To the Participants and Administrator of the  
Pediatrix Medical Group  
Thrift and Profit Sharing Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Pediatrix Medical Group Thrift and Profit Sharing Plan as amended and restated (the Plan ) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Thrift and Profit Sharing Plan**

**Notes to Financial Statements  
December 31, 2004 and 2003**

**1. Description of Plan**

Pediatrix Medical Group, Inc. (the Company) sponsors the Pediatrix Medical Group Thrift and Profit Sharing Plan as amended and restated (the Plan) which was adopted on January 1, 1991 and restated as amended in November 2002.

The following description of the Plan is provided for general information purposes only. More complete information regarding items such as vesting, benefit provisions and plan termination may be found in the Plan document which is available to all participants upon request.

**General**

The Plan is a tax qualified defined contribution plan covering substantially all of the Company's eligible employees and the employees of the professional associations whose operations are consolidated with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Eligibility and Entry Data**

An employee becomes eligible to participate in the Plan on the first day of each calendar quarter after having attained age 21.

**Contributions**

The Company may, at the discretion of its Board of Directors, contribute for each participant a matching contribution determined annually based on a percentage of the participant's pre-tax contributions. In addition, the Company may also make discretionary profit sharing contributions to the Plan at amounts determined at the end of the Plan year by the Board of Directors.

Effective April 1, 2002, participants may elect to make voluntary pre-tax contributions up to 60 percent of annual compensation including regular salary and wages, overtime pay, bonuses and commissions through payroll deductions. Previously, participants had the option to make voluntary pre-tax contributions, not to exceed 20 percent of their eligible compensation. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Contributions are subject to certain limitations. The maximum pre-tax contributions for the years ended December 31, 2004 and 2003 were \$13,000 and \$12,000, respectively. In addition to any pre-tax contributions, participants may make after tax contributions, not to exceed 10 percent of the participant's compensation.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch-up contributions of up to \$3,000 and \$2,000 during the years ended December 31, 2004 and 2003, respectively.

**Rollovers**

The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary contributions and (b) the Plan's earnings and losses. Allocation of the

on years of credited service. A participant is fully vested after three years of credited service as follows:

The term of the loan must not exceed five years, except for qualified home loans, which must not exceed ten years.

**Plan Termination**

While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100 percent vested in their accounts, including all employer contributions.

**Plan Administration**

The Plan is administered by certain employees of the Company (the Plan Administrator). The Plan's assets were maintained by Fidelity Management Trust Company (Fidelity), the trustee of the Plan, for the years ended December 31, 2004 and 2003.

**2. Summary of Significant Accounting Policies****Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**Investment Valuation and Income Recognition**

The fair value of investments held by the Plan has been determined by the trustee based on quoted market values of publicly traded investments.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation in fair value of investments which consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. All investment transactions are recorded by the Plan as of the trade date. Gains or losses on sale of investments are determined by the specific identification method. Interest income is recorded as earned on an accrual basis. Dividends are recorded based on the ex-dividend date.

**Participant Loans**

Participant Loans are recorded at cost, which approximates fair value.

**Administrative Expenses**

All costs incurred in administering the Plan are paid by the Company except for certain broker fees that are paid out of the various investment options.

**4. Tax Status**

The Plan is an adoption of the standardized prototype plan written by Fidelity Management & Research Company. The prototype sponsor received a favorable determination letter dated December 5, 2001 in which the Internal Revenue Service stated that the prototype plan, as then designated, was in compliance with applicable requirements of the Internal Revenue Code (the "IRC"). The prototype plan underwent an amendment during 2002 and the Internal Revenue Service issued a favorable determination letter dated October 9, 2003 in which the Internal Revenue Service stated that the amendment did not in and of itself adversely affect the Plan's acceptability under the applicable sections of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement dates. Accordingly, no provision for federal income taxes has been made.

**5. Distributions Payable**

Distributions payable pertain to participant pre-tax contributions which exceed the maximum annual dollar limit as established by the IRC. During the year ended December 31, 2004, the Plan failed one of the discrimination tests and at December 31, 2004, the Plan had a liability for excess contributions of \$9,423. Such amounts have been refunded to the participants within the stipulated twelve month period, in order to bring the Plan into compliance with the IRC. During the year ended December 31, 2003, the Plan failed two of the discrimination tests and at December 31, 2003, the Plan had a liability for excess contributions of \$1,305. Such amounts were refunded to the participants prior to April 15, 2004.

**Table of Contents****Pediatrix Medical Group  
Thrift and Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2004 and 2003****6. Party-in-Interest Transactions**

Certain of the Plan's investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined in the Plan and, therefore, these transactions qualify as party-in-interest. Participants' loans are granted and administered by Fidelity and, therefore, these loan transactions qualify as party-in-interest. The Pediatrix Stock Fund invests in the Company's common stock and, therefore, these investment transactions qualify as party-in-interest. All fees and expenses of the Plan for legal, accounting, recordkeeping and other administrative services are paid by the Company.

**7. Reconciliations of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	<b>2004</b>	<b>2003</b>
Net assets available for benefits per the financial statements	\$ 124,277,190	\$ 93,860,528
Plus: Distribution payable	9,423	1,305

Distributions payable pertain to participant pre-tax contributions which exceed the maximum annual dollar limit as established by the IRC.
