NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(In thousands, except shares and per share data)

1. Basis of Presentation

The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with the Securities and Exchange Commission (“SEC”) requirements for interim reporting, which allows certain footnotes and other financial information normally required by accounting principles generally accepted in the United States of America to be condensed or omitted. In our opinion, the Condensed Consolidated Financial Statements contain all adjustments (consisting of only normal recurring adjustments) necessary for the fair presentation of our financial position and results of operations.

These statements should be read in conjunction with the Consolidated Financial Statements and Notes included in our annual report on Form 10-K for the year ended December 31, 2012. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

2. Newly Adopted Accounting Pronouncements

Offsetting Assets and Liabilities Disclosures

In December 2011, the Financial Accounting Standards Board (“FASB”) issued updated accounting guidance on disclosures about offsetting assets and liabilities. This update adds certain additional disclosure requirements about financial instruments and derivative instruments that are subject to netting arrangements. The new disclosures were required for interim and annual reporting periods beginning on or after January 1, 2013. This guidance did not have a material impact on our results of operations or financial position.

Testing Intangibles for Impairment

In July 2012, the FASB issued updated accounting guidance on the periodic testing of indefinite-lived intangible assets for impairment. This updated accounting guidance permits us to make a qualitative assessment of whether it is more likely than not that an indefinite-lived intangible asset's fair value is less than its carrying amount before applying the two-step goodwill impairment test. If we determine through this qualitative analysis that it is not more likely than not that the fair value of the reporting unit is less than its carrying value, it is not necessary to calculate annually the fair value of an indefinite-lived intangible asset. This guidance is effective for fiscal periods beginning after September 15, 2012; however, early adoption is permitted. This guidance did not have an impact on our results of operations or financial position as we do not currently hold any indefinite-lived intangible assets.

Comprehensive Income

In February 2013, the FASB issued new disclosure requirements for items reclassified out of accumulated other comprehensive income. The requirements do not change the existing accounting and reporting for net income or other comprehensive income. The requirements are effective for annual reporting periods beginning after December 15, 2012. The requirements did not impact our results of operations or financial position.

3. Management Actions

2012 Action - During the third quarter of 2012, we implemented a restructuring action. A pre-tax charge of \$760 was recognized in the third quarter as a result of this action. The pre-tax charge consisted primarily of severance and outplacement services and was included within Selling and Administrative Expense in the Condensed Consolidated Statements of Earnings.

A reconciliation of the beginning and ending liability balances is as follows:

	Severance and Related Costs

2013 Action - During the first quarter of 2013, we implemented a restructuring action. A pre-tax charge of \$1,440 was recognized in the first quarter as a result of this action. The pre-tax charge consisted primarily of severance and outplacement services and was included within Selling and Administrative Expense in the Condensed Consolidated Statements of Earnings.

4. Acquisitions and Divestitures

Acquisitions

On May 31, 2011, we acquired Water Star, Inc. ("Water Star"), a Newbury, Ohio firm specializing in electrochemistry for \$4,456. The total purchase price of \$4,456 was comprised of \$2,956 paid at closing and two \$750 installment payments which were paid in cash on the first and second anniversary dates of the acquisition. The first installment payment was made on May 31, 2012 and the second and final installment payment was made on May 31, 2013. These installment payments were not contingent on any future services or other financial targets. This acquisition is consistent with our strategy to expand our intellectual property in support of our long-term vision to deliver sustainable, breakthrough innovations.

The components of the purchase price of the business combination described above have been allocated as follows:

Current Assets	\$426
Property, Plant and Equipment, Net	167
Identified Intangible Asset	3,800
Goodwill	472
Total Assets Acquired	4,865
Current Liabilities	409
Total Liabilities Assumed	409
Net Assets Acquired	\$4,456

Divestitures

On July 31, 2012, we entered into a Share Purchase Agreement (“SPA”) with M&F Management and Financing GmbH (“M&F”) for the sale of ownership of our subsidiary, Tennant CEE GmbH, and our minority interest in a joint venture, OOO Tennant. In exchange for the ownership of these entities, we received €815, or \$1,014 as of the date of sale, in cash and financed the remaining purchase price of €6,166. A total of €2,126 will be received in equal quarterly payments during 2013, of which €1,594 or \$2,073 remains as of June 30, 2013 and the remaining €3,225, or \$4,194 as of June 30, 2013, will be received in equal installments on the first, second and third anniversary dates of the divestiture. As a result of this divestiture, we recorded a pre-tax gain of \$784 during the third quarter of 2012 in our Profit from Operations in the Condensed Consolidated Statements of Earnings. The first two quarterly payments were received in March and on July 1 of 2013, respectively.

