PROXY STATEMENT

The Board of Directors (the **Board**) of Bright Horizons Family Solutions, Inc. (the **Company**) is soliciting proxies to be used at the 2005 annual meeting. This proxy statement and the enclosed proxy will be mailed to stockholders on or about April 22, 2005.

ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the proposals outlined in the accompanying notice of meeting. In addition, our management will report on our performance during fiscal 2004 and respond to questions from stockholders.

Who is entitled to vote at the annual meeting?

Only stockholders of record at the close of business on the record date, April 1, 2005, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the annual meeting, or any postponement or adjournment of the annual meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

What constitutes a quorum?

The presence at the annual meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the annual meeting to conduct its business. As of March 28, 2005, 27,016,044 shares of our common stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the annual meeting.

How do I vote?

If you complete and properly sign the accompanying proxy card and return the card to us, it will be voted as you direct. If you are a registered stockholder and attend the annual meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the annual meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. You can revoke your proxy at any time before it is exercised in any of three ways:

by submitting written notice of revocation to the Secretary;

by submitting another proxy that is later dated and properly signed; or

by voting in person at the annual meeting.

Table of Contents

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxies on the proxy card will vote in accordance with the recommendations of the Board. The Board recommends a vote *for* election of each of the nominated directors.

With respect to any other proposal that properly comes before the annual meeting, the proxies will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast by the stockholders entitled to vote at the annual meeting is required for the election of directors. A properly executed proxy indicating that authority is WITHHELD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Therefore, so long as a quorum is present, withholding authority will have no effect on whether one or more directors are elected.

Other Proposals. Any other proposal that properly comes before the annual meeting will be approved if a majority of the shares present or represented and voting on the proposal vote in favor of the proposal, except where a different vote is required by express provision of law. A properly executed proxy marked ABSTAIN with respect to any such proposal will not be voted, although it will be counted for the purpose of determining whether there is a quorum. Accordingly, an abstention will not have an effect on the outcome of the proposal. The Board knows of no other matters that are to be brought to a vote at the annual meeting. If any other matter does come before the annual meeting, the persons appointed in the proxy or their substitutes will vote in accordance with their best judgment on such matters.

How do I vote my shares if they are held in the name of my broker (street name)?

If your shares are held by your broker, often referred to as in street name, you should receive a form from your broker seeking instruction as to how your shares should be voted. If you do not issue instructions to your broker, your broker may vote your shares at its discretion on your behalf. However, if you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

CORPORATE GOVERNANCE

We believe that good corporate governance is important to ensure that the Company is managed for the long-term benefit of its stockholders. The Company has Corporate Governance Guidelines and charters for its Audit Committee, Compensation Committee and Nominating and Governance Committee. You can access our Corporate Governance Guidelines and current committee charters on our website www.brighthorizons.com in the Investor Relations section.

Which of the Company's directors are considered independent?

The Board has determined that each of the following directors and nominees for directors is an independent director within the meaning of the Nasdaq listing standards: Joshua Bekenstein, JoAnne Brandes, E. Townes Duncan, Fred K. Foulkes, David Gergen, Sara Lawrence-Lightfoot, Ian M. Rolland and Marguerite Sallee.

How does the Board select nominees for the Board?

The Nominating and Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. Each potential director nominee is evaluated on the same basis regardless of whether he or she is recommended by management, by a director or by a stockholder. A stockholder who wishes to recommend a prospective nominee for the Board should notify the Company's Secretary in writing with whatever supporting material the stockholder considers appropriate pursuant to the provisions of our bylaws relating to stockholder proposals as described in Additional Information Stockholder Proposals for the 2006 Annual Meeting below.

Once the Nominating and Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Committee. The Committee then evaluates the prospective nominee against the standards and qualifications set out in our Corporate Governance Guidelines, including (1) general understanding of marketing, finance, and other elements relevant to the success of a publicly-traded company in today's business environment, (2) understanding of our business, and (3) diversity, skills, and educational and professional background.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

Does the Company have a Code of Ethics?

The Company has a Code of Ethics applicable to the Company's officers, including the Chief Executive Officer and Chief Financial Officer. The Company also has a Code of Conduct and Business Ethics (the Code of Conduct) applicable to the Company's employees (including officers) and to members of the Company's Board of Directors. The Code of Ethics and the Code of Conduct are available on our website www.brighthorizons.com in the Investor Relations section.

