## Item 2.02 Results of Operations and Financial Condition

On April 28, 2016, MasterCard Incorporated (“MasterCard”) issued a press release announcing financial results for its first quarter 2016.

A copy of the press release is attached hereto as Exhibit 99.1. All information in the press release is furnished but not filed.

### Non-GAAP Financial Information

In the attached press release, MasterCard presents growth rates on a currency-neutral basis, which is a non-GAAP financial measure. Currency-neutral growth rates are calculated by remeasuring the prior period’s results using the current period’s exchange rates for both the translational and transactional impacts on our operating results. The impact of foreign currency translation represents the effect of translating operating results where the functional currency is different than our U.S. dollar reporting currency. The impact of the transactional foreign currency represents the effect of converting revenue and expenses occurring in a currency other than the functional currency. MasterCard’s management believes the presentation of certain currency-neutral growth rates provides relevant information. MasterCard’s management uses non-GAAP financial measures to, among other things, evaluate its ongoing operations in relation to historical results, for internal planning and forecasting purposes and in the calculation of performance-based compensation. The presentation of non-GAAP financial measures should not be considered in isolation or as a substitute for MasterCard’s related financial results prepared in accordance with GAAP.

## Item 7.01 Regulation FD Disclosure

On April 28, 2016, MasterCard will host a conference call to discuss its first-quarter 2016 financial results. A copy of the presentation to be used during the conference call is attached hereto as Exhibit 99.2. All information in the presentation is furnished but not filed.