M&F is now a master distributor of Tennant products in the Central Eastern Europe, Middle East and Africa markets. In addition, as further discussed in Note 16, M&F is a related party of ours. We have identified M&F as a variable interest entity (“VIE”) and have performed a qualitative assessment that considered M&F's purpose and design, our involvement and the risks and benefits and determined that we are not the primary beneficiary of this VIE. The only financing we have provided to M&F was related to the SPA as noted above and there are no arrangements that would require us to provide significant financial support in the future.

The assets and liabilities transferred under the SPA on the date of sale were as follows:

Accounts Receivable	\$4,398
Inventory	4,271
Other Current Assets	87
Current Assets	8,756
Property, Plant and Equipment, net	170
Total Assets Divested	8,926

Inventories carried at LIFO:

Credit Facilities

JPMorgan Chase Bank, National Association

On April 25, 2013, we entered into Amendment No. 1 to our 2011 Credit Agreement which amends the Credit Agreement, dated as of May 5, 2011, with JPMorgan Chase Bank, N. A. (“JPMorgan”), as administrative agent and collateral agent, U.S. Bank National Association, as syndication agent, Wells Fargo Bank, National Association, and RBS Citizens, N.A., as co-documentation agents, and the Lenders (including JPMorgan) from time to time party thereto (the “2011 Credit Agreement”). Under the original terms, the 2011 Credit Agreement provides us and certain of our foreign subsidiaries access to a senior unsecured credit facility until May 5, 2016, in the amount of \$125,000, with an option to expand by up to \$62,500 to a total of \$187,500. Borrowings may be denominated in U.S. Dollars or certain other currencies. The 2011 Credit Agreement contains a \$100,000 sublimit on borrowings by foreign subsidiaries.

Under the original terms of the 2011 Credit Agreement, the fee for committed funds ranges from an annual rate of 0.25% to 0.40%, depending on our leverage ratio. Eurocurrency borrowings under the 2011 Credit Agreement bear interest at a rate per annum equal to adjusted LIBOR plus an additional spread of 1.50% to 2.10%, depending on our leverage ratio. Alternate Base Rate (“ABR”) borrowings bear interest at a rate per annum equal to the greatest of (a) the prime rate, (b) the federal funds rate plus 0.50% and (c) the adjusted LIBOR rate for a one month period plus 1.0%, plus, in any such case, an additional spread of 0.50% to 1.10%, depending on our leverage ratio.

Effective April 25, 2013, Amendment No. 1 to the 2011 Credit Agreement principally provides the following changes to the Credit Agreement:

- extends the maturity date of the 2011 Credit Agreement to March 1, 2018;
- changes the fees for committed funds under the 2011 Credit Agreement to an annual rate ranging from 0.20% to 0.35%, depending on our leverage ratio;
- changes Eurocurrency borrowings per annum to adjusted LIBOR plus an additional spread of 1.30% to 1.90%, depending on our leverage ratio;

The 2011 Credit Agreement gives the lenders a pledge of 65% of the stock of certain first tier foreign subsidiaries.

The obligations under the 2011 Credit Agreement are also guaranteed by our first tier domestic subsidiaries.

The 2011 Credit Agreement contains customary representations, warranties and covenants, including but not limited to covenants restricting our ability to incur indebtedness and liens and merge or consolidate with another entity.

Further, the 2011 Credit Agreement contains the following covenants:

- a covenant requiring us to maintain an indebtedness to EBITDA ratio as of the end of each quarter of not greater than 3.00 to 1;

- a covenant requiring us to maintain an EBITDA to interest expense ratio as of the end of each quarter of no less than 3.50 to 1;

- a covenant restricting us from paying dividends or repurchasing stock if, after giving effect to such payments, our leverage ratio is greater than 2.00 to 1, in such case limiting such payments to an amount ranging from \$50,000 to \$75,000 during any fiscal year based on our leverage ratio after giving effect to such payments; and

- a covenant restricting our ability to make acquisitions, if, after giving pro-forma effect to such acquisition, our leverage ratio is greater than 2.75 to 1, in such case limiting acquisitions to \$25,000.

As of June 30, 2013, we were in compliance with all covenants under the 2011 Credit Agreement. There was \$10,000 in outstanding borrowings under this facility at June 30, 2013, with a weighted average interest rate of 1.56%.

On July 24, 2012, we entered into Amendment No. 2 to our Private Shelf Agreement (“Amendment No. 2”), which amends the Shelf Agreement. The principal change effected by Amendment No. 2 is an extension of the Issuance Period for Shelf Notes under the Shelf Agreement. The Issuance Period now expires on July 24, 2015.

