QUESTIONS AND ANSWERS

1. What is a proxy?

A proxy is a procedure which enables you, as a shareholder, to authorize someone else to cast your vote for you. The Board of Directors of the Company is soliciting your proxy, and asking you to authorize Robert S. Cubbin, President and Chief Executive Officer, Karen M. Spaun, Senior Vice President and Chief Financial Officer, or Michael G. Costello, Senior Vice President, General Counsel and Secretary of the Company, to cast your vote at the 2013 Annual Meeting. You may, of course, cast your vote in person or abstain from voting, if you so choose. The term proxy is also used to refer to the person who is authorized by you to vote for you.

2. What are a proxy statement and a proxy card?

A proxy statement is the document the United States Securities and Exchange Commission (the “SEC”) requires be provided to you in order to explain the matters on which you are asked to vote. A proxy card is the form by which you may authorize someone else, and in this case, Mr. Cubbin, Ms. Spaun or Mr. Costello, to cast your vote for you. This proxy statement and proxy card with respect to the Company’s 2013 Annual Meeting were mailed on or about April 16, 2013 to all shareholders entitled to vote at the Annual Meeting.

3. Who is entitled to vote?

Only holders of shares of the Company’s common stock at the close of business on March 21, 2013 (the “Record Date”) are entitled to vote at the Annual Meeting. Each shareholder of record has one vote for each share of common stock for each matter presented for a vote.

4. What will I vote on at the Annual Meeting?

At the Annual Meeting, shareholders will vote upon:

1.

Election of David K. Page and Herbert Tyner for a three-year term expiring in 2016, or, in each case, until the earlier election and qualification of such director's successor;

2. Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm;

3. An advisory vote on the Company's 2012 executive compensation; and

4. Any other business that is properly submitted before the Annual Meeting or any adjournments of the Annual Meeting.

5. How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends a vote FOR each proposal.

6. How can I vote?

You can vote in person or by proxy. To vote by proxy, complete, sign, date and return the enclosed proxy card in the enclosed envelope. If you returned your signed proxy card to the Company before the Annual Meeting, the persons named as proxies on the card will vote your shares as you direct. Shares represented by proxies that are marked "WITHHELD" to vote for all two nominees for director, or for any individual nominee(s) for election as director(s) and which are not otherwise marked "FOR" the other nominees will not be counted in determining whether a plurality vote has been received for the election of directors. Similarly, shares represented by proxies, which are marked "ABSTAIN" on the proposals 2 and 3 will not be counted in determining whether the requisite vote has been received for such proposal. IF YOU WISH TO VOTE IN THE MANNER THE BOARD OF DIRECTORS RECOMMENDS, IT IS NOT NECESSARY TO SPECIFY YOUR CHOICE ON THE PROXY CARD. SIMPLY SIGN, DATE AND RETURN THE PROXY CARD IN THE ENCLOSED ENVELOPE. You may revoke a proxy at any time before the proxy is voted by:

(i) Providing written notice of revocation to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Shareholders on the first page of this statement;

(ii) Submitting another proxy that is properly signed and dated later; or

(iii) Voting in person at the meeting (but only if the shares are registered in the Company's records in your name and not in the name of a broker, dealer, bank or other third party).

7. Is my vote confidential?

Yes, your vote is confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the votes have access to your proxy card. All comments received will be forwarded to management on an anonymous basis unless you request that your name be disclosed.

8. What is a quorum?

There were 49,887,200 shares of the Company's common stock outstanding on the Record Date. A majority of the outstanding shares entitled to be cast, or 24,943,601 shares, present or represented by proxy, constitute a quorum. A quorum must exist to conduct business at the Annual Meeting. Abstentions and broker non-votes are counted as votes present for purposes of determining whether there is a quorum. A broker non-vote is a proxy a broker submits that does not indicate a vote for the proposal, because the broker does not have discretionary voting authority and the broker did not receive instructions as to how to vote on the proposal.

9. How does voting work?

If a quorum exists at the Annual Meeting, a plurality vote, being the greatest number of the shares voted, although not a majority, is required to elect the two nominees for director. The two nominees receiving the highest number of votes will be elected. If a quorum is present, the affirmative vote by the holders of a majority of the votes cast in person or by proxy is required to approve proposals 2 and 3. Abstentions and broker non-votes are not votes cast. Therefore, an abstention and a broker non-vote will have no effect on the proposal to elect the two nominees for director or to approve proposals 2 and 3.

The Company will vote properly executed proxies it receives prior to the Annual Meeting in the way you direct. If you do not specify instructions, the shares represented by proxies will be voted FOR the nominees for director and FOR the approval of proposals 2 and 3. No other proposals are currently scheduled to be presented at the meeting.

10. Who pays for the costs of the Annual Meeting?

The Company pays the cost of preparing and printing the proxy statement, proxy card and soliciting proxies. The Company will solicit proxies primarily by mail, but also may solicit proxies personally and by telephone, facsimile or other means. Officers and regular employees of the Company and its subsidiaries also may solicit proxies, but will receive no additional compensation for doing so, nor will their efforts result in more than a minimal cost to the Company. The Company also will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their out-of-pocket expenses for forwarding solicitation material to beneficial owners of the Company's common stock.

11. What other information is available about Meadowbrook Insurance Group, Inc.?

The Company maintains a corporate website, www.meadowbrook.com, where the Company makes available, free of charge, copies of its Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and any amendments to those reports, as soon as reasonably practicable after they are filed. 12. When are shareholder proposals for the 2013 Annual Meeting due?

All shareholder proposals to be considered for inclusion in next year's proxy statement under SEC Rule 14a-8 must be submitted in writing to the Secretary of the Company at the address shown on the Notice of Annual Meeting of Shareholders on the first page of this booklet by December 17, 2013.

For any proposal that is not submitted for inclusion in next year's proxy statement but instead is sought to be presented directly at next year's annual meeting, SEC rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before March 2, 2014 and advises shareholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) does not receive notice of the proposal prior to March 2, 2014.

The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

THE FIRST PROPOSAL ON WHICH YOU ARE VOTING
THE ELECTION OF TWO DIRECTORS

The Company's Board of Directors is divided into three classes with each class of directors elected to a three-year term of office. At each annual meeting of shareholders, the shareholders elect one class of directors for a three-year term to succeed the class of directors whose term of office expires at that meeting. As described below, at the Annual Meeting, proxies can only be voted for two nominees.