Directors may at any time review a log of all correspondence we receive that is addressed to members of the Board and request copies of any such correspondence. Do directors attend the annual meeting of stockholders?

We encourage each member of the Board to attend the annual meeting of stockholders. In order to encourage director attendance at the annual meeting of stockholders, a meeting of the Board is generally held immediately following the annual meeting of stockholders each year. All of our directors attended the 2004 annual meeting of stockholders, except JoAnne Brandes.

How are directors compensated?

Base Compensation. Each non-employee director receives \$2,500 for each regularly scheduled Board meeting attended in person or \$1,000 for each regularly scheduled Board meeting attended by conference call, and \$500 for each specially scheduled meeting attended in person or by conference call. Each non-employee director that is a member of the Compensation Committee or Nominating and Governance Committee also receives \$500 for each committee meeting attended. Each member of the Audit Committee also receives \$10,000 annually for serving on the committee. Additionally, the chairman of the Audit Committee receives a fee of \$2,500 annually. Directors who are also our employees receive no additional compensation for service as directors.

Options. On the date of each annual meeting of stockholders, each non-employee director will be granted an option to purchase 2,000 shares of our common stock, so long as he or she has missed no more than one of the regular meetings of the Board in the previous year. The exercise price of the options will be the closing market price of our common stock on the date of grant. The options shall vest in their entirety on the third anniversary date of the initial grant, so long as the non-employee director continues to serve as one of our directors as of the third anniversary date.

How often did the Board meet during 2004?

During 2004, the Board met four times. Each director attended more than 75% of the total number of meetings of the Board and committees on which he or she served, except David Gergen who attended two of the three meetings held since joining the Board in May 2004.

What committees has the Board established?

The Board has standing Audit, Compensation and Nominating and Governance Committees. The Board has determined that each member of our Audit Committee, Compensation Committee and Nominating and Governance Committee is an independent director within the meaning of the Nasdaq listing standards.

Audit Committee. The Audit Committee is responsible for making recommendations to the Board concerning our financial statements and the appointment of our independent auditor, reviewing significant audit and accounting policies and practices, meeting with our independent auditor concerning, among other things, the scope of audits and reports, and reviewing the performance of our overall accounting and financial controls. The members of the Audit Committee are Ian M. Rolland (chair), JoAnne Brandes and E. Townes Duncan. The Board has determined that Mr. Rolland and Mr. Duncan are qualified as audit committee financial experts within the meaning of SEC regulations and Nasdaq listing standards. The Audit Committee met sixteen times in 2004.

Table of Contents

The members of the Nominating and Governance Committee are Dr. Sara Lawrence-Lightfoot (chair) and Fred K. Foulkes. The Nominating and Governance Committee met two times in 2004.

Certain Relationships and Related Transactions What related party transactions involved directors?

We have an agreement with S.C. Johnson & Son, Inc. to operate and manage an early care and education center for its employees. During 2004, we received management fees and operating subsidies of \$327,000 from S.C. Johnson & Son, Inc. JoAnne Brandes, a member of our Board of Directors, is Executive Vice President, Chief Administrative Officer and General Counsel for JohnsonDiversey, Inc., an affiliate of S.C. Johnson & Son, Inc.

Report of the Audit Committee

The Audit Committee of the Board is comprised of three non-employee directors who are independent directors as defined under applicable Nasdaq listing standards and applicable SEC Regulations. The Audit Committee operates under a written charter, which is available on our website www.brighthorizons.com in the Investor Relations section.

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee (i) the integrity of the financial statements of the Company, (ii) the Company's compliance with legal and regulatory requirements, (iii) the outside auditor's qualifications and independence, and (iv) the performance of the Company's independent outside auditor. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent auditor. The independent auditor reports directly to the Audit Committee. Management has the primary responsibility for the financial statements and the reporting process, including assessing the effectiveness of the Company's internal control over financial reporting. The Company's independent auditor is responsible for planning and carrying out proper annual audits and quarterly reviews of the Company's financial statements. The independent auditor expresses opinions on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States, management's assessment of the effectiveness of the Company's internal control over financial reporting, and the effectiveness of the Company's internal control over financial reporting.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditor. The Audit Committee has discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). In addition, the Audit Committee has received from the independent auditor the written disclosures and the letter required by the Public Company Accounting Oversight Board and Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee has considered whether the independent auditor's provision of non-audit

services to the Company is compatible with the auditor's independence.