As of June 30, 2013, there was \$20,000 in outstanding borrowings under this facility, consisting of the \$10,000 Series A notes issued in March 2011 with a fixed interest rate of 4.00% and a 7 year term serially maturing from 2014 to 2018 and the \$10,000 Series B notes issued in June 2011 with a fixed interest rate of 4.10% and a 10 year term serially maturing from 2015 to 2021. 8. Warranty

We record a liability for warranty claims at the time of sale. The amount of the liability is based on the trend in the historical ratio of claims to sales, the historical length of time between the sale and resulting warranty claim, new product introductions and other factors. Warranty terms on machines generally range from one to four years.

The changes in warranty reserves for the six months ended June 30, 2013 and 2012 were as follows:

	Six Months Ended	
	June 30	
	2013	2012
Beginning balance	\$9,357	\$8,759
Additions charged to expense	5,578	6,312

Claims paid	(5,055)	(5,817)
Ending balance	\$9,748	\$9,237

9. Fair Value Measurements

Estimates of fair value for financial assets and financial liabilities are based on the framework established in the accounting guidance for fair value measurements. The framework defines fair value, provides guidance for measuring fair value and requires certain disclosures. The framework discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). The framework utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect the reporting entity's own assumptions.

Our population of assets and liabilities subject to fair value measurements at June 30, 2013 is as follows:

	Fair Value	Level 1	Level 2	Level 3
Assets:				
Foreign currency forward exchange contracts	\$704	\$—	\$704	\$—
Total Assets	\$704	\$—	\$704	\$—
Liabilities:				
Foreign currency forward exchange contracts	\$—	\$—	\$—	\$—
Total Liabilities	\$—	\$—	\$—	\$—

Our foreign currency forward exchange contracts are valued based on quoted forward foreign exchange prices at the reporting date.

Table of Contents

We use derivative instruments to manage exposures to foreign currency only in an attempt to limit underlying exposures from currency fluctuations and not for trading purposes. Gains or losses on forward foreign exchange contracts to economically hedge foreign currency-denominated assets and liabilities are recognized in Other Current Assets and Other Current Liabilities within the Condensed Consolidated Balance Sheets and are recognized in Other Income (Expense), Net under Net Foreign Currency Transaction Losses within the Condensed Consolidated Statements of Earnings. As of June 30, 2013, the fair value of such contracts outstanding was an asset of \$704. As of June 30, 2012, the fair value of such contracts outstanding was an asset of \$16 and a liability of \$326. We recognized a net gain of \$901 and a net gain of \$2,032 on these contracts during the first six months of 2013 and 2012, respectively. At June 30, 2013 and 2012, the notional amounts of foreign currency forward exchange contracts outstanding were \$35,063 and \$44,802, respectively.

The carrying amounts reported in the Condensed Consolidated Balance Sheets for Cash and Cash Equivalents, Accounts Receivable, Other Current Assets, Accounts Payable and Other Current Liabilities approximate fair value. The fair value of our Long-Term Debt approximates cost based on the borrowing rates currently available to us for bank loans with similar terms and remaining maturities.

10. Retirement Benefit Plans

Our defined benefit pension plans and postretirement medical plan are described in Note 11 of the 2012 annual report on Form 10-K. 11. Commitments and Contingencies

Certain operating leases for vehicles contain residual value guarantee provisions, which would become due at the expiration of the operating lease agreement if the fair value of the leased vehicles is less than the guaranteed residual value. As of June 30, 2013, of those leases that contain residual value guarantees, the aggregate residual value at lease expiration was \$11,574, of which we have guaranteed \$8,867. As of June 30, 2013, we have recorded a liability for the estimated end of term loss related to this residual value guarantee of \$453 for certain vehicles within our fleet. Our fleet also contains vehicles we estimate will settle at a gain. Gains on these vehicles will be recognized at the end of the lease term.

During the first quarter of 2013, we renewed our lease for our Louisville facility. This lease is a five year lease with a total commitment of \$4,710.

During the second quarter of 2012, we entered into a three year agreement with a supplier, commencing January 1, 2013, with a total commitment of \$2,102 of which \$1,665 is still outstanding as of June 30, 2013.

12. Income Taxes

We and our subsidiaries are subject to U.S. federal income tax as well as income tax of numerous state and foreign jurisdictions. We are generally no longer subject to U.S. federal tax examinations for taxable years before 2011 and with limited exceptions, state and foreign income tax examinations for taxable years before 2007.

We recognize potential accrued interest and penalties related to unrecognized tax benefits in Income Tax Expense. In addition to the liability of \$3,479 for unrecognized tax benefits as of June 30, 2013 there was approximately \$511 for accrued interest and penalties. The total amount of unrecognized tax benefits that, if recognized, would affect the effective tax rate as of June 30, 2013 was \$3,251. To the extent interest and penalties are not assessed with respect to uncertain tax positions, amounts accrued will be revised and reflected as an adjustment of the Income Tax Expense. Unrecognized tax benefits were reduced by \$85 during the first six months of 2013 for expiration of the statute of limitations in various jurisdictions.