This year you are voting on two candidates for director. The Company's Board of Directors, acting upon the recommendation of its Governance and Nominating Committee, has nominated: David K. Page and Herbert Tyner as directors with terms expiring in 2016. Each nominee currently serves as a director, has consented to his nomination and has agreed to serve as a director, if elected.

Merton J. Segal has decided to retire from the Board of Directors effective May 17, 2013; and therefore, will not stand for re-election to the Board of Directors. As a result, there is currently a vacancy on the Board. The Governance and Nominating Committee plans to nominate a replacement candidate to be appointed in accordance with applicable law and the Company's governing documents.

If any of the nominees is unable to stand for election, the Company may vote the shares to elect a substitute nominee, who is nominated by the Board, or the number of directors to be elected at the Annual Meeting may be reduced.

The Company's Board recommends a vote FOR each of the nominees.

CORPORATE GOVERNANCE

Board Matters

In 2012, the Board of Directors met ten times and the Committees of the Board held sixteen additional meetings. During 2012, each of the directors attended (in the aggregate) at least 75% of the total number of meetings of the Board of Directors and the total number of meetings held by all the Committees of the Board upon which he/she served.

It is the policy of the Board of Directors to encourage attendance by its members at all meetings of the Board and Committees of the Board and the Annual Meeting of Shareholders. Five of the eleven members of the Board of Directors attended the 2012 Annual Meeting of Shareholders.

Board Leadership Structure and Risk Management Oversight

The Board of Directors has adopted governance guidelines to assist with fulfilling its duties and responsibilities to the Company and its shareholders. These guidelines are intended to ensure the Board of Directors has the necessary authority and procedures in place to review and evaluate the Company's business operations, make decisions that are independent of the Company's management, and align the Company's directors and management interests with those of the Company's shareholders. While the Company's bylaws do not formerly require a separation of the Chairman of the Board and Chief Executive Officer positions, these positions are currently and will be held by different people. The Company believes that separation of these two positions provides for appropriate oversight and review of management performance. In addition, it allows for an independent and objective assessment of agenda items to be considered at board or committee meetings. For 2012, the Company did not select a lead director; however, David K. Page was appointed to chair executive sessions of the Board of Directors. The Board of Directors has a practice of generally conducting executive sessions at each of the regularly scheduled Board and Committee meetings. The Board of Directors conducts executive sessions with the Chief Executive Officer, along with other executive officers as it deems appropriate and necessary. Also, the Audit Committee conducts executive sessions with the Company's Chief Executive Officer, Chief Financial Officer, Chief Actuary, Director of Corporate Audit and General Counsel.

The Board of Directors is responsible for oversight of the Company's risk management process. Each quarter, the Board of Directors receives an updated risk assessment, as well as an enterprise risk management report with respect to the Company's approach to the management of significant risks, including monitoring and mitigation efforts, where applicable. Management has responsibility to identify, assess, and manage the risks relating to the Company's strategy and business objectives. These efforts, along with the Board of Directors' oversight, are reviewed and discussed at each regular board meeting. The Board of Directors is authorized to retain, if necessary, risk management consultants to assist the Board of Directors in this process. While the Board of Directors has the primary responsibility, other committees of the Board of Directors also have the role in the process as outlined by each of their respective Charters. The Board of Directors with assistance of the Audit Committee is responsible for reviewing, assessing and monitoring the significant risks or exposures in the accounting and financial reporting areas of the Company and assuring that management has implemented the appropriate monitors to control such risks, as well as minimize the Company's risk exposure. The Compensation Committee is responsible for adopting compensation policies that increase shareholder value, avoid undue risk taking by the Company, appropriately reward executives and employees for performance and assure that the Company's compensation policies and practices are adequately disclosed to the public. The Governance and Nominating Committee is responsible for overseeing matters relating to the nomination, selection and evaluation of its directors, reviewing and approving any related-party transactions, as well as assuring that the Company has an effective corporate governance policy, which complies with the current rules of the New York Stock Exchange and SEC. The Capital Strategy & Acquisition Committee is responsible for the Company's capital strategy, mergers and acquisitions and developing an investment policy that ensures the Company's investment portfolio is aligned with the risk profile of the Company.

Independence Determination

The Board of Directors has determined that Messrs. Greenberg, Naftaly, Page, Sturgis, Thal, Tyner, Fix, Maffett and Ms. Mark are independent, in accordance with the New York Stock Exchange's independence standards, as modified or supplemented, and these directors have no other relationship that would impair such independence.

Executive Sessions

Executive sessions of non-management directors were held at four of the six regularly scheduled meetings of the Board of Directors, as well as all meetings of the Audit, Governance and Nominating, Compensation and Capital Strategy and Acquisition Committees. Executive sessions are presided over by the Chairman of each Committee, with

David K. Page presiding over the executive sessions of the Board of Directors.

Audit Committee

The Audit Committee is responsible for reviewing the services of the Company's independent registered public accounting firm and third-party actuaries, consults with the accountants and actuaries, reviews the financial statements and loss reserves of the Company and internal controls of the Company and monitors the Corporate Audit Department of the Company. The Audit Committee also assists the Board of Directors with developing and implementing policies that govern how the Company identifies, evaluates, monitors and minimizes risk. The Audit Committee members are: Bruce E. Thal (Chairman), Robert F. Fix, Robert H. Naftaly, Jeffrey A. Maffett, and Robert W. Sturgis. The members of the Audit Committee satisfy the independence and experience requirements established by the New York Stock Exchange. In addition, the Board of Directors has determined that Chairman, Bruce E. Thal, qualifies as a "financial expert," as defined by the SEC. The Audit Committee met four times in 2012. The Audit Committee Report is set forth later in this proxy statement.

Compensation Committee

The Compensation Committee is responsible for assuring that our named executives are appropriately compensated in relation to their duties, responsibilities and performance and that executive compensation plans are aligned with long-term shareholder value and are designed so as to avoid undue risk to the Company. The Compensation Committee's Charter authorizes the Compensation Committee to review and approve the goals and objectives for the Chief Executive Officer, evaluate his or her performance and approve his or their compensation. The Compensation Committee recommends to the Board of Directors the base salary levels, bonuses and equity compensation for the Chief Executive Officer. In addition, the Compensation Committee approves the guidelines to determine salary levels, bonuses and equity compensation for other executive officers and managers of the Company. The Compensation Committee reviews and makes recommendations with respect to the Company's compensation plans and is responsible for administering any equity awards under the Company's 2002 Amended and Restated Stock Option Plan, the 2009 Equity Compensation Plan and the Long Term Incentive Plan. All members of the Compensation Committee satisfy the independence requirements established by the New York Stock Exchange. The Compensation Committee has authority to directly retain outside consultants of its selection to assist with the development of the Company's compensation and benefits programs. The Compensation Committee has retained Pay Governance to review and assess the Company's compensation policies and plans. The Compensation Committee members are Robert H. Naftaly (Chairman), Hugh W. Greenberg, David K. Page, Herbert Tyner and Florine Mark. The Compensation Committee met three times in 2012. The Compensation Committee Report is set forth later in this proxy statement.

