Included as exhibit 99.3 is our audited consolidated financial statements and notes thereto as of December 31, 2011, December 31, 2010 and January 1, 2010 and for the years ended December 31, 2011 and December 31, 2010, as filed on Form 6-K on February 15, 2012. Beginning January 1, 2011, we adopted International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board for preparation of our financial statements.

Our common shares are listed on the Toronto Stock Exchange and the New York Stock Exchange. There are certain differences between the corporate governance practices applicable to us and those applicable to U.S. companies under the New York Stock Exchange listing standards. A summary of the significant differences can be found at www.kinross.com/corp/governance-corp.html.

DISCLOSURE CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed under the U.S. Securities Exchange Act of 1934, as amended, (the Exchange Act) is recorded, processed, summarized and reported within the appropriate time periods and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely disclosures regarding required disclosure. In designing and evaluating the disclosure controls and procedures, we recognize that any disclosure controls and procedures, no matter how well conceived or operated, can only provide reasonable, not absolute, assurance that the objectives of the control system are met, and management is required to exercise its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by Rule 13a-15(b) under the Exchange Act, we conducted an evaluation, under the supervision and with the participation of our management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2011, the end of the period covered by this annual report on Form 40-F. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of December 31, 2011, the design and operation of the Company's disclosure controls and procedures provide reasonable assurance that they are effective.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. With the participation of the Chief Executive Officer and the Chief Financial Officer, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework and criteria established in Internal Control - Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, our management has concluded that our internal control over financial reporting was effective as of December 31, 2011. Because of inherent limitations, internal controls over financial reporting may not prevent or detect misstatement. In addition, projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes in relevant guidelines or conditions in the control structure, or that the degree of compliance with policies or procedures may deteriorate. KPMG LLP, an independent registered public accounting firm for the Company that audited the financial statements of the Company as of December 31, 2011 and the periods then ended, has issued an attestation report, included herewith as an exhibit, addressing the effectiveness of the Company's internal control over financial reporting.

Changes in Internal Control over Financial Reporting

Except as noted below, there have been no changes to our system of internal control over financial reporting for the year ended December 31, 2011 or since that time that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

During 2011, Fort Knox, Round Mountain, Kettle River-Buckhorn, Lobo-Marté, and the Corporate offices in Toronto, Canada and Reno, U.S.A., converted to a new version of their ERP system, and La Coipa and Maricunga converted to a new ERP system. The conversions in the ERP system have not resulted in any significant changes in internal controls during the year ended December 31, 2011. Management employed appropriate procedures to ensure internal controls were in place during and after the conversion for all conversions. As at September 30, 2011, the Company also expanded its disclosure controls and procedures and internal controls over financial reporting to include the former Red Back operations.

In addition, management evaluated the impact on the design and operating effectiveness of internal controls that resulted from the application of IFRS accounting policies which were implemented during the year ended December 31, 2011, and concluded that it had not significantly affected the Company's internal control over financial reporting.

AUDIT AND RISK COMMITTEE

The audit and risk committee of our Board of Directors is comprised of three directors: John A. Brough, chairman, John M.H. Huxley and Terence C.W. Reid. Each of the members of the audit and risk committee is independent as that term is defined in the listing standards of the New York Stock Exchange. The board of directors has determined that Mr. Brough is an audit committee financial expert as such term is defined in paragraph 8(b) of General Instructions B to Form 40-F. Information concerning Mr. Brough's relevant education and experience is included in his biographical information contained in the Company's Annual Information Form included as exhibit 99.1. The Securities and Exchange Commission has indicated that the designation of a person as an audit committee financial expert does not make such person an expert for any purpose, impose any duties, obligations or liabilities on such person that are greater than those imposed generally on members of the audit and risk committee and the board of directors who do not carry this designation, or affect the duties, obligations or liability of any other member of the audit and risk committee or board of directors.

CODE OF ETHICS

The Code of Business Conduct and Ethics may be viewed at the Company's website at www.kinross.com under About Kinross Governance. Any amendments to the Code of Business Conduct and Ethics, including a description of such amendment, will be posted to the Company's website and filed as an exhibit to the Company's subsequent annual report on Form 40-F. The Company did not grant any waivers under its Code of Business Conduct and Ethics during 2011.

In addition, there are risks and hazards associated with the business of gold exploration, development and mining, including environmental hazards, industrial accidents, unusual or unexpected formations, pressures, cave-ins, flooding and gold bullion losses (and the risk of inadequate insurance, or the inability to obtain insurance, to cover these risks). Many of these uncertainties and contingencies can directly or indirectly affect, and could cause Kinross' actual results to differ materially from those expressed or implied in any forward-looking statements made by, or on behalf of, Kinross. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Forward-looking statements are provided for the purpose of providing information about management's expectations and plans relating to the future. All of the forward-looking statements made or incorporated into this annual report on Form 40-F are qualified by these cautionary statements and those cautionary statements made in our other filings with the securities regulators of Canada and the United States including, but not limited to, the cautionary statements made in the Risk Factors section of our most recently filed Annual Information Form.
