounting officer or controller or persons performing similar functions by posting such information on, our website at www.pediatrix.com.

Report of the Audit Committee

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of Pediatrix's filings under the Securities Act of 1933, as amended (the Securities Act), or the Securities Exchange Act of 1934, as amended (the Exchange Act), except to the extent that we specifically incorporate such report by reference.

We act under a written charter that has been adopted by Pediatrix's Board of Directors. While we have the responsibilities set forth in this charter, it is not our duty to plan or conduct audits or to determine that Pediatrix's financial statements are complete, accurate or in compliance with generally accepted accounting principles. This is the responsibility of Pediatrix's management and independent auditors.

Our primary function is to assist the Board of Directors in their evaluation and oversight of the integrity of Pediatrix's financial statements, the qualifications and independence of Pediatrix's independent auditors and the performance of Pediatrix's audit functions. In addition, while we are also responsible for assisting the Board of Directors in their evaluation and oversight of Pediatrix's compliance with applicable laws and

Table of Contents

regulations, it is not our duty to assure compliance with such laws and regulations or Pediatrix's Compliance Plan and related policies.

We also oversee Pediatrix's auditing, accounting and financial reporting processes generally. Management is responsible for Pediatrix's financial statements and the financial reporting process, including the system of internal controls. We also review the preparation by management of Pediatrix's quarterly and annual financial statements. Pediatrix's independent auditors, who are accountable to us, are responsible for expressing an opinion as to whether the consolidated financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of Pediatrix in conformity with generally accepted accounting principles in the United States. We are responsible for retaining Pediatrix's independent auditors, and maintain sole responsibility for their compensation, oversight and termination. We also are responsible for pre-approving all non-audit services to be provided by the independent auditors, and on an annual basis discussing with the independent auditors all significant relationships they have with Pediatrix to determine their independence.

In fulfilling our oversight role, we met and held discussions with Pediatrix's management and independent auditors. Management advised us that Pediatrix's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and we reviewed and discussed the consolidated financial statements, the Management's Discussion and Analysis of Financial Condition and Results of Operations sections of Pediatrix's periodic reports, key accounting and reporting issues and the scope, adequacy and assessments of Pediatrix's internal controls and disclosure controls and procedures with management and Pediatrix's independent auditors. We discussed privately with the independent auditors matters deemed significant by the independent auditors, including those matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication with Audit Committees)*, as amended.

The independent auditors also provided us with the written disclosures and the letter required by *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*, and we discussed with the independent auditors matters relating to their independence and considered whether their provision of non-audit services is compatible with maintaining their independence.

Based on our review with management and the independent auditors of Pediatrix's audited consolidated financial statements and the independent auditors' report on such financial statements, and based on the discussions and written disclosures described above and our business judgment, we recommended to the Board of Directors that the audited consolidated financial statements be included in Pediatrix's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

Submitted by the Audit Committee of the Board of Directors.

Gabos and Mullen qualify as audit committee financial experts as defined by the rules and regulations of the Securities and Exchange Commission and that each of Messrs. Gabos, Mullen and Sosa meet the independence requirements under such rules and regulations and for a New York Stock Exchange listed company.

Pediatrix's Board of Directors has adopted a written charter for the Audit Committee setting out the functions that it is to perform and has recently amended the charter. A copy of the Amended and Restated Audit Committee Charter is attached hereto as Appendix A to this proxy statement.

Please refer to the Audit Committee Report, which is set forth on page 5, for a further description of our Audit Committee's responsibilities and its recommendation with respect to our audited consolidated financial statements for the year ended December 31, 2004.

Carlo and Freeman and Mr. Fernandez meet the independence requirements for a New York Stock Exchange listed company.

Pediatrix's Board of Directors has adopted a written charter for the Compensation Committee setting out the functions that it is to perform and has recently amended the charter. A copy of the Amended and Restated Compensation Committee Charter is attached hereto as Appendix B to this proxy statement.

Please refer to the Compensation Committee Report, which is set forth on page 14, for a further description of our Compensation Committee's responsibilities and its compensation philosophy and a description of considerations underlying each component of compensation paid to Pediatrix's executive officers for 2004.