Governance and Nominating Committee

The Governance and Nominating Committee reviews the criteria for the selection of senior executives and directors of the Company. The Governance and Nominating Committee reviews the performance of the directors and recommends directors for election to the Board. The Governance and Nominating Committee monitors compliance with the Company's Compliance Code of Conduct and Business Ethics Policy, as well as other corporate governance policies. The Governance and Nominating Committee also reviews and approves any related-party transactions involving the Company and its directors and officers. The Governance and Nominating Committee members are Hugh W.

Greenberg (Chairman), Jeffrey A. Maffett, Florine Mark, Herbert Tyner and Bruce Thal. The Governance and Nominating Committee met two times in 2012.

The Charter for the Governance and Nominating Committee is available to shareholders on the Company's website, at www.meadowbrook.com. Each member of the Governance and Nominating Committee is independent as defined in the New York Stock Exchange's independence standards, as those standards have been modified or supplemented, and these Directors have no other relationship that would impair their independence.

The Governance and Nominating Committee will consider director candidates recommended by shareholders. Such recommendations must be made pursuant to timely notice in writing to:

Meadowbrook Insurance Group, Inc.
26255 American Drive
Southfield, Michigan 48034-2438
Attention: Governance and Nominating Committee

The Governance and Nominating Committee has not established specific minimum qualifications or skills for directors to possess. The Governance and Nominating Committee uses a subjective process for identifying and evaluating nominees for director, based upon the information available to members of the Governance and Nominating Committee and the current needs of the Company. While the Governance and Nominating Committee does consider diversity as one of several criteria for eligibility, the Company has not adopted a formal diversity policy. The Governance and Nominating Committee does not believe there would be any difference in the manner in which it evaluates nominees based on whether the nominee is recommended by a shareholder or director. Historically, nominees have been the existing directors or persons with significant management, insurance, accounting, actuarial, legal, banking, investment or business experience.

Capital Strategy and Acquisition Committee

The Capital Strategy and Acquisition Committee is responsible for assisting the Board of Directors with its oversight of the Company's capital structure and strategies, financing alternatives and relationships, mergers, acquisitions, divestitures and investment policy and portfolio. The Committee met seven times in 2012. The members of the Committee are David K. Page (Chairman), Robert W. Sturgis, Robert H. Naftaly, Merton J. Segal and Robert F. Fix.

Compliance Code of Conduct

The Company has adopted a Compliance Code of Conduct and Business Ethics Policy (the "Code of Conduct") that applies to all of its employees, officers and directors, including its principal executive officer, principal financial officer, chief accounting officer or persons performing similar functions. Annually, the Company reviews it for any amendments, which thereafter would be reviewed and approved by the Governance and Nominating Committee and the Board of Directors. No revisions were made in 2012.

The Company's Code of Conduct contains written standards that are intended to deter wrongdoing and promote:

Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

Full, fair, accurate, timely, and understandable disclosures in reports and documents that we file with, or submit to, the SEC and in other public communications we make;

Compliance with applicable governmental laws, rules and regulations;

Prompt internal reporting of violations of the Code of Conduct to an appropriate person;

Accountability for adherence to the Code of Conduct; and

Whistleblower Policy.

The Company has also posted the Code of Conduct on its website at www.meadowbrook.com. The Company will provide a copy of the Code of Conduct to any person, without charge and upon request. Requests for a copy of the Code of Conduct, Board Governance Guidelines or Committee Charters should be made to the Secretary of the Company at 26255 American Drive, Southfield, Michigan 48034. The Company intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or a waiver from, a provision of our Code of Conduct that applies to our principal executive officer, principal financial officer, controller or persons performing similar functions and that relates to any element of the code definition enumerated in SEC, Regulation S-K, Item 406(b) by posting such information on our website at www.meadowbrook.com within four business days following the date of the amendment or waiver. To date, no such waivers have been made.

Whistleblower Policy

In addition, the Company has a Whistleblower Policy, which allows employees to anonymously report suspected unethical or illegal conduct on the part of employees. Employees have access to a 24 hour a day service, 7 days a week where they can report legal or ethical concerns, including, without limitation, concerns about accounting, internal controls or other audit matters. Individuals may choose to remain anonymous to the extent allowed by law. The Company prohibits retaliatory actions against anyone, who in good faith, avails himself or herself of the anonymous reporting service. The Company's Whistleblower line is serviced by a third-party vendor of the Company. All reports are sent to the Audit Committee Chairperson and investigated by the Compliance Officer, who reports the results of the investigation to the Audit Committee of the Board of Directors for further action.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is a current or former employee of the Company or any of its subsidiaries. No member of the Compensation Committee had any relationship with the Company, which would have required disclosure in this Proxy Statement under the caption Certain Relationships and Related Party Transactions. No executive officer of the Company served on the Compensation Committee or as a director of any other entity whose executive officer(s) served on the Company's Compensation Committee or Board of Directors.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

The compensation discussion and analysis set forth below provides an explanation of the Company's compensation programs, including the objectives of such programs and the rationale for each element of compensation, for our named executive officers, which includes our President & Chief Executive Officer, Robert S. Cubbin, our Senior Vice President - Chief Financial Officer, Karen M. Spaun, and our other three most highly compensated executive officers, Executive Vice President, Christopher J. Timm, our Senior Vice President - General Counsel & Secretary, Michael G. Costello and our Senior Vice President – Field Operations, James M. Mahoney. The discussion is divided into the following sections:

I.	Executive Summary
II.	Compensation Objectives
III.	Role of Compensation Committee, Compensation Consultant and Management
IV.	Elements of Total Compensation
V.	Factors Considered When Determining Total Compensation
VI.	2012 Compensation Decisions

I. Executive Summary

The objectives and major elements of the Company's executive compensation program did not materially change from 2011 to 2012. While the Company regularly reviews our compensation programs, we believe in a compensation program and philosophy that creates long-term shareholder value, as well as effectively attracts, motivates and rewards performance, and promotes retention of senior management. The Company continues to provide our named executive officers with total annual compensation that includes a base salary and performance-based annual cash incentive awards. Also, executives are eligible for long-term equity-based incentive awards that include both a service and performance-based component. The Company also provides our executives with severance and health and welfare benefits. The Company's executive compensation program continues to emphasize performance-based pay. A significant portion of each executive's total annual compensation is at risk and is dependent upon the Company's achievement of specific, measurable performance goals. The Company's performance-based pay is designed to further align our executive officers' interests with those of our shareholders and is intended to promote the creation of shareholder value, without encouraging excessive risk-taking. In addition, our equity program rewards long-term stock performance.