The Audit Committee discussed with the Company's independent auditor the overall scope and plans for their respective audits. The Audit Committee meets with the external auditor, with and without management present, to discuss the results of their examinations, the audit of the effectiveness of the Company's internal control over financial reporting, management's progress in assessing the effectiveness of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting.

PROPOSAL 1 ELECTION OF DIRECTORS

Directors Standing for Election

The Board is divided into three classes (Class I, Class II and Class III). At each annual meeting of stockholders, directors constituting one class are elected for a three-year term. Our Certificate of Incorporation provides that each class shall consist, as nearly as possible, of one-third of the total number of directors constituting the entire Board. The Company recently increased the number of directors from eleven to thirteen. Marguerite W. Sallee was elected by the Board in December 2004 to fill one of the vacancies on the Board. The Nominating and Governance Committee has not yet identified a candidate to fill the remaining vacancy created by this increase. As such, the Board intends to leave one board position vacant, to be filled at a later date. The proxies cannot be voted for a greater number of persons than the number of nominees named. The Board has nominated and recommends to the stockholders Joshua Bekenstein, JoAnne Brandes, Roger H. Brown and Marguerite W. Sallee, each of whom is an incumbent Class I director, for election as Class I directors to serve until the 2008 annual meeting of stockholders and until such time as their respective successors are duly elected and qualified.

If any of the nominees should become unable to accept election, the persons named as proxies on the proxy card may vote for such other person or persons as may be designated by the Board. Compensation Committee Interlocks and Insider Participation

During fiscal 2004, the Compensation Committee of the Board was composed of E. Townes Duncan, Joshua Bekenstein and Fred K. Foulkes. In addition, there are no relationships among our executive officers, members of the Compensation Committee or entities whose executives serve on the Board or the Compensation Committee that require disclosure under applicable SEC regulations.

Report of the Compensation Committee on Executive Compensation

Decisions concerning the compensation of our executive officers are made by the Compensation Committee of the Board. Each member of the Compensation Committee is a non-employee director. The Compensation Committee has the responsibility for reviewing and approving salaries, bonuses, and other compensation and benefits of executive officers, advising management regarding benefits and other terms and conditions of compensation, and administering our stock incentive plans.

What is the Company's philosophy and what are its policies for executive officer compensation?

The Compensation Committee believes that the primary objectives of the Company's executive compensation policy should be:

to attract and retain talented executives by providing a compensation program that is competitive with the compensation provided to executives at companies of comparable size and position in service businesses, while maintaining compensation within levels that are consistent with the Company's business plan, financial objectives and operating performance;

to provide appropriate incentives for executives to work towards the achievement of the annual performance goals established by the Company; and

to more closely align the interests of its executives with those of stockholders by providing long-term incentive compensation in the form of stock option awards and other equity-based, long-term incentive compensation.

The Compensation Committee believes that the Company's executive compensation policies should be reviewed during the first half of the fiscal year after the financial results of the prior fiscal year become available. The policies should be reviewed in light of their consistency with the Company's financial performance, its operating plan and its position within the child care and education industry, as well as the compensation policies of similar companies in the child care and education business and other service businesses. The compensation of individual executive officers is then reviewed annually by the Compensation Committee in light of its executive compensation policies for that year.

In setting and reviewing compensation for the executive officers, the Compensation Committee considers a number of different factors designed to assure that compensation levels are properly aligned with the Company's business strategy, corporate culture and operating performance. Among the factors considered are the following:

Comparability The Compensation Committee considers the compensation packages of similarly situated executives at companies deemed to be most comparable to the Company. The objective is to maintain competitiveness in the marketplace in order to attract and retain the highest quality executives. This is a principal factor in setting base levels of compensation.

Pay for Performance The Compensation Committee believes that compensation should be in part directly linked to operating performance. To achieve this link with regard to short-term performance, the Compensation Committee has relied on cash bonuses which have been determined on the basis of certain objective and subjective factors after receiving the recommendations of senior management.