We are currently undergoing income tax examinations in various state and foreign jurisdictions covering 2007 to 2010 for which settlement is expected prior to year end. Although the final outcome of these examinations cannot be currently determined, we believe that we have adequate reserves with respect to these examinations.

13. Share-Based Compensation

Our share-based compensation plans are described in Note 15 of the 2012 annual report on Form 10-K. During the three months ended June 30, 2013 and 2012 we recognized total Share-Based Compensation Expense of \$1,732 and \$2,218, respectively. During the six months ended June 30, 2013 and 2012 we recognized total Share-Based Compensation Expense of \$3,439 and \$3,911, respectively. The total income tax benefit recognized in the income statement for share-based compensation arrangements during the six months ended June 30, 2013 and 2012 was \$1,506 and \$1,076, respectively.

During the first six months of 2013 we granted 30,208 restricted shares. The weighted average grant date fair value of each share awarded was \$46.88. Restricted share awards generally have a 3 year vesting period from the effective date of the grant. The total fair value of shares vested during the six months ended June 30, 2013 and 2012 was \$538 and \$301, respectively.

15. Segment Reporting

We are organized into four operating segments: North America; Latin America; Europe, Middle East and Africa; and Asia Pacific. We combine our North America and Latin America operating segments into the "Americas" for reporting Net Sales by geographic area. In accordance with the objective and basic principles of the applicable accounting guidance, we aggregate our operating segments into one reportable segment that consists of the design, manufacture and sale of products used primarily in the maintenance of nonresidential surfaces.

Net Sales attributed to each geographic area for the three and six months ended June 30, 2013 and 2012 were as follows:

	Three Months Ended		Six Months Ended	
	June 30		June 30	
	2013	2012	2013	2012

16. Related Party Transactions

On July 31, 2012, we entered into a share purchase agreement with M&F, as further discussed in Note 4. Two of the M&F shareholders are individuals who were employed by Tennant prior to the transaction date and were no longer employed by Tennant as of the transaction date.

Our May 31, 2011 acquisition of Water Star includes installment payments totaling \$1,500, all of which have been paid to the former owners of Water Star, as further discussed in Note 4. The former owners of Water Star are current employees of Tennant.

We have an exclusive technology license agreement with Global Opportunities Investment Group, LLC. A current employee of Tennant owns a minority interest in Global Opportunities Investment Group, LLC. Royalties under this license agreement are not material to our financial position or results of operations.

During the first quarter of 2008, we acquired Sociedade Alfa Ltda. and entered into lease agreements for certain properties owned by or partially owned by the former owners of this entity. Some of these individuals are current employees of Tennant. Lease payments made under these lease agreements are not material to our financial position or results of operations.

Net Earnings for the second quarter of 2013 were \$14.3 million, or \$0.76 per diluted share, as compared to Net Earnings of \$13.7 million, or \$0.71 per diluted share, in the second quarter of 2012. Net Earnings during the second quarter of 2013 were favorably impacted by higher Net Sales and lower Selling and Administrative ("S&A") Expense due to continued tight cost controls and improved operating efficiencies, somewhat offset by increased Research and Development ("R&D") Expense.

Net Earnings for the first six months of 2013 were \$19.3 million, or \$1.03 per diluted share, as compared to Net Earnings of \$19.0 million, or \$0.99 per diluted share, in the first six months of 2012. Net Earnings during the first six months of 2013 were favorably impacted by a tax benefit of \$0.6 million related to the 2012 R&D tax credit which was retrospectively enacted in January of 2013. Included in the lower S&A Expense in the first six months of 2013 was a restructuring charge of \$1.4 million, or 40 basis points as a percent of sales.

Net Earnings for the second quarter of 2012 were \$13.7 million, or \$0.71 per diluted share, as compared to Net Earnings of \$5.9 million, or \$0.30 per diluted share, in the second quarter of 2011. Net Earnings during the second quarter of 2012 benefited from higher gross profit margin, driven by product mix, stable commodity costs and production efficiencies, and decreased S&A Expense, due to continued tight cost controls and improved operating efficiencies. Net Earnings for the second quarter of 2012 were also impacted by \$0.9 million of net foreign currency transaction losses, versus \$0.9 million of net foreign currency transaction gains in the prior year quarter, due to the volatility of foreign exchange rates.

Net Earnings for the first six months of 2012 were \$19.0 million, or \$0.99 per diluted share, as compared to Net Earnings of \$11.7 million, or \$0.60 per diluted share, in the first six months of 2011. Net Earnings during the first six months of 2012 were favorably impacted by higher gross profit margin and lower S&A Expense.