The 2012 pay decisions are commensurate with our review of market competitive practices and our performance results for incentive periods ending in 2012. A summary of the pay actions is presented below; additional details about the pay plans and analysis of decisions are presented in the subsequent sections.

The named executive officers received a salary increase because the Company achieved certain of its financial objectives, as well as a substantial portion of its operational goals. in 2011. Also, certain of the named executive officers received an increase because additional responsibilities were assumed by these officers in May, 2012. No Annual Bonus Plan awards were paid since our performance was below the required financial goals established under our 2012 Annual Bonus Plan.

Participants in the Long-Term Incentive Plan were eligible to receive 30% of their award opportunity based on continued service through December 31, 2012, while the remaining 70% of their award opportunity was based on the achievement of targeted financial performance goals. Because the Company did not achieve the targeted financial goals, the 70% performance component of the 2012 Long-Term Incentive Plan was not funded.

Our 2012 Annual Bonus Plan included several financial, performance, as well as operational goals and objectives. While the Company met certain of its performance and operational goals and objectives, the Company did not achieve its goals for net operating income, net operating income per share, return on beginning equity and targeted combined ratio.

The following table illustrates the performance target and guidelines established under the 2012 Annual Bonus Plan, along with the actual results:

2012 Performance Target	Target Goals:	Actual Results:
Net operating income (loss)*	\$55.3 million	(\$28.4 million)
2012 Performance Guidelines	Guideline Goals:	Actual Results:
Earnings per share net operating income (loss)*	\$1.08	(\$0.57)
Margin over after-tax book yield	6.3%	Not achieved
Return on beginning equity	9.3%	Not achieved
Combined ratio (or less)	96.9%	111.4%
Tangible Book Value	\$569.6 million	\$409.0 million
Gross written premium leverage ratio (should not exceed)	2.42 to 1	2.50 to 1

*Net operating income (loss) and net operating income (loss) per share are non-GAAP measures that represent net income (loss) excluding net realized gains or losses, net of tax. The most directly comparable financial GAAP measures to net operating income (loss) and net operating income (loss) per share are net income (loss) and net income (loss) per share, respectively.

In further evaluating the Company's performance, the Compensation Committee also considered several objectives for 2012. Namely, the Compensation Committee believed the continued integration of ProCentury Corporation has enabled the Company to further leverage new business opportunities and expenses, as well as help maintain the Company as a significant excess and surplus carrier in the marketplace. The Compensation Committee acknowledged the Company's further development of several new programs, products and initiatives (aviation, professional liability, surety, marine and umbrella), which the Compensation Committee believes will help contribute to the Company's growth expectations for 2012 and beyond. The Compensation Committee also acknowledged various information technology initiatives, such as, agent connectivity, data warehouse, policy and claim workflow projects intended to improve the efficiencies of the Company. The Compensation Committee also noted the Company's review, consideration and declination of several acquisition and new business opportunities, which did not meet the Company's accretion and/or profit expectations. The Company maintained its compliance with Section 404 of the Sarbanes-Oxley Act of 2002, as well as continued to integrate its enterprise risk management process within the Company's operations. Notwithstanding these achievements, the Company's AM Best Rating of "A-" was placed under view with negative implications. The Company completed several actions (such as, terminated underperforming programs, increased statutory surplus of its insurance companies through realization of capital gains, entered into a quota share reinsurance agreement and completed a \$100 million convertible debt offering) in an effort to maintain its "A-" rating of AM Best. A more detailed discussion of the 2012 compensation decisions is included under 2012 Compensation Decisions – Annual Bonus.

II. Compensation Objectives

Our compensation policy for the Company's named executive officers is intended to promote, attract and retain a talented pool of management, encourage continued performance and attainment of corporate and personal goals, as well as, further promote our success by aligning the executive officers' financial interests with long-term shareholder value.

We believe these objectives are accomplished by providing our executives with a competitive mix of short and long-term compensation, by rewarding excellent performance, and by linking a significant portion of each officer's compensation to specific, measurable performance goals.

III. Role of Compensation Committee, Compensation Consultant and Management

Compensation Committee

The Compensation Committee of the Board is, among other things, authorized by its Committee Charter (the “Charter”) to assure that the Company’s management is appropriately compensated in relation to their duties, responsibilities, performance and that executive compensation plans are aligned with long-term shareholder value and do not expose the Company to undue risk. The Charter authorizes the Compensation Committee to review the budget of the Company, as well as the annual performance goals and objectives for the Company, Chief Executive Officer and its executive officers, evaluate the Chief Executive Officer’s performance in relation to the goals and objectives and approve his compensation (base salary, annual bonus, long-term incentive or other equity awards). The Compensation Committee is responsible for reviewing recommendations made by the Chief Executive Officer relating to the compensation of the principal executive officers who report to the Chief Executive Officer. In addition, the Compensation Committee is responsible for the administration of our annual bonus plan, long-term incentive plan, as described below, as well as other equity-based compensation. Finally, the Compensation Committee is authorized to periodically review our compensation philosophy relating to salaries, bonuses, long-term incentives and other equity-based compensation paid to our senior management so as to assure the Company remains competitive with similar companies in the insurance industry. The Compensation Committee is authorized by its Charter to retain a compensation consultant to assist the Compensation Committee with the performance of its duties.

Compensation Consultant

The Compensation Committee has utilized Pay Governance as its independent compensation consultant. Pay Governance advises the Compensation Committee with regard to the general competitive landscape and trends in compensation and executive and director compensation matters, including (i) competitive market-based salary and incentive compensation for executive officers, as well as for director compensation, (ii) incentive plan design, (iii) performance metrics, (iv) peer group selection, and (v) updates on market practices and trends in executive and director compensation. Pay Governance periodically attends meetings of the Compensation Committee and participates in the Committee’s executive sessions, as well. Pay Governance is directly accountable to the Compensation Committee and the Committee retains Pay Governance for such compensation advice and reviews all fees paid. Pay Governance’s last substantial review of the Company’s compensation plans was completed in 2011. The Compensation Committee has assessed the independence of Pay Governance pursuant to the rules of the Securities and Exchange Commission and concluded that Pay Governance’s work for the Compensation Committee does not raise any conflicts of interest.

