FOR IMMEDIATE RELEASE

WEYERHAEUSER COMPANY EXTENDS TENDER OFFER FOR
WILLAMETTE INDUSTRIES, INC. UNTIL FEBRUARY 1, 2001

FEDERAL WAY, Wash., January 5, 2001 - Weyerhaeuser Company (NYSE: WY) today announced that it had extended its \$48 per share cash tender offer for all of the outstanding common stock of Willamette Industries, Inc. (NYSE: WLL). The offer, which was scheduled to expire at midnight, January 4, 2001, has been extended until 5:00 pm E.S.T. on February 1, 2001, unless further extended.

As of midnight on January 4, 2001, Willamette shareholders had tendered and not withdrawn 52,447,805 shares pursuant to Weyerhaeuser's tender offer. This represents approximately 48% of Willamette's total outstanding common shares.

Steven R. Rogel, chairman, president, and chief executive officer of Weyerhaeuser, stated, "Despite the poison pill and other obstacles to purchasing shares that the Willamette board has put in place, we were very pleased with the level of support we received in the initial tender period. We believe that Willamette shareholders want Willamette to negotiate a mutually beneficial transaction with Weyerhaeuser. We hope the Willamette board will listen to what its shareholders are saying - this transaction is too compelling to ignore."

Weyerhaeuser Company, one of the world's largest integrated forest products companies, was incorporated in 1900. In 1999, sales were \$12.3 billion. It has offices or operations in 13 countries, with customers worldwide. Weyerhaeuser is principally engaged in the growing and harvesting of timber; the manufacture, distribution and sale of forest products; and real estate construction, development and related activities. Additional information about Weyerhaeuser's businesses, products and practices is available at <http://www.weyerhaeuser.com>.

Morgan Stanley Dean Witter is acting as Dealer Manager for the offer, and Innisfree M&A Incorporated is acting as Information Agent.

The accuracy of such statements is subject to a number of risks, uncertainties and assumptions that may cause actual results to differ materially from those projected, including, but not limited to, the effect of general economic conditions, including the level of interest rates and housing starts; market demand for the company's products, which may be tied to the relative strength of various US business segments; performance of the company's manufacturing operations; the types of logs harvested in the company's logging operations; the level of competition from foreign producers; the effect of forestry, land use, environmental and other governmental regulations; and the risk of losses from fires, floods and other natural disasters.