Nominating and Corporate Governance Committee

Pediatrix's Nominating and Corporate Governance Committee held four meetings in 2004. Dr. Freeman and Mr. Fernandez were members of the committee throughout 2004. In May 2004, when Mr. Alvarez's annual term on the committee ended, Mr. Sosa was elected to the committee. Mr. Alvarez acted as chair of the committee until he was succeeded as chair by Dr. Freeman in May 2004. Pediatrix's Board of Directors has determined that each of Messrs. Fernandez and Sosa and Dr. Freeman meet the independence requirements for a New York Stock Exchange listed company.

Pediatrix's Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee setting out the functions that it is to perform and has recently amended the charter. A copy of the Amended and Restated Nominating and Corporate Governance Committee Charter is attached hereto as Appendix C to this proxy statement.

The Nominating and Corporate Governance Committee assists the Board of Directors by nominating new Directors and committee members and taking a leadership role in shaping the corporate governance of Pediatrix. To fulfill its responsibilities and duties, the committee, among other things, reviews the qualifications and independence of existing Directors and new candidates; assesses the contributions of current Directors; identifies and recommends individuals qualified to be appointed to committees of the Board; considers rotation of committee members; reviews the charters of the committees and makes recommendations to the full Board of Directors with respect thereto; develops and recommends to the Board of Directors corporate governance principles, including a code of business conduct; and evaluates and recommends succession plans for Pediatrix's chief executive officer and other senior executives.

Table of Contents

Although the Nominating and Corporate Governance Committee does not solicit director nominations, the committee will consider candidates suggested by shareholders in written submissions to Pediatrix's Secretary in accordance with the procedures described below in the section entitled Information Concerning Shareholder Proposals. In evaluating nominees for Director, the committee does not differentiate between nominees recommended by shareholders and others. In identifying and evaluating candidates to be nominated for Director, the committee reviews the desired experience, mix of skills and other qualities required for appropriate Board composition, taking into account the current Board members and the specific needs of Pediatrix and its Board. This process is designed so that the Board of Directors includes members with diverse backgrounds, skills and experience, and represents appropriate financial, clinical and other expertise relevant to the business of Pediatrix. At a minimum, Director candidates must meet the following qualifications: high personal and professional ethics, integrity and values and a commitment to the representation of the long-term interests of our shareholders. Although the committee's charter permits the committee to engage a search firm to identify Director candidates, Pediatrix did not pay any third parties a fee to assist in the process of identifying or evaluating Director candidates in 2004.

Certain Relationships and Related Transactions

The following is a summary of certain agreements and transactions among related parties and us. It is our policy that any such agreements and transactions must be entered into in good faith and on fair and reasonable terms that are no less favorable to us than those that would be available to us in a comparable transaction in arms-length dealings with an unrelated third party. We believe that all agreements and transactions described below met that standard at the time they were effected.

In March 1997, Mr. Alvarez was appointed to Pediatrix's Board of Directors. Mr. Alvarez is the President and Chief Executive Officer of Greenberg Traurig, P.A., which serves as one of Pediatrix's outside counsels and receives customary fees for legal services. In 2004, Pediatrix paid Greenberg Traurig, P.A. \$578,466 for such services and currently anticipates that this relationship will continue.

Geraldine Calabro, the wife of Mr. Calabro, Pediatrix's President and Chief Operating Officer, is employed by Pediatrix as its Director of Facilities. As Director of Facilities, Mrs. Calabro is responsible for the procurement and administration of Pediatrix's corporate, regional and physician group facilities. In 2004, Pediatrix paid Mrs. Calabro \$68,742 in salary and bonus, granted her options to purchase 5,000 shares of Pediatrix common stock at an exercise price equal to the closing price on the date of grant with a three year vesting period and provided her certain health and other benefits customarily provided to other similarly situated Pediatrix employees.

Deborah Medel-Guerrero, the daughter of Dr. Medel, Pediatrix's Chief Executive Officer, is employed by Pediatrix as its Director of Practice Integration and is responsible for matters relating to the integration of newly acquired physician practice groups into the operations of Pediatrix. In 2004, Pediatrix paid Ms. Medel-Guerrero \$65,822 in salary and bonus, granted her options to purchase 2,500 shares of Pediatrix common stock at an exercise price equal to the closing price on the date of grant with a three year vesting period and provided her certain health and other benefits customarily provided to similarly situated Pediatrix employees.

Virginia Turnier, M.D., the wife of Dr. Medel, Pediatrix's Chief Executive Officer, was our Regional Vice President of Medical Operations until September 30, 1999, and continues to provide certain professional and administrative services to Pediatrix as an employee and as an officer and director for certain of our affiliated professional corporations. As compensation for her continuing services, Dr. Turnier's options to purchase shares of Pediatrix common stock, which she received when she served as our Regional Vice President of Medical Operations, remain exercisable in accordance with their terms.

