Item 1. Security and Issuer.

Common stock in BROOKS AUTOMATION, INC. (BRKS) 15 Elizabeth Drive, Chelmsford, MA 01824-4111.

Item 2. Identity and Background.

The D3 Family Funds are Washington State limited partnerships, whose principal business is investing in the equities of public micro-cap issuers. The D3 Family Funds consist of: D3 Family Fund, L.P, D3 Family Retirement Fund, L.P, D3 Children's Fund, L.P, D3 Offshore Fund, L.P., D3 Family Bulldog Fund, L.P. Located at 19605 N.E. 8th St., Camas, Washington 98607. No convictions or administrative proceedings as described in 2 (d) and (e).

Item 3. Source and Amount of Funds or Other Consideration

Source of funds is money invested in the partnership by their partners.

Item 4. Purpose of Transaction

Solely as a result of Brooks' recent acquisition of Helix Technology for Brooks' stock, our ownership percentage of Brooks has fallen below the 5% filing threshold. We do want to point out, however, that, since filing our prior 13D we have bought 577,646 more shares of Brooks.

We have made these additional purchases because we continue to believe that Brooks is extremely undervalued using almost any relevant definition of value: relative to the company's long term revenue and earnings growth potential, relative to its strong balance sheet, relative to its leading competitive position in outsourced tool automation systems and service, relative to the increasing penetration of tool outsourcing, and relative to its complete and capable management team.

We attribute the persistence of Brooks' undervaluation to three short term factors, all of which we expect to decline in importance over the coming months. First, some Helix shareholders currently are selling the Brooks shares they received in exchange for their Helix shares. We believe this is happening either because they earned an acceptable return on their Helix investment or because they only invest in companies which pay dividends, which Brooks does not. Second, Brooks' software division recently surprised and disappointed the financial community with weak sales and an operating loss. Corporate management moved quickly to downsize the software division and narrow sharply its strategic focus, which had been overbroad. We expect immediate and substantial improvement in the operating performance of Brooks Software and further expect that it soon will become, as before, an opportunistic source of positive cash for the parent. More

important, though, is that Brooks' acquisition of Helix makes crystal clear that the parent's strategic focus is on outsourced tool automation systems and services. Third, some market pundits have been predicting a poor retail Christmas, projecting from that, weak consumer electronics sales, flagging demand for chips, and diminished appetite for

semiconductor capital equipment. To which we respond, based on our differing assessment of how well consumer electronics seem to be selling: "Bah, Humbug!"

We do have a second reason for amending our 13D, beyond updating our ownership numbers. Immediately before Thanksgiving, we sent a letter to the Chair of the Nominating and Governance Committee of Brooks' Board of Directors, setting forth our views on several matters of corporate governance. Unlike many other activist hedge funds, which seem to enjoy using their letters as rhetorical weapons, we have no plans to take our letter public. Diplomatic negotiations are best conducted diplomatically. Moreover, our relationship with Brooks is anything but adversarial. In fact, we are very pleased with their most recent addition to the board, which we view as extremely responsive to our concerns. Our only reason for disclosing the existence of our letter is that we believe that relevant federal regulations obligate us to do so.

### Item 5. Interest in Securities of the Issuer.

(a,b) D3 Family Funds own and have sole voting and dispositive power over 3,148,802, 4.2% common shares of BRKS.