Equity Ownership The Compensation Committee believes that an integral part of the executive compensation program at the Company is equity-based compensation plans which encourage and create ownership of the Company's stock by its executives, thereby more closely aligning executives' long-term interests with those of the stockholders. These long-term incentive programs are principally reflected in the Company's stock-based incentive plans. The Compensation Committee believes that significant stock ownership is a major incentive in

building stockholder value and reviews awards of equity-based incentives with that goal in mind.

Table of Contents

Qualitative Factors The Compensation Committee believes that in addition to corporate performance and specific division performance, it is appropriate to consider in setting and reviewing executive compensation the personal contributions that a particular individual may make to the success of the corporate enterprise. Such qualitative factors as leadership skills, planning initiatives, development skills, public affairs and civic involvement have been deemed to be important qualitative factors to take into account in considering levels of compensation.

How was base compensation determined in 2004?

The Compensation Committee subjectively determined base compensation on the basis of discussions with Roger Brown, the Company's Executive Chairman in 2004, a review of the base compensation of executive officers of comparable companies, its experience with the Company and in business generally, and what it viewed to be the appropriate levels of base compensation after taking into consideration the contributions of each executive officer. In addition, the Committee undertook a mid-year review of executive compensation and, with the assistance of an independent outside consulting firm, began a comprehensive review and evaluation of the Company's executive compensation and incentive plan. Based upon the results of the first phase of this review and evaluation, the Committee adjusted the base pay of certain executive officers in October of 2004.

How was base compensation of the Chief Executive Officer determined in 2004?

The Compensation Committee believes that the Chief Executive Officer's compensation is consistent with its general policies and procedures concerning executive compensation and is appropriate in light of the Company's financial objectives and performance. Awards of long-term incentive compensation to the Chief Executive Officer are considered concurrently with awards to other executive officers and following the same general policies as such other long-term incentive awards.

The Compensation Committee subjectively determined base compensation of the Chief Executive Officer on the basis of discussions with Roger H. Brown, the Company's Executive Chairman in 2004, a review of the base compensation of chief executive officers of comparable companies, its experience with the Company and in business generally, and what it viewed to be the appropriate levels of base compensation after taking into consideration the contributions of the Chief Executive Officer. In addition, the Committee undertook a mid-year review of executive compensation and, with the assistance of an independent outside consulting firm, began a comprehensive review and evaluation of the Company's executive compensation and incentive plan. Based upon the results of the first phase of this review and evaluation, the Committee adjusted the base pay of the Chief Executive Officer in October of 2004.

How was incentive compensation determined in 2004?

Annual Incentive Compensation. For 2004, the Compensation Committee reviewed the Company's executive officer performance in terms of achieving pre-tax profitability targets and each executive officer's contribution to the achievement of this objective. Based on its review of the performance goals and on subjective factors taken into consideration, including the Committee's mid-year review of executive compensation, the Compensation Committee approved incentive payments aggregating \$763,600 for 2004, including \$294,000 for Mr. Lissy, the Company's Chief Executive Officer in 2004. No factors in addition to the ones discussed above were considered in setting the incentive compensation of the Chief Executive Officer.

Long-Term Incentive Compensation. The Compensation Committee believes the Company as a part of its regular executive compensation policies should grant awards of long-term, equity-based incentives to executive officers as part of the compensation package that is reviewed annually for each executive officer. In making these awards, the Compensation Committee establishes guidelines at the time of the annual review and takes into account the recommendations of the Chief Executive Officer and the President prior to approving awards of long-term, equity-based incentive compensation to the other executive officers.

During 2004, the Compensation Committee reviewed the amount of stock option and restricted stock holdings by the Company's executive officers and the terms of these holdings. Based on the Compensation Committee's desire to encourage and create ownership of the Company's common stock by its executive officers and to use equity-based incentives as a retention tool, the Compensation Committee determined to grant 38,000 shares of restricted stock to the

Table of Contents

executive officers, including 12,000 shares of restricted stock to Mr. Lissy, the Company's Chief Executive Officer in 2004. The restricted stock granted in 2004 to the executive officers of the Company vest annually over five years in one-fifth increments.

How is the Company addressing Internal Revenue Code limits on deductibility of compensation?