Net Sales

Consolidated Net Sales for the second quarter of 2013 totaled \$200.2 million, a 0.4% increase as compared to consolidated Net Sales of \$199.5 million in the second quarter of 2012. Consolidated Net Sales for the first six months of 2013 totaled \$368.3 million, a decrease of 1.3% as compared to consolidated Net Sales of \$373.2 million in the same period of 2012.

The components of the consolidated Net Sales change for the three and six months ended June 30, 2013 as compared to the same periods in 2012 were as follows:

	2013 v. 2012	
	Three Months Ended June 30	Six Months Ended June 30

Total	0.4%	(1.3%)

Table of Contents

The 0.4% increase in consolidated Net Sales in the second quarter of 2013 as compared to the same period in 2012 was driven by:

an organic sales increase of approximately 0.9%, excluding the effects of foreign currency exchange (and acquisitions when applicable), primarily due to a 0.5% price increase and an approximate 0.4% volume increase primarily due to sales to strategic accounts, sales in Americas of scrubbers equipped with ec-H2O™ technology and sales of newly introduced products; and

an unfavorable direct foreign currency exchange impact of approximately 0.5%.

The 1.3% decrease in consolidated Net Sales in the first six months of 2013 as compared to the same period in 2012 was driven by:

an organic sales decrease of approximately 0.3%, excluding the effects of foreign currency exchange (and acquisitions when applicable), primarily due to an approximate 1.3% volume decrease primarily in sales of city cleaning equipment partially offset by a 1.0% price increase; and

an unfavorable direct foreign currency exchange impact of approximately 1.0%.

The following table sets forth the Net Sales by geographic area for the three and six months ended June 30, 2013 and 2012 and the percentage change from the prior year (in thousands, except percentages):

	Three Months Ended			Six Months Ended

Total	\$200,238	\$199,493	0.4	\$368,330	\$373,205	(1.3)

Americas

Net Sales in the Americas were \$139.6 million and \$252.8 million for the second quarter and six months ended June 30, 2013, an increase of 2.9% and 2.3%, respectively, from the second quarter and six months ended June 30, 2012. Organic sales in the first half of 2013 were favorably impacted by broad-based growth in Latin America and also sales of equipment in North America, including scrubbers equipped with ec-H2O technology. The direct impact of foreign currency translation exchange effects within the Americas unfavorably impacted Net Sales by approximately 0.5% during the second quarter and during the first six months of 2013. Organic sales increased approximately 3.4% in the second quarter and 2.8% in the first six months of 2013.

Europe, Middle East and Africa

In our markets within Europe, the Middle East and Africa (“EMEA”), Net Sales decreased 8.2% and 9.4% to \$39.8 million and \$79.0 million, respectively, for the second quarter and six months ended June 30, 2013, compared to the second quarter and six months ended June 30, 2012. Organic sales declined approximately 9.2% and 9.9% during the second quarter and first six months of 2013, respectively. There was a favorable foreign currency exchange impact on Net Sales during the second quarter and the first six months of 2013 of approximately 1.0% and 0.5%, respectively. EMEA organic sales in the second quarter and first six months of 2013 were unfavorably impacted by decreases in sales of city cleaning equipment due primarily to tight municipal spending in Europe, somewhat offset by increased sales to strategic accounts.

Asia Pacific

Net Sales in the Asia Pacific market for the second quarter and first six months of 2013 totaled \$20.8 million and \$36.5 million, respectively, an increase of 2.0% and a decrease of 6.2% from the second quarter and first six months of 2012, respectively. Organic sales in the second quarter of 2013 increased approximately 5.5% due primarily to strong sales performance in Australia. Organic sales in the first six months of 2013 decreased 3.2% with lower sales in most markets due to softer economies and also larger city cleaning equipment sales in China during the first six months of 2012 that did not occur again in 2013. Direct foreign currency translation exchange effects unfavorably impacted sales by approximately 3.5% and 3.0% in the second quarter and first six months of 2013, respectively.

Table of Contents

Gross Profit

Gross margin was 43.8% and 43.5%, respectively, for the second quarter and first six months of 2013, as compared with 44.6% and 44.0% for the same periods in 2012. Gross margin decreased by 80 and 50 basis points, respectively, in the second quarter and first six months of 2013, primarily driven by changes in selling channel mix and product mix.

Operating Expense

Research & Development Expense

R&D Expense in the second quarter of 2013 increased 12.8% to \$7.8 million as compared with \$6.9 million in the second quarter of 2012. R&D Expense as a percentage of Net Sales was 3.9% for the second quarter of 2013, an increase as compared to 3.5% in the second quarter of 2012, primarily from continued investment in developing innovative new products for our traditional core business, as well as our Orbio business.