DIRECTOR COMPENSATION

In 2004, each non-employee Director and Director who is not associated with any of Pediatrix's principal shareholders received the following: (i) an annual retainer fee of \$50,000, payable quarterly, (ii) an annual fee of \$7,500 for attendance at meetings, payable quarterly, (iii) an additional retainer fee of \$50,000, payable

quarterly, for the Chairman of the Board, (iv) an additional retainer of \$20,000, payable quarterly, for the chair of the Audit Committee, and (v) an additional retainer of \$10,000 per committee, payable quarterly, for the chair of any committee of the Board other than the Audit Committee. In addition, it is Pediatrix's policy to award annually (on the date of each annual shareholders' meeting) each non-employee Director immediately vested and exercisable options to purchase 4,000 shares of Pediatrix common stock at an exercise price equal to the market price on the date of grant.

It has also been and continues to be Pediatrix's policy to award each non-employee Director upon his or her initial appointment to the Board of Directors an option to purchase 10,000 shares of Pediatrix common stock effective on the date of such non-employee Director's appointment, at an exercise price equal to the market price on the date of the grant with a three year vesting period. We grant stock options to purchase Pediatrix common stock to our Directors because we believe that it helps foster a long-term perspective and aligns our Directors' interests with that of our shareholders. Pediatrix also reimburses all of its Directors for out-of-pocket expenses incurred in connection with the rendering of services as a Director.

See Executive Compensation Employment and Other Agreements for information regarding Dr. Medel's compensation as Chief Executive Officer of Pediatrix.

Table of Contents**Stock Option Grants**

The following table sets forth certain information concerning grants of stock options made during 2004 to Pediatrix's executive officers.

Name	Individual Option Grants in 2004				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation For Option Term(1)	
	Number of Options Granted	% of Total Options Granted to Employees in Fiscal 2004	Exercise Price Per Share(2)	Expiration Date	5%	10%
Roger J. Medel, M.D.	100,000	10.87%	\$ 61.97	5/20/2014	\$ 3,897,260	\$ 9,876,422

Thomas W. Hawkins	50,000	5.43%	\$ 61.97	5/20/2014	\$ 1,948,630	\$ 4,938,211

(1) Potential realizable value is based on the assumption that the common stock price appreciates at the annual rate shown, compounded annually, from the date of grant until the end of the option term. The amounts have been calculated based on the requirements promulgated by the Securities and Exchange Commission. The actual value, if any, a named executive officer may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised, if the executive were to sell the shares on the date of exercise. Therefore, there is no assurance that the value realized will be equal to or near the potential realizable value as calculated in this table.

(2) All options were granted at exercise prices equal to the fair market value of Pediatrix's common stock on the date of grant.

Stock Option Exercises and Year-End Option Value Table

The following table sets forth certain information concerning option exercises in 2004, the number of stock options held by Pediatrix's executive officers as of December 31, 2004 and the value (based on the fair market value of a share of stock at fiscal year-end) of in-the-money options outstanding as of such date.

Name	Number of Shares Acquired on Exercise/Value Realized		Number of Securities Underlying Unexercised Options at December 31, 2004		Value of Unexercised In-the-Money Options at December 31, 2004(1)

- (1) The closing sale price for Pediatrix's common stock as reported on the New York Stock Exchange on December 31, 2004 was \$64.05. Table of Contents**Employment and Other Agreements**

On November 11, 2004, Pediatrix entered into employment agreements with Roger J. Medel M.D., the Company's Chief Executive Officer, Joseph M. Calabro, the Company's President and Chief Operating Officer, Karl B. Wagner, the Company's Chief Financial Officer and Treasurer, and Thomas W. Hawkins, the Company's Senior Vice President, General Counsel and Secretary. The employment agreements for Messrs. Calabro, Hawkins and Wagner each have a one year term, and Dr. Medel's employment agreement has a five year term. Each employment agreement is subject in all cases to automatic renewals for successive one year terms. Pursuant to their employment agreements, Dr. Medel and Messrs. Calabro, Wagner and Hawkins will receive annual base salaries of \$675,000, \$450,000, \$375,000 and \$350,000, respectively, subject to annual review by the Compensation Committee of the Board of Directors, and each is eligible to receive an annual performance bonus in accordance with Compensation Committee approved incentive programs, with a targeted bonus payment of at least 100% of his respective base salary upon the fulfillment of reasonable performance objectives set by the Compensation Committee. Under their respective employment agreements, Dr. Medel and Mr. Calabro are provided with the use of Pediatrix's corporate aircraft for personal matters when the aircraft is not being used or needed for business-related matters. The number of hours for such use is limited unless approved in advance by the Compensation Committee.

