Dear Fellow Shareholder of Pioneer Tax Advantaged Balanced Trust  
(the "Fund"),

IT IS TIME FOR CHANGE IN OUR FUND  
DO NOT FALL VICTIM TO MISLEADING SCARE TACTICS

VOTE FOR THE NOMINEES ON THE GREEN PROXY CARD  
AND SUPPORT SHAREHOLDER PROPOSALS AIMED AT  
INCREASING SHAREHOLDER VALUE

As of May 4, major financial publications report that almost a third of Income and Preferred Stock Closed-end funds, the category which includes our Fund, trade at a PREMIUM to their Net Asset Value per share ("NAV"). This means that the market value of the investment for the shareholders of these funds is HIGHER than the assets under management. Instead, our Fund continues to trade at a significant discount to NAV. In fact, its discount is so wide that it is worse than all but a handful of funds in its category. It is apparent that other funds are proactively placing the interests of their shareholders first, and they have the extra shareholder value to show for it!

THE FUND HAS NOT TAKEN EFFECTIVE STEPS TO FIX ITS DISCOUNT PROBLEM

Shortly after inception, Fund shares dropped to double-digit discounts to NAV and have languished there for years. Fund management has failed to take effective steps to fix the problem. I believe that the Fund's discount has only just recently crept into single-digit discount territory because the possibilities for positive change in this proxy became known to investors.

THE GREEN PROXY GIVES SHAREHOLDERS POSITIVE OPTIONS

- Elect GREEN proxy trustees who will push for shareholder value
- Support an aggressive managed distribution policy
- Change the Fund's restrictive investment objective

AGGRESSIVE MANAGED DISTRIBUTION POLICIES UNLOCK SHAREHOLDER VALUE

Other funds that have adopted an aggressive managed distribution policy have seen their shares trade regularly at a premium to NAV. This proxy document discusses an aggressive managed distribution policy for the Fund, an area in which these nominees have broad experience and success. The contemplated aggressive managed distribution policy would distribute what would initially represent about 15% of NAV per year. You are encouraged to

### CHANGING THE INVESTMENT OBJECTIVE INCREASES FLEXIBILITY

A broader investment objective would expand the possibilities for investment performance. Under the proposed investment objective, the adviser could continue with the same investment approach. However, by allowing the possibility of increased equity exposure, investments could be focused on total return rather than just income.

### ELECT NOMINEES COMMITTED TO THE SHAREHOLDERS

Even though they will only be a minority on the Board, the nominees in this proxy will work to build shareholder value. These green proxy nominees offer many years of closed-end fund leadership experience in consistently putting shareholders first.

DO NOT SETTLE FOR A WIDE DISCOUNT  
PUT SHAREHOLDER INTERESTS FIRST