Role of the CEO in Determining Executive Compensation

While the Compensation Committee has the responsibility to approve and monitor all compensation for our named executive officers, our CEO also plays an important role in determining executive compensation. At the Compensation Committee’s request, our CEO assists the Compensation Committee by providing his evaluation of the performance of the executive officers who report directly to him, and recommends compensation levels for such officers based on such performance evaluation.

Officer Stock Ownership Guidelines

The Company has adopted the following stock ownership guidelines for its executive officers: (i) CEO- 5x times his or her salary; (ii) 3x - times salary for both the Chief Financial Officer and General Counsel; and (iii) 2x times salary for all other executive officers.

IV. Elements of Total Compensation

The table below summarizes the elements of our total compensation program.

Compensation Element	Key Features
Base Salary	<p>Base salary is designed to provide a level of assured cash compensation sufficient, together with performance based incentives, to motivate executives to perform at a consistently high level. Base salary is established based on various criteria consisting of level of responsibility, corporate performance, personal contribution to our success, experience, expertise and market data for our competitors in the insurance industry. Generally, we believe executive base salaries should be set within the competitive range of salaries for executives in similar positions at comparable companies. For an experienced, consistent performing executive, the Committee has established as a general guideline plus or minus ten percent of the market median for similar positions. Generally, base salaries are reviewed in conjunction with an independent review performed by our compensation consultant, which for the last several years has been every other year. The last review was performed in 2011. Merit increases or adjustments are awarded based on such review and the achievement of corporate and individual performance objectives as well as for changes in the scope of an executive's responsibilities. See VI. 2012 Compensation Decisions-Base Salary below for a discussion of our 2012 salary decisions.</p>
Annual Bonus Plan	<p>The Company's Annual Bonus Plan, which provides performance-based cash bonuses, has been adopted to incentivize our executive officers and other members of management to achieve our corporate performance objectives. Criteria for determining the named executive officers' annual incentive bonus includes achievement of corporate financial performance goals and objectives, corporate operational performance, personal contribution to our success, and individual performance.</p> <p>The Annual Bonus Plan is funded based upon the achievement of growth in net after-tax earnings from one year to the next with amounts allocated to executives as determined in the discretion of the Compensation Committee and the Board of Directors, which primarily considers individual and team performance. Each year, the Compensation Committee and our Board of Directors establish a new target based upon prior year performance and the forecasted performance levels anticipated for the following year. If the minimum threshold is met, the Annual Bonus Plan is funded from 0% up to a maximum cap of 120% of the targeted bonus pool. The amount of the bonus pool is established by aggregating the individual targets for each participant, which is a percentage of the employee's salary. An employee's actual award may be above or below his or her target based upon achievement of corporate performance objectives and the employee's individual performance for the year. The target awards for the named executive officers are reviewed and established by the Compensation Committee as a part of our competitive benchmarking study, which is performed by the Company's compensation consultant.</p> <p>At the end of the year, the Compensation Committee and the Board of Directors review our performance in relation to the pre-determined performance targets and then finalize the total bonus pool available to pay cash bonuses to the executive officers and the management team based upon achievement of our corporate goals and individual performance. Ultimately, all targets, as well as actual awards are reviewed and approved by the Compensation Committee and the Board of Directors. See VI. 2012 Compensation Decisions-Annual Bonuses below for a discussion of our 2012 Annual Bonus Plan decisions.</p>

Compensation Element	Key Features
Long -Term Incentive Plan (LTIP)	<p>The Company provides the opportunity for our named executive officers and other executives to earn a long-term incentive award under the LTIP. The LTIP is intended to provide an incentive to management to improve performance of the Company, thereby increasing long-term shareholder value. In 2012, the Company established an annual LTIP program. Participants are not eligible for any award under the 2012 LTIP, until after the end of the performance period, or December 31, 2012. The 2012 LTIP included both a performance and service component. Seventy percent (70%) of a participant's award opportunity was based upon achieving targets for return on beginning equity, margin over after-tax book yield, combined ratio, net operating income, earnings per share, net operating income, tangible book value, leverage ratio and maintenance of our AM Best rating. The remaining thirty percent (30%) of a participant's award opportunity was based upon the service of the participant during the performance period. All awards were to be settled in Company stock. Twenty percent (20%) of a participant's award would vest and be paid by March 1 of the year following the end of the performance period with the remaining eighty percent (80%) vesting over the next four years. Any unvested award is subject to forfeiture if the participant voluntarily leaves without good reason, or is discharged for cause. The award would be issued under the terms and conditions of our 2009 Equity Compensation Plan. The number of shares of common stock is based upon the closing stock price on the date the LTIP is approved by the Compensation Committee and Board of Directors. An executive's target award, which is a percentage of his or her salary, is established at the beginning of the performance period. The Chief Executive Officer and the executive officers award payouts are capped at 160% of their respective salaries. All actual awards under the LTIP are reviewed and approved by the Compensation Committee and the Board of Directors before distribution. Each executive's target was established by the Compensation Committee as a part of our competitive market-based study, which was performed by the Company's compensation consultant. See VI. 2012 Compensation Decisions-Long-Term Incentive Plan below for a discussion of our 2012 LTIP decisions.</p>
Restricted Stock	<p>In addition to the above, the Company's variable compensation plans also provide for the granting of stock awards under our 2009 Equity Compensation Plan, which are intended to further the interests of our shareholders by attracting, retaining, and motivating key management. The plans provide for the grant of restricted stock awards.</p> <p>The Compensation Committee has authorized the use of stock awards to the named executive officers and certain other member of executive management. Issuance of stock awards is in the discretion of the Committee and Board of Directors. To be eligible, the Company must achieve its targeted growth in after-tax-earnings on a year over year basis, as well as substantially meet its corporate goals and objectives for the year. Issuance of stock awards is in the sole discretion of the Compensation Committee. Awards vest over a 4 year period and are subject to forfeiture in the event of a voluntary termination or a termination for cause. Other than awards granted pursuant to the LTIP, during 2012, the Compensation Committee did not grant any restricted stock awards to our named executive officers.</p>
Retirement Benefits	<p>The Company provides retirement benefits to our named executive officers to encourage retirement savings in a tax-efficient manner and encourage retention. Retirement benefits are provided under our 401(k) Profit Sharing Plan covering all eligible employees and through our Executive Nonqualified Excess Plan (the "Excess Plan").</p>