R&D Expense for the six months ended June 30, 2013 was \$15.3 million, an increase of 8.0% from \$14.2 million in the same period in 2012. R&D Expense as a percentage of Net Sales was 4.2% for the first six months of 2013 as compared to 3.8% for the first six months of 2012.

Selling & Administrative Expense

S&A Expense in the second quarter of 2013 was \$58.3 million as compared to \$60.4 million in the second quarter of 2012. The decrease in S&A Expense was primarily attributable to continued tight cost controls and improved operating efficiencies. S&A Expense as a percentage of Net Sales was 29.1% for the second quarter of 2013, a decrease of 120 basis points from 30.3% in the comparable 2012 quarter.

For the six months ended June 30, 2013, S&A Expense decreased to \$116.4 million from \$120.1 million in the comparable period last year due to continued tight cost controls and improved operating efficiencies. S&A Expense as a percentage of Net Sales was 31.6% for the first half of 2013 versus 32.2% in the comparable period last year. Included in the lower S&A Expense in the first six months of 2013 was the first quarter 2013 restructuring charge of \$1.4 million, or 40 basis points as a percent of sales.

Other Income (Expense), Net

Interest Income

There was a \$0.2 million and \$0.4 million decrease in Interest Income in the second quarter and first six months of 2013, respectively, as compared to the same periods in 2012. The decrease between 2013 and 2012 was due to lower interest rates on cash and cash equivalents.

Interest Expense

There was \$0.3 million and \$0.5 million decrease in Interest Expense in the second quarter and first six months of 2013, respectively, as compared to the same periods in 2012. The decrease in Interest Expense between periods was primarily due to a lower interest rate on a lower level of borrowings in the current period as compared to the same period in 2012.

Net Foreign Currency Transaction Losses

Net Foreign Currency Transaction Losses in the second quarter and first six months of 2013 were \$0.4 million and \$0.7 million, respectively, as compared to Net Foreign Currency Transaction Losses of \$0.9 million and \$1.1 million in the same periods in the prior year. The favorable change in the impact from foreign currency transactions in the first half of 2013 was due to fluctuations in foreign currency rates and settlement of transactional hedging activity in the normal course of business.

Other Income, Net

There was no significant change in Other Income, Net in the second quarter and first six months of 2013 as compared to the same periods in 2012.

Table of Contents

Income Taxes

The effective tax rate in the second quarter of 2013 was 31.5% compared to the effective rate in the second quarter of the prior year of 33.0%.

The year-to-date overall effective rate was 28.6% for 2013 compared to 32.5% for 2012. The year-to-date tax expense included the first quarter 2013 \$0.4 million tax benefit associated with a \$1.4 million one-time expense related to a European restructuring reserve. The tax expense for the first six months of 2013 also included the first quarter 2013 discrete tax benefit of \$0.6 million for the enactment of the Federal R&D credit retroactively impacting the tax year ended December 31, 2012. Excluding these benefits, the 2013 year-to-date overall effective tax rate would have been 30.6%.

The decrease in the overall year-to-date effective tax rate, excluding these special items, was primarily related to the mix in expected full year taxable earnings by country and more favorable discrete tax items in the first half of 2013. We do not have any plans to repatriate the undistributed earnings of non-U.S. subsidiaries. Any repatriation from foreign subsidiaries that would result in incremental U.S. taxation is not being considered. It is management's belief that reinvesting these earnings outside the U.S. is the most efficient use of capital.

Liquidity and Capital Resources

Liquidity

Cash and Cash Equivalents totaled \$48.6 million at June 30, 2013, as compared to \$53.9 million as of December 31, 2012. Wherever possible, cash management is centralized and intercompany financing is used to provide working capital to subsidiaries as needed. Our current ratio was 2.3 as of June 30, 2013 and 2.2 as of December 31, 2012, based on working capital of \$160.0 million and \$151.8 million, respectively. Our debt-to-capital ratio was 11.8% and 12.1% at June 30, 2013 and December 31, 2012, respectively.

Net Decrease in Cash and Cash Equivalents	\$(5,364)	\$(13,907)

Operating Activities

Operating activities provided \$15.2 million of cash for the six months ended June 30, 2013. Cash provided by operating activities was driven primarily from Net Earnings of \$19.3 million and an increase in Accounts Payable of \$6.1 million partially offset by increases in Accounts Receivable, payment of Employee Compensation and Benefits liabilities and higher Inventories. The increase in Accounts Payable was due to higher production levels and timing of payments.

Operating activities provided \$12.5 million of cash for the six months ended June 30, 2012. Cash provided by operating activities was driven primarily from Net Earnings of \$19.0 million and the \$4.0 million increase in Accounts Payable partially offset by payment of Employee Compensation and Benefits liabilities and increases in our Accounts Receivable and Inventories. The increase in Accounts Payable was primarily due to timing of payments.