Depending upon the basis for termination, each employment agreement provides for severance payments of up to 12 months base salary plus, in certain cases, a Pro Rata Bonus (as defined below) and the continuation of specified fringe benefits. However, if an individual is terminated by the Company without cause or if he terminates his employment with Good Reason (as defined in each employment agreement), he would be entitled to receive (1) a continuation of his base salary for 24 months, (2) the payment on the first and second anniversaries of his termination (or a lump sum payment if terminated in connection with a Change in Control as defined in the employment agreements) of an amount equal to the lesser of (x) his Average Annual Performance Bonus (as defined in each Employment Agreement) and (y) his bonus for the year immediately preceding his termination and (3) with respect to the fiscal year in which termination occurs, a pro rata portion of the bonus that the individual would have received had he not been terminated (such portion, the Pro Rata Bonus). Also, certain fringe benefits must be continued for specified periods.

Furthermore, upon a Change in Control, all unvested stock options, restricted stock and other incentive awards will automatically vest and, in the case of stock options, become immediately exercisable. Pediatrix is also required to increase or gross up any amounts payable to a terminated individual if such amount is subject to certain excise taxes under the Internal Revenue Code applicable in connection with a change in control.

Each of the employment agreements provides for customary protections of Pediatrix's confidential information and intellectual property and that each individual shall not, during his employment term and following his termination for a period of 12 to 30 months (depending on the basis for termination), compete with Pediatrix, hire away from or solicit to leave Pediatrix its employees and independent contractors, or interfere in Pediatrix's relationships with its hospitals, other healthcare facilities, vendors, clients and other third parties.

Report of the Compensation Committee on Executive Compensation

The following report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of Pediatrix's other filings under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate such report by reference.

Compensation Philosophy. Pediatrix's executive compensation program primarily consists of the following elements:

an annual base salary;

an annual performance-based bonus; and

periodic awards of equity compensation.

Our general philosophy with respect to the compensation of Pediatrix's executive officers is to offer competitive compensation programs designed to attract, motivate, reward and retain highly-skilled executives critical to the long-term success of Pediatrix and to recognize an individual's contribution and personal performance.

We believe that this approach serves Pediatrix's shareholders' best interests by tying a significant portion of Pediatrix's executive compensation to the achievement of predetermined objectives that are aligned with Pediatrix's corporate goals and its financial performance.

In establishing the executive compensation program, we take into account the financial performance of Pediatrix and compensation trends for comparable companies, and gauge achievement of corporate financial and individual financial and non-financial objectives. In early 2004, we retained an independent consulting firm to provide advice to the committee regarding executive compensation. Based upon the advice of that consulting firm, in March 2004, we approved increased salaries for Pediatrix's executive officers, subject to the execution of new employment agreements with such executive officers, and approved performance-based bonus opportunities under the 2004 Incentive Compensation Plan based upon the attainment of certain predetermined financial targets as further explained in this Report and the Employment and Other Agreements section above. Performance bonus opportunities are structured to reinforce the achievement of both short and long-term Pediatrix objectives. Pediatrix uses equity compensation to foster a long-term perspective aligned with that of its shareholders. We have reviewed all components of Pediatrix's executive officers' compensation, including salary, bonus, equity awards, the dollar value of all perquisites and other potential personal benefits and the projected payout obligations in the case of severance and change-in-control scenarios, and have determined that the executive compensation packages have been fixed at levels that we believe are competitive to retain and motivate key executives and, in the aggregate are reasonable and not excessive.

We consider the anticipated tax treatment of various payments and benefits when determining executive compensation and administer the executive compensation program in a manner that maximizes the tax deductibility of compensation paid to Pediatrix's executives to the extent possible. Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), limits the tax deduction to \$1 million for compensation paid to Pediatrix's five most highly compensated executive officers, unless certain requirements are met. In order to comply with Section 162(m), the Amended and Restated Stock Option Plan and the 2004 Incentive Compensation Plan limit the number of shares underlying options awardable during the terms of these plans to any plan participant, are administered by us, a Board committee consisting of only outside directors (as defined in Section 162(m)) and provide for awards based on performance criteria that should qualify such awards as performance based compensation not subject to the limit on tax deductibility by Pediatrix under Section 162(m). While the tax impact of any compensation is one factor to consider, we believe that Pediatrix's priority is to attract and retain highly skilled executives to manage the Company and, in some cases, the loss of a tax deduction may be necessary to accomplish that goal.

