Teledyne Technologies Incorporated 401(k) Plan  
Audited Financial Statements and Supplemental Schedule  
Year Ended December 31, 2001

Report of Independent Auditors

Teledyne Technologies Incorporated

We have audited the accompanying statements of net assets available for benefits of Teledyne Technologies Incorporated 401(k) Plan as of December 31, 2001 and 2000, and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2001 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements  
December 31, 2001

**1. Description of the Plan**

General

The Teledyne Technologies Incorporated 401(k) Plan (the Plan) is a defined contribution plan available to eligible U.S. domestic employees of Teledyne Technologies Incorporated (Teledyne or the Company). The Plan was established in April 2000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was amended in October 2001 to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. For a more complete description of the Plan's provisions please refer to the Plan document.

Contributions

Participants can defer between 1% and 15%, subject to Internal Revenue Code limitations, of their eligible wages and contribute them to the Plan. Employees become eligible for Company matching contributions following 90 days of service. Qualifying employee contributions are partially matched by the Company up to a maximum of \$1,000 annually for each participant.

Participant Accounts

Separate accounts are maintained by the recordkeeper for each participating employee. Asset management fees charged for the administration of all funds are charged against net assets available for benefits of the respective fund. Certain other expenses of administering the Plan are paid by the plan sponsor.

Vesting

Participants are 100% vested in their contributions, Company matching contributions and all earnings thereon.

Participant Loans

Active employees can borrow up to 50% of their vested account balances. The loan amounts are further limited to a minimum of \$500 and a maximum of \$50,000, and an employee can have no more than one loan outstanding at any given time. Interest rates are determined based on commercially accepted criteria, and payment schedules vary

**2. Significant Accounting Policies (continued)**

## Valuation of Investments

Mutual funds and common collective trust funds are stated at their unit values established for each fund by the fund manager, at each valuation date, which fluctuate with the value of the assets in each fund. Units of the Teledyne, Allegheny Technologies Incorporated (Allegheny Technologies) and Water Pik Technologies, Inc. (Water Pik Technologies) stock funds are valued principally on the basis of the market value of the respective common stock. Other common stocks are stated at their quoted market price. Participant loans are stated at their outstanding balance which approximates fair value.

## Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**3. Investments**

Plan participants can invest their contributions and any Company matching contributions in any or all of the investment programs managed by the Plan's trustee. The Plan's investments are held by Fidelity Management Trust Company (Fidelity), the trustee.