Compensation Element	Key Features
	<p>The Company's Excess Plan is intended to be a nonqualified deferred compensation plan. The Excess Plan allows eligible employees, including the named executive officers, to defer receipt of current compensation in order to save for retirement and other needs, as provided for in the Excess Plan. Deferred amounts are credited with earnings or losses based on the rate of return of funds selected by the participants in the plan. The Excess Plan is intended to be an unfunded plan maintained primarily for the purpose of providing deferred compensation benefits for eligible employees. While the Company does not contribute to participants' accounts under the Excess Plan, it does provide for a \$250,000 life insurance benefit to participants who satisfy the eligibility requirements for minimum funding by the participant and continued employment. Participants may defer up to 100% of salary and bonus payments. Distributions are made in either a lump sum or installments over a period not to exceed five years as chosen by the executive at the time of the deferral.</p>
Health & Welfare Benefits	<p>The Company provides market competitive health and welfare benefits to executives and their dependents to promote healthy living. Health and welfare benefits, including medical, dental, vision, life and disability coverage, are available to all employees.</p>
Severance	<p>The Company has severance arrangements with our Chief Executive Officer, the named executive officers and other executive officers, which are provided through their employment agreements, the terms of which are described in detail in this proxy statement. The purpose of our severance arrangements is to provide a measure of financial security in the event an executive's employment is terminated without cause and to encourage retention and dedication by our named executive officers.</p>
Executive Perquisites	<p>The Company provides the opportunity for our named executive officers to receive certain perquisites, such as automobile allowances and reimbursement for club membership dues. In addition, our named executive officers, as well as other employees, may occasionally receive tickets to sporting events or entertainment for personal use if the tickets are not needed for business use, for which we do not incur incremental costs. These benefits are provided as an additional incentive for our executives and to remain competitive within the marketplace for such talent. These perquisites are described in the Summary Compensation Table in this proxy statement.</p>

V. Factors Considered When Determining Total Compensation

Meadowbrook Peer Group Compensation — our Starting Point. When making compensation decisions, we review the target compensation of our CEO and other named executive officers relative to the target compensation of similarly-situated executives among insurance companies. This practice is often referred to as “benchmarking.” We believe benchmarks are helpful and provide an initial point of reference. Although we also use the other factors set forth below in reviewing compensation, competitive benchmarking is a starting point in our evaluation of total executive compensation.

The Compensation Committee is provided market-based data compiled by its independent compensation consultant and our human resources department. This comparative information provides a basis for the evaluation of the target compensation provided to our named executive officers. Market target compensation data was gathered from the Towers Watson Survey Report on Top Management Compensation and Insurance Industry Management Personnel Compensation, as well as the United States Mercer Benchmark Database Executive Survey for 2010-2011. Compensation data was gathered from these surveys for similar positions at comparably-sized property and casualty insurance companies with market data regressed based upon the Company’s premiums and assets. Each compensation survey included thirty to seventy participating insurance companies. The Compensation Committee then reviews the market-based data together with each officer’s job responsibilities and individual performance, internal pay equity, and performance against pre-established targets in making compensation decisions.

The Compensation Committee generally sets total compensation targets for our executives, including base salary, performance-based annual incentives, and long-term equity awards, within a competitive range (plus or minus ten percent) of the market median for the position. However, because comparative data is just one of several inputs that are used in determining executive officer compensation, pay may vary from the targeted level (generally, market median) based on various factors, including:

the level of achievement of our pre-established performance goals,

our performance against our peer group,

individual performance,

scope or change in job responsibilities,

competitive pressures for that position within the industry,

internal equity considerations, and

the executive’s industry experience and tenure.

The Company may also have deviated from the above guidelines in limited circumstances, which have included when an employee was hired at a higher compensation level because of market conditions, the employee has assumed greater responsibilities than originally anticipated or the employee was hired as a part of an acquisition and an inherited employment agreement had previously established that employee’s compensation.

Meadowbrook’s Proxy Peer Group. The Compensation Committee reviews Meadowbrook’s peer group to ensure that the companies selected are appropriate. The peer group is used to review executive officer and director compensation. Regarding executive officer compensation, the peer group is used to benchmark CEO pay level and executive pay plan practices, such as annual and long-term incentive plan design. The list below presents the peer group used by the

Compensation Committee for CEO pay comparisons and reviewing incentive plan designs. The peer group consisted of twenty companies, comprising companies similar in size and revenue to the Company.

AmTrust Financial Services, Inc.	Infinity Property & Casualty
Argo Group International, Ltd.	Mercer Insurance Group, Inc.
CNA Surety Group	Navigators Group, Inc.
Donegal Group, Inc.	One Beacon Insurance Group, Ltd.
EMC Insurance Group, Inc.	ProAssurance Group, Inc.
Employers Holdings, Inc.	RLI Corp.
First Mercury Financial Corp.	Safety Insurance Group
Hallmark Financial Services, Inc.	Selective Insurance Group
Harleysville Group, Inc.	State Auto Financial Corp.
HCC Insurance Holdings, Inc.	Tower Group, Inc.

Internal Pay Equity. We also believe that our executive compensation program must be internally consistent in order to motivate our employees as a whole to create shareholder value. We are committed to internal pay equity and our Compensation Committee monitors, on an annual basis, the relationship between the compensation of our named executive officers, other management levels and the compensation of our non-managerial employees.

VI. 2012 Compensation Decisions

Base Salary

In 2011, the Compensation Committee used Pay Governance to analyze our executive's compensation. This review included an analysis of the Company's peer group, as well as the duties and responsibilities of the named executive officers. Generally, such reviews are completed every other year. The next review will be conducted in 2013.

In February 2012, the Compensation Committee reviewed the performance of the Company, as well as that of the named executive officers. While the Company did not meet its 2011 targeted goals for return on beginning equity, earnings per share on net operating income, combined ratio on net operating income, it did substantially achieve its targeted goals for gross written premium, net earned premium, leverage ratios, net investment income and net commissions and fees, as well as substantially achieved its operational goals relating to capital strategy, acquisitions, implementation of new programs and development and implementation of additional products, compliance with the Sarbanes Oxley Act of 2002, enterprise risk management and IT program implementation. For these reasons, the Compensation Committee in February 2012 approved a salary increase of 7.1% to Robert S. Cubbin, a 1.8% increase to Christopher J. Timm, a 3.6% increase to Michael G. Costello, a 3.6% increase to Karen M. Spaun and a 3.5% increase to James M. Mahoney.