Table of Contents

Management evaluates how effectively we utilize two of our key operating assets, Accounts Receivable and Inventories, using Accounts Receivable “Days Sales Outstanding” (DSO) and “Days Inventory on Hand” (DIOH), on a FIFO basis. The metrics are calculated on a rolling three month basis in order to more readily reflect changing trends in the business. These metrics for the quarters ended were as follows (in days):

	June 30, 2013	December 31, 2012	June 30, 2012
DSO	61	60	60
DIOH	75	78	82

As of June 30, 2013, DSO increased 1 day as compared to June 30, 2012 and December 31, 2012. The increase is primarily due to the variety of terms offered and mix of business having a larger unfavorable impact than the favorable trend of continued proactive management of our receivables by enforcing tighter credit limits and continuing to successfully collect past due balances.

As of June 30, 2013, DIOH decreased 7 days as compared to June 30, 2012 and decreased 3 days as compared to December 31, 2012, as a result of lower levels of inventory primarily due to progress from inventory reduction initiatives somewhat offset by increased levels of inventory in support of the launches of many new products.

Investing Activities

Investing activities during the six months ended June 30, 2013 used \$7.4 million in cash. Net capital expenditures used \$7.1 million and the installment payment to the former owners of Water Star used \$0.8 million. This was partially offset by proceeds of \$0.7 million from sale of business. Capital expenditures included investments in tooling related to new product development and manufacturing and also information technology process improvement projects.

Investing activities during the six months ended June 30, 2012 used \$6.0 million in cash. Net capital expenditures used \$6.9 million and the installment payment to the former owners of Water Star used \$0.8 million. This was partially offset by decreases in restricted cash which provided \$1.7 million. Capital expenditures included investments in tooling related to new product development and manufacturing; and information technology process improvement projects.

Financing Activities

Net cash used by financing activities was \$12.7 million during the first six months of 2013. The purchases of our Common Stock per our authorized repurchase program used \$12.1 million, dividend payments used \$6.6 million and the payment of Long-Term Debt used \$0.7 million, partially offset by proceeds from the issuance of Common Stock of \$3.8 million, the tax benefit on stock plans of \$1.5 million and the Short-Term Borrowings of \$1.5 million.

Net cash used by financing activities was \$20.4 million during the first six months of 2012. The purchases of our Common Stock per our authorized repurchase program used \$15.3 million, dividend payments used \$6.4 million and the payment of Long-Term Debt used \$1.8 million, partially offset by proceeds from the issuance of Common Stock of \$2.0 million and the tax benefit on stock plans of \$1.1 million.

As of June 30, 2013, our indebtedness to EBITDA ratio was 0.42 to 1 and our EBITDA to interest expense ratio was 41.20 to 1.

Credit Facilities

JPMorgan Chase Bank, National Association

On April 25, 2013, we entered into Amendment No. 1 to our 2011 Credit Agreement which amends the Credit Agreement, dated as of May 5, 2011, with JPMorgan Chase Bank, N. A. (“JPMorgan”), as administrative agent and collateral agent, U.S. Bank National Association, as syndication agent, Wells Fargo Bank, National Association, and RBS Citizens, N.A., as co-documentation agents, and the Lenders (including JPMorgan) from time to time party thereto (the “2011 Credit Agreement”). Under the original terms, the 2011 Credit Agreement provides us and certain of our foreign subsidiaries access to a senior unsecured credit facility until May 5, 2016, in the amount of \$125.0 million, with an option to expand by up to \$62.5 million to a total of \$187.5 million. Borrowings may be denominated in U.S. Dollars or certain other currencies. The 2011 Credit Agreement contains a \$100.0 million sublimit on borrowings by foreign subsidiaries.

Under the original terms of the 2011 Credit Agreement, the fee for committed funds ranges from an annual rate of 0.25% to 0.40%, depending on our leverage ratio. Eurocurrency borrowings under the 2011 Credit Agreement bear interest at a rate per annum equal to adjusted LIBOR plus an additional spread of 1.50% to 2.10%, depending on our leverage ratio. Alternate Base Rate (“ABR”) borrowings bear interest at a rate per annum equal to the greatest of (a) the prime rate, (b) the federal funds rate plus 0.50% and (c) the adjusted LIBOR rate for a one month period plus 1.0%, plus, in any such case, an additional spread of 0.50% to 1.10%, depending on our leverage ratio.