Section 162(m) of the Internal Revenue Code of 1986, enacted as part of the Omnibus Budget Reconciliation Act in 1993, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the Company's Chief Executive Officer and four other most highly compensated executive officers. Compensation paid to these officers in excess of \$1,000,000 that is not performance-based cannot be claimed by the Company as a tax deduction. The Compensation Committee believes it is appropriate to take into account the \$1,000,000 limit on the deductibility of executive compensation and to seek to qualify executive compensation awards as performance-based compensation excluded from the \$1,000,000 limit. Stock options and other equity-based incentives granted under the Company's stock incentive plans qualify as performance-based compensation. None of the executive officers received compensation in 2004 that would exceed the \$1,000,000 limit on deductibility. The Committee has not determined whether it will approve any compensation arrangements that will cause the \$1,000,000 limit to be exceeded in the future.

INDEPENDENT AUDITOR

Audit and Non-Audit Fees

PricewaterhouseCoopers LLP (PwC) was the independent registered public accounting firm for the Company for the year ended December 31, 2004. The following table presents fees for audit, audit-related, tax and other services rendered by PwC for the years ended December 31, 2004 and 2003. PwC has been selected to serve as our independent auditor for the fiscal year ended December 31, 2005. It is anticipated that representatives of PwC will attend the annual meeting to respond to questions and to make such statements as they desire.

- (1) Audit Fees for the years ended December 31, 2004 and 2003 included fees associated with the 2004 integrated audit of the consolidated financial statements and of our internal controls over financial reporting, as well as the audit of the 2003 consolidated financial statements and reviews of all associated quarterly financial statements for both years. The Company has not yet been billed for all services rendered in connection with the 2004 integrated audit; as such, the 2004 fees include approximately \$691,000 in estimated fees which have not yet been billed by PwC.
- (2) Audit Related Fees for the years ended December 31, 2004 and 2003 included consultation fees related to internal controls and employee benefits.

Pre-Approval of Audit and Non-Audit Fees

SEC rules under Section 202 of the Sarbanes-Oxley Act of 2002 require the Audit Committee to pre-approve audit and non-audit services provided by our independent auditor. The Audit Committee has an Audit Committee Pre-Approval Policy which prohibits our independent auditor from performing certain non-audit services and any services that have not been approved by the Audit Committee consistent with the Section 202 rules. The policy establishes procedures to ensure that proposed services are brought before the Audit Committee for consideration and, if determined by the Committee to be consistent with the auditor's independence, approved prior to initiation, and to ensure that the Audit Committee has adequate information to assess the types of services being performed and fee amounts on an ongoing basis. The policy allows delegation of pre-approval responsibility to one or more members of the Committee, within certain financial guidelines, along with a requirement that amounts approved by the members must be presented to the full Committee within three business days.

For the year ended December 31, 2004, all services provided by our independent auditors have been subject to pre-approval by the Audit Committee.

ADDITIONAL INFORMATION

Advance Notice Procedures. Under our bylaws, no business may be brought before an annual meeting unless it is specified in the notice of the meeting or is otherwise brought before the annual meeting by or at the direction of the Board or by a stockholder entitled to vote who has delivered written notice to the Company's Secretary (containing certain information specified in the bylaws about the stockholder and the proposed action) not less than 90 or more than 120 days prior to the first anniversary of the preceding year's annual meeting—that is, with respect to the 2006 annual meeting, between January 24, 2006 and February 23, 2006. In addition, any stockholder who wishes to submit a nomination to the Board must deliver written notice of the nomination within this time period and comply with the information requirements in the bylaws relating to stockholder nominations. See *Corporate Governance* *How does the Board select nominees for the Board?* for additional information about stockholder nominations. These requirements are separate from and in addition to the SEC's requirements that a stockholder must meet in order to have a stockholder proposal included in the Company's proxy statement.

Stockholder Proposals for the 2006 Annual Meeting. Stockholders interested in submitting a proposal for inclusion in the proxy materials for the 2006 annual meeting of stockholders may do so by following the procedures prescribed in SEC Rule 14a-8. Box 9177, Watertown, Massachusetts 02471, we will provide, without charge, copies of our annual report filed with the SEC on Form 10-K.

Householding of Proxy Materials. The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as *householding*, potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers may *household* proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be *householding* materials to your address, *householding* will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in *householding* and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. Requests in this regard should be addressed to Bright Horizons Family Solutions, Inc., Attention: Secretary, 200 Talcott Avenue South, P.O.