Subsequently, the Company's Senior Vice President of Insurance Operations resigned from the Company. This officer was responsible for insurance company operations, corporate claims, premium audit, business development, reinsurance and underwriting. Instead of replacing this position, the Company assigned his former duties to certain of the named executive officers. Mr. Cubbin was assigned the responsibility for information technology and business development; Mr. Costello assumed responsibility for corporate claims; Mr. Mahoney assumed responsibility for corporate underwriting within our admitted lines of business, premium audit and reinsurance; and Mr. Timm assumed a more significant corporate underwriting and information technology role within the Company. For assuming these additional duties, the Compensation Committee approved increases to the salaries to Messrs. Costello, Timm and Mahoney. Each officer received a salary increase of \$30,000 effective July 30, 2012. Mr. Cubbin received no salary increase for his additional responsibilities.

Annual Bonuses

In February 2012, the Compensation Committee and the Board of Directors, established target bonus awards based as a percentage of salary for each named executive officer. Mr. Cubbin's target was 80%, while the target was 50% for the other named executive officers. These targets remained unchanged from 2011. The Committee is responsible for evaluating the performance of the Chief Executive Officer, while the Chief Executive Officer evaluates the individual performance of the other named executive officers and provides individual recommendations to the Committee with respect each named executive officer's award.

For 2012, the Company established seven financial performance targets for the Company, which were used to assess the performance of the Chief Executive Officer as well as each of the named executive officers. Generally, the goals and objectives are guidelines with the exception of net operating income. The Company's flexible business model provides diversification in revenue sources to manage through various cycles of the insurance market, while maintaining a focus on underwriting discipline and net operating profits as opposed to top-line growth. The performance goals included financial, operational and entity-wide control objectives.

The following table illustrates the performance target and guidelines for 2012, along with the actual results:

2012 Performance Target	Target Goals:	Actual Results:
Net operating income (loss)*	\$55.3 million	(\$28.4) million
2012 Performance Guidelines	Guideline Goals:	Actual Results:
Earnings per share net operating income (loss)*	\$1.08	(\$0.57)
Margin over after-tax book yield	6.3%	Not achieved
Return on beginning equity	9.3%	Not achieved
Combined ratio (or less)	96.9%	111.4%
Tangible Book Value	\$569.6 million	\$409.0 million
Gross written premium leverage ratio (should not exceed)	2.42 to 1	2.50 to 1

*Net operating income (loss) and net operating income (loss) per share are non-GAAP measures that represent net income (loss) excluding net realized gains or losses, net of tax. The most directly comparable financial GAAP measures to net operating income (loss) and net operating income (loss) per share are net income (loss) and net income (loss) per share, respectively.

In addition to these performance objectives, the Company established other operational goals, which included an analysis of the Company's capital strategy so as to improve and maintain appropriate leverage ratios, development of new insurance products, implementation of certain information technology initiatives, consideration of strategic acquisitions and maintenance of the Company's current AM Best Rating of "A-." Further, the entity-wide control objectives included continuance of our enterprise risk management process and risk assessment policy, maintenance of the internal controls over financial reporting and continued compliance with the Sarbanes-Oxley Act of 2002.

In February 2013, the Compensation Committee determined that the Company had achieved certain of its operational goals relating to consideration of acquisitions, implementation of new programs, development and implementation of additional products, the Sarbanes-Oxley Act of 2002, enterprise risk management and IT project implementation. However, the Company did not meet its financial performance targets for return on beginning equity, margin over after-tax book yield, tangible book value, earnings per share net operating income, gross written premium leverage

ratio, combined ratio and net operating income. Since the Company did not meet these targeted financial goals, the Compensation Committee and the Board of Directors determined the annual bonus pool for 2012 would not be funded. Consequently, no annual bonuses were paid to the named executive officers for 2012.

Long -Term Incentive Plan (LTIP)

The Company provides the opportunity for our named executive officers and other executives to earn a long-term incentive award under the LTIP. The LTIP is intended to provide an incentive to management to improve performance of the Company, thereby increasing long-term shareholder value. In 2012, the Company established an annual LTIP program. Participants are not eligible for any award under the 2012 LTIP, until after the end of the performance period, or December 31, 2012. The 2012 LTIP included both a performance and service component. Seventy percent (70%) of a participant's award opportunity was based upon achieving targets for return on beginning equity, margin over after-tax book yield, combined ratio, net operating income, earnings per share net operating income, tangible book value, leverage ratio and maintenance of our AM Best rating, each as described in VI. 2012 Compensation Decisions-Annual Bonus. The remaining thirty percent (30%) was based upon the service of the participant during the performance period. All awards were payable in Company stock. Twenty percent (20%) of a participant's award would vest and be paid by March 1 of the year following the end of the performance period with the remaining eighty percent (80%) vesting over the next four years. Any unvested award is subject to forfeiture if the participant voluntarily terminates without good reason, or is discharged for cause. The award would be issued under the terms and conditions of our 2009 Equity Compensation Plan. The number of shares of common stock was based upon the closing stock price on the date the LTIP was approved by the Compensation Committee and Board of Directors. An executive's target award, which is a percentage of his or her salary, is established at the beginning of the performance period. The Chief Executive Officer and the executive officers payout opportunity was capped at 160% of their respective salaries. All actual awards under the LTIP are reviewed and approved by the Compensation Committee and the Board of Directors before distribution. Each executive's target was established by the Compensation Committee as a part of our competitive market-based study, which was performed by the Company's compensation consultant.

Because the Company did not meet its financial performance targets, the Compensation Committee and the Board of Directors determined the (70%) performance component of the LTIP would not be funded in February 2013. Consequently, only the service component (30%) of the 2012 LTIP was approved by the Compensation Committee and the Board of Directors. Consequently, the Compensation Committee awarded 23,636 shares to Mr. Cubbin; 7,576 shares to Ms. Spaun; 7,576 shares to Mr. Timm; 7,576 shares to Mr. Costello; and 5,909 shares to Mr. Mahoney. Twenty percent (20%) of these shares vested on February 22, 2013 with the remaining eighty percent (80%) scheduled to vest over the next four years, subject to forfeiture rules relating to voluntary termination without good reason or termination for cause. This determination was made by the Compensation Committee and approved by the Board of Directors in February 2013.