Effective April 25, 2013, Amendment No. 1 to the 2011 Credit Agreement principally provides the following changes to the Credit Agreement:

- extends the maturity date of the 2011 Credit Agreement to March 1, 2018;
- changes the fees for committed funds under the 2011 Credit Agreement to an annual rate ranging from 0.20% to 0.35%, depending on our leverage ratio;
- changes Eurocurrency borrowings per annum to adjusted LIBOR plus an additional spread of 1.30% to 1.90%, depending on our leverage ratio;
- changes the ABR rate at which borrowings bear interest to a rate per annum equal to the greatest of (a) the prime rate, (b) the federal funds rate plus 0.50% and (c) the adjusted LIBOR rate for a one month period plus 1.0%, plus, in any such case, an additional spread of 0.30% to 0.90%, depending on our leverage ratio; and
- changes related to new or recently revised financial regulations.

The 2011 Credit Agreement gives the lenders a pledge of 65% of the stock of certain first tier foreign subsidiaries.

The obligations under the 2011 Credit Agreement are also guaranteed by our first tier domestic subsidiaries.

The 2011 Credit Agreement contains customary representations, warranties and covenants, including but not limited to covenants restricting our ability to incur indebtedness and liens and merge or consolidate with another entity.

Further, the 2011 Credit Agreement contains the following covenants:

- a covenant requiring us to maintain an indebtedness to EBITDA ratio as of the end of each quarter of not greater than 3.00 to 1;
- a covenant requiring us to maintain an EBITDA to interest expense ratio as of the end of each quarter of no less than 3.50 to 1;
- a covenant restricting us from paying dividends or repurchasing stock if, after giving effect to such payments, our leverage ratio is greater than 2.00 to 1, in such case limiting such payments to an amount ranging from \$50.0 million to \$75.0 million during any fiscal year based on our leverage ratio after giving effect to such payments; and
- a covenant restricting our ability to make acquisitions, if, after giving pro-forma effect to such acquisition, our leverage ratio is greater than 2.75 to 1, in such case limiting acquisitions to \$25.0 million.

As of June 30, 2013, we were in compliance with all covenants under the 2011 Credit Agreement. There was \$10.0 million in outstanding borrowings under this facility at June 30, 2013, with a weighted average interest rate of 1.56%. Prudential Investment Management, Inc.

On May 5, 2011, we entered into Amendment No. 1 to our Private Shelf Agreement (“Amendment No. 1”), which amends the Private Shelf Agreement, dated as of July 29, 2009, with Prudential Investment Management, Inc. (“Prudential”) and Prudential affiliates from time to time party thereto (the “Shelf Agreement”). The Shelf Agreement provides us and our subsidiaries access to an uncommitted, senior unsecured, maximum aggregate principal amount of

\$80.0 million of debt capital.

Statements do not relate to strictly historical or current facts and provide current expectations of forecasts of future events. Any such expectations or forecasts of future events are subject to a variety of factors. Particular risks and uncertainties presently facing us include: geopolitical and economic uncertainty throughout the world; the competition in our business; our ability to effectively manage organizational changes; our ability to comply with laws and regulations; our ability to attract and retain key personnel; our ability to develop and fund new innovative products and services; unforeseen product liability claims or product quality issues; our ability to successfully upgrade and evolve the capabilities of our computer systems; our ability to effectively maintain and manage the data in our computer systems; the occurrence of a significant business interruption; the relative strength of the U.S. dollar, which affects the cost of our materials and products purchased and sold internationally; our ability to acquire, retain and protect intellectual property rights; and fluctuations in the cost or availability of raw materials and purchased components. We caution that forward-looking statements must be considered carefully and that actual results may differ in material ways due to risks and uncertainties both known and unknown. Information about factors that could

materially affect our results can be found in Part I, Item 1A. Risk Factors in our annual report on Form 10-K for the year ended December 31, 2012 and Part II, Item 1A of this Form 10-Q. Item 4. Controls and Procedures

Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and our Principal Financial and Accounting Officer, have evaluated the effectiveness of our disclosure controls and procedures for the period ended June 30, 2013 (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based on that evaluation, our Chief Executive Officer and our Principal Financial and Accounting Officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our principal executive and our principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls

Item 1. Legal Proceedings

There are no material pending legal proceedings other than ordinary routine litigation incidental to the Company's business.

Item 1A. Risk Factors

We documented our risk factors in Item 1A of Part I of our annual report on Form 10-K for our fiscal year ended December 31, 2012. There have been no material changes to our risk factors since the filing of that report.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On April 25, 2012, the Board of Directors authorized the repurchase of 1,000,000 shares of our common stock. Our credit agreements and Shelf Agreement restrict the payment of dividends or repurchasing of stock if, after giving effect to such payments, our leverage ratio is greater than 2.00 to 1, in such case limiting such payments to an amount ranging from \$50.0 million to \$75.0 million during any fiscal year.