The following is a summary of the considerations underlying each component of compensation paid to Pediatrix's executive officers for 2004.

Table of Contents

Base Salary. We review and recommend to the Board of Directors the base salaries for executive officers, taking into account plan designs approved by the Board of Directors and financial results reviewed by the Audit Committee. The base salaries of Pediatrix's executive officers have been fixed at levels that we believe are competitive to retain and motivate highly skilled executives. Based on the advice of an independent consulting firm, we generally increased executive salaries in 2004, including those of Messrs. Calabro, Wagner and Hawkins as set forth in the Annual Compensation Table above.

Performance Bonus. We set performance goals for performance-based compensation to executive officers, review performance goals and executive officer performance, determine whether performance goals and any other material terms were met, and make recommendations to the Board of Directors with respect to performance-based compensation for executive officers. On March 27, 2004, we adopted specific performance criteria for the determination of 2004 performance bonuses for Messrs. Calabro, Wagner and Hawkins. Pursuant to these criteria, Messrs. Calabro, Wagner and Hawkins were eligible to receive performance bonuses in an amount equal to a varying percentage of their base salaries based on the percentage increase of Pediatrix's 2004 income from operations over its 2003 income from operations.

Since we determined that each of Messrs. Calabro, Hawkins and Wagner met all of their individual performance objectives, we recommended that the Board award each a performance bonus equal to the maximum percentage of his base salary to which he was entitled based on the percentage increase of Pediatrix's 2004 income from operations over 2003 income from operations. In addition, due to a number of factors, including our analysis of the impact of the shift of Pediatrix's payor mix that occurred in the third quarter of 2004 and the accomplishments of management despite this shift, we also recommended that each executive officer be granted an additional performance bonus. Together, the aggregate of the performance bonus based on Pediatrix's 2004 increase in income from operations and the additional performance bonus awarded to each executive officer amounted to significantly less than the targeted 100% of such executive officer's base salary. See the Annual Compensation Table above for the aggregate bonus amounts awarded to each executive officer.

Equity Compensation. We supervise the administration of Pediatrix's Amended and Restated Stock Option Plan and 2004 Incentive Compensation Plan and recommend and approve equity compensation awards to Pediatrix's executives. We believe that awarding equity compensation awards to our executive officers will foster a long-term perspective and align our executive officers' interests with that of our shareholders. In May 2004, Messrs. Calabro, Hawkins and Wagner were granted options to acquire 75,000, 50,000 and 56,250 shares of Pediatrix common stock, respectively, at an exercise price equal to the closing price on the date of grant which vest in three equal installments on November 20, 2004, 2005, and 2006.

2004 Compensation for the Chief Executive Officer. We review and approve Pediatrix's goals and objectives relevant to our Chief Executive Officer's compensation, evaluate the Chief Executive Officer's performance in light of Pediatrix's goals and objectives, and set the Chief Executive Officer's compensation level based on this evaluation.

Based on the advice of an independent consulting firm, we increased Dr. Medel's base salary in 2004 to \$675,000. Dr. Medel was also awarded a performance bonus of \$371,250. The amount of Dr. Medel's performance bonus, which we recommended that the Board award, was based on the percentage increase of Pediatrix's 2004 income from operations over its 2003 income from operations. In addition, due to a number of factors, including our analysis of the impact of the shift of Pediatrix's payor mix that occurred in the third quarter of 2004 and Dr. Medel's accomplishments despite this shift, we also recommended that Dr. Medel be granted an additional performance bonus of \$151,875. Together, the aggregate of the performance bonus based on Pediatrix's 2004 increase in income from operations and the additional performance bonus awarded to Dr. Medel amounted to significantly less than the targeted 100% of his base salary. Dr. Medel also received options to acquire 100,000 shares of Pediatrix common stock at an exercise price equal to the closing price on the date of grant which vest in three equal installments on November 20, 2004, 2005, and 2006.

Submitted by the Compensation Committee of the Board of Directors.