The value of the stock awards is based on the closing price (\$9.90) of the Company's common stock on February 23, 2012, the date of the grant. With respect to the performance-based stock awards, the aggregate grant date fair value for these awards equals zero, based on the probable outcome of the performance conditions as of the grant date. For the performance-based equity awards, assuming the highest level of performance is achieved (which would result in the vesting of 160% of shares), the aggregate grant date fair value of the performance-based equity awards would be:

While the Company does not make contributions to participants' accounts under the Excess Plan, it does provide a \$250,000 life insurance benefit to participants who satisfy the eligibility requirements for minimum funding by the participant and continued employment. EMPLOYMENT AGREEMENTS

Executive Employment Agreements – Robert S. Cubbin, Michael G. Costello, Karen M. Spaun and James M. Mahoney

The Company is a party to employment agreements with Messrs. Cubbin, Costello and Mahoney and Ms. Spaun. Under the terms of the agreement, each agreement automatically renews for successive one-year terms unless either the Company or the named executive officer gives notice to the other party of an election not to renew the employment agreement on or before December 31 of each year.

These employment agreements provide for a base salary, along with customary increases, at the sole discretion of the Company. Upon the attainment of certain growth and profitability goals, profit center goals and personal goals and objectives, each agreement provides for a discretionary bonus. Mr. Cubbin's agreement provides for a discretionary bonus targeted at 80% of his base salary and the employment agreements for Mr. Costello, Ms. Spaun and Mr. Mahoney provide for a discretionary bonus targeted at 50% of his or her base salary. Furthermore, each agreement provides for, (1) participation in the Company's LTIP with target LTIP awards equaling 110% of base salary for Mr. Cubbin, 75% of base salary for Mr. Costello and Ms. Spaun and 70% of base salary for Mr. Mahoney, and (2) severance benefits upon termination of employment under the circumstances described below.

In the event the executive's employment is terminated by the Company without cause, or by the executive for good reason, the Company will pay to the executive (a) the executive's base salary for twenty-four months in the case of Messrs. Cubbin and Costello or twelve months in the case of Ms. Spaun and Mr. Mahoney, payable over the Company's regularly scheduled payroll, (b) a pro rata share of the portion of the executive's discretionary bonus that is based on actual Company performance, (c) all unvested stock or LTIP awards, and (d) the executive's COBRA premiums for health care coverage for eighteen months, or, if earlier, the cessation of the executive's and his or her family members' eligibility for COBRA continuation coverage.

In the event the executive's employment is terminated by the Company following a change in control and without cause, or by the executive for good reason, the Company will pay to the executive (a) an amount equal to the target LTIP award for the current performance period, plus a severance multiple of the sum of (i) the executive's annual base salary, plus (ii) the executive's target discretionary bonus, to be paid in a lump sum payment within ten days following the date the executive's employment terminates, (b) a pro rata share of the portion of the executive's discretionary bonus that is based on actual Company performance, and (c) the executive's COBRA premiums for health care coverage for eighteen months, or, if earlier, the cessation of the executive's and his or her family members' eligibility for COBRA continuation coverage. Under the employment agreements, the severance multiple is two for Messrs. Cubbins and Costello and one for Ms. Spaun and Mr. Mahoney. In addition, outstanding stock options and stock awards, if any, will vest and become exercisable by the executive. In the event the executive's employment terminates following a change in control and the executive becomes entitled to the aforementioned payments, the executive has agreed to be subject to restrictive covenants against competing with the Company for a period of two years in the case of Messrs. Cubbin and Costello and one year in the case of Ms. Spaun and Mr. Mahoney. These restrictions are in addition to those already in effect for all Company employees.

In the event Mr. Cubbin's employment is terminated for cause, he is not entitled to any severance payment under the employment agreement and he will forfeit all of the shares of Company stock subject to a pledge agreement with the Company, but the Demand Note he has with the Company will be cancelled and deemed paid in full. (See Certain Relationships and Related Party Transactions). The Demand Note was amended effective June 1, 2001 and deemed a non-recourse loan with the Company's sole remedy in the event of a default being the reclamation of the shares of the Company that were pledged as collateral. The employment agreement also provides that in the event Mr. Cubbin's employment is terminated by the Company without cause or as a result of any purchaser acquiring fifty percent or more of the outstanding shares of the Company, then (a) the Demand Note will be cancelled and deemed paid in full, and (b) Mr. Cubbin will be entitled to retain his shares of Company stock subject to the pledge agreement or, in his discretion, sell the shares back to the Company at the then current market price or book value, whichever is greater. This provision continues in effect the identical provision contained in the amendment to Mr. Cubbin's prior employment agreement with the Company that was adopted on June 15, 2002. In the event the employment of Mr. Costello, Ms. Spaun or Mr. Mahoney is terminated for cause, the executive is not entitled to any severance payment under the employment agreement.

In addition to the aforementioned payments, pursuant to the LTIP, immediately following a termination by the Company and without cause, for good reason, or following change in control of the Company, the executives will receive payment of any cash award previously approved by the Committee under the LTIP for performance periods that have previously ended, but which have not yet been paid. The executives would also be entitled to any pro rata share of any LTIP award for the current performance period based on actual performance.

Within ninety days following the occurrence of any event referenced in the definition of “good reason,” the executive is required to provide written notice of the condition and the Company will have thirty days to remedy the condition giving rise to the good reason termination. If not remediated, the executive shall have six months from the date of the initial existence of the condition to terminate his employment for “good reason.”

THE THIRD PROPOSAL ON WHICH YOU ARE VOTING
ADVISORY VOTE ON THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

Shareholders have an opportunity to cast an advisory vote on compensation of executives as disclosed in this Proxy Statement. This proposal required by Section 14A of the Securities Exchange Act, commonly known as a “Say on Pay” proposal, gives shareholders the opportunity to vote upon the fiscal 2012 executive compensation programs and policies and the compensation paid to the named executive officers.

As discussed in the Compensation Discussion and Analysis section of this Proxy Statement, the primary objective of our compensation program, including our executive compensation program, is to promote, attract and retain a talented pool of management, encourage continued performance and attainment of corporate and personal goals, as well as, further promote our success by aligning the executive officers’ financial interests with long term shareholder value.

This proposal allows our shareholders to express their opinions regarding the decisions of the Compensation Committee on the prior year’s annual compensation to the named executive officers. Your advisory vote will serve as an additional tool to guide the Board of Directors and the Compensation Committee in continuing to improve the alignment of the Company’s executive compensation programs with the interests of the Company and its shareholders, the Company’s risk tolerance and is consistent with our commitment to high standards of corporate governance.

Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to any named executive officer and will not be binding upon or overrule any decisions by the Board of Directors. It will not create nor imply any additional fiduciary duty on the part of the Board of Directors, and it will not restrict or limit the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation. The Compensation Committee will take into account the outcome of the vote when considering future compensation arrangements for our named executive officers.
